Trustee Parsons seconded.
With no further discussion, the motion carried 7-0.

6. BOARD MEMBER REPORTS

President Hendrix recognized incoming Fernley High School (FHS) Student Body President Alauna Escartin. She updated the board on events happening at the high school, including orientation for incoming students, a Fernley Intermediate School (FIS) field day with 6th graders' activities, prom around the corner, spring athletics, and recent elections for student council.
Trustee Parsons spoke about Fernley athletics, sour dough bread from Dayton High School (DHS), and different track events. She noticed the road was graded at the Dayton schools and suggested adding benches around the pit. She felt the Mr. FHS contest winner did an excellent job giving advice to incoming freshman: to take your time, enjoy the experience, and go out of your way to make friends.
Trustee Day spoke about the "We the People" event at Dayton Elementary School (DES), the Student Absenteeism Advisory Board (SAAB), and the Trade Fest at Silver Stage High School (SSHS). She attended the DHS volleyball championship, participated in a district podcast, and presented the Silver Stage Nighthawk Voices of Tomorrow for their work during a meet the candidates night.
Trustee Farr spoke about the Silverland Middle School (SMS) leadership class who provided breakfast to thank teachers, and teacher appreciation at Fernley Elementary School (FES). He gave recognition coins in appreciation to Dolan Auto Group for their significant donations to our schools over the years. He spoke highly of Ms. Ferguson's FHS drama class performance.
Trustee Bull attended Dayton site visits and Yerington High School (YHS) senior presentations. He attended the Yerington track meet with many schools competing, and participated with the Lion's Club who donated burgers and hot dogs for the athletes. He spoke about SVS and Yerington baseball and the State Championship.
Clerk Carson spoke about the last days of school and finals, wishing everyone a strong finish to the year.
President Hendrix visited DHS classes including Special Education classrooms. He commented on open doors propped open and spoke on the safety of the schools. He attended a grand opening for a business in Silver Springs with SSHS students in attendance, sharing his opinion that students need to be in school learning and not at grand openings for businesses. He went to the Veterans Memorial Day Event.

7. STUDENT REPRESENTATIVE REPORT

8. ATTITUDE OF GRATITUDE

The board members read notes of gratitude written by students across the district.

9. SUPERINTENDENT REPORT

Superintendent Logan congratulated Alauna Escartin for being elected as the FHS incoming Student Body President. He extended his thanks to FIS for hosting our meeting, and he spoke on the anticipation of the awards nights, activities and graduations coming up. He announced that about 60 of our district's seniors will receive an associates degree from dual

enrollment with WNC, and he introduced FIS incoming Principal Reema Pulsifer.
Rachel Croft was given time to present information on the National Board of Teachers, and she recognized Jerri Kerns, pinning her with this prestigious award. Jerri and multiple LCSD teachers have gone through this rigorous training and professional development and are recognized as leaders among their peers.

10. PUBLIC PARTICIPATION:
Public comment was made by Patrick Billings, SSHS Social Studies teacher. He shared his 21 years of experience working with many different administrators to foster the teaching environment in LCSD. He spoke positively about the culture and supportive environment extended to students and teachers. He shared that retention is a challenge, not because of the administrators' lack of support, but due to student and parent apathy, lack of student motivation, absences, student substance abuse, and social media addiction. His full comments are attached to the minutes.
Bridget Perez, a veteran teacher, served as an LCSD teacher leader and served on the state's Teacher Recruitment & Retention Committee. She addressed a statement made at the last meeting that teachers are leaving due to administrators driving them away. With her experience she shared that this is a nationwide issue and the causes are complex, varying from stress, burnout, and student behaviors, making more money elsewhere, and mental health issues. Teachers are responsible for more than instruction and LCSD provides supportive leadership. Publicly blaming one group damages morale. Her full comments are attached to the minutes.
Principal Amber Cross addressed President Hendrix's concern about SSHS students being at a business opening. She explained that the leadership students were invited off campus during their lunchtime for the opportunity to accept a check from the new business. She also spoke to comments made by Trustee Whisler at the April meeting, suggesting that teachers are afraid of their administrators, that teacher shortage is an internal problem rooted in a "good ol'boy system" and that administrators do not follow policy and sweep things under the rug. She gave her arguments against these comments, gave examples of the honest motivation and dedication shown by administrators, and shared factual, legitimate reasons that staff leave. Her full comments are attached to the minutes.
Assistant Principal Stephanie Coplan reflected on the professional encouragement and support she received as teacher and as assistant principal, by the leadership at LCSD. She plans to share the collaborative mentorship she was given and will continue to foster the educators she will serve in Smith Valley as principal. She says this is not a unique experience in LCSD and it is concerning when the board bases their opinions on the perceptions of a few. She recommended that they visit the schools directly. Her full comments are attached to the minutes.
Principal Duane Mattice spoke as President of the Lyon County Administrators Association (LCAA) to address the board's characterization that LCSD has a retention problem. He shared data suggesting that LCSD shows stability in comparison to other districts. Data shows our teaching staff is made up of 10% newer, less experienced teachers. Therefore, about 90% of LCSD teachers are experienced educators that have chosen to remain. Teacher attrition has decreased statewide since the implementation of SB231 benefits. Long-term substitues are a statewide reality, though stats show LCSD vacancies are lower than other districts. He spoke on Critical Labor designations as a proactive retention tool, useful when administrators have a small pool to choose from. He encouraged focusing on the positive initiatives that celebrate the stability growing in the district. His full comments are attached to the minutes.

Principal Jamie Henderson shared her thoughts on accusations made by Trustee Whisler at the previous board meeting. She pointed out a lack of professionalism by board members during open meetings and violations made to board policies that are intended to govern board conduct. Her full comments are attached to the minutes.
FHS Principal Ryan Cross addressed the attack on administrators at the previous meeting through inaccurate and uniformed statements by Trustee Whisler. FHS staff retention rate was at 97% last year which show that the claims about administrative failures are not based on facts. He pointed out the lack of adherance to board policies on the Code of Conduct and Oath of Office, and the use of open meetings to air personal grievances. He offered non-competitive salaries as one cause for the recruitment challenges. His full comments are attached to the minutes.
Erin Korf commented on the increasingly negative and unproductive criticism directed at administration during open meetings that undermines the positive environment needed to support school communities. The comment that teachers are afraid to report or have discussions with administrators may be true for a few but not the majority. She spoke on the unprofessional attitude the board has shown in meetings in front of stakeholders. She encouraged constructive comments that are respectful, factual, and focused on solutions.
Brian Lee, with the Nevada Certified Education Association, spoke on teacher retention as a longstanding problem across the counties in Nevada. He asserted that LCSD has an exemplorary record for supporting teachers with professional development. He referred to recent comments made by trustees as discourteous and unprofessional. He stated that this was contrary to the long standing practice that administrators are not disciplined in public by board members, but in private by the superintendent. He cited Open Meeting Law and NRS 241.033 all employees entitled to advanced notice when speaking of character, alledged misconduct, or professional competence. The board's comments demoralized the staff members and violated the spirit and letter of the law. He asked that the board comply with regulations going forward.
Eric Nelson resident offered information for agenda item 22, internet technology. He shared his experience in internet vulnerability, offered the basics on white list or black list systems for protection, and suggested layered tiers of access, maybe teachers could have full access, and tier it down. There are companies can create the lists and update them as they are created.

11. **CONSENT AGENDA (FOR POSSIBLE ACTION):** Per LCSD Board Policy BDD: Board Meeting Procedures, all matters listed under the consent agenda are considered routine and may be acted upon by the Board of School Trustees with one action and without discussion. During this meeting, any member of the Board may request that an item be removed from the consent agenda, discussed, and acted upon separately.
Trustee Farr made a motion to approve the consent agenda as presented.
Trustee Bull seconded.
With no further discussion, the motion carried 7-0.

A. Trustee Questions & Answers: This information will be posted after 12:00 pm the day of the board meeting if questions are asked. No questions were asked.
B. Request for Early Graduation/HSE (confidential)
C. Personnel Reports
D. Travel

Total $2,721,043.96

12. ACCEPTANCE OF DONATIONS
Trustee Parsons made a motion to accept the donations made to the schools.
Clerk Carson seconded.
With no further discussion, the motion carried 7-0.

13. FY2026-27 BUDGET - PUBLIC HEARING
A. OPEN BUDGET-PUBLIC HEARING:
Conduct public hearing on the FY 2026-27 tentative budget to provide citizens with the opportunity for input and comment on the district's proposed budget.
President Hendrix opened the public hearing for discussion. There was no comment.
B. CLOSE BUDGET - PUBLIC HEARING
President Hendrix closed the public hearing.

14. **(For Possible Action)** Discussion and possible action to provide district administration further direction on the LCSD FY2027 tentative budget and/or approve it as the LCSD FY2027 final budget. This item is being presented by Executive Director of Operations Harman Bains and Chief Financial Officer Lilliana Camacho-Polkow.
The 2026-27 Budget was presented.
Trustee Farr made a motion that the Board approve the final budget for the fiscal year ending June 30, 2027.
Trustee Day seconded.
With no further discussion, the motion carried 7-0.

15. **(For Possible Action)** Discussion and possible action regarding the LCSD 5 Year Capital Improvement Plan. This item is being presented by Executive Director of Operations Harman Bains and Chief Financial Officer Lilliana Camacho Polkow.
5 year CIP was presented as needed to match the budget. Changes were mainly in bond projects.
Trustee Bull made a motion that the Board approve the 5 Year Capital Improvement Plan as presented.
Clerk Carson seconded.
With no further discussion, the motion carried 7-0.

16. **(For Possible Action)** Discussion and possible action regarding the Boys and Girls Club of Mason Valley and partnership with the 21st Century after-school program. This item is being presented by BGC CEO Travis Crowder and Director of Development Nick Beaton.
Nick Beaton and Travis Crowder, from the Boys and Girls Club (BGC) of Mason Valley spoke on the partnership between LCSD and the BGC. Mason Valley has close to 1300 participants almost daily. The club and organization supports families in building leadership in kids. Currently they are developing of the Dayton Early Learning Center for infants to preK age children and planning a new clubhouse campus and early learning center in Silver Springs. Grants are needed as well as continuous collaboration with the school district. Transportation has been a challenge, as it is with the schools. No child is turned away. They work with families to fund programs. It costs approximately $40 for a week to feed one child. However it is still the lowest in the state.

The board appreciated the presentation and shared thoughts on the benefits the club brings to families and kids.
No motion was made.

A break was taken at 8:10 PM.
The meeting was called back to order at 8:30 PM.

17. **(For Possible Action)** Discussion and possible action regarding the Guaranteed Maximum Price for the Yerington High School and Silver Stage High School Single Point of Entry Projects. This item is being presented by Executive Director of Operations Harman Bains.

The Guaranteed Maximum Price was presented for the YHS and SSHS Single Point of Entry projects. Both projects came in on budget and Pellet Construction is ready to start once approved.
The Silverland Middle School project will be done by our staff. The bid came in much higher than anticipated and the district is confident that our team has the knowledge, talent and ability to do it at a significantly lower cost.
Trustee Farr made a motion that the Board approve the Guaranteed Maximum Price of $195,572.13 for the Yerington High School and $283,372.01 for Silver Stage High School Single Point of Entry projects.
Trustee Bull seconded.
With no further discussion, the motion carried 7-0.

18. **(For Possible Action)** Discussion and possible action regarding a contract with Chartwells as LCSD Nutrition Services Management Company for the 2026-27 school year. This item is being presented by Executive Director of Operations Harman Bains.
Chartwells requires annual approval for the 5 year contract. Chartwells has been a great partner, increasing participation, like breakfast in the classroom allowing more kids to eat meals, which essentially leads to higher reimbursements.
President Hendrix made a motion to approve the annual renewal of the 5-year contract with Chartwells as Lyon County School District food service management company.
Trustee Farr seconded.
With no further discussion, the motion carried 7-0.

19. **(For Possible Action)** Discussion and possible action regarding the catered dinners provided prior to regular LCSD school board meetings. This item is being presented by Board Member James Whisler and Executive Director of Operations Harman Bains.
Trustee Whisler questioned the practice of catered dinners before the board meetings for the trustees and staff who attend. He feels it is not unreasonable for people to get their own dinner. He reasoned that the district is making cuts, is short-staffed, and staff are overworked.
The trustees discussed the renegotiated cost of board meeting dinners, achieving an approximate 70% savings and reducing the annual expense to about $1300. While the Board agreed with contributing to expense cuts, most decided to continue providing the meals for practical reasons, as some members cannot go home before meetings.
President Hendrix made a motion to approve the continuation of board dinners at the newly negotiated rate effective June 2026.
Trustee Far seconded
There were further comments about the value in the opportunity to sit down together. Some

offered to pay for their meal if needed. Regarding the staff, they are hired by Chartwells and often times their schedule is flexed to accommodate longer days.
With no further discussion, the motion carried 5-2. Trustees Parsons and Whisler opposed.

20. **(For Possible Action)** Discussion and possible action regarding the Memorandum of Understanding for LCSD and the Silver Springs Mutual Water Company. This item is being presented by Executive Director of Operations Harman Bains.
The Memorandum of Understanding (MOU) with Silver Springs Mutual Water Co. (SSMWC) was put together as a result of a water use audit. SSMWC found that the district uses more water than it owns in water rights in the Silver Springs area. It addressed specific wells and water being used for each well. Through the MOU unused water rights will be dedicated elsewhere to cover the deficit. SSMWC will conduct a 2-year water audit to capture more accurate and current data. Modernizations and upgrades at the school campuses, like swamp coolers being replaced with efficient HVAC systems, will show there is less deficit than previously shown.
Director Bains commented that the SSMWC has been great to work with. He shared options for saving water at the facilities like replacing fields with AstroTurf.
Clerk Carson made a motion to approve the Memorandum of Understanding between Lyon County School District and the Silver Springs Mutual Water Company authorizing the dedication of 34.416 acre-feet annually from Permit No. 63258 to SSMWC through the Nevada Division of Water Resources.
Trustee Bull seconded.
Trustee Parsons asked where the water was coming from. It was explained that one well was being under utilized and would be repurposed to decrease the deficit of other wells.
She was concerned that the district may be giving away too much should enrollment change. She is not in favor of giving water away.
With no further discussion, the motion carried 6-1. Trustee Parsons opposed.

21. **(For Possible Action)** Discussion and possible action regarding the Memorandum of Understanding for LCSD and Walker River Little League. This item is being presented by Executive Director of Operations Harman Bains.
The MOU between Yerington's Walker River Little League (WRLL) and LCSD was brought forward for approval for the benefit of both organizations. Background information was given regarding the City of Yerington who donated Booth Parr Field a few years ago. After discussion, both wish to memorialize their shared understanding regarding the installation of upgraded lighting and ongoing field use, prioritizing access LCSD and WRLL athletic programs. WRLL raised the funds for the improvements through private community donors and sponsors. It is a significant gift to the school district and community.
Trustee Bull made a motion that the Board approve the Booth-Parr Field Lighting Replacement and Shared Use Memorandum of Understanding between Lyon County School District and Walker River Little League.
Trustee Farr seconded.
With no further discussion, the motion carried 7-0.

22. **(For Possible Action)** Discussion and possible action regarding the level of internet access as well as improved options to measure and control internet access that students, teachers, administrators, and employees have. This item is being presented by Executive Director of Operations Harman Bains.

The district internet filtering systems, primarily using Google Safe Search and Content Keeper, were discussed, with the explanation that while no filtering system is perfect, they use both whitelist and blacklist approaches to manage internet access while protecting students. The discussion revealed some concerns from students about internet restrictions potentially slowing down research and limiting access to necessary educational content. The board discussed internet safety measures and content filtering, focusing on the current use of Bark and other monitoring tools. Teachers and administrators receive daily alerts and weekly reports with data showing student activity. Teachers talk to students about safe internet use, and students lose computers or privileges when caught misusing them. They reviewed the process for unblocking specific websites with principal approval and examined the challenges they face with the constantly changing material on the internet. Go Guardian is being piloted in LyOnline distance ed and results are promising. The discussion highlighted the limitations of blacklist approaches and explored the potential benefits of a whitelist system, though no specific action items were decided upon. The board generally acknowledged that effective internet safety requires a unified approach involving software tools, teacher supervision, digital citizenship training, and parental involvement.
No motion was made.

23. **(For Possible Action)** Discussion and possible action regarding LCSD Board Challenge/Recognition Coins and their issuance, guardrails, and guidelines. This item is being presented by Board Member James Whisler.
The Trustees discussed the use of district recognition coins and who should have the authority to award them. Trustee Whisler expressed support for allowing administrators, cabinet members, and staff to use the coins but emphasized the importance of preventing misuse. President Hendrix referenced draft guidelines and sought input on who should be authorized to distribute coins and who should be eligible to receive them, including staff, students, and community members who go above and beyond. The nomination form provides justification for each award. They agreed that allowing too many people to distribute coins could diminish their significance.
Superintendent Logan shared that approximately 30 coins have been awarded this year and he recommended that administrators and cabinet members submit nominations to the Board to disburse. He suggested advance notice for practical reasons and potential HR considerations. Formal guidelines for the process will be drafted for future Board review.
No motion made.

Public Comment was made by FES Principal Jamie Henderson suggesting that principals may not be comfortable giving out that type of gift as it could create unintended division. Their staff nominate staff and students, and they see value in their own system.

24. **(For Possible Action)** Discussion and possible action regarding LCSD Policy IK: Grading, Interventions, Course Exemptions, Class Ranking as a first reading. This item is being presented by Executive Director of Education Services Heather Moyle.
Revisions to Policy IK: Grading, Interventions, Course Exemptions, Class Ranking were brought forward to better prepare students with a tiered approach in the grading system. Grades K-4 maintain the standards-based 4-point proficiency scale. Grades 5- 6 will be graded with a hybrid model using traditional letter grades, A-F, calculated under categories connected to a set of specific standards. Grades 7-12 will use the traditional letter grade model, each tied to course point ranges and values. Section 10 of the Administrative Regulations has a revision to class rank with honors. It specifies the time at LCSD during

high school for those eligible for honor status.
Clerk Carson made a motion that the Board approve the revisions to LCSD Board Policy IK: Grading, Interventions, Course Exemptions and Class Ranking as a first reading.
Trustee Day seconded.
With no further discussion, the motion carried 7-0.

25. **(For Possible Action)** Discussion and possible action regarding LCSD Policy JO: Student Education Records as a first reading. This item is being presented by Executive Director of Special Services Rachel Stewart.
Revisions to Policy JO: Student Education Records represent changes in distributing student identification records to 3rd parties due to the passing of Assembly Bill 6. The main groups affected are local groups and athletic leagues that want address information to advertise services and activities.
Trustee Farr made a motion that the Board approve the revisions to LCSD Board Policy JO: Student Education Records as a first reading.
Trustee Parsons seconded.
With no further discussion, the motion carried 7-0.

26. **(For Possible Action)** Discussion and possible action regarding the following LCSD policies as a second and final reading. No changes were made to these policies after the first reading. Any member of the Board may request that a policy be removed and discussed and acted upon separately.
A. LCSD Policy GBBP: Information Technology
B. LCSD Policy DA: Fundraising
Trustee Farr made a motion that the Board approve the second and final readings of Policies GBBP: Information Technology and DA: Fundraising.
Trustee Parsons seconded.
With no further discussion, the motion carried 7-0.

27. **(For Possible Action)** Discussion and possible action regarding the LCSD 2027 Board of Trustees Meeting Schedule. This item is being presented by Superintendent Tim Logan.
Trustee Bull made a motion that the Board approve the meeting LCSD Board meeting schedule for 2027.
Clerk Carson seconded.
With no further discussion, the motion carried 7-0.

28. **(For Possible Action)** Discussion and possible action on agenda items for future board meetings and/or information item requests, including a summary by the superintendent. This item is being presented by Board President Hendrix and Superintendent Tim Logan.

The next meeting is scheduled for Tuesday, June 23, 2026, at the PLC in Silver Springs.
Agenda items may include the following:
Trustees Farr announced the SMS Green Team event scheduled for Thursday, 6-8 PM.

DRAFT

Good Evening,

I would like to clear up some misconceptions regarding the struggle with teacher retainment. My name is Patrick Billings, and I have been a social studies teacher at Silver Stage High School for the past 21 years. I have been lucky enough to have worked under many amazing school leaders including my current administration, Mrs. Amber Cross and Mrs. Stephanie Coplan.

I have worked with my administration to develop data supported instruction, which included how to unwrap standards to build student centered learning intentions. From that, we built success criteria to increase rigor and support real world application in order to foster challenging and meaningful learning. We improved grading policies, increased tutoring days, and parent engagement. My principal saw my confidence and ability grow as I became a teacher leader to mentor new and struggling teachers.

When Mrs. Cross took over two years ago, she continued these highly successful initiatives and brought her own positive culture to our school. SHe has worked tirelessly to make a smooth transition for staff and students. She has built a loving and supportive educational culture that puts students first. We have monthly pep rallies to increase school spirit and field trips for perfect attendance and ACT growth. Our principal and vice principal are constantly present in the halls, lunch, and classrooms to provide support to teachers and positive interactions for students.

My Administration's positive attitude shines in our school and makes SSHS a better place. I know I can always go to both Mrs. Coplan and Mrs. When I have student concerns, lesson ideas, or stress in my life, they treat us like real people and work to always care for their staff and build us up.

All of this is to say that while teacher retention is a problem, it is not due to lack of administration support. In my opinion, lack of teacher retention is due to high levels of student apathy, obstinate student attitudes during assignments, a lack of curiosity and motivation, as well as high levels of chronic absenteeism. SSHS has dropped their rate by 18% by focusing on positive rewards and field trips for perfect attendance. Substance abuse by some students, problems created with social media addiction, and a lack of societal respect for education and teachers.

We have great things going on at Silver Stage High School. The majority of students are good but these are real problems. I love my job but teaching is not easy. Work to fix these problems and you may retain more teachers.

Good evening. My name is Bridget Perez, and I am a veteran teacher in the Lyon County School District. I have served as a teacher leader for the past five years, and I also served on Nevada's state teacher recruitment and retention committee.

I would like to address a recent statement suggesting that teachers are leaving primarily because site administrators are driving them away.

Teacher shortages are not unique to Lyon County. Nevada has struggled with educator recruitment and retention for many years, especially in rural districts, and this is a nationwide issue affecting schools across the country.

Through my work both locally and at the state level, the causes consistently identified are much broader and more complex than any single factor. These include compensation, housing costs, workload, burnout, increasing student behavior challenges, and competition from careers outside of education.

Many professionals with the same degrees and qualifications teachers hold can make significantly more money outside of education while facing far less daily stress and fewer behavioral challenges. That reality matters.

Teachers today are managing far more than instruction alone. Across the country, educators are dealing with increasing classroom disruptions, chronic absenteeism, mental health concerns, and behavioral issues that make the profession more demanding than ever before.

Leadership absolutely matters. Strong administrators can create positive school cultures and help teachers feel supported. Poor leadership can certainly contribute to teachers leaving. But reducing a statewide and nationwide crisis to a single cause oversimplifies the problem and creates unnecessary division.

Most teachers and administrators in this district are working extremely hard under difficult circumstances because they care deeply about students and

this community. Publicly blaming one group for a complex issue damages morale at a time when collaboration is needed most.

If we truly want to recruit and retain high-quality teachers in Lyon County and across Nevada, then we must focus on meaningful solutions: competitive compensation, teacher support and mentoring, improved working conditions, addressing student behavior challenges, and restoring respect for the teaching profession.

The question should not be who to blame. The question should be how we work together to make Lyon County a place where excellent educators choose to stay.

I have researched this topic in-depth and would love to share more with you.

Thank you for your time.

Good evening, Mr. President, Trustees of the Board, and community members. My name is Amber Cross and am the principal at Silver Stage High School.

I want to address comments made by Trustee Whistler at last month's board meeting in Dayton. Trustee Whistler stated that Lyon County can't keep teachers because "all the teachers he talks to are afraid of their administrators," and that our teacher shortage is an internal problem rooted in a so-called "Good Ol' Boy system." He further claimed that 80% of the issues are at the District Office, and only 20% are at the school sites.

As a high school principal, I must address these claims directly and honestly.

First, the greatest impact a leader has on a school is at the site level—where students learn, teachers teach, and families engage every day. While district leadership sets the vision and provides support, it is principals and teachers who build the culture, relationships, and trust that keep great educators in our schools. I see this every day at Silver Stage High School.

Mr. Whistler also accused administrators of not following policy and "sweeping things under the rug." I take offense at this—not for myself alone, but for every administrator who has stood in the gap for their students and staff. I have waited outside my school for the police after a bomb threat, never hesitating to be the first line of defense for my students and teachers. I have accepted the responsibility that comes with being principal, including risking my own safety if it means protecting my school community. These are not the actions of someone avoiding responsibility.

Teaching is a calling. Unlike the parents Mr. Bull referenced who discouraged their children from becoming teachers, I encouraged my own daughter to become a teacher, because I believe it is the most impactful, difference-making profession there is. Every day I work with educators who put in countless hours, who endure disrespect and frustration, and who still show up with love for our students and community.

When the board, who represent all taxpayers—including myself, my family, and my colleagues—publicly criticize and blame those of us in schools, it is not just disheartening. It is damaging to the culture we are trying to build, and it discourages the very people we need most: our teachers and staff.

I want to share the real reasons teachers leave my school:

- One was promoted—we helped her grow to reach her potential.
- One was a teacher intern, replaced by a licensed teacher.
- One got a job four miles from his house to avoid the daily grind of I-80 traffic.

These are not the symptoms of an internal problem—they are the realities of life and career growth. They are the results of leaders investing in and supporting their staff.

Viktor Frankl, a Holocaust survivor, said, “Love is wanting to uncover the potential in others.” That is why I am a principal. My mission is to find the strengths in my students, my teachers, my parents, and my colleagues—and help them shine. I do this every day, at every level. I love my people.

For those trustees who have visited and walked my school, thank you. My staff and students truly appreciate being recognized for their hard work. For those who have not, I respectfully invite you to come and see the positive and supportive environment we work so hard to create.

I am proud to be a leader in Lyon County. I stand with my fellow administrators and teachers, who fight for kids, support each other, and do the hard, rewarding work of education every single day. I ask the Board to join us in that mission, not tear us down.

Thank you.

Stephanie Coplan 5/26/26

As I prepare to step into the role of principal of Smith Valley next year, I would like to take this opportunity to share some reflections and insights from my time here in Lyon County. My journey in education has been profoundly shaped by the remarkable administrative support I received—support that not only empowered me as a classroom teacher but also encouraged my professional growth and pursuit of further learning.

During my tenure as a middle school teacher, the encouragement and resources provided by our administration were instrumental in allowing me to access extra learning opportunities for myself and my students. With that support, I was able to earn my NISL (National Institute for School Leadership) certification, as well as complete my administration degree, both of which were made possible with unwavering guidance from Amber, Erin, and other leaders in our district. Their mentorship modeled the collaborative and student-centered approach that I now strive to bring to my own leadership.

I can say with complete sincerity that I was happy and fulfilled as a classroom teacher in Lyon County. That sense of satisfaction came from daily experiences with students, strong collegial relationships, and a shared commitment to educational excellence. Now, as I transition into my own principalship, my focus is on supporting all teachers in managing their classrooms effectively and ensuring that each and every student receives the high-quality educational experience outlined in the Lyon County Student Bill of Rights and Portrait of a Learner. My goal is to build on the strengths of our staff and to foster an environment where every educator feels valued and empowered, so that every child can thrive.

It is important to note that my positive experiences are not unique. I believe, and have witnessed firsthand, that the majority of teachers and staff across the county share this same sense of satisfaction and commitment. It is therefore concerning when the board bases decisions or statements on the perspectives of a small group, yet refers to these views as representing the majority. If there is ever a question regarding teacher job satisfaction, I would encourage you—rather than relying on secondhand reports or singular conversations—to visit our schools, walk our halls, and speak directly with our dedicated educators and staff. The reality of our positive and collaborative school culture is best seen and felt in person.

Thank you for your continued support of our schools, teachers, and students. I look forward to working together to make Lyon County an even better place to learn and grow.

Subject: Data-Driven Analysis of Teacher Retention and District Stability

Dear Members of the Board,

Recent discussions have characterized the Lyon County School District (LCSD) as facing a "major retention problem." While we must remain vigilant in supporting our educators, a closer examination of the 2024–2026 data suggests that LCSD is actually demonstrating significant stability during a period of unprecedented statewide labor challenges.

To ensure our policy decisions are based on the current reality rather than hyperbole, I would like to highlight the following facts:

High Staff Experience and Stability
A true "retention problem" is marked by a revolving door of inexperienced staff. However, LCSD's current data tells a different story. Our percentage of inexperienced teachers (those with less than three years of experience) stands at approximately 10.3%. This is notably lower than many neighboring districts and the statewide average. This indicates that roughly 90% of our teaching force is composed of experienced educators who have chosen to remain in Lyon County classrooms.

Positive Impact of Strategic Investments
Since the implementation of SB231 and subsequent salary adjustments in 2023, Nevada has seen a 30% reduction in teacher attrition statewide. Lyon County has been a beneficiary of this trend. While we still face vacancies, the data shows that the rate of teachers leaving the district has stabilized significantly compared to the 2021–2022 period. We are no longer seeing the mass exodus that characterized the post-pandemic years.Money talks.

