Hello,

I am writing to request a copy of the September 2023 fee proposal sent to Ms. McPartlin, by Arcon Associates, outlining Arcon's fee proposal to provide services required to perform the schematic design for the proposed addition and renovation improvements at Eisenhower Elementary School. I am seeking a copy of both the one as originally sent by Arcon in addition to an executed copy.

Additionally, I would like to request copies of any bids, proposals or contracts, from Jan. 2023 until present day, that Arcon has provided the district, or has been awarded by the district, as related to any and all work as related to the current bond referendum.

I would appreciate electronic copies of these documents.

Thank you kindly,
Kirsten Kozak
