April 16, 2024

To: Dr. Sarah Moore, Chairperson of the Arkansas State Board of Education

From: Dr. Lance Campbell, Superintendent of Prairie Grove Schools

Re: Change in District Boundary Lines

Dr. Moore:

The Prairie Grove School District respectfully requests the Arkansas State Board of Education place into consideration the matter of a citizens' petition to the Prairie Grove School Board on August 7, 2023, to adjust the boundary lines of the Lincoln School District and the Prairie Grove School District such that the below-described parcel of land would move from the Lincoln School District to the Prairie Grove School District:

Adjusting certain lands lying in Section 1, Township 14 North, Range 32 West, and Section 2, Township 14 North, Range 32 West, being more particularly described as follows; the Southwest $\frac{1}{4}$ of the Northwest $\frac{1}{4}$ of Section 1, and the Northwest $\frac{1}{4}$ of the of the Southwest $\frac{1}{4}$ of Section 1; and all of the Northeast $\frac{1}{4}$ of Section 2, and the Northwest $\frac{1}{4}$ of the Southeast $\frac{1}{4}$ of the said Section 2. Most of these residences are located along what is known as Kelly Mountain Road (Washington County Road 18) in Washington County, Arkansas.

The matter was brought before the Prairie Grove School Board's regular meeting on August 15, 2023. After researching the matter, the Prairie Grove School District held a public meeting at the Prairie Grove School Boardroom on March 12, 2024, to allow public comment on the proposal. During this meeting, five residents of the area listed above spoke in favor of the proposal, stating they had 29 signatures from residents in favor of the change, while no one spoke against it.

To summarize, the main reason these parents requested this change was the comparable distance that their children have to travel to their respective schools in the Lincoln District compared to the Prairie Grove District. One parent stated that their child would have to travel 19.6 miles from their residence to their school in the Lincoln District, while their child's school in the Prairie Grove District is just four miles away. These distances must be covered again so their children can return home at the end of the school day.

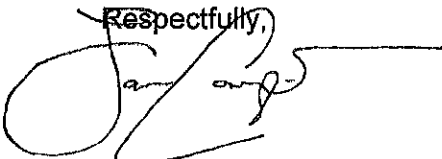

Many of these parents have had children in the past and present who use school choice to allow their children to attend Prairie Grove Schools. However, as you know, that transfer does not include transportation.

If this adjustment is approved, it will impact an area of roughly 200 acres, which currently includes approximately 17 residences. The residents of this area have done some research and have estimated that the amount of property taxes paid in this area equated to approximately \$10,000 to \$15,000.

