SUBJECT

Report Out of the Finance and Audit Committee and Consideration of Approval of the Authorized Broker/Dealer List

RECOMMENDATION

The District President recommends approval of the approved brokers/dealers with which the College is authorized to transact investment activity.

Policy CAK (Local) requires that the Board of Trustees annually reviews and approves the list of approved brokers/dealers with which the College is authorized to transact investment activity. A contract with Meeder Investment Management, Inc. allows it to act as an investment advisor to the College. In its capacity as an investment advisor, Meeder Investment Management, Inc. has recommended a list of primary dealers with which the College is authorized to execute securities transactions. Primary dealers are banks or securities brokers/dealers who may trade directly with the Federal Reserve System of the United States. Primary dealers purchase the vast majority of U.S. Treasury securities and resell them to the public and other brokerage firms. Due to the large volume of U.S. Treasury securities they trade, they are often able to offer securities at advantageous prices.

All these securities are authorized by the Public Funds Collateral Act, Chapter 2257, Texas Government Code.

Additional collateral may be pledged or purchased as required, released as it is not needed, and substituted, if necessary, with the written consent of the investment officer.

Safekeeping

All security transactions, including collateral for repurchase agreements, entered into by the College District will be conducted on a DVP basis. all securities purchased or sold by the College District and held in safekeeping by an authorized third party.

Diversification

Diversification by investment maturity based on cash flow needs will reduce the impact of adverse market fluctuations.

Maximum Maturities

To the extent possible, the College District will attempt to match its investments with anticipated cash flow requirements except the College District will not invest in securities maturing more than 60 months from the date of purchase.

The maximum dollar weighted average maturity of the total portfolio will not exceed 36 months.

Internal Controls

Duties related to investment activities will be delegated so that segregation of duties will be maintained with respect to purchasing, recording, authorizing, and reconciling investment accounts. The College District's designated investment officers will be responsible for all investment decisions. Written signature authorization of two of the aforementioned investment officers will be required to execute all investment purchases or sales.

As part of the annual financial audit, the external auditors will perform a compliance audit of management controls on investments and adherence to investment policies and procedures.

Delivery Versus Payment

All security transactions (with the exception of pool or money funds) by the College District will be settled "delivery versus payment." That is, the College District authorizes the safekeeping institution to release its funds only after a purchased security has been received by the institution.

Competitive Bidding Required

All investments will be purchased or sold on a competitive basis with bids or offers from a minimum of three College District authorized brokers/dealers for the best yield and maturity. New issue agencies must be compared to comparable securities as a competitive bid.

Monitoring Credit Ratings

The investment officer or investment adviser will monitor, on no less than a weekly basis, the credit rating on all authorized investments in the portfolio based upon independent information from a nationally recognized rating agency. If any security falls below the minimum rating required by policy, the investment officer or adviser will notify the CFO of the loss of rating, conditions affecting the rating, and possible loss of principal with liquidation options available, within five days after the loss of the required rating.

Loss of Credit Rating

The College District will monitor the credit ratings on securities that require minimum ratings. This may be accomplished through staff

research or with the assistance of brokers/dealers, banks, safe-keeping agents, advisers, or other independent sources. In the event that the credit rating of any security falls below the minimum required rating, the College District will take all prudent measures that are consistent with its policy to liquidate the investment.

The College District is not required to liquidate investments that were authorized investments at the time of purchase. [See 2256.017]

Monitoring FDIC Coverage

The investment officer or investment adviser will monitor, on no less than a weekly basis, the status and ownership of all banks issuing brokered CDs owned by the College District based upon information from the FDIC. If any bank has been acquired, or merged with another bank in which brokered CDs are owned, the investment officer or adviser will immediately liquidate any brokered CD and/or interest-bearing investments that place the College District above the FDIC insurance level.

Reporting

Not less than quarterly, a written report of investment transactions for all funds will be prepared and signed by the investment officers and will be submitted to the Board. Reports will be prepared in accordance with requirements as specified in Section 2256.023, Texas Government Code. The quarterly written reports will be reviewed annually during the compliance audit of an independent auditor with the results reported to the Board.

