

# Franklin Elementary

103 Country Club Road Hillsboro, TX 76645

## February 2019 Board Report

### Curriculum and Campus Updates

February is going to be an exciting month at Franklin! We will learn about dental health and hygiene and enjoy a visit from the dentist! Next, we will spend two weeks learning about dinosaurs and sharing our ideas of what might have happened to them. Finally, we will end the month with a unit on pets and talk about what living things need to be happy and healthy in their environments. We will turn our focus from naming letters to producing letter sounds. Our new letter sounds will include: Ff, Nn, Cc, Hh, Yy, Bb, Tt, and Jj. We will begin to blend two and three phoneme words and we will continue to expand our vocabulary through interactive read-alouds. In math, we will focus on addition and subtraction stories and number identification.

### Professional Development

Learning never ceases at Franklin Elementary. This month Becky Montgomery will share restorative practices with us, and new teachers will participate in a district collaboration. Sarah Sides will facilitate our Developing Talkers and visual impairments professional learning communities.
