### AGENDA SECTION Recognitions

ITEM: National Merit Scholarship Semi-Finalists and Esteemed Teachers

COMMENTS BY: Chace B. Anderson, Superintendent

### WHS Seniors Honored in 2023-24 National Merit Scholarship Program

Wayzata is proud to recognize 32 Wayzata High School students who have been named Semifinalists in the 2024 National Merit Scholarship Program. Congratulations to the following for being named among only 16,000 semifinalists from across the country.

High school juniors entered the National Merit Scholarship Program by taking the 2022 Preliminary SAT/National Merit Scholarship Qualifying Test, which served as an initial screen of program entrants. The nationwide pool of Semifinalists, representing less than one percent of U.S. high school seniors, includes the highest-scoring entrants in each state.

These academically-talented high school seniors have an opportunity to continue in the competition for 7,500 National Merit Scholarships worth nearly \$30 million that will be offered next spring.

Amy Swenson, Gifted and Talented coordinator at Wayzata High School, will introduce each of the National Merit Semifinalists and share the names of the teachers being recognized by these students.

Wayzata is filled with amazing staff as evidenced by a summary of the words and thoughts of our National Merit Semifinalists who had these things to say about why this group of staff members was important to them.

She encouraged me to succeed in class and life in general. Thank you for making science class cool!  
She made sure that we felt cared for and supported throughout middle school...her room was the one place at school that we considered a home, and she was our home base...I would not be the person I am today if it wasn't for her.  
He made learning fun and taught me about life lessons that go beyond school. I learned how to have more integrity, to be more honest and came to understand the value of hard work and perseverance in his classroom.  
I am grateful for all of the times that he pushed me out of my comfort zone and allowed me to go beyond what I thought I could accomplish.  
Everyday, she would come to class, eager to teach us, and her passion for science was severely contagious. She inspired me to delve into the world of STEM and learn how science and math, even in their purest forms, were being used to solve problems in engineering, medicine, robotics, and more.  
In addition to being an amazing teacher, she created a strong sense of belonging amongst her students. I also want to thank her for embodying the qualities of kindness and dedication and for always being there for us.  
She works hard to make sure that we are on a path for learning, resiliency, and personal growth and she always encourages us to give our very best; she doesn't make things easy for us. I welcome the challenges she puts in front of us and her guidance and support through it all.

Congratulations to this year's National Merit Semifinalists and Esteemed Staff Members! You make a difference and your efforts are deeply appreciated!

**AGENDA SECTION:** School Spotlight Presentation

**ITEM:** School Spotlight Presentation

**COMMENTS BY:** Board Chair

Wayzata’s “Portrait of a Graduate,” which launched this fall, was designed to offer students a wider perspective on what they’re learning. For example, when a parent asks a student what they learned on a particular school day, the student is likely to mention English or another subject. But if you ask the English teacher they might say something more specific, such as critical thinking.

The “Portrait of a Graduate” allows educators to set clear goals for how student progress will be measured and the artifacts students can develop to demonstrate learning. Wayzata’s portrait is built around “I can” statements in seven future-ready skills that stipulate “A Wayzata High graduate”:

1. Believes in their ability to succeed
2. Communicates effectively
3. Values diversity and inclusion
4. Thinks critically and creatively
5. Embraces collaboration
6. Demonstrates learning agility and resilience
7. Focuses on personal growth

Principal Scott Gengler shares how these seven stages of helping high school students discover what’s next.

# Another way of saying this...

At WHS, student achievement will not be predictable by any demographic classification, i.e. race, socioeconomic status, gender, or disability.

# How do we behave?

(With efficacy)

“With a bone-deep conviction that our personal and professional practices influence student results- only then do we have efficacy. By contrast, when we attribute the causes of achievement to factors we cannot control, we lack it”.

# What's next?

- All departments and courses have connected to the seven traits that will prepare our students for post-secondary success.
- Students will be able to articulate, document and/or artifact how their experiences at WHS have influenced their growth within each trait.

# Implementation, Examples

- CTE: Work Experience weekly journals are “tied” to each trait as a reflective statement.
- Math: Geometry team has been implementing and teaching team roles and utilizing study team strategies to help students learn how to Embrace Collaboration.

# Implementation, Examples

- Honors Mentor Connection: Students can persevere when they get stuck or face adversity. They can learn from their experiences, take feedback from others, and apply it to new situations.
- Student Council: I can lead with humility, work to create an inclusive environment, and encourage others to do the same.

# Implementation, Examples

- SST: Students will meet with the Achievement Specialist weekly. Students will continue to work on identifying feelings from the chart to increase their ability to communicate how and what they are feeling.

# Implementation, Examples

- Art/Graphic Design: Incorporated 'Values Diversity and Inclusion' in Graphic Design 2 for real client project, Shades of Brown Poster Design. Redesigned the entire lesson to be more thoughtful around the importance of Shades of Brown and cultural representation.

# Implementation, Examples

- SpEd: The WHS Portrait helps SpEd teachers/IEP managers design IEP goals/objectives based on individual student needs and transition (future) planning. The WHS Portrait can be used as a lesson extension to Social-Emotional Learning lessons or curriculum SpEd Teachers are using or have already designed.

# Implementation, Examples

- English: When used for priming, the Portrait helps English 9 students understand how the unit activities help them develop post-secondary skills. It helps answer the question, "How do these activities benefit me?"
- SpEd Eval: On the teacher input form, we included the question: Which qualities do you see the student demonstrating (Portrait of a Wayzata Graduate)? Then, in our write-up, we write the student's strengths and traits the teacher sees in the student.

# 2023-24 School Year Financial Report Analysis

Excellence. For each and every student.

For the Month Ended September 30, 2023

## Statement of Revenues Analysis

This analysis reflects revenue received by the month end noted above. These numbers are only representative of the first three fiscal months of the FY 2023-24. State Aid revenues are slightly up but close in line with prior years. Deviations in revenue from prior years include Federal Aids and Miscellaneous Local Revenue which can vary year to year and are also impacted by FY23 accrued revenues. The significant decrease over the prior year in Federal are due to when these funds are drawn as pointed out in prior reports. As a reminder, the district still has CARES Act dollars that are allowed to carry over to the current fiscal year. The deviations in Food Service are also directly related to FY23 accruals and reversals. Community Education revenue is slightly up from the prior fiscal year. The expectation is that the district will continue to see more pre-COVID numbers as it relates to fees the district collects for sports along with Community Education and Food Service.

## Statement of Expenditures Analysis

This analysis reflects actual expenditures and does not include outstanding encumbrances along with only representing the three month of the FY 2023-24. Overall expenditures are relatively similar to prior years. Salaries and benefits are slightly below prior years percentages but still in line with expectations. As is usually always the case, variations compared to prior years are primarily driven by the timing of payments, timing of projects, timing of purchases of supplies, materials, and capital expenditures along with the timing of payments for purchased services.
