

Meeting Date: June 9, 2026

Agenda Topic: Construction Report

Type of Item: Report

Guiding Outcome: Responsible Fiscal Stewardship

Summary: This report provides an update on current construction projects, including scheduling, progress, and funding. It also serves as an opportunity to address any questions from the Board regarding project time lines, safety measures, and budget adherence.

Background Information/  
Previous Board Action: Construction projects are being executed to improve district facilities, ensuring they meet safety standards, operational needs, and regulatory requirements. The focus remains on delivering high-quality environments for students and staff while adhering to approved budgets and time lines.

Potential Operational Impact: Enhanced safety and functionality of facilities. Temporary disruptions in certain areas due to construction activities. Improved efficiency and learning environments upon completion.

Potential Financial Impact: Projects are expected to remain within approved budget allocations. Delays or scope changes could increase costs. Long-term savings anticipated through energy-efficient systems and reduced maintenance needs.

Recommendation (Consent or New Business Only):

Division: Operations

Department: Construction

Staff Member(s) Responsible: Brandon Boyter
