III. AUTHORIZATION

Vending machines for the dispensing of food, beverages, or other approved items are authorized in any school facility in the school district provided that all contracts for such vending machines must be approved by superintendent or designee as provided in this policy.

The noncommission amounts shall be reduced to a cash equivalency and shall be specified on the bid or quotation as an additional amount to be paid for the award of the contract.

Policies should define the desire and intent of the school board and should be in a form which is sufficiently explicit to guide administrative action.

III. DEVELOPMENT OF POLICY

- A. The school board has jurisdiction to legislate policy for the school district with the force and effect of law. School board policy provides the general direction as to what the school board wishes to accomplish while delegating implementation of policy to the administration.
- B. The school board's written policies provide guidelines and goals to the school community. The policies shall be the basis for the formulation of guidelines and directives by the administration.
- C. Policies may be proposed by a school board member, employee, student or resident of the school district. Proposed policies or ideas shall be submitted to the superintendent for review by the Policy Review Committee prior to possible placement on the school board agenda.

IV. ADOPTION OF POLICY

- A. The school board shall give notice of proposed policy changes or adoption of new policies or repeal of existing policies by placing the item on the agenda of two regularly scheduled school board meetings. The proposals shall be distributed and public comment will be allowed at listening sessions prior to final school board action.
- B. The final action taken to adopt the proposed policy or repeal an existing policy shall be approved by a simple majority vote of the school board at a subsequent

meeting after the meetings at which public input was received. The adopted policy will be effective on the later of the date of passage or the date stated in the motion. A repealed policy will no longer be in effect on the later of the date of board action or the date stated in the motion.

- C. In the case of an emergency, a new or modified policy may be adopted or repealed by a majority vote of a quorum of the school board. A statement regarding the emergency and the need for immediate adoption or repeal of the policy shall be included in the minutes. The emergency action shall expire within one year following the emergency action unless the policy adoption or repeal procedure stated above is followed and the policy adoption or repeal is reaffirmed. The school board shall have discretion to determine what constitutes an emergency situation.
- D. If a policy is modified with minor changes that do not affect the substance of the policy or because of a legal change over which the school board has no control, the modified policy may be approved at one meeting at the discretion of the school board.

V. IMPLEMENTATION OF POLICY

- A. The superintendent shall be responsible for implementing school board policies, other than the policies that cover how the school board will operate. The superintendent or designee shall develop administrative guidelines and directives to provide greater specificity and consistency in the process of implementation. Employee and student handbooks shall be subject to annual review and approval by the school board.
- B. Policies adopted by the school board shall be posted to the school district's website using the codification system and format approved by the school board.
- C. The superintendent and designees are responsible to keep the digital policies current: <http://www.isd191.org/about-us/district-policies>.
- D. The school board shall review policies at least once every five years. The superintendent shall be responsible for developing a system of periodic review, addressing approximately one-fifth of the policies annually. In addition, the school board shall review the following policies annually: 410 Family and Medical Leave Policy; 413 Harassment and Violence; 414 Mandated Reporting of Child Neglect or Physical or Sexual Abuse; 415 Mandated Reporting of Maltreatment of Vulnerable Adults; 506 Student Discipline; 514 Bullying Prohibition Policy; 522 Student Sex Nondiscrimination; 524 Internet Acceptable Use and Safety Policy; 616 School District System Accountability; 806 Emergency Operations Policy; and 208 Development, Adoption, and Implementation of Policies.
- E. When no school board policy exists to provide guidance on a matter, the superintendent is authorized to act appropriately under the circumstances keeping

in mind the educational philosophy and financial condition of the school district. Under such circumstances, the superintendent shall advise the school board of the action taken, the need for a policy, and will present a recommended policy to the school board for approval.

VI. RESPONSIBILITIES

- A. Board Members—Discharge their governance responsibility through the adoption of policies that establish the focus, criteria, and parameters for decision-making by school district staff to ensure decisions made are congruent with school district goals and priorities.
- B. Board Policy Review Committee—Reviews recommended policies, prior to submitting to the full board for consideration, to ensure policies are within the scope of the school board’s authority and support the school district’s mission, vision, core values, and strategic direction.
- C. District Administrators—Are responsible for informing their subordinates of existing policies and administrative regulations and ensuring that all policies and regulations are implemented with fidelity.
- D. Staff—Are responsible for implementing all school board policies and administrative regulations with fidelity.

410 FAMILY AND MEDICAL LEAVE POLICY

I. PURPOSE

The purpose of this policy is to provide for family and medical leave to Independent School District 191 employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under Minnesota law.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

III. DEFINITIONS

A. “Covered active duty” means:

1. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 U.S.C. § 101(a)(13)(B).

B. “Covered servicemember” means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, and was discharged or released under conditions other than dishonorable, at any time during the period of five years preceding the first date the eligible employee takes FMLA leave to care for the covered veteran.

- C. “Eligible employee” means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least 1,250 hours of service during the 12-month period immediately preceding the commencement of the leave. An employee returning from fulfilling his or her Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that would have been worked during the period of absence from work due to or necessitated by USERRA-covered service, the employee’s pre-service work schedule can generally be used for calculations. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless the break is occasioned by the employee’s fulfillment of his or her USERRA-covered service obligation or a written agreement, including a collective bargaining agreement, exists concerning the school district’s intention to rehire the employee after the break in service.
- D. “Military caregiver leave” means leave taken to care for a covered servicemember with a serious injury or illness.
- E. “Next of kin of a covered servicemember” means the nearest blood relative other than the covered servicemember’s spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember’s next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember’s only next of kin.
- F. “Outpatient status” means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:
1. a military medical treatment facility as an outpatient; or
 2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.
- G. “Qualifying exigency” means a situation where the eligible employee seeks leave for one or more of the following reasons:

1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;
 2. to attend military events and related activities of a covered military member;
 3. to address issues related to childcare and school activities of a covered military member's child;
 4. to address financial and legal arrangements for a covered military member;
 5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;
 6. to spend up to 15 calendar days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;
 7. to attend post-deployment activities related to a covered military member;
 8. to address parental care needs; and
 9. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.
- H. "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:
1. inpatient care in a hospital, hospice, or residential medical care facility; or
 2. continuing treatment by a health care provider.
- I. "Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the state in which the marriage was entered into or, in the case of a marriage entered into outside of any state, if the marriage is valid in the place where entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage that either: (1) was entered into in a state that recognizes such marriages; or (2) if entered into outside of any state, is valid in the place where entered into and could have been entered into in at least one state.
- J. "Veteran" has the meaning given in 38 U.S.C. § 101.

IV. LEAVE ENTITLEMENT

A. Twelve-week Leave under Federal Law

1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
 - a. birth of the employee's child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
 - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence.
3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and

- b. in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces and that manifested itself before or after the member became a veteran, and is:
- (i) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
 - (ii) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
 - (iii) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
 - (iv) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.
6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis,

based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.

8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.
11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely

contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums paid by it.

13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a 12-week unpaid leave which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be determined by the employee but must not exceed 12 weeks unless agreed by the employer. The employee may qualify if he or she has worked for the school district for at least 12 months and has worked an average number of hours per week equal to one-half of the full time equivalent during the 12-month period immediately preceding the leave. This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but may be reduced by any period of paid parental, disability, personal, or medical, or sick leave, or accrued vacation provided by the employer so that the total leave does not exceed 12 weeks, unless agreed by the employer, or leave taken for the same purpose under the FMLA. The leave taken under this section shall begin at a time requested by the employee. An employee who plans to take leave under this section must give the employer reasonable notice of the date the leave shall commence and the estimated duration of the leave. For leave taken by a biological or adoptive parent in conjunction with the birth or adoption of a child, the leave must begin within 12 months of the birth or adoption; except that, in the case

where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the servicemember. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a servicemember includes both physical and psychological care.
2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered servicemember and ends 12 months after that date.
4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after placement; to care for the employee's parent with a serious health condition; or to care for a covered servicemember with a serious injury or illness.
5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.
6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered servicemember and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A.7., IV.A.10., IV.A.12., IV.A.13., and IV.A.14. above shall apply to leaves under this section.

V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

- A. An instructional employee is one whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.
- B. Instructional employees who request foreseeable medically necessary intermittent or reduced work schedule leave greater than 20 percent of the work days in the leave period may be required to:
 - 1. take leave for the entire period or periods of the planned medical treatment; or
 - 2. move to an available alternative position for which the employee is qualified, and which provides equivalent pay and benefits, but not necessarily equivalent duties.
- C. Instructional employees who request continuous leave near the end of a semester may be required to extend the leave through the end of the semester. The number of weeks remaining before the end of a semester does not include scheduled school breaks, such as summer, winter, or spring break.
 - 1. If an instructional employee begins leave for any purpose more than five weeks before the end of a semester and it is likely the leave will last at least three weeks, the school district may require that the leave be continued until the end of the semester.
 - 2. If the employee begins leave for a purpose other than the employee's own serious health condition during the last five weeks of a semester, the school district may require that the leave be continued until the end of the semester if the leave will last more than two weeks or if the employee's return from leave would occur during the last two weeks of the semester.
 - 3. If the employee begins leave for a purpose other than the employee's own serious health condition during the last three weeks of the semester and the leave will last more than five working days, school district may require the employee to continue taking leave until the end of the semester.
- D. The entire period of leave taken under the special rules will be counted as leave. The school district will continue to fulfill the school district's leave responsibilities and obligations, including the obligation to continue the employee's health insurance and other benefits, if an instructional employee's leave entitlement ends before the involuntary leave period expires.

VI. OTHER

- A. The provisions of this policy are intended to comply with applicable law, including the FMLA and applicable regulations. Any terms used from the FMLA will have the same meaning as defined by the FMLA and/or applicable

regulations. To the extent that this policy is ambiguous or contradicts applicable law, the language of the applicable law will prevail.

- B. The requirements stated in the collective bargaining agreement between employees in a certified collective bargaining unit and the school district regarding family and medical leaves (if any) shall be followed.

VII. DISSEMINATION OF POLICY

- A. This policy shall be conspicuously posted in each school district building in areas accessible to employees.
- B. This policy will be reviewed at least annually for compliance with state and federal law.

IV. REPORTING PROCEDURES

- A. A mandated reporter as defined herein shall immediately report the neglect or physical or sexual abuse, which he or she knows or has reason to believe is happening or has happened within the preceding three years to the local welfare agency, police department, county sheriff, tribal social services, or tribal police

department. The reporter will include his or her name and address in the report.

- B. If the immediate report has been made orally, by telephone or otherwise, the oral report shall be followed by a written report within 72 hours (exclusive of weekends and holidays) to the appropriate police department, the county sheriff, local welfare agency, or agency responsible for assisting or investigating maltreatment. The written report shall identify the child, any person believed to be responsible for the abuse or neglect of the child if the person is known, the nature and extent of the abuse or neglect and the name and address of the reporter.
- C. Regardless of whether a report is made, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred and may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.
- D. A mandated reporter who knows or has reason to know of the deprivation of parental rights or the kidnapping of a child shall report the information to the local police department or the county sheriff.
- E. With the exception of a health care professional or a social service professional who is providing the woman with prenatal care or other health care services, a mandated reporter shall immediately report to the local welfare agency if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including, but not limited to, tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.
- F. A person mandated by Minnesota law and this policy to report who fails to report may be subject to criminal penalties and/or discipline, up to and including termination of employment.
- G. Submission of a good faith report under Minnesota law and this policy will not adversely affect the reporter's employment, or the child's access to school.
- H. Any person who knowingly or recklessly makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury, and the reckless making of a false report may result in discipline. The court may also award attorney's fees.

V. INVESTIGATION

- A. The responsibility for investigating reports of suspected neglect or physical or sexual abuse rests with the appropriate county, state, or local agency or agencies. The agency responsible for assessing or investigating reports of child maltreatment has the authority to interview the child, the person or persons responsible for the

child's care, the alleged perpetrator, and any other person with knowledge of the abuse or neglect for the purpose of gathering the facts, assessing safety and risk to the child, and formulating a plan. The investigating agency may interview the child at school. The interview may take place outside the presence of a school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian or person responsible for the child's care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.

- B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property will be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.
- C. Except where the alleged perpetrator is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school employees when an interview is conducted on school premises.
- D. Where the alleged perpetrator is believed to be a school official or employee, the school district shall conduct its own investigation independent of MDE and, if involved, the local welfare or law enforcement agency.
- E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school facility, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, and the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

- A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency's intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name

of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.

- B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.

VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.

VIII. DISSEMINATION OF POLICY AND TRAINING

- A. This policy shall appear on the district website.
- B. The school district will develop a method of discussing this policy with school personnel.
- C. This policy shall be reviewed at least annually for compliance with state law.

- B. Whenever a mandated reporter, as defined herein, knows or has reason to believe that an individual made an error in the provision of therapeutic conduct to a vulnerable adult which results in injury or harm, which reasonably requires the care of a physician, such information shall be reported immediately to the designated county agency. The mandated reporter also may report a belief that the error did not constitute neglect and why the error does not constitute neglect.
- C. The reporter shall to the extent possible identify the vulnerable adult, the caregiver, the nature and extent of the suspected maltreatment, any evidence of previous maltreatment, the name and address of the reporter, the time, date, and location of the incident, and any other information that the reporter believes might be helpful in investigating the suspected abuse or neglect. A mandated reporter may disclose not public data as defined under Minn. Stat. § 13.02 to the extent necessary to comply with the above reporting requirements.
- D. A person mandated to report suspected maltreatment of a vulnerable adult who negligently or intentionally fails to report is liable for damages caused by the failure. - E. Retaliation against a person who makes a good faith report under Minnesota law and this policy, or against vulnerable adult who is named in a report is prohibited.
- F. Any person who intentionally makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive

514 BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy. The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is

objectively offensive and:

1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying as defined in this policy.

