FIELD TRIPS:

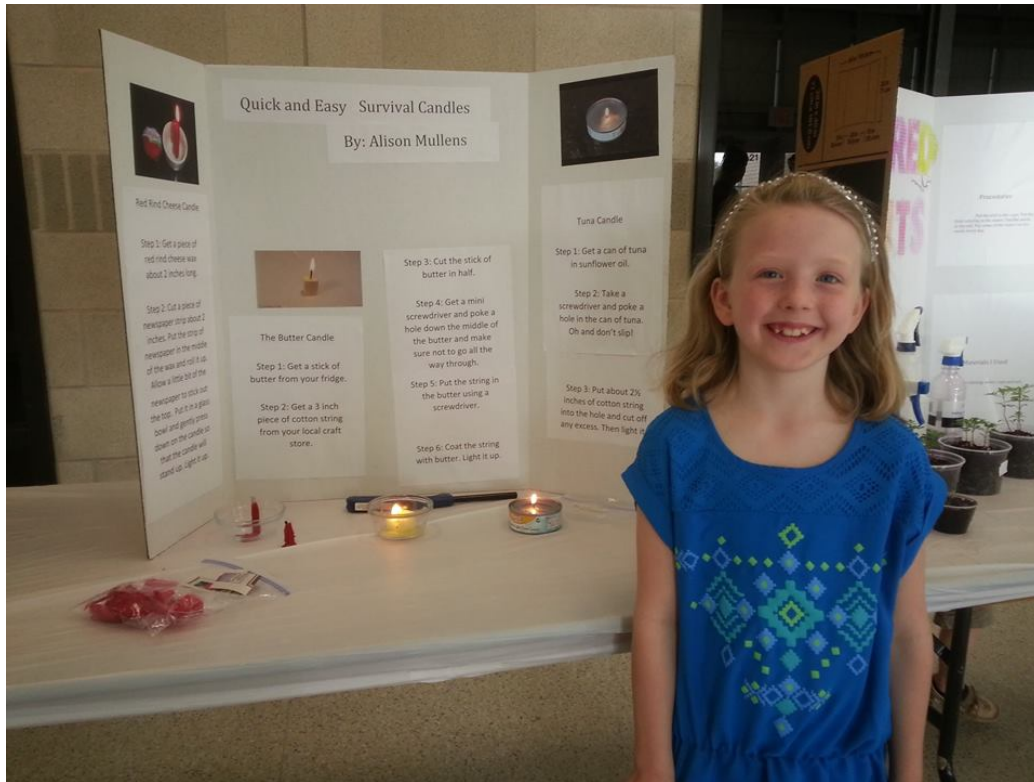

1. No Field Trips to report this month.

PROFESSIONAL DEVELOPMENT:

1. GISD Administrators attended a site visit to Olney Elementary School to see the Voyager “Read Well” program in action. The visit went well and Olney staff members had great things to say about the program. GISD teachers in Kindergarten through Second Grade will visit OES on April 11th and will get to see the program in action. We are incredibly excited about the potential of implementing this reading program.

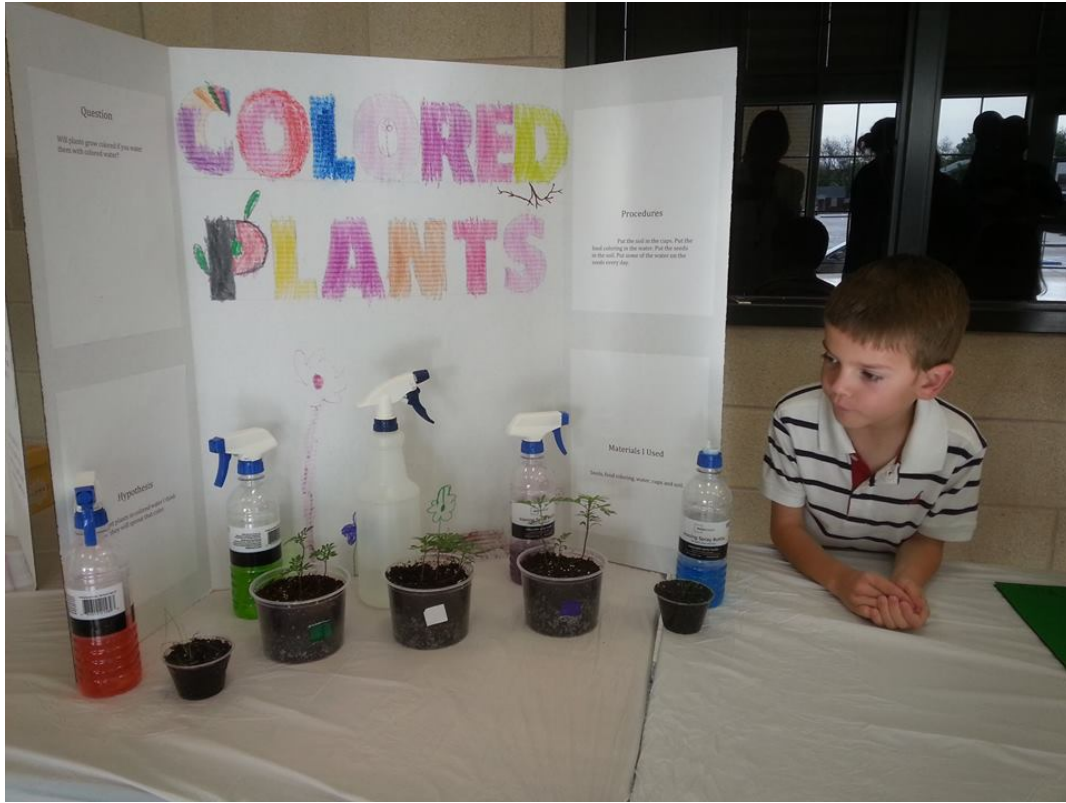

EVENTS

1. Graham ISD hosted a student work showcase on Thursday, April 7th at Graham High School. Students from every campus, in the Gifted and Talented program and multiple other programs, had the opportunity to share and display their work to the public. It was a jam packed event and a huge success! Kudos to Mr. Browning, Curriculum Director, and multiple Crestview Teachers for their assistance. The following Crestview students are among those who created a project and presentation for the public. Way to make Crestview proud!