Contextualizing Vacancy Rates
While the district currently utilizes approximately 38 long-term substitutes, it is critical to view this number in the context of the statewide crisis. Nevada currently faces over 2,000 vacancies. With LCSD representing roughly 3% of the state's student population, our vacancy share is disproportionately low. Furthermore, the "Critical Labor Shortage" designation for 2026–2028 is

a proactive retention tool—it has allowed us to keep 26 veteran educators in our system who would otherwise be lost to retirement.

Recruitment vs. Retention

The data suggests that LCSD does not have a "culture or retention crisis," but rather a "recruitment challenge" shared by every rural district in the nation. Our current staff are staying at higher rates than in previous years; our challenge lies in attracting new candidates to fill the gaps created by natural retirements and growth. It should also be pointed out that the overwhelming majority of candidates that apply for current openings do not have credentials and are often not even currently in the country. Administrators have a very small pool of applicants to choose from.

In conclusion, it is the position of the LCAA that labeling our current status as a "major retention problem" risks demoralizing the 90% of our staff who have remained loyal to the district and may inadvertently harm our recruitment efforts. The facts show a district that is successfully weathering a national labor shortage and maintaining a more experienced workforce than the state average.

We encourage the Board to continue focusing on competitive recruitment and morale-boosting initiatives that celebrate the stability we have worked so hard to achieve.

Sincerely,
Duane Mattice, President

Members of the Board,
My name is Jamie Henderson, Principal of Fernley Elementary. I am addressing comments made by Trustee Whisler during the April 28th open meeting.

As a veteran educator of 21 years I've poured my heart and soul into my roles. I currently have one open position at FES and 92% of my staff rated me highly effective. I refuse to acknowledge I'm not doing my job effectively. I am frustrated by the unprofessionalism and lack of factual basis in comments aimed at Lyon County Administrators last month. Using an open meeting to report hearsay, engage in slanderous attacks, use unprofessional language, and blindly accuse administrators of violating policy is abhorrent. These actions violate items in Board Member Code of Conduct policy BBF.

Trustee Whisler shared a concern from an employee regarding a student at a Fernley middle school and expressed frustration with Admin stating, "Reports are never filed, reports get buried, that's what I'm hearing and policies are never followed." This defamatory statement is grounded in hearsay and violates BBF item 10, which requires confidentiality of student information, and item 12 which mandates representing interests of the entire community. The employee sharing confidential information and Trustee Whisler reporting such information during open meeting is deeply concerning. After Principal Bumgardner spoke to these comments, he stated, "I'm not singling anyone out and it's not a personal attack." Trustee Whisler specifically referenced the middle school Administration in Fernley, which violates policy BBF item 14: Present personal criticism of district operations to the superintendent, not to the board in open meeting.

Trustee Whisler continued making blanket statements regarding staff retention, claiming: "This is why teachers aren't coming here. One, students; two, administration at all levels in every school aren't doing what they are supposed to". Making such claims violates BBF item 3 and creates divisiveness. Your role is to listen and work with the Superintendent to find solutions. I anticipated proposed solutions after you stated, "Let's focus on fixing the problems at hand", but I heard none.

The subsequent attempt by Trustees Whisler and Parsons to recant by redirecting blame toward Cabinet is also unacceptable. Personal and professional criticism of any employees violates Board policy BBF.

Moving forward, I hope you reflect:

1. Address concerns without violating Board policies and creating false narratives, always bringing solutions to the table.
2. Our schools, staff, students, and families are not pawns in political and personal agendas. Focus on what all school stakeholders are experiencing, and not just what your supporters are pushing.
3. Professional demeanor and practices are not a suggestion. They are required by policy. As Trustee Bull stated: "I don't see that happening with our Board right now".

I am optimistic that our elected Trustees will improve their professionalism, adhere to Board policies, and serve all employees and improvement goals of our district.

Thank you,

Jamie Henderson

Ryan Cross, Principal, Fernley High School

I'm here tonight as an administrator, but also as a constituent in this district.

At the last meeting we all witnessed an attack on administrators in this district. A member of this board made some uniformed, incorrect statements to the board and to the general public in the process. I believe the term used was "Bull Crap". So, I'm here to address the "bull crap".

As the principal of the largest school in LCSD, I can tell you we had a 97% retention rate for certified staff last year. The year prior was also in the high 90s. When I talk to my colleagues, they have similar results.

As your constituent, I would like to remind you of a couple of your own policies that you as a board seem to be ignoring.

Board Member Oath of Office: Policy BBBB

During my term, I will faithfully and impartially discharge the responsibilities of the Office of School Board Member to the best of my ability.

You can't be impartial when you have already decided all administrators (or officers) are bad based on your own experiences.

Goes on to say you may:

1. Request for Information (there is a process for getting facts so you are not constantly operating on emotion)
2. Requests for Legal Opinions
3. Action on Complaints or Requests Made to Board Members (follow the process rather than making false statements in open meetings)

Board member Code of Conduct Policy BBF
3. Render all decisions based on the available facts and my independent judgment and refuse to surrender that judgment to individuals, special interest groups, agencies, or outside pressures;
14. Present personal criticism of district operations to the superintendent, not to district staff or to the board in open meeting;

No where in any of these policies does it say this office should be used as a pulpit for airing personal grievances about your own negative past experiences with authority or leadership. You represent us as a district, and operating on emotion and rumors, and being outraged by problems that are not based in fact is embarrassing.

Earlier tonight another person commented about recruitment vs. retention. We do have a recruitment problem. When it comes to pay, we are not competitive. I did my son's taxes for him last year. He worked in a skilled trade for 8 months of the fiscal year. If he worked here as a teacher, he would have to invest 4-5 years to get a degree, and then work here for 10 years *and earn a master's degree* to make what he made as a first year apprentice in 2025. Without a master's degree, he could work here for 30 years and never earn what he collected last year.

Finally, the board president needs to take control of these meetings. Some members display no decorum, no civility, and no respect for policy or other members. The conduct of board members being allowed is embarrassing and shows a complete lack of control. If I was a teacher or administrator looking to relocate to LCSD, and I watched one of these meetings, I would run the other direction. This board is dysfunctional at best. The constituents of LCSD deserve better.

Read on 5/26/26-Dear Members of the School Board,

My name is Erin Korf and I am the Principal at Silver Stage Elementary. I am here to express concern about the increasingly negative and unproductive criticism directed toward our school administration during recent meetings and public discussions. While accountability and open dialogue are essential in any educational community, repeated personal attacks and hostile rhetoric undermine the collaborative environment needed to support students, teachers, and families.

A comment stating teachers are afraid to report or have discussions with administration was made at the last meeting. While I understand this may be the perception of some, it is not the reality of many. As a board, you are a part of the leadership team. As many of us have watched the unprofessionalism and constant arguing among the board, one can only wonder if attitude reflects leadership. How can you possibly expect any group of employees to act a certain way, when you yourselves don't model it.

Stakeholders have also watched multiple, inappropriate, derogatory comments being made by board members with no action. Please take a moment to ask yourselves, had an administrator or other staff member made the same derogatory comment, would your reaction be different. If it is, wouldn't that be the definition of a "good 'ol boy" system, like mentioned in last month's board meeting. ?

School administrators carry significant responsibilities, including student safety, academics, staffing, budgeting, and compliance with state and district policies. Constructive feedback is appropriate and necessary, but criticism should remain respectful, FACTUAL, and focused on solutions rather than personal accusations or public humiliation.

When conversations become centered on "bashing" individuals rather than addressing issues thoughtfully, it creates division within the community and discourages productive participation. It can also negatively affect staff morale and distract from the shared goal of providing the best possible education for our students.

I encourage the Board to work on fostering an atmosphere of professionalism and civility during meetings and public comment sessions. Establishing and reinforcing expectations for respectful communication can help ensure that concerns are heard while maintaining dignity for everyone involved.

What we need most from the board is not only policy guidance, but also active listening, presence in our schools, and genuine collaboration with those who understand daily operations. Even during disagreements, mutual respect is essential to finding meaningful solutions and maintaining public trust in our educational system.

Thank you for listening and I hope that positive changes are in our future.

Trustees' Questions and Answers for the
June 23, 2026
School Board Meeting Agenda

This document serves as a means to allow LCSD Trustees an opportunity to ask questions about the upcoming board meeting agenda items. Questions posed by board members will be answered as soon as possible by District staff, so please post your questions as soon as possible. Trustees, please note that you have until 12:00 pm the day before the board meeting to submit questions. This will allow time for District staff to answer. District staff will answer questions in this document by 12:00 pm the day of the board meeting. **Questions and answers will be posted in the consent agenda meeting materials so the public can see the questions and the answers provided.**

Agenda Item #: 10 G and H Policies IKA and IKDA
Trustee Question: What means are being employed to advise students of the opportunity to earn Outdoor Activity and/or Community Service credits? Did any students sign up for the program but not complete the requisite hours. Thank you!

District Staff Answer:
With these policies and opportunities being new to this most recent academic year, and the guide from the state being worked on largely this past semester (late May, early June was the release of the guide for us to link to our district website), the word was slow to get out. The advising of credits largely comes from the counseling offices at each site, so there will be added discussion in the coming months with counseling staff and administration around these opportunities. Keep in mind, these credits equate to elective credit on a student's transcript, a credit offering that most students do not struggle to obtain. It is our hope that we will see students take advantage of these opportunities more in the future. One can find a link to Outdoor Recreation Credit on the Lyon County School District Website now, it is under the Educational Services Department.

Agenda Item #: 10 J Renewal Excess Workers' Comp

Trustee Question: An increase of 12.9% in fees is pretty substantial. Is there any particular reason for the increase? Is there any kind of bidding process involved to assure the District is being treated fairly? Thank you!

District Staff Answer:

The renewal increase is on trend with the increasing workers compensation costs across the state. The district's claim exposure has not increased but rather the workers compensation medical fees. Also, first responder claim benefit increases by the state has driven the cost up throughout the state. Many quotes were provided by Warren Reed. Our recommendation was to maintain our current coverage with the 12.9% increase but with a rate guarantee for two years. This will provide stability during a volatile excess workers compensation market. Of significance would also be the fact that the Nevada Legislature adopted legislation in 2025 that raised the cap on payroll per employee with respect to worker's compensation. Rates are generally based on a cost per $100 of payroll to the employee with each individual having been capped (historically) at $36,000 each per year. The new payroll capping process is not completely rolled out but, the per person cap is going to increase to around $100,000 per employee, depending upon the individual carrier's approach. Most carriers are attempting to develop blended rates going forward. Warren Reed worked with carriers having experience in self insured plans. In the case of the district, that approach was looked at, in addition to the multiple Self Insured Retention options.

Agenda Item #: 10 K Renewal POOLPACT Warren Reed Liability Insurance
Trustee Question: The Board Memo for this agenda item states that "significant exposure changes" have driven an overall adjustment in cost of 9.32%. What exactly constitutes a significant exposure change? Thank you!

District Staff Answer:

The most significant exposure change was to the property valuation and owned vehicles. The district's property valuation increased by 20.27%. This was due to two separate but coinciding events.

1. In October 2025, the district's property valuation assessment was completed. POOL has a three year rotation for these assessments with the district's last assessment being done in 2022. The increase in replacement costs (labor and materials) since 2022 has dramatically increased which increased the replacement valuation of the district's properties. Although the property exposures went up by over 20%, the change in program cost is less than half (9.32%) of the overall change, year over year..

2. The district experienced completion of two new, major properties that were not included in our premium calculations in its 2025/2026 POOL renewal.
    a. The new Fernley High School Gym
    b. The new Silver Springs Busyard

   While these properties were covered from the date the district was granted occupancy, the replacement cost is not factored into the premium until the following renewal cycle. When exposures are addressed by the underwriters, certain drivers of the program cost are looked at. With respect to the district, property values are the biggest influencer, as they constitute 70.18% of the annual cost.

   The addition of the Fernley Gym and the new Busyard facility increased the property schedule by $28,220,900 which represents an increase in program costs of $48,139 for those two locations.

Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: Lilliana Camacho-Polkow, Chief Financial Officer

Re: June FY26 Budget Transfers

Recommendation:
The Board of Trustees accepts the June FY26 Budget Transfers for the General Fund, Special Education Fund, Capital Projects Fund, and Bond Fund.

Background Information:
Per NRS 354.598005 section 5 (b); "Budget appropriations may be transferred between functions, funds or contingency accounts in the following manner, if such a transfer does not increase the total appropriation for any fiscal year and is not in conflict with other statutory provisions:

(b) The person designated to administer the budget may transfer appropriations between functions or programs within a fund, if:

(1) The governing body is advised of the action at the next regular meeting; and
(2) The action is recorded in the official minutes of the meeting."

Budget Considerations:
There is no net increase in budgeted appropriations for these transfers, these transfers are between functions as allowed by state law.

Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: Rachel Stewart, Executive Director of Special Services

Re: Memorandum of Understanding (MOU) -Special Olympics Nevada, Inc.

Recommendation:
That the LCSD Board of Trustees approve the MOU with Special Olympics Nevada, Inc. and LCSD.

Background Information:
In 2021, the LCSD Board of Trustees approved the position of an Adaptive PE teacher to assist in supporting students with disabilities. Since this time, LCSD has been participating in the Unified Champion Schools Program (UCS) through Special Olympics Nevada, Inc. Each year students with and without disabilities have participated in the UCS Basketball Tournament in the winter as well as the LCSD Track and Field Meet in the spring. In the 2025-2026 school year, the LCSD was able to hold several basketball tournaments between our schools at school sites as well as a Bowling event with funding from Special Olympics Nevada.

Budget Considerations:
This agreement allows for the LCSD to defray costs incurred in implementing the UCS Program.

Special Olympics MOU 2026-2027

MEMORANDUM OF UNDERSTANDING BETWEEN LYON COUNTY SCHOOL DISTRICT AND SPECIAL OLYMPICS NEVADA, INC. FOR THE UNIFIED CHAMPION SCHOOLS PROGRAM 2026-2027

This Memorandum of Understanding (the Agreement) is between Special Olympics Nevada, a Nevada non-profit public benefit corporation (Special Olympics) and the Lyon County School District (District), hereinafter collectively referred to as the "parties."

The parties intend by this Agreement to implement the Special Olympics Nevada Unified Champion Schools Program (UCS). The UCS Program is a K-12 education program that partners students with and without disabilities through unified sports, inclusive youth leadership initiatives, and whole school engagement, as defined below. These programs provide the participants with the knowledge, experience, and skills necessary to create and sustain school communities that promote inclusion, acceptance, and respect for all students.

The UCS Program is conducted during the regular school day and consists of the following components:

1. Unified Sports
    a. Unified Sports combines students with and without disabilities on sports teams for training and competition.
        i. Non-traditional sports activities such as corn-hole, kickball, fitness, and etc. can also be included in this category.
2. Inclusive Youth Leadership
    a. Inclusive Youth Leadership offers opportunities for youth with and without intellectual disabilities to become agents of change within their school, community, and state.
3. Whole School Engagement
    a. Whole School Engagement activities positively impact school climate by including all students, teachers, staff, and administrators.

To implement the Unified Champion Schools Program, the parties agree as follows:

1. **Term:** The Agreement will become effective upon approval by the District's governing board and will remain in effect through July 2027. Any renewal,

amendment, or modification of this Agreement must be accomplished in writing and executed by both District and Special Olympics and approved by the governing board.

2. **Responsibilities of Special Olympics:** Special Olympics will support the UCS Program as follows:
    a. Provide a financial grant (the Grant) to the District in the amount specified in Exhibit A to defray the costs incurred by the District for transportation, to implement, promote, develop, and operate Special Olympics UCS program. Special Olympics will pay the Grant to the District in two installments on or about the first day of November 2026 and April 2027, as specified in Exhibit A. No installment payment will be made by Special Olympics unless and until all prior payments made under this Agreement have been negotiated. This grant's disbursement is contingent upon approved funding from Special Olympics North America (SONA). Special Olympics Nevada, Inc. will receive an update on the status of our grant application and will inform District if funds have been approved no later than August 1, 2026. Special Olympics will determine the amount of the Grant for subsequent years if the Agreement is renewed.
    b. Assist the District's assigned Coordinator(s) (the Coordinator(s), as defined herein in paragraph 3b). Final selection of the Coordinator(s) can be made by the District or by Special Olympics.
    c. Provide training to the Coordinator(s) and other District representatives as may be necessary for the successful implementation and operation of the UCS Program.
    d. Provide the sports equipment required to conduct the UCS Program. Said equipment will remain the property of Special Olympics and will be returned to Special Olympics upon termination of this Agreement, should this Agreement not be renewed. Special Olympics will further provide Special Olympics materials and support to assist the District with implementation of the UCS Program.
3. **Responsibilities of the District:** The District will implement the Unified Champion Schools Program as follows:
    a. Provide the UCS Program for students in grades K-12 at district sites through June 2027. Engage a minimum of 6 schools in the successful implementation of all three components of the UCS Program: Unified Sports, Inclusive Youth Leadership, and Whole School Engagement. The UCS Program will include sports training, competition, and whole school engagement initiatives as well as inclusive health education and stress management resources either in-person or virtually.

b. Supporting a teacher(s) with a current Nevada teaching credential, who is regularly employed by the District, serving as the Coordinator(s) The Coordinator(s) shall promote, coordinate, and operate the UCS Program in accordance with the terms of this Agreement. The Coordinator(s) shall utilize Special Olympics materials to recruit, train, and coordinate volunteers, teachers, and classroom aides in order to ensure that they are prepared for their responsibilities in working with the students who participate in the UCS Program, and to satisfy all statutory and other qualification requirements.
c. Securing the necessary facilities for the UCS Program including for both sports training and competition activities.
d. Involving general education students as active participants in the UCS Program, including as Unified Sports partners, coaches, volunteers, peers, leaders, and supporters.
e. Appropriately acknowledging Special Olympics and any other organizations or individuals which or who provide funding and/or other support for the UCS Program.
f. Providing program participation data to Special Olympics monthly. Such shall include the number of students participating in sports training and competition, inclusive heath education, number of students participating in whole school engagement, number and type of competitions hosted, and the number and type of whole school engagement initiatives hosted. It will be the responsibility of the Coordinator(s) to collect and report this data to Special Olympics. Special Olympics will provide the necessary forms for data reporting.
g. Develop and prepare an Annual Plan for the 2026–2027 school year, including the goals and objectives for the UCS Program during the school year. Present plan for consideration and approval by Special Olympics by August 1, 2026.
h. Submit a final report on achievement of districts' goals and objectives established in the Annual Plan and Financial Input for Special Olympics Report by June 15, 2027.
i. The District will appoint and support a minimum of one District Liaison. The District Liaison(s) will assist schools in achieving UCS status, assume specific duties as it relates to Unified events, and one District Liaison shall be designated by the District as the lead contact for Special Olympics.

4. **License to Use Special Olympics Marks:** Special Olympics hereby grants to the District a non-exclusive and non-transferable license to use the Special Olympics name and logo (collectively, the "Special Olympics Marks") for the UCS Program's promotion and operation. However, any use of the Special Olympics Marks will be subject to Special Olympics' prior approval as to usage, style, and

content. The license granted under this Agreement will terminate when this Agreement terminates.

5. **Indemnification:**
    a. The District shall defend, indemnify, save, keep and hold harmless Special Olympics, Special Olympics, Inc., and their officers, directors, employees, and agents from and against any and all liabilities, obligations, claims, damages, judgments, injuries, losses, or expense (collectively “loss” or “losses”) arising from, relating to, or in connection with this Agreement, its performance, or the UCS Program, but only in proportion to and to the extent that such losses are caused by or result from the negligent or willful acts or omissions of the District, its governing board, officers, employees, volunteers, or agents. Special Olympics shall provide the District with prompt written notice of any claim or action for which indemnification is sought hereunder and shall cooperate in all reasonable respects with the District in connection with any such claim or action.
    b. Special Olympics shall defend, indemnify, save, keep and hold harmless the District, its officers, directors, employees, and agents from and against any and all liabilities, obligations, claims, damages, judgments, injuries, losses or expense (collectively “loss” or “losses”) arising from, relating to, or in connection with this Agreement, its performance, or the UCS Program, but only in proportion to and to the extent that such losses are caused by or result from the negligent or willful acts or omissions of Special Olympics, its board, officers, employees, or agents. The District shall provide Special Olympics with prompt written notice of any claim or action for which indemnification is sought hereunder and shall cooperate in all reasonable respects with Special Olympics in connection with any such claim or action.
6. **Insurance:**
    a. The District shall maintain during the full term of this Agreement the following insurance amounts, coverage, and terms:
        i. Commercial General Liability Insurance with limits not less than $1,000,000 (one million dollars) each occurrence Combined Single Limit for Bodily Injury and Property Damage.
        ii. Commercial Automobile Liability Insurance for Non-Owned/Hired Auto liability with limits not less than $1,000,000 (one million dollars) each occurrence Combined Single Limit for Bodily Injury and Property Damage.
    b. All District policies shall provide thirty (30) days advance written notice to Special Olympics of any cancellation, non-renewal, or reduction in coverage to the following office and contact:

c. If any policies are written on a claims-made-form, the District agrees to maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, such that should occurrences during the Agreement term give rise to claims made after expiration of the Agreement, such claims shall be covered.
d. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs are included in such general annual aggregate limit, such annual aggregate limit shall be double the occurrence or claims limits specified above.
e. Before commencing any operations under this Agreement, the District shall provide Special Olympics with a certificate(s) of insurance, evidencing all coverages set forth above, and shall furnish complete copies of policies promptly if requested.

7. **Relationship of the Parties:** The Coordinator(s) and any other employee of the District or any district or school included within the District (collectively "School Employees") assigned to perform services under this Agreement are all school employees and shall remain School Employees for the duration of their performance of services pursuant to this Agreement. They are not and will not become Special Olympics employees at any time while this Agreement is in force and shall not have or acquire from Special Olympics any workers' compensation coverage, employment benefit, pension, civil service, or other status or right which the District may confer on its employees.

   The District shall be responsible for the supervision and evaluation of the Coordinator(s) and any other School Employees assigned to perform services under this Agreement. The District, and not Special Olympics, will maintain all legal responsibility for students and staff participating in the Unified Champion Schools Program.

   The District acknowledges that Special Olympics is a party covered by any photography and video releases executed on behalf of any District students participating in any aspect of the Unified Champion Schools Program.
8. **Notices:** With the exception of the notice requirements of Paragraph 6b above, any notice provided by a party under this Agreement will be in writing and either

served personally or sent by prepaid, first-class mail or by commercial overnight mail or courier, addressed to the other party as follows:

Re: An annual report on Outdoor Credit Opportunities aligned with Policy IKD

Recommendation

That the LCSD Board of School Trustees accept the annual report on Outdoor Credit Opportunities aligned with Policy IKD.

Background Information

In October of 2025 the Lyon County School Board of Trustees approved Policy IKD. This policy allows the middle and high schools in Lyon County School District to award elective credit for students that participate in outdoor activities as outlined in AB 501, passed in the 83rd Session of the Nevada State Legislature. When this policy was passed, it was requested that the Board receive an update in June, notifying them how many credits were awarded during the school year for students participating in Outdoor Activities.

As of June 12th, and the completion of the 2025-2026 school year no credits were awarded to students in the Lyon County School District for Outdoor Education.

Re: Critical Labor Shortage Designation Requests for Classified Instructors/Specialists

---

Recommendation

That the Board of Trustees approve to designate a critical labor shortage for Classified Instructors/Specialists which entail the following positions: Classified Art Instructional Specialist, Classified Computer Instructional Specialist, Classified Library Instructional Specialist, Classified Music Instructional Specialist, Classified PE Instructional Specialist, Classified Reading Instructional Specialist, Classified STEAM Instructional Specialist, Classified Adult Ed Instructional Specialist, Classified College and Career Readiness Coach, and Classified College and Career Readiness Interventionist effective July 1, 2026 to allow applications from retired employees to fill the positions as permitted under NRS 286.523.

Background Information

The Board previously approved a blanket category for "Classified Instructional Specialists" during the April 28, 2026 meeting. However, during a subsequent compliance review, the Public Employees' Retirement System (PERS) requested that every individual job title under this umbrella category be supported by its own explicit Board approval and a separate designation form. To satisfy this administrative requirement and ensure full compliance, each individual position is being brought back to the Board for itemized approval.

Critical Needs position designations are valid for two (2) years. At the conclusion of the designation period, a new application must be completed and approved by the Board, then accepted by PERS to continue the designation

NRS 286.523 Employment of retired employee: Exception for reemployment of certain retired employees to fill positions for which critical labor shortage exists; determination and designation of such positions; limitation on length of designation of position.

1. It is the policy of this State to ensure that the reemployment of a retired public employee pursuant to this section is limited to positions of extreme need. An employer who desires to employ such a retired public employee to fill a position for which there is a critical labor shortage must make the determination of reemployment based upon the appropriate and necessary delivery of services to the public.

2. The provisions of subsections 1 and 2 of NRS 286.520 do not apply to a retired employee who accepts employment or an independent contract with a public employer under the System if:

(a) The retired employee fills a position for which there is a critical labor shortage; and

(b) At the time of the retired employee's reemployment, the retired employee is receiving:

(1) A benefit that is not actuarially reduced pursuant to subsection 6 of NRS 286.510; or

(2) A benefit actuarially reduced pursuant to subsection 6 of NRS 286.510 and has reached the required age at which the retired employee could have retired with a benefit that was not actuarially reduced pursuant to subsection 6 of NRS 286.510.

3. A retired employee who is reemployed under the circumstances set forth in subsection 2 may reenroll in the System as provided in NRS 286.525.

4. Positions for which there are critical labor shortages must be determined in an open public meeting held by the designating authority as follows:

(a) Except as otherwise provided in this subsection, the State Board of Examiners shall designate positions in State Government for which there are critical labor shortages.

(b) The Supreme Court shall designate positions in the Judicial Branch of State Government for which there are critical labor shortages.

(c) The Board of Regents shall designate positions in the Nevada System of Higher Education for which there are critical labor shortages.

(d) The board of trustees of each school district shall designate positions within the school district for which there are critical labor shortages.

(e) The governing body of a charter school shall designate positions within the charter school for which there are critical labor shortages.

(f) The governing body of a local government shall designate positions with the local government for which there are critical labor shortages.

(g) The Board shall designate positions within the System for which there are critical labor shortages.

5. In determining whether a position is a position for which there is a critical labor shortage, the designating authority shall make findings based upon the criteria set forth in this subsection that support the designation. Before making a designation, the designating authority shall consider all efforts made by the applicable employer to fill the position through other means. The written findings made by the designating authority must include:

(a) The history of the rate of turnover for the position;

(b) The number of openings for the position and the number of qualified candidates for those openings after all other efforts of recruitment have been exhausted;

(c) The length of time the position has been vacant;

(d) The difficulty in filling the position due to special circumstances, including, without limitation, special educational or experience requirements for the position; and

(e) The history and success of the efforts to recruit for the position, including, without limitation, advertising, recruitment outside of this State and all other efforts made.

6. A designating authority that designates a position as a critical need position shall submit to the System its written findings which support that designation made pursuant to subsection 5 on a form prescribed by the System. The System shall compile the forms received from each designating authority and provide a biennial report on the compilation to the Interim Retirement and Benefits Committee of the Legislature.

7. A designating authority shall not designate a position pursuant to subsection 4 as a position for which there is a critical labor shortage for a period longer than 2 years. To be redesignated as such a position, the designating authority must consider and make new findings in an open public meeting as to whether the position continues to meet the criteria set forth in subsection 5.

Critical Need Position Designation Form

Reemployment of a retired public employee pursuant to NRS 286.523 is limited to positions of extreme need. An employer who desires to employ a retired public employee to fill a position for which there is a critical labor shortage must make the determination of reemployment based upon appropriate and necessary delivery of services to the public. The critical need designation must be made by the designating authority of the agency in an open meeting. The designated authority shall not designate a position for more than 2 years. To be redesignated, the designating authority must consider and make new findings in an open public meeting as to whether the position continues to meet the criteria established by law. PERS will compile the forms received from each designating authority and provide a biennial report to the Interim Retirement and Benefits Committee (IRBC) of the Legislature.

Agency Contact: **BillieJo Hogan** Agency Phone:**775-463-6800**

Agency Name: **Lyon County School District**

Critical Need Position Title: **Classified Instructional Specialist - Adult Ed.**

Effective Date of Critical Need Designation: **7/1/26**

In an open meeting the designating authority shall make findings based upon the below criteria that supports the designation using this form provided by PERS. Before making a designation, the designating authority shall consider all efforts made by the public employer to fill the position through other means. The written findings to be made by the designating authority must include:

History of the rate of turnover for the position: **In the 2025 we have had 3 classified Adult Ed Positions**

Number of openings for the position and the number of qualified candidates for those openings after all other efforts of recruitment have been exhausted: **After exhausting all recruitment efforts, we have two openings still unfilled.**

Length of time the position has been vacant: **Position postings since May 2025.**

Difficulty in filling the position due to special circumstances, including special education or experience required for the position: **Finding classified Adult Education staff to meet the needs of our program has been a challenge. Hours vary to ensure students and adults enrolled are served accordingly and this in itself causes conflict with several schedules.**

History and success of the efforts to recruit for the position, including advertising, out-of-state recruitment and all other efforts made (include copies of advertising or electronic recruitment notices, specifying targeted geographic areas): **LCSD vigorously recruited candidates at multiple job fairs, advertising through TalentEd, LinkedIN, Indeed, Handshake and social media posts. LCSD also partners with several universities throughout the US and facilitates our own Grow Your Own Program.**

Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: BillieJo Hogan, Executive Director of Human Resources
Blake Smith, Safety and Benefits Risk Manager

Re: Excess Workers Compensation Insurance

Recommendation
That the Board of Trustees approve the renewal contract for excess workers' compensation insurance with Warren Reed Insurance for the 2026-2027 and 2027-2028 school year in the amount of $54,686 per year.