- B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:
1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
 2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other

vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

- F. "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. "Student" means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary

consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy and other applicable school district policies; and applicable regulations.

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school

personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

- B. The school district shall require ongoing professional development, consistent with Minn. Stat. § 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 4. The incidence and nature of cyberbullying; and
 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce

discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy in the student handbook.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.
- C. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the

school district.

- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy distributed to parents at the beginning of each school year.
- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.
- F. The school district shall provide an electronic copy of its most recently amended policy to the Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minn. Stat. § 121A.031 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

**Re: Change Orders #109, #117, #119, 120, #121, #123 and #124 for the 2015
Additions and Alterations to Burnsville High School**

RECOMMENDATION: That the Board of Education approve change orders #109, #117, #119, 120, #121, #123 and #124 for the 2015 Additions and Alterations to Burnsville High School.

On May 28th, 2015 the school board awarded contracts for bid package #1, on June 25, 2015 the school board awarded one contract for bid package #2, on August 13, 2015 the school board awarded contracts for bid package #3 and on October 22, November 5, November 19 and December 17, 2015 school board awarded contracts for bid package #4 for the 2015 Additions and Alterations to the Burnsville High School.

Change order #109 for contract #2202 (Klamm Mechanical Contractors, Inc.) is in the amount of \$1,170.00. The added cost to this contract was to raise AHU-11 to make room for the entry into the new activity center building addition. This work was scheduled to be done by El-Jay Plumbing & Heating, Inc. but did not happen. There was a credit in the amount of \$1170.00 on the last approved change order.

Change order #117 for contract #2300 (Klamm Mechanical Contractors, Inc.) is in the amount of \$6,487.00. The added cost to this contract was to add a new fire sprinkler riser to separate the Warehouse from the Annex so that if a sprinkler was to go off the alarm company would know which building to send the fire department to.

Change order #119 for contract #0330 (Northland Concrete & Masonry, LLC) is in the amount of \$15,907.00. Added costs to this contract were a combination of adding sidewalks and new slab for the new ticket booth on the east side of the football field, forming of concrete stairs and Dowling the garage ramp on the Westside addition, an extension to the concrete stoop at the new toilet facilities on the west side of the football field and unloading heater units.

Change order #120 for contract #0750 (Palmer West Construction Company, Inc.) is in the amount of \$8,275.00. The additional costs are adding tapered insulation to the roof on the Westside addition and adding three roof curbs on the Westside addition to accommodate two gravity hoods and air handling unit E4.

Change order #0980M for contract #0980M (Haldeman-Homme Inc.) is in the amount of \$2,678.00. The cost increase to this contract is to change 45 faucets in the science wing from a mixing faucet to a hot and cold type faucet. Other costs are to change 8 bench pedestals from a painted metal to stainless steel in the locker room area.

Change order #123 for contract #2302 (Thelen Heating & Roofing, Inc.) is in the amount of \$10,453.00. Additional ductwork, dampers and registers for the Westside addition and added smoke fire dampers and duct detectors to meet code and floor and roof penetrations made to accommodate a new condensate hood in the concessions room in the activity center were the reasons for the additional costs to this contract.

Change order #124 for contract #0610 (George F. Cook Construction Co.) is in the amount of \$25,193.00. The majority of the cost increase on this change order is a result of a change in how the floor demolition took place in area 7 to make way for the new entry into the activity center. Other costs were changes to cabinets, marker boards and tackboards in various classrooms.

To date total change orders in amount of \$1,087,403.00 to the 45 original contract amounts of \$37,734,946.00 brings the total contracts with change orders to \$38,822,349.00. This represents change orders of 2.88% of original bid amounts.

The items on these change orders have been reviewed and validated by ATS&R Architects and Engineers and WENCK Construction Inc.

EMOTIONAL HEALTH SERVICES

District 191 School Board Presentation Headway Emotional Health Services

2016-05-12

Thank You!

-
- We wanted to start by recognizing the partnership with the School District professionals. The collaboration between principals, district administration and Headway is strong and positive.
 - District 191 has made a significant and ongoing investment in assisting their students, families, and community by providing access to mental health services and support

Headway Emotional Health Services

- Counseling, mental health, and education services to over 45,000 individuals in 2015
- We provided \$744k in charity services in 2015
- We do work with 81 schools throughout the five county metro
- Other large District contracts include Anoka-Hennepin, Bloomington, and Richfield

History with District 191

- 5th year working with the district
- 15 Schools
 - 10 Elementary, 3 Middle, 2 High Schools
- 14.6 Therapists and 1 masters level intern
 - We started with 7 in 2011
- Team members are masters or doctoral level mental health providers

Importance of School Based Services

-
- APA and AMA studies find 20% to 40% of children and adolescents have a diagnosed mental health disorder
 - Depression, Anxiety, Trauma, Impulse Control and a wide range of other diagnosis
 - Children cannot thrive in school while struggling with mental health
 - They are unable to focus and learn.
 - Their distress disrupts their social development
 - School based service assist parents by removing logistical issues such as transportation and time prioritization

Gains for the District

- Improved student functioning in school
- Increased Attendance
- Improved class-room behavior
- Lower disruptions and suspensions
- Stabilization and improvement of academic measurements
- Demonstrates support to families in the district
 - Better home and community behavior
 - Reduction of family conflicts

What Is School Based Therapy Program?

- School based therapy provides two primary categories of service :
- Individual, Family, and Group Therapy
- Ancillary or supportive services.

How Therapy Referrals Work

- Referral can come for District Staff, Parent, the student themselves
- Parent or legal guardian consent is required to treat
- Due to HIPPA requirements, student and family privacy is emphasized

Typical Referral Scenario

- 3rd grade student had significant changes in appearance, behavior and motivation. Frequent outbursts of anger, isolated on the play ground and putting head on desk during lesson time. Teacher alerts the mother who has noticed the changes as well. They decide on a referral for Headway to assess, and begin therapy with the student.
- The school nurse has a student that reports to her office multiple times a week with a stomach ache. She notices the child appears constantly stressed, tearful and anxious. The nurse also sees scarring and superficial cuts on the child's arms. The nurse meets with the therapist and makes a referral

Services Provided: Therapy

- Diagnostic Assessments based on DSM-V criteria
- Unique Treatment Plan for each student
 - Updated every 90 days with the student and their parent(s) or legal guardians
- Wide Range of Evidence Based Modalities
 - Cognitive Behavioral Therapy, Play Therapy, and Trauma Focused Therapy
- Psychological Testing and Assessment, including Risk Assessments
- Translation services available as needed for families

Services Provided: Ancillary

-
- Respond to District crisis such as student/staff deaths.
 - Orchestrate therapists as needed to be at that school
 - Short term crisis counseling and suicide assessments
 - Collaborate with Supportive Service Team
 - Referrals to outside resources such as medication evaluations
 - Presentations/education for school staff
 - Mental Health topics, grief education, staff support post crisis.

Services Provided: Staff CEU (Tool Box Training)

- Assist district staff in recognizing and working with mental health issues
- Free to staff in District, normally a \$75 per CEU
- Topics have included
 - Recognizing and Addressing Depression and Anxiety in Children/Adolescents
 - Mental Health: Latino Cultural Sensitivity
 - Mental Health: Somali Cultural Sensitivity
 - Strategies for Working through Problem Behaviors in the Classroom
 - Personal Mental Health: Teacher Self-Care

Service Hours

| | 2015-2016* | 2014-2015 |
|-------------------------|------------|-----------|
| Direct Therapy Students | 479 | 503 |
| Therapy Service Hours | 7,418 | 7,529 |
| Ancillary Service Hours | 5,668 | 5,334 |
| Total Service Hours | 13,086 | 12,863 |

* School year numbers are through May 9th

Funding Model

-
- 2015-2016 contract covers \$287,699 for Ancillary and un-insured/under-insured Therapy
 - When possible, Headway bills therapy costs to third party insurance
 - In addition to the District Contract, Headway will cover \$175,000 in Charity Services. Increased from \$157,000 in 2014-2015
 - We do not turn anyone away due to financial issues

Summer Services

-
- The School District contract is for the school year
 - Mental health concerns do not end with the school year. Often they increase due less structure, lack of consistent social interactions, and on some occasions lack of resources (meals etc.)
 - Summer services also provide therapeutic support for transitions
 - Elementary to Middle, Middle to High

Challenges

-
- Need continues to grow, particularly with increased awareness
 - Since September, the waiting list has doubled to 104 students from 57
 - We pull in therapists from other schools to assist when needed
 - Six schools have a part time school based therapist
 - Three to four days of service instead of five

Conclusion

-
- We want to recognize the commitment that District 191 places on assisting their students and families.
 - This was a short presentation and we can more detailed data if there is a need or desire for it
 - Questions?

July 1, **2015 2016** - June 30, **2016 2017**

**BURNSVILLE – EAGAN – SAVAGE
TEACHER PROFESSIONAL PAY SYSTEM**

This Agreement is entered into pursuant to Minn. Stat. § 122A.414 and the Public Employment Labor Relations Act (PELRA) of 1971, as amended, Minn. Stat. § 179A.01, et seq., by and between Independent School District No. 191, Burnsville – Eagan – Savage (herein after “District”) as the public employer under the PELRA and the Burnsville Education Association (herein after “BEA”) as the exclusive representative of teachers employed by the District under the PELRA, for the purpose of fully implementing the Burnsville – Eagan – Savage Teacher Professional Pay System (known hereafter as Pro-Pay). The terms of this Agreement are as follows:

AUTHORITY

Laws: This Agreement has been negotiated pursuant to and in compliance with the provisions of Minn. Stat. §§ 122A.414, 122A.4144 and 179A.01 et seq. The statutory authority specifically includes an exception to the PELRA in the form of an optional right to re-open negotiations regarding only the Professional Pay System.

BACKGROUND AND LEGAL REQUIREMENTS

1. Effect: This Agreement supersedes and replaces any salary or other provision of the PELRA Master Agreement that may currently be in effect between the District and the BEA that is inconsistent with any provision of this Agreement, subject to the contingencies specified in this Article.

2. Contingency: Effect of Contingencies: In the event that any contingency specified in this Section is not met, then this Agreement will have no force or effect and the terms and conditions of employment of the teachers employed by the District will be governed by the PELRA Master Agreement then in effect. Provided, however, that either party may re-open negotiations for the PRO-PAY agreement as permitted under law in an effort to cure any cause that has nullified this Agreement.

- a. MDE Approval: This Agreement is contingent upon the legal requirements both of timely and of continuing approval by the Minnesota Department of Education for the 2015-2016 school year and thereafter.
- b. Ratification: This Agreement is contingent upon its ratification by the bargaining unit represented by the BEA and by the School Board of the District.
- c. Continuing Revenue: This Agreement is contingent upon the initial and continuing receipt of revenue based upon at least two hundred and sixty dollars (\$260.00) per pupil as specified in M.S. 122A.415, Subd.1 (2005). In the event additional revenue is allocated by the legislature, ISD #191 and the BEA agree to reopen the MOU to negotiate allocation of the revenue only.

Notice of Amendments: The District and BEA agree to discuss issues related to PRO - PAY during negotiations. In the event the District and BEA amend this Agreement, the Minnesota Department of Education must be apprised of the amendment(s). In the event that the MDE asserts that any amendment is illegal and that revenue for the PRO - PAY will be suspended, withheld, terminated or

otherwise reduced, then this Agreement may be terminated effective with the date of the MDE's decisions regarding changes in revenue by either party giving written notice to the other party at its official business address.

Implementation Review: Five administrators and five BEA appointed committee members will schedule monthly meetings to review and resolve any issues related to implementation.

Budget Review: PRO - PAY is funded by categorical revenue. The BEA President and District Superintendent or his/her designee will periodically meet and review the budget. At least one such review shall occur prior to the adoption of the budget for the upcoming year. The review shall include a review of end-of-year expenditures; staff coded to the account and any carryover monies.

Annual Review: The Pro-Pay Committee will meet annually to review and evaluate the effectiveness of the plan with respect to:

- Teacher Satisfaction
- Impact on student achievement
- Impact on school culture

The results will be used to modify the plan, consistent with the Notice of Amendment section above.

Section 5 Performance Incentive Pay Dispute Resolution:

Teachers retain all rights to dispute resolution as per the Master Agreement regarding all other provisions of the contract aside from those relating to PRO - PAY.
- b. Exclusive Remedy: The dispute resolution mechanism of this Agreement is the exclusive remedy for resolving disputes regarding a teacher's compliance with the standards of PRO - PAY.

Subd 2. **Teachers who have a scoring dispute:**

- a. If a teacher is not satisfied with an observation by a trained observer, the instructor needs to schedule a meeting with his/her observer to appeal the observation. If the teacher and observer do not reach a satisfactory outcome, which may include another observation, the teacher may schedule an additional observation with a different trained observer by contacting the Director of Instruction.
- b. If the outcome of the additional observation is not satisfactory to the teacher, the instructor may meet with the Director of Instruction to request an additional appeal. If the Director of Instruction determines an additional observation is warranted, he or she will conduct the observation for the teacher. The Director of Instruction will consult with the BEA president before making a final decision. The Pro-pay committee will be updated annually on the number of disputes that occurred in the plan year.

