Featuring Ted Talks....Inspiring Communication

Students are able to access grade level content while practicing language in each of the domains (Reading, Writing, Listening and Speaking).

AUTHENTIC LISTENING SKILLS

Understanding accents

When you travel abroad or listen to people on TV and the internet, you will hear foreign and regional accents in English. It's helpful to practice listening to different accents so you can enjoy listening to people from all over the world.

- 1 Listen to the beginning of the TED Talk, at first said by a native English speaker and then by Daniele Querda, a native Italian speaker. Compare the pronunciation of the underlined sounds. **4 1 2**

"I have a confession to make. As a scientist and engineer, I've focused on efficiency for many years."

- 2 How do you say the underlined words? Listen to the sentences to check. Then repeat the sentences. **2 1 3**

- 1 I lived in Boston and worked in Cambridge.
- 2 I teamed up with Luca and Rossano.
- 3 They also recalled how some paths smelled and sounded.

WATCH

Each lesson is given at the student's language proficiency level while pushing the student to achieve their next level of comprehension.

CHALLENGE

Work in pairs. Daniele asks, "What if we had a mapping tool that would return the most enjoyable routes based... on smell, sound, and memories?"

Think of places near where you live that:

- have an interesting smell.
- make you think of an interesting sound.
- remind you of a memory.

Tell your partner about them.
