Date: March 2015
Re: Board Report

The end of February was very exciting for our boys' basketball teams. Both of our teams went in the tournament as the number two seeds. They both played their way into the championship games. They fought hard in both of the games and came up just short, and brought home 2nd place in both the 7th and 8th grade.

We will be starting track season on the 16th of March. Currently we have 51 student athletes signed up to participate. I am very excited for these numbers and hope to see all of them start and finish the 2015 season.