Section 6: Career Ladder Descriptions: Career Ladders are career opportunities for teachers and other licensed professionals that broaden their influence on the teaching profession. Career ladder teacher performance will be reviewed on an annual basis. Teachers who are at the Emerging Professional Level in their careers are eligible to apply for Continuous Improvement Coach ~~and DLT~~ positions, with preference given to those who have at least 6 years of teaching experience including 2 or more in ISD191. Career Ladders present teachers with many opportunities for leadership. It is the intent of the District and BEA to encourage as many different qualified teachers as possible to assume leadership positions. Career Ladder positions in ISD #191 include the following:

Continuous Improvement Coaches (CIC) (\$3,400 stipend for full assignment, pro-rated for periods of unpaid leave). 7 TOSAs funded through Pro-Pay plus 3 TOSA's funded through other district funds, integration, PD, and site funds will work with teachers to create Collaborative Team (CT) student achievement goals that align to the School Improvement Plans and assist in helping them write individual Personalized Professional Learning Plans (PLP). The role of the Continuous Improvement Coach is to help each teacher reach his/her goals through conducting observations, and providing feedback. Continuous Improvement Coaches will be decision makers regarding Pro-Pay performance pay tied to each teacher's Professional Growth Plan. The Continuous Improvement Coaches responsibilities will include serving on the ~~District Leadership Team and the~~ BLT of the assigned building(s). Continuous Improvement Coaches may earn a Building Goal incentive in addition to their stipend.

Employees seeking career ladder promotions will be able to complete an application for available Continuous Improvement Coach positions. A selection team consisting of 3 teachers appointed by the BEA and 3 administrators / principals will review, identify and approve a pool of qualified employees for the career promotions based on agreed upon criteria and qualifications. If the selection team decides there are not enough qualified applicants for promotion, they may either extend the application deadline, recruit other employees or post for external candidates.

Continuous Improvement Coaches may return to their previous position after 2 years, if available. The request to return must be submitted by February 1st. If the previous assignment is not available, the teacher shall return to the previous department at the building from which the teacher transferred.

It is the expectation that teachers would return to teaching, either full- or part-time after serving as a Continuous Improvement Coach for a 3-5 year period of time. After completing three or more years in the position, Continuous Improvement Coaches continue to have the right to return to teaching. The District will place the returning teacher in a position for which he or she is appropriately licensed.

Continuous Improvement Coaches will work a 184 day schedule that meets the training and evaluation needs of the position.

Building Leadership Team (BLT) (\$1500 stipend, pro-rated for periods of unpaid leave) members (a proportionate and representative team of teachers & staff in each building – teachers receive a stipend from Pro-Pay) are responsible for writing, implementing, and evaluating the School Improvement Plans and the School Professional Development Plans aligned to the District Strategic Goals and the District 5 Year PD Plan. Each BLT member will facilitate the work of collaborative teams (CT). The BLT will approve the Collaborative Teams achievement goals to ensure alignment to the School Improvement Plan (which includes the Pro-Pay building goals) and will address questions/issues regarding goal attainment. **87 BLT members will be paid through Pro-Pay according to the following allocation. Additional BLT members will be paid through building professional development funds.**

This team meets 4—5 times each year to develop strategic plans, evaluate plan implementation, and to ensure alignment of our efforts. This team is responsible for ensuring the requirements of Pro Pay, integration, and programs are met and in alignment with the District Strategic Goals.~~

Section 7: Substitute Teacher Availability: Comprehensive implementation of PRO-PAY requires that teachers occasionally leave their classrooms. Teachers will be given opportunity for Pre- and Post observation time. If needed the district will hire substitutes to provide coverage.

Section 8: Professional Pay Plan Schedule:

- a. The Pro-Pay System Schedules are attached and incorporated by reference as described in Section 1, subd 1. effective for fiscal year July 1, 2015- June 30, 2016.
- b. Any change in location of a teacher on the PRO-PAY matrix for subsequent fiscal years will be determined in accordance with the provisions of this Agreement. Any dispute regarding initial placement on the PRO-PAY matrix will be resolved through the grievance provision of the Master Agreement.

Section 9: Special Circumstances:

- Subd. 1. **Teachers with documented performance concerns:** Teachers with documented performance concerns will be provided with more direction in the area of goal-setting. Teachers will set goals that are linked to the areas(s) of needed improvement with input from the building principal. In addition, the teacher will be observed at least three times in a given year. One of the observations must be conducted by the principal. The teacher will have the option of involving the Continuous Improvement Coaches in the improvement process if he or she chooses.
- Subd. 2. **Teachers on a formal improvement plan:** Teachers who do not meet expectations and have been formally notified of substandard performance as per provisions in the collective bargaining agreement and are at risk of not earning a performance increment, will not participate in PRO-PAY. - Subd. 3. **Performance Increment Pay Dispute Resolution:**
 - a. Teachers who demonstrate substandard performance such that they are at risk of not earning a performance increment must be notified prior to January 1st.
 - b. Prior to March 1 of that year, the teacher must have the opportunity to have consulted and worked with immediate supervisors in raising the level of job performance, consistent with ARTICLE V, Section 8, Subdivision 3 of the Master Agreement. Additional assistance is available as per Section 9. subd. 1. of this Memorandum of Understanding.
 - c. The exclusive dispute resolution process is the grievance procedure described in ARTICLE XV of the Master Agreement.
- Subd. 4. **Partial Year Teachers:**
 - a. **Teachers on Leave**
 - i. A teacher who returns from an extended leave will fully participate in Pro-Pay if they are scheduled to teach for a minimum of the full second semester. his/her number of work days is greater than or equal to 120.
 - ii. These teachers shall be eligible for 100% of the Professional Learning Plans amount, Collaborative Team, and Building Goal. The teacher is eligible for performance incentive pay based upon the number of completed observations as identified within the observation schedule defined in Section 4, Subd. 3. d.

DESCRIPTION OF PERFORMANCE INCREMENT PERFORMANCE TARGETS:

Probationary Teachers are beginning to translate their content knowledge into plans for instruction. During the probationary years teachers are acquiring the materials and developing effective learning activities. Probationary teachers are exploring methods of effective classroom management and physical room arrangement to enhance learning. They are beginning to acquire confidence in their ability to establish rapport with students. They are exploring and comparing strategies for dealing with problem behaviors. They recognize the importance of clear directions and asking a variety of questions but are developing their skills in this area. Probationary teachers work hard to establish grading and record-keeping methods that comport with district requirements.

Emerging Professionals are gaining skills in the areas of planning, instruction and classroom management. They have established routines for organizational tasks and classroom management

that are more automatic and support instruction. They are able to devote more time to instruction and providing effective feedback to students.

Professional Teachers demonstrate deep content and curricular knowledge. They demonstrate the ability to develop learning activities that both engage students and teach the desired content. They have a deep understanding of the scope and sequence of the curriculum. Classrooms run smoothly and professional responsibilities are understood and carried out.

Master Professionals understand the needs of individual students in each class and design instruction to meet those needs. Learning objectives are clearly articulated and instruction directly targets those objectives. Student learning is assessed and the results analyzed to determine reteaching needs. Teachers utilize strategies to engage students in deep level discussion and answer higher level questions. The Master Professional contributes to the school by sharing expertise on district-wide and school-wide committees. The teacher shows professionalism in all assigned duties; whether presenting to peers, facilitating site-council, or performing hall duty.

Re: Award bid for Chromebook Purchase

RECOMMENDATION: That the Board of Education award the bid of Chromebook purchase and related license and service for 1:1 BHS program to Best Buy Education.

On Friday, April 29 at 10 am sealed submitted bids were opened and read aloud. Although nine vendors received our bid documents, only one bidder submitted. Strategic Source, Inc. assisted us in the bid process, attached is the recommendation letter from Strategic Source, Inc.

MN Statute 123B.52 Subdivision 1 states: "In the case where only a single bid is received, the board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the prices paid does not exceed the original bid. If no satisfactory bid is received, the board may readvertise." We had previously inquired of the National Cooperative Purchasing Alliance (NCPA) available to us through Best Buy Education and understand the bid proposal is more favorable than which may be obtained via the NCPA.

It is recommended the bid be awarded to Best Buy Education, the sole bidder.

No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.
7. Use of Controlled Substances. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a

licensed physician who has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. [Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.](#)

8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, [including medical cannabis](#), or has adulterated or substituted a test specimen for controlled substances.
9. General Prohibition. Drivers are also subject to the general policies and procedures of the school district which prohibit the possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

No driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and policy of the school district.

G. Prescription Drugs

A driver shall inform his or her supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. [Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry.](#)

H. Testing Requirements

1. Pre-Employment Testing

- a. A driver applicant shall undergo testing for [alcohol and] controlled substances, [including medical cannabis](#), before the first time the driver performs safety-sensitive functions for the school district.
- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.

- c. In order to be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, [including medical cannabis](#), or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.
- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.

2. Post-Accident Testing

- a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, [including medical cannabis](#), if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.
- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances, [including medical cannabis](#), no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8) hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours

following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.

3. Random Testing

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.
- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, [including medical cannabis](#), at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

4. Reasonable Suspicion Testing

- a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, [including medical cannabis](#), test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, [including medical cannabis](#), on duty or within four (4) hours before coming on duty. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.
- b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal

effects of controlled substances.

- c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.
 - d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.
5. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances.
6. Follow-Up Testing. When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.
7. Refusal to Submit and Attendant Consequences
- a. A driver or driver applicant may refuse to submit to drug and alcohol testing.
 - b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of 49 U.S.C. § 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.
 - c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.

- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment C to this policy.

I. Testing Procedures

1. Drug Testing

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated, substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.

- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.
- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.
- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
 - (1) The donor expressly declines the opportunity to discuss the test results;
 - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
 - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

2. Alcohol Testing

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.

- b. Any test result less than 0.02 alcohol concentration is considered a “negative” test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor’s inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

- 1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver’s or driver applicant’s expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.
- 2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:
 - a. The school district has first given the employee an opportunity to participate in, at the employee’s own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and
 - b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.
 - c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minn. Stat. Ch. 13. Any information concerning the individual’s test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.

2. The required records shall be retained for the following minimum periods:

| | |
|---------------|---------|
| Basic records | 5 years |
|---------------|---------|

“Basic records” includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

| | |
|---|------------|
| Information obtained from previous employers | 3 years |
| Collection records | 2 years |
| Negative and cancelled drug tests | 1 year |
| Alcohol tests with less than 0.02 concentration | 1 year |
| Education and training records | indefinite |

“Education and training records” must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations

of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.
2. Referral, Evaluation, and Treatment
 - a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.
 - b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.
 - c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
 - d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.
3. Disciplinary Action
 - a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
 - b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
 - c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy and as provided in Minn. Stat. §§ 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of “other employees” covered by Section IV. of this policy.

IV. DRUG AND ALCOHOL TESTING FOR OTHER EMPLOYEES

The school district may request or require drug and alcohol testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug and alcohol testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing. (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug or alcohol testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

A. Circumstances Under Which Drug or Alcohol Testing May Be Requested or Required:

1. General Limitations

- a. The school district will not request or require an employee or job applicant whose position does not require a commercial driver’s license to undergo drug or alcohol testing, unless the testing is done pursuant to this drug and alcohol testing policy; and is conducted by a testing laboratory which participates in one of the programs listed in Minn. Stat. § 181.953, Subd. 1.
- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver’s license to undergo drug and alcohol testing on an arbitrary and capricious basis.

2. Job Applicant Testing

The school district may request or require any job applicant whose position does not require a commercial driver’s license to undergo drug and alcohol testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer which is contingent on the applicant’s passing drug

and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

3. Random Testing

The school district may request or require employees to undergo drug and alcohol testing on a random selection basis only if they are employed in safety-sensitive positions.

4. Reasonable Suspicion Testing

The school district may request or require any employee to undergo drug and alcohol testing if the school district has a reasonable suspicion that the employee:

- a. is under the influence of drugs or alcohol;
- b. has violated the school district's written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol while the employee is working or while the employee is on the school district's premises or operating the school district's vehicles, machinery, or equipment;
- c. has sustained a personal injury, as that term is defined in Minn. Stat. § 176.011, Subd. 16, or has caused another employee to sustain a personal injury; or
- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

5. Treatment Program Testing

The school district may request or require any employee to undergo drug and alcohol testing if the employee has been referred by the school district for chemical dependency treatment or evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo drug and alcohol testing without prior notice during the evaluation or treatment period and for a period of up to two (2) years following completion of any prescribed chemical dependency treatment program.

6. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug

and alcohol testing as part of a routine physical examination provided the drug or alcohol test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug or alcohol test may be requested or required as part of the physical examination.

B. No Legal Duty to Test

The school district does not have a legal duty to request or require any employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing.