Market Price

The investment portfolio will be marked to market monthly. Pricing information will be obtained from sources deemed independent and comparable by the associate vice president of accounting and financial reporting or the associate vice president/controller. If the price of a security is not available, the price may be estimated by analyzing similar securities' market values (matrix pricing).

Training

The College District's chief financial officer, the associate vice president of accounting and financial reporting, and the associate vice president/controller, being designated by the Board as the investment officers for the College District, will receive ten hours of instruction in accordance with the PFIA of the State of Texas within the first 12 months of assuming the position. Every succeeding two years the officers will receive at least ten additional hours of training relating to investment responsibility from an independent source approved by the Board.

Investment Policy Review and Adoption

The College District's investment policy will be adopted by written resolution of the Board stating that the Board has reviewed the investment policy and strategy and will include any changes made to either. The investment policies and strategies will be reviewed by

the Board not less than annually. All revisions will be formally approved by the Board.

Investment Strategy

The College District maintains portfolios that use four specific investment strategy considerations designed to address the unique characteristics of the fund groups represented in the portfolio(s). The weighted average maturity of the overall portfolio will not exceed one year.

Strategies for the investment of College District funds will address:

1. Investment suitability as it relates to the financial requirements and credit concerns of the College District;
2. Preservation and safety of principal to ensure that capital losses are avoided whether they be from defaults or erosion of market value;
3. Liquidity to the extent needed to pay the College District's obligations as they become due;
4. Investment marketability provided the need arises for the College District to liquidate the investment prior to its maturity date, although securities of all types are purchased with the intention of holding until maturity;
5. Investment diversification by maturity and market sector; and
6. Yield to attain the best yield on investments, while considering risk constraints and cash flow needs; the basis or benchmark used to determine whether market yields are being achieved will be the one-year Treasury Bill chosen for its comparability to the portfolio's maximum weighted average maturity.

Operating Fund

The primary objective of the investment strategy for the operating fund will be to ensure that anticipated cash flows are matched with adequate investment liquidity. Maturities will be staggered to meet operating expenditures, based on known and projected cash flows and market conditions. The number of months stated in this policy is the maximum maturity for the securities in the portfolio.

Building Fund

The primary objective of the investment strategy for the building fund will be to ensure that maturities are matched with anticipated cash flows. Maturities will be staggered so that they coincide with estimated draw down dates based on construction schedules and estimated project completion dates.

Debt Service Fund

The primary objective of the investment strategy for the debt service fund will be to ensure that investment liquidity is adequate to

cover each succeeding debt service obligation on the required payment date. No investments may be made that exceed the next unfunded debt service payment date.

Debt Service
Reserve Funds

Debt service reserves have no anticipated expenditures. The funds are deposited to provide annual debt service payment protection to bond holders. Market conditions and arbitrage regulation compliance determine the advantage of security diversification and liquidity. Generally, if investment rates exceed the applicable arbitrage yield for a specific bond issue, the College District is best served by locking in investment maturities and reducing liquidity. If the arbitrage yield cannot be exceeded, the concurrent market conditions will determine the attractiveness of locking in maturities or investing shorter and anticipating future increased yields. Managing the portfolios maturities to not exceed the call provisions of the bond issue will reduce the investment's market risk if the College District's bonds are called and the reserve fund liquidated. No investment maturity will exceed the maximum amount stated earlier in this policy. All portfolio investments will be in compliance with bond covenants and insurance requirements of all bond issues.

**Capitalization
Threshold**

~~The capitalization threshold for purposes of classifying individual capital assets shall be \$5,000 or more.~~

The District President or designee ~~shall~~will determine the capitalization threshold for individual capital assets and for a group of assets, the individual cost of which does not exceed the capitalization threshold ~~above~~ but for which the cost in the aggregate is significant.

Comprehensive Safety Program

The College District ~~shall~~will take every reasonable precaution regarding the safety of its employees, students, visitors, and all others with whom it conducts business. A designated administrator ~~shall~~will be responsible for developing, implementing, and promoting a comprehensive safety program.

