

SPECIAL PROGRAMS
COMPENSATORY/ACCELERATED SERVICES

EHBC
(LOCAL)

Students at all grade levels who have been identified as being at risk of dropping out of school as determined by Section 29.081 of Texas Education Code and no more than 10% in addition to those who have been given a locally developed assessment as approved by Cabinet and who were served in the preceding school year shall be provided accelerated and/or compensatory educational services based on needs assessment. The principal shall ensure that each identified student is receiving services.

The services provided each student shall be consistent with the goals and strategies established in the District and campus improvement plans and shall be reviewed for effectiveness at the close of each grading period. Every student will be assessed annually within the timelines provided by the state for at risk identification or upon late entry into the school district. Services shall be provided upon the student meeting the at risk qualifiers as established by the state or approved locally developed assessments. Every student will be evaluated annually for continued at risk services and will be exited if the student no longer meets the eligibility criteria established by Section 29.081 TEC. Parents shall be encouraged to participate in the planning of educational services for their child and shall be kept informed regarding the child's progress toward educational goals.

Parents of students who are not successful in meeting requirements for promotion shall be informed of any available options, such as an extended year program or summer school.