C. Definitions

1. "Drug" means a controlled substance as defined in Minnesota Statutes, [including medical cannabis, regardless of enrollment in the state registry program.](#)
2. "Drug and alcohol testing," "drug or alcohol testing," and "drug or alcohol test" mean analysis of a body component sample according to the standards established under one of the programs listed in Minn. Stat. § 181.953, Subd. 1, for the purpose of measuring the presence or absence of drugs, alcohol, or their metabolites in the sample tested.
3. "Other Employees" means any persons, independent contractors, or persons working for an independent contractor who perform services for the school district for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver's license, and includes both professional and nonprofessional personnel. Persons whose positions require a commercial driver's license are primarily governed by the provisions of the school district's drug and alcohol testing policy relating to school bus drivers (Section III.). To the extent that the drug and alcohol testing of persons whose positions require a commercial driver's license is not mandated by federal law and regulations, such testing shall be governed by Section IV. of this policy and the drivers shall fall within this definition of "other employees."
4. "Job applicant" means a person, independent contractor, or person working for an independent contractor who applies to become an employee of the school district in a position that does not require a commercial driver's license, and includes a person who has received a job offer made contingent on the person's passing drug or alcohol testing. Job applicants for positions requiring a commercial driver's license are governed by the provisions of the school district's drug and alcohol testing policy relating to school bus drivers (Section III.).
5. "Positive test result" means a finding of the presence of drugs, alcohol, or their metabolites in the sample tested in levels at or above the threshold

detection levels contained in the standards of one of the programs listed in Minn. Stat. § 181.953, Subd. 1.

6. “Random selection basis” means a mechanism for selection of employees that:
 - a. results in an equal probability that any employee from a group of employees subject to the selection mechanism will be selected; and
 - b. does not give the school district discretion to waive the selection of any employee selected under the mechanism.
7. “Reasonable suspicion” means a basis for forming a belief based on specific facts and rational inferences drawn from those facts.
8. “Safety-sensitive position” means a job, including any supervisory or management position, in which an impairment caused by drug or alcohol usage would threaten the health or safety of any person.

D. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing and Consequences of Such Refusal

1. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing

Any employee or job applicant whose position does not require a commercial driver’s license has the right to refuse drug and alcohol testing subject to the provisions contained in Paragraphs 2. and 3. of this Section D.

2. Consequences of an Employee’s Refusal to Undergo Drug and Alcohol Testing

Any employee in a position that does not require a commercial driver’s license who refuses to undergo drug and alcohol testing in the circumstances set out in the Random Testing, Reasonable Suspicion Testing, and Treatment Program Testing provisions of this policy may be subject to disciplinary action, up to and including immediate discharge.

3. Consequences of a Job Applicant’s Refusal to Undergo Drug and Alcohol Testing

Any job applicant for a position which does not require a commercial driver’s license who refuses to undergo drug and alcohol testing pursuant to the Job Applicant Testing provision of this policy shall not be employed.

E. Reliability and Fairness Safeguards

1. Pretest Notice

Before requesting an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing, the school district shall provide the employee or job applicant with a Pretest Notice in the form of Attachment D to this policy on which to acknowledge that the employee or job applicant has received the school district's drug and alcohol testing policy.

2. Notice of Test Results

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing an employee or job applicant who has undergone drug or alcohol testing of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.

3. Notice of and Right to Test Result Report

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing, an employee or job applicant who has undergone drug or alcohol testing of the employee or job applicant's right to request and receive from the school district a copy of the test result report on any drug or alcohol test.

4. Notice of and Right to Explain Positive Test Result

a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide him or her with notice of the test results and, at the same time, written notice of the right to explain the results and to submit additional information.

b. The school district may request that the employee or job applicant indicate any over-the-counter or prescription medication that the individual is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.

c. The employee may present verification of enrollment in the medical cannabis patient registry as part of the employee's explanation.

d. Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

Formatted: Indent: Hanging: 1"

5. Notice of and Right to Request Confirmatory Retests

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide him or her with notice of the test results and, at the same time, written notice of the right to request a confirmatory retest of the original sample at his or her expense.
- b. An employee or job applicant may request a confirmatory retest of the original sample at his or her own expense after notice of a positive test result on a confirmatory test. Within five (5) working days after notice of the confirmatory test result, the employee or job applicant shall notify the school district in writing of his or her intention to obtain a confirmatory retest. Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that the employee or job applicant has requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minn. Stat. § 181.953, Subd. 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug or alcohol threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.

6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform him or her of other rights provided under Sections F. or G., below, whichever is applicable.

Attachments E and F to this policy provide the Notices described in Paragraphs 2. through 6. of this Section E.

F. Discharge and Discipline of Employees Whose Positions Do Not Require a Commercial Driver's License

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.
2. In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.

3. The school district may not discharge an employee for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test requested by the school district, unless the following conditions have been met:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical abuse counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
 - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
4. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.
5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information [or the employee's status as a patient enrolled in the medical cannabis registry program](#) revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon or after hire, [or failing to do so would violate federal law or regulations or cause the school district to lose money or licensing-related benefit under federal law or regulations.](#)
- [6. The school district may not discriminate against any employee in termination, discharge, or any term of condition of employment or otherwise penalize an employee based upon an employee registered patient's positive drug test for cannabis components or metabolites, unless the employee used, possessed, or was impaired by medical cannabis on school district property during the hours of employment.](#)
- [76.](#) An employee must be given access to information in his or her personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing process and conclusions drawn from and

actions taken based on the reports or other acquired information.

G. Withdrawal of Job Offer for an Applicant for a Position That Does Not Require a Commercial Driver's License

If a job applicant has received a job offer made contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

1. Possession of a sample must be traceable to the employee from whom the sample is collected, from the time the sample is collected through the time the sample is delivered to the laboratory;

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that the school district's work toward its mission of providing an exemplary educational program to its students is not interrupted. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked to the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as

appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.

The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. VII. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.
- C. Parent contact;
- D. Parent conference;
- E. Removal from class;
- F. In-school suspension;
- G. Suspension from extracurricular activities;
- H. Detention or restriction of privileges;
- I. Loss of school privileges;
- J. In-school monitoring or revised class schedule;
- K. Referral to in-school support services;
- L. Referral to community resources or outside agency services;
- M. Financial restitution;
- N. Referral to police, other law enforcement agencies, or other appropriate authorities;
- O. A request for a petition to be filed in district court for juvenile delinquency adjudication;

- P. Out-of-school suspension under the Pupil Fair Dismissal Act;
- Q. Preparation of an admission or readmission plan;
- R. Expulsion under the Pupil Fair Dismissal Act;
- S. Exclusion under the Pupil Fair Dismissal Act; and/or
- T. Other disciplinary action as deemed appropriate by the school district.

VIII. REMOVAL OF STUDENTS FROM CLASS

- A. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as outlined in the Student/Parent Handbook.. “Removal from class” and “removal” mean any actions taken by an authorized school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher’s ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student’s tenth removal from class and make reasonable attempts to convene a meeting with the student’s parent or guardian to discuss the problem that is causing the student to be removed from class.

IX. DISMISSAL

- A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student’s total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student’s parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian’s expense. The purpose of this meeting is to attempt to determine the pupil’s need for assessment or other services or whether the parent or guardian should have the student

assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. Effort will be made to include parent or guardian in the administrative conference. The

informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference.
9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.

3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.

11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.

19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. STUDENTS WITH DISABILITIES

- A. Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

- B. Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was
1. caused by or had a direct and substantial relationship to the child's disability and
 2. whether the child's conduct was a direct result of a failure to implement the child's IEP.
- C. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise.
- D. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.
- E. School personnel may order a change in the placement of a student with a disability for the same amount of time that a student without a disability would be subject to discipline, but not to exceed 45 school days, if a student with a disability:
1. carries or possesses a weapon; or
 2. knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance; or
 3. inflicts serious bodily harm upon another person;
- while on school transportation, at school, on school premises, or at a school function.
- The IEP team must include services and modifications designed to address the misbehavior which led to the placement in an interim alternative educational setting, expulsion, or exclusion, and modifications designed to address the behavior that gave rise to the 45-day placement.
- F. When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to

provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy [through the Independent School District 191 Student/Parent Handbook or](#) in such a manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

Burnsville-Eagan-Savage School District Policy 516

516 STUDENT MEDICATION

I. PURPOSE

The purpose of this policy is to set forth the provisions that must be followed when administering nonemergency prescription and nonprescription or "over the counter" medication to students during the school day.

II. GENERAL STATEMENT OF POLICY

The school district acknowledges that some students may require prescription and/or over the counter medications during the school day and on school-sponsored field trips. Whenever possible, medication should be given to students by a parent or guardian before and/or after school hours. The school district's licensed school nurse or designee will administer prescribed medications, except any form of medical cannabis, in accordance with law and school district procedures.

III. REQUIREMENTS

- A. The administration of prescription and non-prescription medication at school requires authorization from a person licensed to prescribe medications and a completed signed request from the student's parent. An oral request from a parent or guardian must be reduced to writing within two school days
- B. A Medication Authorization form must be completed annually (once per school year) and/or when a change in the prescription or requirements for administration occurs. Prescription medication as used in this policy does not include any form of medical cannabis as defined in Minn. Stat. § 152.22, Subd. 6.
- C. Prescription medication must come to school in the original container labeled for the student by a pharmacist in accordance with law, and must be administered in a manner consistent with the instructions on the label.
- D. The school nurse may request to receive further information about the prescription, if needed, prior to administration of the substance.
- E. Prescription medications are not to be carried by the student, but will be kept in the school health office. Exceptions to this requirement are as noted below in Part I: and medications administered as noted in a written agreement between the school district and the parent or as specified in an IEP (individualized education program), Section 504 plan, or IHP (individual health plan).

- F. The school must be notified immediately by the parent or student 18 years old or older in writing of any change in the student's prescription medication administration. A new medical authorization or container label with new pharmacy instructions shall be required immediately as well.
- G. The school nurse, or other designated person, shall be responsible for the filing of the Medication Authorization form in the health records section of the student file.
- H. Medication may be administered only by the licensed school nurse or designee. Procedures for administration of medicine at school and school activities shall be developed in consultation with a school nurse, a licensed school nurse, or a public or private health organization or other appropriate party (if appropriately contracted by the school district under Minn. Stat. § 121A.21). The school district administration shall submit these procedures and any additional guidelines and procedures necessary to implement this policy to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy. The licensed school nurse is responsible for educating unlicensed personnel in accordance with school district procedures.
- I. Specific Exceptions:
1. Parents/guardians must make arrangements with the licensed school nurse for special health treatments and health functions such as catheterization, tracheostomy suctioning, and gastrostomy feedings. Such special health treatments do not constitute administration of medicine;
 2. Emergency health procedures, including emergency administration of medicine, are not subject to this policy;
 3. Medicine provided or administered by a public health agency to prevent or control an illness or a disease outbreak are not governed by this policy;
 4. Medicines used at school in connection with services for which a minor may give effective consent are not governed by this policy;
 5. Medicines that are prescription asthma or reactive airway disease medications can be self-administered by a student with an asthma inhaler if:
 - a. the school district has received a written authorization from the student's medical provider and parent or guardian permitting the student to self-administer the medication;
 - b. the inhaler is properly labeled for that student; and

- c. the parent has not requested school personnel to administer the medication to the student.

The parent must submit written authorization for the student to self-administer the medication each school year.

The school nurse must assess the student's knowledge and skills to safely possess and use an asthma inhaler and enter into the student's school health record a plan to implement safe possession and use of asthma inhalers;

- 6. Medications:
 - a. that are used off school grounds;
 - b. that are used in connection with athletics or extracurricular activities; or
 - c. that are used in connection with activities that occur before or after the regular school day

are not governed by this policy.

- 7. The school district will not administer medications, including herbal medicines that are not approved by the Food and Drug Administration agency.
- 8. A 7-12 grade student may possess and use nonprescription pain relief in a manner consistent with the labeling, if the school district has received written authorization from the student's medical provider and the parent or guardian permitting the student to self-administer the medication. The parent or guardian must submit written authorization for the student to self-administer the medication each school year. The school district may revoke a student's privilege to possess and use nonprescription pain relievers if the school district determines that the student is abusing the privilege. This provision does not apply to the possession or use of any medication or product containing ephedrine or pseudoephedrine as its sole active ingredient or as one of its active ingredients.
- 9. At the start of each school year or at the time a student enrolls in school, whichever is first, a student's parent, school staff, including those responsible for student health care, and the prescribing medical professional must develop and implement an individualized written health plan for a student who is prescribed epinephrine auto-injectors that enables the student to:

522 STUDENT SEX NONDISCRIMINATION

I. PURPOSE

Students are protected from discrimination on the basis of sex pursuant to Title IX of the Education Amendments of 1972 and the Minnesota Human Rights Act. The purpose of this policy is to ensure equal educational opportunity for all students and to prohibit discrimination on the basis of sex.

II. GENERAL STATEMENT OF POLICY

- A. The Burnsville-Eagan-Savage School District provides equal educational opportunity for all students, and does not unlawfully discriminate on the basis of sex. No student will be excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any educational program or activity operated by the school district on the basis of sex.
- B. ~~It is the responsibility of e~~Every school district employee [shall be responsible for](#) ~~to comply~~[ing](#) with this policy.
- C. The school board hereby designates ~~school district human rights officer~~[Stacey Sovine; 200 Burnsville Parkway, Burnsville, MN, 55337; 952-707-2010; ssovine@isd191.org](#) as its Title IX coordinator. This employee coordinates the school district's efforts to comply with and carry out its responsibilities under Title IX.
- D. Any student, parent, or guardian having questions regarding the application of Title IX and its regulations and/or this policy should discuss them with the Title IX coordinator. Questions relating solely to Title IX and its regulations may be referred to the Assistant Secretary for Civil Rights of the United States Department of Education. In the absence of a specific designee, an inquiry or complaint should be referred to the superintendent or the school district human rights officer.

