F. Approval of the Changes in the WMEP Joint Powers Agreement – Second Engrossment

Approval of Changes in WMEP Joint Powers Agreement - 2nd Engrossment

A WMEP Joint Powers Board Committee was established last summer to conduct a comprehensive review of WMEP's Joint Powers Agreement and other legal documents. The committee recommended, and the Joint Powers Board adopted several technical as well as substantive changes to the Joint Powers Agreement. Below is a summary of key substantive changes that were adopted:

- Added Eden Prairie Public Schools to membership list. (p.1)
- Updated the language and deleted several obsolete sections of the Purpose article relating to WMEP's earlier contractual arrangements and educational programming. (p.2)
- Defined Executive Committee, established a limit on committee membership, and clarified that the Board Chair will convene Executive Committee meetings. (p.2)
- Established a timeline for submitting and acting upon local district resolutions to withdraw from WMEP, and clarified withdrawing district's obligation until final date of withdrawal. (p.3)
- Inserts a reference to the WMEP Membership Application Process for purposes of applying for membership in WMEP. (p. 3)
- Reduced the timeframe for proposing amendments to the Joint Powers Agreement from 60 days to 30 days. (p.3)
- Clarifies that dissolution of WMEP would not become effective until ratified by at least two-thirds of local boards of all member districts. (p.3)
- Deletes several unnecessary and/or obsolete sections regarding administrative processes for financing of WMEP's magnet schools. (p.3-4)

Adopted the changes to the Second Engrossment of Joint Exercise of Powers Agreement for the West Metro Education Program Joint Powers School District #6069 as presented and adopted by the WMEP Joint Powers Board on January 10, 2007.

3. **RECOGNITIONS**

A. February Employee of the Month – Mitzi Doshier - Greenwood Elementary

Mitzi Doshier, 2nd and 3rd grade teacher at Greenwood for many years, was recognized as the February Employee of the Month. Mitzi is extremely gifted in teaching language arts and helps Greenwood keep an edge on ‘Best Practice’ in reading and writing instruction. Her second graders experience great success through their active participation in readers’ and writers’ workshops. Mitzi has offered her expertise on many district committees and continues to provide professional development for her colleagues on establishing literacy based classrooms. She also serves as Greenwood’s mentor to new teachers. Greenwood is proud to honor and recognize her in this way. Congratulations Mitzi!

B. Wayzata Public Schools Education Foundation Grants – Janet Schutz

Superintendent Ostlund recognized representatives from the Wayzata Public Schools Education Foundation (WPSEF) who were present to issue grants for various projects in Wayzata Public Schools totaling \$75,000.00. He thanked the foundation board members for their dedication and hard work over the past four years in creating the foundation and soliciting the donations that made these wonderful grants possible. Janet Schutz, Chair of the WPSEF, introduced the foundation board members that were present and also the recipients of the grants, who were given the opportunity to say a few words about their projects.

The WPSEF board members present were: Janet Schutz, Linda Miller, Paula Picard, Greg Rye, Tom Cullum, Tom Vettel, and Jim Hallenberg. Cindy Leines was unable to attend. Grant recipients were as follows:

Essays for Everyone: \$750.00

WHS US History Teachers – Elyssa McIntyre

Elm Creek Water and Soil Testing: \$2,550.00

WHS – Susie Newman

Middle School Media Center US History/Geography Collection Upgrade: \$15,000

Middle School Media Specialists Jim Peterson, Beth Benezra and Judith St. Cyr

Library Media Centers: \$7,000

Elementary Media Specialists Jennifer Samec, Becky Prigge, Linda Gibbons, Debbie Mossefin, Alice Williams, Sally Mays and Sandy Larson

Elementary Literacy Project: \$10,000

Charlene Barghini and Colleen Wier

Physical Education, Science, and Engineering Students in an Interdisciplinary Approach to Creating Curriculum - and Fun: \$39,700.00

WHS - Nancy Icopini

C. WHS Debate Team

Ana Nikolic and Megan Swenson were recognized for winning the state championship in policy debate on January 19th and 20th at the 2007 State Debate Tournament. More than 1,000 students participated in the debate throughout Minnesota. The two also received the Spotlight on the Arts Award of Excellence, sponsored by Wells Fargo in cooperation with the Minnesota State High School League. They are coached by WHS communications teacher Gail Sarff.

D. AMC 8 Perfect Test Score – Rohit Agrawal

Rohit Agrawal, an eighth-grader at East Middle School, earned a perfect score on the AMC 8 test. Every year approximately 150,000 students from across the country take this test. This 25-question, 40-minute, multiple choice exam in middle school mathematics is designed to promote the development and enhancement of problem solving skills.

East Middle School is also on the preliminary 2006 AMC 8 school honor roll. Placement on the honor roll is achieved by attaining a score of 66-75 when adding together the top 3 student scores within a school. More schools are added as the scores are tallied, but East is one of only five Minnesota schools currently on the list.

E. WHS Stock Market Team

Five Wayzata High School students recently won the state Stock Market game, after successfully competing against 667 other teams at the state level. Rob Mason, Andy Hanson, Erik Roos, Grant Kleberg and Jamie Wenborg were recognized for making a return on their investment of 33.7 percent over 14 weeks, which was an increase of 23.5 percent above the S & P 500 index, to win the game. The Stock Market game is a simulation of how the investment world works. The simulation is used by WHS business teacher Candy Lee in the Managing Your Investments class as a tool to motivate the students to learn about economics, finance and the American economic system. The students were honored at an award ceremony and luncheon at the Carlson School of Management on the University of Minnesota campus on January 19. They also received a two-day all-expense-paid trip to Chicago to visit the Grain Exchange and other financial interests

A. Superintendent

1. Proclamation – National Career and Technical Education Month

A motion was made by Ms. Gleason and seconded by Mr. Baufield to adopt the recommended Proclamation recognizing February 2007 as Career and Technical Education Month. The Proclamation was read by Board Clerk, Susan Droegemueller and the motion passed on a 6-0 vote, with Ms. Peterson being absent.

Proclamation - National Career & Technical Educational Month

The Proclamation was offered to confirm the school district's commitment to Career and Technical Education. The Board urges all citizens to become familiar with the services and benefits offered by the Career and Technical Education programs in our communities and to support and participate in these programs to enhance students' work skills and productivity.

Career and Technical Education students were present to talk about the professional organizations they belong to, what the programs have meant for them and their many achievements.

2. Approval of Elementary Attendance Boundary Changes for 07-08

Approval of
Elementary
Attendance
Boundary
Changes for
07-08

It was noted that student enrollment at Kimberly Lane Elementary has exceeded the growth projections used by the School Boundary Task Force in making their boundary adjustment recommendations one year ago. Current and projected enrollment at Kimberly Lane creates the need to make adjustments to the attendance areas of the three northern schools. While growth within the current Kimberly Lane attendance area has been higher than projected, growth within both the Greenwood and Plymouth Creek attendance areas has been lower than projected. The current and projected enrollment data from the three northern elementary schools was reviewed, along with projected housing development information from the cities of Plymouth and Maple Grove. The entire process resulted in a recommendation to move approximately 100 students out of the Kimberly Lane attendance area.

A motion was made by Mr. Moroz and seconded by Ms. Gleason to approve the adjustment of the attendance boundaries for Kimberly Lane, Greenwood, and Plymouth Creek elementary schools as presented, beginning with the 2007-08 school year. The motion passed on a 6-0 vote.

B. Curriculum and Instruction

6. **OTHER BOARD ACTION**

No Board action.

7. **AUDIENCE OPPORTUNITY TO ADDRESS SCHOOL BOARD**

This section of the agenda provides an opportunity for those who have called and placed their names on the list and for members of the audience to address the School Board.

No one came forward to address the Board.

8. **BOARD REPORTS**

A. 2006 School Board Self-Evaluation – Board Chair Cohen

Board Chair, Linda Cohen, reported on the Board's self-evaluation for 2006.

She stated that the Board rates themselves in the following areas of performance:

- Board Meetings
- Relationship with Administrators
- Board and Policy Development
- Board Community Relations
- Personal Qualities
- Overall Comments and Improvement Suggestions

Overall, Board members feel they are doing a very good job. One area that Cohen stated the public may see more of in the future is public debate. Board members feel the Board is extremely conscientious and well prepared. Most of their debate and “work” takes place at work sessions.

9. **NEW BUSINESS**

There was no new business.

10. **ADJOURN**

There being no additional business before the School Board, a motion was made by Mr. Moroz and seconded by Mr. Landis to adjourn the meeting. The motion passed unanimously. Ms. Cohen, Board Chair, adjourned the meeting at 9:27 p.m.

Upon approval by the School Board, complete minutes will be available at the District Administration Building, 210 County Road 101 North, Plymouth, on the District website, at all School Media Centers, and at the Public Libraries in Plymouth, Wayzata, and Ridgedale.

AGENDA SECTION: 3. RECOGNITIONS

ITEM: A. Employee of the Month

COMMENTS BY: Superintendent Ostlund

The Birchview Elementary staff is proud to nominate **Heidi Martin** as the Employee of the Month.

Heidi is a very important part of the Birchview Elementary staff. As the physical education specialist, Heidi takes a leading role in supporting our efforts to realize one of the central components of our mission: to address the physical well being of our students. Heidi has been a part of the Wayzata School District for twenty-three years and physical education specialist at Birchview Elementary for eight years. During this time she has created many high interest activities and new challenges for Birchview students. Heidi engages students by exploring the joys of physical activity. Beyond her daily specialist responsibilities, Heidi motivates students to go beyond the routine by spotlighting “personal best” performance and promoting “challenge yourself” attitudes.

Heidi is recognized as an innovator in physical education and explores new methods that advance the physical health of Birchview students. Each year, Heidi discovers creative ideas in movement study, nutrition promotion, and game formats to advance fitness. When you enter the gym at Birchview Elementary there is always something new being explored.