Background Information
Warren Reed Insurance is a trusted broker for our Excess Workers' Compensation Insurance. Last year, the renewal brought to the Board was $37,749. After our annual workers compensation audit for FY25, there was an increase of $10,674, for a total realised premium of $48,423 in FY26.

Budget Considerations
The premium for 2026-2027 is **$54,686**, which is a 12.9% increase from the 2025-2026 cost of $48,423, an increase of $6,263.

Discussed at Previous Meeting
This is renewed annually and was last approved July 22, 2025.

Re: POOL Renewal – Property Liability Insurance

Recommendation
That the Board of Trustees approve the renewal contract with POOL and Warren Reed Insurance for 2026-2027 school year.

Background Information
LCSD is part of a public agency insurance pool called the POOL, which offers various liability and property coverages (including vehicles). The Warren Reed agency has compiled the annual program cost and exposure metrics for the upcoming coverage period. Significant exposure changes across the district's schedule have driven an overall adjustment in program costs.

Please see the attached documentation from Warren Reed Insurance for additional details. The yellow highlight on page 10 provides a Program Cost Summary explaining the 9.32% rate increase. For reference, the rate increase was 2.07% in 2025-2026, 1.32% in 2024-2025, and 10.6% in 2023-2024

Budget Considerations
The final Nevada Public Agency Insurance Program Cost for 2026-2027 is **$1,260,980.63**, which is a 9.32% increase from the 2025-2026 cost of $1,153,434.77, an increase of $107,545.86.

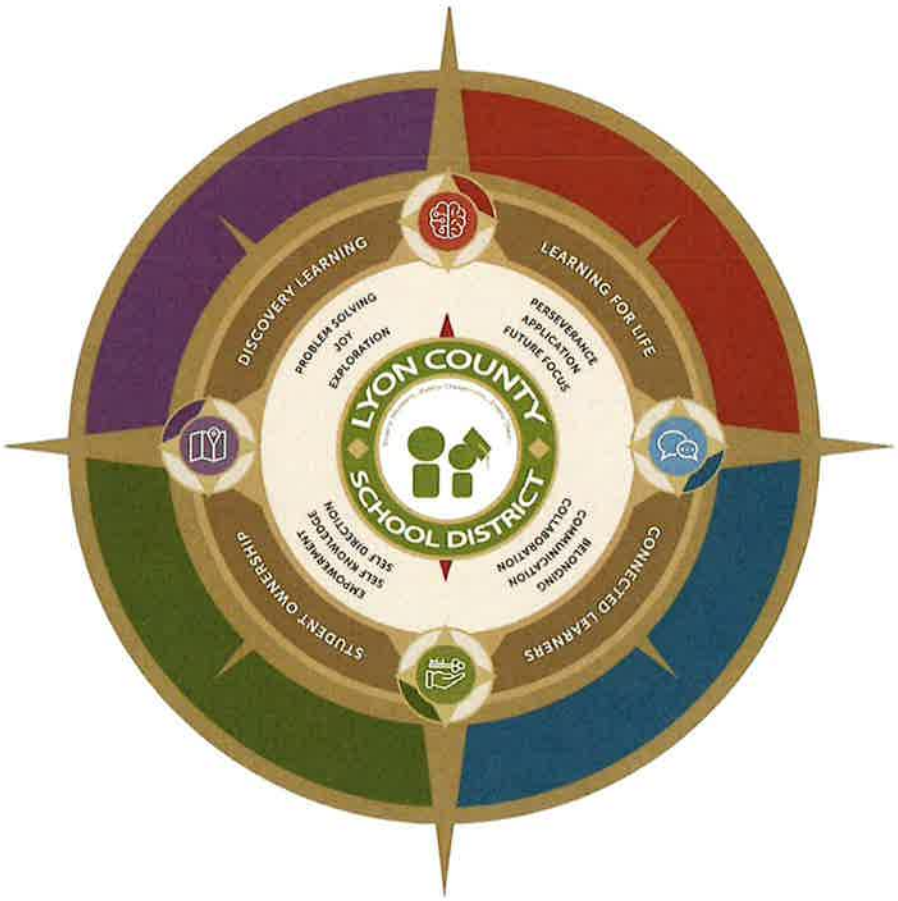

Discussed at Previous Meeting
This is renewed annually and was last approved June 25, 2025.

Partners in Education

Warren Reed Insurance, as well as the Reed family foundation are heavily involved in the education of our youth.

In 1999, the Warren & Ethyln Reed – Carson Valley Lions Scholarship Foundation was formed by Alan Reed. The tax-exempt foundation was set up according to the laws governing same by the Internal Revenue Service.

It was Warren Reed's ambition to be able to provide scholarships to students of single parents who have a true financial need for assistance. The scholarship is open to students who live in single parent households. Students from Smith Valley, Coleville, Whittell and Douglas High Schools are eligible to apply for a scholarship of up to $2,000 annually.

Warren Reed had a long record of public service to the Carson Valley Lions Club, and the award aptly names his affiliation with same.

Scholarship winners to date are:

Dear Mr. Smith and The Board of Trustees,

Enclosed please find a detailed summary of coverage terms and conditions for the upcoming year.

The 2026 POOL Renewal Process

POOL regularly shops for quality carriers, as well as competitive terms. This process started months ago (as noted below).

October 2025- Association of Governmental Risk and Insurance POOL meetings conducted in Austin, Texas. Meetings were held with 6 markets wherein market conditions, and options were explored.

March 2026- Alternate markets were approached for Cyber and Liability in pursuit of gap filling with respect to liability and replacement carriers for cyber.

February 2026- Meetings conducted with 17 potential syndicate partners. We were assisted by our London broker, Steve Firman and our U.S. affiliate, Willis Towers Watson. As well, the property market has stabilized since 2024.

As a result of POOL's efforts, your membership voted to accept proposals from County Reinsurance Limited, Public Risk Mutual, Government Entities Mutual, Lloyds of London, Tokio Marine and Travelers Boiler Re.

Membership Report

There are now 144 public entities in POOL. Approximately 45 members have voting rights. New members include Beatty GID, Cave Rock Estates GID, East Fork Fire Protection District and Tahoe Transportation District. The members have effectively pooled together as a risk sharing pool for more than 40 years.

Carrier Review and Financial Discussion

The voting members considered several factors in making their renewal decision. Those included current carrier relationships, stability in pricing, claims handling, and auxiliary services provided to the membership, as well as coverage enhancements.

In an effort to increase their long-range viability and financial strength, the membership has continued to develop a number of member owned insurers that over time, have and will continue to participate in the program structure. These companies assist POOL/ PACT by participating in coverage layers within the insurance programs. The presence of these member owned captives has strengthened the financial position of POOL/PACT. They have also helped in the negotiation of coverage contracts with respect to increased levels of coverage that are dependent on financially strong underlying companies. One additional goal is to continue increasing investment earnings.

The major purpose of any pool is to provide consistency in terms of coverage availability and pricing which can also be described as taking the unexpected bumps out of the road that may occur from time to time, due to hardening and softening within the marketplace.

In the case of POOL/ PACT, the member owned captives are Public Risk Mutual (PRM) and Public Compensation Mutual (PCM). These non-profit captives participate within the program structure. As well, the Pool has a financial stake in two risk retention groups (RRG's), Government Entities Mutual (GEM) and County Reinsurance Limited (CRL) who also participate in coverage layers. One traditional insurance company, Travelers Re, as well as one syndicated insurance provider, Lloyds of London participate in the property coverages. Ironshore Insurance provides environmental protection.

Carrier Spotlight-Government Entities Mutual-GEM was formed in 2003 and is currently owned by twenty three public entity pools from seventeen states, including the Nevada Public Agency Insurance Pool (POOL). They are a pool of pools. They also participate in POOL's coverage layers. GEM is domiciled and regulated in Washington, D.C.. The GEM Proposition-A dependable, stable source of reinsurance acting in the best interests of our members.

Financial statements are available to any interested party. In short, the member owned entities continue to grow in key areas including net assets (well over $200,000,000). As POOL/PACT are quasi public entities, they are subject to Nevada Statutes with respect to safeguarding their financial assets. Same includes preservation of principal, and adequate liquidity to meet operating needs. However, they are also offered an opportunity at income and growth which typically, governmental entities are not. Both organizations received clean opinions from the independent auditor.

Did you know? The Nevada Public Agency Insurance Pool is a non-profit organization.

State of the Insurance Market

Property

- The property market has leveled, and capacity is again available. CAT losses have not declined, and secondary losses continue to be more frequent, such as climate change, wind, hail, and wildfire.

Liability

- Due to inflation, including social inflation, and it's impact on claim costs, civil turmoil/law enforcement and continued Sexual Assault and Molestation, liability markets remain conservative in pricing.

Workers Compensation

- With the continued rise in health care costs, markets will continue to look for rate increases. With respect to public entities, presumptive legislation and resulting laws will no doubt, provide challenges going forward.

Cyber

- Although some market stabilization has occurred in 2026, losses continue to happen. Markets continue to press for improved cyber security practices on behalf of insureds. Higher rates, reduced limits, larger retentions and deductibles are impacting this sector.

POOL's Cyber Cover

POOL affords Cyber Liability to each member. The limit is $1,000,000 per cyber security event. Claims include but are not limited to malware attacks, leakage of sensitive information, unwanted e-mails to wireless devices and computers without permission, improper faxes, failure to follow electronic procedures, errors arising out of social networking, web issues, improper text messaging and data breaches.

Tokio Marine now underwrites the coverage.

POOL currently contracts with Information International Associates, Inc. to assist with data security policies, procedures, and risk evaluations. These services have been made available to the members. The cost for same is absorbed by the POOL.

Environmental Services

Pollution Legal Liability is included subject to a $2,000,000 limit for each incident and an aggregate limit of $10,000,000. A $25,000 deductible per incident applies. Coverage applies for (1) third party claims, (2) first party remediation expense, (3) emergency response expense and (4) business interruption.

Property Recap

The POOL currently underwrites $8,590,569,059 in Nevada property exposures. This limit also includes physical damage on those autos scheduled with broader coverage.

Ownership

As mentioned above, ownership in the Nevada Public Agency Insurance Pool is vested in the membership. All decisions regarding coverage plans are made by the Executive Board and the Executive Committee with input, research and leadership provided by the POOL's Executive Director (Wayne Carlson) and POOL staff.

Accountability and Peer Review

Both POOL and PACT belong to AGRiP, the Association of Governmental and Risk Pools. AGRiP is a conglomerate of several hundred governmental insurance pools in the U.S. POOL and PACT have consistently (since 1996 and 1993) received awards from AGRiP's Recognition Program. That status is achieved upon completion of rigorous examinations and a compliance process administered under AGRiP's Advisory Standards for Public Entity Risks and Employee Benefit Pools. This comprehensive process includes an in depth analysis of practices, procedures, claims and a financial review, as well.

Risk Management Grant Program

The program funds for risk management and mitigation projects. Annual grants funded by POOL are approximately $500,000 for POOL, and a similar amount for PACT.

Equipment replacement projects, cyber security software, security enhancements, parks and playground equipment, as well as fire protection upgrades are high on many public entities wish lists. Some grants were/are over $50,000. Members use these grants to reduce their own costs that are associated with risk management. There are a variety of applications reviewed on a regular basis. Members are encouraged to take advantage of this service. Grant awards can be provided for a number of safety items (i.e. fire alarm equipment, video security, and dispatch equipment) as well as cost reimbursements for risk management conferences. As well, awards are available under the POOL's Enterprise Risk Management Excellence Program

The Employee Assistance Program

The Employee Assistance Program (or EAP) through KEPRO continues to be utilized. The most widely assessed problems include Emotional Well Being, Work Life and Relationships. For those looking at legal consultations Family Law, Divorce, Separation, Elder Law, Probate and Estates are some of the most looked at topics. More employees are accessing online according to the utilization data. KEPRO is also emphasizing the promotion and availability of teletherapy and telehealth.

POOL/PACT offers to all member employees and their dependents a confidential program to address and resolve personal and workplace challenges. Services are offered live and online. Over 15,000 employees have access to this program. Hundreds of public entity employees seek assistance each year. Of those seeking help, about 15% are dependents.

Program Cost Summary

The Nevada Public Agency Insurance Program Cost for 2026 is $1,260,980.63. Although the base rates are approximately 8.23% lower, there are significant exposure changes in your schedule. Replacement costs were evaluated in the past year, and the district's total insured values went from $431,156,720 to just short of $518,567,475 (an increase of $87,410,755 which, constituted a jump of 20.27%). As well, your payroll increased by just over 12%, as did the fleet schedule (from 225 to 253).
(There are 6 factors that affect the program cost. They are payroll, total insured values, number of vehicles, employees, students and teachers.)

NEVADA PUBLIC AGENCY INSURANCE POOL MEMBER COVERAGE SUMMARY

Prepared For:

Lyon County School District

Presented By:

Warren Reed Insurance

Dear POOL Member:

Thank you for your continuing leadership commitment to serving your communities by fulfilling your public service mission. The POOL continues to offer programs, services and support for Members' financial security and collaborating with you in support of your mission.

This Member Coverage Summary reflects the successful negotiations with multiple markets to obtain cost-effective terms, conditions and pricing for approval by the POOL Board on behalf of all Members.

As owners of the POOL, you approved the extensive risk management services, such as POOL/PACT HR services including its training courses and ELearning modules on important HR topics. Enrollment in POOL's ELearning programs include Target Solutions Fire/EMS training, KnowBe4 email security training and more. ELearning continues to reach an increasing number of employees for convenient and cost-effective learning. POOL also maintains an ongoing focus on law enforcement policies and practices targeted jail and road operations with onsite and virtual assessments and sample policies.

We encourage you to discuss the POOL's services with staff and your agent. We regularly update our website and encourage you to visit www.poolpact.com to utilize a growing base of HR and risk management information in the resource libraries. While there, look for the POOL Coverage documents, board and committee agendas and minutes.

Thanks to all Member volunteers who serve on our boards and committees. These volunteers do a superb job of representing the interests of the Members of your POOL.

Sincerely,

Wayne Carlson
Executive Director

Re: An update on the Go Guardian Platform

Recommendation

That the LCSD Board of School Trustees approve an update of the Go Guardian Platform.

Background Information

In November of 2025 the Lyon County School Board of Trustees requested that the Lyon County School District conduct a pilot of the Go Guardian Platform through LyOnline. Since then, LyOnline administration and staff have worked to pilot the platform with students enrolled and obtaining credit through online coursework. It was quickly discovered that students using their own devices were not impacted as the district could not install the platform on devices not owned by the district. However, district owned and managed devices had the Go Guardian platform loaded on their chromebooks and LyOnline was able to manage their browser in order to see what students were doing as they completed coursework.

As indicated in the accompanying slides, LyOnline staff were able to see when students had other tabs open to use outside sources/aides or implemented the use of bots, to do the work for the student. With Go Guardian, teachers were able to shut the added tabs and or restrict the use of bots that aided students in their work or completed it for them. This resulted in increased academic integrity and a reduction in plagiarism or outside aides so students completed the work on their own.

LyOnline will mandate that all students utilize district devices when completing online coursework this upcoming year and hopes to continue the use of the Go Guardian platform. We would like to thank the Board for their support as we continue to ensure the academic integrity of the LyOnline Program as we move forward.

Re: The purchase of the Go Guardian Platform

Recommendation

That the LCSD Board of School Trustees approve the purchase and implementation of the Go Guardian Platform for the Lyon County School District in grades 3-12.

Background Information

In November of 2025 the Lyon County School Board of Trustees requested that the Lyon County School District conduct a pilot of the Go Guardian Platform through LyOnline. As concerns have arisen regarding what students are viewing during class time, the Go Guardian Platform has proven to be useful, limiting what students can navigate when directed to use the Chromebook for schoolwork. This platform, while not infallible, can be used as a tool to help restrict student misuse of technology while in the classroom under the direction of district staff. Academic Integrity can also be improved, limiting the use of bots to complete schoolwork for students.

While we have students performing required coursework in grades K-12 on devices (i-Ready for Math and Reading, Computer Science, and Houghton Mifflin Harcourt English Language Arts) we do not have the level of independent use in grades K-2 as we do in grades 3-12. Therefore, we believe that the implementation of Go Guardian starting in grade 3 and continuing through grade 12 seems more appropriate. The Lyon County School District currently has an enrollment of roughly 7,000 students in grades 3-12, which is why we include the quote for 1 year for 7,000 students.

It is our recommendation that we employ this platform for 1 year and revisit in June of next year to make future determinations around use and implementation.

From: Tim Logan, Superintendent

Re: Lyon County School District Resolution in Support of iNVest 2027

Recommendation

That the Board of Trustees adopt the Lyon County School District Resolution in Support of iNVest 2027.

Background Information

The Nevada Association of School Superintendents (NASS) has developed an iNVest document outlining legislative priorities intended to improve student achievement in Nevada. This year, NASS adopted a resolution in support of the iNVest 2027 document and has requested that school boards throughout Nevada consider adopting a similar resolution. The Nevada Association of School Boards (NASB) has also adopted a resolution in support of the iNVest 2027 priorities.

The iNVest 2027 document identifies four key legislative priorities designed to strengthen Nevada's public education system and improve student achievement. First, NASS advocates for increasing and aligning education funding to ensure resources more accurately reflect student needs, including stabilizing district funding during enrollment fluctuations and supporting sustainable funding mechanisms. Second, NASS recommends refining Senate Bill 460 (2025) to preserve local control, streamline reporting requirements, strengthen accountability measures, and improve implementation of literacy-focused teacher preparation programs. Third, the document emphasizes strengthening early literacy supports through evidence-based reading instruction, early identification of reading deficiencies, family engagement, targeted interventions, and enhanced teacher preparation in the science of reading. Finally, NASS supports stabilizing, aligning, and expanding Pre-K funding structures to increase access to high-quality early childhood education, particularly in underserved rural and urban communities, while creating sustainable funding and workforce development pathways. Collectively, these priorities are intended to support student success, strengthen local school systems, and ensure Nevada remains committed to a future-ready education system.

LCSD Resolution in Support of iNVest 2027

Resolution in Support of iNVest 2027

WHEREAS, iNVest is the collective work of the Nevada school district superintendents;
WHEREAS, beginning with the 2007 Session of the Nevada Legislature and continuing to the present, the superintendents supported by the seventeen elected school boards have produced a biennial iNVest document which is the cornerstone of the answer to the question, "What is needed to improve student achievement in Nevada?";
WHEREAS, the vibrant future of Nevada is dependent upon all children graduating ready for college and career and prepared to be productive, responsible citizens, who are competitive in meeting the challenges of the global environment;
WHEREAS, there are approximately 484,240 students in over 773 schools and countless Nevada classrooms;
WHEREAS, Nevada's classrooms require a highly trained and effective teacher, individualized instruction, safe, modern, and innovative spaces, student supports, leadership, engaged families and communities, and students meeting academic and social milestones;

NOW, THEREFORE, BE IT FURTHER RESOLVED THAT the Board of Trustees of the Lyon County School District encourages the Nevada State Legislature to increase and align education funding to ensure that resources match student needs; and
NOW, THEREFORE, BE IT FURTHER RESOLVED THAT the Board of Trustees of the Lyon County School District encourage the Nevada State Legislature to refine SB460 (2025) to more effectively and positively impact school district operations and student success; and
NOW, THEREFORE, BE IT FURTHER RESOLVED THAT the Board of Trustees of the Lyon County School District encourage the Nevada State Legislature to strengthen early literacy support without harmful student retention requirements; and
NOW, THEREFORE, BE IT FURTHER RESOLVED THAT the Board of Trustees of the Lyon County School District encourage the Nevada State Legislature to stabilize, align and expand Pre-K funding structures.

As the Board of Trustees of the Lyon County School District, we commit to working together collaboratively with the Governor, educators, parents, community and business leaders, superintendents, other school boards, and legislative policymakers to bring about a positive change in Nevada's investment in public education that will make a difference for each student.

Adopted this 23rd day of June, 2026 by the Lyon County School Board of Trustees.

Nevada Association of School Superintendents

iNVest 2027

Investing in Nevada's Education, Students, Teachers, and Economic Future

A future-ready education system is essential for Nevada's students, and to support this goal, the Nevada Association of School Superintendents (NASS) has developed the iNVest roadmap to outline key priorities for improving student achievement.

We are proud of the work we have accomplished in partnership with the Legislature, but our children deserve more. The 2027 legislative session is an opportunity to take the next step by focusing on what matters most for student success.

1 Increase and align education funding to ensure that resources match student needs.

NASS's school funding reform plan centers on four critical priorities:

- Protect schools from sudden, drastic budget cuts during population decreases and stabilize district budgets by addressing statutory deadlines and timelines that define count days, true ups, and funded enrollment for the Pupil-Centered Funding Plan.
- Work with the State to find alternative revenue mechanisms to support the State Education Fund.
- Support sustainable funding for all districts.
- Provide districts with more oversight over differential pay to ensure funds align with strategic plans and initiatives.

2 Refine SB 460 (2025) to more effectively and positively impact school district operations and student success.

NASS proposes revisions to SB 460 that protect local control and reduce unnecessary compliance requirements while maintaining high levels of accountability:

- Reinforce local governance by redefining state oversight as technical assistance and aligning accountability timelines with existing law.
- Streamline and consolidate reporting, modernizing assessment schedules, and ensuring fair principal tenure protections are also important.
- Require science of reading foundational literacy coursework in all NSHE teacher preparation programs is also a critical component for strengthening Nevada's education landscape and outcomes.

3 Strengthen early literacy supports without harmful student retention requirements.

Improve the principles of Read by Grade 3 (NRS 392.700-392.785) to ensure the use of research-based practices:

- Ensure early identification and communication with families about reading deficiencies
- Repeal the retention mandate in Read by Grade 3 to allow greater local control of retention decisions without adding documentation burden. Maintain evidence-based components of law proven to help students.
- Redirect retention costs to K-2 literacy interventions, summer learning, high-dosage tutoring, and automated intervention plans that will maintain high standards while investing in proven literacy gains.
- Embed science of reading in teacher preparation programs so all students begin K-12 with a strong literacy foundation that helps prevent intervention/retention need.

4 Stabilize, align, and expand Pre-K funding structures.

Ensure strong foundations for students regardless of zip code by investing in Pre-K:

- Improve access, starting with students in high-need rural and urban "Pre-K deserts."
- Move from unpredictable, competitive grant funding structures to more sustainable funding options with dedicated and consistent annual funding to high-quality providers.
- Create licensure pathways, including credit for prior life experience, to build the early-childhood workforce.

NASS is comprised of all 17 school district superintendents and the State Public Charter School Authority. *For more than two decades, we have worked in partnership with the Legislature to advance policies that strengthen Nevada's public education system. We appreciate our continued collaboration with the Legislature and remain committed to practical, student-centered solutions.*

Un sistema educativo preparado para el futuro es esencial para los estudiantes de Nevada; para respaldar este objetivo, la Asociación de Superintendentes Escolares de Nevada (NASS, por sus siglas en inglés) ha desarrollado la ruta iNVest, la cual describe las prioridades clave para mejorar el rendimiento estudiantil.

Estamos orgullosos del trabajo que hemos realizado en colaboración con la Legislatura, pero nuestros niños merecen más. La sesión legislativa de 2027 representa una oportunidad para dar el siguiente paso, centrándonos en aquello que más importa para el éxito de los estudiantes.

Asociación de Superintendentes Escolares de Nevada

iNVest 2027

Invirtiendo en la Educación, Estudiantes, Maestros y el Futuro Económico de Nevada

1 Aumentar y alinear los fondos de la educación para garantizar que los recursos se ajusten a las necesidades de los estudiantes.

El plan de reforma de los fondos de la educación de NASS se centra en cuatro prioridades fundamentales:

• Proteger a las escuelas de recortes presupuestarios repentinos y drásticos durante periodos de disminución de la población estudiantil, y estabilizar los presupuestos de los distritos abordando los plazos establecidos por ley que definen los días de recuento, los ajustes finales y la registración financiada para el Plan de Fondos Centrado en el Alumnado.
• Colaborar con el Estado para identificar mecanismos alternativos de ingresos que respalden el Fondo Estatal de Educación.
• Respaldar fondos sostenibles para todos los distritos.
• Permitir que el incentivo adicional al salario para los educadores sea opcional o financiado por el Estado.

2 Perfeccionar el SB 460 (2025) para impactar de manera más efectiva y positiva las operaciones de los distritos escolares y el éxito de los estudiantes.

NASS propone revisiones al proyecto de ley SB 460 que protegen el control local y reducen los requisitos de cumplimiento innecesarios, al tiempo que mantienen altos niveles de rendición de cuentas:

• Reforzar la gobernanza local redefiniendo la supervisión estatal como asistencia técnica y alineando los plazos de rendición de cuentas con la legislación vigente.
• Optimizar y consolidar la presentación de informes, modernizar los calendarios de evaluación y garantizar protecciones justas en la titularidad de los directores son también aspectos importantes.
• Exigir la inclusión de cursos sobre los fundamentos de la lecto-escritura —basados en la ciencia de la lectura— en todos los programas de formación de enseñanza del NSHE constituye asimismo un componente crítico para fortalecer el panorama educativo y los resultados académicos de Nevada.

3 Fortalecer los apoyos tempranos a la lecto-escritura sin requisitos perjudiciales de retención de estudiantes.

Mejorar los principios del programa Leer Para el 3er Grado (NRS 392.700-392.785) para garantizar el uso de prácticas basadas en la investigación:

▪ Garantizar la identificación temprana y la comunicación con las familias sobre las deficiencias en la lectura.
• Anular el mandato de repetición de curso en Leer para el 3er Grado para permitir un mayor control local de las decisiones de repetición sin aumentar la carga de documentación. Mantener los componentes de la ley basados en la evidencia que han demostrado ser beneficiosos para los estudiantes.
▪ Redirigir los costos de repetición de curso hacia intervenciones de lecto-escritura en los grados de kínder a segundo grado, aprendizaje de verano, tutorías intensivas y planes de intervención automatizados para mantener altos estándares mientras se invierte en mejorar la lecto-escritura.
• Integrar la ciencia de la lectura en los programas de formación de la enseñanza para que todos los estudiantes comiencen del kínder al grado doce con una sólida base de lecto-escritura que ayude a prevenir la necesidad de intervención o repetición de curso.

4 Estabilizar, alinear y ampliar las estructuras de fondos de la educación preescolar.

Garantizar bases sólidas para los estudiantes, independientemente de su código postal, mediante la inversión en educación preescolar (Pre-K):

• Mejorar el acceso, comenzando por los estudiantes que se encuentran en zonas rurales y urbanas de alta necesidad consideradas como desiertos de educación preescolar.
• Pasar de estructuras de fondos impredecibles y competitivos hacia opciones de financiación más sostenibles, con asignaciones anuales dedicadas y constantes para los proveedores de servicios de alta calidad.
• Crear vías de obtención de licencias —incluyendo el reconocimiento de experiencia de vida previa— con el fin de fortalecer la fuerza laboral en el área de la primera infancia.

NASS está integrada por los 17 superintendentes de distritos escolares y la Autoridad Estatal de Escuelas Públicas Charter. *Durante más de dos décadas, hemos trabajado en colaboración con la Legislatura para promover políticas que fortalezcan el sistema de educación pública de Nevada. Valoramos nuestra continua colaboración con la Legislatura y mantenemos nuestro compromiso con soluciones prácticas y centradas en los estudiantes.*

Lyon County School District
Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: Dr. Stacey L. Cooper; Deputy Superintendent

Re: School Improvement Plans

Recommendation: That the Board of School Trustees review the School Improvement Plans and approve for submission to the state.

Background Information:
School improvement plans are mandated under the Nevada Revised Statutes (NRS 385.357). It requires Nevada schools and districts to develop annual, multi-year plans to improve student achievement, attendance, and graduation rates through defined goals and measurable criteria. These plans outline specific strategies, timelines for implementation, and methods for evaluating effectiveness. They are continuously reviewed throughout the school year to ensure they meet the needs of all students.

The LCSD Board of Trustees requested all school improvement plans to complement the goals established by the district improvement plan. Principals worked with their school improvement committees to accommodate such requests as well as develop their own respective adult learning goal. The school improvement goals align with the district goals and address site specific goals to ensure programmatic alignment for state monitoring. Upon approval of the LCSD Board of Trustees, these plans will be submitted to the Nevada Department of Education.

Inquiry Area 1 Student Success

SMART Goal 1

For grades K-4, CES will increase the percentage of students demonstrating typical growth in mathematics and reading by 2.5% from the end-of-year results of the 2025/2026 school year to the end-of-year results of the 2026/2027 school year.

