Focus Walls Advisory/Engagement Strategies

Misti Woltz, Instructional Coach is working with BHS staff on advisory focus walls and engagement strategies. Working time, collaboration, and practice time for teachers has been provided during extended day and prep meetings. Positive feedback for support for planning and guided practice for planning has been given. Focus Walls help to guide the instruction in the classroom; students are able to go back and see what the objective was and if they understood the lesson.

Staff Wellness

BHS staff and wellness day was led by Mr. Robert Miller, Mr. Kevin Kicking Woman and Dr. Lester Johnson, III. Explanation of the wellness committee, wellness coach and reasoning for the survey was facilitated by Mr. Miller. Three activities came after and boy did the staff enjoy the laughter, mindful and thoughtful feelings and words that came forth. Tears, laughter and hope resonated after our Wellness Day. BHS was extremely grateful for the extended wellness days during Thanksgiving.

Counseling Department and Coaching Staff

The counseling department met with the new Athletic Director to review academic eligibility and to let him know the role they played in assisting with some SEL hardships in the fall. Schedules for try outs were made known and plans for a meeting with coaches was scheduled. A proposed change to the eligibility policy was introduced by the counselors (that was later approved). Coaches were introduced to all counselors through a flyer with contact information and how support could happen throughout the season. Very good talking points came out of the meetings.

BHS/CFHS

Students from BHS and CFHS have been meeting and finally were able to meet in person 1) at BHS and 2) at CFHS. BHS students had an Indian Taco potluck, Stick Game presentation, Core Value collaboration activity and gave the students dry meat. CFHS student treated BHS students to lunch, Plans for the Future (to continue friendships) activity, and Spike Ball and Log Roll presentation. Both groups are trading water on how to continue the positive relationships throughout sports and how to be competitive and friendly simultaneous.

Food Drive

BHS student advisories collected non-perishable food for two weeks for the food drive. The goal was to create 30 food baskets to deliver throughout the community. The Senior Class won \$200 for collecting the most! The following classes received a pizza party: Radium Woolf, Randall Rivas, Brenda Johnston, Johanna Johnson and Jimi Champ. Fran Racine, Jolene Vance, Ranee Bird Rattler, Melanie Heavy Runner, Cubby Little Dog and Mike Comes At Night handed out 30 food boxes to very happy and grateful families.

Battle of the Classes

The senior class hosted Battle of the Classes with some crazy games! Lots of running around the gym and laughter happened! We announced all the winners of the food drive and recognized the seniors who applied and were accepted to various colleges.

Congratulations to all our seniors who applied to college and were accepted, also those who finished their FAFSA paperwork for financial aid.

Fire Fighters

Browning High School has 3 volunteer firefighters who helped with the recent fires in the community: Librarian-Amy Andreas, senior-Joslyn Grinsell and freshman-Christopher Gray. We are extremely proud of these individuals who provide a great service to our community and the surrounding communities.

We encourage you to see and acknowledge the positives we have going on here at BHS!