Heidi connects Birchview’s physical education program to school-wide initiatives and building goals. She has found creative methods to integrate mathematics into her physical education activities by exploring sums, sequence, and multiples in her class. Similarly, Heidi furthers students’ background knowledge with the use of key vocabulary terms, concept connections, and word wall strategies.

Additionally, Heidi is collaborative in her orientation. She is involved with physical education colleagues in innovative planning across the District. Her specialist colleagues at Birchview view Heidi as a teammate and the classroom teachers know Heidi is always willing to partner in support of their students.

Heidi Martin supports the Birchview Elementary community. Students know her as an encouraging and positive adult in their lives. Birchview Elementary is extremely fortunate to have her as a part of our school community.

Congratulations to Heidi!

ITEM: B. 2006 Presidential Award Finalist

COMMENTS BY: Superintendent Ostlund

Barb Abramson, third grade teacher at Gleason Lake Elementary School, has been selected as one of three state-level finalists for the 2006 Presidential Award for Excellence in Mathematics and Science Teaching (PAEMST).

She will be honored at various activities throughout this year. She is also automatically a candidate for a state Presidential Award. The National Selection Committee will meet in Washington, D.C., to select one teacher for the Presidential Award from the state-level finalists.

The teacher selected as the state Presidential Awardee will be notified officially by the White House in the spring of 2007. Each state Presidential Awardee will receive \$10,000 and an all-expense paid trip for two to Washington, D.C., where the Presidential Award winners from across the country will be honored in a variety of recognition events.

The Presidential Award is the highest honor the nation bestows on mathematics teachers.

COMMENTS BY: Superintendent Ostlund

On Saturday, February 17 at the Xcel Energy Center, The Wayzata Trojet Jazz Dance Team, under the direction of coaches Leslie Swiggum and Meghan Hutton, was crowned State Champions for the second year in a row.

Their jazz dance earned top honors in back to back years with a point total of 735 out of a possible 800 points - an unbelievably high point total. Their routine scored 26 perfect tens on the judge's scoresheets and won over the hearts of all who were at the competition. Fans from all schools stood and applauded the Trojets on their dance to the music "Fuego".

Members of the championship jazz/funk dance team are Kayla Biek, Jackie Brown, Sarah Burge, Samantha Cameranesi, Rachel Caughey, Rachel Chazin, Elizabeth Fairbairn, Haley Faust, Alissa Fox, Emily Gunn, Caitlin Halsey, Katie Hubert Vanessa Iorio, Samantha Kaine, Erin Kamm, Tessa Kasinkas, Chelsey Kurth, Karla McGrane, Sara Netherland, Jennifer Niccum, Amy Quanbeck, Elizabeth Quinn, Kim Saunders, Rachel Saunders and Caitlin Webb

ITEM: E. Minnesota Scholastic Art Awards

COMMENTS BY: Superintendent Ostlund

Wayzata High School junior Gary Snorek, and seniors Willa Dock, Danielle Heitz and Michele Rushfeldt, recently won Gold Key Awards in the Minnesota Scholastic Art Awards competition. Sophomores Mallory Blanchard and Haley Bye, juniors Steve Hegedus, Katelyn Hunt, and seniors Tessa Kasinkas, Madeline Critchfield and Melissa Jones, received Silver Key Awards. Recognition was also awarded to juniors Signe Brewster, Katelyn Hunt, and seniors Sara Hesselroth and Caitlin Kuhne, for Achievements of Merit.

Three eighth-grade students from East Middle School, Talia Berndt, Kathia Williams, and Melissa Eitel, also received Silver Key Awards in the competition. Zoe Lenker, another eighth-grader, also received a Merit Award in the competition.

The competition was open to students in grades seven through 12 from throughout the state of Minnesota. There are 16 visual art categories in the competition, which includes separate contests for students in grades seven through nine and grades 10 through 12. Out of 1,200 submissions, a jury of professional artists and designers selected 64 Gold Key Award-winning works by 57 students.

Gold Key Award-winning work will automatically be entered in the national competition in New York, where panels of prestigious members of the arts and education communities will judge entries for technical proficiency, originality and emergence of personal style or vision. The jurors' choices provide feedback to teachers around the country and have a profound effect on curricula and teachers.

Students who win national awards are celebrated each year with a series of high-profile national events, including an awards ceremony in New York and an exhibition in Washington, D.C. The national awards are announced in May.

AGENDA SECTION: 5. SUPERINTENDENT’S REPORTS AND RECOMMENDATIONS

ITEM: A. Superintendent

COMMENTS BY: Superintendent Ostlund

1. Approval of Middle School Attendance Boundary Changes

In the course of modifying elementary attendance boundaries this year, the Administration also decided to review middle school boundaries. This review was initiated primarily to assess the enrollment trends among the three middle schools. If the middle school enrollments were becoming imbalanced, the district can make some adjustments now, and coordinate these changes with the elementary boundary changes.

Last year’s Attendance Boundary Task Force was focused almost exclusively on elementary boundaries. The elementary boundary adjustment task required so much energy and resources that middle school boundaries could not be addressed.

A review of that data shows that, indeed, middle school enrollments are becoming imbalanced. Of the resident students who currently attend our elementary schools, increasing numbers over the next six years live in the Central attendance area, and declining numbers in the West and East attendance areas. Further, growth in student numbers from new housing developments over the next five years are more heavily concentrated in Central’s attendance areas.

By changing the middle school assignment for four neighborhoods, the imbalance among middle schools will be substantially reduced. In addition, for each of these neighborhoods, the elementary students will move to the same middle schools as most or all of their elementary classmates.

The neighborhoods proposed to be moved, as shown on the attached map, are as follows:

1. “Plumtree” – move from Central Middle School to West Middle School. This area includes 33 students for 2007-08.
2. “Golfview” – move from Central Middle School to East Middle School. This area includes 13 middle school students in 2007-08.

3. Timber Creek and Harvest Hills – move from Central Middle School to East Middle School. This area was moved last month in the elementary boundary adjustments from Kimberly Lane to Plymouth Creek. It includes 24 middle school students in 2007-08.
4. Westbranch (East of Dunkirk) – move from Central Middle School to East Middle School. This area includes 40 middle school students next year.

Students in these areas who are entering 6th, 7th, or 8th grade in 2007-08 may choose to attend their previously assigned middle school through completion of middle school. Transportation will be provided in 2007-08 to either of the student's schools (previously assigned, or newly assigned). After 2007-08, transportation will not be provided to or from the previously assigned middle school, but these students will be able to catch a bus to that school at a designated bus stop in the attendance area for that school. However, if a student would have to cross a hazardous street to catch the bus during the second and third years of this "grandfather" period, the district will ensure that a safe alternative bus stop is provided.

Recommended Action: Approve the adjustment of the attendance boundaries for middle schools in the manner described above, beginning with the 2007-08 school year.

COMMENTS BY: Superintendent Ostlund

2. Approval of Non-Resident Enrollment Applications at Plymouth Creek Elementary for Kindergarten in 2007-08

With the recent change in the attendance boundary between Kimberly Lane and Plymouth Creek elementaries, it is projected that our kindergarten enrollment next fall at Plymouth Creek will be approximately 70-75 students. Our current year enrollment at Plymouth Creek shows grade level numbers ranging from a low of 90 in our current 4th grade class, to a high of 106 in 3rd grade. The current kindergarten class has 91 students enrolled.

Optimal kindergarten enrollment at Plymouth Creek would be in the range of 90-100 students. New residential development in the Plymouth Creek attendance area is moving forward at a much slower rate than both the city and the developers projected. As a result, the 2007-08 kindergarten enrollment of 70-75 students is significantly lower than projected.

Forty-three non-resident students have applied for open enrollment into our District as kindergarten students next fall. Five have been assigned to Plymouth Creek because they have older siblings attending there. Those five students are included in the projected 70-75 kindergarten student enrollment for next fall. Several non-resident applicants who have not been assigned a school for next fall have included Plymouth Creek as a requested school. If the Board were to open Plymouth Creek to non-resident students at the kindergarten level for 2007-08, some or all of those applicants would be assigned to Plymouth Creek. It is also likely that other non-resident families would request kindergarten enrollment at Plymouth Creek between now and the start of school next fall. There would be a reasonable chance of achieving a kindergarten enrollment of 90 students.

The Administration recommends that Plymouth Creek Elementary be opened to non-resident kindergarten students for 2007-08 only. It is recommended that consideration beyond 2007-08 be based upon resident student enrollment on a year-to-year basis.

Recommended Action: Allow open enrollment and nonresident agreement applications for kindergarten students in 2007-08 to be accepted for Plymouth Creek Elementary, notwithstanding the Board action on December 11, 2006, to close Plymouth Creek to open enrollment.

ACCELERATION OF STUDENTS

POLICY: 602

The School Board recognizes that in certain situations it may be desirable to accelerate the placement of a student in instructional programs appropriate to the student's academic, social, and personal development levels. The Superintendent is directed to develop and maintain a procedure which allows students to be accelerated.

ACCELERATION OF STUDENTS

REGULATIONS: 602-R

Acceleration is the placement of student in an instructional program that is more age and/or academically appropriate.

The student may be considered for acceleration only if the following can be demonstrated clearly:

- A high level of academic achievement in all areas of the curriculum with special emphasis on reading, writing, and mathematics.
- Intellectual ability two (2) standard deviations above the norm.
- Social and emotional maturity.
- High degree of persistence.

A request for acceleration should be directed to the principal or VISION 21 teacher. A building acceleration team comprised of the principal, present grade level teacher, previous year teacher, VISION 21 teacher and supervisor, and District psychologist will be convened to review the request; interview the student, parents, and teachers; review test data; and develop a recommendation.

**DEVELOPMENT OF PARENTAL
INVOLVEMENT POLICY FOR TITLE I
PROGRAMS**

POLICY: 604

This policy's purpose is to encourage and facilitate involvement by parents of students participating in Title I LEA in educational programs and experiences of students. The policy shall provide the framework for organized, systematic, ongoing, informed and timely parental involvement in relation to decisions about the Title I services within the School District. The involvement of parents by the School District shall be directed toward both public or private school children whose parents are School District residents or whose children attend school within the boundaries of the School District.