Formative Measures: i-Ready Reading and Math Assessment Suite
i-Ready Math Curriculum

Improvement Strategy 1

Data driven instruction, regularly analyzing data to identify student strengths and weakness to help teachers tailor instruction to address a student's individual needs.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Establish a Data Review Cycle Conduct grade-level data meetings every 2 weeks to review assessment results, attendance data, and student work samples. Utilize common assessment data to identify trends and learning gaps.	Administrators	2026/2027 School Year	
2	Implement Collaborative Data Analysis Engage teachers in Professional Learning Community (PLC) discussions focused on analyzing student performance data. Develop shared action plans to address identified instructional needs.	Administrators / Teachers	2026/2027 School Year	
3	Create Student Learning Profiles Maintain individual student data trackers that monitor academic progress, attendance, and intervention outcomes. Use profiles to identify students requiring additional support or enrichment.	Administrators / Teachers	2026/2027 School Year

Evidence Level

Problem Statements: Student Success 1 - Connectedness 1

Status Checks

November	January	May

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
1	At CES, students in 2nd and 3rd grade are experiencing a learning plateau, or decline, as evidenced by proficiency rates for students year to year in both math and reading.	Incomplete literacy expertise, insufficient Tier 1 instruction and rigor, and math learning mis-alignment, where students instructional levels fail to meet their academic level.

SMART Goal 1 Problem Statements Identifying Connectedness

	Problem Statement	Root Cause
1	At CES, current chronic absenteeism rates negatively impact student proficiency outcomes. This is driven by inconsistent family engagement, a reactive rather than proactive monitoring system, and the need for more culturally responsive and engaging Tier 1 instruction.	Inconsistent messaging, lack of clarity in the parental excuse process, and a historic lack of positive outreach before crisis occurs.

Inquiry Area 2

Adult Learning Culture

SMART Goal 1

By the end of the 2026-2027 school year, CES will improve its Adult Learning Culture "Engagement and Relationships" rating to meet or exceed the district average and state average, as measured by staff climate/culture survey data. To support this outcome, staff participation in structured collaboration (PLC/MTSS/data meetings) will increase to at least 90% consistent participation across all grade levels and departments, and each team will implement at least one documented relationship-building or staff engagement strategy per quarter. Progress will be monitored quarterly through staff surveys, participation logs, and leadership walkthroughs to ensure sustained improvement in staff connectedness, collaboration, and collective efficacy.

Formative Measures: PLC's, staff climate surveys

Improvement Strategy 1

CES will implement a structured staff engagement and collaboration system designed to strengthen adult learning culture and build stronger professional relationships. This will include protected weekly PLC time focused on shared problem-solving, student data review, and instructional planning, as well as intentional norms for collaboration that promote trust, voice, and shared ownership. Leadership will support implementation through consistent facilitation, coaching, and feedback cycles, while also embedding regular staff recognition practices and opportunities for team-building. Additionally, MTSS and leadership teams will ensure alignment between collaboration time and schoolwide priorities, with a focus on improving engagement, communication, and collective responsibility for student success.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Establish and Protect PLC Structures Develop and publish a master schedule that includes dedicated weekly PLC time for all grade-level and support teams. Create PLC agendas focused on student data analysis, instructional planning, and problem-solving. Status Checks

November	January	May

SMART Goal 1 Problem Statements Identifying Adult Learning Culture

	Problem Statement	Root Cause
1	Although CES performs above district and state averages in most Adult Learning Culture domains, survey and performance data indicate a need to strengthen Engagement and Relationships among staff to better support equitable outcomes for all students. Increased collaboration, communication, and shared understanding among staff are needed to effectively respond to the academic and social-emotional needs of student groups, including English Learners, Foster/Homeless students, Free and Reduced Lunch students, Migrant students, Racial/Ethnic groups, and Students with IEPs. Strengthening adult learning culture in this area will improve collective responsibility, staff cohesion, and CES's ability to ensure success for all learners.	Staff have had limited structured opportunities for ongoing collaboration, relationship-building, and professional learning centered on equity, student subgroup needs, and shared instructional practices. As a result, collective efficacy and staff engagement may not be fully leveraged to consistently support the diverse needs of all student populations.

Inquiry Area 3

Connectedness

SMART Goal 1

CES will reduce the chronic absenteeism rate by 2.5% from the 2025/2026 school year to the 2026/2027school year.

Formative Measures: Attendance Reports (IC)
Early warning system
MTSS / Counselor for attendance
Home visits
Intervention logs

Improvement Strategy 1

Utilizing data, schools will engage families and provide early intervention to improve attendance, while providing engaging curriculum and instruction.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Establish Attendance Data Monitoring Systems Review attendance data weekly to identify students at risk for chronic absenteeism. Utilize attendance dashboards and reports to monitor individual, grade-level, and schoolwide attendance trends.	Administrators / Counselor	Monthly	
2	Implement Early Attendance Interventions Contact families promptly when attendance concerns emerge. Conduct attendance conferences with students and families to identify barriers and develop support plans. Utilize MTSS processes to provide targeted attendance supports and monitor progress.	Administrators	Monthly	
3	Strengthen Family Engagement and Communication Provide families with regular updates regarding student attendance and its impact on academic success. Offer multiple methods of communication, including phone calls, text messages, emails, newsletters, and family meetings. SMART Goal 1 Problem Statements Identifying Connectedness

	Problem Statement	Root Cause
1	Chronic absenteeism rates remain high for a significant group of students, negatively impacting student achievement, engagement, and school connectedness.	Inconsistent attendance intervention systems and follow-up procedures Limited early identification processes for students approaching chronic absenteeism Barriers related to transportation, housing instability, and family responsibilities Limited student engagement and sense of belonging Mental health, anxiety, and social-emotional challenges impacting attendance
2	A subgroup of students demonstrates severe absenteeism patterns, resulting in significant loss of instructional time and increased risk of academic failure and disengagement.	Lack of individualized attendance intervention plans for high-risk students Limited access to wraparound services and community resources Inconsistent communication and partnership with families Credit deficiency and reduced student motivation Limited access to mentoring, counseling, and relationship-based supports

3	Many students are approaching the chronic absenteeism threshold, indicating a need for stronger preventative attendance systems and early intervention supports.	Inconsistent attendance monitoring and rapid-response systems Limited use of attendance data to identify emerging attendance concerns Lack of consistent attendance incentives and positive reinforcement systems Limited proactive communication with students and families Need for stronger relationship-building and student connectedness initiatives
4	Attendance challenges disproportionately impact vulnerable student populations, including students experiencing poverty, homelessness, mobility, and academic or behavioral challenges.	External barriers related to socioeconomic instability Frequent school transitions and interrupted educational experiences Limited access to individualized supports and intervention services Inconsistent collaboration between school, family, and community agencies Need for stronger targeted supports for high-needs student groups
5	Family engagement and communication systems are inconsistent, limiting opportunities to build strong attendance partnerships between home and school.	Limited proactive and positive communication systems Inconsistent family outreach practices among staff Lack of structured family engagement opportunities Limited access to translated communication and resources for some families Need for stronger family education regarding attendance expectations and impacts

SMART Goal 2

By May 2027, Dayton High School will increase family engagement and participation in attendance and school connectedness initiatives by 10% as evidenced through communication logs, event participation, and survey feedback.

Formative Measures: Family communication logs
Attendance at family engagement events
Parent participation data
Family survey feedback
Positive parent contact logs
Attendance meeting participation

Improvement Strategy 1

Strengthen family partnerships through proactive communication systems, increased engagement opportunities, and ongoing collaboration focused on student attendance and success.

SMART Goal 1 ☑ Aligns with District Goal

For grades 7-8, Dayton Intermediate School will increase the percentage of students demonstrating typical growth in mathematics and reading by 2.5% from the end-of-year results of the 2025/2026 school year to the end-of-year results of the 2026/2027 school year.

Formative Measures: iReady Diagnostic Exam to be taken in the Fall of 2026, Winter 2027 and again during the Spring of 2027.

Improvement Strategy 1

To support student growth in mathematics and reading , all students will engage in 30 minutes of targeted instruction using the i-Ready My Path program every Monday and Wednesday respectively during advisory classes. Additionally, Tier 2 level tutoring support will be provided outside of regular school hours to address learning gaps and mitigate learning loss, with a focus on closing the achievement gap.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Dedicated time set aside weekly for whole school to practice and work on iReady math mypath in order to help back fill deficiencies. Students need to show 70% mastery per lesson.	Advisory teachers, Administration	Weekly on Tuesdays throughout the year.	
2	Discussing the iready results and common assessments during dedicated PLC time to make data driven decisions.	Teachers	Throughout the School Year	
3	The number of i-Ready lessons mastered by students will be tracked weekly. At the end of each month, the students that have 4 math and 4 reading lessons at 70% mastery will be recognized and awarded a monthly incentive to promote engagement, accountability, and academic growth.	Advisory Teachers and Administration	Monthly	
4	Dedicated time set aside weekly for whole school to practice and work on iReady Reading path.	Advisory teachers, Administration	Weekly on Wednesdays throughout the year.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
1	Chronic Absenteeism, students missing 18 or more school days, at DIS has decreased from 34.6% during the 2023-2024 to 27% during the 2024-2025 school year and now to 20% for the 2025-2026 school year. While we have seen contiued improvement, lack of consistent instruction affects the overall success rate of student achievement.	Our Tier 1 instructional strategies and school-wide engagement systems have not consistently fostered an environment where students see the immediate value and relevance of everyday attendance and high-stakes testing. Additionally, our school has experienced an implementation gap while transitioning between three separate core curricula over the past six years, preventing a deeply aligned, unified approach to mastery-based learning.
2	Although DIS is showing improvement in both Math and ELA as measured by iReady testing our students still are not achieving at a level that we would like to see.	Chronic Absenteeism and student apathy towards tests is hindering our overall achievement scores. In addition, DIS has not met the states required 95% year of students being tested due parents opting their students out of the SBAC exam since the 2018-2019 School . Lastly, we have recently, in the past 6 years, implemented 3 new curriculums in Math, ELA and Social Studies.
3	Parent involvement drops off significantly from elementary to middle school.	Our current communication frameworks and family outreach events lack the transitional scaffolding necessary to meaningfully loop middle school families into their child's changing academic landscape. We have yet to design tiered, easily accessible partnership methods that match the shifting structural dynamics between elementary and intermediate environments.

Adult Learning Culture

SMART Goal 1

☑ **Aligns with District Goal**

By May 2027, the percentage of instructional staff who report 'Agree' or 'Strongly Agree' on the NVCSEL Staff Survey item regarding 'Our professional learning communities directly influence and improve my instructional practice' will increase by 10% over the Fall 2026 baseline, driven by the implementation of at least two structured, documented PLC periods per month.

Formative Measures: Tracking meeting minutes
data digs
meeting times (2 per month)
iReady data
WBL data

Improvement Strategy 1

While our qualitative school reviews highlight a highly collaborative staff culture, our data baseline stems from the NVCSEL Staff Survey. In cross-analyzing our local data with the NVCSEL domains, specifically focusing on Professional Collaboration, Instructional Leadership, and School Climate, staff responses indicate a distinct correlation between inconsistent structural meeting windows and a desire for stronger alignment on student behavior management. Moving forward, the NVCSEL survey will serve as our primary baseline to determine if our restructured PLC windows are translating into professional efficacy and behavioral alignment.

SMART Goal 1

Eagle Ridge High School students in grades 7th-12th will demonstrate an average growth of or greater, from Entrance to Exit of program, as measured by the NWEA Measure of Academic Progress (MAP) in both Reading and Math subject areas for the 2026-2027 school year.

Formative Measures: Teachers will conduct 1:1 conferring sessions for all students in the class. By the end of each week each student will have had three conferring sessions with the teacher focusing on giving students the opportunity to verbally process their information, reflect on new learning, create goals, and discuss progress. Data will be tracked by documenting the conferences.

By the end of the first semester, introduce at least three new classroom setups or teaching methods designed to enhance student engagement without compromising discipline. Create anchor charts of the instructional posters and hang on the classroom walls so students are able to use them as a resource. Data will be tracked through classroom walk throughs.

Once a month, students will use the Pathways program to explore "virtual field trips" allowing them to bring in real-world experiences into their online learning experience. Data will be tracked by listing the dates the platform is used.

Improvement Strategy 1

To increase the engagement of learning, Eagle Ridge High School will implement a strategic plan to integrate virtual field trips, create goals with students and track their progress in the area of math and reading during conferring sessions.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
1	Eagle Ridge High School faces significant challenges in integrating real-life experiences into the curriculum and fostering a collaborative culture due to its highly structured environment, which limits student interaction and engagement, thereby hindering the ability to effectively process and retain new information necessary for students' academic growth. This is not only effecting general education students but also students on an IEP. Also due to the unique set up of Eagle Ridge High School students are consistently entering and exiting the program at different rates. This makes the time we have with them limited and it is crucial that growth is displayed while they are with us.	The curriculum at Eagle Ridge High School, coupled with a focus on discipline over engagement, restricts the integration of real-life experiences in learning, limiting students' ability to connect academic content to real-world situations. Additionally, the school's policy prohibiting student interaction hinder the development of a collaborative culture. These factors, alongside a highly structured environment and resource constraints, prevent the implementation of diverse and engaging teaching methods, impeding the creation of a more inviting classroom atmosphere. The majority of Eagle Ridge students are not in our program for an entire year-making it difficult to meet growth goals that are designed for an entire year.

Inquiry Area 2

Adult Learning Culture

SMART Goal 1

By June 2026, 100% of Eagle Ridge High School teachers will become proficient in the implementation of Pathways, a virtual field trip platform.

Formative Measures: Once a month a survey will be given to the students. The teacher will gather direct feedback through the survey about students' experiences with the new technology tools being integrated into their learning environment. This measure will help assess the effectiveness, engagement level, and real-world applicability. Questions in the survey will address ease of use, relevance to real-world applications, and how these tools have impacted their learning experience.

By the end of the first semester, the teacher will have created and introduce one anchor chart providing students with the tools to navigate safely and effectively though Pathways. Data will be tracked through classroom walk throughs.

Once a month, teachers will provide an opportunity for students to explore Pathways (virtual field trip platform) increasing student engagement and bringing real-life experiences into the online curriculum. Data will be tracked by listing the dates the platform is used.

Improvement Strategy 1

Eagle Ridge High School will integrate Pathways (virtual field trip platform) other than just Edgenuity to enhance the real-life learning opportunities for the students.

SMART Goal 1 Problem Statements Identifying Adult Learning Culture

	Problem Statement	Root Cause
1	Eagle Ridge High School serves a unique student population that includes adolescents placed at the school due to drug and alcohol use. As a result of significant discipline and behavior concerns, a highly structured program prohibits student-to-student interaction as a safety and management measure. However, this restriction has contributed to low student engagement, particularly among students with Individualized Education Programs (IEPs), whose social and instructional needs are not being fully met within the current program structure. Teachers do not get to be as creative as they would if they were in a typical classroom. Finding ways to bring more real-world applications into the classroom would benefit all students, especially students on an IEP, while also enhancing teacher creativity.	The critical root cause of these issues is the implementation of a highly restrictive environment that prioritizes safety and behavior management over individualized engagement and support. This program structure--where students are not permitted to interact with one another--limits opportunities for collaborative learning, peer support, and the development of social-emotional skills. For IEP students, this environment further impedes access to accommodations and specialized instruction that often rely on interaction, small-group instruction, or peer modeling. There is also a lack of real-world applications in the program used at Eagle Ridge High School.

Inquiry Area 3

Connectedness

SMART Goal 1

By June 2027, Eagle Ridge High School will increase students' sense of connectedness by integrating at least one curriculum-aligned virtual field trip experiences each month, with 80% of participating students reporting increased engagement and a stronger sense of belonging, as measured by pre- and post-experience connectedness surveys.

Formative Measures: Once a month a survey will be given to the students. The teacher will gather direct feedback through the survey about students' experiences with the new technology tools being integrated into their learning environment. This measure will help assess the effectiveness, engagement level, and real-world applicability. Questions in the survey will address ease of use, relevance to real-world applications, and how these tools have impacted their learning experience.

Once a month, teachers will provide an opportunity for students to explore Pathways (virtual field trip platform) increasing student engagement and bringing real-life experiences into the online curriculum. Data will be tracked by listing the dates the platform is used.

Improvement Strategy 1

Eagle Ridge students will engage in a virtual field trip each month. Through this field trip, they will connect with real-world applications that cannot be found in Edgenuity.

SMART Goal 1 Problem Statements Identifying Connectedness

	Problem Statement	Root Cause
1	Eagle Ridge High School serves students who have experienced challenges related to drug and alcohol use. The school's mission is to support students in recovering lost credits and making progress toward graduation. To achieve this, the environment is intentionally structured, with a rigorous curriculum and strict rules, including prohibiting student-to-student interaction.	Students at Eagle Ridge High School may report feeling disconnected from the school community. The required structure and restrictions--especially the prohibition of peer interaction--limit opportunities for students to build relationships, develop a sense of belonging, or feel supported beyond academics. This can lead to feelings of isolation, decreased motivation, and disengagement from learning, potentially impacting both academic recovery and personal growth.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
4	Academic performance in mathematics saw a significant drop in math proficiency scores (STAR Report), dropping from 12.2% proficient in 2022-2023 to 7.3% in 2023-2024. More recently,(24-25), proficiency has improved to 14.5%. While this is higher than the district average of 12.7%, there is still a lot of room for improvement.	While there have been pockets of success, there is still no effective intervention plan for general education students that work at a large scale.

SMART Goal 1 Problem Statements Identifying Adult Learning Culture

	Problem Statement	Root Cause
1	Classroom observations show a relative disparity in the areas of higher-order thinking and student self-direction, as measured by NEPF observations.	Due to high rates of daily absenteeism, many staff consistently play "catch up" to ensure students are passing and earning credits. Often times when catching a student up from absences, lessons and projects cannot be carried out with fidelity and these students miss out on opportunities to develop higher-order thinking and self-direction skills.

SMART Goal 1 Problem Statements Identifying Connectedness

	Problem Statement	Root Cause
1	Chronic absenteeism hinders student learning, especially for students impacted by poverty, mobility, and trauma.	Inequitable access to high-quality instruction, curriculum that feels irrelevant, and emotional and mental health challenges.

Inquiry Area 2

Adult Learning Culture

SMART Goal 1

By the end of the 2026-2027 school year, 80% of Fernley High School teachers will consistently integrate at least two High Impact Teaching Strategies (HITS) that promote higher-order thinking and student self-direction in their classrooms, as evidenced by rubric-based classroom observations.

Formative Measures: Classroom observations and walk-throughs; staff/department self-reporting on implementation of strategies

Improvement Strategy 1

	Problem Statement	Root Cause
1	While current instructional practices have led to moderate student growth, disparities persist among student subgroups in meeting academic benchmarks. There is a need to align instruction with equitable, high-impact strategies that improve growth outcomes across all demographic groups. While 6th grade scores have consistently outperformed 5th grade scores these gaps persist.	Inconsistent implementation of curriculum, high teacher turnover and inconsistent Tier 1 instruction. Inconsistent Academic Intervention offered.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
1	Classroom disruptions and behavior is taking away from instructional time	Lack of consistent, clear expectations and follow through and self-regulation skills. Lack of strong relationships with most difficult students, consequences and reteaching that change behaviors. Lack of support from home and the consideration of how a student's behavior affects others.
2	Student focus and attention is lacking	-Student buy in to learning and valuing the importance of learning -Lots of time spent on technology outside of school -Students wanting instant gratification -Not making connections between current learning and how it impacts their future
3	Large gaps in foundational skills for reading, specifically in 3rd and 4th grade	Past curriculum did not have a phonics component so we are working to bridge that gap. -
4	High rate of absences	Families don't understand the importance and benefit of school and learning. Student choice in learning. Not creating opportunities to understand connections between school and future careers.

Adult Learning Culture

SMART Goal 1

By June 2026, establish and facilitate weekly PLC meetings for all grade-level and content-area teams that follow a standardized protocol focused on student data analysis and instructional planning. Success will be measured by 100% of teams using a shared agenda and documentation template, with at least 80% of PLCs demonstrating evidence of data-driven decisions in lesson planning, as verified through monthly admin check-ins and team reflections.

Formative Measures: -PLC Notes (Goal focused)
-Kick-Up-PLC time on Friday

Improvement Strategy 1

Weekly PLC time with importance of data and strategy planning.

SMART Goal 1

Silver Stage High School's 9th and 10th Graders will demonstrate a median growth percentile of 50% or greater, from Fall to Spring, as measured by the NWEA Measure of Academic Progress (MAP) in both Reading and Math subject areas for the 2026-2027 school year.

Formative Measures: Fall-MAPs Assessment in Reading and Math to determine baseline, Skill-based formative checks in PLCs and Student goal setting and conferring sessions.
Winter-MAPs Assessment in Reading and Math to determine median growth progress, Skill-based formative check in PLCs and Student goal setting and conferring sessions.
Spring-MAPs Assessment in Reading and Math to determine summative growth measure, Skill-based formative check in PLCs and Student goal setting and conferring sessions.

Improvement Strategy 1

Academic supports and interventions needed to ensure the success of all students.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Tracking Credit sufficiency rates for grades 9th-12th.	Administration, Counselor, CCRI	End of each semester	
2	All 9th and 10th graders will take the Measures of Academic Progress (MAPs)-fall, winter, and fall. Individual Growth Goals will be determined and monitored for growth. One to one conferring sessions will take place between the student and teacher to discuss a plan of action to meet goals.	Administration, Counselor, CCRI, Advisory Teachers	Beginning, Middle and End of year	
3	Students who are failing will be brought to the MTSS and an SST will be conducted. Failure rates will be reviewed monthly in the MTSS meetings. Graduation Plans will be created for all students who are at risk of not graduating.	CCRI, MTSS Team, Administration, Counselor	Monthly	
4	Students in 11th grade will take a Pre-ACT exam and their results will be reviewed in Advisory. Goals will be set for the students and ACT practice will occur in Advisory. SMART Goal 1

100% of classroom teachers and support staff at SSHS will participate in Student Study Teams (SST) and implement interventions for students who are Chronically Absent by the end of the third quarter. SSHS will accomplish this by the end of 2026/2027 school year.

Formative Measures: Attendance rates for chronically absent students. Teacher and Support Staff attendance at SSTs. Progress monitoring on the interventions designed during the SSTs.

Improvement Strategy 1

The MTSS team and classroom teachers will create interventions and attend SSTs for students who were chronically absent in grades 9th-12th during the 2025/2026 school year.

Actions for Implementation

SMART Goal 1 Problem Statements Identifying Adult Learning Culture

	Problem Statement	Root Cause
1	At Silver Stage High School, multiple student groups face intertwined challenges that impede their academic and personal development. Teachers struggle providing all needed tools to students due to insufficient parental engagement, high number of students displaying challenging behaviors, and students not engaging in relevant lessons-limiting access to learning opportunities.	These issues highlight a critical need for an inclusive, supportive, and cohesive educational system (MTSS) that addresses diverse needs, fosters engagement, and strengthens parental and community involvement.

-iReady Math diagnostic assessments 3 times a year.
-iReady Reading diagnostic assessments 3 times a year.
-Diagnostic assessments from HMH and McGraw Hill in area of ELA

Improvement Strategy 1

To support the Lyon County School District, Silver Stage Middle School will hold monthly data reviews to guide instruction and interventions. Teachers will provide targeted small group support and differentiated tasks based on i-Ready data. PLCs will collaborate to adjust instruction and share effective strategies to boost student growth.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
1	Teachers at Silver Stage Middle School will strengthen Tier 1 instruction by using differentiated, data-driven instructional practices to meet the diverse academic needs of all students and improve achievement in mathematics and reading.	- Trauma informed practices are insufficent to meet students' needs. -Students are dealing with trauma which impacts their self-esteem and tend to not follow through when challenged in the learning environment. - Teachers lack efficacy in the area of differentiation. -Teachers continue to learn new ELA curriculum. -Students are missing fundamental math and reading skills. -Students on IEPs are not showing significant growth in math and ELA on the SBAC. -High chronic absenteeism rate.

Inquiry Area 2

Adult Learning Culture

SMART Goal 1

As measured by the SSMS Staff Climate Survey, through the implementation of consistent schoolwide behavior expectations, MTSS behavior supports, restorative practices. Progress will be monitored through behavior referral data, walkthrough observations, MTSS documentation, and Staff Climate Survey, in the area of verbal abuse will improve 5 percentage points from the 25-25 school year.

Formative Measures: - Staff Climate Survey
- Behavior Logs
- Montly PLCs that focus on MTSS Tier 1
- MTSS
- Walkthroughs

Improvement Strategy 1

SSMS will strengthen schoolwide behavior expectations and MTSS behavior supports through staff collaboration, restorative practices, and professional learning focused on classroom management and de-escalation strategies. Administration will support implementation through walkthroughs, behavior data reviews, coaching, and consistent communication with students and families regarding behavioral expectations.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
1	Less than half of Silverland Middle School students are meeting typical growth in Math and Reading, demonstrating a persistent gap between current performance and desired academic growth outcomes.	Opportunities exist to strengthen the consistency of instructional practices, use of student learning data, and implementation of intervention supports across the school. Increasing coherence among these systems may enhance student access to targeted support and improve academic growth outcomes.

Inquiry Area 2

Adult Learning Culture

SMART Goal 1

By the end of the 2026-2027 school year, Silverland Middle School will increase staff participation in the NV-SCSEL survey from 21% to at least 50%.

Formative Measures: NV-SCSEL 2026-2027 staff survey participation rate (baseline: 21%, target: 50%)

Improvement Strategy 1

Silverland Middle School will increase staff participation in the NV-SCSEL survey by embedding completion time into the school schedule, clearly communicating the purpose of the survey, and sharing results with staff to inform school improvement efforts.

Actions for Implementation

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete
1	Present 2025-2026 NV-SCSEL survey results to staff during the fall rollout of 2026-2027 SPP goals, including a clear explanation of how the data informed the Adult Learning Culture goals.	Admin	August	
2	Re-present key survey findings and communicate expectations for participation during a staff meeting immediately prior to the opening of the 2026-2027 NV-SCSEL survey window.	Admin	Fall/ Semester 1	
3	Clearly communicate to staff that NV-SCSEL data will be used to inform and monitor school improvement efforts, including Adult Learning Culture goals, during both the fall presentation and pre-survey communication.	Admin	Semester 1	
4	Promote staff participation in the NV-SCSEL survey through regular communication, meeting announcements, and multiple access opportunities, including survey links and QR codes provided through staff meetings and the staff Google Classroom.	Admin	NV-SCSEL survey window	

Position Responsible: Administration

Resources Needed: 1. Dedicated time during staff meetings or professional learning sessions
2. Access to the NV-SCSEL survey link and QR code
3. Staff communication tools (email, staff Google Classroom)

SMART Goal 1 Problem Statements Identifying Adult Learning Culture

	Problem Statement	Root Cause
1	Lyon County School District's 2025 NV-SCSEL staff survey included 275 responses, providing representative district-level data regarding staff perceptions of school climate. In contrast, Silverland Middle School received only 15 staff responses, limiting the availability of representative school-level data needed to understand staff perspectives and inform Adult Learning Culture goals and continuous improvement efforts.	While opportunities for staff feedback exist, the school has an opportunity to strengthen systems for communicating the purpose of the NV-SCSEL survey, encouraging participation, and sharing how survey results are used to inform school improvement efforts. As a result, school-level climate data may not fully represent staff perspectives, limiting the availability of actionable feedback to support Adult Learning Culture goals and continuous improvement efforts.

Connectedness

SMART Goal 1

Lyon County School District will reduce the chronic absenteeism rate by 2.5% from the 2025/2026 school year to the 2026/2027 school year.

Formative Measures: 1. Attendance reports disaggregated by student subgroup (ELL, Students with IEPs, FRL, Foster/Homeless, Migrant, and Racial/Ethnic groups)
2. Early Warning System data disaggregated by student subgroup
3. MTSS for Attendance data and intervention logs, disaggregated by student subgroup
4. CCRI family engagement data

Improvement Strategy 1

Create a responsive, relationship-centered Tiered Attendance Monitoring and Response System that uses clear thresholds and timely interventions to prevent chronic absenteeism and support student re-engagement.

Actions for Implementation

SMART Goal 1 Problem Statements Identifying Connectedness

	Problem Statement	Root Cause
1	While Silverland Middle School prioritizes student connectedness, chronic absenteeism remains a challenge for some students and student groups. Attendance patterns indicate an opportunity to strengthen relationship-building, engagement, and attendance supports to increase student participation and connection to the school community.	Opportunities exist to strengthen schoolwide systems that promote student connectedness, engagement, and attendance. Increased access to relationship-centered practices, meaningful student engagement opportunities, and coordinated social-emotional supports may improve students' connection to the school community and support regular attendance.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
1	Some students in grades 3 through 6 are not showing adequate achievement on required assessments and some students in grades K-3 are not closing achievement gaps based on Reading Acceleration Plans and iReady scores. 21% of students are two or more grade levels below in reading and 15% of students are two or more grade levels below in math.	Intervention plans are just beginning to address the appropriate skills and the plans need to be monitored closely to determine the effectiveness of the intervention. Teachers report having a clear focus helps them prioritize.
2	Some Sutro students are not showing academic growth at appropriate levels to close achievement gaps. 57% of students met their typical growth in reading and 54% of student met typical growth in math based on spring iReady results. 29% of students met their stretch growth goal in reading and 20% met the stretch growth goal in math based on spring iReady testing.	Teachers are in the beginning stages of using data during PLC time to accurately identify the appropriate areas of content to provide remediation.

SMART Goal 2

Inquiry Area 1 Student Success

SMART Goal 1

In grades 9-10, at least 50% of students at YHS will demonstrate a median growth percentile of 50% or greater, from fall to spring, as measured by the NWEA Measure of Academic Progress (MAP) in both reading and math subject areas for the 2026-2027 school year.