The general areas of responsibility include, but are not limited to, the following:

1. Guidelines and procedures for responding to emergencies-
and disasters. [See CGC and CGE]
2. Fire safety and prevention programs.
- 2.3. Program activities intended to reduce the frequency of accident and injury.
- 3.4. Program activities intended to reduce the ultimate cost of accidents and injuries through investigation and documentation.
- 4.5. Program activities that identify and develop prudent methods of financing loss costs on an annual basis, including the purchase of commercial insurance, self-insured retentions, and risk pooling.
- 5.6. Driver education programs, when available.
- 6.7. Vehicle safety programs.
- 7.8. Traffic safety programs and studies related to employees, students, and the community.

Information Management

The ~~College~~District President or designee ~~shall~~will be responsible for the collection, storage, and analysis of relevant operational and historical data required to develop sound procedures for implementation and operation of the comprehensive safety program.

Note: For provisions addressing the College District's information security program, see CS.

NEW POLICY

Purpose

Collin College is committed to providing an academic environment that is respectful of the religious beliefs, if any, of its students, in accordance with state and federal laws and regulations. The purpose of this policy is to ensure reasonable accommodations will be provided to students whose sincerely held religious beliefs conflict with a Collin College policy, procedure, and/or program or academic requirement. The purpose of this policy is to also help ensure compliance with students' observance of religious holy days in accordance with state law. See FC(LEGAL).

Definitions

For purposes of this policy, the following definitions apply.

A "religious accommodation" is a reasonable adjustment to an academic or clinical program of the College District.

A "religious holy day" means a holy day observed by a religion whose places of worship are exempt from property taxation under Tax Code 11.20 as defined in FC(LEGAL).

An accommodation may cause "undue hardship" if it is an action or request that would pose an unreasonable burden or significant difficulty or expense to the College District considered under the factors allowed by law. The determination of undue hardship is dependent on the facts of each individual situation and will be made on a case-by-case basis.

A "fundamental alteration" is a change to an academic, program, service, or activity of the College District that significantly changes the essential nature of the academic course, program, service, or activity (i.e., course design or degree requirements).

Attendance Accommodations for Religious Holy Days

The District President or designee will develop procedures for addressing excused absences of students, including for absences due to religious holy days, consistent with applicable law. The procedures will be published in the student handbook, catalog, and/or official publications of the College District.

Consistent with state law and regulations, if there is a disagreement about the excused absence for the observance of a religious holy day or about the reasonable time to complete a missed assignment or examination, either the student or the faculty member may request a ruling from the District President or designee. The student and the faculty member will abide by the decision of that individual.

**Religious
Accommodations in
Clinical Programs
that Involve Patient
Care**

Religious accommodation requests of students in clinical programs of the College District will be evaluated on a case-by-case basis. Religious accommodation requests that cause an undue hardship to the College District, result in a fundamental alteration, and/or are objectively unreasonable may not be granted.

Religious accommodation requests of students in a clinical program that involve patient care may depend on the requirements imposed by external hospitals and clinical partners where the clinicals or labs are hosted. A religious accommodation in a clinical program may require placement at a different hospital or clinical partner, if available. If not available, granting the religious accommodation may delay the student's completion of the clinical program.

The District President or designee will develop procedures addressing religious accommodations in clinical programs that involve patient care, consistent with law, for students whose sincerely held religious beliefs conflict with a Collin College policy, procedure, and/or program or academic requirement.

To request a religious accommodation in a clinical program that involves patient care, a student must submit the appropriate form to the Accommodations at Collin College for Equal Support Services (ACCESS) Office.

**Student Code of
Conduct**

College District students are both citizens and members of the academic community. As citizens and students, they enjoy the same freedom of speech, peaceful assembly, and right of petition that other citizens enjoy. As members of the academic community, they are subject to the obligations that are theirs by virtue of this membership.

The College District expects its students to conduct themselves in a manner that reflects credit upon the institution they represent. There are two basic standards of behavior required of all students:

1. They will adhere to College District policies and municipal, county, state, and federal laws; and
2. They will not interfere with or disrupt the orderly educational processes of the College District.

Students are entitled to only those immunities or privileges by law as enjoyed by other citizens. In the event any provision of this policy conflicts with the laws of the State of Texas or the United States of America, the state or federal law will prevail.