It is the policy of the School District to plan and implement, with meaningful consultation with parents or participating children, programs, activities and procedures for the involvement of those parents in its Title I programs.

It is the policy of the School District to fully comply with federal regulations which requires the School District to develop jointly with, agree upon with, and distribute to parents of children participating in Title I programs written parental involvement policies.

DEVELOPMENT OF PARENTAL INVOLVEMENT POLICY FOR TITLE I PROGRAMS

REGULATIONS: 604-R

The administration will develop and maintain jointly with, agree upon with, and distribute to, parents of participating children a written parental involvement policy that will be incorporated into the School District's Title I plan. The policy will establish the expectations for parental involvement and describe how the School District will:

1. Involve parents in the joint development of the School District's Title I plan and the process of school review and improvement;
2. Provide the coordination, technical assistance, and other support necessary to assist schools in planning and implementing effective parental involvement;
3. Build the schools' and parents' capacity for strong parental involvement;
4. Coordinate and integrate parental involvement strategies with similar strategies under other programs, such as Head Start, Even Start, the Parents as Teachers Programs, the Home Instruction Program for Preschool Youngsters, and state-administered preschool programs;
5. Conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy and identify barriers to greater participation, particularly with parents who are economically disadvantaged, disabled, have limited literacy or English proficiency, or who are of a racial or ethnic minority;
6. Use the findings of the evaluations to design strategies for improving and revising, if necessary, the District-level and School-level parental involvement policies; and
7. If the School District's Title I plan is not satisfactory to the parents of participating children, the School District will submit any parent's comments with the plan when the plan is submitted to the state.

The administration of each school will develop and maintain (or amend an existing parental involvement policy) jointly with, and distribute to, parents of participating children a written parental involvement policy, agreed upon by such parents, that shall describe the means of carrying out the federal requirements of parental involvement.

- A. The policy will describe the means by which each school with a Title I program will:
1. Convene an annual meeting, at a convenient time, to explain to parents of participating children the program, its requirements, and their right to be involved;
 2. Offer a flexible number of meetings, transportation, child care or home visits, to facilitate parental involvement;
 3. Involve parents in planning, review, and improvement of the parental involvement programs, including the school parental involvement policy and the joint development of the school-wide program plan, unless the school already has a program for involving parents in the planning and design of its programs that would adequately involve parents of participating children;
 4. Provide parents of participating children with: timely information about Title I programs; school performance profiles as required by law and their child's individual student assessment results along with an interpretation of the results; a description and explanation of the curriculum in use, the forms of assessment used and the proficiency levels students are expected to meet; the opportunity to make suggestions, share experiences with other parents and participate in decisions relating to their child's education; timely responses to parents' suggestions; and
 5. Submit any parent's comments to the school-wide program plan when it is submitted to the School District.
- B. As a component of this policy, each school shall develop with parents a school/parent compact which outlines how parents, staff, and students will share the responsibility for improved student achievement and attainment of state standards. The compact will:
1. Describe the school's responsibility to provide high-quality curriculum and instruction in an environment that will enable participating students to meet student performance standards;
 2. Describe the ways each parent will be responsible for supporting their children's learning by monitoring school attendance and homework completion, monitoring television watching, volunteering in the classroom, and participating in discussions about their children's education and use of extracurricular time.
 3. Address the importance of communication between teachers and parents on an on-going basis through the use of:
 - a. Annual parent-teacher conferences to discuss the compact and the child's achievement;

- b. Frequent progress reports to the parent' and
 - c. Reasonable access to staff, opportunities to volunteer, participate, and observe in the child's classroom.
- C. To ensure effective involvement of parents and to support a partnership among the school, parents and community to improve student achievement, the policy will describe how each school and the School District will:
- 1. Provide assistance to participating parents in such areas as understanding federal and state education goals, state content and student performance standards, assessments, monitoring their child's progress, working with educators to improve their child's performance, and participating in decisions regarding their child's education;
 - 2. Provide materials and training to assist parents in working with their children to improve their children's achievement, including coordinating necessary literacy training from other sources;
 - 3. Educate school staff, with the assistance of parents, in the value and contributions of parents and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between home and school;
 - 4. Coordinate and integrate parental involvement programs and activities with Head Start, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program and public preschool programs and other programs, as is feasible and appropriate;
 - 5. Develop appropriate roles for community-based organizations and businesses in parental involvement activities and providing information about and encouraging the formation of partnerships between public schools, businesses and parents;
 - 6. Conducting activities such as parent resource centers and opportunities for parents to learn about child development and child rearing, as appropriate and feasible;
 - 7. Ensure, to the extent possible, that information about school and parent meetings, programs, and activities is sent home in the language used in the homes of participating children; and
 - 8. Provide other reasonable supports for parental involvement as requested by parents.

- D. The policy will also describe the process to be taken if the School District and school choose to:
1. Involve parents in the development of training for school staff to improve the effectiveness of the instruction and services to participating children;
 2. Provide necessary literacy training with funds received under Title I programs if all other funding has been exhausted;
 3. Pay reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs to enable parents to participate in meetings and training sessions;
 4. Train and support parents to enhance the involvement of other parents;
 5. Arrange meetings at a variety of time in order to maximize parental opportunities for participation in school-related activities;
 6. Arrange for staff who work directly with participating children to conduct in-home conferences with parents who are unable to attend conferences at school; and
 7. Adopt and implement model approaches to improving parental involvement, such as Even Start.
- E. To carry out the requirements of parental involvement, the School District and schools will provide full opportunities for the participation of parents with limited English proficiency or with disabilities, including providing information and school profiles in a language and form that is understandable by the parents.
- F. The School District and each school will assist parents and parent organizations in learning of and about parental information and resource centers.

CREDIT FOR ONLINE LEARNING

POLICY: 614

The School Board recognizes the ever increasing opportunities for online or distance learning available to students through the Internet, and it is the responsibility of the School Board and District educators to endorse learning options and courses which represent quality teaching and learning in accordance with Minnesota statute. These online courses are available to support excellence in education and provide students with learning alternatives. To meet the challenge of ensuring that online courses are of the highest quality, the School Board directs the Superintendent of Schools to develop and maintain criteria and/or establish processes that assure high standards of excellence and integrity.

CREDIT FOR ONLINE LEARNING

REGULATIONS: 614-R

The following regulations/procedures will be implemented in order to grant high school credit for online or distance learning.

A. Broad-based Implementation

While the Wayzata Public Schools believes that interaction between students and teachers is invaluable, it also believes that it is in the best interest of students in the District to be open to new, innovative instructional delivery systems.

1. Online learning should be held to the same standards as traditional learning.
2. Supervision of students' online coursework is the responsibility of the online provider.
3. The School District reserves the right to reduce a student's regular classroom schedule or in proportion to the student's online coursework.
4. Online learning must meet the standards established by District nondiscrimination policy.

B. Online Course Approval

Requests must be made at least 30 days in advance.

Online courses must meet the following criteria and receive the identified approvals to be endorsed for fulfillment of course requirements.

1. Be included on the Minnesota Department of Education's list of approved online providers and online learning courses.
2. Taught by a highly qualified teacher: as defined by Minnesota Department of Education.
3. Researched and pre-approved by principal or designee, in accordance with state guidelines.
4. In the case of a student with a disability, enrollment in online learning courses will be conditioned upon approval by the student's IEP team.

C. Obtaining Online Course Approval for High School Credit

The following criteria must be met and procedures followed for a student to receive online course credit:

1. No high school credit will be granted for online learning initiated before the student begins ninth grade.
2. At least 30 days prior to enrolling in an online course, the student must complete the appropriate form and submit it to the principal or designee to notify the School District of enrollment in the online course.
3. The student will be provided equivalent access to computer hardware and education software as all other enrolled students at the student's grade level and school location. If additional computer access is necessary to complete the requirements of the online learning course, the student and/or the online learning provider is responsible to provide accessibility to hardware, software or connectivity to take the course.
4. Completed online courses will receive a course grade of "P" (Passed) on the student's transcript. The "P" will not affect class rank or grade point average (G.P.A.).

D. Online Courses for Students Who Are Not In High School

1. Students may not earn high school credit for courses if they are not currently in high school.
2. If students are elementary or middle school students, they may not take online courses to accelerate their program at District expense.
3. Full-time students are counted as a 1.0 ADM. High school students can reduce their course load to compensate for taking an online course. This is not true in middle school or elementary. Therefore, Wayzata schools cannot be expected to provide supervision for individual courses which are in excess of the daily program.

STUDENT ACTIVITIES FEES

POLICY: 620

The Board is concerned about providing educational opportunities at minimal personal expense to students and their families. It is recognized, however, that fees or charges are sometimes necessary to sustain optional activities such as field trips, athletics and instrumental music. Further, charges may be required for certain elective projects in class.

Consistent with state law and regulation, the Superintendent is directed to develop and maintain a schedule of related fees or rental charges which will cover basic District costs. These cost determinations should include depreciation, repair, and insurance charges for special instrumental or equipment use.

SCHOOL DISTRICT LEGAL STATUS

POLICY

101

I. — PURPOSE

It is a primary principle of this nation that the public welfare demands an educated and informed citizenry. The power to provide for public education is a state function vested in the state legislature and delegated to local school districts. The purpose of this policy is to clarify the legal status of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district is a public corporation subject to the control of the legislature, limited only by constitutional restrictions. The school district has been created for educational purposes.
- B. The legislature has authority to prescribe the school district's powers and privileges, its boundaries and territorial jurisdictions.
- C. The school district has only the powers conferred on it by the legislature; however, the school district's authority to conduct the business of the school district includes implied powers in addition to any specific powers granted by the legislature.
- D. Pursuant to statute, the official name of the School District is Independent School District No. 284 also referred to as Wayzata School District.