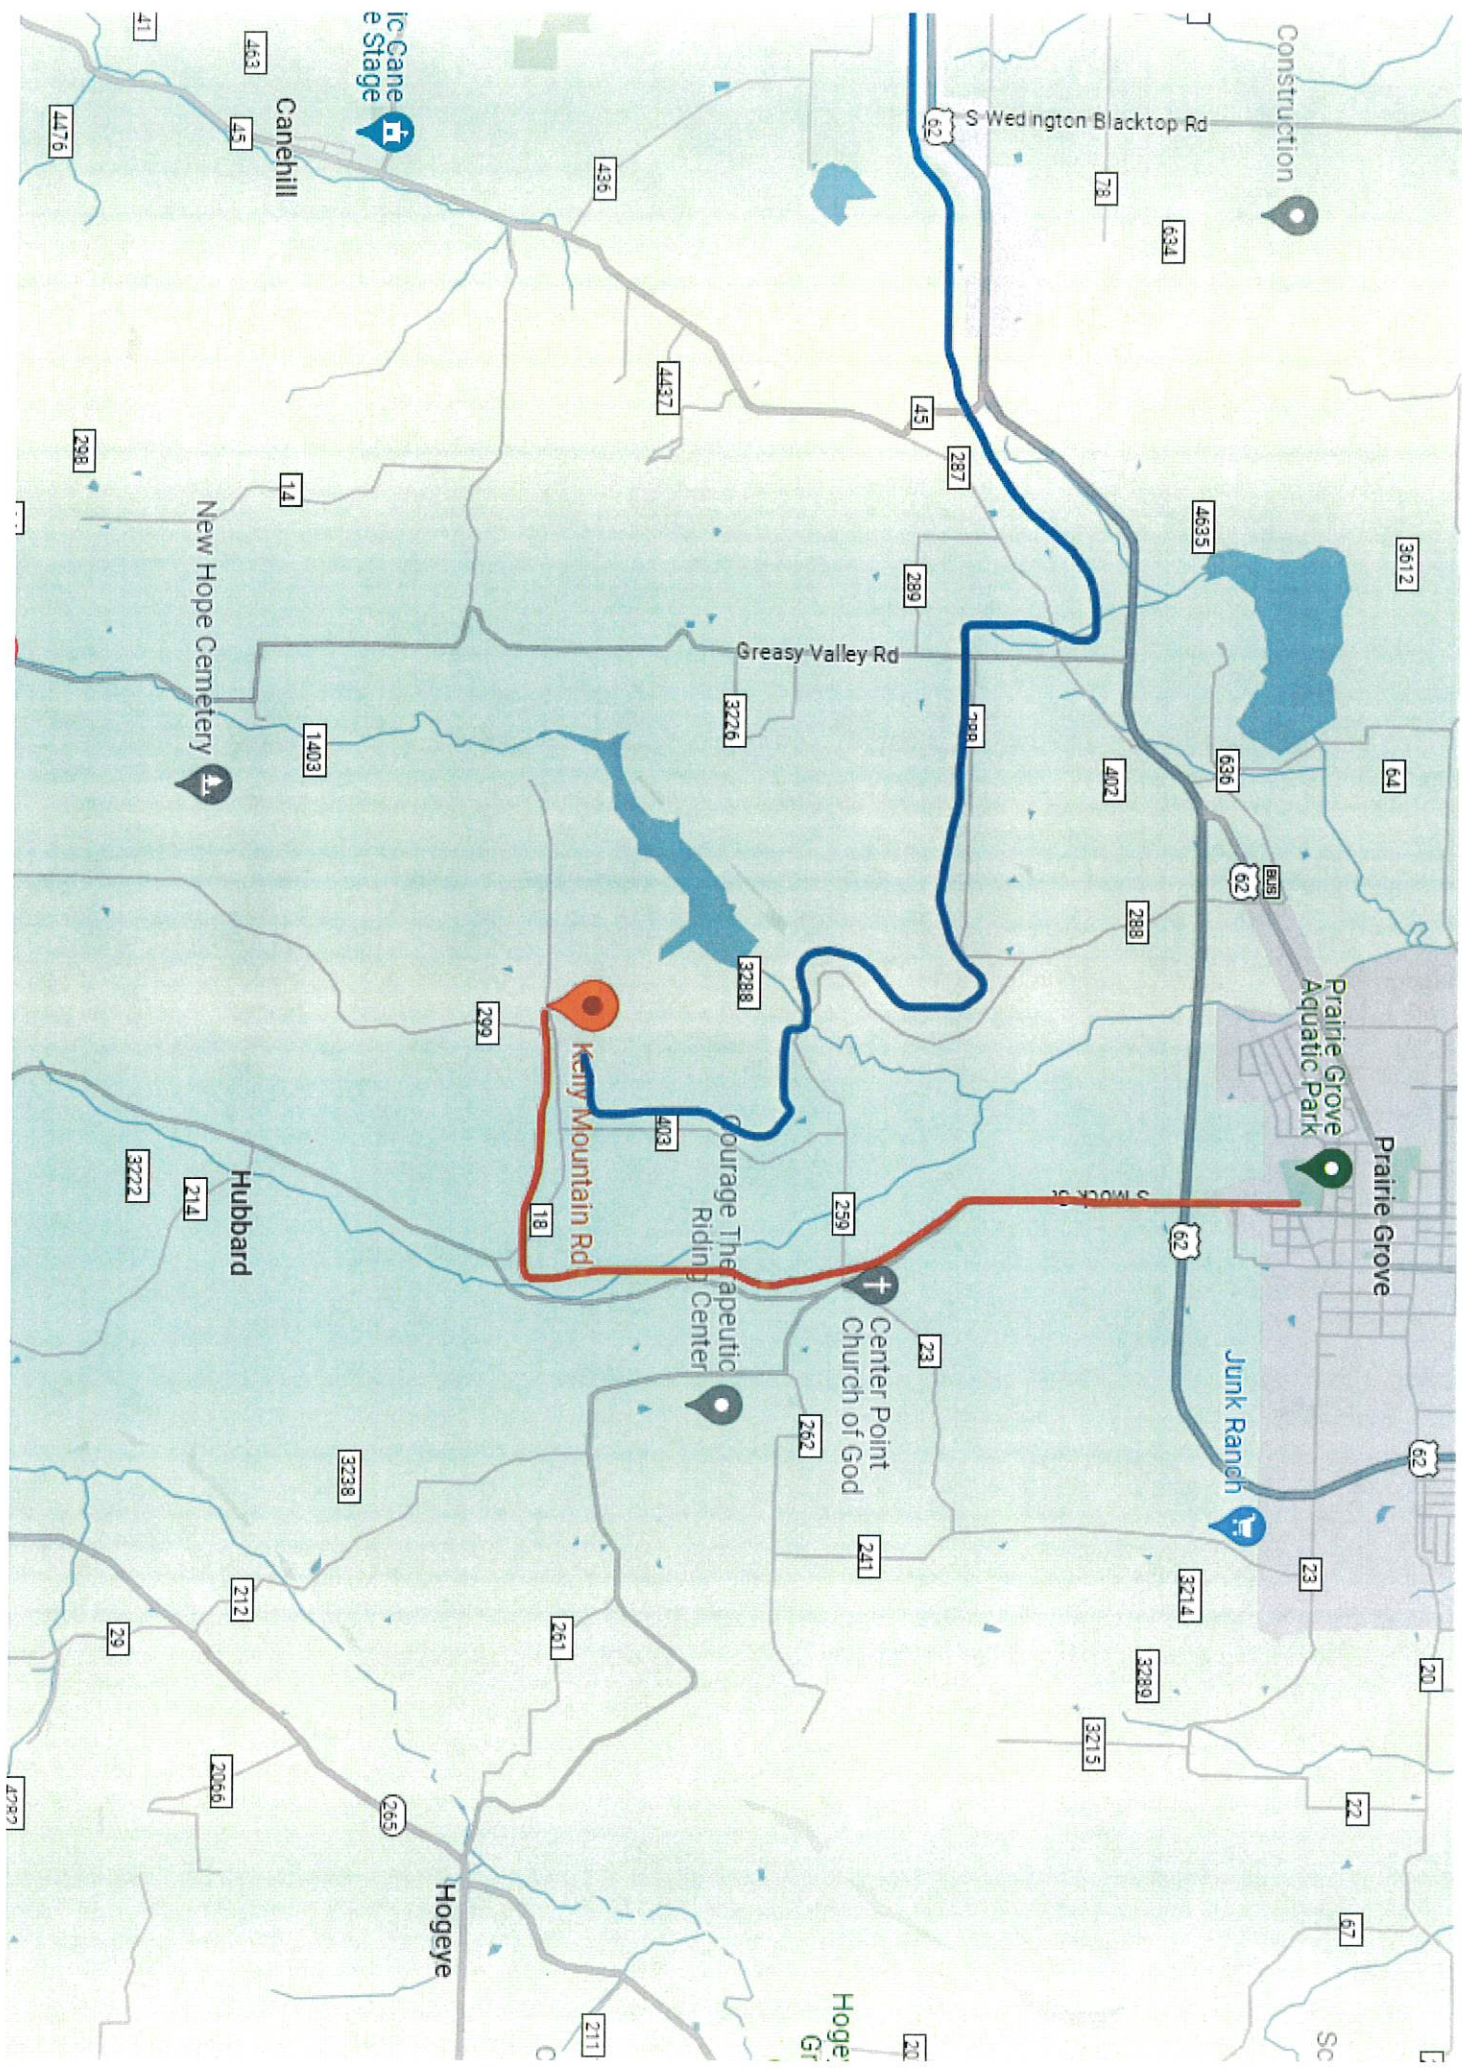

I have enclosed two maps to assist you in understanding the situation. One map from the Washington County website shows a geographic image of the area, with the area shaded in green identifying the Lincoln School District and shaded in purple the Prairie Grove District. I have circled the addresses that this adjustment would impact. Another map is from Google Maps and gives an idea of the routes buses must take to get from these residences to the respective schools in either Lincoln or Prairie Grove.

Finally, I have also enclosed a copy of the letter a resident of this area sent to the Prairie Grove School Board requesting that our school board consider this adjustment, a copy of the petition signed by residents in this area, our school board minutes, a copy of the announcement we posted in our local newspaper for the public meeting, and three maps to hopefully bring context to this matter.

Respectfully,

A handwritten signature in black ink, appearing to read "Lance Campbell", with a horizontal line extending to the right from the end of the signature.

Re: The Need to Update School District Boundaries

Dear Mr. Campbell,

I'd like to bring your attention to a need for a more updated rezoning of our Prairie Grove School District. And for clarity, I am talking about the whole school district, not the recently approved district zones.

