

Fuel Options Built For Your Needs

Join one of the largest fuel programs in Texas

TASB Energy Cooperative has awarded several of the largest fuel providers in the country and offers its members:

- **Confidence:** Members purchase more than 10 million gallons each year.
- **Protection:** Lock in one price no matter what the market does.
- **Flexibility:** Personalize based on your specific needs.

Cooperative members have three purchasing options for unleaded gasoline and diesel:

1

Spot Purchases

2

Fixed-Rate Contracts

3

A Combination of Both

Colonial Oil Industries, Inc.
A Subsidiary of Colonial Group, Inc.

Top 4 Benefits of the Fuel Program

The TASB Energy Cooperative was created in 2008 to simplify the energy procurement process for Texas school districts, local governments, and public colleges and universities, lessening the burden of government.

Membership is free with no obligation to purchase.

1

Budget Certainty

Lock in rates for extended contract terms, adding predictability to your energy budget.

2

Protection from Market Volatility

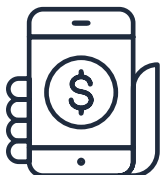

While the market fluctuates, your rate stays the same over the term of your contract.

3

Multiple Providers to Choose From

Gain choice and competitive pricing from multiple unleaded gasoline and diesel providers.

4

Fixed Pricing is Actually Fixed

Pay the same price over the length of your contract, instead of the same coefficient +/- over the market price.