SCHOOL DISTRICT LEGAL STATUS

REGULATIONS: 101-R

I. A. RELATIONSHIP TO OTHER ENTITIES

1. The school district is a separate legal entity.
2. The school district is coordinate with and not subordinate to the county(ies) in which it is situated.
3. The school district is not subservient to municipalities within its territory.

II. B. POWERS AND AUTHORITY OF THE SCHOOL DISTRICT

1. Funds
 - ~~1~~.a. The school district, through its school board, has authority to raise funds for the operation and maintenance of its schools, and authority to manage and expend such funds, subject to applicable law.
 - ~~2~~.b. The school district has wide discretion over the expenditure of funds under its control for public purposes, subject to the limitations provided by law.
 - ~~3~~.c. School district officials occupy a fiduciary position in the management and expenditure of funds entrusted to them.
2. Raising Funds
 - ~~1~~.a. The school district shall, within the limitations specified by law, provide by levy of tax necessary funds for the conduct of schools, payment of indebtedness, and all proper expenses.
 - ~~2~~.b. The school district may issue bonds in accordance with the provisions of Minn. Stat. Ch. 475, or other applicable law.
 - ~~3~~.c. The school district has authority to accept gifts and donations for school purposes, subject to applicable law.
3. Property
 - ~~1~~.a. The school district may acquire property for school purposes. It may sell, exchange, or otherwise dispose of property which is no longer needed for school purposes, subject to applicable law.
 - ~~2~~.b. The school district shall manage its property in a manner consistent with the educational functions of the district.

- ~~3.c.~~ The school district may permit the use of its facilities for community purposes which are not inconsistent with, nor disruptive of, its educational mission.
- ~~4.d.~~ School district officials hold school property as trustees for the use and benefit of students, taxpayers and the community.
- 4. Contracts.
 - ~~4.a.~~ The school district is empowered to enter into contracts in the manner provided by law.
 - ~~2.b.~~ The school district has authority to enter into installment purchases and leases with an option to purchase, pursuant to Minn. Stat. § 465.71 or other applicable law.
 - ~~3.c.~~ The school district has authority to make contracts with other governmental agencies and units for the purchase, lease or other acquisition of equipment, supplies, materials, or other property, including real property.
 - ~~4.d.~~ The school district has authority to enter into employment contracts. As a public employer, the school district, through its designated representatives, shall meet and negotiate with public employees in an appropriate bargaining unit and enter into written collective bargaining agreements with such employees, subject to applicable law.
- 5. Textbooks, Educational Materials, and Studies
 - ~~4.a.~~ The school district, through its school board and administrators, has the authority to determine what textbooks, educational materials, and studies should be pursued.
 - ~~2.b.~~ The school district shall establish and apply the school curriculum.
- 6. Actions and Suits
 - The school district has authority to sue and to be sued.

PROGRAMS FOR GIFTED STUDENTS

POLICY: 608

The ~~Board of Education~~ School Board is committed to the development and support of programs that address the unique needs of gifted and talented students in the District 284. The schools should provide appropriately stimulating and effective learning opportunities for students who demonstrate superior achievement in academics or whose intellectual aptitude, creativity, or leadership potential place them significantly above average. Programs should recognize emotional as well as intellectual needs.

FAMILY LIFE EDUCATION

POLICY: 610

Students shall have the opportunity to acquire appropriate knowledge and a related sense of social responsibility through a District program of family life education. The School Board believes that such instruction is important to good citizenship and that there can be no assurance the instruction will otherwise be systematically provided. To leave related learning to chance is to fail both the student and community in a highly significant way.

The School Board believes that family life education shall ~~take account of the maturity or readiness of students both for topics broached and the content of instruction~~ be developmentally appropriate in content and instructional strategies. The curriculum will be in accordance with the standards as established by the Minnesota Department of Education.

Parents have the right to withdraw their students from any family life instructional unit or course of study which they deem inappropriate for their students. When such right is exercised, it shall always be without any academic or other penalty to the student. Alternate instructional arrangements will be offered. The school shall accomplish these arrangements in a manner which does not call the attention of other students to that private decision.

HOME BASE (CHILD CARE) PROGRAM

POLICY: 611

The School Board is strongly supportive of the Home Base Program (school age child care) in the District's ~~284~~ elementary schools. It intends that the program be accommodated within these schools before, during, and after normal school hours, providing these arrangements do not interfere with regular instructional offerings of the District. When enrollment pressures inhibit or preclude building accommodation of Home Base, the Administration is directed to seek alternative sites which will assure pupil safety and well being, operational economy, and convenience of parent use.

STUDENT OVERNIGHT TRAVEL

POLICY: 612

The School Board recognizes the educational value of carefully developed ~~domestic~~ foreign travel study programs and supplementary trips in which students and members of the professional staff are involved. It encourages development of and participation in such programs where the instructional advantages are clear and can be balanced favorably against factors of safety, personal costs, and time away from other responsibilities. Programs which take students away for more than five days of regular school attendance should not be approved except in most unusual circumstances. The Superintendent is directed to establish regulations regarding travel study programs.

STUDENT OVERNIGHT TRAVEL

REGULATIONS: 612-R

The following regulations shall cover any student travel that results from District/school promotion of the activity through the following:

- distribution of information and/or materials,
- coordination of arrangements by District/school personnel,
- receipt of participation fees,
- collection of permission slips, and/or
- arrangements for chaperones.

These regulations are to be followed irrespective regardless of whether the student travel activity is sponsored by a community group, state or local association, and/or business organization.

1. Before any student overnight travel is discussed with students or parents, the sponsoring teacher(s) shall develop a rationale for each trip and submit the student travel preliminary concept form to the principal/designee and Superintendent/designee to plan the trip. The age and maturity, safety and welfare of students shall be considered in planning, implementing, and supervising all student travel.
2. The organizing teacher, advisor or coach must complete and submit the Student Travel Preliminary Concept Form and the Student Travel Request Form to the principal/designee to determine the appropriateness of the proposed trip, giving consideration to the following:
 - a. Educational value
 - b. Safety and welfare of the students involved
 - c. Relevance to described objectives of the class or group
 - d. Age appropriateness of proposed travel
 - e. Lack of interference with other school commitments
 - f. Support of staff when school time is involved for co-curricular trips
 - g. Availability of funds, cost to students, or projected success of fundraising activities
 - h. Accessible to all potential participants

3. Approved adequate supervision for each trip must be assured. A 1:10 ratio of chaperones to students is recommended. Principal approval must be obtained if a larger ratio of adults to students (e.g., 1:15) is being requested. Any adult who accompanies a trip is designated as a chaperone and must adhere to District 284 policies and procedures. It is the responsibility of the advisor or travel supervisor to review all relevant District 284 policies and procedures prior to departure. Request for background checks must be submitted to Human Resources at least 7 days prior to departure.
4. Travel arrangements for school-sponsored trips will be made by school personnel. Travel outside the metropolitan area will be arranged through bonded travel agencies if the services of the School District's contracted carrier are not used. Parents/guardians will be informed, in advance, of the anticipated itinerary, cost, and activities. The safety, cost, and comfort of the students will be considered in selecting the type and capacity of passenger vehicles. No student will be denied the opportunity to participate in a required trip because of inability to pay the cost of such a trip.
5. There shall be clear written communication of prospective travel/study details to parents/guardians, chaperones, and students, including information on behavioral expectations.
6. Parent/guardian permission for student participation shall be secured in writing. This consent includes the acknowledgement that participants have received copies of and will adhere to state laws, School District policies, and building or program rules concerning student behavior.
7. All funds collected for the travel study program will be handled through the school student activity account. With permission from principal/designee, funds may be paid directly to a provider.
8. Fundraising activities should be approved and coordinated by the building principal and follow district policy KHA 908.
9. Precautionary health/safety measures for the health of students, staff, and chaperones shall be provided.
10. Reasonable accommodations for students, staff, and chaperones with disabilities shall be provided.
11. The School District reserves the right to cancel or postpone a trip and will not be responsible for non-refunded deposits or other expenses that have been incurred.

12. All District policies and regulations will be in effect in travel situations just as they are on District property, including but not limited to:
 - District 284’s Student Discipline and Offensive Behavior Policies.
 - Infractions of School District, Minnesota State High School League,
 - And team group policies and regulations during a trip will result in consequences that may include the student being sent home immediately at his/her parents’/guardians’ expense.
13. Infractions of School District policies and regulations by the organizing teacher, advisor, coach, and/or chaperone will result in appropriate consequences.
14. All persons are prohibited from carrying weapons, according to MN Statute 2002 section 609.66.

FEES AND EDUCATIONAL ALTERNATIVES AND FEES

1. **Required Trips** are an integral part of a course of study, require student attendance and students may be graded or given credit for participation. No student will be denied participation because of an inability to pay. Voluntary contribution assistance from outside agencies or fundraising activities to defray part or all of such trip costs shall be approved by the principal. Students who do not wish to participate in such trips shall be provided with alternative educational experiences that focus on the same educational objectives as those addressed by the trip. The cost of background checks for volunteers on basic trips will be the responsibility of the School District.
2. **Supplemental Trips** are school sponsored trips which students may attend on a voluntary basis. No credit or grade may be given for the experience. ~~Supplemental trips will not be approved if the students will miss more than five (5) days of school.~~
 - The sponsoring staff member must inform principal/designee who will notify other staff members if students will miss school.
 - Staff members may not receive any salary remuneration relating to field trips from outside agencies nor arrange student trips for financial gain. Student fees may be used to pay for or reduce the costs of adult chaperones.

INSURANCE

1. When students are transported by school bus, the students are covered by the transportation company’s insurance policy during the period they are on the bus. However, in the event of a school bus accident, Minnesota’s No-Fault insurance law provides that the student’s parent’s or guardian’s automobile insurance is considered primary coverage for the student’s injuries.

