PUBLIC COMMENT

Public comment cards are available and accepted on-site for one hour prior to the start of the meeting. Comment cards are not transferable to other speakers. All comments related to non-agenda items will be heard at the end of the Board Meeting. Comments addressing agenda items will be heard at the beginning of the meeting, in order of the corresponding agenda item, for the allotted thirty minutes or until all agenda-related comments have been heard. Speakers who submit public comment cards may have up to three minutes to address the Board. No presentation shall exceed three minutes, unless a translator is required, in which case up to six minutes can be used. The Board encourages but does not require delegations of more than five individuals to appoint one person to present the delegation's views before the Board.

CONSIDERATION OF CONSENT AGENDA

The purpose of the consent agenda is to allow the Board to identify and approve action items which require no additional information or discussion and for which there is unanimous approval to be enacted in one motion. Trustees receive agenda materials four days in advance of the meeting to prepare for the business to be conducted.

SUBJECT

Consideration of Approval of a Contract Modification to the Interlocal Jail Services Agreement with Collin County

RECOMMENDATION

The District President recommends approval of the proposed interlocal agreement with Collin County on behalf of the Collin County Detention Facility for the Collin College Police Department.

RATIONALE

Collin County operates the Collin County Detention Facility for persons accused or convicted of violating state law. The county detention facility is also available to law enforcement agencies in the county that do not have detention facilities within their jurisdiction.

The Collin College Police Department employs commissioned police officers who have arrest powers equal to municipal officers in surrounding cities. On occasion, Collin College Police Officers may effect arrests that necessitate detainees, who are considered to be a danger to themselves or others, be held in a secure facility. The adoption of the interlocal jail services agreement will allow Collin College Police Officers to place such detainees in the county jail.

The contract modification to the interlocal agreement is for the period of October 1, 2022 through September 30, 2023. The current interlocal agreement expires on September 30, 2022.

- Public ~~information coordinator~~**Information Coordinator**, as prescribed by Government Code 552.012. [See BBD]

**Local Government
Records Act**

Local Government
Record

Records
Management
Officer

The term “local government record” will pertain to all items identified as such by the Local Government Records Act.

The District Registrar or Manager of Records Systems will serve as and perform the duties of the College District’s records management officer, as prescribed by Local Government Code 203.023, and will administer the College District’s records management program pertaining to local government records in compliance with the Local Government Records Act.

Notification

The records management officer will file ~~the officer’s~~**his or her** name with the Texas State Library and Archives Commission (TSLAC) within 30 days of assuming the position.

Electronic Records

The records management officer will develop procedures for the management of electronic records that comply with the College District’s records control schedules and meet the minimum components required by law.

The procedures will:

1. Specify the objectives of the electronic records management program;
2. Identify the responsibilities of employees who create, receive, or maintain electronic records;
3. Ensure the maintenance of electronic records until the expiration of the applicable retention period and final disposition; and
4. Ensure that electronic records that must be protected from unauthorized use or disclosure are appropriately protected as required by law, regulation, or other applicable requirements.

CIA
(LOCAL)

**Records Control
Schedules**

The records management officer will prepare and file records control schedules with the TSLAC that comply with the minimum legal retention requirements for local government records and will prepare and file timely amendments to maintain compliance.

Website Postings

The College District's records management program will address the length of time records will be posted on the College District's website when the law does not specify a posting period.

**Records Destruction
Practices**

All local government records will be considered College District property, and any unauthorized destruction or removal will be prohibited. The College District will follow its records control schedules, records management program, and all applicable laws regarding records destruction. However, the College District will preserve records, including electronically stored information, and suspend routine record destruction practices where appropriate and in accordance with procedures developed by the records management officer. Such procedures will describe the circumstances under which local government records scheduled for destruction must be retained. Notification will be given to appropriate staff when routine record destruction practices must be suspended and when they may be resumed.

Training

The records management officer will receive appropriate training regarding the Local Government Records Act and will ensure that custodians of records, as defined by law, and other applicable College District staff are trained on the College District's records management program, including this policy and corresponding procedures.

Reasonable Suspicion Searches

The College District reserves the right to conduct searches when the College District has reasonable cause to believe that a search will uncover evidence of work-related misconduct. The College District may search the employee, the employee's personal items, work areas, lockers, and private vehicles parked on College District premises or worksites or used in College District business. Searches that reveal a violation of the College District's standards of conduct may result in disciplinary action. [See DH]

Reasonable Suspicion Alcohol and Drug Testing

The College District may remove an employee from duty and require testing if there is reasonable suspicion that the employee is under the influence of alcohol or drugs used in violation of College District policy. The determination of reasonable suspicion may be based on specific observations of the appearance, behavior, speech, or body odors of the employee whose motor ability, emotional equilibrium, or mental acuity seems to be impaired while on duty or other relevant information. Any employee who is asked to submit to drug or alcohol screening will be given the opportunity to provide relevant information about prescription or nonprescription medications that may affect the screening.

A College District employee who refuses to comply with a directive to submit to testing based upon reasonable suspicion will be subject to disciplinary action, up to and including termination.

A College District employee confirmed to have violated the College District's policy pertaining to alcohol or drugs may be subject to disciplinary action. [See DM series and DH]

Note: The following provisions apply to employees who are covered by the federal Department of Transportation (DOT) rules.

Federally Required DOT Testing Program

In accordance with DOT rules, the College District will establish an alcohol and controlled substances testing program to help prevent accidents and injuries resulting from the misuse of alcohol and controlled substances by the drivers of commercial motor vehicles. The primary purpose of the testing program is to prevent impaired employees from performing safety-sensitive functions.

The District President will designate a College District official who will be responsible for ensuring that information is disseminated to employees covered under this testing program regarding prohibited

driver conduct, alcohol and controlled substances tests, and the consequences that follow positive test results.

Drug-related Violations

The following constitute drug-related violations under the DOT rules:

1. Refusing to submit to a required test for alcohol or controlled substances.
2. Providing an adulterated, diluted, or substituted specimen on an alcohol or controlled substances test.
3. Testing positive for alcohol, at a concentration of 0.04 or above, in a post-accident test.
4. Testing positive for controlled substances in a post-accident test.
5. Testing positive for alcohol, at a concentration of 0.04 or above, in a random test.
6. Testing positive for controlled substances in a random test.
7. Testing positive for alcohol, at a concentration of 0.04 or above, in a reasonable suspicion test.
8. Testing positive for controlled substances in a reasonable suspicion test.