Formative Measures: YHS will continue to use and analyze data such as WIDA, previous year's MAP data, and ACT data, to help and support students throughout the year to help fill in learning gaps. Observation data collected by administrators that focuses on differentiation, more choices for students, and learning goals and scales will be shared through post conferences and as a whole with the staff. There will be collaboration surrounding these topics as well at the start of the school year. Teachers will also share students MAP scores and have conferences with students so students understand where they are with their MAP scores and what growth is needed. We will also continue to share MAP scores with parents at our family engagement nights.

Improvement Strategy 1

Data driven instruction that includes differentiation, IEP goals, ESL accommodations, along with learning scales and goals to help support students and to better equip teachers tailor instruction to address a student's individual needs. NEPF and Portrait of a Learner will help support instructional strategies.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
2	Despite using MAP data to drive instruction, students are not given adequate opportunities to actively monitoring their learning progress so they can increase accountability, set meaningful learning goals, and advocate for their personal growth. With intentional learning goals, scales and opportunities for students to reflect on their learning, student will show growth on their MAP scores from fall to spring.	Lack on tier 1 instruction that includes goal setting, meta cognition, and learning scales for students in all classrooms.
3	While some teachers have kept up on developing learning goals and learning scales for classes, we need all teachers to provide this opportunity for students. Teachers also need to differentiate their instruction offering more ways for students to demonstrate mastery of the standards. Certified teachers along with long term subs need more support to understand the instructional practices within the NEPF standards in order for student to be able to rate where they are in their learning and have choices when it comes to showing what students know and have learned in the class.	Inconsistent practices in the classrooms with learning goals and scales along with differentiation. New staff and long term subs are not aware of the NEPF instructional standards and practices.

Adult Learning Culture

SMART Goal 1

Yerington High School teachers will deepen their understanding of the Nevada Educator Performance Framework (NEPF) instructional standards through the use of learning goals and proficiency scales. This work will provide students with opportunities to self-reflect on their learning, monitor their progress, and take ownership of their growth.

Administrators will collect observation data to ensure that all teachers are consistently implementing learning goals and scales to support student self-reflection. This focus will help strengthen the results from the 2025 Nevada Climate Survey, where both staff and students identified cultural and linguistic competence and emotional safety as the school's greatest strengths. By increasing student voice and ownership in the learning process, YHS will continue to foster an inclusive, supportive, and culturally responsive learning environment.

Formative Measures: YHS administration will be collecting observation data that includes learning goals and scales that will help students reflect on their learning. Through data collected, administration will work with teachers during pre and post conferences to support teachers' learning goals and scales.

Improvement Strategy 1

YHS will focus on goal setting and learning scales to support student metacognition. This focus will help strengthen the results from the 2025 Nevada Climate Survey, where both staff and students identified cultural and linguistic competence and emotional safety as the school's greatest strengths.

SMART Goal 1

YHS will reduce the chronic absenteeism rate by 2.5% from the 2025-2026 school year to the 2026-2027 school year. As of May 26, 2026, YHS has a chronic absenteeism rate of 29.9%.

Formative Measures: Through the MTSS process and with the help from the attendance secretary, students who are absent will be identified daily to in order to reach the families and students regarding attendance. A more proactive approach daily will catch student absences and allow for data and communication logs between the school, student, and parent to ensure students are attending school. There will be in person meetings with parents and students early on to discuss absences.
We will also make it a competition between the classes to see which class has the fewest absences with a reasonable incentive.

Improvement Strategy 1

Utilizing attendance data, YHS will engage with students and families daily to provide early intervention to improve attendance and avoid chronic absenteeism. This focus will help maintain and strengthen the results from the 2025 Nevada Climate Survey, where both staff and students identified cultural and linguistic competence and emotional safety as the school's greatest strengths.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
1	Yerington High School needs to reduce chronic absenteeism.	We need to be more intentional regarding letters to parents, meetings with parents and students, while catching these issues sooner rather than later. We need an effective process and system.

4	Chronic absenteeism is an issue for YHS. As of ay 2026, YHS has a chronic absenteeism rate of 29.9%. If students are not in class, students develop holes in their learning. The holes that students get from being absent makes it hard to earn credits. If students don't earn the credits, students will not graduate on time. More collaboration and communication with families is needed. Absences need to be caught and dealt with earlier.	Parents may not understand that students receive a lot of hands on instruction and missing this causes gaps in students' learning. Hands-on instruction and practice in the classroom can't be replicated at home in the same fashion when students do partner and group work. YHS also needs to do a better job working with families and students regarding absences. A formal plan that is created and monitored throughout the year is needed.

SMART Goal 1 Problem Statements Identifying Student Success

	Problem Statement	Root Cause
1	A significant percentage of students, particularly English Learners, students with disabilities, and economically disadvantaged students, are not consistently demonstrating typical growth in reading and mathematics, indicating a need for continued refinement of instructional and intervention systems.	While intervention and data-analysis structures exist, inconsistent implementation of differentiated instruction, intervention practices, and student ownership strategies limits the school's ability to consistently accelerate academic growth for all student groups.

SMART Goal 2

By May 2027, Yerington Intermediate School will increase the number and quality of career awareness and work-based learning opportunities available to students in grades 5-8 through expanded partnerships, School Links implementation, and structured career exploration experiences, with a focus on increasing equitable access and participation among all student groups.

SMART Goal 1 Problem Statements Identifying Connectedness

	Problem Statement	Root Cause
1	Chronic absenteeism and student climate data indicate that some students continue to experience barriers to consistent attendance, school connectedness, and a sense of belonging, impacting academic engagement and overall school success.	Students experiencing attendance concerns and lower levels of connectedness often lack consistent engagement with school systems, trusted adult relationships, and meaningful opportunities for participation, resulting in reduced connection to the school community.

SMART Goal 2

Yerington Intermediate School will increase inclusive engagement and communication with marginalized stakeholder groups, specifically Native American and Hispanic families, by establishing two-way communication systems and increasing cultural representation in school decision-making teams, with the goal of increasing the participation from these groups by 20% during the 2026-2027 school year.

Formative Measures: Attendance logs from Title I meetings, listening sessions, and committee membership (tracked monthly)

Family surveys or feedback forms asking about accessibility, cultural representation, and willingness to participate

Track invitations extended and follow-ups made with Native/Hispanic stakeholders

Number of culturally representative events co-planned with families or tribal partners

Lyon County School District
Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: Dr. Stacey L. Cooper; Deputy Superintendent

Re: District Performance Plan: End of Year Report

Recommendation: That the Board of School Trustees review the District Performance Plan's End of Year Report and approve for submission to the state.

Background Information: Lyon County School District Board of Trustees participated in two work sessions in the spring of 2025. The purpose of the work sessions was to develop eight measurable goals to promote districtwide improvement of all K-12 schools. The eight goals are briefly listed as follows:

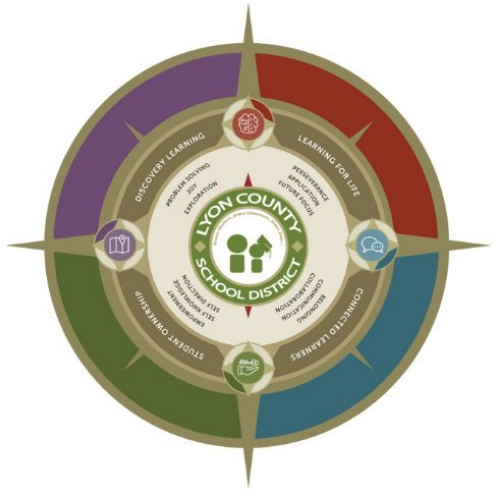

- At least 58% of K–8 students will meet or exceed typical growth in i-Ready reading and math from Beginning of Year (BOY) to End of Year (EOY).
- At least 55% of students in grades 9–10 will meet growth targets in MAP testing.
- Increase by 5% the percentage of 11th-grade college-bound students earning an ACT composite score between 16–36.
- Increase the graduation rate from 88.7% to 89.7%.
- Increase total work-based learning opportunities by 10%.
- All high schools will implement ACT WorkKeys by end of 10th grade to establish a baseline for National Career Readiness Certificates (NCRC).
- Increase student participation in work-based learning by 10%.
- Reduce chronic absenteeism by 10% from the 2024–2025 baseline.

This report provides the end-of-year review of these goals as required by Nevada Department of Education.

Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: Tim Logan, Superintendent

Re: 2026 Evaluation of Superintendent

Recommendation:
At the discretion of the Board of Trustees

Background Information:
Per LCSD Policy BCD: Board-Superintendent Relationship, the Board of Trustees is required to formally evaluate the superintendent annually in a regularly agendized, open meeting. The policy is attached for your reference. This is an opportunity for the board to provide the superintendent feedback on his performance for the past year. After considering all the subcategory ratings, the board will vote on a final rating during the meeting.

LCSD 2026 Evaluation Summary

BOARD-SUPERINTENDENT RELATIONSHIP

The superintendent shall be the chief executive officer and shall be responsible for the professional leadership necessary to translate the will of the Board into administrative action.

The superintendent shall be responsible for all aspects of district operation and for such duties and powers pertaining thereto as directed or delegated by the Board, and to develop such procedures and regulations as he/she considers necessary to ensure efficient operation of the district.

The Board expects that the superintendent is professionally able and possesses outstanding qualities of leadership, vision and administrative skill and that the superintendent will implement all Board policies in good faith.

The superintendent can expect that the Board will respect the superintendent's professional competence and extend to him/her full responsibility for implementation of Board policy decisions.

The Board holds the superintendent responsible for carrying out its policies within established guidelines and for keeping the Board informed about district operations. Any communication between the Board and Superintendent that directs the Superintendent's actions on policy implementation or district management needs to be done either in open public meeting or if it is on an urgent nature, communicated to all Board members in the same manner.

Individual Board members can request information from the Superintendent pertinent to policies and operations of the district. Individual Board members can provide information to the Superintendent pertinent to the operation of the district. Individual Board members cannot direct the Superintendent or Staff outside of open public meetings except as required for the duties of the Board President and Board Secretary as outlined in Policy BCB.

The Superintendent shall be given a formal evaluation by the Board in a regularly agendized, open meeting no less than one time per each school year that they are employed by the School Board (See NRS 241.031). The Board may, at their discretion, informally evaluate the Superintendent at any time during the school year in order to develop the formal year-end evaluation. Informal evaluations will not be used by the Board in any other manner.

Policy #BCD
Revised 4/25/17

Lyon County School District
BOARD ASSURANCES TO THE SUPERINTENDENT

- Follow proper protocols with respect to communication.
- Let the Superintendent do his job – not direct him like a puppet.
- Be honest and open with the Superintendent.
- Support the schools and staff within their communities.
- Treat recommendations by administrative staff with respect.
- Provide clear expectations for the Superintendent and reinforce those with meaningful evaluations.
- Dress to business casual standards as appropriate to the event.

Lyon County School District
SUPERINTENDENT ASSURANCES TO THE BOARD

- Keep kids first!
- Promote a safe and positive environment/culture.
- Focus on curriculum, instruction and assessment.
- Effectively communicate with the Board, staff, students and parents/community members in an open, honest, transparent and positive manner.
- Have visible presence at District schools.
- Treat all Board members equally.
- Work collaboratively with all stakeholders in promoting continuous improvement.

LCSD Trustee/Superintendent Communication Protocol

The Superintendent or his assistant will notify all trustees about any high profile incidents (emergency, accident, etc.).

Any request for information that involves time and research to produce a document will be provided to all trustees. All other simple requests will be provided to the requesting trustee.

As individual trustees contact cabinet members or administrators requesting information or answers, they will also notify the superintendent about the request.

Unless an emergency exists, as individual trustees receive formal complaints or information from stakeholders, they will first respond by asking if they have spoken to the site administrator/supervisor or superintendent respectively. If the individual trustee communicates directly with the site administrator/supervisor about the complaint or information, they will also inform the superintendent. Otherwise, the trustee will forward the complaint or information directly to the superintendent.

*In order to respect each other's personal and family time, communication on the weekends will be limited to emergency situations, so far as is feasible.

Trustee Elmer Bull - Superintendent Evaluation Comments

1.1 Student achievement proficiency and growth data in Math and ELA are monitored by the Superintendent and are regularly reported to the Board, including a plan for addressing deficiencies. Through publications and staff reporting, the Board is periodically updated on student achievement proficiency and growth data.

1.2 CTE and workplace learning participation are monitored by the Superintendent and are regularly reported to the Board, including a plan for addressing concerns and areas of growth. I feel the superintendent does a commendable job of monitoring the CTE and workplace learning programs while continuing to encourage the development of enhanced opportunities in these increasingly popular and valuable programs.

1.3 District graduation rate meets or exceeds the state's graduation rate. While the graduation rate for Lyon County Schools dipped slightly during the 2024 - 2025 school year, it was still slightly above the state graduation rate.

1.4 Students with specialized learning needs are provided appropriate modifications and accommodations through individual plans with learning goals and programs. To the best of my knowledge, the Superintendent and Director of Special Services are providing appropriate individual plans to assure that students with specialized learning needs are receiving the opportunities they are entitled to.

2.1 Uses effective public information strategies to communicate and promote a positive image of the District with families, community, the media, and state and local officials.
The Superintendent, while working closely with the public information officer and senior staff, does a very good job of promoting the positive aspects and events that are part of the Lyon County School District. While challenges are ever present, it's vital that the good things going on in the District are publicized and I feel that is being accomplished on a regular basis.

2.2 Provides an annual survey for parents/guardians to communicate experiences and provide feedback about District and school operations.
There was no annual survey of parents / guardians implemented since the last evaluation period. At a time when enrollment is dropping, I think it's imperative that the LCSD do everything in it's power to determine the reasons behind the drop in enrollment. While the decline in U.S. birthrate, shifting demographics and other factors are surely contributing to the decline, LCSD data indicates that over the last five years, an average of 212 students (and their parents) have submitted Notices of Intent stating that they will be home schooled. That number equates roughly to the decline in enrollment experienced by our district between September, 2024 and now. The end result has been a dramatic decrease in per student funding which, in turn, has forced the district to make adjustments in it's budget. While the adjustments have been fairly minor to this point, further drops in enrollment could begin to have significant impacts on district operations and steps must be taken to learn why so many students and parents are turning to home schooling. I firmly believe that learning why so many parents are opting for home schooling may also uncover some of the reasons why teacher recruitment is such a challenge.

2.3 Regularly visits schools and visibly engages the school community and the community at large.
School visits are scheduled on a regular basis and, as alluded to previously, I feel the superintendent and his staff do a very good job of engaging with the public.

3.3 Ensures that federal, state, and local laws and policies are implemented for employees.
The Superintendent is an effective steward of the District's financial resources and ensures the fiscal health of the District.

3.4 Guides the process of fiscal planning and budget development and makes recommendations based upon the District's current fiscal position and future needs.
I feel the Superintendent does a commendable job in working with the Director of Operations and Chief Financial Officer to assure that budget considerations are based on current and future financial conditions. I've been particularly impressed with the preemptive actions taken in response to declining student enrollment and attendant loss of per student revenue.

4.1 Advises the Board on the need for new and/or revised policies and regulations, with particular attention during legislative sessions.
All Board meetings include the review and possible amendments to at least a few policies to assure that the policies are effective and within the constraints of the law.

4.2 Creates administrative regulations to ensure the appropriate enforcement of Board policy and compliance with state and federal law.
This appears to be occurring as is necessary.

4.5 Works with the Board to develop District Goals that align with the District Performance Plan (DPP).
I feel the Superintendent and his staff did an exemplary job of guiding the Board through the development of school and district performance plans that are intended to help students achieve improved performance yet reasonable enough for teachers and staff to implement.

4.7 Makes considerable effort to have a positive working relationship with the Board and attempts to resolve any serious conflicts with Board members.
I feel the Superintendent works very hard to establish and maintain a positive and effective working relationship with the Board.

Section 4 Comments: (Identify strengths or recommendations for improvement):
The Superintendent works proactively with the board and does an exemplary job of working with the Board President to assure that meeting agendas are effective and efficient in dealing with issues that merit Board attention.

5.1 Ensures the Capital Improvement Plan (CIP), Master Facility Plan, and current facility projects are being updated and presented to the Board.
The Board routinely receives updates of the CIP, Master Facility Plans an current facility projects.

While I believe the district is doing great things, I would like to see a more consistent reporting method that occurs to the board on a quarterly basis. Just a simple report maybe that address accommodations made, student scores, any new CTE developments- just a high level overview called "student learning and instruction report." While we do get these in chunks, it would be more easily digestible if done in smaller bits more frequently.

I believe that Superintendent Logan excels in communication and maintaining an ethical standard. I have been very impressed with his ability to take criticism, handle disagreements, and be an open source of communication. When he is able to tour schools he is engaged and active in the process. He maintains a calm and consistent open dialogue demeanor that I think lends well to the oversight of many different areas and personalities. With regards to social media, I would like to see the district be a little more proactive or just active in general. I would love to see a parent survey and then the results.

Trustee Kallie Day- Superintendent Evaluation Comments

1.1 Student achievement proficiency and growth data in Math and ELA are monitored by the Superintendent and are regularly reported to the Board, including a plan for addressing deficiencies. During my time on the board, I have seen multiple presentations on student Math and ELA scores and Superintendent Logan and staff have never been shy of discussing both deficiencies and progress.

1.2 CTE and workplace learning participation are monitored by the Superintendent and are regularly reported to the Board, including a plan for addressing concerns and areas of growth. Again, I have enjoyed the many presentations about CTE. I have been consistently impressed with LCSD's focus on CTE.

1.3 District graduation rate meets or exceeds the state's graduation rate. I believe LCSD rate in 2025 was 85.7% and the state was at 85.4%.

1.4 Students with specialized learning needs are provided appropriate modifications and accommodations through individual plans with learning goals and programs. I believe Superintendent Logan and team are good at making accommodations- especially as the needs of students and families are ever changing.

1.5 District goals, curriculum, and initiatives are systemically aligned throughout the District using the District Performance Plan and Portrait of a Learner with associated professional development to staff. I have seen a lot of consistency with goals and initiatives across the county. I believe these goals are closely aligned with Portrait of a Learner.

Section 1 Comments: (Identify strengths or recommendations for improvement): While I believe the district is doing great things, I would like to see a more consistent reporting method that occurs to the board on a quarterly basis. Just a simple report maybe that address accommodations made, student scores, any new CTE developments- just a high level overview called "student learning and instruction report." While we do get these in chunks, it would be more easily digestible if done in smaller bits more frequently.

2.1 Uses effective public information strategies to communicate and promote a positive image of the District with families, community, the media, and state and local officials. LCSD's social media presence is a positive one.

2.2 Provides an annual survey for parents/guardians to communicate experiences and provide feedback about District and school operations. I have not yet experienced this. It may have occurred or is to be set in motion but because I have not seen it occur, I have to rate it lower.

2.3 Regularly visits schools and visibly engages the school community and the community at large. I think Superintendent Logan does an excellent job at this. He also is very actively engaged and present when these occur.

2.4 Reports during the monthly board meeting to help educate stakeholders about important educational issues and updates. Superintendent Logan does provide information every meeting and does loop in the correct team members to assist.

2.5 Responds to stakeholder and board communications within 2 working days. I have had no issues with Superintendent Logan's communication.

2.6 Manifests a professional code of ethics and demonstrates personal integrity, including continued professional learning. I believe that Superintendent Logan represents LCSD very well. I have been impressed with his reputation both in the district and outside of it.

2.7 Models accepted moral and ethical standards in all interactions. Superintendent Logan excels in this.

2.8 Explores and develops ways to find common ground in dealing with difficult and divisive issues. I believe that Superintendent Logan is able to place the students and staff first in dealing with issues. I have found him very calm and centered in his method of dealing with difficult situations.

Section 2 Comments: (Identify strengths or recommendations for improvement):
I believe that Superintendent Logan excels in communication and maintaining an ethical standard. I have been very impressed with his ability to take criticism, handle disagreements, and be an open source of communication. When he is able to tour schools he is engaged and active in the process. He maintains a calm and consistent open dialogue demeanor that I think lends well to the oversight of many different areas and personalities. With regards to social media, I would like to see the district be a little more proactive or just active in general. I would love to see a parent survey and then the results.

3.1 Implements personnel procedures, recruitment, and employee performance programs to hire and retain the best qualified individuals. While I believe Superintendent Logan meets these standards, there is always room for improvement. Recruitment and retainment processes should be evaluated yearly as it is not a perfect science and priorities change.

3.2
3.3 Ensures that federal, state, and local laws and policies are implemented for employees. The board often sees revised policies in relation to HR in order to keep the district up to date.

3.4 Guides the process of fiscal planning and budget development and makes recommendations based upon the District’s current fiscal position and future needs. The district's financial position and future needs are taken into consideration. I think it is balanced well.

3.5 Implements audit recommendations and works to ensure the annual audit is completed in a timely manner and reflects best practices. The most recent LCSD audit only had one finding, which is wonderful for an entity of its size. The finding was minimal and was addressed shortly after.

3.6 Ensures that District expenses and budgeting reflect a positive ending fund balance and bond rating. The fact that the district is in such good fiscal health in comparison to other local districts.

Section 3 Comments: (Identify strengths or recommendations for improvement): I believe that the district and Superintendent Logan excel in balancing the fiscal health and future needs of the district. I have been impressed with this process and the outcome. I would like to see a yearly dialogue regarding recruitment and retention efforts though. 4.2 Creates administrative regulations to ensure the appropriate enforcement of Board policy and compliance with state and federal law.

4.3 Legal resources are appropriately used to proactively prevent and respond to possible liabilities. I have enjoyed having the legal guidance that I feel is top notch.

4.4 Keeps the Board regularly informed with data, reports, and information which enables them to make effective and timely decisions. When something is presented to the board, we are often given supplemental documentation to support the topic- which is very appreciated.

4.5 Works with the Board to develop District Goals that align with the District Performance Plan (DPP). I specifically enjoyed the special goal session and the way that was approached.

4.6 Attends trustee conferences and workshops as circumstances allow and invites trustees to site visits and events. I am consistently being invited to site visits and events. It is much appreciated.

4.7 Makes considerable effort to have a positive working relationship with the Board and attempts to resolve any serious conflicts with Board members. As a new board member I have been impressed with the effort made by Superintendent Logan to both educate me on what is occurring as well as answer any question I have had.

4.8 Works proactively with the Board President to plan for meetings, prepare agenda items, and collaborate regarding issues and concerns. To the best of my knowledge, the two have a good working relationship and have multiple meetings per month.

Section 4 Comments: (Identify strengths or recommendations for improvement): I feel that Superintendent Logan excels in how available, open, and communicative he is with board members. I think he does well balancing the multiple personalities and needs that each

Policy KL

PROCESSING PUBLIC COMPLAINTS

1. The Board recognizes that parents/guardians have the right and the responsibility to represent their children, and that other citizens may have an interest in commenting on public education. Therefore, it is the obligation of the employees of the District to respond to the questions and concerns of the parents/guardians or the public.

2. The Board of School Trustees welcomes constructive feedback about the Lyon County School District intended to improve the quality of the educational programs and related services by encouraging parent/guardian and citizen advocacy, while protecting the rights of District employees and students.

3. The Board as a governmental employer directs that District action relating to concerns against employees of the District fully comply with the procedures of NRS Chapter 391, the Negotiated Agreements, and the policies and regulations of the District which ensure due process.

4. In order to avoid potentially litigious situations, both District employees and concerned citizens should exercise discretion in discussing matters that may prove to be potentially libelous or slanderous in nature. A false statement of misconduct may be legally actionable if the maker of the statement knew it was false or if the maker recklessly makes the statement.

5. Any concern that deals with employees or students made directly to the Board of School Trustees or any individual member of the Board shall be referred to the Superintendent. Any matter brought to the attention of the Superintendent or other District official shall be referred to the administrator or manager/supervisor with responsibility for the matter and who shall address the concern.

6. This policy is not intended to constitute a complaint procedure for employees or their associations nor is it intended, for allegations of prohibited conduct/behavior(s) of students/staff or other areas which are covered by specific district policies which provide for a separate complaint and investigation procedure (see policies JFCC, GBBC, and GL respectively or contact a District official for assistance).

7. Employee and student discipline proceedings are confidential matters and are not a topic for public discussion. Disciplinary action, if any, is also a confidential matter and will not be made public. In a like manner, concerns expressed by the community should be kept in confidence and the names of students, employees, parents/guardians, and the circumstances of the concern shall not be discussed with individuals not directly involved in the concern.

8. Any student disciplinary action as the result of a substantiated complaint will be addressed in accordance with LCSD Board Policy JG.

9. Informal complaints by parents/guardians about employees (i.e. teachers) covered by the Lyon County Education Association Collective Bargaining Agreement (LCEA CBA) and their student requires that the parent/guardian meet with the employee and administrator within 3 working days of the complaint to cooperatively resolve the problem.

10. District officials will thoroughly investigate all valid complaints of prohibited conduct/behavior that are founded in actual, common, or constructive knowledge that would lead a reasonable person to believe that the prohibited conduct/behavior occurred. In other words, complaints against employees or students will only be investigated if they are based on factual information and not merely rumor, hearsay, opinion, perception, etc. Therefore, vexatious and/or repeated complaints will not be investigated by District officials when they are dismissed using this standard.

A. A complaint shall be deemed vexatious if it is determined to have been made maliciously, frivolously, or without reasonable grounds; or if it is intended to harass, annoy, or otherwise subject the individual to unnecessary investigation or discipline.
B. A complaint shall be deemed repeated if it contains substantially the same allegations or facts as a prior complaint that has already been investigated and resolved or dismissed.
C. An employee or student about whom a complaint has been filed may submit evidence within 2 days of receiving the complaint asserting that the complaint is vexatious and/or repeated.
D. Any complaint against an employee or student that is deemed by District officials to be vexatious and/or repeated will not be investigated.
E. No employee or student shall suffer adverse consequences for asserting that a complaint is vexatious and/or repeated, or for requesting that it be dismissed.
F. If a complaint is dismissed as vexatious or repeated, no record of the complaint will be maintained in the employee's personnel file or the student's education record. Further, the dismissed complaint may not be used or based in any future disciplinary proceedings.

11. If a complaint is dismissed, District officials will inform the complainant in writing regarding the dismissal of their complaint and the reasons that warrant the dismissal.

Policy #KL
Revised 8/26/25

PROCESSING PUBLIC COMPLAINTS - ADMINISTRATIVE REGULATIONS

The following regulations and procedures are established to ensure that parent/guardian and individual citizen formal complaints will be given serious attention by Lyon County School District administration. The rights of the complainant as well as students and school personnel are to be protected. Although confidentiality will be honored so far as laws and policy require, it cannot be guaranteed. Reprisal or retaliation, in any form, by any involved party shall not be tolerated.

1. Every effort will be made to first resolve concerns at the lowest levels. Therefore, the complainant should make a reasonable effort to resolve the problem with those directly involved before filing a formal complaint. If the complaint remains unresolved, the complainant shall be provided a copy of this policy and advised of the next step in the procedure.

2. If the complaint initially is made, by phone or in person, to the school site administrator, they shall:

A) send/give a complaint form to the complainant to be filled out in writing and returned to the administrator within 10 days;
B) inform those involved and/or named in the complaint by providing them a copy of the complaint.

The administrator shall attempt to arrange a meeting within 10 working days with the complainant and school personnel who may contribute to the resolution of the complaint. (***NOTE:*** within 3 working days if the complaint is informal and the school personnel is covered by the LCEA CBA).

If the complaint concerns a student who is not a child of the complainant, the administrator shall follow student due process and confidentiality guidelines in addressing the complaint with the student and their parent/guardian.

3. If, upon receipt of a formal written complaint, the administrator determines the complaint focuses on an issue, directive or policy above site level responsibility, they shall refer the complaint to the appropriate District level administrator for review/action.

4. If the complaint has been addressed at the school site and the complainant is not satisfied with the actions taken and/or proposed resolutions, the complaint may be referred to the Deputy Superintendent. The Deputy Superintendent may handle the complaint personally or refer it to other appropriate District level administration. The formal written complaint shall be reviewed within 10 working days. If necessary, the Deputy Superintendent will meet with the

administrator, complainant, and other applicable individuals in an attempt to resolve the matter within 10 more working days. The Deputy Superintendent's decision will be provided in writing within 10 working days following the review or meeting.

5. If the complainant remains dissatisfied after having gone through the aforementioned process, they may request the Superintendent review the complaint and resolution documentation. The Superintendent shall respond in writing to the written complaint within 10 working days from receiving the request to review the complaint.

6. If the complainant believes the complaint is not satisfactorily resolved by the Superintendent, they may register the complaint, in writing, with the Board of Trustees setting forth the facts upon which it has been based, how the matter has been handled to this point and the relief sought by the complainant. The Board, at a regular or special meeting (in a closed session if required by NRS 241 et al), shall then review and address the complaint. Those who were a part of the complaint process must be duly notified as to this meeting and shall be afforded the opportunity to present testimony and evidence. The decision of the Board, which is final, shall be communicated to all involved parties in writing.

Lyon County School District
Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: BillieJo Hogan, Executive Director of Human Resources

Re: Revisions to LCSD Board Policy GBBPA: Social Networking (Social Media)

Recommendation
That the Board of Trustees approve revisions to LCSD Board Policy GBBPA: Social Networking (Social Media) as a first reading.