2. When school staff, parents, or students use their private automobiles to transport students, the liability insurance policy on the owner of the vehicle is considered the primary coverage. The District's liability insurance coverage provides secondary coverage for bodily injury legal liability.
3. Parents or guardians of students who are participants on overnight trips are responsible for medical costs incurred if a child becomes ill or is injured. The District does not carry health insurance coverage for students. Parents are strongly encouraged to explore the adequacy of health and/or accident insurance coverage to cover medical needs away from home, especially when students are abroad. Parents or guardians should also consider acquiring repatriation insurance for overseas trips in the event that their child becomes incapacitated and cannot return by normal travel means.

SUMMER SCHOOL

POLICY: 616

The School Board may provide summer school opportunities for both elementary and secondary pupils within available resources. In doing so, priority will be given to assurance of passage of Minnesota Basic Skills Tests, passage of graduation requirements, including tests and course requirements, and remedial programs.

In accordance with the Minnesota statutes the Board may require children between the ages of 7 and 16 to receive instruction in summer school. ~~The Board will decide on a yearly basis whether or not it chooses to exercise this option. The Superintendent or designee thereof will recommend and maintain criteria to be used to determine which, if any, children will be subject to compulsory summer instruction in a given year.~~

INTERSCHOLASTIC ATHLETICS

POLICY: 621

The School Board intends that the interscholastic athletics program in the Wayzata School District shall be an important and integral part of the total school educational program and shall be designed primarily for the benefit of students in Grades 9-12. Its purpose is to provide educational experiences not otherwise provided in the curriculum to as many students as logistically possible.

The interscholastic athletics program shall provide a well-rounded, professionally directed, and supervised program of athletic activities at all skill levels. The program shall operate primarily for the benefit of the students who participate directly or vicariously in these activities, although the importance of public fan and spectator support is also recognized and appreciated. Participation in athletics is a privilege for those students who meet standards of eligibility adopted by local, conference, and state associations.

The interscholastic athletics program should stimulate the development of the whole person. It should enable the athlete to experience personal accomplishments and skill growth, and foster a positive self-image through a competitive athletic experience. Winning is an important measure of accomplishment in competitive athletics, often enhancing the overall development of the whole person, and serves as a program goal so long as there is compliance with policy requirements.

The School Board directs that interscholastic athletic programs be designed to meet the needs and interests of students ~~irrespective~~ regardless of gender. Resources shall be allocated in an equitable manner.

INTERSCHOLASTIC ATHLETICS

REGULATIONS: 621-R

1. The interscholastic athletics program in the Wayzata School District shall provide a well-rounded, well-directed, and supervised program of athletic activities on a competitive basis at all levels.
2. The District shall conduct its various interscholastic athletic activities in full compliance with the rules of the Minnesota State High School League (MSHSL), the Classic Lake Conference, and the District 284 Extracurricular and Cocurricular Student Behavior Policy (524) which shall be provided annually to all student-athletes.
3. The District will strive for excellence in pursuit of producing winning interscholastic athletes and teams.
4. The District is committed to providing qualified coaches within the school staff whenever possible and to provide the necessary program funding within the resources available.
5. The District is committed to providing safe and modern equipment and facilities, and maintaining them at a high level.
6. While participation in high school students in interscholastic athletics is strongly encouraged, varsity and junior varsity teams will be comprised of the most highly skilled athletes in Grades 9-12.
7. For programs with more than two (2) levels of competition, students in Grades 9 and 10 who are identified as highly-skilled athletes may be moved to the varsity or junior varsity teams under the following conditions:
 - A. A pre-tryout meeting between the District's Athletic/Activities Director or designee and varsity head coach will be conducted to identify:
 - (1) Total number of participants in program;
 - (2) Number of teams;
 - (3) A skill position that needs to be filled on a particular team; and
 - (4) Circumstance surrounding the tryout of ninth and tenth grade athletes on the varsity and junior varsity teams.
 - B. Ninth and tenth grade students must have a tryout period of a minimum of five (5) days to be considered for membership on the varsity or junior varsity teams.

- C. After the conclusion of the tryout process, if the varsity coach desires to include ninth or tenth grade students on either team, a post-tryout conference will be held between the varsity head coach and the District's Athletic/Activities Director or designee. After the conference the District's Athletic/Activities Director or designee will then decide whether to approve membership on those teams. No announcement of any team selections may be made to anyone until after the decision of the District's Athletic/Activities Director or designee.
8. Participation in the interscholastic athletic program of Wayzata High School is primarily for the benefit of students in Grades 9-12. A seventh or eighth grade student-athlete may be considered as a possible participant at the varsity level in a given sport after meeting the following conditions:
- A. The student is identified by a middle school coach and or varsity coach as a possible participant;
 - B. All members of the eligibility committee, composed of the District's Athletic/Activities Director or designee, the student's middle school principal, high school principal and the varsity coach, agree that the move will be beneficial to the student;
 - C. A committee representative contacts the student's parents/guardians to advise them of the potential pros and cons of permitting the student to participate at the varsity level;
 - D. The parent/guardians and the student agree that the participation at the varsity level would be beneficial to the student-athlete; and
 - E. The "REQUEST FOR AN INDIVIDUAL MIDDLE SCHOOL ATHLETE TO PARTICIPATE AT HIGH SCHOOL VARSITY LEVEL" form must be completed and approved four (4) weeks prior to each season.
 - F. All middle school athletes who receive approval from the District Athletic/Activities Director for varsity participation shall undergo a tryout period in which the varsity coach evaluates the athlete's physical, psychological, social, and emotional readiness for competition at the varsity level. This tryout period shall be a minimum of five (5) days and shall not exceed two (2) weeks. At the conclusion of the tryout, the varsity coach will meet with the student-athlete and discuss the anticipated role of the young the student-athlete for the season.
9. Students in Grades 7 and 8 may be considered for participation in a high school program, designated for Grades 9-12, at the non-varsity level if there is full compliance with Paragraph 8; there are positions available on the non-varsity team; and there is adequate coaching staff to accommodate an increased number of participants. This determination will be made by the District's Athletic/Activities Director or designee.

10. Transportation in special situations is the responsibility of parents. Seventh and eighth grade students must realize that their school obligations and responsibilities cannot be neglected because of membership on high school teams. No dismissal from the school schedule will be allowed for regular participation in a high school sport. Early dismissals will be allowed, but limited to game days when travel time is needed.
11. Seventh and eighth grade students will compete in their respective schools. If the activity is not offered at their school, they may compete at another middle school provided there is space and adequate coaching personnel.

INSTRUCTIONAL GOALS

POLICY: 603

The School Board believes that the basic responsibility of our schools is to prepare its students for the future by providing an environment which promotes the achievement of excellence.

For schools to provide effective an excellent education it is recognized they must:

- Challenge students to reach their highest intellectual and creative level;
- Assure the development of basic learning skills;
- Encourage the development of higher level thinking skills;
- Strengthen student self-esteem;
- Promote the appreciation of the uniqueness of others;
- Promote civic responsibility; and
- Develop the ability and skills to live in a global, multicultural community.
- Develop a deep understanding of and respect for our democratic institutions
- Prepare students to live in a 21st century, technological world

TEACHING ABOUT RELIGION

POLICY: 605

The School Board recognizes the importance and legitimacy of religious views in a pluralistic society. However, it is not the place of the schools to promote particular related positions or doctrines. This stance of neutrality does not preclude the objective study or recognition of such faiths or positions as significant keys to historical and cultural understanding. Such study opportunities should take account of student's age and their potential to use information gained in a socially and personally useful manner.

The School District recognizes that one of its educational objectives is to increase its students' knowledge and appreciation of music, art, drama, and literature which may have had a religious basis or origin as well as a secular importance.

The historical and contemporary values and the origin of various religions, holidays, customs and beliefs must be explained in an unbiased and nonsectarian manner.

TEACHING ABOUT RELIGION

REGULATIONS: 605-R

The following guidelines are offered as they relate to various aspects of school activity associated with religious belief or practice.

MUSIC, ART, AND DRAMA

Sacred music should only be used in the context of seasonal or other secular observances and then in as broad or ecumenical a manner as feasible. It should not be used in conjunction with religious readings or stories. Art and drama having theological themes should only be offered where their historical or cultural character predominate, and where students are likely to develop a sense of the diversity of religious views as a consequence.

SOCIAL STUDIES AND LITERATURE

Teaching about religion in relation to its historical, literary, or sociological significance is encouraged when this stems logically from the curriculum under study. Teachers should take care to be objective and evenhanded in such treatment, stressing as appropriate the religiously pluralistic character of contemporary society and the neutral stance of public education in such matters.

SCIENCE

While theologically based beliefs should be treated with respect, their existence ought not inhibit instruction in ~~preponderant~~ scientific interpretations of given topics as set forth in the adopted curriculum ~~adopted texts, or as organized by the teacher.~~

RELIGIOUS SYMBOLS

Theological symbols such as crosses, menorahs, and crescents should only be displayed in the classroom for historical or cultural interpretive purposes and then only for a limited period.

SEASONAL CELEBRATIONS

Celebrations should be in keeping with the following:

- Of secular purpose
- Does not advance or inhibit religion
- Does not foster excessive school relationships with religion

Attendance at Religious Events

Allows students to be excused from ~~such activities~~ attendance at school for the purpose of religious instruction or observance of religious holidays, at student or parent request

ACTS OF WORSHIP

School employees should not employ prayer, scriptural readings, or other religious publications in devotional exercises or acts of worship or as a part of the curriculum, cocurriculum, or school sponsored activities.

COMMERCIAL MEDIA USE

POLICY: 609

Teachers in the Wayzata School District use a wide variety of materials to enhance instruction. Library media specialists and the District technology office are dedicated to provide a local collection of materials that support instruction.