III. REPORTING GRIEVANCE PROCEDURES

- A. Any student who believes he or she has been the victim of unlawful sex discrimination by a teacher, administrator, or other school district personnel, or any person with knowledge or belief of conduct which may constitute unlawful sex discrimination toward a student should report the alleged acts immediately to an appropriate school district official designated by this policy or may file a grievance. The school district encourages the reporting party or complainant to

use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered complaints as well. Nothing in this policy shall prevent any person from reporting unlawful sex discrimination toward a student directly to a school district human rights officer or to the superintendent.

- B. In Each School Building. The building principal is the person responsible for receiving oral or written reports or grievances of unlawful sex discrimination toward a student at the building level. Any adult school district personnel who receives a report of unlawful sex discrimination toward a student shall inform the building principal immediately.
- C. Upon receipt of a report or grievance, the principal must notify the school district human rights officer and the student's parent or guardian as soon as possible without screening or investigating the report. The principal may request, but may not insist upon a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the principal to the human rights officer. If the report was given verbally, the principal shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any report or complaint of unlawful sex discrimination toward a student as provided herein may result in disciplinary action against the principal. If the complaint involves the building principal, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.
- D. The school board hereby designates ~~Executive Director of Human Resources~~ Title IX coordinator _____ as the school district human rights officer(s) to receive reports, complaints or grievances of unlawful sex discrimination toward a student. If the complaint involves a human rights officer, the complaint shall be filed directly with the superintendent.
- E. The school district shall conspicuously post the name of the Title IX coordinator and human rights officer(s), including office ~~mailing~~ addresses and telephone numbers and work e-mail address.
- F. Submission of a good faith complaint, grievance or report of unlawful sex discrimination toward a student will not affect the complainant or reporter's future employment, grades or work assignments.
- G. Use of formal reporting forms is not mandatory.
- H. The school district will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations.

IV. INVESTIGATION

- A. By authority of the school district, the human rights officer, upon receipt of a report, complaint or grievance alleging unlawful sex discrimination toward a student shall promptly undertake or authorize an investigation. The investigation may be conducted by school district officials or by a third party designated by the school district.
- B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.
- C. In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.
- D. In addition, the school district may take immediate steps, at its discretion, to protect the complainant, pupils, teachers, administrators or other school personnel pending completion of an investigation of alleged unlawful sex discrimination toward a student.
- E. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

V. SCHOOL DISTRICT ACTION

- A. Upon conclusion of the investigation and receipt of a report, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law and school district policies.
- B. The result of the school district's investigation of each complaint filed under these procedures will be reported in writing to the complainant by the school district in accordance with state and federal law regarding data or records privacy.

VI. REPRISAL

The school district will discipline or take appropriate action against any pupil, teacher,

administrator, or other school personnel who retaliates against any person who reports alleged unlawful sex discrimination toward a student or any person who testifies, assists, or participates in an investigation, or who testifies, assists, or participates in a proceeding or hearing relating to such unlawful sex discrimination. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

VII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights, initiating civil action, or seeking redress under state criminal statutes and/or federal law, or contacting the Office of Civil Rights for the United States Department of Education.

VIII. DISSEMINATION OF POLICY AND EVALUATION

- A. This policy shall be made available to all students, parents/guardians of students, staff members, employee unions, and organizations.
- B. The school district shall review this policy and the school district's operation for compliance with state and federal laws prohibiting discrimination on a continuous basis.

524 INTERNET ACCEPTABLE USE AND SAFETY POLICY

I. PURPOSE

The purpose of this policy is to set forth policies and guidelines for access to the school district computer system and acceptable and safe use of the Internet, including electronic communications. This policy also applies to the use of personally owned computing devices when used in school and on school networks and on non-school networks during school.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to the school district computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system, student-owned communication devices, and the Internet throughout the curriculum and will provide guidance and instruction to students in their use as part of the mandated curriculum.

III. LIMITED EDUCATIONAL PURPOSE

The school district is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF SYSTEM

Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: –suspension or cancellation of use or access

privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

V. UNACCEPTABLE USES

- A. The following uses of the school district system and Internet resources or accounts are considered unacceptable:
1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit, or distribute:
 - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
 - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
 - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
 - d. information or materials that could cause damage or danger of disruption to the educational process;
 - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
 - f. Users will not use external proxy servers or other means of bypassing the district's Internet content filter to gain access to these materials.
 2. Users will not use the school district system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
 3. Users will not use the school district system to engage in any illegal act or violate any local, state, or federal statute or law.
 4. Users will not use the school district system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district system software, hardware, or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.

5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
 - a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with [parents](#)~~parents~~ [or guardians](#) or other staff members related to students).
 - b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:
 - (1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent [or](#) ~~/~~guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
 - (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

7. Users must keep all account information and passwords on file with the

designated school district official. –Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person’s account, or use computer accounts, access codes, or network identification other than those assigned to the user. –Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.

8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person’s property without the person’s prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
9. Users will not use the school district system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. –Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.

10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district’s Bullying Prohibition Policy 514. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.

- B. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. –Examples of such violations include, but are not limited to, situations where the school district system is compromised or if a school district employee or student is negatively impacted. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.
- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee’s immediate supervisor and/or the building administrator. –This disclosure may serve as a defense against an allegation that

the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

- D. Students using privately-owned electronic devices must follow the policy stated in this document while on school property, attending any school-sponsored activity, or using the [school] network.

VI. FILTER

- A. With respect to any of its computers with Internet access, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:

1. Obscene;
2. Child pornography; or
3. Harmful to minors.

The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:

- a. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
 - b. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - c. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- B. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
- C. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- D. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

VII. CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

VIII. LIMITED EXPECTATION OF PRIVACY

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. [Parents](#)[Parents or guardians](#) have the right at any time to investigate or review the contents of their child's files and e-mail files. [Parents](#)[Parents or guardians](#) have the right to request the termination of their child's individual account at any time.

Burnsville-Eagan-Savage School District Policy 532

532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS

I. PURPOSE

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school property and school activities.

II. GENERAL STATEMENT OF POLICY

Burnsville-Eagan-Savage School District is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

All students, including those with IEPs, are subject to the terms of the school district's discipline policy. Specific exceptions for a student with a disability may be set out in that student's Individual Education Program (IEP). School site administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Appropriate corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them in this section:

- A. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury or to prevent serious property damage.
- B. "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace

Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term “peace officer” includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.

- C. “School resource officer” is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to promote school safety, security, and positive relationships with students.
- D. “Crisis team” means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- E. The phrase “remove the student from school grounds” is the act of securing the person of a student with an IEP plan and escorting that student from the school building or school activity at which the student with an IEP is located.
- F. “Student with an IEP” or “the student” means a student who is eligible to receive special education and related services pursuant to the terms of an IEP.
- G. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

IV. REMOVAL OF STUDENTS WITH IEPs FROM SCHOOL GROUNDS

A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student’s behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building’s crisis team may be summoned. The crisis team may attempt to de-escalate the student’s behavior by means including, but not limited to, those described in the student’s IEP. When such measures fail, or when the crisis team determines that the student’s behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student’s behavior cannot be safely managed, school personnel may immediately request assistance from the police liaison officer or a peace officer.

B. Removal By School Resource Officer or Peace Officer

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the police liaison officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report suspected criminal activity committed by students with IEPs to appropriate authorities. If the school district reports suspected criminal activity by a student with an IEP to a school resource officer or peace officer and a police report is issued, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with [an IEP](#).

C. Reasonable Force Permitted

In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

In removing a student with an IEP from school grounds, police liaison officers and school district personnel are further prohibited from engaging in the following conduct:

1. Corporal punishment prohibited by Minn. Stat. § 121A.58;
2. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
3. Totally or partially restricting a child's senses as punishment;

4. Denying or restricting a child's access to equipment and devices such as walkers, wheel chairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;
5. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under Minn. Stat. § 626.556;
6. Physical holding (as defined in Minn. Stat. § 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
7. Withholding regularly scheduled meals or water; and/or
8. Denying a child access to toilet facilities.

D. Parental Notification

The school site administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's physical removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the student's IEP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minn. Stat § 125A.0942, Subd. 5, and otherwise comply with the requirements of § 125A.0942.

G. [Reporting to the Minnesota Department of Education \(MDE\)](#)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of prone restraints. By June 30 of each year, districts must report summary data on the use of restrictive procedures to the MDE, in a form and manner determined by the Commissioner. The summary data must include information about the use of restrictive procedures, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

Burnsville-Eagan-Savage School District Policy 707

707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents [or guardians](#) but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

III. DEFINITIONS

- A. “Child with a disability” includes every child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of Education. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district’s discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability. (Minn. Stat. § 125A.02)
- B. “Home” is the legal residence of the child. In the discretion of the school district, “home” also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student’s parent or guardian as the home of a student for

part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district. (Minn. Stat. § 123B.92, Subd. 1(b)(1); Minn. Stat. § 127A.47, Subd. 2)

- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances. (42 U.S.C. § 11434a)

- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minn. Stat. §120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d, *et seq.*). (Minn. Stat. §123B.41, Subd. 9)

- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents [or guardians](#) reside in different school districts, the student shall be a resident of the school district designated by the student's parents [or guardians](#). When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)

- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located. (Minn. Stat. § 123B.41, Subd. 4)

- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled. (42 U.S.C. § 11432(g)(3)(G))

- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minn. Stat. § 120A.22 by attendance at a nonpublic school. (Minn. Stat. § 126C.01, Subd. 8)

- I. “Student” means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota. (Minn. Stat. § 123B.41, Subd. 11)

IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident secondary students who reside one and one-half (1 ½) miles or more from the school, and all resident elementary students who reside one mile or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student’s parent or guardian. (Minn. Stat. § 123B.88, Subd. 1) Distances are calculated based on where a family driveway meets the street, following the center of the street, to the nearest access point to the school property.
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.
- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district’s expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation within its borders to a nonresident student at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)
- B. If the school district decides to transport a nonresident student within the student’s resident district, the school district will notify the student’s resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88,

Subd. 6)

- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents or guardians shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program. (Minn. Stat. § 123B.92, Subd. 3(b))

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion. (Minn. Stat. § 124D.041)

VII. SPECIAL EDUCATION STUDENTS/STUDENTS WITH A DISABILITY/STUDENTS WITH TEMPORARY DISABILITIES

- A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minn. Stat. § 123B.92, Subd. 1(b)(4), for a resident

~~student-child with a disability who is not yet enrolled in kindergarten, who requires special education services in a location other than the student's home, shall be provided transportation to and from the student's home at the expense of the school district and shall not be subject to any distance requirement, for the provision of special instruction and services. Special instruction and services for a child with a disability not yet enrolled in kindergarten include an individualized education program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs.~~
(Minn. Stat. § 123B.88, Subd. 1)

- B. Resident students with a disability whose IEP team determines that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the condition and applicable laws. This provision shall not be applicable to parents or guardians who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600)
- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district. (Minn. Stat. § 125A.65)
- D. If a resident student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary. (Minn. Stat. § 125A.12)
- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district. (Minn. Stat. § 125A.15(b); Minn. Stat. § 125A.51(d))

- F. When a nonresident student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation. (Minn. Stat. § 125A.15(c) and (d); Minn. Stat. § 125A.51(e))
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
 - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the secondary resident student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is one and one-half (1 ½) or more miles from the school, and for all resident elementary students who reside one mile or more from the school of origin and the student's transportation privileges have not been revoked. (42 U.S.C. § 11432(g)(1)(J)(iii)(I))
 - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked, unless the school district and the school district in which the

student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation. (Minn. Stat. § 125A.51(f); 42 U.S.C. § 11432(g)(1)(J)(iii)(II))

3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located. (Minn. Stat. § 125A.51(f))
4. A homeless nonresident student enrolled under Minn. Stat. § 124D.08, Subd. 2a, must be provided transportation from the student's district of residence to and from the school of enrollment. (Minn. Stat. § 123B.92, Subd. 3(c)).

IX. AVAILABILITY OF SERVICES

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, in the discretion of the school district, on staff development days. (Minn. Stat. § 123B.88, Subd. 21)

X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means. (Minn. Stat. § 123B.88, Subd. 1)

XI. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Education Improvement Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provisions. (Minn. Stat. § 121A.59)

XII. FEES

- A. In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional. (Minn. Stat. § 123B.36, Subd. 1(10))
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minn. Stat. § 190.05. (Minn. Stat. § 123B.36, Subds. 1(11) and 6)
- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee. (Minn. Stat. § 123B.36, Subd. 1(13))
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment site that is part of an approved work-based training program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs. (Minn. Stat. § 123B.36, Subd. 3)

806 CRISIS MANAGEMENT EMERGENCY OPERATIONS POLICY

I. PURPOSE

The purpose of this Crisis Management Emergency Operations Policy is to act as a guide for the school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. ~~For purposes of this Policy, the term, “school districts,” shall include charter schools.~~ The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management emergency operations plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management emergency operations plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management emergency operations plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management emergency operations plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district’s Crisis Management Emergency Operations Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management emergency operations plan to meet that building’s specific situation and needs.

The school district’s administration and/or the administration of each building shall present tailored building-specific crisis management emergency operations plans to the school board for review and approval. ~~The building-specific crisis management emergency operations plans will include general crisis emergency procedures and crisis emergency-specific procedures. ~~Upon approval by the school board, such crisis management emergency operations plans shall be an addendum to this Crisis Management Emergency Operations Policy. This Policy~~~~

and the plans will be maintained and updated on an annual basis.

