

Sandy DeLoe Nominated by Garibaldi Grade School as the April Volunteer of the Month

Sandy DeLoe, known to many as “Gramma Sandy” is a more than dedicated volunteer who is always willing to help at a moment’s notice! Sandy has been helping out at Garibaldi Grade School for numerous years, first as a parent and now a grandma. Gramma Sandy helps out wherever she is needed. Often times you see her helping out with the kindergarteners either in class or downstairs in the cafeteria. She reads with kids that may need a little extra support and is always willing to come in to help out with the always fun “head checks”. Gramma Sandy is always willing to come in if we need her and all we have to do is call. She helps support our numerous fundraisers, helps give a little “extra love” to those who need it and always has a smile on her face.

Another staff member wanted to add: Gramma Sandy is an amazing lady. She has a huge capacity of love and understanding for all of our students and their families. The more needy/issues a student has, the greater her capacity of love and understanding grows. She is so kind and accepting, but also has expectations for students. She makes sure that they know she cares about them and that care means they have to make safe, respectful, and responsible choices. She is always there to provide a hand to hold and hug when needed. She truly is a role model volunteer.