~~At times, staff may want to utilize materials that are not a part of the building or District collection. Commercial media used in the classroom should be:~~

- ~~1. Directly related to the curriculum — means that materials used in the classroom should relate to what is currently being taught.~~
- ~~2. Age Appropriate — means that the ratings codes on commercial films (G, PG, PG13, R) should be followed for the students viewing the entire film.~~
- ~~3. In compliance with copyright laws — means that rented videos have the appropriate rights to be shown in classrooms or used as part of a “planned, systematic, direct instructional activities.” Off-air tapes are within the “fair use” guidelines. Duplicated or copied tapes may be used only if they were duplicated with permission of the producer.~~

~~Teachers who believe that materials which do not fit these criteria would be appropriate for use in their classroom should discuss their needs with their building principal. The building principal may ask the assistance of the building library media specialist or District technology staff to review the materials to deem their appropriateness for use in the classroom.~~

CURRICULUM ADOPTION

POLICY: 613

The School Board recognizes that a well-articulated, excellent, and challenging curriculum is a cornerstone of ~~to~~ the maximization of learning. The development, maintenance, and improvement of the ~~an~~ ~~effective, and demanding~~ instructional program involves the contributions of professional staff, parents and other community members.

The Superintendent is directed to facilitate the development of an articulated preK-12+ curriculum which is consistent with School Board policy in general and the intent of current District objectives in particular. The curriculum will specify in reasonable detail the instructional content appropriate to given grades and subjects. Curricula must adhere to all state law and regulations as set forth by The Minnesota Department of Education. Plans for dissemination of and compliance with said curriculum will also be developed and maintained. Curriculum developed in the Wayzata School District should provide student learning experiences designed to prepare all students to live in a diverse, technology-rich 21st century environment. ~~reduce and/or eliminate stereotyping, prejudice, and discrimination in group activities.~~ Such experiences ought to encourage appreciation of cultural heritages, human dignity, cultural pluralism, and continued growth of individual self-worth for students. ~~The curriculum should also promote multicultural and gender fair activities which will prepare students to live in a pluralistic society.~~

While ultimate responsibility for determination of instructional programs, ~~compliant with state law and regulation,~~ rests with the School Board, related authority is delegated to the Superintendent or Superintendent's designee. The School Board shall regularly look to the Superintendent for an accounting of the application of that authority.

It is a pleasure to have the principal of Gleason Lake Elementary, Dr. Bev Borgstrom, and members of her site council, with us tonight to present the proposed Shared Decisions Agreement between Gleason Lake Elementary and the Wayzata School Board for the 2007-2009 school years. Dr. Borgstrom and members of the Site council attended the February 26th Board work session to preview the agreement, answer questions, and accept suggestions.

The proposed agreement has been reviewed by the Superintendent, Executive Directors of Curriculum and Instruction, Finance & Business, Human Resources, and by the Wayzata Education Association leadership to ensure compliance with statutes, contracts, policies, and administrative regulations.

As the agreement has been found to be in compliance, it is hereby recommended for School Board approval. We congratulate the Gleason Lake Shared Decisions Site Team for their fine work on this collaborative process.

Dr. Borgstrom will introduce members of her team and share highpoints of the Shared Decisions Agreement.

RECOMMENDED ACTION: Approve the Shared Decisions Agreement between Gleason Lake Elementary School and the Wayzata School Board for 2007-2009 school years and authorize the School Board Chair to sign the document.

SCHOOL IMPROVEMENT PLAN

FOR

Gleason Lake Elementary

Principal: Beverly Borgstrom

Independent School District 284
Wayzata, Minnesota

VISION

A model of excellence among learning communities

MISSION

The mission of the Wayzata School District is to prepare all students for the future by providing a challenging education which builds academic competence, develops responsible citizenship, encourages creativity, promotes lifelong learning, advances critical thinking skills, instills a commitment to personal wellness, and fosters respect for self and others.

DISTRICT DIRECTIONS for 2005-2007

- *Apply our vision to all components of District*
- *Erase organizational barriers that limit participation of all cultural groups*
- *Strive for smaller class sizes*
- *Work toward a more individualized model of education*
- *Promote a “client-centered” District*

Shared Decisions Agreement Review Team Check List Form

Procedure:

Prior to presentation to the Board, Site Improvement Plans will be reviewed for compliance with statutes, contracts, policies, and administrative regulations. Site Teams are advised that plans should be submitted at least thirty (30) days prior to date of desired Board action.

- Site Improvement Plans are sent to the Office of the Superintendent of Schools.
- Copies of the Site Improvement Plan will be sent to the following members of the review team as designated by the District Shared Decisions Design Team.
- This response sheet will be returned by reviewer to the Superintendent’s Office within ten (10) days.
- Any areas of concern will be noted on response sheet along with suggestions for waivers where applicable.
- All response sheets will be forwarded to the chair of the site team.
- Review team members will decide if the Site Improvement Plan should be reviewed by any other departments such as Transportation, Food Service, Building and Grounds, etc. and forward a copy with a cover sheet for check-off response to the appropriate individual.

--	---

1. Integrated, ongoing, site-based and teacher-led professional development activities to improve instructional skills and learning that are aligned with student needs under section 122A.413 and 122A.60 and led during the day by trained teacher leaders.

Directions: Select one goal from the district’s educational improvement plan that will be the Q Comp focus (more that one goal may be selected with the understanding that each goal must link student achievement to teacher instruction, professional development, and teacher evaluation).

Each site must complete all of section 2, using the same chosen district goal(s), an aligned site educational improvement goal, site specific disaggregated data, and a measurable objective based on that data.

NOTE: A school site’s and/or district’s goal should be updated annually as necessary. Both goals must align with each other.

2.1 District goal for Q Comp focus

Improve students’ achievement in the areas of reading, math and writing as measured by performance on Minnesota Comprehensive Assessments (MCA 11) or Measures of Academic Progress (MAP).

School Site goal for Q Comp focus

Goal: One percent of the total number of students at Gleason Lake Elementary will increase one level in reading as measured by MAP assessment from fall, 2006, to spring, 2007.

Disaggregated student data used to determine each measurable objective

NOTE: MAP WILL BE THE NEW ASSESSMENT TOOL BEGINNING WITH THE 2006-2007 SCHOOL YEAR. IT IS VERY SIMILAR TO THE WALT IN CONTENT, RELIABILITY AND SCOPE.

After looking at various forms of disaggregated data there weren’t any defined or significant trends. The identified strand areas proved to be most beneficial in guiding our measurable objective and defining our instructional strategies.

The following data gives the number of students in each quartile of the various subtests in the WALT reading test.

Measurable objective based on student achievement gains (site-targeted goal)

One percent of the total number of students in grades 3-5 at Gleason Lake elementary will increase their subtest scores in the area of Word Recognition, Analysis, and Vocabulary Expansion as measured by the MAP assessment.

<p>2.3 Describe how the professional development model will ensure teacher's continuous improvement in content knowledge, instructional strategies, and the use of best practices. Through the professional development model teachers will continuously focus on instructional strategies to accelerate student achievement. They will share these strategies and best practice techniques with their colleagues during the scheduled professional development allotted time. The structure of the staff development time will also provide an opportunity for educators to focus on and develop a deeper understanding of the identified content knowledge. Teachers will continuously focus on assessment of student performance throughout this process.</p> <p>The terms Career Ladder and Career Advancement Options will be used interchangeably. The definition of both under the law is from 122A.414 subdivision 2 section b1: "describe how teachers can achieve career advancement and additional compensation..."</p>

Objective: What is the goal of the professional development offered and how will it change teachers' knowledge and skills?	Change in Teacher's Knowledge and skills	Measures of Teacher Success
Ex. Teachers will demonstrate proficiency in implementing graphic organizer (ex. Hyerle's thinking map for double bubble) to increase student achievement in writing compare and contrast essays.	Ex. Teachers will model using thinking strategy. Teachers will develop teacher-made assessments to measure student progress.	Ex. Classroom Observation Rubric Individual Growth Plan with documentation of changes in teacher practice and pre/post student assessments using local standardized assessment.
<p>Teachers will demonstrate proficiency in implementing researched based instructional strategies. The specific strategies used to increase student reading achievement will be:</p> <ol style="list-style-type: none"> 1. Identifying similarities and differences 2. Creating nonlinguistic representations (graphic representations, making physical models, drawing pictures and pictographs, engaging in kinesthetic activity). 	<p>Teachers will model and incorporate into the curriculum the use of graphic organizers and nonlinguistic representations to increase word recognition, analysis, and vocabulary expansion.</p>	<p>Teachers' success will be determined by Observation Rubric, Professional Growth Plan and results from standardized assessment.</p>

**Gleason Lake Elementary
Alternative Compensation
Professional Development Calendar**

As elementary teachers there are four professional development days built into the current school calendar. Our building provides one day of release time for professional development each quarter. In addition, our staff is provided with a 60 minute block of common planning time five times per week for each grade level. It is our goal to remain flexible and responsible to our changing needs during the first year of implementation

In addition to each teacher being accountable for our school goal and student achievement gains, it is of equal importance to embed best practices associated with learning committees, team meetings, staff meetings, and/or implementing/reflecting on academy coursework.

Summer 2006:

- Teacher leaders review disaggregated data, develops alternative compensation goal and identifies instructional strategies to meet goal
- Identify what professional development is needed in order to accomplish the goal.

Summer 2006, 8 Days of Training for Peer Coaches: Peer Coaches will receive professional training in peer coaching, SMART goals, teacher evaluation and Data Warehousing (Just 5 Clicks)

Workshop Week:

- **August 28, 2006: Staff Meeting:** Building principal and Leadership Team will disseminate and discuss with the teaching staff the building alternative compensation goal and professional development calendar.
- **August 29, 2006:** Peer Coaches will meet with his/her assigned colleagues and training will include:
 - Teacher evaluation process
 - Professional growth plan
 - Peer coaching sessions- pre-conferencing, conferencing, post-conferencing
- **August 29, 2006:** All teachers will have the option to receive training on our district data warehousing system (Just 5 Clicks).
- **August 31, 2006:** Submit names for Leadership Team to Professional Development Committee member – Jerilynn Horvath

September:

Week of September 5

- Peer Coach will receive four half days of training on literacy, math, National Urban Alliance strategies and instructional strategies.