An employee who operates a commercial motor vehicle, including a bus, and commits a drug-related DOT violation as defined above may be reinstated as a driver if he or she successfully completes a return-to-duty test. The employee may also be subject to follow-up tests.

Alcohol Results Between 0.02 and 0.04

In accordance with DOT rules, a driver tested under this policy and found to have an alcohol concentration of 0.02 or greater, but less than 0.04, will be suspended from driving duties for at least 24 hours.

[In the event of a subsequent positive test result for alcohol of 0.02 or greater but less than 0.04, see the disciplinary consequences at College District-Imposed Consequences, below.]

Reasonable Suspicion DOT Testing

Only supervisors specifically trained in accordance with federal regulations may, based upon reasonable suspicion, remove a

driver from a safety-sensitive position and require testing for alcohol and/or controlled substances. The determination of reasonable suspicion will be based on specific observations of the appearance, behavior, speech, or body odors of the driver whose motor ability, emotional equilibrium, or mental acuity seems to be impaired. Such observations must take place just preceding, during, or just after the period of the workday that the driver is on duty.

The observations may include indication of the chronic and withdrawal effects of controlled substances. Within 24 hours of the observed behavior, the supervisor will provide a signed, written record documenting the observations leading to a controlled substance reasonable suspicion test.

College District- Imposed Consequences

In addition to the consequences established by federal law, a College District employee confirmed to have violated the College District's policy pertaining to alcohol or controlled substances, including a second or subsequent positive test result for alcohol of 0.02 or greater but less than 0.04, will be subject to College District-imposed discipline, as determined by his or her supervisor(s) and the District President. Such discipline may include any appropriate action from suspension without pay during the period of removal from safety-sensitive functions, up to and including termination of employment.

In cases where a driver is also employed in a non-driving capacity by the College District, disciplinary action imposed for violation of alcohol and controlled substances policies will apply to the employee's functions and duties that involve driving. Additionally, upon recommendation of the employee's supervisor, disciplinary measures up to and including termination of employment with the College District may be considered.

Reporting

Any person who has reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect has a responsibility under state law to immediately report the suspected abuse or neglect to an appropriate authority.

As defined in state law, child abuse and neglect include both sex and labor trafficking of a child. For purposes of this policy, the term "child" is defined in state law as a person younger than 17 years of age.

A professional who has reasonable cause to believe that a child has been or may be abused or neglected or may have been a victim of the crime of indecency with a child has an additional legal obligation to submit a written or oral report within 48 hours after the professional first has reasonable cause to believe the abuse or neglect has occurred or may be occurring. A "professional" is anyone licensed or certified by the state who has direct contact with children in the normal course of duties for which the individual is licensed or certified.

A person is also required to make a report if the person has reasonable cause to believe that an adult was a victim of abuse or neglect as a child and the person determines in good faith that disclosure of the information is necessary to protect the health and safety of another child or of an elderly or disabled person.

Making a Report

Reports may be made to any of the following:

1. A state or local law enforcement agency;
2. The Child Protective Services (CPS) division of the Texas Department of Family and Protective Services (DFPS) at (800) 252-5400 or the [Texas Abuse Hotline Website](#);
3. A local CPS office; or
4. If applicable, the state agency operating, licensing, certifying, or registering the facility in which the suspected abuse or neglect occurred.

However, if the suspected abuse or neglect involves a person responsible for the care, custody, or welfare of the child, the report must be made to DFPS, unless the report is to the state agency that operates, licenses, certifies, or registers the facility where the suspected abuse or neglect took place; or the report is to the Texas

Audits

- Data Backup and Recovery
- Faculty Workload
- Purchasing/Travel/Fuel Card Programs
- Safety and Security

Administrative Projects

- Departmental Self-Assessment
- Follow-up Audits
- Issuance of the Annual Internal Audit Report
- Professional Development/Speaking Engagements/ Training

DISTRICT PRESIDENT’S RECOMMENDATION: The District President recommends approval of the audit plan for fiscal year 2023.

SUGGESTED MOTION: “Mr. Chairman, I make a motion that the Board of Trustees of Collin County Community College District approves the audit plan for fiscal year 2023.”

Date: September 20, 2022

To: H. Neil Matkin, Ed.D., District President
Members of the Finance and Audit Committee

From: Ali Subhani, Director Internal Audit *Ali Subhani*

Subject: Fiscal Year 2023 - Audit Plan Approval

The Internal Audit Charter requires that the Board of Trustees approves the annual Audit Plan. Based on the methodology detailed on page two, the following projects are recommended for approval:

Audits

- Data Backup and Recovery
- Faculty Workload
- Purchasing / Travel / Fuel Card Programs
- Safety and Security

Administrative Projects

- Departmental Self-Assessment
- Follow-up Audits
- Issuance of the Annual Internal Audit Report
- Professional Development / Speaking Engagements

The plan was based on the utilization of one full-time auditor and the anticipated hiring of one additional auditor during the fiscal year.

Audit Plan Methodology - Fiscal Year 2023

As required by the Internal Audit Charter, the Director for Internal Audit prepared the Fiscal Year 2023 Audit Plan by identifying the auditable areas for the District. The auditable areas were identified by reviewing budgetary information, the Comprehensive Annual Financial Report, the Collin College website, and Collin College policies (legal and local). In addition, information and resources developed by the Association of College and University Auditors (ACUA), the Institute of Internal Auditors (IIA), Deloitte, the Texas Higher Education Coordinating Board's (THECB) Financial Condition Analysis of Texas Public Community College District report and risk assessments and audit plans of other community colleges in Texas were also reviewed. Members of the Executive Leadership Team and College personnel were also offered the opportunity to complete a survey to provide input to the Office of Internal Audit.

A Risk Assessment was then conducted of the auditable areas based on eight risk factors. Each factor is weighted based on importance and given a risk rating, indicating the risk for that factor to the auditable area. The risk rating for the auditable area is totaled to compute the risk score. The final selection is based on the professional judgment of personnel in the Office of Internal Audit.

An explanation of the eight factors and risk ratings follows.

