

# Superintendent Report

1. Bleachers are in for the baseball and softball field. These bleachers are replacing the old grandstand bleachers. They were ordered based on the goal of having a safe environment for the community
2. Mrs. Crow is setting up a program for the community and staff that will address recognizing changes in our children and their friends' behavior. I feel that the best way to increase safety at our schools is to train the staff and parents on signs to look for in our students. This should also reduce discipline problems.
3. We have one quote to replace the roof on the administration building. If no one else gives us one by the end of next week, we will go with this one for approximately \$15,500.
4. The bus has been ordered and hopefully will be here before the end of the school year.
5. The section of the baseball fence that had the graffiti painted on it two years ago will be repainted this past week.
