

Nippersink District 2 Board of Education

The mission of Nippersink District 2 is to foster academic growth, instill integrity, confidence, and civic responsibility while preparing all students for an ever-changing global society.

Building, Grounds, and Infrastructure

NMS has had a new sound system installed in the gymnasium. New speakers, microphones, and wireless headsets are included. PE teachers use the system regularly with their classes. The new system will also help immensely with our music concerts and the school play.

The back entry doors have been painted to match the new roof that has been installed. We are continuing to work with different companies to improve the entry points of the building.

Four new round lunch tables have been added to the commons as we begin the process of phasing out our broken down lunch tables.

School Celebrations

NMS has had a good turnout for our 2025 fall sports. We currently have 25 students out for Cross Country, 14 for 7th grade volleyball, and 16 for 8th grade volleyball.

NMS has seen a significant decline in discipline referrals for the first month of school over the last three years. In 2023 there were 111 referrals written the first month of school. This year through the first month we have had 24 discipline referrals written.

Upcoming Dates