**Scholastic
Dishonesty**

Every member of the College District community is expected to maintain the highest standards of academic integrity. All work submitted for credit is expected to be the student's own work. The College District may initiate disciplinary proceedings against a student or program applicant accused of scholastic dishonesty. While specific examples are listed below, this is not an exhaustive list, and scholastic dishonesty may encompass other conduct, including any misconduct through electronic or computerized means. Scholastic dishonesty includes, but is not limited to, one (1) or more of the following acts:

1. Cheating;
2. Collusion; and/or
3. Plagiarism.

Definitions of the scholastic dishonesty terms listed above are located in the current Student Code of Conduct.

In cases where an incident report has been filed for an alleged violation of scholastic dishonesty, the faculty member may either:

1. Delay posting a grade for the academic work in question until the case is finally adjudicated under policy FMA; ~~by the Dean of Students Office~~ or
2. May enter a temporary placeholder grade of zero, along with an explanatory note, on the assignment(s) under review until

the case is finally adjudicated under policy FMA. ~~by the Dean of Students Office~~

A final grade for the course ~~shall~~will not be entered prior to a final resolution of the case ~~by the Dean of Students Office~~.

A student found responsible for a scholastic dishonesty offense(s) will receive an appropriate disciplinary penalty or penalties under policy FMA ~~from the Dean of Students Office~~. The student may also receive an academic penalty in the course where the scholastic dishonesty took place. The faculty member will determine the appropriate academic penalty based on their syllabus policies and in compliance with law, which may include, but is not limited to, a grade of zero (0) on the assignment or failing the course.

Note: For procedures related to student discipline, see FMA.

Penalties for Student Misconduct

If a student commits an infraction or engages in misconduct, the College District may impose one or more of the following types of penalties:

Options in Scholastic
Dishonesty Cases

For first-time cases of scholastic dishonesty and within three College District business days of receiving the report of alleged scholastic dishonesty, the dean of students or designee will send an email informing the student of the allegation(s) and providing the following two options:

1. The student may appear for a notification conference to be held within a reasonable time, not to exceed five College District business days, following the date of the email from the dean of students or designee; or
2. The student may review, sign, and return to the dean of students or designee a no contest plea form.

The no contest plea form will provide detailed information regarding the allegation(s), that the student immediately accepts an administrative decision finding the student responsible, that the student accepts the penalty(ies) imposed as part of the administrative decision, and that the student waives the right to appeal the administrative decision. The penalties contained in the no contest plea form are not subject to modification or negotiation. The student must sign, date, and return the no contest plea form via email to the dean of students or designee by the deadline provided or within two College District business days following the date of the email from the dean of students or designee. Once the no contest plea form is signed and received by the dean of students or designee, the administrative decision of the dean of students or designee will be final as of the date of the student's signature, binding, and the student will not be allowed to appeal that administrative decision.

If the student does not submit the signed no contest plea form to the dean of students or designee by the deadline provided, the notification conference will be held within a reasonable time, not to

exceed five College District business days, following the date of the initial email from the dean of students or designee. At the notification conference, the dean of students or designee will inform the student of the allegation(s) and provide the student an opportunity to respond and submit applicable documentation or evidence for consideration by the dean of students or designee.

Reasonable requests for extensions of time to hold the notification meeting may be considered and granted by the dean of students or designee at their sole discretion. Requests for extensions to sign and return the no contest plea form will not be granted.

“Not Responsible”
Administrative
Decision

After conferring with the student at the notification meeting, if the dean of students or designee determines the student did not commit a violation, the student will be found not responsible and will not be issued a disciplinary penalty under FM.

The student will be provided written notice of the “Not Responsible” administrative decision. A “Not Responsible” administrative decision from the dean of students or designee will be final, ~~and~~ binding, and the student will not be allowed to appeal the “Not Responsible” administrative decision.

Informal Resolution

For cases not involving allegations of scholastic dishonesty, if the dean of students or designee determines that addressing the allegation(s) informally is more appropriate, the dean of students or designee will recommend an informal resolution of the allegation(s).

