

MEMORANDUM

DATE: October 19, 2020

TO: Patrick Miller – Chief of Operations

FROM: Bill VanWagner – Director of Building Programs

SUBJECT: Sanitary Sewer Easement for Brazoria County MUD #56 at
Jackie Doucet Caffey JH #8

The Municipal Utility District (MUD #56) has requested a sanitary sewer easement from AISD in which to locate a sanitary sewer line that will serve the school in addition to other portions of the community. This easement would include a total of 0.1104 acres along the southern border of the site at Meridiana Parkway. Attached for your review is a site plan indicating the approximate location of the proposed easement.

As this easement doesn't adversely affect the District's ability to use or improve the school site, the Building Programs Dept. is requesting that the Alvin ISD Board of Trustees grant the dedication of an easement and authorize AISD Administration to execute the final easement documents.