I M P A C T		
1	Criticality of the Unit 	This factor measures the importance of the unit to accomplish the mission of the District. This considers the impact if the unit is unable to provide its service within a required time frame and/or at the expected level.
2	Financial Impact 	This considers the overall dollar amount flowing through, committed to, or generated by the unit/process (e.g. expenditures, grant amount, revenues collected/earned). This evaluates the impact of inappropriate activity from a financial perspective.
3	Regulatory Compliance 	The complexity, volume, & clarity of regulations / compliance requirements from external requirements impact the District's ability to comply & therefore influences risk. Risks relate to the inability to comply; penalties, fines or litigation; loss of funding sources; & regulatory restrictions.
4	Public Sensitivity 	This measures the sensitivity of the unit to public exposure of critical internal issues. This considers the potential effect to the District overall as the result of negative information.
L I K E L I H O O D		
5	Control Environment 	Assessment of the control environment is based on factors such as the adequacy of the existing control structure, expertise of management, historical problems, conditions found during recent reviews/interactions, and the overall effectiveness and efficiency of operations.
6	Changes in the Unit 	Changes in management personnel, organizational & operational structure, & the operational systems can influence risk. In some cases, reorganization of responsibilities and activities can result in significant changes that compromise the internal control environment.
7	Complexity of Monitoring Activities 	This factor considers the locations/number of locations where activities and the monitoring of these activities take place.
8	Audit History 	This considers whether there has been an audit of the unit, the last time an audit was performed, and the results of such audit.

I M P A C T S C A L E

	1	2	3
Criticality of the Unit	Operations can be temporarily paused for up to 30 days with minimal impact to students, faculty or staff.	Operations can be temporarily paused for up to 7 days without negatively impacting students, faculty or staff.	Must be continued Cannot pause. Necessary to life, health, security or for the student academic experience.
Financial Impact	<\$300k in resources flow through area.	>\$300k- <\$999k in resources flow through the area.	>\$1M in resources flow through the area.
Regulatory Compliance	Compliance requirements are clear and easy to follow. Breaches of regulatory or contractual obligations are confined to an isolated incident. Not systemic. Fines or penalties would be <\$50k.	Compliance requirements are opaque and necessitate action on a monthly basis. Breaches of regulatory or contractual obligations with costs in excess of \$50k but <\$100k to the institution and increased scrutiny from regulators.	Compliance requirements are complex and necessitate action on a daily/weekly basis. Regulatory censure or action. Breaches of regulatory or contractual obligations with costs in excess of \$100k. Possibility of action against specific member(s) of the senior management team.
Public Sensitivity	Impact is isolated to a small group. Damage is reversible.	Negative impact is limited to one campus location, is in the public domain, but with limited publicity.	Long-term / irreparable damage. Negative impact is felt on multiple-campuses and is widely publicized.
Impact Risk Score	Low 4 - 6.9	Medium 6.91 - 9.90	High 9.91 - 12.0

L I K E L I H O O D S C A L E

	1	2	3
Control Environment	Key Performance Indicators (KPI) are defined for monitoring effectiveness, well-understood chains of accountability exist, and a formal controls framework exists.	Control awareness exists, control activities are designed and in place. Some documentation and reporting methodology exists. Accountability and performance monitoring requires improvement.	Control activities are fragmented, may be managed in "silo", dependent upon individual heroics, with inadequate documentation and reporting methods or inadequate monitoring methods.
Organizational Changes	Little to no organizational changes.	Transition of a Director level or below within an organizational unit.	Implementation of a new process/technology that has college wide impact or transition of a Vice President or Dean.
Complexity of Monitoring Requirements	Monitoring involves low volume activity and is limited to monitoring activity in one department.	Monitoring involves medium volume activity or involves monitoring activity at one college location.	Monitoring involves medium volume activity or involves monitoring activity multiple college locations.
Audit History	A review of the area or process in scope took place within the past 2 fiscal years.	A review of the area or activity took place within the past 3 years.	A review of the area has not been conducted within the past 5 years.
Impact Risk Score	Low 4 - 6.9	Medium 34 6.91 - 9.90	High 9.91 - 12.0

AGENDA ITEM: Consideration of Approval of the New Bachelor of Applied Science Degree Program with a Major in Clinical Operations Management

DISCUSSION: The Collin College Master Plan identifies a priority to examine and develop expansion plans for existing facilities and future workforce and academic programs to accommodate growth in the service area. The 2020-2025 Strategic Plan has identified a goal to create and implement comprehensive integrated pathways to support student transitions. Labor market analysis has indicated an increasing demand for managers in the medical and health services industry. This new degree program has been researched and developed in accordance with the criteria required by the Texas Higher Education Coordinating Board and the Southern Association of Colleges and Schools Commission on Colleges. These criteria include job market analysis, employment projections, enrollment projections, integration of the general education core with career and technical skills, faculty recruitment planning, and industry advisory committee input. Collin College's Curriculum Advisory Board and Academic Leadership also reviewed the degree plan and recommends approval. The upper division coursework in this program will be offered in a fully online format to meet the needs of those who may already be working in the industry.

The BAS degree includes 42-semester credit hours of core curriculum courses, up to 44-semester credit hours of lower division technical coursework in the health sciences and emergency services, and 34-semester credit hours of upper division coursework in the management skills necessary to be a front-line manager. The BAS degree with a major in Clinical Operations Management is designed to build on Collin College's existing certificates and AAS degrees in the Health Sciences and Emergency Services. As required by Texas law, the BAS degree requires students to complete a total of 120 semester credit hours.

**DISTRICT PRESIDENT'S
RECOMMENDATION:**

The District President recommends approval of the new Bachelor of Applied Science degree with a major in Clinical Operations Management.

SUGGESTED MOTION:

“Mr. Chairman, I make a motion that the Board of Trustees of Collin County Community College District approves the new Bachelor of Applied Science degree with a major in Clinical Operations Management.”