Week of September 11

- Peer Coach focuses on the development of classroom management, rules, procedures & consequences, analyzing and interpreting student data (Just 5 Clicks)
- Peer Coach meets with each teacher and helps guide in the development of his/her Professional Growth Plan-include setting student achievement gains
- September 14, 2006: Leadership Team meets with Alternative Compensation district coordinator

Week of September 25

- Peer Coach will begin first formative observations of teachers and reflections.
- Teacher reviews their classroom data to inform instruction

October:

Week of October 2

- Staff Meeting (October 3, 2006): Leadership Team will model instructional strategy #1 – Compare & Contrast - as identified in the site plan.

Week of October 9

- Peer Coach focuses on communication techniques (domain 4)
- Peer Coach will continue to do formative observations of teachers and reflections.
- Teacher teams will meet and articulate progress on instructional strategy #1 – *Compare & Contrast* – and will share related student work samples.

Week of October 23

- Teachers will complete Individual Professional Growth Plan and submit to principal and give a copy to their peer coach
- Peer Coach will complete the formative observations of teachers and reflections.

November:

Week of November 6

- Focus on questioning strategies (Bloom's Taxonomy) with support from Peer Coach
- November 10, Site Based Professional Development Half Day focusing on instructional strategy #1- *Compare & Contrast* - and review of student samples
- Teachers will meet and articulate progress on instructional strategy #1 – *Compare & Contrast*. Teachers will share related student work samples.

Week of November 20

- First Formal Observations by Peer coaches of Teachers implementing instructional strategy #1 – *Compare & Contrast* - to meet Alt. Comp goal, reflecting on session

- Staff Meeting (November 28, 2006): Leadership Team will engage in a formal discussion of what is working and not working with instructional strategy #1 – Compare & Contrast - as identified in the site plan.

December:

Week of December 11

- Continue with First Formal Observations by Peer coaches of Teachers implementing instructional strategy #1 – *Compare & Contrast* - to meet Alt. Comp goal, reflecting on session
- Staff Meeting (December 12, 2006): Leadership Team will organize cross grade level teacher groups. The teachers will engage in a formal discussion of what is working and not working with instructional strategy #1 – Compare & Contrast.

January:

Week of January 8

- Peer coach focuses on differentiated instructional strategies for meeting the needs of all learners based on classroom and building data (grouping of students, tiered & scaffold assignments)

Week of January 22

- Peer Coach discusses progress of Teachers' Professional Growth Plans & provide support and resources
- Peer Coach continues to focus on differentiated instructional strategies for meeting the needs of all learners based on classroom and building data (grouping of students, tiered & scaffold assignments).
- Staff Meeting (January 23, 2007): Leadership Team will model instructional strategy #2 – Non-Linguistic as identified in the site plan.

February:

Week of February 5

- Peer Coach focuses on Interactive Instruction which engage students for example they may include: Think-Pair- Share, Jigsaw
- Peer Coach will begin second formative observations of teachers and reflect on observation

Week of February 26:

- Peer Coaches will continue second formative observations of teachers and reflect on observation
- Teachers will meet and articulate progress on instructional strategy #2 – *Non-Linguistic Representation*. Teachers will share related student work samples.

March:

Week March 5

- Peer Coach focuses on Interactive Instruction which engage students for example they may include: Think-Pair- Share, Jigsaw
- Peer Coach will finish second formative observations of teachers and reflect on observation

Week of March 19

- Teams/Departments will meet and articulate progress on instructional strategy #2. Teachers will share related student work
- Staff Meeting(March 20, 2007): Classroom teachers will evaluate and summarize student work samples which incorporated instructional strategy #2 – Non-Linguistic Representation.

April:

Week of April 9

- Begin final formal observations by Peer coaches of Teachers implementing instructional strategy #2 – *Non-Linguistic Representation* - to meet Alt. Comp goal, reflecting on session
- Peer Coach will review with Teachers their attainment of Professional Growth Plan
- Teams will meet and articulate progress on instructional strategy #2 – *Non-Linguistic Representation*. Teachers will share related student work samples.

Week of April 23

- Continue with final Formal Observations by Peer Coaches of Teachers implementing instructional strategy #2 to meet Alt. Comp goal, reflecting on session
- Teams will meet and articulate progress on instructional strategy #3.
- Staff Meeting(April 24, 2007): Leadership Team will organize cross grade level teacher groups. The teachers will engage in a formal discussion of what is working and not working with instructional strategy #2 – Non-Linguistic Representation.

May

- Complete final Formal Observation by Peer Coach of Teachers Implementing Instructional Strategies to meet Q Comp goal and the Wayzata Frameworks for Effective Instruction
- Peer Coaches develops a summary report indicating the amount of professional development colleagues received throughout the year and forms a board presentation for the June work session.
- Peer Coaches reflect on alt comp. Initiate and make recommendations for the following 07-08 year
- Peer Coach and leadership team analyzes student data from MAP testing and MCA testing and begins to look at goals for the 2007-08 school year
- Staff Meeting (May 22, 2007): Leadership Team will organize cross grade level teacher groups. The teachers will meet to compare and contrast between instructional strategy #1 – Compare & Contrast and strategy #2 – Non-Linguistic Representation.

**PREVIOUS GOAL UPON WHICH
CURRENT Q COMP GOAL IS BASED 2005-2007**

Goal: CRITICAL THINKING

By emphasizing research based instructional strategies that have been found to have a high probability of enhancing student achievement (Marzano, Pickering, Pollock 2001), Gleason Lake students will maintain their current level of exemplary achievement as assessed by the Minnesota Department of Education. In addition, by focusing on three key instructional strategies that pertain to critical thinking, students will strengthen their overall critical thinking skills as evidenced by 2.5% of students within each grade moving from one level to a higher level on the MCAs or from one quartile to the next on the WALT, as compared to their performance last year. The focus of the assessment would be on the tracking of individual student's growth from year to year. For example, a student's movement from Level 2 on the MCA at the end of grade 3 to Level 3 on the MCA at the end of grade 4 would indicate success. In a second example, a student's movement from Quartile 3 on the WALT at the end of grade 4 to Quartile 4 on the WALT at the end of grade 5 would also indicate success.

The instructional strategies listed below will be used. Professional development would center around the study and application of the three strategies through Spring 2007. They are listed in rank order in terms of their effectiveness as measured by average effect size and percentile gain. (Marzano, Pickering, Pollock, 2001)

1. **Identifying similarities and difference**, e.g. comparing, classifying, using metaphors and analogies
2. **Summarizing and note taking** (omitted for Q comp goal)
3. **Nonlinguistic representations that elaborate on knowledge**, e.g. graphic representations, making physical models, drawing pictures and pictographs, engaging in kinesthetic activity

Other Building Initiatives.

Initiative #1:

Maximize the effective use of technology to improve communication in the Gleason Lake community.

Baseline Data:

Results from staff and parent needs assessments

Strategies/Activities:

- **Update computers so all are functioning with uniform operating systems.**

Status: Added memory and OSX

Date Completed: 2/06 and during summer, 2006 most everyone received new computers.

- **Professional Development training: Word (Office), OSX, transferring Works documents to Word, web pages and phasing out use of Appleworks**

Status: Staff members are regularly updating their web pages. Word is being used and ongoing professional development occur in areas of need (e.g. Tech Thursdays)

Date Completed: Spring, 2007 and ongoing

- **Functioning PTA website, showing increased usage (number of hits)**

Status: Recently updated

Date completed: Spring 2007

Person/Group Responsible:

Technology Committee: Becky Prigge, Greg Blaufuss, Bev bOrgstrom, Dede Hasselfeldt, Dan Roth, Jennifer Houg, Monica Bongart
PTA web editor: Jeff Hagen

Initiative #2:

Maintain, strengthen, model and celebrate our learning community, promote responsible citizenship and foster respect for self, others and the world around us.

Baseline Data:

Surveys from students, staff and parents

Strategies/Activities

- **Partner with First Student bus company to implement bus patrols on each bus**

Status: Application submitted in spring 2006. Training took place during the first few weeks of the 2006-2007 school year. Program began September 18, 2006.

Date Completed: Ongoing. While the total number of bus misbehavior reports have not significantly decreased, based on bus driver satisfaction surveys response, this will continue next year. Refer to documents entitled Driver Survey Results and Bus Misbehavior Reports.

- **Promote “Six Pillars of Character” via Student Council**

Status: Members of student council have presented this to each classroom. Teachers vary in how they are promoting/implementing it.

Date Completed: spring 2007

- **Parent Volunteers for lunchroom assistance**

Status: Put on hold due to difficulty in getting volunteers for existing volunteer programs (greeter desk)

Written Responses;

How have the patrols helped you do your job?

- They free me up so I can concentrate on my driving.
- I am able to focus o my driving. I wish all schools had this.
- They help keep the younger kids quieter and better behaved.
- They make sure the students are sitting down while the bus is moving, they really help the other students in finding their seats.
- I can concentrate on my driving.
- The bus patrols have helped me tremendously! I do not have to keep looking in my mirrors to see what's going on behind me. I am able to concentrate 100% safely on my driving which also leads to a more positive attitude on my part, the driver. The younger kids learn respect and cooperation skills from the older kids and the older kids learn to be responsible for, and set good examples for, the younger children.

It's definitely a win-win situation for all, and I commend you for your excellent effort in making this the most well-organized, safest school that I have ever driven bus for! The children are also extremely respectable and a pleasure to drive. You are definitely doing something good at this school.

Do you have any suggestions that might help the patrols do their jobs better?

- Be sure to follow the rules if they don't other students will not follow them. Set a good example. It is good for the patrols to explain to riders why the safety rules are important.
- Encourage the body of kids that they must cooperate more than they do. Stay in one seat for the whole bus ride, or else they will get written up more often. I have heard from the patrols of occasional disrespect towards them from larger or bigger kids.
- There are a couple of the kids who do not behave and ignore the patrols. I wrote them up for it but it did not work.
- None that I can think of, my bus patrol is great help to me and the other students. I can't say enough about my safety patrol.
- Keep the patrols, I think it works great.