The dean of students or designee may recommend behavioral directives to support compliance with the College District’s *Student Code of Conduct*. If the student agrees to comply with all recommended behavioral directives, the dean of students or designee will issue an Informal Resolution Agreement and the student will not be issued a disciplinary penalty under FM. As part of the Informal Resolution Agreement, the student will be required to sign an Acknowledgement Statement indicating the student will comply with the *Student Code of Conduct* for the designated time or for the remainder of their attendance at the College District. Once the Acknowledgement Statement is signed, the Informal Resolution Agreement will be final, binding, and the student will not be allowed to appeal the informal resolution.

DISCIPLINE AND PENALTIES
DISCIPLINE PROCEDURE

FMA
(LOCAL)

Formal
Administrative
Decision and
Misconduct
Warranting a
Disciplinary Penalty

If the dean of students or designee determines the student committed misconduct that warrants a penalty or penalties under FM, the dean of students or designee will provide the student a written administrative decision with notice of the penalty or penalties and the student's options, including the right to appeal to the Disciplinary Appeals Committee (DAC).

Student Chooses to Appeal the Administrative Decision

If the student chooses to appeal the administrative decision of the dean of students or designee, they must submit the Disciplinary Appeal Request Form contained in the administrative decision documents ~~within five on or before the tenth~~ College District business days following the administrative decision. Once the deadline for filing an appeal has passed, the administrative decision of the dean of students or designee will be final, binding, and the student will not be allowed to appeal that decision. The student will be expected to comply with all disciplinary penalties and obligations set forth in the administrative decision.

Student Chooses to Accept the Administrative Decision

A student who chooses to accept the administrative decision rendered by the dean of students or designee will sign an Acceptance of the Administrative Decision Statement indicating they understand:

1. The *Student Code of Conduct* violation(s) and findings,
2. The disciplinary penalty or penalties imposed, and
3. That by signing the Acceptance of the Administrative Decision Statement they voluntarily waive the right to appeal the decision.

The Acceptance of the Administrative Decision Statement must be signed no later than ~~ten~~ five College District business days following the administrative decision. Once the Acceptance of the Administrative Decision Statement is signed, the administrative decision of the dean of students or designee will be final, binding, and the student will not be allowed to appeal that decision. The student will be expected to comply with all disciplinary penalties and obligations set forth in the administrative decision.

Student Chooses to Take No Action

If the student does not sign the Acceptance of the Administrative Decision Statement or submit the Disciplinary Appeal Request Form by the stated deadline, the administrative decision of the dean of students or designee will be final, binding, and the student will not be allowed to appeal that decision. The student will be expected to comply with all disciplinary penalties and obligations set forth in the administrative decision.

*Scholastic
Dishonesty
Violations*

If the student was found responsible (whether by signing a no contest plea form or after investigation) for a scholastic dishonesty violation, as defined in the College District's *Student Code of Conduct*, the student may will also receive a scholastic penalty in the course where the scholastic dishonesty took place. The faculty member will determine the appropriate scholastic penalty, which may range from a grade of zero (0) on the assignment to failing the course. [See FLB and FM.]

Interim Disciplinary
Action

At any time during the adjudication process under the policy, the dean of students or designee may take immediate interim disciplinary action including, but not limited to, temporary immediate suspension pending a hearing, against a student for policy violations if the continuing presence of the student poses a danger to any persons or property or an ongoing threat of disrupting the educational environment.

Honor Council

The College District's Honor Council will review and adjudicate reports of subsequent allegation(s) of scholastic dishonesty (i.e. repeat offenders) under this policy.

Once a referral from the dean of students or designee is made, the Honor Council will assign the disciplinary matter to a panel chair. The following steps apply:

1. The panel chair will convene the panel of Honor Council members assigned to review the disciplinary matter.
2. The panel members will review the documentation and evidence related to allegations of scholastic dishonesty.
3. The panel chair will request a written response to the allegations from the student within five College District business days of the date the panel chair notifies the student.
4. Once the panel chair notifies the student that a response is requested, the panel chair will place the disciplinary matter on the agenda for consideration at the next scheduled meeting of the Honor Council. The Honor Council panel chair may not place a disciplinary matter on the agenda for consideration for a meeting that is more than sixty (60) College District business days from when the matter was first referred to the

Honor Council by the dean of students or designee. If the Honor Council is unable to meet and issue a written determination within sixty (60) College District business days, the Honor Council panel chair must refer the matter back to the dean of students for formal disciplinary adjudication.