- AGENDA ITEM:** Consideration of Approval for Travel and Attendance at the 2022 Association of Community College Trustees (ACCT) Leadership Congress for Trustee Dr. Raj Menon
- DISCUSSION:** Trustee Menon will be attending the 2022 ACCT Leadership Congress which will be held October 26-29 in New York, New York as an official representative of the Board of Trustees and requires approval of the Board. Further, per BBG (Local), it is expected that the Trustee will submit a conference summary report to the Board after the event for inclusion in the next Board packet.
- Attending professional conferences can help the Collin College Board of Trustees stay informed regarding trends and key issues impacting the College.
- Board Policy BBF (Local) Board Ethics provides an expectation that Trustees will stay informed about current educational issues by individual study and through participation in programs providing information necessary in the performance of the Board member role, such as those sponsored by the American Association of Community Colleges, the Association of Governing Boards, and the Association of Community College Trustees.
- BOARD CHAIR'S RECOMMENDATION:** The Board Chair recommends approval for Trustee Menon to travel and attend the 2022 Association of Community College Trustees Leadership Congress.
- SUGGESTED MOTION:** "I make a motion to approve the travel of Trustee Menon to attend the 2022 Association of Community College Trustees Leadership Congress."

NEW SOLICITATION

Purchase Request #1 – pg. 43 Dental Supplies, Equipment, Installation, and Related Services	\$ 125,000
TOTAL OF NEW SOLICITATION	\$ <u>125,000</u>
GRAND TOTAL	\$ <u><u>125,000</u></u>

ADMINISTRATION RECOMMENDATION/REPORT

The District President recommends the Board of Trustees approves the purchase of Dental Supplies, Equipment, Installation, and Related Services from Patterson Dental for the Dental Hygiene Program.

BACKGROUND

This contract will provide the supplies, equipment, installation, and related services needed for the Dental Hygiene Program. The expansion of the Dental Hygiene Program space allowed the program to increase student enrollment from 16 to 24 students annually, which resulted in additional needs for equipment and supplies. The Dental Hygiene program receives 80-100 applicants annually.

Reference Number SCON-100565 was issued to track contract spend for dental supplies, equipment, installation, and related services. Patterson Dental has a contract through the E&I Cooperative Services purchasing program to provide dental supplies, equipment, installation, and related services, Contract Number EI00077. The contract complies with the competitive procurement requirements set forth in Section 44.031 of the Texas Education Code, as permitted through Section 791.011 of the Texas Government Code.

IMPACT OF THIS ACTION

This contract will allow the Dental Hygiene Program to provide needed equipment, supplies, installation, and related services for the students enrolled in the program.

BUDGET INFORMATION (INCLUDING ANY STAFFING IMPLICATIONS)

This purchasing request is for spend authorization of \$125,000 which is budgeted in the Dental Hygiene Program's FY23 operating budget.

MONITORING AND REPORTING TIMELINE

The term of contract is September 28, 2022 through August 31, 2023

Holding Texas Colleges Accountable for Student Loan Debt and Earnings Outcomes: 2022

by Andrew Gillen, Ph.D.

Texas Public Policy Foundation, September 2022

The report summarized here is The Texas Public Policy Foundation's third annual report identifying "low-performing programs" at Texas public colleges and universities. The study on which the report is based used newly available federal data on student loan debt and early career earnings of recent college graduates to identify programs at public Texas colleges and universities that leave their students with excessive student loan debt.

The study rates instructional programs at Texas public colleges and universities on a four-point scale.

- Reward (Student debt less than or equal to 75% of post-graduation earnings.) Program graduates are prepared for success with high earnings relative to debt. Programs could be rewarded with performance bonus funding and/or exemptions from standard regulatory oversight.
- Monitor (Student debt is greater than 75%, but less than 100%, of post-graduation earnings.) Most graduates from these programs probably are set up for success, but some may have excessive debt. Programs should be monitored but otherwise not interfered with.
- Sanction (Student debt is greater than 100%, but less than 125%, of post-graduation earnings.) Too many graduates from these programs have excessive debt. Programs should face sanctions ranging from reduced funding to enrollment restrictions.
- Sunset (Student debt is greater than 125% of post-graduation earnings.) Most graduates from these programs have excessive debt, and many are unlikely to be able to repay their student loan debt. Programs should be phased out by preventing enrollment of new students.

In the report, "low performing programs" were defined as college and university programs that fell into the "Sanction" or "Sunset" categories. A total of 58 "low-performing programs" were specifically identified in Table 6. The report suggests that students should be wary about enrolling in these programs, colleges should improve or phase them out, and policymakers should hold them accountable. None of Collin College's programs fell into the "low performing" category.

The report shows the number of community and technical college (CTC) programs that fell into the “Reward” category without identifying any of the programs. Six Collin College programs fell into that “high performing” category. The average number of “Reward” programs among Texas CTCs was 3.2, and the median was 2. A total of 17 CTCs had zero “Reward” programs, and Texas State Technical College had the greatest number at 18. Collin College was in the 78th percentile among CTCs in the number of “Reward” programs.

Finally, the report identified the number of programs at each institution for which data had to be suppressed because the numbers of program completers were so small that revealing results might compromise student privacy. A total of 26 Collin College programs had data suppressed. While this may seem like a substantial number, it is relatively low compared to other CTCs. Both the mean and median were 33. Among Collin’s “very large” Texas peer institutions, only Tarrant County College (at 29) and Dallas College North Lake Campus (at 30) joined Collin College below the statewide mean and median. Since completions are a function of enrollment, Collin’s relatively low number of suppressed programs suggests that the College appears to be doing relatively well at offering programs that meet community needs and moving students through those programs to completion.

Faculty Council's Academic Freedom Committee: Resolution Dated August 26, 2022

Collin College's Faculty Council recently adopted a resolution on academic freedom on August 26, 2022.

Collin College fully supports the academic freedom of our faculty as provided in Board Policy DGC (LOCAL). The policy emphasizes the principle of academic freedom and academic responsibility. Relevant sections of the Policy DGC (LOCAL) are included below:

All faculty members (full-time and associate) will be entitled to academic freedom and bear a concomitant dedication to academic responsibility. (The faculty subscribes to the principles expressed in the Statement of Academic Freedom and Responsibility adopted February 19, 1982, by the Texas Junior College Teachers' Association, the text of which is appended to and made an integral part of this document.) [See Statement of Purpose on Academic Freedom and Responsibility, below.]

All faculty members enjoy the constitutional freedoms guaranteed to all citizens by the United States' Constitution and the Constitution of the State of Texas. In the classroom, teaching faculty members have the freedom to discuss any controversial matter and to voice opinions within areas of their professional competence. At the same time, they have an obligation to acquaint students with other scholarly opinions on the subject. Outside the classroom, faculty members are free from institutional censorship or discipline for exercising their rights as private citizens to express themselves freely on matters of public concern, to associate with persons or groups as they so choose, and to participate in political or other kinds of activities. When faculty and support staff speak or write as private citizens, however, they must bear in mind that their actions will inevitably be judged by the public and reflect upon their profession and institution. Therefore, faculty and support staff will strive for accuracy, exercise appropriate restraint, exhibit tolerance for differing opinions, and indicate clearly that they are not an official spokesperson for the College District.

