- I am honored to announce my recent election as Treasurer for the Illinois Heartland Library System (IHLS). This expanded leadership position builds on my existing role as a school library representative trustee and allows me to champion the interests of school libraries across southern and east-central Illinois.

As Treasurer, I will continue to advocate for the advancement of our school libraries and the students they serve. My goal is to ensure that all 239 member school libraries, including our own at Community Unit 196, have the resources needed to provide equal access to high-quality educational materials and online reference tools. I am grateful for the ongoing support of Community Unit 196, which has been instrumental in strengthening our district's presence and influence within IHLS.

- IHLS covers 28,368 square miles and serves a population of 2,160,469.
- There are 520 member libraries: 28 Academic, 227 Public, 239 School, and 26 Special.