5. The panel chair will present the disciplinary matter and recommendations to the Honor Council for consideration and vote. The recommendations of the panel require a majority vote of the Honor Council, with a quorum present.
6. Once the Honor Council votes, the panel chair will issue a written determination form finding the student responsible or not responsible for the alleged violations and, if applicable, recommending an appropriate disciplinary penalty or penalties as listed in policy FM.
7. The panel chair will send the written determination form to the dean of students or designee for transmitting the notification to the student.

The dean of students or designee will transmit the written determination of the Honor Council to the student within three College District business days, along with notification of the student's right to accept or appeal the Honor Council's decision by the deadline provided.

In cases where expulsion is not recommended by the Honor Council, the decision of the Honor Council's written determination may be appealed to the designated leadership team member as provided in this policy.

In cases where expulsion is recommended, the student may appeal to the District President or designee as provided in this policy.

Composition of
Honor Council

Honor Council members will be selected according to procedures developed by the District President's designee or the senior vice president of campus operations.

The Honor Council will be a standing Collin College committee that meets at least one (1) time per month or more frequently depending

on need during the academic calendar year, not including Collin College-approved holidays or closings.

Each Honor Council panel will be comprised of at least four Collin College faculty members who represent Collin College's various academic and workforce disciplines and campuses, at least two individuals from the dean of students office, and at least one current member of the student government association or current student who is in good academic and disciplinary standing. The Honor Council may not be comprised of more than ten members, excluding the chairperson, at one time.

One Honor Council member will be elected to act as chairperson. The chairperson will designate an appropriate Honor Council member to act as panel chair for each disciplinary review panel. The Honor Council panel chair will coordinate with the dean of students or designee to obtain documentation related to the student's prior scholastic dishonesty case(s).

Honor Council
Procedures

All Honor Council procedures will written and included in the current Student Code of Conduct.

2. 4. A student may not be compelled to testify.

**Disciplinary Appeals
Committee (DAC)**

The Disciplinary Appeals Committee (DAC) will be convened at the request of a student appealing the ~~formal~~-administrative decision and/or disciplinary penalty or penalties imposed by the dean of students or designee. The student's ~~request-appeal~~ must be submitted in writing within five ~~ten~~ College District business days of the

The designated leadership team member may set reasonable scope and time limits for the conference. The conference will be audio recorded.

AGENDA ITEM: Report Out of the Finance and Audit Committee and Consideration of Approval of the Facilities Fee Schedule Effective September 1, 2025

DISCUSSION: Board Policy GD (Local) establishes the guidelines for the use of District facilities by community groups and organizations. The Facilities Fee Schedule was last approved by the Board on August 27, 2024.

Proposed fees are listed on the attachment, including increased fees for events, police, technical, housekeeping, or facility support.

The increase in fees offsets the cost of Collin employees managing the leasing and staging of external events. The District will review facility usage fees every year.

GD (Local) gives the District President the authority to waive the facility use rental fee if the use serves an appropriate College District or public purpose. The District is charged with being a good steward of taxpayer funds, so it is essential that the District recovers the costs associated with hosting and staging events for external patrons to avoid the gifting of public funds.

DISTRICT PRESIDENT'S RECOMMENDATION: The District President recommends approval of the of the Facilities Fee Schedule effective September 1, 2025.

SUGGESTED MOTION: "Mr. Chairman, I make a motion that the Board of Trustees of Collin County Community College District approves the Facilities Fee Schedule effective September 1, 2025."

Collin County Community College District Board of Trustees

2025-06-4

June 24, 2025

Resource: Dr. Abe Johnson
Sr. Vice President, Campus Operations

AGENDA ITEM: Consideration of Approval of a New Associate of Applied Science Degree Program in Medical Laboratory Technician

DISCUSSION: The 2023-2030 Collin College Master Plan identifies a priority to expand college programs and facilities to accommodate growth and employment needs throughout the service area, and the 2023-2030 Strategic Plan has identified a goal to create and implement comprehensive pathways to enrich the student experience and support student completions. Labor market analysis has indicated a demand for medical/clinical laboratory technicians. This new degree program has been researched and developed in accordance with the criteria required by the Texas Higher Education Coordinating Board (THECB) and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). These criteria include job market analysis, employment projections, enrollment projections, integration of the general education core with career and technical skills, faculty recruitment planning, and industry advisory committee input. Collin College's Curriculum Advisory Board and Academic Leadership also reviewed the degree plan and recommended approval. Assuming all necessary approvals are received from the THECB and SACSCOC, the coursework in this program will be offered at the Frisco Campus.