Background Information
The staff at POOL/PACT (our public agency insurance pool and risk management/human resources support entity) provides school districts with recommended policy changes and updates based on the recent laws that were passed. Updating the LCSD policies to reflect the recommended changes keeps us in good standing with the insurance pool and mitigates our risk and liability.

The update includes removal of redundant language, tightens up some language such as the word "employees' to encompass everyone in the organization, and simplifies the disclaimer that employees must use when identifying themselves as school or district employees.

Budget Considerations

Lyon County School District Board Policy GBBPA: Social Networking (Social Media)

SOCIAL NETWORKING (SOCIAL MEDIA)

The Lyon County School District takes no position on an employee's decision to start or maintain a blog or participate in other social networking activities. However, employees' use of social media can pose risks to the District's confidential and proprietary information and reputation, expose the District to discrimination and harassment claims, and jeopardize the District's compliance with ~~business rules~~ federal and state laws and regulations. To minimize these business and legal risks, avoid loss of productivity and distraction from employees' job performance, and ensure that the District's information technology (IT) resources and communications systems are used appropriately as explained below, ~~its~~ employee~~s must adhere to the following guidelines and rules regarding~~ use of social media ~~use~~ must protect confidential and/or proprietary District information. The District's social networking policy includes rules, guidelines, and best practices for District-authorized ~~social networking~~ and personal social networking. ~~In accordance with provisions of NRS 613.135, the District will not request user names and passwords for personal social media accounts.~~ This policy applies to all board members, ~~administrators, management,~~ employees, and volunteers.

SOCIAL NETWORKING (SOCIAL MEDIA) - ADMINISTRATIVE REGULATIONS

Social media includes all means of communicating or posting information or content of any sort on the Internet, including but not limited to an employee's own or District's video posting, social networking sites such as Facebook, LinkedIn, Instagram, SnapChat, personal blogs, personal websites, or other similar forms of online communication journals, diaries, or personal newsletters not affiliated with the District.

Unless specifically instructed by the Superintendent or their designee, employees are not authorized and, therefore, restricted to speak on behalf of the District. Employees are expected to protect the privacy and well-being of the District, its employees, and students. Employees are prohibited from disclosing confidential student, employee, and non-employee information as outlined in *LCSD Board Policy GAC: Confidential Information* and any other non-public information to which employees have access to the extent such discussion or disclosure are not protected under state or federal law.

1. Social Media Post Disclaimer

   Social media postings by employees identifying themselves as District/school employees should contain the following disclaimer stating that the opinions expressed are strictly their own and not necessarily those of the District, unless the posting is in the course of business duties:

   ~~*Any*~~ *The views or opinions* ~~*presented*~~ *expressed in this message are* ~~*solely those of the author*~~ *my own and do not* ~~*necessarily*~~ *represent* ~~*those of*~~ *the Lyon County School District.* ~~*Employees of the District are expressly required to not make defamatory statements nor infringe, or authorize any infringement of copyright or any other legal right by electronic communications.*~~

   ~~*Any such communication is contrary to District policy and outside the scope of the employment of the individual concerned. The District will not accept any liability in respect of such communication, and the employee responsible will be personally liable for any damages or other liability arising.*~~

   Employees of the District are expressly prohibited from making defamatory statements. Employees shall not infringe, nor authorize any infringement of copyright or any other legal right by electronic communications.

   Any such communication is contrary to District policy and outside the scope of the employment of the individual concerned. The District will not accept any liability in respect of such communication, and the employee responsible will be personally liable for any damages or other liability arising.

2. District Monitoring

a. Employees are cautioned that there is no expectation of privacy while using the District's Internet, equipment, or facilities for any purpose, including authorized posting or editing to social networking sites. Employee's posting can be viewed by anyone, including the District. The District reserves the right to monitor its Internet, equipment, and facilities that are used to post comments or discussions about the District or its employees on social networking sites. The District may use search tools and software to monitor its Internet, equipment, and facilities, including for posting to social networking sites.

b. The District reserves the right to use content management tools to monitor, review, or block content on District Internet, equipment, and facilities including social networking sites that violate this policy. Employees consent to such monitoring by acknowledgment of this policy and use of the District's IT resources and systems. District monitoring of employee social media activity via its systems will comply with applicable privacy laws.

3. Reporting Violations

a. Employees should report any actual or perceived violations of this policy or cyber threats to their immediate administrator/supervisor or the Executive Director of Human Resources.
b. Employees must report any suspected phishing attempts, ransomware infections, or social engineering attempts through the Phish Alert Button (PAB) on their email app, and/or to the IT department immediately.

4. Discipline for Violations

a. The District will investigate promptly and respond to all reports of violations of the *Social Networking (Social Media)* policy and other related policies. Violation of this policy will result in disciplinary action, up to and including termination. The District reserves the right to take legal action against employees who engage in prohibited or unlawful conduct.

5. Authorized District Social Networking

a. The goal of authorized District social networking is to become a part of the community conversation and promote web-based sharing and exchange of District information and feedback from members of the public. Authorized social networking is used to convey information about District operations and services; promote and raise awareness of the District/school culture; search for potential new equipment and training tools; communicate with other employees, parents, members of the public, and interested parties; issue or respond to breaking news or other matters of public interest; and discuss organization-specific activities and events.

DRAFT

b. When social networking, the District must ensure that use of these communication paths maintain honesty, integrity, courteousness, and reputation while minimizing actual or potential legal risks, whether used inside or outside the workplace.

6. Rules and Guidelines

The following rules and guidelines apply to entries made on all District-related social networking sites.

a. Only authorized employees can prepare and modify content for the District's social networking sites. If an employee is required to use social media as part of assigned job duties, for District's marketing, public relations, recruitment, communications, or other business purposes, the content must be relevant, add value, and be approved by the District in advance of posting. If uncertain about any information, material, or conversation, the employee shall contact their administrator/supervisor or the Executive Director of Human Resources to discuss the content.

b. The District owns all social media accounts used on behalf of the District or otherwise for business purposes, including any and all log-in information, passwords, and content, regardless of the employee that opens the account or uses it, and will retain all such information and content regardless of separation of any employee from employment with the District**.** If an employee's job duties require one to speak on behalf of District in a social media environment, the employee must still seek approval for such communication from their administrator/supervisor (the Superintendent or designees) who may require the employee to receive training before posting and may impose certain requirements and restrictions regarding the employee's social media activities.

c. All employees must identify themselves as employees of the District when posting comments or responses on the District's social networking sites. If an employee is contacted to comment about the District for publication, including any social media outlet, the request should be directed to their administrator/supervisor (the Superintendent or designees) who will then determine the response to be provided on behalf of the District.

d. Any copyrighted information where written reprint information has not been obtained in advance cannot be posted.

e. All employees of the District are responsible for ensuring all social networking information complies with the District's written policies. Management is authorized to remove any content posted on a District social media site that does not meet the rules and guidelines of this policy, any other District policy, or that may be illegal, prohibited, or offensive. Removal of such content will be done at the discretion of the District without permission or advance warning.

f. The District expects all District-authorized guests of social networking sites to abide by all rules and guidelines of this policy. The District reserves the right to remove,

DRAFT

without advance notice or permission, all guest content considered malicious, defaming, obscene, threatening, or intimidating. The District also reserves the right to take legal action against guests who engage in prohibited or unlawful conduct.

g. Employees must not expose themselves or the District to legal risk by using a social media site in violation of its terms of use. Review the terms of use of all social media sites visited to ensure compliance with those terms of service.

7. Personal Social Networking Sites

a. The District respects the right of employees to use social networking sites and does not want to discourage employees from self-publishing and self-expression. However, employees are expected to follow the rules and guidelines as set forth in this policy to provide a clear line between the employee as the individual and/or as an employee of the District. In accordance with provision of NRS 613.135, the District will not request usernames and passwords for personal social media accounts. This policy applies to all board members, management, employees, and volunteers.

b. The District does not discriminate against employees who use these sites for personal interests and affiliations or other lawful purposes.

c. Commenters are personally responsible for their commentary on social networking sites, and can be held personally liable for commentary that is considered malicious, defamatory, obscene, threatening, intimidating, proprietary, causes an educational disruption, or libelous by any offended party; not just the District. Remember that what is published might be available to be read by the masses (e.g., the District, future employers, social acquaintances) for a long time. Employees should keep this in mind before posting content.

d. Employees are prohibited from using District equipment, including computers, licensed software or other electronic equipment, or facilities on work time to conduct personal social networking activities. Employees are prohibited from using their work email address to register on social networking sites utilized for personal use.

e. Employees ~~must~~ shall not use social networking sites to harass, threaten, discriminate, or disparage against employees, students, or anyone associated with or doing business with the District. Social media should never be used in a way that violates any other District policies or employee obligations. If an employee's social media activity would violate any of the District's policies in another forum, it will also violate them in an online forum.

f. If an employee chooses to identify themselves as a District employee, please note that some readers may view them as a spokesperson for the District. Because of this possibility, employees are required to comply with the *Social Media Post Disclaimer* (#1 of the administrative regulations of this policy).

g. Employees should use good judgment about what is posted on social media and remember that anything posted can reflect on the District, even if a disclaimer is used.

DRAFT

Employees should always strive to be accurate in their communications about the District and remember that posted statements and materials have the potential to result in liability for the employee and the District. The District encourages professionalism and honesty in social media and other communications.

h. Employees may not post the name, trademark, or logo of the District or any business with a connection to the District. Employees may not post District-privileged information, including copyrighted information or District-issued documents.

i. Employees must not post on personal social networking sites photographs of other employees, volunteers, vendors, suppliers, or students, nor can employees post photographs of persons engaged in District business without prior authorization by their administrator/supervisor or the Superintendent/ designee.

j. Employees may not post any advertisements or photographs of District products and services, nor use the District in advertisements without prior authorizations from their administrator/supervisor. If authorized, the employee must disclose their connection to the District.

k. Employees cannot link from a personal social networking site to the District's internal or external websites without proper authorization.

l. This policy is not intended to restrict communications or actions protected or required by state or federal law.

8. Media Contacts

a. If contacted by the media, press, or any other public news source about employees' post that relates to District business, employees are required to obtain written approval from their administrator/supervisor or Superintendent/designee prior to responding, on behalf of the District.

9. Prohibition Against Retaliation

a. The District will not tolerate any retaliation by management or by any other employee against an employee who reported a violation of this policy or cooperating with an investigation. Employees who believe they have been retaliated against in any manner whatsoever, should immediately notify the EEO Officer or Executive Director of Human Resources. The District will promptly investigate and deal appropriately with any allegation of retaliation.

Lyon County School District
Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: Dr. Stacey Cooper, Deputy Superintendent

Re: Policy JED- Attendance

Recommendation
That the Board of Trustees approve the revisions to LCSD Policy JED- Attendance as a first reading.

Background Information

Policy JED clarifies attendance procedures and outlines the progressive intervention guidance for chronic absenteeism and truancy. The policy narrows the timeline for early intervention, requiring a parent-administrative meeting after only one truancy experience to prevent a second occurrence. Students who reach second truancy will trigger a more comprehensive meeting that now explicitly mandates the involvement of a School Resource Officer (SRO) and the completion of a newly introduced, Student Engagement Interview Form. References to reaching a third truancy will now automatically result in a direct referral to the School Attendance Advisory Board (SAAB) as a "habitual truant".

Additionally, the contained edits streamline the attendance evaluation process, enhance accuracy, and final appeal structures. The final step in the formal attendance deficit appeal process has been elevated to be inclusive of K-12 eligibility and better aligns the leverage of attendance decisions from the site-level Student Attendance Advisory Committee (SAAC) up to the district-level School Attendance Advisory Board (SAAB).

These edits improve accountability and enhance collaboration with the Lyon County Juvenile Court.

LYON COUNTY SCHOOL DISTRICT

BOARD POLICY_____JED

ATTENDANCE POLICY

~~Beginning in the school year 2019-2020~~

This policy shall be shared with parents upon initial enrollment in the Lyon County School District and in accordance with NRS 392.040

Lyon County School District staff believe that regular school attendance is essential to a student's academic growth. The loss of classroom interaction because of absenteeism can never be fully regained, even if the absence is for a good reason. Therefore, the goal for all students is uninterrupted daily attendance. Through regular attendance, students will increase their classroom and academic skills, thereby reducing the possibility of failing.

It is the policy of Lyon County School District that enrolled students attend regularly in accordance with the Nevada Revised Statutes. It is the position of the Board of School Trustees that regular attendance is critical to the educational development of students and if a student is absent or misses instruction, the learning process is adversely affected since interaction in the classroom setting can seldom be duplicated by make-up work.

Therefore, it shall be the policy of the Lyon County School District that:

1. Students who are enrolled for a full school year in the Lyon County School District must be in attendance for ~~a minimum of 163 days~~ ninety (90%) percent ~~on a 181~~ of the school days in a school year ~~student calendar~~ in order to be promoted to the next higher grade or earn high school credit. Students who are enrolled for less than a full year must be in attendance for ninety (90%) percent of the period of their enrollment in order to be promoted to the next higher grade. Extenuating circumstances may necessitate ~~a~~ the school ~~administrator~~ principal, ~~and/or~~ School Attendance Advisory Committee (SAAC), or School Attendance Advisory Board (SAAB) exempting the student from retention or credit denial when other factors (e.g., grades, assessments, personal/family circumstances, etc.) indicate learning and competency in state standards.
2. State regulation deems a student absent when they miss 50% or more of the scheduled school day.
3. A student with a disability shall be excused from the requirements of this policy if the student is provided services in accordance with an Individualized Educational Program (IEP) requiring an attendance schedule different from the requirements stated in this policy.
4. A student shall be excused from the requirements of this policy if the student is provided services in accordance with a Section 504 Accommodation Plan requiring an attendance schedule different from the requirements stated in this policy.
5. A student in grades kindergarten through eighth may be exempt from the requirements of Section 1 of this policy if he/she meets the following criteria:
    a. As determined through a conference between the teacher, administrator, parents, and the student (as appropriate), and;
    b. Meeting the grade level standards and/or passing

their classes, and;

c. The student is at, or above the ~~RIT~~ cut score for his/her grade level on the ~~MAP test~~ Board approved District assessment, and in the "Meet" score on all Smarter Balanced Assessment Consortiums (SBAC) assessments (if applicable); or

d. In grades 7 through 8, the student completes the designated summer instruction materials, (district credit recovery programs), and/or has fulfilled the credit requirements to be considered for promotion to the next grade or conditional promotion to the high school~~.~~; and

e. If necessary, the student and his/her parent or guardian meet with the SAAC or District-level SAAB and agree to the conditions set forth by the committee/board.

6. A student in grades 9 through 12 may be exempt from the requirements of Section 1 of this policy if he/she meets the following:

   a. The student and his/her parent or guardian meet with the principal or his/her designee and agree to a plan in writing to ~~assure~~ ensure improved attendance ~~in writing~~; and the student adheres to the requirements set forth in the plan~~.~~; and

   b. The student earns credit in the courses in which he/she is enrolled ~~in.~~; and

   c. If necessary, the student and his/her parent or guardian meet with the SAAC or District-level SAAB and agree to the conditions set forth by the committee/board.

7. The LCSD believes that family is the key to a successful education and a well- rounded student. Therefore, as coaches and advisors are creating attendance and participation expectations for their co/extra-curricular activities, family events or other extenuating circumstances will be considered. Each principal will work with the coach/advisor to ensure that expectations are reasonable and clearly communicated prior to the start of the activity or season.

8. Students participating in extra/co-curricular activities will be held to additional attendance requirements as outlined in *LCSD Board Policy IGDC - Extra/Co-Curricular Activities Expectations*.

BOARD POLICY_____JED

ATTENDANCE – ADMINISTRATIVE REGULATIONS

~~Lyon County School District staff believe that regular school attendance is essential to a student's academic growth. The loss of classroom interaction because of absenteeism can never be fully regained, even if the absence is for a good reason. Therefore, the goal for all students is uninterrupted daily attendance. Through regular attendance, students will increase their classroom and academic skills, thereby reducing the possibility of failing.~~

The school principal, or designee shall be the attendance officer for each site. Duties include, but are not limited to:

1. Monitor student attendance records at least weekly;
2. Research and plan incentives for students to reinforce exemplary attendance;
3. Meet with students and parents/guardians to attempt to resolve excessive absences and implement an attendance improvement plan when necessary.
4. Investigate unexcused absences and incidents of unexcused missed instruction;
5. Notify parents via phone and in writing of all truancies;
6. Contact students and parents/guardians of students exceeding the LCSD Policy and meet with them to develop an attendance improvement plan;
7. Determine eligibility of promotion/retention based on attendance;
8. If credit/promotion is denied, notify parents/guardians in writing;
9. Track credit denials at the high school level; and
10. Refer habitually truant students to the Lyon County Sheriff's Office or the School Resource Officer using the LCSD form.

POSITIVE REINFORCEMENT

Each school is to find ways to assess daily student performance in the classroom, recognize, and acknowledge students whose attendance is exemplary. Accordingly, teachers are encouraged to assess student performance in daily classroom activities and report assessments to the principal upon request or if the teacher believes positive recognition is warranted. All staff ~~is~~ are required to provide continued positive reinforcement and the constant encouragement to students to attend on a consistent basis. In addition, the following activities represent additional considerations:

1. Have attendance be a consideration in selection of students for "Student of the Month" honors.
2. Issue certificates or other symbolic awards for excellent or perfect attendance.
3. Include a notation on the student's official transcript citing outstanding attendance.
4. Host an assembly for students with exceptional attendance records.
5. Provide media coverage or recognition through local papers, school social media or school publications.
6. Send positive letters to parents congratulating them for the attendance of their students.
7. Hold class competitions based upon best grade-level attendance percentages.

PERFECT ATTENDANCE

The following will not be counted as an absence for the purpose of perfect attendance recognition in the Lyon County School District:

1. School sponsored activities are coded "School Activity" (e.g., field trips, FFA trips, band trips, athletic trips, job shadow program, etc.)
2. School sponsored athletic events are coded "School Activity".
3. College visitations prearranged and approved through the attendance office are coded "School Activity".
4. Any other academic enhancement activity prearranged and approved through the attendance office of the school is coded "School Activity". ~~A religious holiday that is observed must not be counted as an absence.~~
5. A religious holiday that is observed must not be counted as an absence. Absences due to a religious holiday do not count toward the 10 days limitation on absences or disqualify a student for perfect attendance.
   - If the pupil will be absent in observance of a religious holiday, the parent shall notify the principal at the school in writing at least 3 days before the absence. It shall be deemed an approved absence.
   - Not more than 5 absences in one school year shall be approved.

DEFINITION OF AN ABSENCE

For the purpose of these Administrative Procedures, accounting of student attendance shall be based on the Daily Attendance Totals in accordance with the definitions for reporting attendance to the Nevada Department of Education. A full day of attendance must be recorded for a pupil if he/she is in attendance for at least one-half of the required number of minutes in the daily session for his or her grade.

Additionally, if a student is present in a class for at least one half of the total minutes designated for that class period, he/she shall be counted present. A student who leaves prior to being in class for at least one half of the total minutes designated for that class period shall be marked absent (excused, unexcused, truant, or exempt depending upon circumstances and determined by the school administration).

The determination as to the status of any absence shall be made by the principal or his/her designee and in compliance with state guidelines ~~(outlined in the table above)~~.

ALTERNATIVE STUDIES & DISTANCE EDUCATION (LYONLINE)

Attendance for students participating in Alternative Studies or Distance Education will be kept according to NRS 385.080, 387.123; with documentation to support weekly 2-way meaningful contact for courses and will be reported as enrolled on monthly ADA reports. The reporting and monitoring of attendance for online students are monitored by the LyOnline staff in accordance with those laws. Details relating to Alternative & Distance Education are submitted to the State department of Education for review and approval in accordance with those laws.

SUSTAINED HEAD INJURY [SB 80 (2023)]

A pupil who has sustained an injury to the head that is diagnosed by a medical physician shall receive reasonable accommodations until the pupil is cleared by the physician to return to full participation in his or her course work. Such accommodations may include, without limitation:

(a) Rest;
(b) A modified schedule or curriculum; or
(c) Monitoring by a school nurse, athletic trainer or other person qualified to monitor the mental and physical health of the pupil.

TRUANCY [NRS 392.130]

A student who has an absence for at least one period or the equivalent of, that is not excused or exempt, shall cause the administration of the school to investigate the cause of such absence. If it is determined that the absence occurred without the parent's knowledge or approval, or in judgment of the school administration was for unapproved reasons without mitigating circumstances, the school administrations shall:

1. Meet with the student regarding the truancy and discuss interventions to encourage attendance;
2. Assign the student an appropriate corrective action;
3. Call the parent/guardian and provide them with a written notice of truancy.

LYON COUNTY SCHOOL DISTRICT

BOARD POLICY **JED**

HABITUAL TRUANCY [NRS 392.140; 392.144]

Any child who has been declared truant three (3) or more times within one school year must be declared a habitual truant. Additionally, any child who has once been declared a habitual truant and who in an immediately succeeding year is absent from school without the written approval of the child's teacher or the principal of the school; or notice of his or her parent or legal guardian or other person who has control or charge over the pupil may again be declared a habitual truant.

The principal of the school or his/her designee responsible for attendance shall notify the parent or guardian of any student who is declared truant.

a. Students who have ~~2~~ 1 truancy experience~~s~~ will require a parent/guardian meeting with the site administrator and possibly the school counselor, social worker and/or additional individuals to develop a plan to prevent a ~~third~~ second truancy from occurring.

b. Students who have 2 truancy experiences will require a parent/guardian meeting with the site administrator, school counselor, school resource officer (SRO), and/or additional individuals to develop a plan to prevent a third truancy from occurring. This plan must include the SAAB approved Student Engagement Interview Form.

c. Students who have 3 truancy experiences will be referred to the ~~LCSO~~ SAAB as a "habitual truant." A truancy packet will be submitted to the ~~LCSO~~ SAAB providing the documented truancies, the interventions attempted, the parent/guardian contacts documented, the signed attendance improvement plan and any additional strategies implemented. A site administrator will be present ~~if~~ when the student is required to appear ~~in court~~ at the SAAB hearing for being a habitual truant.

1. A truancy experience is a confirmed unexcused absence where the parent was not aware of their child's absence and the student received proper due process. In order for an absence to be considered a truancy the site administrator must confirm with the parent that they were unaware their child was absent.

2. If the parent knew their child was missing school without a valid reason as described in NRS 392.050, and they were unable to make their child attend school, then the absence will be identified as a truancy.

3. If a student is truant for multiple consecutive days without receiving due process, the truancy will be counted as "1 truancy experience."

ATTENDANCE ACCOUNTING AND REPORTING TO PARENTS

It shall be the duty of the principal (or designee in sites that have assistant principals or deans) to review daily attendance and ensure that all attendance records are accurate. The principal or the administrator designated with the responsibility of attendance shall be the only authority to determine truancies, (missed instruction), and exempt or excused student absences. All staff involved in maintaining student attendance records must do so diligently and accurately.

LYON COUNTY SCHOOL DISTRICT

BOARD POLICY_____JED

PROCESS FOR DETERMINING LOSS OF CREDIT OR NON-PROMOTION TO NEXT HIGHER GRADE DUE TO ATTENDANCE DEFICIT

When a student who is bound by compulsory attendance law has been absent more than 10% of his/her enrollment period, the following procedure will be implemented:

1. The school administrator in charge of attendance will meet with the student and his or her parent or guardian to develop a plan to improve attendance for the remainder of the school year. The plan shall be signed by the student, the administrator and the parent or guardian.

2. The school administrator in charge of attendance shall review the available assessment data and grades to determine if the student meets the level of performance specified in ~~LCSD Policy JED~~ this policy, numbers 5 and/or 6 ~~and/or 7~~. If so, no further action is required under the attendance policy. However, the administrator must meet with the parents to develop or revise a plan to improve attendance for the remainder of the school year or the following school year. Additionally, the administrator must provide the parent with the LCSD Attendance Policy JED and stress the importance of regular school attendance.

3. If the student does not meet the performance criteria specified in ~~LCSD Policy JED~~ this policy, numbers 5 and/or 6 ~~and/or 7~~, the principal or designee shall deliver to the parent written notice that the student will not be promoted to the next higher grade or is being denied credits for the semester due to excessive absenteeism on the District designated form. The parent shall have ten (10) business days to submit a written appeal of the site level administrator's determination to the School Attendance Advisory Committee (SAAC).

4. No later than ten (10) days after receiving the appeal, the School Attendance Advisory Committee (SAAC) shall hold the appeal hearing. The SAAC is created by the principal or designee and shall be made up of at least one teacher, counselor, and parent/guardian from the school. The SAAC may also include a juvenile probation officer, social worker, law enforcement official or other person deemed necessary for the appeal. The SAAC will be made up of not less than the three (3) required members, but not more than nine (9) total members. All members of the SAAC are designated as school officials for the purposes of accessing student records per the Family Educational Rights and Privacy Act (FERPA). The SAAC may, upon review of the case, choose to approve the exemption of some or all of the absences and promote the student to the next grade or allow the student to retain their earned credits; or agree that the student is to be retained or have their credits denied. The parent shall have ten (10) business days to submit a written appeal of the SAAC's determination to the LCSD School Attendance Advisory Board (SAAB).

5. No later than thirty (30) days after receiving the appeal, the School Attendance Advisory Board (SAAB) shall hold the appeal hearing. The SAAB requirements and membership are outlined in NRS 392.126-392.128. The SAAB is composed of a representative of the District Attorney's office, a juvenile probation officer, social worker, law enforcement official, school counselor and a parent or other person deemed necessary for the appeal. The SAAB is made up of not less than the three (3) required members, but not more than nine (9) total members. All members of the

SAAB are designated as school officials for the purposes of accessing student records per the Family Educational Rights and Privacy Act (FERPA). The SAAB may, upon review of the case, choose to approve the exemption of some or all of the absences and promote the student to the next grade or allow the student to retain their earned credits; or agree that the student is to be retained or have their credits denied. The SAAB may also initiate further sanctions in accordance with NRS 392.

The decision of the ~~Student Attendance Advisory Committee~~ SAAB is final and binding.

6. In the case of a Pre-K child, after meeting with the parents, if the child's attendance does not improve then they may be removed from the Pre-K program to allow another student that is on the waiting list to take that child's spot.

LCSD ATTENDANCE IMPROVEMENT PLAN

DATE

To the parents/guardians of:

Address

The conditions outlined below were created for the student, parents/guardians and appropriate school staff to assist your child with improved school attendance. As discussed in the meeting, state law requires students to be in attendance for at least 90% of the school year and/or semester. Listed below are the interventions we agreed to in an effort to eliminate absenteeism:

□ Check in at the office each day. No check-in will result in phone call to parent/guardian
□ Refrain from missing any more school this semester/year unless verified by a doctor or the court.
□ Come to the office to meet with_____when feeling overwhelmed or frustrated.
□ Make up missed time before/after school, or during lunch.
□ Adjust class schedule to better meet instructional needs of the student.
□ Send home a weekly report on attendance so parents/guardians can monitor.
□ View Infinite Campus attendance records weekly and impose corrective action at home for any tardies/absences.
□ Referral to School Counselor and/or Social Worker.
□ Other: _____

We participated in the creation of this plan and will adhere to it.

Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: Dr. Stacey Cooper, Deputy Superintendent

Re: Revisions to Policy KK- Public Guest and Spectator Civility

---

Recommendation: That the Board of Trustees approve the revisions to Policy KK: Public Guest and Spectator Civility as a first reading.

Background Information

Policy KK outlines our commitment to maintaining a safe, respectful, and harassment-free workplace and learning environment for students and staff. The policy establishes clear expectations for mutual respect, civility, and orderly conduct among District employees, parents/guardians, and public guests on school premises and during extra/co-curricular or athletic events. It explicitly prohibits volatile, hostile, profane, or aggressive actions and language, and provides staff with specific protocols for addressing abusive or disruptive individuals. This includes spectator removal processes, involving law enforcement when necessary, and issuing "no trespass" ordinances.

The revised version of the policy introduces several key updates, as suggested by NIAA, to clarify terminology, streamline procedures, and formalize athletic event standards. A major update is the incorporation of the complete NIAA Spectator Policy as Appendix A, which details specific acceptable and unacceptable conduct, explicit intervention procedures (including warnings, immediate venue removal, future event suspensions, and mandatory behavior training for privilege restoration), and the rationale for enforcement.

Policy KK: Public Guest and Spectator Civility

PUBLIC GUEST AND SPECTATOR CIVILITY

Lyon County School District (LCSD) employees shall treat parents and other members of the public with civility and respect, and expect the same behavior in return. It is the intent of the District to keep schools, administrative offices, and other school properties free from disruptions and prevent unauthorized persons from entering school district premises.

Accordingly, this policy promotes mutual respect, civility, and orderly conduct among District employees, parents/guardians and the public. This policy does not intend to deprive any person of his or her right to freedom of expression. Rather, the District seeks to maintain~~, to the extent possible and reasonable,~~ a safe, respectful, and harassment-free workplace and learning environment for students and staff. In the interest of presenting teachers and other employees as positive role models, the District encourages positive communication and discourages volatile, hostile, profane, or aggressive actions and language. LCSD ~~seeks~~ expects public cooperation and support of such civility on school and District premises. NRS 392.910 and NRS 392.915 make it clear that it is unlawful for a person to violate the peace of any public school by ~~using vile or indecent language, to~~ threatening or assaulting any student or employee on any school property or premises, or to ~~purposely~~ maliciously interfere with those peaceably assembled for school district purposes.