The College District accepts the responsibility to foster and to encourage faculty and support staff to exercise their freedoms and to protect against acts that deny freedom of speech and the related freedoms to be heard, to study, to teach, to administer, and to pursue scholarly activity.

Faculty members acknowledge their responsibility to maintain professional competence in their fields of specialization and to be committed to effective teaching and student service.

Statement of Purpose on Academic Freedom and Responsibility

The Board believes that it is essential that the faculty have freedom in teaching, research, and publication. Faculty members must be free from the fear that others might threaten their professional careers because of differences of opinion regarding such scholarly matters. To this end, the College District has adopted the following statement of purpose on academic freedom and responsibility.

The College District, like all other institutions of higher education, serves the common good, which depends upon uninhibited search for truth and its open expression. The points enumerated below constitute its position on academic freedom:

1. Faculty members are appointed to impart to their students and to their communities the truth as they see it in their respective disciplines. The teacher's right to teach preserves the student's right to learn.
2. The mastery of a subject makes a faculty member a qualified authority in that discipline and competent to choose how to present its information and conclusions to students. The following are among the freedoms and responsibilities that should reside primarily with the faculty, with the advice and consent of the appropriate dean of instruction: planning and revising curricula, selecting textbooks and readings, selecting classroom films and other teaching materials, choosing instructional methodologies, assigning grades, and maintaining classroom discipline.
3. Faculty members are citizens, and, therefore, possess the rights of citizens to speak freely outside the classroom on matters of public concern and to participate in lawful political activities.
4. Prior restraint or sanctions will not be imposed upon faculty members in the exercise of their rights as citizens or duties as teachers. Nor will faculty members fear reprisals for exercising their civic rights and academic freedom.
5. Faculty members have a right to expect the Board and the College District's administrators to uphold vigorously the principles of academic freedom and to protect the faculty from harassment, censorship, or interference from outside groups and individuals.

The academic freedom of the College District faculty members will be accompanied by equally compelling obligations and responsibilities to their profession, their students, the College District, and their community. Faculty members will defend the rights of academic freedom while accepting willingly the responsibilities enumerated below:

1. Faculty members will be judicious in the introduction of material in the classroom without forfeiting the instructional benefits of controversy.
2. Faculty members are entitled to all rights and privileges of academic freedom in the classroom while discussing the subjects they teach. No faculty member, however, will attempt to force on his or her students a personal viewpoint intolerant of the rights of others to hold or express diverse opinions. Faculty

members will not act in a manner that is perceived as being abusive, either physically or verbally, by their students.

3. Faculty members will recognize their responsibility to maintain competence in their disciplines through continued professional development and to demonstrate that competence through consistently adequate preparation and performance.
4. Faculty members will recognize that the public will judge their institution and their profession by their public conduct. Therefore, faculty members will always make clear that the views they express are their own and will avoid creating the impression that they speak or act on behalf of the College District or of their profession.
5. Faculty members will recognize their responsibility to adhere to the policies and procedures of the institution. Therefore, faculty members who have differences of opinion with existing or proposed policies or procedures will express these views through the standing committee structure of the College District or their supervising administrators.

The full text of the Faculty Council Resolution is inserted below:

WHEREAS, some Texas state officials have recently pledged to introduce legislation banning the teaching of “critical race theory” and other “divisive” topics in publicly funded colleges and universities;^[1]

WHEREAS, several other states, such as Florida and Tennessee, currently have legislation either pending or passed that aims to limit the instruction of controversial topics;^[2]

WHEREAS, the Collin College Faculty Council has previously voiced its support for the principles of academic freedom, particularly noting that for an environment of active learning to exist, “students and faculty alike [must] be able to explore ideas freely, frankly, and critically without fear of reprisal”;^[3]

WHEREAS, the Texas Community College Teachers Association (TCCTA) has expressed grave concerns about these legislative threats to academic freedom, unequivocally stating that “our organization opposes any policy that would deny faculty and students an environment for open inquiry, unfettered by political pressure” and contends that such efforts “[pose] a threat to accreditation of higher education institutions across the state”;^[4]

WHEREAS, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) along with more than 150 other national and regional organizations, have signed the “Joint Statement on Legislative Efforts to Restrict Education about Racism and American History” (June 16, 2021), voicing their “firm opposition to a spate of legislative proposals being introduced across the country” and labeling such legislation that targets the teaching of “divisive concepts” as anathema to faculty rights to academic freedom;^[5]

WHEREAS, Collin College policy affirms that “teaching faculty members have the freedom to discuss any controversial matter and to voice opinions within areas of their professional competence” and defines such freedom as “essential” because “the teacher’s right to teach preserves the student’s right to learn,” and avers that the College will “uphold vigorously the principles of academic freedom and to protect the faculty...from outside groups and individuals”;^[6]

BE IT THEREFORE RESOLVED THAT the Collin College Faculty Council reaffirms its commitment to espousing principles of academic freedom and entrusting faculty to guide curricular design and content delivery.

BE IT FURTHER RESOLVED THAT the Collin College Faculty Council urges Collin College to support the academic freedom statements by TCCTA and SACSCOC, joining other regional and national organizations^[5] to reaffirm their endorsement of faculty to teach and research freely, as it befits their expertise.

Whatever It Takes...

Taming inflation remains the primary goal of the Federal Reserve and Chair Powell made it very clear at the Jackson Hole symposium this month that the FOMC is committed to price stability. They are going to continue to hike rates and do whatever it takes to tame inflation. He is suggesting that a further reduction in growth and a softening in the labor market are necessary conditions to rein in price pressures and that it is a lesser evil than failing to reinstate stable prices.

The strong August employment report reinforced the FOMC's assessment of a still-solid labor market, while moving towards the intended "softening" conditions necessary to rein in inflation. The deciding factor will have to be the August inflation reports to be released one week ahead of the September FOMC meeting.