The proposed AAS degree in Medical Laboratory Technician includes 20-semester credit hours of transfer-oriented courses (15 semester credit hours fulfilling general education requirements) and 40-semester credit hours of workforce education coursework. As required by Texas law, the AAS degree requires students to complete a total of 60 semester credit hours. Those completing the proposed AAS in Medical Laboratory Technician will be capable of meeting admissions requirements for Collin College's BAS in Clinical Operations Management.

**DISTRICT PRESIDENT'S
RECOMMENDATION:**

The District President recommends approval of the new Associate of Applied Science degree in Medical Laboratory Technician.

SUGGESTED MOTION:

"Mr. Chairman, I make a motion that the Board of Trustees of Collin County Community College District approves the new Associate of Applied Science degree in Medical Laboratory Technician."

Sr. Vice President, Campus Operations

AGENDA ITEM: Consideration of Approval to Establish and Adjust Fee Ranges for Continuing Education Courses

DISCUSSION: The Board last approved Continuing Education (CE) course fee ranges in September 2018. While course fee increases within those ranges have been implemented, the upper ranges for fees have not been adjusted to meet market demands. Therefore, new ranges (per contact hour) are being proposed for a broad range of CE courses. The proposed recommended fee ranges are based on costs of funding operations and are consistent with similar training offered in the North Texas market. Due to market changes and varied demands for training, the fees and courses may need to be adjusted to meet workforce and enrollment demands.

ADMINISTRATION RECOMMENDATION/REPORT

The District President recommends that the Board of Trustees approves the contract for relocation and moving services from Berger Transfer & Storage Inc. for the District.

BACKGROUND

Berger Transfer & Storage Inc. provides relocation and moving services for the District. It was originally anticipated that the annual contract spend would not exceed \$100,000. However, ongoing campus renovations and the need for furniture moving and storage are expected to cause the annual spend to exceed \$100,000.

Reference Number SCON-100914 was issued to track contract spend for the District. Berger Transfer & Storage Inc. has a contract through the E&I cooperative purchasing program, Contract Number 01504, to provide relocation and moving services. The contract complies with the competitive procurement requirements outlined in Section 44.031 of the Texas Education Code, as permitted through Section 791.011 of the Texas Government Code.

IMPACT OF THIS ACTION

A spend increase supports the ongoing furniture moves and storage needs at the CHEC, Plano, and Courtyard campuses as part of the ongoing renovation efforts.

BUDGET INFORMATION (INCLUDING ANY STAFFING IMPLICATIONS)

This purchasing request is for spend authorization of \$150,000, which is budgeted in various departments' FY25 operating budgets. Current contract spend is \$92,278.

MONITORING AND REPORTING TIMELINE

The contract term is September 1, 2024 through August 31, 2025.

ADMINISTRATION RECOMMENDATION/REPORT

The District President recommends the Board of Trustees approves the extension of the contract for telehealth and telepsychiatry services from TimelyCare for the District.

BACKGROUND

TimelyCare has provided telehealth and telepsychiatry services for our students, adjunct faculty, and part-time employees since 2021.

A Request for Proposal Number 4448 was issued to procure telehealth and telepsychiatry services for the District.

IMPACT OF THIS ACTION

These benefits also support Collin College's efforts to become the college of choice for our students and the employer of choice for our adjunct faculty and part-time staff.

BUDGET INFORMATION (INCLUDING ANY STAFFING IMPLICATIONS)

The Board has approved a total spend authorization of \$1,700,000 and the current contract spend is approximately \$1,558,000. This contract extension request is for an extension of 60 days of the contract, which concludes on July 31, 2025.

