Rationale for Waiver

Miner Academy has had ACA 6-15-1004 since its inception in 2013, as well as during the renewal process of 2017. This statute has always allowed us to utilize a licensed teacher out of their content area for electives at the charter, so 4D1 was not included as a standard waiver. With the new SFA system, we are getting errors because 4D1 is not listed as one of our waivers. We have gone back and reviewed our initial charter application and this was listed for the express purpose of allowing teachers to teach electives out of area, which they have been doing since 2013.