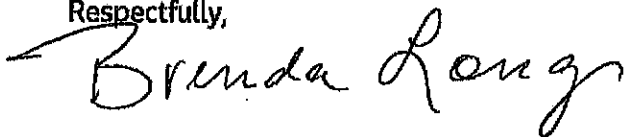

Also, I'd like to thank you, J.C. Dobbs, for our phone call today and your short meeting with my neighbor, Kimberly (Kim) Kilpatrick who also have some small school-aged children.

My fellow neighbors and I live on the dead-end portion of Kelly Mountain Rd., Prairie Grove. Several homes here have small children that should rightfully rightfully attend Prairie Grove Schools without having to petition the School Choice process. Currently, our homes are in the Lincoln AR School District which would cause undue stress and wasted time to parents who would have to drive to and from Lincoln for their children to attend school. There would be additional difficulty if the children were bussed to and from Lincoln.

The zoned district(s) for both Prairie Grove and Lincoln were created many years ago and are due a much-needed checkup aligning closer with our population growth, and geography, and the proximity of many homes. This is a real need.

Please engage with us on this topic, we'd like to address this with the school board, and look forward to speaking with you about it. We're investigating what the formal process is for this work and intend to follow that documented effort as well.

Respectfully,

Brenda Long
15747 Kelly Mountain Rd.
Prairie Grove, AR 72753
479-236-6307

August, 2023

To Whom it May Concern:

We present this petition to you in an effort towards the immediate need of updating and rezoning the Prairie Grove School District (Arkansas). And for clarity, the whole school district, not the recently approved district zones.

The group of signature neighbors below are part of the neighborhood lying on the dead-end portion of Kelly Mountain Rd., Prairie Grove. Several homes here have children that should rightfully attend Prairie Grove Schools without having to petition the School Choice process. Currently, our homes are in the Lincoln AR School District which cause undue stress and wasted time to parents who would have to drive to and from Lincoln for their children to attend school. There would be additional difficulty if the children were bussed to and from Lincoln.

The zoned district(s) for both Prairie Grove and Lincoln were created many years ago and are due a much-needed checkup aligning closer with our population growth, and geography, and the proximity of many homes. This is a real need. It is quite possible there are more areas that need to be annexed into new boundaries made for inclusion to Prairie Grove.

Please engage with us on this topic and investigate, produce, and implement formally the needed rezoning of the Prairie Grove School District to include our addresses.
