To the Southeast Island School District Board of Education:

As we embark on another fiscal year, it is with great anticipation and responsibility that we present to you our comprehensive budget narrative. This document serves as a roadmap, guiding our organization through the financial landscape ahead. Within these pages, we encapsulate our strategic vision, aligning resources with priorities to ensure sustainable growth and impactful outcomes.

In crafting this budget narrative, we have meticulously analyzed past performance, evaluated current challenges and opportunities, and projected future trends. Our aim is to provide transparency, clarity, and accountability in our financial planning process, fostering trust and confidence among stakeholders.

As stewards of our organization's resources, we recognize the importance of prudent fiscal management. Every dollar allocated carries with it the weight of our mission and the aspirations of those we serve. Therefore, our budget reflects not only fiscal discipline but also a commitment to innovation, efficiency, and effectiveness in delivering on our mission.

Throughout this narrative, you will find detailed explanations of our revenue sources, expenditure projections, and strategic investments. We have endeavored to strike a balance between meeting immediate needs and investing in long-term sustainability, mindful of both short-term challenges and future opportunities.

Moreover, this budget narrative is not a static document but a dynamic tool for continuous improvement. We invite your feedback, insights, and guidance as we navigate the financial landscape together, adapting to changing circumstances and seizing emerging possibilities.

Organizational Component

The Southeast Island School District was established by the State of Alaska Legislature in 1976. The District has 7 attendance centers plus a district-wide correspondence program and operates under the oversight management and control of a locally elected five-member School Board each with 3-year staggered terms. The School Board, pursuant to Alaska Statute Title 29.43.030, has the responsibility of establishing, maintaining, and operating a system of public schools for any community within its boundaries that is not provided for by any other public school district.

Budget Process

Board Policy 3100 states, "The School Board shall establish and maintain a balanced budget. The Board shall adopt an annual budget which is compatible with district goals and objectives.

The District budget shall be prepared annually from the best possible estimates of revenues and expenditures. The Superintendent or designee shall determine the manner in which the budget shall be prepared and shall schedule the budget adoption process in accordance with legal time requirements. A public hearing shall be held prior to the adoption of the budget or a revised budget."

The District's budget timeline is below:

GENERAL FUND REVENUES AND EXPENDITURES

Below are the assumptions used to develop the budget.

REVENUE BUDGET

We have developed this budget based on assumptions about legislative funding for FY 2026. This budget assumes that the base student allocation (BSA) will increase \$700 bringing it to \$6,660.00. We have budgeted for the legislative HB57 that provides for the BSA increase resulting in an additional \$930,705 to the Southeast Island School District based on our projected enrollment.

In the State of Alaska, the number of students enrolled in a district during the 20-day count period is the basis for computing the Average Daily Membership (ADM) that is used to calculate the amount of state funding (Foundation – Entitlement) provided to each district.

Revenue projection of \$6,667,364

- Enrollment is projected District wide at 136, plus 60 Correspondence students
- Current Area Cost Differential (1.403) as included in the foundation calculation
- > BSA \$6,660 \$700 more than the current year
- ➤ Intensive funding remains 13 times the BSA budgeted for 13 Intensive Districtwide, this is a decrease of 3 from the current year
- > Timber Receipts have been budgeted for FY 2026
- Pupil Transportation is budgeted at a small increase Per HB 67
- Food Services revenues are budgeted at status quo
- TRS On behalf is 18.77% and PERS On behalf is 6.33% (these net to zero revenues equal expenses for On Behalf)
- > Port Protection, Hyder, and Edna Bay are all closed no revenue generated
- > Transfer from Fund Balance of \$16,862

EXPENDITURE BUDGET

Expenditure projection of \$6,667,364

Below are the expenditure highlights and other considerations for FY 2026. This expenditures budget includes:

- > Step increase for returning classified positions (if applicable)
- > Step increase (if applicable) for returning certificated positions
- Updated salaries for new personnel per signed contracts
- Updated Health Insurance no increase
- ➤ Liability & Property Insurance 3% increase
- Port Protection, Hyder & Edna Bay schools closed \$40K in expenses budgeted for ongoing maintenance
- > TRS On behalf is 18.77% and PERS On behalf is 6.33% (these net to zero revenues equal expenses for On Behalf). Other employer paid benefits remain status quo.
- > 1.0 FTE Greenhouse Manager position
- > \$50,000 in transfers for CIP for any large item that becomes an expense
- \$15,000 in transfers for special revenue funds for required matching/cash funds to Grants

Major Maintenance

As an REAA the district is required to provide for the maintenance of all their facilities. The District has written and continues to write many State CAPSIS (Capital Project backup system), Homeland Security, Dept. of Justice (COPS), AHFC, and AEA grants to leverage our general fund dollars and assist these projects completion. A short list below shows the current needs of the District in this area and their approximate cost.
