

School Board Meeting/Workshop:

January 9, 2012

Subject:

Addendum to Agreement Between ISD 877 and the City of Buffalo Relating to the Operation of Northwinds Elementary School Fields

Presenter:

Gary Kawlewski

SUGGESTED SCHOOL BOARD ACTION:

Information only

DESCRIPTION:

The attached proposed agreement with the City of Buffalo is for ongoing joint maintenance and operation of the ball fields at Northwinds Elementary School. The agreement has been in place since 2005 and is simply being renewed. The agreement is for a 5-year period commencing December 1, 2011 and expiring December 31, 2016. The agreement is largely the same as it has been in the past with the following exceptions:

1. Eliminates references to cost sharing for initial purchase
2. Changes the term dates
3. Clarifies costs to be included and shared at 50%/50% between the two entities
4. Adds a clause that larger repair items need to have prior approval from both parties before proceeding (this happened as a matter of practice but was never articulated in the agreement)

The City of Buffalo has already approved the agreement and we are reviewing it with the Board at this meeting and will be asking for formal approval at the January 23, 2012 meeting.