In August, the inflation PCE did unexpectedly fall – the first decline since April 2020 thanks in large part to a decline in energy prices. Lower gas prices have helped boost consumer sentiment, and at least some consumers remain eager to spend the extra cash. However, with income growth still below the level of inflation's grip and consumers increasingly leaning on credit, inflation is going to make it difficult for consumers to maintain even these reduced levels of spending while heading further into the holiday shopping season.

Personal income is rising but so is spending both of which take inflation higher. The net result is that real income is struggling to keep pace. Real income has now fallen for the fifth straight month.

Continuing Supply Chain Blues

Fortunately, geo-politics played a lesser role in the month's market view even with a controversial stop in Taiwan by Nancy Pelosi. China may have larger problems than Ms. Pelosi because of the challenges to its own economy which has slowed.

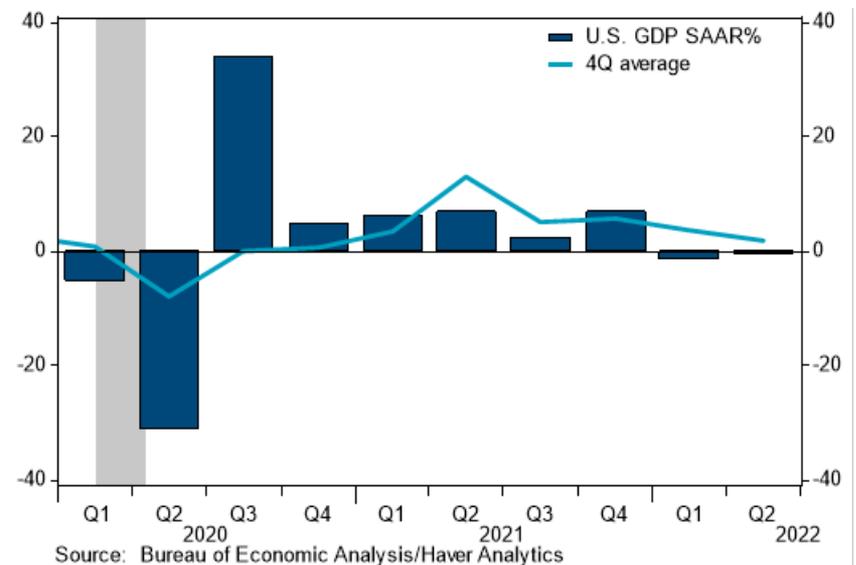

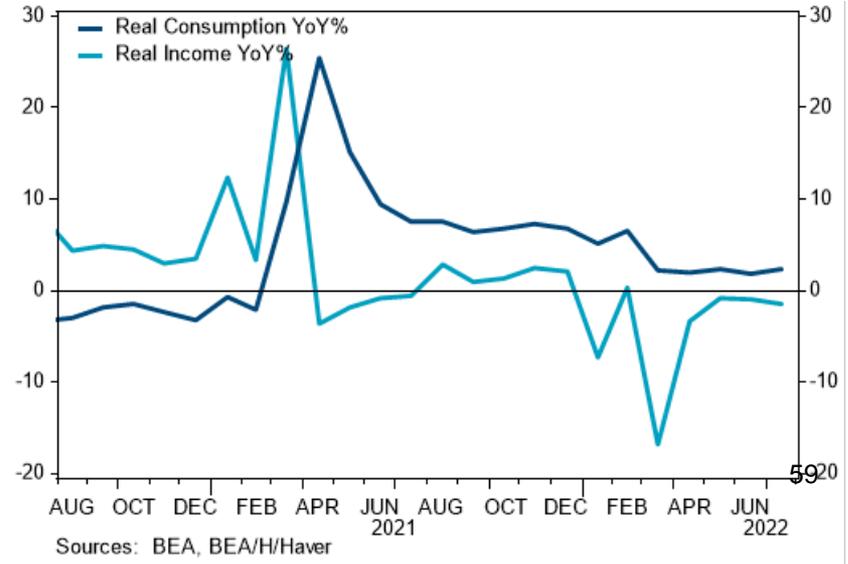

China's Sichuan province, a key manufacturing hub for EV batteries and solar panels, has announced sizable power cuts among other provinces, affecting a myriad of global manufacturers. Reports indicate the region is broadly facing the worst drought conditions since the 1960s. This will surely impact the supply chain tangles which were beginning to open up.

These drought conditions are global. U.S. agricultural forecasters note that U.S. farmers could face severe crop shortages including a 40% reduction in the cotton crop. In addition, reports indicate a plethora of farmland acreage has been left unused this season due to drought, rising input costs and fertilizer costs.

These longer-term impacts will lengthen the inflation woes and the supply chain delays. Besides raising short term rates, the Fed is continuing its plan towards accelerating quantitative tightening (QT) to further drain pandemic-era stimulus from the financial system and increase lending rates for longer term assets all to weaken inflation.

In the US, high supply costs, declining real income growth, and a limited access to labor, particularly skilled labor, are undermining the U.S. housing market. While demand is still positive and supply still limited, keeping prices elevated, momentum in housing and construction activity is clearly slowing.

This sluggish economy framed in elevated prices has produced back-to-back quarters of declining GDP growth. Growth however is not as negative as expected however so a true recession may not be in the cards and a *soft* landing could be a possibility.

