

Glendale & Big Sky Colony Schools

October Board Report

Submitted by: Rebecca Rappold, Principal

Big Sky & Glendale Schools are off to a great start! We are working to complete Fall Aimsweb Benchmarking Assessments, district writing assessment data, and implementing a new Eureka math curriculum at Big Sky. We have utilized the Title IA funds to support additional reading materials for the both schools that will enhance their classroom libraries. SEL materials were also purchased for the school counselor visits.

30	31 Quarter 1 Ends	Important Reminders				

Student Attendance:

Big Sky-98.72%

Glendale-95.17%

Staff Attendance:

August-100%

September-90%

Strengths:

Both Big Sky and Glendale are fully staffed with classroom teachers this year. The students have developed a consistent classroom routine at this point in the year, and we are off to a good start!

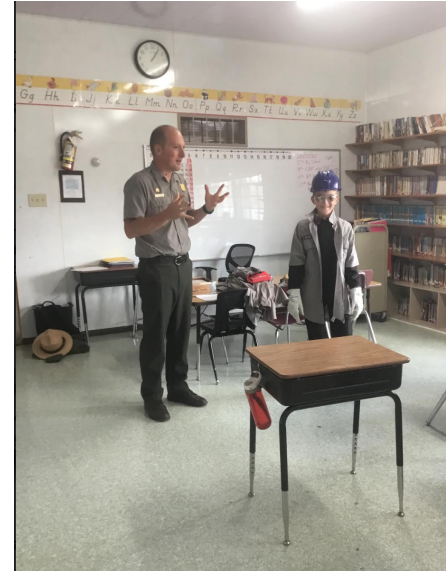

Concerns/Needs:

We are in need of an instructional paraprofessional (TA) to support our students at the Glendale School.

GLENDALE COLONY SCHOOL

Submitted by: Cindy Show

In the month of September the students enjoyed the first visits from the GNP rangers, our new librarian (Ms. Shawnee Skunkcap), and counselor (Mrs. Nikki Hanson). They all had wonderful activities for the students to participate in. We are anxiously looking forward to this month's visits. All Aimsweb testing is complete. The students will be participating in the fall writing assessment this week. Best wishes from all of us at Glendale Elementary.

Glacier Park Rangers will be visiting the Big Sky and Glendale Colony Schools once a month throughout the school year!

BIG SKY COLONY SCHOOL

Submitted by: Ellen Christoferson

What a busy month we have had! We had a 94.7% attendance rate! We also had a ranger visit. They spoke about all the different park jobs and had the students dress up in the uniforms that are worn. We also put together a map of Glacier National Park and

learned about the rivers and where the rivers flow. The students were very excited to participate and learn.

Our counselor, Nikkie Hannon came and had a wonderful lesson on voice levels. She brought games and worked with the children on following directions and cooperation.

Mr. Omsberg paid us a visit. He told us all about the county superintendent job. He also brought doughnuts. His visits are always a high spot. We also made gallon guy “scarecrows” to familiarize our students with liquid measurements. Finally, we also had a directed drawing project to work toward our goal of teaching our students to follow directions.
