FAQs

FREQUENTLY ASKED QUESTIONS

HOW DO I CONTACT LONG LAKE?

Long Lake Conservation Center:
Office Hours: Monday-Friday
8 a.m. - 4:30 p.m.
Phone: 218-768-4653
Email: info@longlakecc.org

Students are not allowed to bring cell phones and adults are encouraged to limit their cell phone use to break times only. Depending on your cell phone provider, service may be limited on campus and/or out in the field. If you need to make a call to work or home, there is a landline available.

WHAT IS THE LODGING LIKE?

Our center is home to two large lodge buildings housing dormitory style rooms for guests: the Marcum House and North Star Lodge. Rooms have eight twin beds (bunk style), a vanity with two sinks, and private bathroom and shower. Keep in mind rooms are designed for youth. If comfort is a concern see the packing list tips for adults! Each lodge offers accessible rooms, large meeting spaces, roaring fireplaces, and modern amenities.

WHAT SHOULD I PACK?

Please make sure to be prepared for outdoor weather conditions. Bring layers! Programs will go on rain or shine! See the packing list for details on what to bring and what not to bring!

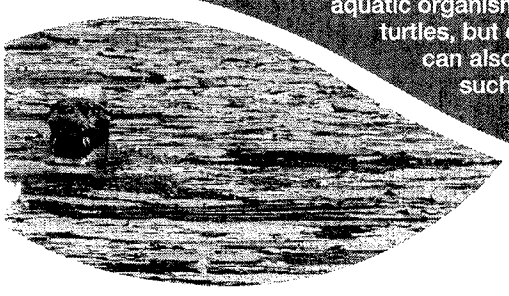

WHAT IS THIS TRIP ALL ABOUT?

The Long Lake Nature School Adventure is a hands-on, inquiry based, and learner-centered environmental education program. Our knowledgeable staff invite students to be scientists and guide them to explore, to observe, to learn skills, and make new discoveries in nature!

Our curriculum not only focuses on messages on the importance of wise use of resources for future generations, but emphasizes how conservation makes life better TODAY.

Life is better when you tap and collect maple sap and produce your own maple syrup. Life is better when the dinner table is filled with vegetables from your garden, and fish you caught yourself. Life is better when you gaze into an endless ceiling of stars and ponder how big, yet how small we really are. Life is better when you take time to walk through the woods, listen to a loon call, watch a butterfly flitter about, or simply stare into the eye of a lake and let the stress of life wash away. Life is better when we are truly connected with our world.

NATURE FACT

Long Lake's otters eat a variety of small aquatic organisms such as fish, and turtles, but did you know that they can also catch terrestrial mammals such as chipmunks, mice, and young rabbits?

STUDENT

Expectations

STUDENT EXPECTATIONS

GENERAL OVERALL

- Long Lake wants everyone to stay safe and have a positive experience. We will, however, send students home for violating Long Lake or school rules. Long Lake has a zero tolerance bullying and harassment policy. If a student needs to be sent home, the parent/guardian will be contacted for pick up. The school and/or the parent/guardian will not receive a refund.

PLANNING & PREPARING

- Each day we will be outside. It is important that every time we leave the buildings we are properly dressed and prepared for the weather conditions (rain, wind, mud, snow, etc.).
- We will be away from home overnight. We expect all students to be independent and responsible for their own belongings and behavior.
- This school trip is about making discoveries in nature and building positive relationships with peers. We do not tolerate harmful behavior, either physical or verbal.

DURING TRIP

- Be ready each day to explore like a scientist.
- For group safety, attention is required towards the adult in charge, whether that be the Long Lake staff guiding our adventure, classroom teacher giving instructions, or chaperon supervising our table in the dining hall.
- There is no swimming in Long Lake (unless you come back for summer camp!).
- There is no leaving campus boundaries.
- Food, candy, gum, and beverages (besides water) are not allowed to be brought. Long Lake will provide all meals and snacks throughout the trip.
- Cell phones and other electronic devices may not be brought by students to Long Lake.
- In the sleeping lodges we agree that:
  - Personal belongings of others will not be touched without owner's permission.
  - We will not enter another's room without school direction.
  - We will respect Quiet Time which begins at Lights Out time each night and ends at Rise & Shine time each morning (these times are decided by school teachers).
- We will respect Long Lake property including equipment, facilities, and the natural environment.
- Our behavior will be respectful and words positive, to allow for a safe and enjoyable experience for all.

WE ARE EXCITED TO SEE YOU AND SHARE WITH YOU THE MAGIC OF THE NATURAL WORLD. BRING YOUR CURIOSITY, OPEN MINDS, AND POSITIVE ATTITUDES. SEE YOU SOON!

NATURE FACT

Like other amphibians, the tiger salamander is actually poisonous! They have a poisonous substance they secrete that tastes very bad to predators.