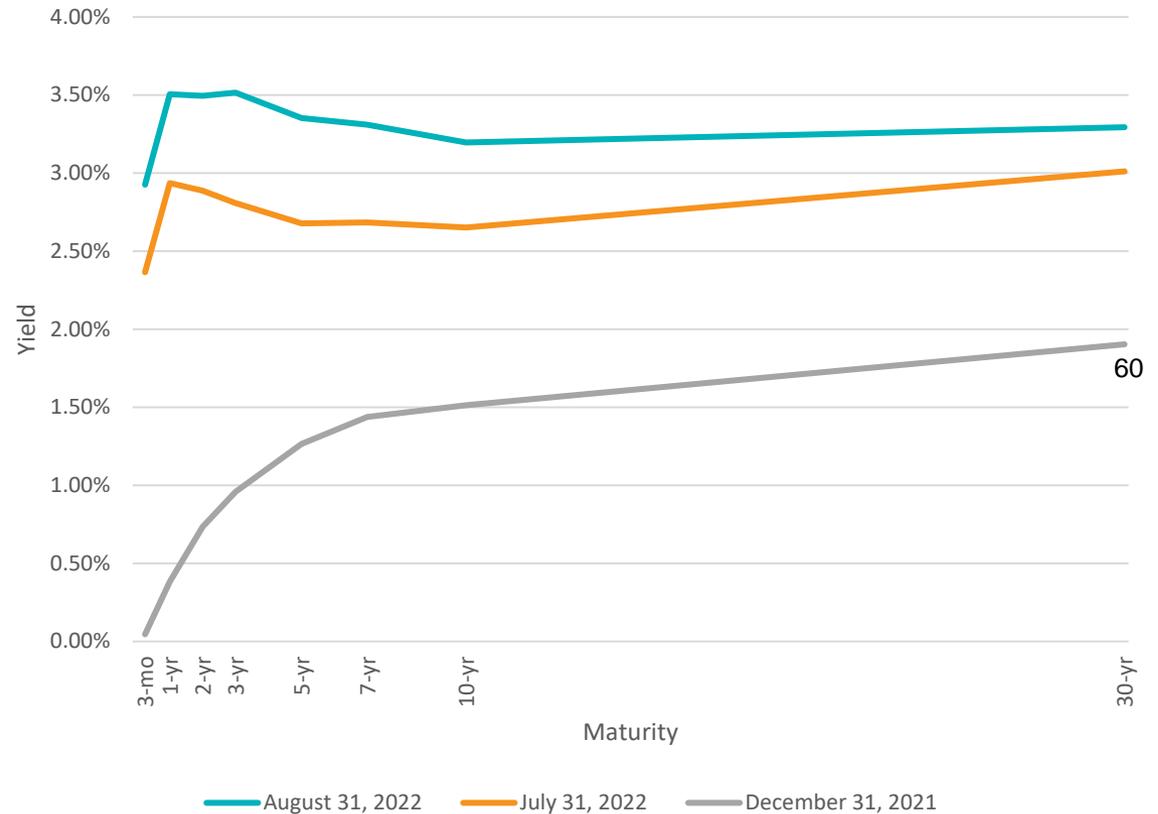

Expectations Drive Rates

The Fed continues to communicate the intent to tame inflation at any cost. The market is 62% convinced at month end that another 75bps hike will be the result if the September FOMC meeting.

The Fed fully concedes that higher rates and a long-term QT will slow growth but is willing to take these actions to tame inflation.

Two quarters of declining GDP is assumed to represent a recession. The goldilocks situation of slowing growth amid high inflation doesn't bode well for a quick solution in 2022.

Whatever It Takes...

Taming inflation remains the primary goal of the Federal Reserve and Chair Powell made it very clear at the Jackson Hole symposium this month that the FOMC is committed to price stability. They are going to continue to hike rates and do whatever it takes to tame inflation. He is suggesting that a further reduction in growth and a softening in the labor market are necessary conditions to rein in price pressures and that it is a lesser evil than failing to reinstate stable prices.

The strong August employment report reinforced the FOMC's assessment of a still-solid labor market, while moving towards the intended "softening" conditions necessary to rein in inflation. The deciding factor will have to be the August inflation reports to be released one week ahead of the September FOMC meeting.

In August, the inflation PCE did unexpectedly fall – the first decline since April 2020 thanks in large part to a decline in energy prices. Lower gas prices have helped boost consumer sentiment, and at least some consumers remain eager to spend the extra cash. However, with income growth still below the level of inflation's grip and consumers increasingly leaning on credit, inflation is going to make it difficult for consumers to maintain even these reduced levels of spending while heading further into the holiday shopping season.

Personal income is rising but so is spending both of which take inflation higher. The net result is that real income is struggling to keep pace. Real income has now fallen for the fifth straight month.

Continuing Supply Chain Blues

Fortunately, geo-politics played a lesser role in the month's market view even with a controversial stop in Taiwan by Nancy Pelosi. China may have larger problems than Ms. Pelosi because of the challenges to its own economy which has slowed.