Regular Meeting – March 12, 2007

AGENDA SECTION: 5. SUPERINTENDENT’S REPORTS AND RECOMMENDATIONS

ITEM: C. Finance and Business Services

COMMENTS BY: Mr. Hopeman, Jr.

2. Wayzata Youth Hockey Association Ice Arena Renewal Agreement

The District’s license agreement with the District 284 Youth Hockey Association for the use of the District Arena expires July 1, 2007. Attached is a renewal of the agreement for five years.

Under the terms of the current agreement, the District can raise the hourly charge to the Association by up to 7% per year or the rate of increase in the Consumers Price Index, whichever is greater. This renewal extends that provision.

There are no significant changes in the agreement, other than renewal dates and associated changes.

RECOMMENDED ACTION: Approve the renewal of the License Agreement between the District and the District 284 Youth Hockey Association regarding use of the District Arena, and authorize the Clerk to sign the agreement.

LICENSE AGREEMENT

This License Agreement is made as of the 12th day of March 2007, by and between **DISTRICT 284 WAYZATA YOUTH HOCKEY ASSOCIATION** (the "Association"), and **INDEPENDENT SCHOOL DISTRICT No. 284** (the "School District") on the basis of the following:

RECITALS:

FIRST, the School District owns and operates a covered ice arena located at 305 Vicksburg Lane, Plymouth, Minnesota (the "Arena"), and desires to provide the Association with access to and use of the Arena.

SECOND, the Association operates a youth hockey program in the territory of the School District, and desires to have access to and use of the Arena.

THIRD, the parties desire to enter into the License Agreement (the "agreement") so as to set forth the rights and obligations of each party regarding the operation, access and use of the Arena.

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants and agreements hereinafter expressed, the School District and the Association hereby agree as follows:

1. **Operation of the Arena.**

a. The School District shall maintain and operate the Arena for the period beginning on or about the 15th of October of each year and ending on or about the 15th of March in the immediately following calendar year so as to conduct (1) the regular school curriculum during normal school hours, and (2) extracurricular school activities, including School District hockey team usage and recreational hockey and skating, on an afternoon, evening and weekend schedule as the School District shall, in its sole discretion, determine (the "Schedule"). The School District shall have the right, in its sole discretion, to (a) close the Arena because of bad weather and safety conditions in accordance with the School District Emergency Closing Procedures, and (b) close the ice arena on December 24 at 12:00p.m.; December 25th all day; December 31st at 6:00 p.m. and January 1st, all day.

b. The School District shall have no further obligation to maintain and operate the Arena in the event of a materially adverse change in the condition or economic operations of the Arena (an "Event"). The School District reserves the right, following consultation with the School District Board and the Association, to determine what conditions or circumstances constitute the need for declaring such an Event. Upon the School District's declaration of an Event (the "Declaration"), the School District shall provide the Association with one hundred twenty (120) days advance written notice of the School District's Declaration to terminate the operation and maintenance of the

Arena. At the time of the Declaration, if the School District does not intend to use the Arena or the land upon which the Arena is located for non-ice arena purposes, subject to any prohibitions, limitations or processes imposed on the School District by state law, the Association shall be offered the opportunity to lease the ice arena under a bondable lease reasonable acceptable to School District whereby the Association pays \$1.00 per annum in base rent and assumes full responsibility for operating and maintaining the Arena, including assuming responsibility for any capital improvement or replacements which are necessary. (The rental rate reflects the fact that the Association originally built the ice arena and donated it to the School District.) If the Association fails to deliver such as notice to the School District within said one hundred twenty (120) day period, the Association would be deemed to have waived the right to lease the Arena. At the end of the one hundred twenty (120) day notice period, the School District shall have no further obligation to operate or maintain the Arena, If the Association elects to lease the Arena, the lease shall be for a term of five (5) years or such other term as the parties may agree upon. If the parties are unable to agree upon a mutually acceptable lease within one hundred eighty (180) days from the date of the Declaration, the Association shall be deemed to have waived the right to lease the Arena.

c. The School District shall schedule School District Hockey activities consistent with 1.a. above. Subsequent to identifying the schedule for these programs, the School District shall offer the Association first right of refusal on the remaining available times for using the Arena. Subsequent to working through coordination of School District and Association scheduling, the School District shall then have the right to provide other members or groups of the public an opportunity to use the facility by establishing and mutually agreeing with these parties as to reasonable rates, charges, fees, and conditions.

2. **Term of Agreement.** The Term of this Agreement shall begin on July 1, 2007 (the "Commencement Date") and shall continue for five (5) years (the "Term"). The period of time from July 1 of any year to June 30 of the subsequent year shall be called a "Lease Year." This Agreement may be renewed upon the mutual agreement of the parties hereto. In the event the Association continues to use the Arena after the end of the Term with the permission of the School District but without a license renewal, the Association shall be deemed to be using the Arena subject to the written terms of this License Agreement on a month-to-month basis terminable at any time by either party upon thirty (30) days written notice.

3. **Use of the Arena; Payment.**

a. During the first Lease Year, the School District hereby grants to the Association a nonexclusive license to use the Arena for the Association's youth hockey program in consideration of a license fee at the rate of \$42.87 per hour of use (the "Hourly Rate"). The School District shall, within fifteen (15) days of the end of the each month, submit an invoice to the Association for Arena use in the previous thirty (30) days. The invoice will be based on the number of hours of Arena use multiplied by the

current Hourly Rate. The Association shall remit payment of the invoice to the School District within thirty (30) days.

b. During the last month of each Lease Year, the School District and the Association shall meet to re-negotiate the license fee Hourly Rate used by the Association for the successive Lease Year. The negotiated Hourly Rate increase for the successive Lease Year shall not exceed the greater of seven percent (7%) per year over the previous Lease Year or the percentage increase in the Consumers Price Index, all products, Minneapolis-St. Paul metropolitan area over the previous Lease Year.

4. **Rules and Regulations.** The School District shall have the right, but not the obligation, to establish and periodically amend reasonable rules and regulations for the protection and operation of the Arena and for the protection of users of the Arena. The Association shall provide reasonably sufficient adult supervision during each instance of Arena use.

5. **Insurance.** The Association agrees to purchase, in advance, and carry in full force and effect commercial general liability insurance, providing coverage on an “occurrence” rather than “claims made” basis, which policy shall include coverage for bodily injury, property damage, personal injury, contractual liability, and independent contractors’ protective, in current Insurance Service Office form or other form which provides coverage at least as broad. The Association shall maintain a combined policy limit of at least Two Million Dollars (\$2,000,000) applying to bodily injury, property damage and personal injury, which limit may be satisfied by the Association’s basic policy, or by the basic policy in combination with umbrella or excess policies so long as the coverage is at least as broad as that required here. The School District shall be named as additional insured under all such policies. The Association shall, upon request, provide the School District with written evidence that the insurance required by this Agreement is in full force and effect.

6. **Cross-Indemnification.** The Association shall defend, indemnify and hold harmless the School District, its board members, officers, agents, and employees from and against all claims, damages, liabilities and expenses (including costs and attorney’s fees) arising from bodily injury, personal injury, including death at any time resulting therefrom, sustained by any person or persons or on account of damage to property, including loss of use thereof, arising out of or in consequence of Lessee’s use of the Arena pursuant to this Agreement, provided such injuries to persons or damage to property are not due to the negligent or intentional acts or omissions of the School District, its board members, officers, employees or agents. The School District shall defend, indemnify and hold harmless the Association, its board members, officers, agents and employees from and against all claims, damages, liabilities and expenses (including costs and attorney’s fees) arising from bodily injury, personal injury, including death at any time resulting therefrom, sustained by any person or persons or on account of damage to property, including loss of use thereof, arising out of or in consequence of the School District’s operation of the Arena, including without limitation the fixtures, entrances, exits, sidewalks and approaches of the Arena, provided such injuries to

persons or damage to property are due to the negligent or intentional acts or omissions of School District, its board members, officers, employees or agents. The provisions under this paragraph shall only apply in proportion to and to the extent of such negligent or intentional acts or omissions.

7. **Assignment.** The Association shall not make or enter into any assignment or transfer of its interests under this Agreement without the prior written consent of the School District.

8. **General.**

a. **Governing Law.** This Agreement shall be construed in accordance with the laws of the State of Minnesota, and the courts of the State of Minnesota shall have jurisdiction over all matters arising hereunder.

b. **Entire Agreement.** This Agreement contains the entire agreement of the parties with respect to all matters regarding the rights and obligations of each party regarding the operation, access and use of the Arena, and this Agreement supersedes all prior agreements and understandings, oral and written, between the School District and the Association with respect to the subject matter hereof.

c. **Modification.** This Agreement may not be modified or changed except by an instrument or instruments in writing and signed by the parties hereto.

d. **Binding Effect.** This Agreement shall inure to the benefit of the parties hereto and shall be binding upon the parties hereto and their respective successors and assigns. Except as otherwise set forth herein, nothing in this Agreement, expressed or implied, is intended to confer on any party other than the parties hereto or their successors and assigns, any rights, remedies, obligations, or other liabilities under or by reason of this Agreement.

e. **Headings.** The article, section and other headings contained in this Agreement are for reference purposes only and shall not be deemed to be a part of this Agreement or to affect the meaning or interpretation of this Agreement.

f. **Counterparts.** This Agreement may be executed in any number of counterparts, and by different parties on different counterparts, each of which, when executed, shall be deemed to be an original, and all of which together shall be deemed to be one and the same instrument. This Agreement shall be fully executed when each party hereto has executed a counterpart hereof.

g. **Severability.** If any term, condition, or provision of this Agreement, or the application thereof to any circumstance, shall be invalid or unenforceable to any extent, the remaining terms, covenants, conditions, and provisions of this Agreement shall not be affected thereby and each remaining term, covenant, condition, and provision of this Agreement shall be valid and shall be enforceable to the fullest extent permitted by law.

If any provision of this Agreement is so broad as to be unenforceable, such provision shall be interpreted to be only as broad as is enforceable.

IN WITNESS WHEREOF, the parties have executed this Agreement on the dates first above written.