B. Elements of the District ~~Crisis Management~~Emergency Operations Policy

1. General ~~Crisis~~—Emergency Procedures. The ~~Crisis Management~~Emergency Operations Policy includes general ~~crisis emergency~~ procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. —The Policy designates the individual(s) who will determine when these actions will be taken. —These district-wide procedures may be modified by building administrators when creating their building-specific ~~crisis management~~emergency operations plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. —The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. ~~Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.~~

All general ~~crisis~~—emergency procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.
- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. —Each building's ~~crisis management~~emergency operations plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. —Safe areas may change based upon the specific

- emergency situation. –The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.
- c. Sheltering Procedures. –Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. –The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. –Each building administrator will submit sheltering procedures for his or her building as part of the building-specific [crisis management emergency operations](#) plan.
- d. Training Procedures. Building administrators are responsible for providing training for staff and students so they are prepared to respond appropriately in emergency situations. —Building administrators should use the state-mandated fire drills, lock-down drills, and tornado drills as opportunities for this training. –In addition, building administrators should provide copies of this [Crisis Management Emergency Operations](#) Policy to employees. Each building’s [crisis management emergency operations](#) plan will include procedures for training and conducting drills.
- e. Communication Procedures. Responding quickly is a major factor in crisis communications. –Timely response reduces tension, confusion, worry, and doubt. —Each building’s [crisis management emergency operations](#) plan will include explanation of the communication roles of the building administrator, the Communication Coordinator, and the Superintendent in a crisis situation. —Communication following an emergency is also important. –The following actions should be taken as appropriate after a crisis: –letter to parents; media release; staff meeting; incident documentation; and report to the school board.
2. Crisis Emergency-Specific Procedures. The [Crisis Management Emergency Operations](#) Policy includes [crisis-specific](#) procedures for [crisis-emergency](#) situations that may occur during the school day or at school-sponsored events and functions. –These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific [crisis-emergency management operations](#) plans.

3. School Emergency Response Teams

- a. Composition. The building administrator in each school building will select a ~~erisis-school emergency~~ response team that will be trained to respond to emergency situations. All ~~erisis-school emergency~~ response team members will receive on-going training to carry out the building's ~~erisis-managementemergency operations~~ plans and will have knowledge of procedures, evacuation routes, and safe areas. -For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. -Each building will maintain a current list of school emergency response team members which will be updated annually. —The building administrator and designee(s) will know the location of that list in the event of a ~~erisis-school emergency~~. A copy of the list will be kept on file in the school district office.

- b. Leaders. The building administrator or designee will serve as the leader of the ~~erisis-school emergency~~ response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the ~~erisis-emergency~~ response team. -When emergency response personnel are present, they may elect to take command and control of the crisis. -It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response personnel.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees. Teachers generally have the most direct contact with students on a day-to-day basis. -As a result, they must be aware of their role in responding to ~~erisis-emergency~~ situations. -This also applies to non-teaching school personnel who have direct contact with students. -All staff shall be aware of the school district's ~~Crisis-ManagementEmergency Operations~~ Policy and their own building's ~~erisis-managementemergency operations~~ plan. —Each school's building-specific ~~erisis-managementemergency operations~~ plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific ~~erisis-managementemergency operations~~ plans and shall receive periodic training on plan implementation.

2. Students and Parents or Guardians. Students and parents or guardians shall be made aware of the school district's Crisis ManagementEmergency Operations Policy and relevant tailored erisis-managementemergency operations plans for each school building. -Each school district's building-specific erisis-management-emergency operations plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area suggested at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)
2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See Minn. Stat. § 121A.035.
6. A record of fire drills conducted at the building will be maintained in the building administrator's office.
7. The school district will have prearranged sites for emergency sheltering and transportation as needed.

8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and updated annually.

~~School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.~~

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will describe potential reasons for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (such as designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will provide for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines counseling to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school

psychologists and counselors, to determine the level of intervention needed for students and staff.

2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.
4. Social/emotional recovery.

IV. PROCEDURES INCLUDED IN THIS POLICY

locked prior to and after regular building hours.

Burnsville-Eagan-Savage School District Policy 906

906 COMMUNITY NOTIFICATION OF PREDATORY OFFENDERS

~~*[Note: School board adoption of a policy regarding a predatory offender notification is discretionary. The Sex Offender Community Notification Act, Minn. Stat. § 244.052, imposes duties on law enforcement agencies but does not impose mandatory notification duties on school districts except as set forth in Paragraph IV.B.6., below.]*~~

I. PURPOSE

The purpose of this policy is to assist school administrators and staff members in responding to a notification by a law enforcement agency that a convicted predatory offender is moving into the school district so that they may better protect individuals in the school's care while they are on or near the school district premises or under the control of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide information to staff regarding known predatory offenders that are moving into the school district so that they may monitor school premises for the safety of the school, its students, and employees. Staff will be notified as appropriate and have access to Offender Fact Sheets.
- B. The superintendent, in cooperation with appropriate school transportation officials, will evaluate bus routes and bus stops. Bus drivers will have access to Offender Fact Sheets. If necessary, bus stops may be moved if they place children in close proximity to a predatory offender who has been convicted of crimes against children of similar ages.
- C. The superintendent, in conjunction with the building principal or designee, shall prepare or provide safety information for distribution to students regarding protecting themselves from abuse, abduction, or exploitation. The school district will prepare a list of available resources. Staff will provide safety information to students on how to protect themselves against abuse, abduction, or exploitation. School officials may ask their police liaison officer or local law enforcement officials for assistance in providing instruction to staff and students.

III. DEFINITIONS

- A. The "Sex Offender Community Notification Act," Minn. Stat. § 244.052, as amended, allows law enforcement agencies to disclose information about certain predatory offenders when they are released into the community. The information

disclosed and to whom it is disclosed will depend upon their assessment of the level of risk posed by the predatory offender.

B. “Risk Level Assessment” is the level of danger to the community as established by the Minnesota Department of Corrections following a review by a committee of experts. The level of risk assigned to a soon-to-be-released offender determines the scope of notification. (Minn. Stat. § 244.052, Subds. 2, 3)

C. “Risk Levels”

1. “Level I” – Risk Level I is assigned to a predatory offender whose risk assessment score indicates a low risk of reoffense.
2. “Level II” – Risk Level II is assigned to a predatory offender whose risk assessment score indicates a moderate risk of reoffense.
3. “Level III” – Risk Level III is assigned to a predatory offender whose risk assessment score indicates a high risk of reoffense.

(Minn. Stat. § 244.052, Subd. 3(e))

D. “Notification or Disclosure by Law Enforcement Agency”

1. Risk Level I – The local law enforcement agency may disclose certain information to other law enforcement agencies and to any victims of or witnesses to the offense committed by the offender. There will be no disclosure to school districts.
2. Risk Level II – In addition to those notified in Level I, a law enforcement agency may notify agencies and groups the offender is likely to encounter that the offender is about to move into the community and provide to those agencies and groups an Offender Fact Sheet on the offender. School districts, private schools, day care centers, and other institutions serving those likely to be victimized by the predatory offender are included in a Level II notification.
3. Risk Level III – In most cases, the local law enforcement agencies will hold a community meeting and distribute an Offender Fact Sheet with information concerning and a photograph of the soon-to-be-released Level III offender.

(Minn. Stat. § 244.052, Subd. 4)

E. “Offender Fact Sheet” is a data sheet compiled by the Department of Corrections or local law enforcement agency. The Offender Fact Sheet contains both public and private data including a photograph and physical description of the predatory offender, as well as the general location of the offender’s residence.

1. A local law enforcement agency will generally provide Offender Fact Sheets for Level II predatory offenders directly to the school district.
 2. Level III Offender Fact Sheets will be distributed at a community meeting conducted by the local law enforcement agency.
- F. “Law enforcement agency” means the law enforcement agency having primary jurisdiction over the location where the offender expects to reside upon release. (Minn. Stat. § 244.052, Subd. 1(3))
- G. “Criminal history conviction data” is public data on a convicted criminal which is compiled by the State Bureau of Criminal Apprehension (BCA). (Minn. Stat. § 13.87)

IV. PROCEDURES

A. Level II Notification

In keeping with the statutorily designated purpose that Offender Fact Sheets are to be used by staff members to secure the school and protect individuals in the school district’s care while they are on or near the school district’s premises or under the control of the school district, the school district will take the following steps:

1. The superintendent shall notify the law enforcement agencies within the school district that all appropriate Level II and Level III notifications are to be provided at least to the superintendent of schools.
2. Upon notification of the release of a Level II predatory offender, the superintendent shall forward the Offender Fact Sheet to all building principals and central office administrators. This would include transportation, food service and buildings and grounds supervisors.
3. Principals of schools in close proximity to the Level II predatory offender’s residence shall meet with staff and show the Offender Fact Sheet to persons within the buildings who supervise students or who would be in a position to observe if the Level II offender was in or around the school. This includes, but is not limited to, administrators, teachers, coaches, paraprofessionals, custodians, clerical and office workers, food service workers, volunteers, and transportation providers.
4. The school district shall request criminal history conviction data on the Level II predatory offender from its local law enforcement agency. On a case-by-case basis, the superintendent may determine whether to send a letter to parents with general information regarding release of the Level II offender and a copy of the criminal history conviction data that the school district obtained from its local law enforcement agency. The offender fact sheet contains data classified as private or not public under Minnesota law

and may only be distributed to parents, students, or others outside the school district if it determines the release is for the purpose of securing the schools and protecting individuals under the school district's care while they are on or near school premises.

5. The building administrator shall cause the Offender Fact Sheet to be posted in each building in an area accessible to staff and employees but not the general public unless a determination has been made that public posting will help secure the school or protect students.
6. The school district shall not distribute or provide access to Level II Offender Fact Sheets to parents, students, or others outside the school district unless a determination has been made that dissemination of the data will help secure the school or protect students.

~~*[Note: The Department of Administration issued an opinion confirming that the Predatory Offender Fact Sheet contains private data or not public data. However, it is the department's opinion that a school district may release any information contained in the notification to anyone, including staff, students, parents, and guardians, if it determines that the release of data will help secure the school or protect students.]*~~

B. Level III Notification

1. The superintendent shall notify the law enforcement agencies within the school district that all Level III notifications of community meetings are to be provided to the superintendent of schools.
2. When a Level III predatory offender is released into a community, generally the local law enforcement agency will notify the school district of the time and location of the community meeting at which the Level III Offender Fact Sheet will be distributed to the community.
3. When the school district receives this information, the superintendent shall determine on a case-by-case basis whether the school district will notify parents and students of the time, date, and location of the community meeting.
4. When notified of a Level III predatory offender community meeting the superintendent or another school district administrator designated by the superintendent shall attend the community notification meeting.
5. When the school district receives information that a Level III predatory offender is moving into the school district, in addition to following the procedures specified above, the school district shall follow the procedures outlined for a Level II notification.

6. If the predatory offender is participating in programs offered by the school district that require or allow the person to interact with children other than the person's children, the superintendent shall notify parents of children in the school district of the contents of the Offender Fact Sheet.

A. Level II Notification

In keeping with the statutorily designated purpose that Offender Fact Sheets are to be used by staff members to secure the school and protect individuals in the school district's care while they are on or near the school district's premises or under the control of the school district, the school district will take the following steps:

1. The superintendent shall request the law enforcement agencies within the school district that all appropriate Level II and Level III notifications are to be provided at least to the superintendent of schools.
2. Upon notification of the release of a Level II sex offender, the superintendent shall forward the Offender Fact Sheet to all building principals and central office administrators. This would include transportation, food service and buildings and grounds supervisors.
3. Principals of schools in close proximity to the Level II sex offender's residence shall meet with staff and show the Offender Fact Sheet to persons within the buildings who supervise students or who would be in a position to observe if the Level II sex offender was in or around the school. This includes, but it not limited to, administrators, teachers,

coaches, paraprofessionals, custodians, clerical and office workers, food service workers, volunteers and transportation providers.

4. The school district shall request criminal history conviction data on the Level II sex offender from its local law enforcement agency. On a case by case basis, the superintendent may determine whether to send a letter to parents with general information regarding release of the Level II sex offender and a copy of the criminal history conviction data that the school district obtained from its local law enforcement agency. **The school district shall not distribute or provide access to the Offender Fact Sheet to parents, students or others outside the school district as it contains private data under Minnesota law.**
5. The building administrator shall cause the Offender Fact Sheet to be posted in each building in an area accessible to staff and employees but not the general public.
6. The school district shall not distribute or provide access to Level II Offender Fact Sheets to parents, students or others outside the school district. The building administrator should advise parents and other concerned parties to contact the local law enforcement agency.

B. Level III Notification

1. The superintendent shall request the law enforcement agencies within the school district that all Level III notifications of community meetings be provided to the superintendent of schools.
2. When a Level III sex offender is released into a community, generally the local law enforcement agency will notify the school district of the time and location of the community meeting at which the Level III Offender Fact Sheet will be distributed to the community.
3. When the school district receives this information, the superintendent shall determine on a case-by-case basis whether the school district will notify parents and students of the time, date and location of the community meeting.
4. When notified of a Level III sex offender community meeting the superintendent or another school district administrator designated by the superintendent shall attend the community notification meeting.
5. When the school district receives information that a Level III sex offender is moving into the school district, in addition to following the procedures specified above, the school district shall follow the procedures outlined for a Level II notification.

