

**CONSIDERATION OF APPROVAL OF SUBMISSION OF WAIVER FOR
APPRAISALS OF PROFESSIONAL EDUCATORS**

Action Item:

This agenda item allows the Board to approve the submission of a waiver related to the guidelines normally associated with professional appraisals. Due to school being closed, our normal appraisal processes have been interrupted which causes many of our planned appraisals to be impossible to complete. The superintendent will submit this waiver as soon as possible, as TEA has asked for these waivers to be turned in right away. As far as I know, every district across the state is submitting this waiver.

Recommendation:

I recommend the Board approve submission of necessary documents in order to ask TEA to waive the district's obligations associated with professional employees' appraisals during the school closure of the spring semester (2020).
