

PROPOSAL

Hydaburg City School District
Speech and Language Program
Sarah Charles, MA-SLP

Scope of Work

- Testing for Speech and Language Impairments in conjunction with Special Education referral procedures
- Development of therapy plans for qualifying students
- Training of service providers in speech and language therapy methods
- Supervision of therapeutic interventions related to communication disorders
- Participation in Individual Education Planning meetings
- Maintenance of diagnostic and therapeutic paperwork including progress notes
- School-wide and early childhood screenings related to speech, language, and hearing
- Professional development of teacher aides (paraprofessionals)

Frequency

SLP testing and screening on an as-requested basis

SLP supervision for treatment of up to 32 students and three service providers

Two afternoons during school year as needed

Paraprofessional training at start of school for 2 inservice days

Paraprofessional training check-in quarterly in group or individual meetings

Certification

I have held certificates in Speech, Language, and Hearing in the states of New Mexico and Hawaii. Alaska SLP certification is in process, awaiting documents from my certifying university.

Additional certificates held include

- Secondary Education in English and Art
- Teacher Expectations Student Achievement (TESA - teacher development program)
- Graphic Design and Technology

Further certification through the American Speech-Language and Hearing Association (ASHA) is available, although not required, through the additional expenses of continuing education, conferences, and fees. This is optional.

Cost

\$14,000 for School Year 2017-2018

Testing documents and materials, as needed (less than \$2000 initial costs)

Thank you for considering this proposal. I look forward to hearing your decision.