This is especially true when the public ~~is~~ are gathered as spectators of ~~to participate in~~ extra/co-curricular or athletic events. No person will be allowed to use race-based, discriminatory, vile or indecent language/gestures towards student athletes, coaches or officials. All ~~participants~~ guests/spectators, especially adult ~~participants~~ guests/spectators are expected to control behavior and emotions remembering that they are to set a positive example for the students/children in attendance. All spectators are expected to adhere to the NIAA Spectator Policy (Appendix A) in addition to this policy and administrative regulations when attending a sanctioned event. Additionally, there are more specific expectations and rules outlined in other LCSD policies for student spectators and participants.

By adhering to this policy and administrative regulations, LCSD employees and public guests/spectators can effectively model expected behavior for students. This will create a safe, respectful, and civil environment in which all students can achieve their individual academic and personal goals.

~~1. Disruptive individual must leave school grounds: Any individual who disrupts or threatens to disrupt school operations extra/co-curricular or athletic events, threatens the health and safety of students or staff, willfully causes property damage, uses loud and/or offensive language, verbally, electronically, or in written form, that could provoke a violent reaction, or who has otherwise~~

DRAFT

~~established a continued pattern of unauthorized entry on District premises will be directed by the school's principal or other responsible employee to immediately leave the school premises or other District property.~~

~~2. Directions to staff in dealing with abusive individuals: If any member of the public uses obscenities or speaks in a threatening, loud, insulting or degrading manner, the administrator or other responsible District employee to whom the remarks are directed will calmly and politely warn the speaker to communicate civilly. If the abusive individual does not stop the behavior, the District employee will verbally notify the abusing individual that the meeting, conference, or telephone conversation is terminated; and, if the meeting or conference is on any District premises, the employee shall direct the abusive individual to leave immediately. If the individual refuses to cease the harassment/uncivil behavior, leave after being warned, or comes back on school property, law enforcement shall be called and charges shall be filed in accordance with NRS 392.910 and NRS 392.915.~~

~~3. Provide policy and report incident: When a staff member determines that a member of the public is in the process of violating the provisions of this policy, the staff member, if possible, should provide a written copy of this policy at the time of occurrence. The staff member shall then immediately notify his or her supervisor and provide a written report of the incident. Those choosing to violate this policy may be subject to a "no trespass" ordinance from school/District administration. This may be applicable even if a citation is not issued by law enforcement.~~

PUBLIC GUEST AND SPECTATOR CIVILITY - ADMINISTRATIVE REGULATIONS

The following applies to parents/guardians and public guests of schools and District facilities:

~~1. Disruptive i~~**Individuals who assault, threaten, disrupt, or interfere with persons peaceably assembled must leave school/District grounds immediately:**
Any individual who disrupts or threatens to disrupt school operations extra/co-curricular or athletic events, threatens the health and safety of students or staff, willfully causes property damage, uses loud and/or offensive language, verbally, electronically, or in written form, that could provoke a violent reaction, or who has otherwise established a continued pattern of unauthorized entry on District premises will be directed by the school's principal or other responsible employee to immediately leave the school premises or other District property.

~~2.~~ **Directions to ~~staff~~ District employees ~~in~~ dealing with ~~abusive~~ such individuals:**

If any member of the public ~~uses obscenities or speaks in a threatening, loud, insulting or degrading manner~~ chooses to engage in the behavior described above, the administrator or other responsible District employee ~~to whom the remarks are directed~~ will calmly and politely warn the ~~speaker~~ individual to behave and communicate civilly. If the ~~abusive~~ individual does not stop the behavior, the District employee will verbally notify the ~~abusing~~ individual that the meeting, conference, visit, or telephone conversation is terminated.~~; and, i~~If the meeting, visit, or conference is on any District premises, the employee shall direct the ~~abusive~~ individual to leave immediately. If the individual refuses to cease the ~~harassment/uncivil~~ unacceptable behavior, leave after being warned, or comes back on school property, law enforcement shall be called and charges shall be filed in accordance with ~~NRS 392.910 and NRS 392.915~~ applicable statute.
~~3. Provide policy and report incident: When a staff member determines that a member of the public is in the process of violating the provisions of this policy, the staff member, if possible, should provide a written copy of this policy at the time of occurrence. The staff member shall then immediately notify his or her supervisor and provide a written report of the incident.~~ Those choosing to violate this policy may also be subject to a "no trespass" ordinance from school/District administration. This may be applicable even if a citation is not issued by law enforcement.

Appendix A

The following applies to public guests and spectators at NIAA sanctioned events in addition to this policy:

Spectator Policy

The Nevada Interscholastic Activities Association (NIAA) is committed to providing a safe, positive, and sportsmanlike environment for all participants. Interscholastic events are extensions of the classroom, where student-athletes learn responsibility, teamwork, integrity, and perseverance. Spectators play a key role in shaping this atmosphere. This policy outlines expectations for spectator conduct, the rationale behind these standards, and establishes procedures for addressing misconduct.

Guiding Principles

- Student-athletes are students first; events support their growth and well-being
- Respectful behavior maintains the integrity of competition and ensures safety for all
- Officials, coaches, and event staff must be allowed to perform their duties without interference
- Positive support reinforces the values of education-based athletics

General Expectations for Spectator Conduct

All spectators attending NIAA-sanctioned events are expected to:

- **Demonstrate Respect and Sportsmanship**
  - Support student-athletes in a positive manner
  - Show respect toward players, coaches, officials, opponents, and other spectators
  - Applaud effort and good play by all teams, not just one's own

- **Refrain from Abusive or Disruptive Behavior**
  - No profanity, derogatory remarks, taunting, or verbal harassment
  - No personal attacks or comments related to race, gender, ability, religion, or personal identity
  - No incitement of conflict or attempts to intimidate participants or officials

- **Follow Instructions from Event Staff**
  - Comply with directions given by administrators, security personnel, and public address announcements
  - Respect designated seating and restricted/field access areas

- **Maintain a Safe Environment**
  - No throwing objects, entering the playing area, or interfering with the contest
  - Follow facility rules, including those regarding outside food, prohibited items, and smoking/vaping
  - Possession or use of alcohol, illegal substances, or weapons is strictly prohibited

- **Be a Role Model for Students**

Approved April 2026

- Recognize that behavior sets an example for young athletes and students
- Keep the focus on learning, growth, and enjoyment of high school athletics

- **Examples of Acceptable Conduct**
  - Cheer loudly for your team
  - Bring signs that show support for your team
  - Applaud outstanding play by all participants

Examples of Unacceptable Conduct

The following behaviors may result in a warning, removal, suspension, or other disciplinary action:

- Use of vulgar or profane language
- Confronting, berating, or approaching officials, coaches, or student-athletes
- Entering the competition area without authorization
- Physical or verbal threats toward anyone present
- Use of discriminatory or hate speech
- Inciting fights, attempting to provoke opposing spectators or teams
- Refusing to follow administrative directives
- Any conduct deemed by school administrators or NIAA officials to compromise safety or the spirit of sportsmanship

Rationale for Enforcement

This policy supports the mission of education-based athletics by:

- Protecting student-athletes' physical and emotional safety
- Ensuring contests are fair and free from intimidation or interference
- Reducing conflict and disorderly conduct that disrupts events
- Upholding the values of respect, responsibility, and sportsmanship
- Allowing officials and coaches to perform their roles without hostility

Procedures for Addressing Misconduct

- **Initial Warning**
  - When appropriate, spectators may receive a verbal warning for minor or first-time misconduct.
  - A warning may be issued by a game administrator, athletic director, school official, or security.
  - Continued misconduct after a warning may result in removal from the event.

- **Immediate Removal from Venue**

Approved April 2026

- Spectators may be removed **without warning** if behavior is severe, threatening, or disruptive. Removal may occur if:
  - Conduct compromises safety or sportsmanship
  - Behavior continues after a warning
  - The individual refuses to comply with staff instructions
  - Alcohol, drugs, weapons, violence, or harassment are involved

Failure to comply with removal instructions may result in law enforcement involvement.

- **Suspension from Future NIAA Events**
  - Depending on the severity of the incident, removal may also result in suspension from one or more future contests.
  - The host school, district, or NIAA may issue suspension decisions.
  - Restoration of attendance privileges may require:
    - A meeting with the school or NIAA administration
    - A written plan for improved behavior
    - Completion of sportsmanship or behavior-related course/training when appropriate

- **Law Enforcement Intervention**
  - If a spectator engages in unlawful behavior, threatens safety, or refuses to be removed, law enforcement may be contacted. Criminal charges may be pursued in accordance with local statutes.

- **Re-Entry Conditions**
  - Individuals removed from a contest may not re-enter the event unless granted permission by the event administrator
  - Future attendance may be contingent on demonstrating compliance with expectations outlined in this policy.

Participation in high school athletics is a privilege that brings communities together. The NIAA asks all parents, families, and fans to uphold these standards so that every event remains safe, respectful, and enjoyable for student-athletes, coaches, officials, and spectators alike.

Your support, sportsmanship, and positive energy matter. Help us keep education-based athletics a place where students can thrive.

Board Memo

Date: June 23, 2026

From: Heather Moyle, Director of Education Services

Re: Revisions to LCSD Policy IK: Grading, Interventions, Course Exemptions and Class Ranking

---

Recommendation

That the Board of Trustees approve revisions to LCSD Policy IK: Grading, Interventions, Course Exemptions and Class Ranking as a second and final reading.

Background Information

Since 2019, Lyon County School District has successfully implemented Standards-Based Grading (SBG) for grades K–6, establishing priority standards across all grade levels to ensure instructional consistency. Following a comprehensive evaluation involving teachers, students, and community stakeholders, the district's guiding coalition has developed recommendations to improve the transition between elementary and secondary grading systems.

To address the transition gap while maintaining the integrity of standards-based instruction, the coalition proposes the following structure:

- **Grades K–4:** Will maintain the existing Standards-Based Grading model to focus on foundational proficiency.
- **Grades 5–6:** Will implement a hybrid grading model where traditional letter grades will be directly attached to specific standards and assignments, providing a bridge between proficiency-based reporting and the secondary grading system.

Additionally, the phrase 'by the end of the seventh semester' has been added to item number 10 under the Calculations of Class Rank section. Since the first reading, "of high school" was also added to the same sentence for further clarity in eligibility for honor status. This change is highlighted.

LCSD Board Policy IK: Grading, Interventions, Course Exemptions and Class Ranking
Standards-Based Grading Administrative Regulations

Grading, Interventions, Course Exemptions and Class Ranking

The Lyon County School District is committed to providing fair, accurate, specific, and timely feedback in order to identify student areas of strength and needs of improvement to ensure successful completion of all courses and ultimately success in college and career. Therefore, all grading practices in Lyon County schools will adhere to the following principles:

Truthfulness	Grades students receive must meet worthwhile goals informed by current standards and understandings in the education community. Grades should reflect how well a student has mastered a set of learning targets and give students timely feedback and opportunities to remediate and reassess their knowledge and skills. Behavior is modified outside of the gradebook so grades simply reflect learning.
Reliability	Grades have reliability when similar performance between two students receives the same grade from one classroom teacher as another teaching a similar course.
Impartiality	Grades are not based on any non-academic criteria such as the student's gender, race, ethnicity, parental involvement, etc.
Understandability	Grades students receive must convey clarity as to what the student knows and is able to do along with the student's next steps in learning.

Grades K–4: Standards-Based Reporting

In grades K through 4, student progress is reported using a 4-point proficiency scale. This scale measures the level of mastery for specific priority standards rather than a cumulative percentage. The report card will show priority standards for core subjects (Language Arts, Math, Science, Social Studies). Teachers will link specific assignments, success criteria, and scores to the standard being assessed, providing context for the mark received. Individualized teacher comments are essential for offering narrative feedback for actionable steps to move the student forward when additional support is needed. Educators

will select the standards that require this narrative feedback and provide it in a timely manner.

Standards-Based Reporting (4-Point Scale)

Score	Description	Community Language
4	**I Can Show You This Skill(s) and Apply It in New Ways:** The student consistently demonstrates a thorough and independent understanding of the skill and extends that knowledge by applying it to unexplored situations or complex tasks.	Advanced Mastery Level
3	**I Can Show You This Skill(s) Independently:** The student consistently demonstrates a thorough and independent understanding of the skills and concepts taught in relation to the standard.	Mastery Level
2	**I Can Show You This Skill(s) With Support:** The student is approaching and developing toward the standard but demonstrates a more limited understanding. Additional teacher support is still needed for consistency.	Developing Level
1	**I Cannot Show You This Skill(s) Yet:** The student is having difficulty meeting the standard and is unable to demonstrate an understanding of skills and concepts taught without extensive or intensive teacher support.	Instructional Level - Sign of immediate need for Tier 1 Differentiation*
N/A	**The Skill(s) Has Not Been Assessed Yet:** The standard was not the focus of instruction during the current reporting period.	For standards not taught in the current quarter

***Note:** A student cannot fail an athletic or community eligibility check solely for receiving a '1' on a standard that has only been partially assessed or for which limited evidence exists.

Grades 5–6: Hybrid Reporting Model

To bridge the transition between elementary and secondary education, grades 5 and 6 utilize a hybrid model. Students receive traditional letter grades (A–F) which will be calculated using categories that are explicitly connected to a set of priority standards. These categories will be weighted equally. Tasks will be grouped into major academic classes (English Language Arts (ELA), Math, Science, Social Studies). The district's gradebook software will require teachers to tag all major assignment scores to the specific NVACS standard they measure, making sure the scores are clear and accurate across the district. These scores will be connected to success criteria for clear transparency to students and families.

Hybrid Reporting

Grade	Description	Rationale	Score
A	I Can Show You This Skill(s) Independently and/or Apply It in New Ways: The student consistently demonstrates a thorough and independent understanding of the skill and extends that knowledge by applying it to unexplored situations or complex tasks.	• Advanced Mastery level • Superior	100% to 90%
B	I Can Show You This Skill(s) Independently: The student consistently demonstrates a thorough and independent understanding of the skills and concepts taught in relation to the standard.	• Mastery level • Above Average	89% to 80%
C	I Can Show You This Skill(s) With Support: The student is approaching and developing toward the standard, but demonstrates a more limited understanding. Additional teacher support is still needed for consistency.	• Developmental level. • Average	79% to 70%
D	I Cannot Show You This Skill(s) Yet: The student is having difficulty meeting the standard and is unable to demonstrate an understanding of skills and concepts taught without extensive or intensive teacher support.	• Instructional Level ○ Sign of immediate need for Tier 1 Differentiation	69% to 60%
F	I Cannot Show Any Evidence Of This Skill Yet: The student has been given opportunities to demonstrate the skill, but no evidence is available. Educators can also use an "M" for missing to represent missing evidence in individual assignments.	• Sign of immediate need for Tier 1 Differentiation • Failing	59% to 0%

Grades 7-12: Traditional Letter Grade Model

Because many application forms require grade point averages and/or rank-in-class, secondary schools shall compute these statistics using the following guidelines:

Course Point Range	Grade	Value-Standard courses
90-100	A	4.0
80-89	B	3.0
70-79	C	2.0
60-69	D	1.0
<60	F	0.0

The grading scale must be weighted as follows, in accordance with NAC 389.6625:

a. For completion of an honors (H) course with a grade of A, B, C or D, a value of 0.025 must be added to the value of the grade.

b. For completion of an advanced placement (AP), International Baccalaureate (IB) or approved dual credit (DC) course with a grade of A, B, C or D, a value of 0.050 must be added to the value of the grade.

c. Only grades of A, B, C, D or F are recognized for dual credit courses by LCSD and will be assigned the appropriate value of 0.050. Grades of P, S and U are not recognized by LCSD and will not be transcripted. LCSD will transcript the grade that is associated with the percentage earned (based on the grading scale adopted by LCSD) in the course at the time of transcripting.

Teachers must notify the student and the parent/guardian before assigning a failing grade on a progress report or an official transcript to identify strategies for improving the grade.

Coursework completed during a semester must be applied to the grade in that semester. If final

examinations are administered, the total value must not exceed 20% of the semester grade.

Standards-Based Grading Administrative Regulations

Grading, Interventions, Course Exemptions and Class Ranking Administrative Regulations

Guiding Questions for Grading

Truthfulness:

- Do grades strongly communicate an acceptable level of accuracy related to content knowledge and skill ability to students, parents, subsequent teachers/counselors and other stakeholders?
- Do grades separate student behaviors from student content/skill demonstration?
- Are grades based primarily on student evidence and mastery of tasks, assignments, assessments, etc. that are focused on and directly aligned to Nevada Academic Content Standards?
- Are grades determined using a J-Curve with more weight given for the more recent student evidence of learning?
- Are there multiple opportunities for students to demonstrate mastery?

Reliability:

- Are grades for similar product/performance demonstration similar across classrooms of like courses in the same school?
- Do teachers collaboratively focus on effective and accurate grading practices through:
  - collaborative analysis of assessments and tasks?
  - collaborative scoring of student work?
- Do teachers of like courses in the same school agree with consistency on the acceptance of late work, stipulated second chances, homework, etc.?

Impartiality:

- Does parental involvement, or lack thereof, impact/alter grades and expectations?
- Is grade distribution consistent with other assessments or benchmarks (CRT's, ACT, MAP, EOC, etc.)?
- Is grade distribution monitored according to subgroups such as gender, race, ethnicity, Direct Cert, etc.?

Understandability:

- Do teachers and school leaders ensure that students, parents, subsequent teachers, counselors and other stakeholders understand what student grades reflect in terms of the student's next learning steps?
- Are the categories in the student information system (SIS) consistent throughout the department or school?

- Are grades updated on a weekly basis to provide timely and specific feedback regarding the student's progress?

Guiding Questions for Interventions

The following guidelines should be used to prevent unnecessary student failure of courses. Schools should combine both early monitoring with specific plans and actions for interventions.

- Do administrators and teachers, while collaborating or in department meetings, collect and analyze failure and potential failure data at least 3-4 times per semester?
- Do administrators monitor failure and potential failure reports early during each semester and throughout the semester?
- Do teachers or departments develop action plans to address failures with specific strategies as well as monitoring measures and dates to determine if strategies are working (preventing/reducing course failures and increasing student achievement)?
- Did the teacher inform the student **and** the parent/guardian before assigning a failing grade on a progress report or an official transcript?

Exemptions from Course Requirements

1. Students may be excused from physical education for the following reasons: a. Non-enrollment for physical reasons as certified by a physician's statement. b. Non-enrollment for religious reasons as certified by written statement.

2. Those students presenting parental statements relative to excusing students from specific units of instruction on the human reproductive system, related communicable diseases, and sexual responsibilities in any class may be excused.

3. Those students who present a signed parental statement requesting that the student be excused from the dissection of preserved specimens shall be excused and assigned an alternative activity.

4. SB 147 provides school districts ways to assist students in foster care and/or experiencing homelessness to accrue credits and obtain their high school diploma. SB 147 aligns with existing federal law that requires each state to have procedures which: ensure that homeless children and youths, including unaccompanied youths, are accorded equal access to appropriate secondary education and support services; and remove barriers that prevent such youths from receiving credit for coursework previously completed. For the specific requirements regarding the exemptions, the granting of full/partial credit for coursework, the process for determining credits or course completion, and the graduation requirements outlined in SB 147, please see Policies JH, JHB, and IKF.

Class Ranking

Computation of grade point averages must be calculated to the fourth decimal place and rounded to the third decimal place. A grade point average that is less than 0.0005 must be rounded down; and one that is 0.0005 or higher must be rounded up. (For example: 3.1256 would round to 3.126 and a GPA of 2.3421 would round to 2.342.)

Rank-in-class shall be determined by the accumulation of grade point averages for course grades that earn one-half credit or more per semester.

Designation of Honors and Advanced Placement Courses

College and university admission offices, as well as future employers, are most interested in students who have completed a rigorous academic program. Therefore, honors and advanced placement courses may be designated by the superintendent or designee to assure viability throughout the District for all coursework and shall include increased rigor and increased expectations of student performance. The same rigor and performance expectations shall be consistently held at each school within the District. Additionally, each school principal will conduct an annual review of all honors and advanced placement courses to make sure they meet the rigorous standards.

The courses which the superintendent or designee can designated as Honors (H) and Advanced Placement (AP) are (effective for the Class of 2020):

Career and Technical (CTE)
1) Completer/Terminal Courses: H
2) Computer Science: AP

Mathematics
1) Calculus: AP
2) Pre-Calculus: H

Science
1) Anatomy & Physiology: H
2) Chemistry: AP
3) Physics: H
4) Biology: AP
5) Environmental Science: AP

World Languages and English Language Arts
1) English: 1-4 H
2) English Language and Composition: AP
3) English Literature and Composition: AP
4) Spanish Language: AP
5) Spanish Literature: AP

Social Studies
1) Honors U.S. History: AP
2) U.S. Government: AP
3) European History: AP
4) World History: AP

Fine Arts
1) Art Studio: AP
2) Studio Art 2-D Design: AP

All Advanced Placement courses and all honors classes will be designated on official transcripts and student records.

Western Nevada College (WNC) Jump Start Dual Enrollment Program

LCSD and WNC have developed a partnership allowing students to earn both high school and college credit while attending an LCSD high school (dual enrollment program). It is the intention of the Board of Trustees that all students participating in dual enrollment programs are working toward an associate degree or certification.

The following guidelines have been established for all students entering a WNC dual enrollment program:

1. Permission to enter a WNC program will be granted based on a student's prior academic history and successfully passing prescribed assessments, as determined by WNC and LCSD.
2. Students enrolled during their junior year are required to participate with the cohort available at their school site. All exceptions must receive prior approval from the principal and superintendent or designee.
3. LCSD will assist in paying tuition for WNC pre-approved college classes, up to 17 credits per semester and 64 total credits over the student's high school experience. Any exceptions must be approved by the principal and superintendent or designee.
4. All dual enrollment classes will be posted on the student's transcript. Only grades of an A, B, C, D or F are recognized for dual credit courses by LCSD and will be assigned the appropriate value of 0.050. Grades of P, S and U are not recognized by LCSD and will not be transcripted. LCSD will transcript the grade that is associated with the percentage earned (based on the grading scale adopted by LCSD) in the course at the time of transcripting.
5. Students are responsible for providing enrollment and schedule information to their principal and Counselor for approval prior to any portion of tuition being paid by the district.
6. Students are responsible for providing WNC grade reports every three weeks to their high school counselor and appropriate WNC staff.
7. LCSD tuition credit payment will be based under the following criteria:
    a. All credits paid for partially or in full by the district must be taken for credit.
    b. LCSD will pay all credit costs for students qualifying for Direct Cert.
    c. LCSD will pay for half of credit costs for students not qualifying for Direct Cert.

d. LCSD will only pay for each class one time. If a student wishes to retake a class previously paid by the district, then they will be responsible for all tuition and fees associated with that class.
e. The student/family will be responsible for reimbursing the district in full for any credits for which the student drops or audits. Students' families failing to reimburse the district for a dropped or audited class will not be eligible for future tuition support as described above.

8. If a student fails a WNC/dual enrollment course or drops a WNC/dual enrollment course without principal and counselor approval, they will be removed from the program. The principal and superintendent or designee may approve a student to remain in the WNC dual enrollment program when extenuating circumstances exist.
    a. If a student fails a WNC course and is given permission by the principal and superintendent or designee to remain in the dual enrollment program, then they will be responsible for 100% payment of all future credits for the next semester. Should the student receive passing grades the next semester, then the principal and superintendent or designee may reinstate their paid participation in the program as outlined above for the final year or semester as applicable. Should the student fail a second course while in the WNC dual enrollment program, they will be removed permanently without exception.

Non WNC Jump Start Dual Enrollment Courses

1. Students taking dual enrollment college courses/credits to count towards their high school diploma must receive pre-approval from their counselor and principal and superintendent or designee.
2. Students and families are responsible for paying for all other approved dual enrollment courses not affiliated with the WNC Jump Start program.
3. All pre-approved dual enrollment college courses will be placed on the student's transcript and calculated into overall GPA, as outlined in this policy.

Calculations of Class Rank

1. Credit received for District approved classes shall be included in computing class rank and must be posted by the end of the seventh semester if they are to be counted in the calculation of achievement honors related to graduation ceremonies.

2. Students may repeat a class to improve upon a grade and have that grade calculated into their grade point average provided that the first attempt continues to appear on the transcript with a designation of NG (no grade) to indicate that the course was repeated. A student may not receive credit twice for a repeated course and the original grade will not be calculated into the overall cumulative grade point average.

3. In computing and determining rank-in-class, all students at a given grade level shall be

included.

4. If a student's record includes courses that are marked in non-traditional fashion, for instance a pass/ fail or credit/no credit basis, the computation of rank-in-class shall be based on those courses with traditional marks only.

5. The methods used to compute rank-in-class shall be reported to students, parents and any authorized transcript recipient.

6. Rank-in-class information shall be released in accordance with District policy.
   a. To appropriate personnel or;
   b. At the written request or consent of the student and/or parent;
   c. In response to formal legal processes.

7. Rank-in-class shall be reported on a numerical basis.

8. The LCSD will recognize a Valedictorian and Salutatorian in addition to students achieving Cum Laude ("with honor") status. Calculation of Valedictorian and Salutatorian shall be calculated using a cumulative, weighted GPA formula for grades 9- 12, must include the required core courses as listed in policy IKF and must be immediately posted upon completion of the seventh semester to be included in the calculation.

9. The Valedictorian of the class will be the student who has attained the highest overall grade point average calculated on credit posted immediately following the seventh semester of coursework. The Salutatorian will be the student with the second highest rank in class who has met the above criteria. In case of a tie, the highest ACT score will be used as the tiebreaker. In case of a further tie, school principals may designate co-Valedictorians and/or co-Salutatorians. Co-Valedictorians and/or co-Salutatorians may also be designated by the principal when extenuating circumstances exist.

10. Students who have completed four (4) or more semesters in Lyon County schools by the end of the seventh semester of high school and met the aforementioned criteria will be eligible for the honors of Valedictorian and Salutatorian and Cum Laude ("with honor") status.

11. Recognition will be given to graduating students based on the following overall weighted GPA, and if the student has successfully completed a minimum of 4 H, AP, IB and/or DC classes:
    3.7-3.799 Cum Laude ("with honor") Status
    3.8-3.899 Magna Cum Laude ("with great honor") Status
    3.9+ Summa Cum Laude ("with highest honor")
    Status

12. The senior class advisor and principal will develop a committee comprised of students and staff to select graduates who will address their peers during the graduation ceremony. Of these, the Valedictorian and Salutatorian will first be given the opportunity to address their peers during the graduation ceremony. Should either student decline the opportunity, the committee may select another student.

13. Grade point average (GPA) will be calculated by the following method:

    a. convert the letter grades to a numerical value (e.g. A=4.0, B= 3.0, C=2.0, D=1.0, F=0)
    b. add the total grade points (e.g. 20 A's = 80; 2 B's = 6; 1 C = 2; 1 D=1; 1 F= 0, totaling 89)
    c. divide the total grade points by the total number of classes on the official transcript (e.g. 89/25 = 3.560)
    d. add the weighted grade for each of the H, AP, IB and DC courses that were successfully completed with an A, B, C or D:
        1. For each H course, add .025 (e.g. 2 H courses = .025 x 2 = .050)
        2. For each AP course add .050 (e.g. 2 AP courses = .050 x 2 = .1)
        3. For each IB course add .050 (e.g. 2 IB courses = .050 x 2 = .1)
        4. For each DC course, add .050 (e.g. 8 DC courses = .050 x 8 = .4)
        5. Add the total weighted grade to the GPA (e.g. 3.560 +.05 H +.1 AP +.1 IB +.4 DC= 4.210)
        6. The GPA will be calculated to the 4th decimal place and rounded to the 3rd decimal place.

14. Students enrolled in middle school may have the opportunity to earn high school credit in Algebra/Geometry, Computers, Foreign Language and other courses that are preapproved by the superintendent or designee. The credits earned will be posted to the high school transcript but will not be included in the GPA for grades 9-12.

See below, attached WNC and Non-WNC permission forms.