I. District 191 Mission

Independent School District 191 believes learners are best served by the active participation of all parents and citizens of its community. It is our belief that volunteers help individualize instruction, promote school/community interaction, support school activities, provide multi-generational and multi-cultural experiences, and enrich the curriculum for all learners. To this end, the organization accepts and encourages the involvement and development of volunteers at all levels in the organization and within all appropriate programs and activities.

We believe that to best serve this goal, each site requires a volunteer services coordinator to assist staff and parents in creating a successful volunteer program within their unique school community. The volunteer services coordinator would assist each site in creating an inclusive environment to encourage meaningful and productive roles for volunteers in order to achieve the goals of the school district.

II. General Statements

A. Purpose for a Policy for Volunteerism

The purpose of the policy is to provide overall direction to paid and non-paid staff engaged in volunteerism in Independent School District 191. This volunteer policy is intended for internal guidance only and does not constitute binding contractual or personnel agreement. The Board of Education reserves the right to change any aspect of the policy at any time and expect adherence to the changed policy.

B. Scope of the Volunteer Policy

Unless specifically stated, the policy applies to all non-elected volunteers in all programs and projects undertaken by or on behalf of the organization and to all departments, schools and partnership sites of operation of ISD 191.

The School District recognizes that volunteers do not assume primary responsibility for instruction but reinforce skills taught by the professional staff. Volunteers will be placed with careful consideration of how their presence supports the educational objective of a class or the curriculum.

C. Role of 191 Volunteer Services

The productive utilization of volunteers requires a planned and organized effort. A decentralized volunteer administration process will be created resulting in the recruitment, retention, and recognition of volunteers at the local level. Recognizing that every level of the district has a responsibility to this effort, general assignments are listed below.

1. Partnership Coordinator
 - Central coordinating point for volunteer services
 - Establish a Volunteerism Advisory Board that will meet to review goals and progress of the volunteerism initiative
 - Advise volunteer coordinators who meet monthly

2. Volunteer Coordinator
 - Assist Partnership Coordinator
 - Provide standards, guidelines, and other volunteer program materials for site coordinators
 - Provide and support and assistance volunteer coordinators
 - Coordinate and oversee consistent volunteer manuals at each site
 - Assist in screening and adherence to all District Policy
 - Direct volunteer opportunities to appropriate sites
 - Provide formal and informal staff development for volunteer coordinators
 - Assist in overseeing volunteer budget expenditures

3. Site Volunteer Coordinator
 - Recruit volunteers at each site
 - Regularly provide orientation for volunteers
 - Provide ongoing support and recognition of volunteers
 - Assess volunteer needs within school
 - Compile list of volunteers and keep a current database
 - Provide volunteer information at various school functions
 - Report to district volunteer information
 - Attend monthly volunteer coordinator meetings
 - Promote volunteerism at site

D. Volunteer Requirements and Liability Insurance

An application form will be required of all volunteers.

Volunteers will be required to attend an orientation session during their first 30 days of volunteering.

The Board of Education recognizes that the operation of the schools presents a wide variety of circumstances under which decisions are made and carried out. The nature of specific issues and circumstances often present the opportunity for considerable involvement in the decision-making process by stakeholders throughout the school community. Other situations may require more immediate and decisive action where wide involvement and deliberation would not be appropriate.

The Board of Education is committed to the concept of shared decision-making whenever and wherever the issue or situation at hand makes such involvement appropriate and advantageous to the outcome of the decision. This commitment is an expression of the belief that shared decision-making is likely to result in insightful, effective and efficient solutions to local educational concerns.

The Board charges the superintendent with the responsibility to encourage staff, parent, community, and, where appropriate, student involvement in shared decision-making in all appropriate circumstances, and to foster collaborative efforts on behalf of increased quality in educational programs and services in the Burnsville-Eagan-Savage School District.

The superintendent is charged with encouraging collaboration and participation in decision-making as appropriate throughout the Burnsville-Eagan-Savage School District. The Board of Education commitment to shared decision-making is based on the belief that decisions made with the benefit of diverse perspectives and the insights of those affected by such decisions are likely to be of higher quality and result in greater commitment to implementation.

This commitment to a shared decision-making approach is accompanied by decision parameters to assist those charged with managing and participating in the decision-making process to understand the expectation inherent in this approach. These parameters are to be used throughout the decision-making process and should be utilized to evaluate the appropriateness and supportability of any decision arrived at via a participatory approach. Not all of the parameters will apply in all circumstances. Nevertheless, decisions and proposals with an impact beyond an individual school or site will be evaluated utilizing the full set of parameters.

The parameters for shared decision-making are:

- 1) alignment with School District strategic plan and relevant goals;
- 2) utilization of effective research and practice;
- 3) inclusion of appropriate assessment plan and tools;
- 4) collaboration within the school community, with central office staff and with peers, as appropriate;
- 5) compliance with federal, state and local laws, regulatory agency rules, Board policies and regulations, and negotiated employee agreements. Where decisions are not in compliance, but where waivers are permitted, changes should be identified and rationale provided. Waivers must be requested and granted before implementation of any non-complying decision; and,
- 6) assurance of a reasonable level of awareness and support within the School District community, including the Board of Education and others with an interest in the decision.

Copyright Law, P.L. 94-553 (effective January 1, 1978) and Official Guidelines

The intent of P.L. 94-553 is to protect authors, creators, producers, and publishers by allowing them to control the publication of the works and to obtain economic profits from their distribution.

Permissions

If the proposed use of the copyrighted work is outside the scope of "fair use" (Section 107 of P.L. 94-553) or other relevant sections of P.L. 94-553, which permit such use, employees must secure permission to copy, reproduce in whole or in part. Or to change media format. Such permissions must be secured via a written request to the copyright owner (s). Such permissions or authorizations to copy must be received prior to the act of copying and be limited to the conditions established by the copyright owner (s). Responsibility for securing permission (s) to copy or reproduce rests with the employee who receives the most direct benefit from the act, i.e., the user of the copies or reproduced material.

Fair Use

P.L. 94-553, Section 107, provides the criteria under which some unauthorized reproduction of copyrighted materials is permitted for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship or research.

The fair use provision of P.L. 94-553, Section 107, is further defined in an "Agreement on Guidelines for Classroom Copying in Not-For-Profit Educational Institutions" under "fair use," Section 107, H.R. 2223, which governs the unauthorized copying of printed, graphic and music material. Employees shall be personally responsible for compliance with these guidelines, a copy of which will be placed in an appropriate place in each District building where copying occurs.

Copying and Distribution of Audio Visual Works

The "fair use" exclusions which allow certain non-authorized copying of printed material do not transfer or apply to audio-visual works, therefore, unless the appropriate permissions have been secured in advance, copying or reproduction of audio-visual works is prohibited unless intended for legitimate scholarly or research purposes. P. L. 94-553, Section 108, Subsection (h) stipulated that the unauthorized copying and distribution of copyrighted works under certain limited circumstances "do not apply to a musical work, a pictorial, graphic or sculptural work, or a motion picture or other audio-visual work (i.e., phono-disc, or audio-tape, video-tape, off-the-air recording of instructional or commercial television broadcasts, slides, filmstrips, transparencies, et al, or translation from one media to another, except certain audio-visual works dealing with news."

CONSIDERATION OF FACILITY RETIREMENT

“School facility” means all school property including District buildings, sports facilities and undeveloped land.

Prior to closing a school facility the Board shall consider alternatives to facility retirement. Alternatives may include changing school boundaries to affect enrollment, shifting programs from one building to another and implementation of new programs.

A decision to study facility closing should be made when a facility is no longer needed or when declining enrollment reaches a point at which continued operation of all facilities would result in detrimental effects of a part or all of the educational program and would also result in adverse effects on the financial management of the District.

CRITERIA FOR SELECTING FACILITY RETIREMENT

When a facility is considered for closing, educational program impact should be determined, an assessment of comparable facilities should be addressed, and the consequences for placement of students should be specified.

The criteria governing the selection of facilities to be closed are classified as follows:

Education Program Assessment

Educational Facility – The optimal enrollment, school size, room configuration and site for an educational facility should be defined to maintain an effective education program.

Educational Services – Services related to media, special programs, food distribution, administration, custodial and storage areas should be considered in light of current needs.

Staffing Patterns – Staffing to support a typical educational program in the type of building under consideration for closing should be determined based upon the current education program in effect.

Present Facility Analysis

Facility Space – Each facility under consideration should be analyzed to determine all space available to support an educational program.

Facility Financial Assessment – A comparison of maintenance and operation costs to include energy, utility and service contracts should be conducted.

Facility Physical Condition – Consideration should be given to the age and future useful life, necessary or planned building improvement, compliance with city, state and federal building codes and short and long range maintenance requirements.

Facility and Site unique Factors – Consideration should be given to those physical characteristics which could not be easily duplicated or would be difficult to replace, such as pools, theaters, athletic or playground facilities, adjacent park facilities, etc.

School / Community Implications

Enrollment – District enrollment trends should be examined to determine if a school building could be closed.

Student Reassignment – School attendance areas should be simulated to assure as much as possible in adequate distribution for students among the remaining buildings.

Student Transportation – Transportation safety and number of students transported should be considered for all affected attendance areas.

Demographic Assessment – The composition of neighborhoods relative to type and age of housing, potential for growth, enrollment trends and permanency of a decision to close a school should be studied.

Disposition of Closed Facility

District Need to Retain Facility – Consideration should be given to projecting future educational needs of the District in relationship to changing enrollment/population trends and space requirements for educationally related activities under the direction of the District.

Facility Usage Alternatives – a listing of potential uses for a closed facility should be developed to include the sale or lease of the facility, potential for other District use, and consistency with other governmental area plans.

RECOMMENDATION FOR SELECTING A FACILITY FOR RETIREMENT

A process for selecting a facility for retirement will be determined by combining those criteria specified under “Criteria for Selecting a Facility for Retirement” into statements that can be considered in a weighting process. Each statement will be assigned a weighting rank. A ranking process will be employed in the final selection for a facility retirement.

Recommendations may also consist of compilations of school facility assessments and other materials and judgments the committee feels are relevant to their final recommendation.

A net savings, if any, associated with each facility rated in ‘Present Facility Analysis’ will be calculated to include salaries, fringe benefits, maintenance and operations, supplies and materials.

The disposition of an existing facility will be determined at the time of specifying the retirement-based on the criteria in “Disposition of Closed Facility.”

PROCEDURE FOR PUBLIC HEARINGS AS PART OF DELIBERATIONS TO CLOSE A SCHOOL FACILITY

The Board shall conduct public hearings to explain the need to retire a school facility and to present the supporting documentation that has been accumulated.

The public hearing shall be fully informed of all deliberations and decisions relating to the closing or potential closing of a school.

PROCEDURE FOR SALE, LEASE OR RETENTION OF A SCHOOL FACILITY

If a facility is to be sold, the District's Business Manager shall proceed as directed by the School Board.

Funds generated from the sale of real property shall be deposited in the Debt Redemption Fund or Capital Expenditure Fund as required by Minnesota Statutes.

Lease of a school facility shall be examined in terms of short term and long term advantages to the District as compared to sale of the facility or continued ownership of vacated property.

Continued ownership of a closed facility shall be determined on the basis of alternate uses, cost of ownership, current and projected needs, feasibility of sale or lease and consequences of sale or lease.

Prior to committing a facility to an alternate use, the city government shall be consulted to determine if the proposed use is permissible under local zoning ordinances.

PROCEDURE FOR IMPLEMENTATION OF SCHOOL CLOSING

The Building principal shall be responsible for building equipment and supplies inventories, updating all student records, transferring of student records to the new school of attendance, collecting and cataloging all keys held by employees, closing of all student activity bank accounts via transfer to appropriate accounts in other buildings and the discontinuance and finalization of all purchasing.

The Office of Human Resources will inform all District employees of the impending closure and the possible effects on each staff member. Placing individuals on unrequested leave of absence must be completed pursuant to Minnesota Statutes, District Policy and applicable Master Agreements.

The custodial staff, under the direction of the Director of Operations or his/her designee, shall prepare the building for retirement by securing all entrances and windows, draining the plumbing fixtures and shutting down all mechanical equipment.

The Director of Planning and Information Systems will provide a plan for the reassignment of students, taking into consideration the enrollment in neighboring schools, walking distances, building capacities, projected enrollment changes, programs and transportation requirements.

The Superintendent will inform all District residents of the impending closure, the schedule of events designed to implement the closure and the changes in attendance areas resulting from the closure.

The Director of Purchasing and Properties shall direct the transfer, storage, sale or relocation of all materials and equipment housed in the facility to be closed.

PURPOSE

The purpose of this policy is to clarify the roles and responsibilities of individuals when community based home care (CBHC) agency staff accompany medically fragile students to school.

ROLES AND RESPONSIBILITIES

Principal/Administrative Designee

All instructional and support staff in a school are supervised by the building principal. Decisions regarding the implementation of District policies and building procedures are the responsibility of the principal. Questions related to these matters should be addressed to the principal.

- A. The building principal directs the special education case manager or designee to maintain frequent communications with the parents and community based home care agency staff.
- B. The building principal or designee will encourage and support frequent dialogue between the school and CBHC agency staff to ensure the development and maintenance of a supportive program, which is in the best interest of the child.
- C. The building principal or designee will ensure that the school nurse is aware of the medical needs of the child, through communication with the parents, CBHC agency staff, and the medical community, in order to provide appropriate response in case of an emergency.

