**SUGGESTED SCHOOL BOARD ACTION:**

Recommend Board approval of the Volunteer Criminal History Background Checks to be used K-12. This will be put into effect during the 2009-2010 school year.

**DESCRIPTION:**

K-12 principals met several times to discuss putting into practice Volunteer Criminal History Background Checks for volunteers who supervise students or are responsible for them. Attached is a narrative describing the process as well as a form that would be required of all potential volunteers who work with students. The narrative would be added to Parent Handbooks on line with a link to the required form.