Western Nevada College (WNC) Jump Start Dual Enrollment Program Permission Form

LCSD and WNC have developed a partnership allowing students to earn both high school and college credit while attending an LCSD high school (dual enrollment program). It is the intention of the Board of Trustees that all students participating in dual enrollment programs are working toward an associate degree or certification. The following guidelines have been established for all students entering a WNC dual enrollment program:

1. Permission to enter a WNC program will be granted based on a student's prior academic history and successfully passing prescribed assessments, as determined by WNC and LCSD.
2. Students enrolled during their junior year are required to participate with the cohort available at their school site. All exceptions must receive prior approval from the principal and superintendent or designee. 3. LCSD will assist in paying tuition for WNC pre-approved college classes, up to 17 credits per semester and 64 total credits over the student's high school experience. Any exceptions must be approved by the principal and superintendent or designee.
4. All dual enrollment classes will be posted on the student's transcript.
5. Only grades of A, B, C, D or F are recognized for dual credit courses by LCSD and will be assigned the appropriate value of 0.050. Grades of P, S and U are not recognized by LCSD and will not be transcripted. LCSD will transcript the grade that is associated with the percentage earned (based on the grading scale adopted by LCSD) in the course at the time of transcripting.
6. Students are responsible for providing enrollment and schedule information to their principal and Counselor for approval prior to any portion of tuition being paid by the district.
7. Students are responsible for providing WNC grade reports every three weeks to their high school counselor and appropriate WNC staff.
8. LCSD tuition credit payment will be based under the following criteria: a. All credits paid for partially or in full by the district must be taken for credit.
   b. LCSD will pay for all credit costs for students qualifying for Direct Cert.
   c. LCSD will pay for half of credit costs for students not qualifying for Direct Cert.
   d. LCSD will only pay for each class one time. If a student wishes to retake a class previously paid by the district, then they will be responsible for all tuition and fees associated with that class. e. The student/family will be responsible for reimbursing the district in full for any credits for which the student drops or audits. Students' families failing to reimburse the district for a dropped or audited class will not be eligible for future tuition support as described above. 9. If a student fails a WNC/dual enrollment course or drops a WNC/dual enrollment course without principal and counselor approval, they will be removed from the program. The principal and superintendent or designee may approve a student to remain in the WNC dual enrollment program when extenuating circumstances exist. a. If a student fails a WNC course and is given permission by the principal and superintendent or designee to remain in the dual enrollment program, then they will be responsible for 100% payment of all future credits for the next semester. Should the student receive passing grades the next semester, then the principal and superintendent or designee may reinstate their paid participation in the program as outlined above for the final year or semester as applicable. Should the student fail a second course while in the WNC dual enrollment program, they will be removed permanently without exception.

Non WNC Jump Start Dual Enrollment Courses Permission Form

1. Students taking dual enrollment college courses/credits to count towards their high school diploma must receive pre-approval from their counselor and principal and superintendent or designee.

2. Students and families are responsible for paying for all other approved dual enrollment courses not affiliated with the WNC Jump Start program.

3. All pre-approved dual enrollment college courses will be placed on the student's transcript and calculated into overall GPA.

Standards Based Learning and Reporting (K-6)

- **<u>Policy Statement and Philosophy</u>**
    - The Lyon County School District (LCSD) is committed to a grading and reporting system that accurately, consistently, and truthfully communicates a student's achievement of the Nevada Academic Content Standards (NVACS). Our standards-based system reports out a student's academic skill; in the areas of literacy, math, social studies, science, and professional skills to provide clear, reliable, and actionable feedback to students, families, and teachers.

    - The system is guided by three core principles: **Communication/Feedback, Accountability, and Instructional Clarity.**

- **<u>Guiding Questions for System Design</u>**
    - This policy is designed to answer the following operational questions:
        - **Communication/Feedback:** How might we create a system of effective communication/feedback to all stakeholders (students, parent(s)/guardian(s), teachers) to ensure that all stakeholders know the expectation?
        - **Accountability:** How might we create a system of accountability to ensure that students are owning their learning and teachers are clear with what is being taught?
        - **Instructional Clarity:** How might we create a system where teachers have a clear and deep understanding of what skill or action is needed, how to teach it, how to assess it, and how to communicate the results?

Tight and Must-Do Elements of Grading:

All grading practices must adhere to the following non-negotiable standards to ensure fairness and clarity across the district. Also reference LCSD Board Policy IK

Element	Requirement	Purpose
Grades are Understandable	Grades must convey clarity as to what the student knows and is able to do. Reports must be designed to limit the number of specific standards reported to avoid overwhelming parent(s)/guardian(s) while providing essential data.	To ensure parent(s)/guardian(s) (who may be familiar with traditional letter grades) and students can easily interpret the achievement level and identify areas for growth.
Grades are Reliable	Grades must be focused on demonstrable results (performance toward criteria) and represent the student's *current* progress toward a set of learning criteria. Grading must prioritize the most recent, consistent level of performance.	To answer the parent question, **"How is my Student doing now?"** or answer the student question, "**How am I doing?"** and ensure consistency of marks across the district.
Grades are Truthful	Grades must reflect how well a student has mastered a set of priority standards, supported by evidence of mastery. Grades should not be based on only one assessment or single data point.	To ensure grades accurately reflect student knowledge, not simply an average of past performance, effort, or activity completion.
Clear Success Criteria	Teachers must define, articulate, and share clear success criteria for assignments, performance tasks, and assessments *before* the learning task begins.	To ensure both students and teachers have a shared understanding of what "mastery" looks like for a given standard or skill.
Non-Academic Factors	Academic performance (mastery of standards) must be reported separately from non-academic factors (e.g., effort, participation, timeliness, cooperation, homework, attendance).	To provide a more accurate view of both academic and behavioral progress without penalizing a student's academic grade for compliance issues.

Policy Implementation: The Three Big Ideas

Communication: Reporting and Feedback:

The LCSD utilizes distinct reporting models for different grade bands to balance the need for detailed standards-based data with traditional grade reporting expectations.

- **Grades K-4: Standards-Based Reporting - 4-Point Scale**
- **Grades 5 and 6: Standards-Based Grading - Hybrid Model**

I. Grades K-4:

Standards-Based Reporting (4-Point Scale)

A. Report Card Format (K-4):

1. The report card will show **priority standards** for core subjects (Language Arts, Math, Science, Social Studies).

2. Teachers will link specific **assignments, success criteria, and scores** to the standard being assessed, providing context for the mark received.

3. Individualized teacher comments are essential for offering narrative feedback for actionable steps to move the student forward when additional support is needed. Educators will select the standards that need this narrative feedback and in a timely manner.

B. Grading Input Procedures (K-4):

1. **LINK**

C. Students in Grades K-4 will receive marks on a detailed Standards-Based Report Card.

Score	Description	Community Language
4	**I Can Show You This Skill(s) and Apply It in New Ways:** The student consistently demonstrates a thorough and independent understanding of the skill and extends that knowledge by applying it to unexplored situations or complex tasks.	Advanced Mastery Level
3	**I Can Show You This Skill(s) Independently:** The student consistently demonstrates a thorough and independent understanding of the skills and concepts taught in relation to the standard.	Mastery Level
2	**I Can Show You This Skill(s) With Support:** The student is approaching and developing toward the standard but demonstrates a more limited understanding. Additional teacher support is still needed for consistency.	Developing Level
1	**I Cannot Show You This Skill(s) Yet:** The student is having difficulty meeting the standard and is unable to demonstrate an understanding of skills and concepts taught without extensive or intensive teacher support.	Instructional Level - Sign of immediate need for Tier 1 Differentiation*
N/A	**The Skill(s) Has Not Been Assessed Yet:** The standard was not the focus of instruction during the current reporting period.	For standards not taught in the current quarter

***Note:** A student cannot fail an athletic or community eligibility check solely for receiving a '1' on a standard that has only been partially assessed or for which limited evidence exists.

I. Grades 5 and 6:

To prepare students and families for secondary school, we will utilize a hybrid model, traditional grades with standards.

A. Report Card Format (5-6): Students will receive Traditional Letter Grades (A-F) per-subject on the report card.

B. Grading Calculation: Traditional grades will be calculated using *Categories* that are explicitly connected to a set of priority standards. These *Categories will be weighted equally.*

C. Assessment Tasks: Tasks will be grouped into major academic classes (English Language Arts (ELA), Math, Science, Social Studies).

D. Grading Input Procedures (5 & 6):

1. **LINK**

E. LCSD Internal Reporting: The district's gradebook software will require teachers to tag all major assignment scores to the specific NVACS standard they measure, making sure the scores are clear and accurate across the district. These scores will be connected to success criteria for clear transparency to students and families.

Grade	Description	Rationale	Score
A	**I Can Show You This Skill(s) Independently and/or Apply It in New Ways:** The student consistently demonstrates a thorough and independent understanding of the skill and extends that knowledge by applying it to unexplored situations or complex tasks.	• Advanced Mastery level • Superior	100% to 90%
B	**I Can Show You This Skill(s) Independently:** The student consistently demonstrates a thorough and independent understanding of the skills and concepts taught in relation to the standard.	• Mastery level • Above Average	89% to 80%
C	**I Can Show You This Skill(s) With Support:** The student is approaching and developing toward the standard, but demonstrates a more limited understanding. Additional teacher support is still needed for consistency.	• Developmental level. • Average	79% to 70%
D	**I Cannot Show You This Skill(s) Yet:** The student is having difficulty meeting the standard and is unable to demonstrate an understanding of skills and concepts taught without extensive or intensive teacher support.	• Instructional Level ○ Sign of immediate need for Tier 1 Differentiation	69% to 60%
F	**I Cannot Show Any Evidence Of This Skill Yet:** The student has been given opportunities to demonstrate the skill, but no evidence is available. Educators can also use an **"M"** for missing to represent missing evidence in individual assignments.	• Sign of immediate need for Tier 1 Differentiation • Failing	59% to 0%

II. Grades 5-6: Hybrid Reporting

Accountability: Student Ownership & Teacher Clarity

I. Accountability is a two-way process that ensures student learning and instructional effectiveness.

A. Student Accountability and Ownership

1. **Reassessment Opportunities:** Students must be provided meaningful, specific, and timely opportunities to demonstrate mastery after initial attempts. Reassessment is not guaranteed but is a core component of the system, allowing students to own their learning progression.
2. **Focus on Current Performance:** Grading practices will prioritize a student's most recent, consistent level of performance, thereby incentivizing students to engage in revision and re-learning.

B. Teacher Accountability and Instructional Clarity: All instructional staff must utilize the Professional Learning Community (PLC) model in collaborative curriculum planning to ensure a clear and deep understanding of expectations and appropriate instructional responses. These four questions must drive all planning and assessment:

1. **What is essential for students to know and be able to do?** Unpacking the NVACS standards and defining core learning outcomes
2. **How will we know if they master it?** Developing valid and reliable common assessments based on clear success criteria
3. **What will we do when students do not master it?** Identifying and implementing targeted support, intervention, and additional time for re-learning
4. **What will we do when students already master it?** Identifying and implementing extension activities, enrichment, and opportunities for advanced application or compacting

C. Consistent Success Criteria: The district will develop and train staff on consistent success criteria and descriptors (e.g., based on a 4-point scale) to ensure consistency and reliability of grading marks across grade levels and schools.

Support: Intervention and Professional Learning

A robust support structure is necessary to ensure every student has the opportunity to achieve mastery.

I. Academic Support for Students

A. **Early Intervention:** A mark of '1' or '2'/’D’ or ‘F’ on the report card or frequent low marks in the gradebook serve as immediate, clear signals that a student is in need of Tier I Differentiation.

B. **Tier 1 Differentiation:** Interventions, particularly at the Multi-Tiered System of Supports (MTSS) Tier 1 level (which includes high-quality, flexible, and responsive in-class strategies like small group instruction, immediate reteaching, and check-ins), must be precisely targeted to the specific standard or skill deficiency identified by the standards-based mark.

II. Professional Learning for Staff

A. **Policy Training:** Mandatory annual professional development for all instructional staff (K-6) will cover the philosophical and operational components of this policy, including:

1. Creating and communicating clear success criteria
2. Designing non-traditional, multi-data assessments (avoiding single-assessment grades)
3. Implementing effective, individualized feedback, ensuring the reported score, success criteria, and written comments are fully aligned

B. **Parent(s)/Guardian(s) Education:** The school will provide ongoing resources and workshops to educate parent(s)/guardian(s) on how to interpret standards-based marks and connect them to student learning as part of their family engagement outreach.

C. **Consistency Audits:** The district will conduct periodic grading audits to ensure consistency and reliability across schools, especially for key standards with multiple sub-skills.

Review and Revision

This policy is subject to annual review by the District Administration and the Board of Trustees to ensure continued alignment with state standards, best practices in educational research, and the needs of the Lyon County community.

Lyon County School District
Board Memo

Date: June 23, 2026

To: Board of School Trustees

From: Rachel Stewart, Executive Director of Special Services

Re: Revisions to Policy JO: Student Education Records

Recommendation: That the LCSD Board of Trustees approves revisions to LCSD Policy JO: Student Education Records as a second and final reading.

Background Information:
Policy JO exists to strike a critical balance: ensuring that the Lyon County School District has access to necessary student and family information to provide effective instruction and services, while simultaneously upholding the confidentiality and privacy of this sensitive data. It acknowledges that maintaining extensive, sometimes personal, student records are essential for educational purposes. The policy establishes clear guidelines, under the superintendent's oversight, to manage these records in compliance with state laws and federal regulations like FERPA and IDEA. This framework allows for the efficient use of student data by authorized personnel, while providing parents and eligible students with rights regarding access, review, and control over the disclosure of their educational records. Nevada Assembly Bill 6 (Nevada AB6) was introduced and passed during the Special Session of the Nevada Legislation held in November 2025. Part of Nevada AB6 set forth new provisions for directory information for public schools.

Policy Overview:
The revisions to Policy JO include several key updates aimed at enhancing compliance and clarity. Notably, the policy now specifies the new updates regarding directory information place strict limitations on what data can be shared publicly and establish rigid protocols for third-party requests. Public directory information is now strictly confined to only three specific data points: the student's name, grade level, and school photograph. Furthermore, in accordance with Nevada law, the district and its schools are explicitly prohibited from disclosing a student's or parent's phone number or address to any third party, unless required by a court order, subpoena, warrant, law, or as necessary to provide instructional programming and wrap-around services.

To manage these rules effectively, the policy formally separates directory data into three distinct tiers:

Public Directory Information (name, grade, photo),
Additional Directory Information for Armed Forces Recruiting (which includes names, addresses, and phone numbers), and
Internal Directory Information, which is used solely for school-related business and official publications like yearbooks or graduation programs.

Additionally, a rigorous review and verification process has been implemented for any outside entities seeking public directory data. Third parties must submit a formal written request detailing the date and exact purpose of their inquiry, and they are required to sign a legally binding agreement (*Third-Party Public Directory Information Request Form* in Appendix E) affirming they will not sell, transfer, or distribute the data in compliance with Nevada AB6. Information will be completely withheld if the request does not provide a direct benefit to the student or the school, explicitly barring commercial businesses from obtaining directory data for advertising or marketing purposes. Finally, specific verification requirements have been added for media requests; any third party requesting public directory information for a journalistic purpose must provide an official affirmation of

intent alongside sufficient documentation proving they are a reporter or editorial employee affiliated with a verified news outlet.

LCSD Policy JO: Student Education Records

STUDENT EDUCATION RECORDS

I. The Lyon County School District recognizes the confidential nature of student education records and that the primary purpose of keeping records on a student is for the educational welfare and advancement of the student. Those persons, agencies or firms seeking information from or access to student records must come within the exceptions of the Family Educational Rights and Privacy Act (FERPA) of 1974.

II. The United States Department of Education defines "education records" as records that are directly related to a student and that are maintained by an educational agency or institution or a party acting for or on behalf of the agency or institution. These records include but are not limited to grades, transcripts, assessments/tests class lists, student course schedules, health records, and student discipline files. The information may be recorded in any way, including, but not limited to, handwriting, print, computer media, video, audio, film, microfilm, microfiche, and e-mail. (34 CFR § 99.2)

III. Education records for students with disabilities are strictly confidential under the Individuals with Disabilities Education Act (IDEA). IDEA incorporates and builds upon the protections already provided by the Family Educational Rights and Privacy Act (FERPA). Specifically, IDEA provides additional protections for students receiving special education services, ensuring the privacy of their records beyond what FERPA already mandates. However, IDEA permits the disclosure of personally identifiable information (PII), such as education records, to officials of another school or agency where the student seeks or intends to enroll, or where the student is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer.

IV. Administrative regulations below are established for the compilation, maintenance, release, destruction, and security of student records in conformance with federal and state requirements.

Legal Reference(s): Family Educational Rights and Privacy Act (FERPA) (The FERPA statute is found at 20 U.S.C. § 1232g and the FERPA regulations are found at 34 CFR Part 99); Individuals with Disabilities Education Act (IDEA); NRS 388 et seq., 392.029.

STUDENT EDUCATION RECORDS - ADMINISTRATIVE REGULATIONS

COMPILATION AND MAINTENANCE OF STUDENT EDUCATION RECORDS

The Lyon County School District respects and values the rights of parents/legal guardians and "eligible students" (as defined by FERPA) regarding education records. Therefore, written permission will be obtained from a parent/legal guardian or eligible student before changing the preferred name and/or gender assigned at birth in the education record of a student enrolled in the LCSD.

1. Each student's official education record will include the following:

    a. Records to be retained permanently

        1) Name and address of parent
        2) Verification of date and place of birth
        3) Dates and record of attendance
        4) Course enrollment and grades (Transcripts)
        5) Achievement test data
        6) Date of graduation or withdrawal

    b. Additional education records that may be retained include, but are not limited to:

        1) Medical/health data.
        2) Individual psychological evaluation (gathered with written consent of parents).
        3) Individual intelligence tests, tests for learning disabilities, etc.
        4) Other verifiable information to be used in educational decision making.

2. Maintaining Student Records

    a. Transcripts of the scholastic record will contain only true factual information. The school will confine its record-keeping to tasks with clearly defined educational ends.

    b. Items listed under 1-a and 1-b will be retained for 60 years after graduation or withdrawal.

    c. Teacher and staff comments on student records will be confined to matters related to student performance. Value judgments will be excluded from the record.

DRAFT

d. Student records will be considered as current educational tools.

NOTE: *Education records for students with disabilities will be maintained as outlined above. However, the Individuals with Disabilities Education Act (IDEA) requires schools to notify parents before destroying these records.*

SECURITY AND RELEASE OF STUDENT EDUCATION RECORDS

I. All school records of students are confidential. All records containing personal student information will be governed by the following principles:

A. Parents/legal guardians have the right, upon written request, to inspect and review any and all educational records relating directly to their dependent and legal wards. Each parent has full rights regarding access to educational records unless the District is provided with evidence that there is a court order, or legally binding document that specifically revokes these rights. The right accorded to parents/legal guardians transfers to the students upon attainment of their eighteenth birthday (eligible student). As defined in 34 CFR 99.3, parent means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.

B. The Lyon County School District maintains students' education records that (1) contain information which is directly related to a student and (2) are maintained by an education agency. These educational records are maintained in the LCSD student information system (e.g. Infinite Campus) and at the school of enrollment. Questions regarding educational records at the schools should be directed to the school principal in writing. Questions regarding other records should be directed to the superintendent or designee in writing. District personnel must be present to interpret records being reviewed.

C. Any request from parents/legal guardians, or students eighteen years of age or older must be complied within a reasonable length of time not to exceed forty-five (45) days from the date the request is received.

D. Parents/legal guardians or eligible students may, by written request to the principal of the school, challenge the content of student records in order to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students. Additionally, parents/legal guardians or eligible students have the right to seek to amend education records. Such requests may become a part of the record at the discretion of the parent/legal guardian or eligible student.

DRAFT

Within ten (10) school days after receiving such a notice from a parent/legal guardian or eligible student, the principal shall notify the parent/legal guardian or eligible student in writing of the principal's decision and the reasons for the decision. The parent/legal guardian or eligible student shall have the right to appeal this decision to the superintendent or designee, within ten (10) school days after receipt of the principal's letter. The superintendent or designee, within fifteen (15) working days of receipt of such an appeal, shall hold a hearing with the parents/legal guardians and/or eligible student.

The parent/legal guardian or eligible student shall be informed in writing of the date and time of the hearing. Such notification shall be well in advance of the hearing date to allow time for the parent/legal guardian or eligible student to engage legal counsel and prepare and assemble any evidence the parent/legal guardian or eligible student wishes to present.

The superintendent or designee shall make his/her decision in writing within five (5) working days after conclusion of the hearing. The parent/legal guardian or eligible student shall be notified of the decision by certified mail.

E. Directory information is information not generally considered harmful or an invasion of privacy if disclosed.

The LCSD has designated the following information as public directory information for a directory of pupils maintained by the school: student's name, grade level, and school photograph of the pupil.

Pursuant to the No Child Left Behind Act of 2001, the LCSD shall provide access to secondary school students' additional directory information per the request of armed forces recruiters. An eligible secondary school student or the parent of non-eligible students may request that this information not be released without prior written parental or eligible student consent.

The LCSD has designated the following information as additional directory information for armed forces recruiting purposes (20 U.S.C. § 7908): student's name, address, telephone listing, grade level, and school photograph.

The LCSD has designated the following information as internal directory information for the purpose of conducting school related business and creating official publications of the school: ~~This includes a~~ student's name, address, grade level, date

DRAFT

and place of birth, photographs, participation in officially recognized activities and sports, weight and height if a member of an athletic team, years of attendance, degrees and awards received, and school attended.

Photographs will only be considered directory information when used in printed school publications including the annual yearbook, playbills, honor roll or other recognition lists, graduation programs, newsletters, and sports activity programs/sheets.

Except as provided in NRS 388 et seq., or as necessary to provide instructional programming and services or wrap-around services to a pupil, **the LCSD and the schools within the LCSD shall not disclose the phone number or address of any student and the student's parents/legal guardians** to any third party unless required by law or a subpoena, warrant or order issued by a court of competent jurisdiction.

A third party may request the public directory information of students (student's name, grade level, and school photograph of the pupil) by submitting a written request to the school that contains:

1. the date of the request;
2. the purpose for which the third party will use the requested information; and
3. either:
    a. If the information is requested for a journalistic purpose, an affirmation that the requested information will only be used for a journalistic purpose and sufficient documentation to demonstrate that the person requesting the information is a reporter or editorial employee who is employed by or affiliated with a newspaper, press association or commercially operated, federally licensed radio or television station; or
    b. If the information is not requested for a journalistic purpose, an affirmation that the requested information will only be used for the purpose described and that such information will not be sold, transferred or distributed to any other party.

The requesting third party must complete and sign the *Lyon County School District Third-Party Public Directory Information Request Form* located in Appendix E.

NOTE: Student directory information will not be released to any third party who does not provide a benefit to the student(s) and/or school.

DRAFT

Public ~~D~~directory information and additional directory information for armed forces recruiting purposes may be made available without consent of parents/legal guardians or eligible students, provided that public notice has been made. A reasonable period of time must elapse between issuance of public notice and release of information to allow parents/legal guardians or eligible students to request that directory information not be released. Registration materials and beginning of the year school forms will inform parents of the right to restrict the distribution of public directory information and additional directory information for armed forces recruiting purposes. This request may be rescinded in writing by a parent/legal guardian or eligible student at any time.

F. Information other than directory information is inaccessible without the written consent of the parent/legal guardian or eligible student. Exempt from this ruling are the following agencies and persons:

1. School officials who have a "legitimate educational interest" which may include:

a. Board of School Trustees;
b. Administrators;
c. Licensed employees;
d. School Resource Officers
e. Support staff; and
f. Contractors, consultants, volunteers, and other outside parties performing outsourced institutional services or functions.

"Legitimate educational interest" is defined as any activity having a direct effect on advancing a student's educational level, coupled with a concern for the student's social, emotional, and/or physical welfare.

2. Officials of other schools or school systems in which a student intends to enroll or where the student is already enrolled so long as disclosure is for the purposes related to the student's enrollment or transfer.

3. Authorized representatives of the Comptroller General of the United States and of the Secretary of Education; heads of certain educational agencies and state educational authorities; provided that access to student records is necessary in connection with the audit and evaluation of a federally supported program or for the enforcement of federal legal requirements in connection with such a program,

DRAFT

and that unless specifically authorized by federal law, no information is included which would permit the personal identification of students or parents/legal guardians after the data has been collected.

4. Representatives of accrediting organizations in order to carry out their accrediting functions.

5. Contracted organizations conducting studies and/or test-related services for the District.

6. Federal and state agencies in connection with student applications for, or receipt of, financial aid.

7. Child welfare services (NRS 432B et seq.)

G. Any authorized persons receiving directory information or who request or obtain access to a student record must indicate in writing the date and specific reason for the request. These persons must verify in writing that they will not use directory information for any other purpose than indicated in the submitted request and that they will not sell said information to other parties.

~~Student directory information may not be released to commercial businesses for the purpose of advertising or marketing.~~

~~Pursuant to the No Child Left Behind Act of 2001, the LCSD shall provide access to secondary school students' names, addresses, and telephone listings per the request of military recruiters or institutions of higher education. A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent.~~

The following organizations may receive directory information if the submitted written request is deemed by the superintendent's designee to have an educational benefit to the students:

1. Contracted organizations providing a service/product to the school.

2. Nonprofit postsecondary institutions requesting directory information, high school students' ranking and/or cumulative grade point averages.

H. Information may be released to others only:

1. With the written consent of the parent/legal guardian or eligible student specifying the records to be released, the reasons for such release, to whom and use to be made of the information; and with a copy of the records to be released transmitted to the parent/legal guardian or eligible student upon request.

2. When such information is furnished in compliance with judicial order or pursuant to any lawfully issued subpoena, upon the condition that the parent/legal guardian or eligible student is notified in advance of the compliance by the school with the subpoena or court order. Schools and/or the District have 10 days to comply with such a request per NRS 392.029.

If after reasonable effort, the parent/legal guardian or eligible student cannot be reached, the court order or subpoena must be honored. Questions regarding judicial orders and subpoenas may be resolved in consultation with the Office of the General Counsel.

3. In cases where there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances.

I. Periodic review procedures shall be established for students' educational records in order to ensure accuracy and relevancy.

J. The District shall give parents/legal guardians of students in attendance or eligible students in attendance annual notice of their rights under the Family Educational Rights and Privacy Act. The notice shall also inform parents/legal guardians or eligible students that copies of this District administrative regulation are available on the District's website at *www.lyoncsd.org* or upon request from any LCSD school's main office.

K. Through this annual notice, parents/legal guardians, or eligible students will be informed that they have the right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4605, if the District fails to comply.

L. Any questions or unusual requests should be referred to the superintendent or designee.

II. Protection of Pupil Rights Amendment (PPRA) ***Note:*** *see LCSD Board Policy JF - Protection of Pupil Rights - Student Surveys*

The Protection of Pupil Rights Amendment (PPRA) (20 U.S.C. § 1232h; 34 CFR Part 98) applies to programs that receive funding from the U.S. Department of Education (ED). The Protection of Pupil Rights Amendment is intended to protect the rights of parents and students in two ways:

A. It seeks to ensure that schools and contractors make instructional materials available for inspection by parents if those materials will be used in connection with a U. S. Department of Education funded survey, analysis, or evaluation in which their children participate; and

B. It seeks to ensure that schools and contractors obtain written parental consent before minor students are required to participate in any U. S. Department of Education funded survey, analysis, or evaluation that reveals information concerning:

1. Political affiliations;
2. Mental and psychological problems potentially embarrassing to the student and his/her family;
3. Sex behavior and attitudes;
4. Illegal, antisocial, self-incriminating and demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or parents; or
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parents or students who believe their rights under the Protection of Pupil Rights Amendment may have been violated, may file a complaint with the U. S. Department of Education by writing to the Family Policy Compliance Office. Complaints must contain specific allegations of fact giving reasonable cause to believe that a violation of the Protection of Pupil Rights Amendments occurred.

For additional information or technical assistance, you may call (202) 260-3887 (voice). Individuals who use TDD may call the Federal Information Relay Service at 1-800-877-8339.

APPENDIX A

LYON COUNTY SCHOOL DISTRICT
Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal a written request that identifies the record(s) they wish to inspect. The School principal or other official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the School to amend a record should write the School principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff); student teachers and related service interns; a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which the student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the federal Office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5920.

Directory Information: Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to ~~outside organizations~~ a third party without a parent's or eligible student's prior written consent. Directory information may be released to ~~agencies, institutions, the military, or businesses for the purpose of providing students with yearbooks, class rings, graduation announcements, athletic apparel, school pictures, scholarship opportunities, or~~

~~other~~ to a third party under specific conditions outlined in NRS 388 et seq. for purposes that benefit the student and/or school. ~~Directory information will not be released when the purpose is primarily for commercial or sectarian use.~~ The Lyon County School District and NRS 388 et seq. has designated the following information as public directory information: student's name; ~~address; telephone listing; electronic mail address;~~ school photograph; ~~date and place of birth; major field of study;~~ and grade level~~; dates of attendance (but not attendance on a particular day); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended~~. The Lyon County School District has designated the following information as additional directory information for armed forces recruiting purposes (20 U.S.C. § 7908): student's name, address, telephone listing, grade level, and school photograph.

Unless individual written objection to release such directory information is received by Lyon County School District from the parent or eligible student, any of the above information may be released in accordance with the purposes stated. All objections ~~should~~ must be filed in writing with your student's school principal using the "Student Directory Information Opt Out Form". Contact your child's school or the District office to request an opt out form.

LYON COUNTY SCHOOL DISTRICT
Notification of Rights under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):
    1. Political affiliations or beliefs of the student or student's parent;
    2. Mental or psychological problems of the student or student's family;
    3. Sex behavior or attitudes;
    4. Illegal, anti-social, self-incriminating, or demeaning behavior;
    5. Critical appraisals of others with whom respondents have close family relationships;
    6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
    7. Religious practices, affiliations, or beliefs of the student or parents; or
    8. Income, other than as required by law to determine program eligibility.

- *Receive notice and an opportunity to opt a student out of*:
    1. Any other protected information survey, regardless of funding;
    2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
    3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

DRAFT

- *Inspect,* upon request and before administration or use:
    1. Protected information surveys of students;
    2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
    3. Instructional material used as part of the educational curriculum.

These rights transfer to from the parents to a student who is 18 years old or an emancipated minor under State law.

The Lyon County School District (LCSD) has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. LCSD will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. LCSD will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. LCSD will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys.

Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920.
