

RELATED TO THE IMPLEMENTATION OF THE LASO GRANT

Report:

Jefferson ISD has received a Learning Acceleration Support Opportunities (LASO) grant for \$200,000 to continue supports regarding implementation of instructional materials. Districts are required to use 50% of the total grant to pay an approved technical support provider to assist the LEA with K-5 Math Implementation Support. Region VIII was selected. The proximity of their location will allow them to provide face to face support 90% of the time. The contract amount is \$100,000. The contract has been included in your packet. Dr. Lynn Phillips will be in attendance to answer any questions.