MONITORING AND REPORTING TIMELINE

The contract term is August 1, 2021 through September 30, 2025.

District Dean of Students Office Student Disciplinary Process Flowchart

This flowchart is an overview of the student disciplinary process. For specific procedures, see the *Student Code of Conduct* located in the current *Collin College Student Handbook* available at www.collin.edu/studentresources/deanofstudents/studenthandbook.html.

Student Appeals

If the student chooses to appeal the case adjudicator's administrative decision, they must submit the *Disciplinary Appeal Request Form* on or before the tenth College District business day following the administrative decision. The Disciplinary Appeals Committee (DAC) will be convened to hear the case. The DAC's decision may be appealed to the designated Leadership Team member.

The designated Leadership Team member may act to affirm, modify, remand, or reverse the DAC's decision. The designated Leadership Team member's decision is final and non-appealable, except when recommendation for Expulsion is affirmed by the designated Leadership Team Member.

If the designated Leadership Team member affirms the recommendation for Expulsion, the student may appeal to the College District President or designee. The College District President or designee's decision is final and non-appealable, unless the student's petition to revoke the Expulsion is approved.

Student Accepts

A student who chooses to accept the case adjudicator's administrative decision will sign an *Acceptance of the Administrative Decision Statement* indicating they understand:

1. The *Student Code of Conduct* violation(s),
2. The disciplinary penalty or penalties imposed, and
3. That by signing the *Acceptance of the Administrative Decision Statement* they voluntarily waive the right to appeal.

The statement must be signed no later than 10 College District business days following the administrative decision. Once the statement is signed, the administrative decision will be final, binding, and the student will not be allowed to appeal that decision. The student will be expected to comply with all disciplinary penalties and obligations set forth in the administrative decision.

Student Takes No Action

If the student does not sign the *Acceptance of the Administrative Decision Statement* or submit the *Disciplinary Appeal Request Form* by the stated deadline, the case adjudicator's administrative decision will be final, binding, and the student will not be allowed to appeal that decision. The student will be expected to comply with all disciplinary penalties and obligations set forth in the administrative decision.

SOURCE: BLOOMBERG, CME

- Core Personal Consumption Expenditure YoY is the Fed’s preferred inflation gauge.
- Core excludes food and energy components.
- Core PCE YoY is currently at 2.5%, not quite at the Fed’s 2% target, but far below the 5.6% peak in 2022.

Labor Force Participation Rate 25-54 Year Olds

The labor force participation rate (LFPR) for “prime aged workers” (25-54 year olds) has been climbing since pandemic lows.

Fed Chair Powell stated recently that the labor market remains solid.

The large increase in the LFPR in 1970s and 1980s was primarily due to many more women entering the workforce.

Quarterly Investment Report

AS OF MAY 31, 2025

M E E D E R

PUBLIC FUNDS

OBSERVATIONS AND EXPECTATIONS

- Market volatility from the April tariff turmoil declined materially in May
- Fed rate cuts continue to get pushed out later in the year per the futures market
- GDP declined for the first quarter of 2025 by -0.2% primarily due to record imports
- Inflation remains rangebound, and above the Fed's 2% target
- The labor market continues to be solid with the unemployment rate below average
- Interest rates across the yield curve were higher for the month of May

- The Federal Reserve's last rate cut was Dec 2024.
- The Fed and futures market data expect/show two .25% cuts are projected later this year.
- Tariff uncertainty may keep the Fed on hold longer.

Fed Funds History

SOURCE: BLOOMBERG, CME

- Core Personal Consumption Expenditure YoY is the Fed’s preferred inflation gauge.
- Core excludes food and energy components.
- Core PCE YoY is currently at 2.5%, not quite at the Fed’s 2% target, but far below the 5.6% peak in 2022.
- Economists surveyed by Bloomberg expect Core PCE YoY to climb later this year due to tariff impacts.

Labor Force Participation Rate 25-54 Year Olds

The labor force participation rate (LFPR) for “prime aged workers” (25-54 year olds) has been climbing since pandemic lows.

Fed Chair Powell stated recently that the labor market remains solid.

The large increase in the LFPR in 1970s and 1980s was primarily due to many more women entering the workforce.
