He continues to refurbish the picnic tables. He presented a list of his proposed special events to be held in the park for the 2026 season.

New Business:

A) Spark Grant Update - The topsoil placed in the campground will be seeded as soon as the weather permits. The trail gates will be set prior to the opening of the park. Manager and committee will install the trail signs as soon as they arrive, hopefully before the park opens. A sketch of the proposed fishing platform has been sent to the project engineer for review. The surveying work needed for the campground mapping and the site for the fishing platform will be completed as soon as the weather permits.

B) Youth and Recreation Grant Application for a merry-go-round for the campground playground. The application has been completed and will be submitted as soon as it is approved by the full parks committee.
