**Re: Approval of Hellas Construction, Inc. for Turf Replacement and Track Resurfacing at Buddy Echols Field**

---

The 2023 Bond election includes the replacement of the artificial turf at Buddy Echols Field along with the resurfacing of the running track.

Our civil engineer, Glenn Engineering, worked closely with CISD staff, Kit Pehl, and his department to create specifications and architectural plans that meet the needs of the district. Upon completion of the specifications and plans, we placed the specifications out for formal bid utilizing the Competitive Sealed Proposal (CSP) purchasing method. This procurement method is in accordance with Texas Education Code §44.031.

We received three proposals from three very qualified vendors including, FieldTurf USA, Inc., Hellas Construction, Inc., and Paragon Sports Constructors. The proposal from Hellas Construction, Inc. provided the bid that is the overall best value for Coppell ISD. Additionally, the Hellas quote is the least overall cost at a total of \$1,662,680 when compared to the other two quotes.

Hellas has completed several turf and track projects over the last twenty (20) years with Coppell ISD. Their installation, service, and warranty work have always been very timely and excellent. If approved, the work will begin on or about May 25, 2024, and be completed on or before July 29, 2024.

**RECOMMENDATION: That the Coppell ISD Board of Trustees approve the proposal from Hellas Construction, Inc. for the replacement of the artificial turf and resurfacing of the running track at Buddy Echols Field for a total cost not to exceed \$1,662,680.**