Parent

- A. The parent is the advocate for their child's educational program and should communicate concerns about the school program directly to the school staff.
- B. The parent obtains doctor's orders and gives signed permission to release information to be shared between the doctor and the school.
- C. The parent keeps medical information on their child up-to-date with the licensed school nurse.

Special Education Teacher/Case Manager

- A. Is responsible for the direction of all classroom activities and for all persons working within the classroom setting.
- B. Is responsible for case management of the student's educational program.
 - 1. Calls team meetings.

2. Completes the student's IFSP/IEP. Includes under adaptations, agency's role and responsibilities related to the student.
 3. Develops and implements the student's daily schedule.
 4. Ensures that appropriate support services, including related services, are delivered as identified on the IFSP/IEP.
 5. Responsible for defining and implementing, in collaboration with CBHC agency staff, interventions to manage behaviors which directly impact the child's medical condition.
 6. Communicates directly with the parent regarding the child's educational program. The teacher must avoid using the CBHC agency staff as a conduit for information as a substitute for direct communication with the parent.
- C. Given parent permission prior to appearance of the CBHC agency staff member, the teacher is responsible to inform children in both the special and general education classrooms and their parents, if appropriate, of the child's need for service and the role of the CBHC agency staff.
- D. To foster appropriate communication between school nursing personnel and educational staff.
- E. Maintains confidentiality of educational information received from parent. In cases where the teacher determines it is in the best interest of the child, information will be shared with the CBHC agency staff but only after parental permission is obtained.
- F. Orient CBHC agency staff to the building, phone use and appropriate building staff.
- G. To facilitate carry over of educational objectives into the home environment.

Licensed School Nurse (LSN)

The licensed school nurse (LSN) is responsible for health services to all students enrolled in the school. Because the LSN will not be providing direct care to the student, the Individualized Health Plan (IHP) will reflect case management or care coordination activities.

- A. Is responsible to meet the CBHC agency staff and the agency case manager to develop initial school plan.
- B. Helps to determine where and when students' medical needs will be met within the school setting.
- C. Fosters communication between primary care provider, CBHC agency, school staff and parents.
- D. Obtains necessary release of information needed between CBHC agency and school, assuring student confidentiality.
- E. Orients CBHC agency staff to health office, use of phone, OSHA guidelines for schools, and emergency supplies or procedures.
- F. Is a member of the IFSP/IEP team and provides health information needed for special education planning.

- G. Obtains care plan from CBHC agency case manager initially and periodically when renewals/reviews are completed. This care plan is part of the pupil health record and may be part of the Individualized Health Plan.
- H. The LSN should develop an ECP (Emergency Care Plan) and/or EEP (Emergency Evacuation Plan) if appropriate.
- I. The LSN facilitates storage of needed equipment such as oxygen, suctioning machine, humidity or IV pole.
- J. The special education teacher instructs CBHC agency staff to keep incidental information on other students confidential.
- K. The LSN collaborates with classroom staff and CBHC agency to provide information to classmates/parents if appropriate.

Community Based Home Care (CBHC) Agencies

The role of the CBHC agency staff is to attend to medical needs of the individual student, provide direct nursing care, and work cooperatively with school staff for the benefit of the student.

- A. Provides name, address and telephone number of CBHC agency, supervisor and case manager. Also, provides name/title of those attending school with the student.
- B. CBHC agency nurses are hired on a home care basis and are responsible for the student's nursing care in the school setting and on field trips.
- C. The agency case manager meets with LSN to provide care plan, initial follow-up, and each review thereafter. Keep LSN informed in writing of any changes in health status or procedures performed during the school day.
- D. Indicates the distance the CBHC staff should be from the student, such as on call outside the classroom or within the classroom.
- E. Clearly describes behaviors/conditions which require medical attention. Other behaviors should be dealt with by school staff as much as possible. Questions will sometimes arise about relative nursing vs. school staff responsibility. In such situations, open discussion and problem solving should occur immediately.
- F. Work with LSN and classroom staff to decide when and where nursing procedures will be performed to avoid classroom disruption.
- G. Collaborate with LSN and classroom staff to provide information or in-service to classmates/parents, if appropriate.
- H. CBHC agency staff is responsible to assist only the student(s) receiving agency services.
- I. CBHC agency nurses who accompany a student on school buses are only responsible for the student under their care.
- J. Maintain confidential any information derived from parent or home situation. In those cases where it is the judgment of the CBHC agency staff that it is in the interest of the child for information to be shared, parental written permission will be obtained.

- K. Does not act as a conduit of communication between parent and school about educational concerns, but instead guides the parent to communicate directly with school staff, so as to avoid misunderstandings.
- L. May attend IFSP/IEP meetings or educational conferences by invitation of parent, following due process procedures.
- M. Provides orientation to LSN and school staff regarding CBHC agency structure, and roles and responsibility of agency staff.
- N. If either school or CBHC agency staff have concerns or questions about specific situations or about either the educational program or the nursing service, they first should communicate directly with the professional staff involved in the situations. (Meetings of the student's child study team can be a good vehicle for such communication. If concern or questions cannot be resolved at that level, mutual consideration and respect, professional judgment and policies of the involved agencies should determine to whom questions and concerns are referred.)

Resident Student

Admission to the schools within the District shall be free to any person who resides within the District, who is under 21 years of age and who satisfies the minimum age requirements set forth in Minnesota Statutes, Regulations and School District policies and regulations.

The district of residence refers to the student's residence and not that of the parent(s) or guardian(s).

If the presence of a child in the District is for the purpose of receiving personal care, attention, supervision, and nurture, as is usually provided in a home, such child becomes a resident of the District and is entitled to free education.

The designation by parents of friends or relatives as agents of the parents for all school matters while the child resides with the friends or relatives will not establish residence for the child if the majority of decision-making and emotional and financial support is still being provided by the parents.

The parent or guardian of a resident student who wishes to attend school outside the District shall notify this District in writing of their intention to transfer and secure the approval of the receiving district.

Entrance Age

A child may be admitted to kindergarten in School District 191 if the fifth birthday is on or before September 1.

Verification of Age

If a parent/guardian does not comply with the policy requirement, the building principal will notify the parent/guardian in writing that a birth certificate or other satisfactory evidence must be submitted in order that the child remains in school.

Reasonable length of time to secure the birth certificate or other satisfactory evidence will be afforded the parent/guardian.

Immunization

All students enrolled in District 191 schools are required to show proof of immunizations or appropriate documentation exempting the student from such immunizations according to State law. If a student has not received the immunizations or provided documentation of exemption required by State law, the student will not be permitted to attend school until all such requirements have been met.

Early Admissions - Kindergarten

Initial admission to kindergarten shall be solely on the basis of chronological age, except in special cases. The goal of this policy is to give consideration for early entrance to children who have missed the birth date cut-off by two months or less (September 2 through October 31) and who demonstrate superior potential readiness in intellectual, social, emotional and physical areas.

In cases where parents request early admission to kindergarten, the procedures in Policy JECA, JECA-R will be followed.

Early Admission - First Grade

A child reaching the age of six on or before September 1 of the school year shall be eligible for first grade. Children reaching the age of six after that date will not be eligible for first grade until the following September.

Exceptions to this rule are children who apply for admission after completing a full year's work in either a public school kindergarten outside of the District or a nonpublic kindergarten recognized as meeting the same qualifications as the public school kindergartens.

The child shall be placed in the first grade for observation by the classroom teacher, school psychologist, and the building principal. After these observations have been completed, the principal shall determine the final grade placement.

A five-year-old child, who has not attended kindergarten, with intellectual, physical and emotional readiness indicators that suggest early first grade entrance may be in the best educational interest of the child will follow the procedure for early kindergarten entrance. However, a District psychologist will do the evaluation.

Other Grades and Transfers

Admission of children to all other grades shall involve a consideration of both chronological age and the readiness of the children to do the work required.

A child being considered for admission or transfer based on prior schooling outside of the District will be placed initially in the grade their age and grade level placement elsewhere indicated, unless there are extenuating circumstances. This placement will be made with parent involvement and consultation. Observations will be conducted by classroom teachers, guidance personnel, and the school principal. After these observations have been completed, the principal will determine the final grade placement of the child.

Nonresident Agreement

The District will consider admittance of nonresident students upon application by the student's parent or guardian to the Superintendent or his designee on Nonresident Student Attendance Agreement forms.

The District will admit nonresident students where the parent or guardian has received the approval of the school boards of both the resident and nonresident district on Form ED-01564-05. This approval shall be for the current school year only and must be renewed annually.

The District may provide for the admission of nonresident students and students above school age to the schools of the District and fix the rates of tuition for such pupil. In those cases where the parent of a child has purchased a home or has made a tangible contract for rental in the Burnsville-Eagan-Savage School District, such child may be admitted to the Burnsville Schools, provided the parent or guardian meets the requirements as specified in District policy.

Students whose parents move out of the District may be allowed to continue their education in this school system provided the student(s) meet the residence requirement.

The parent is fully responsible for all transportation to and from school while the student's residency is outside District 191.

Applications on behalf of nonresident students shall be submitted to the Office of Planning and Information Systems. This office will contact the appropriate receiving school principal or designee who may interview the student and/or parent making application and recommend acceptance or denial. The Office of Planning and Information Systems will notify the resident district of this District's decision.

Applications on behalf of nonresident students must indicate if the student is receiving any special services in his or her district of residence.

Parents or guardians and the respective student shall furnish the receiving school principal or designee a copy of the current school program of the student including an Individual Education Plan (I.E.P.), and any other pertinent information that the principal may request prior to the interview.

Tuition costs for nonresident students shall be determined in accordance with the Manual of Instruction for Uniform Financial Accounting for Minnesota Schools, Chapter IX.

Enrollment Options Programs

Minnesota Statute provides all state residents with the opportunity of participating in numerous enrollment options programs. Enrollment options programs include Open Enrollment, High School Graduation Incentives, Diploma Opportunities for Adults 21 and Over, Area Learning Centers, Public and Private Alternative Programs and Educating Programs for Pregnant Minors and Minor Parents.

It is the responsibility of the Director of Planning and Information Services to inform all District residents of the enrollment options programs. Administration will assist any student/family seeking further information or desiring to participate in any enrollment option program.

When carrying out reporting procedures as required by state legislation, education employees who report to a welfare or law enforcement agency that a child is being physically or sexually abused will be protected and supported by the School District. This support and protection also applies when an educator must self-report or report a colleague. In such situations, school districts shall comply with Minnesota Statute 626.556, Reporting of Maltreatment of Minors.

This Statute states,

"Subd. 3. Persons mandated to report: A person who knows or has reason to believe a child is being neglected or physically or sexually abused, or has been neglected or

physically or sexually abused within the preceding three years, shall immediately report the information to the local welfare agency, police department, or the county sheriff if the person is: a professional or professional's delegate who is engaged in the practice of the healing arts, social services, hospital administration, psychological or psychiatric treatment, child care, education, or law enforcement."

The District will not engage in civil actions against the students or their parents.

STUDENTS

It is the policy of the School Board that students with communicable diseases not be excluded from attending school long as their attendance does not create a substantial risk of the transmission of illness to students or employees of the School District.

CIRCUMSTANCES AND CONDITIONS

Determination of whether a contagious individual's school attendance creates a significant risk of the transmission of the illness to students of the school district will be made on a case-by-case basis. Such a decision will be based upon the nature of the risk, the duration of the risk, the severity of the risk and the probability the disease will be transmitted and will cause varying degrees of harm. Assessing the risk of transmission of the disease will be done in consultation with local and state public health departments.

The School District shall, with the assistance of the Commissioners of Health and Education, implement a program to prevent and reduce the risk of sexually transmitted diseases in accordance with Minn. Stat. §121.23.

The School District will develop routine procedures for infection control at school and for educating students about these procedures.

Health data regarding students is private data, Minn. Stat. §13.32, Subd. 2, and is not to be disseminated to the public or to staff without the strict observance of data privacy rights.

Working with the news media is an important part of meeting the School District's communication goals. The public has a right to know what's happening in the schools, and the District has a need to keep student learning from being disrupted. These guidelines will accommodate the needs of the media and the students.

Media inquiries should be directed to the Communications Office. The Communications Coordinator will work with the media to provide a quick response to requests so journalists can get the information they need and meet their deadlines.

School administrators should work with the media whenever possible to ensure journalists' needs are met and the public stays informed.

When the media's access to classes, staff or students would be disruptive, the district will work to find alternative ways for journalists to get the information they need.

Interviews and visits should be arranged through the Communications Office.

Any staff member or administrator who received a request from the media should forward it to the Communications Coordinator, who will ensure the needs of both the journalist and school are met.

Journalists need permission from the teacher and principal to enter a classroom. The Communications Coordinator can facilitate obtaining this permission.

Journalists are welcome to cover customary public programs and events, such as meetings or hearings, concerts, student performances and athletic contests, without prior notification.

During school hours, journalists, like all visitors, are required to sign in at the school office, wear a press tag or badge and have permission from the principal or administrator in charge to be on the school campus. The Communications Coordinator will facilitate this process.

In certain cases, building principals and administrators may limit access to the building or school grounds to maintain the instructional environment.

Journalists, like all visitors, cannot interrupt classes, school programs and other school business, and cannot interfere with district or police investigations.

Journalists, like all visitors, are not allowed into classrooms during testing.

Media representatives who wish to identify students in a picture or broadcast must ask the Communications Coordinator, building principal or program administrator to verify that the child (ren) are not listed on a Declaration of Privacy of Directory Information form. This form lists the child (ren) that the parent/guardian does not want photographed or identified.