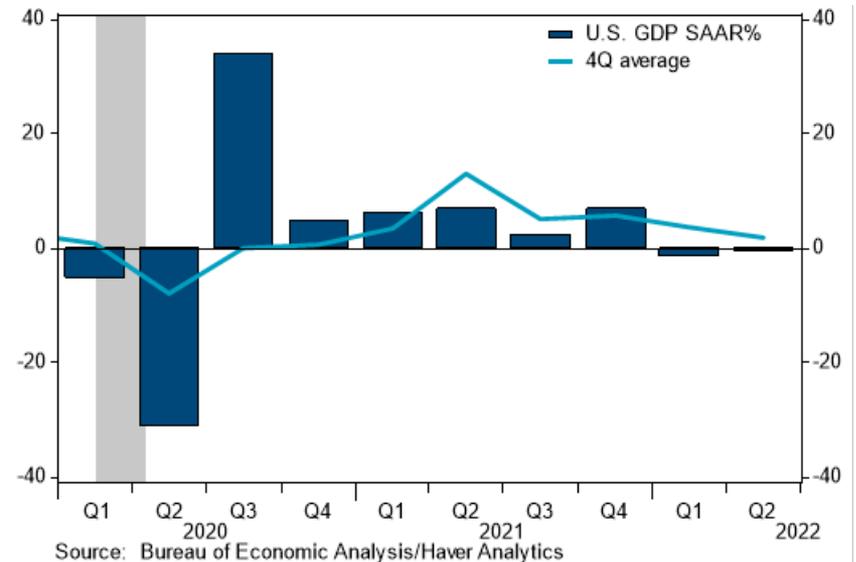

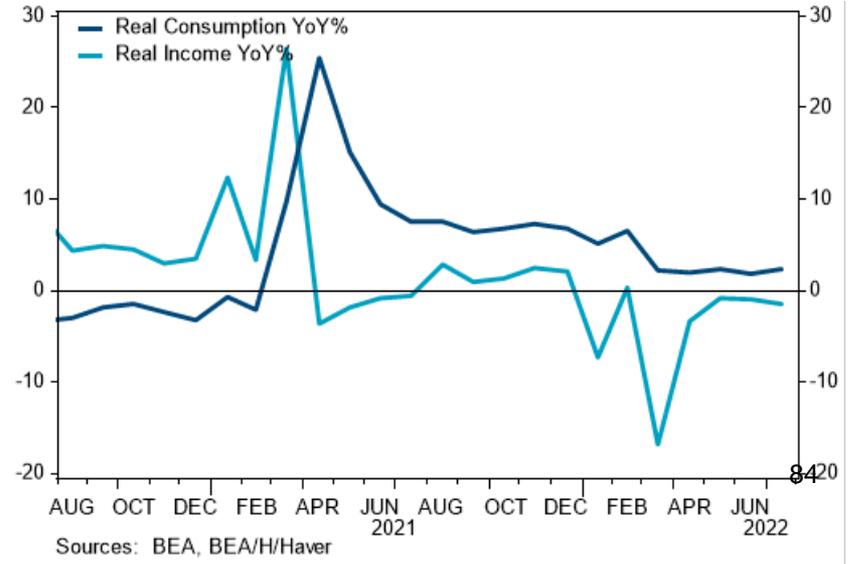

China's Sichuan province, a key manufacturing hub for EV batteries and solar panels, has announced sizable power cuts among other provinces, affecting a myriad of global manufacturers. Reports indicate the region is broadly facing the worst drought conditions since the 1960s. This will surely impact the supply chain tangles which were beginning to open up.

These drought conditions are global. U.S. agricultural forecasters note that U.S. farmers could face severe crop shortages including a 40% reduction in the cotton crop. In addition, reports indicate a plethora of farmland acreage has been left unused this season due to drought, rising input costs and fertilizer costs.

These longer-term impacts will lengthen the inflation woes and the supply chain delays. Besides raising short term rates, the Fed is continuing its plan towards accelerating quantitative tightening (QT) to further drain pandemic-era stimulus from the financial system and increase lending rates for longer term assets all to weaken inflation.

In the US, high supply costs, declining real income growth, and a limited access to labor, particularly skilled labor, are undermining the U.S. housing market. While demand is still positive and supply still limited, keeping prices elevated, momentum in housing and construction activity is clearly slowing.

This sluggish economy framed in elevated prices has produced back-to-back quarters of declining GDP growth. Growth however is not as negative as expected however so a true recession may not be in the cards and a *soft* landing could be a possibility.

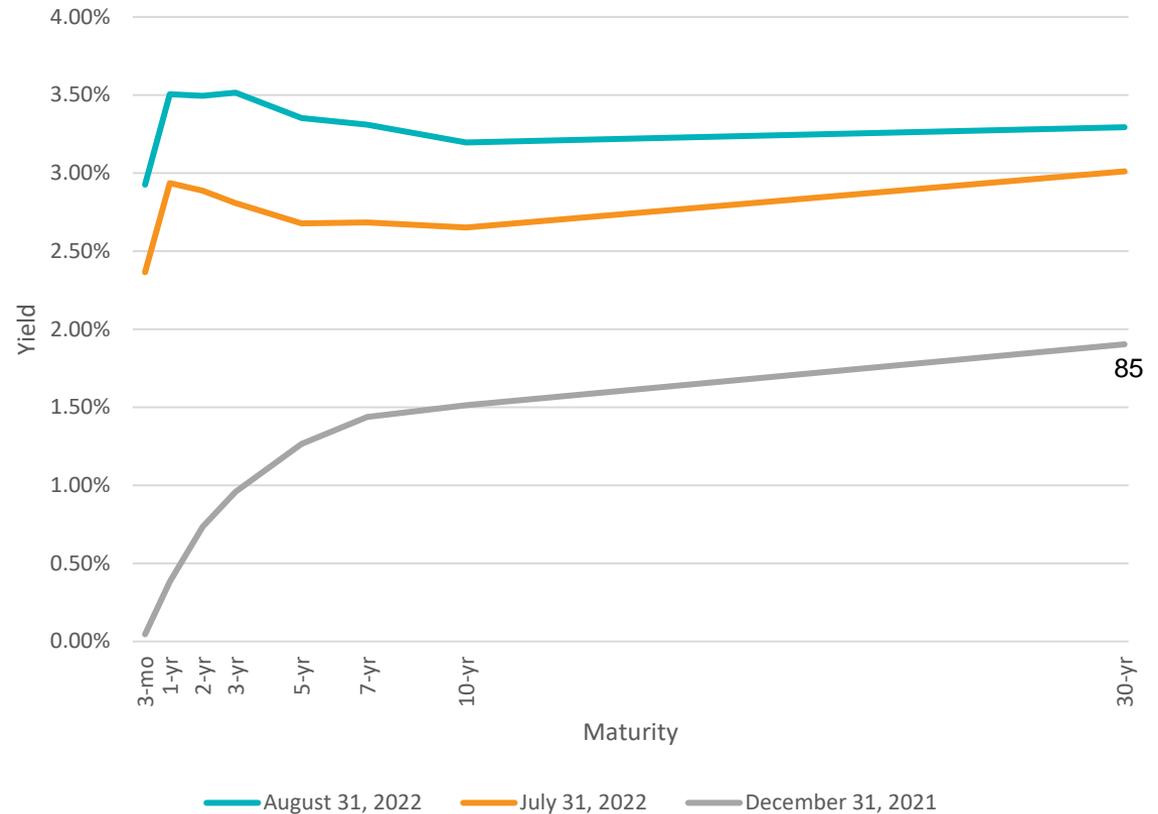

Expectations Drive Rates

The Fed continues to communicate the intent to tame inflation at any cost. The market is 62% convinced at month end that another 75bps hike will be the result if the September FOMC meeting.

The Fed fully concedes that higher rates and a long-term QT will slow growth but is willing to take these actions to tame inflation.

Two quarters of declining GDP is assumed to represent a recession. The goldilocks situation of slowing growth amid high inflation doesn't bode well for a quick solution in 2022.

1. Introduction

On May 6, 2017, voters approved Collin College's \$600 million bond proposal to facilitate a long-range plan to accommodate the projected population growth in Collin County over the next two decades. The program consists of 4 new campuses and 2 new facilities.

On May 16, 2017, in a special session, the Board of Trustees granted the District President authority to enter and negotiate into contract with AECOM Technical Services, Inc. (AECOM) to provide Program Management Services to the Collin College 2017 Capital Improvement Program. On May 25, 2017, Collin College issued a Notice to Proceed to AECOM. As part of these services, AECOM will deliver a monthly report to provide status and progress of key aspects of the Program.

2. Executive Summary

The Program is progressing as planned with no major issues to report at this time.
