Comparison of Proposed Levy with Last Year's Levy on Average Residence

	Last Year	This Year
Average Market Value of Residences	$ 389,521	$ 417,965
Average Taxable Value of Residences	$ 307,078	$ 253,597
Last Year's Rate Versus Proposed Rate per $100 Value	$ 1.1469	$ 1.1469
Taxes Due on Average Residence	$ 3,522	$ 2,909
Increase (Decrease) in Taxes		$ (613)

Under state law, the dollar amount of school taxes imposed on the residence homestead of a person 65 years of age or older or of the surviving spouse of such a person, if the surviving spouse was 55 years of age or older when the person died, may not be increased above the amount paid in the first year after the person turned 65, regardless of changes in tax rate or property value.

Notice of Voter-Approval Rate: The highest tax rate the district can adopt before requiring voter approval at an election is 1.1469. This election will be automatically held if the district adopts a rate in excess of the voter-approval rate of 1.1469.

Fund Balances

The following estimated balances will remain at the end of the current fiscal year and are not encumbered with or by a corresponding debt obligation, less estimated funds necessary for operating the district before receipt of the first state aid payment:

Maintenance and Operations Fund Balance(s)	$ 112,866,891
Interest & Sinking Fund Balance(s)	$ 64,781,703

A school district may not increase the district's maintenance and operations tax rate to create a surplus in maintenance and operations tax revenue for the purpose of paying the district's debt service.

Visit Texas.gov/PropertyTaxes to find a link to your local property tax database on which you can easily access information regarding your property taxes, including information about proposed tax rates and scheduled public hearings of each entity that taxes your property.

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.

Maintenance and Operations Fund Balance(s)	$ 112,866,891
Interest & Sinking Fund Balance(s)	$ 64,781,703

A school district may not increase the district's maintenance and operations tax rate to create a surplus in maintenance and operations tax revenue for the purpose of paying the district's debt service.

Visit Texas.gov/PropertyTaxes to find a link to your local property tax database on which you can easily access information regarding your property taxes, including information about proposed tax rates and scheduled public hearings of each entity that taxes your property.

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.

TITLE: Final Budget Amendment for FY 2025-2026

DATE: June 23, 2026

ACTION

BACKGROUND:

The legal basis for budget development in Texas school districts is established in Sections 44.002 through 44.006 of the Texas Education Code. The Texas Education Code requires Board approval of the budget for the General Operating, Debt Service, and Food Service Funds. Board Resolution #26-01 permits the Superintendent or Associate Superintendent for Business and Finance to authorize routine budget revisions, adjustments and transfers necessary for the payment of District obligations throughout the fiscal year.

Any non-routine budget revisions, adjustments, and transfers which increase or decrease revenues and other financing sources and uses, along with the corresponding revisions in expenditures; or budget revisions, adjustments, and transfers which reduce or increase the fund balance of any related fund; or transfers between funds; or transactions exceeding $500,000 must continue to be presented to the Board of Trustees for approval prior to processing.

A summary report of budget revisions, adjustments, and transfers approved and processed by the District in accordance with this resolution, listed by major function and funds, shall be submitted to the Board of Trustees for adoption/ratification on a monthly basis.

The attached amendments ensure compliance with state and local requirements.

CONSIDERATIONS: Amendments are to cover differences between budget and actual in anticipation of end of year accruals, adjustments, and any reclassifications.

General Fund Amendments – Budget amounts in each function were adjusted to align the budget with projected actual expenses and to leave sufficient balances for any final 2025-2026 invoices/accounting adjustments.

Local, State, Federal Revenue and Other Resources were adjusted to align with projected actuals.

The net effect on the overall General Fund budget is $8,576,000.

Debt Service Fund Amendments – Debt administration principal, interest, and fees were adjusted to better align with projected actuals. Other resources and uses were adjusted to account for the most recent bond refunding and better align with projected actuals.

The net effect on the overall Debt Service Fund budget is $7,184,397.

Student Nutrition Fund Amendments – Funds were transferred from function 35 to function 51 to leave sufficient budget balances for any final 2025-2026 invoices. Transfers out was adjusted to align with projected actuals.

The net effect on the overall Student Nutrition Fund budget is zero.

Final Budgeted Revenue over (under) Expenditures in each fund is not intended as a true reflection of the anticipated actual over (under) for fiscal year end, but to ensure that the budget comparison to actual is within the legal constraints.

RECOMMENDATION:
The Superintendent recommends that the Board approve and ratify the amendments to the 2025-2026 budgets as presented.

RECOMMENDED MOTION:
“Move to approve and ratify the budget amendments as presented.”

MEMORANDUM OF UNDERSTANDING

Between the

MANSFIELD INDEPENDENT SCHOOL DISTRICT

And the

MANSFIELD ISD EDUCATION FOUNDATION

This Memorandum of Understanding is between the Board of Trustees (the "MISD Board") of the Mansfield Independent School District ("MISD" or the "District") and the Board of Directors ("Foundation Board") of the Mansfield ISD Education Foundation ("the Foundation").

WHEREAS, MISD is a political subdivision of the State of Texas and an independent public school system located in Tarrant County, Texas; and

WHEREAS, the Foundation is a Texas nonprofit corporation recognized under section 501(c)(3) of the Internal Revenue Code as exempt from federal income taxes; and

WHEREAS, the Foundation is organized and operated exclusively for charitable purposes to benefit the District; and

WHEREAS, the parties desire to enter into this Memorandum of Understanding ("MOU") to memorialize the nature of the parties' relationship, ratify and approve past activities, and mutually acknowledge the respective obligations and rights of the parties in the future; and set forth the terms that support public education while preserving the legal, financial, and operational independence of each entity.

THEREFORE, in consideration of the mutual covenants, promises, and conditions contained herein, MISD and the Foundation agree as follows:

A. **MISD's Public Purposes**: The MISD Board recognizes that developing and maintaining strong partnerships with organizations to support the District's educational programs and activities supports all the Board's goals and Strategic Plan and that such partnerships serve the best interests of the District, serve a public purpose, and result in continued benefits to the District. The Board additionally recognizes the following educational public purposes for the District's support of the Foundation:

    1. The Foundation originally was founded to support MISD schools.

    2. To assist MISD in managing and maximizing its funds in the light of the uncertainties and restrictions inherent in the Texas public school finance system, the District and the MISD Board must seek alternative sources of

revenue to continue and/or enhance its quality education programs that serve MISD students.

3. Maximizing alternative revenue sources requires strong community support, which, in turn, requires reciprocal commitment and support from MISD.

4. MISD has received benefits from its partnership with and investment in the Foundation through the Foundation's numerous grants and donations that benefit MISD's students, staff, and instructional programs and expects to continue to receive benefits from the Foundation in the future.

5. Continuing the momentum that has been achieved in maximizing alternative revenue sources through the Foundation requires a continued commitment from the District.

6. Community involvement in raising money for educational programs results in constituents' tangible and intangible investment in the school district and further creates a legitimate expectation from the community that the District will continue to devote resources to support the Foundation.

7. Community support is facilitated by the convenience of having the Foundation's office located on familiar District premises.

8. Fundraising efforts by Foundation directors, personnel, and volunteers relieve the District's Superintendent, administrators, teachers, and staff of these activities, leaving them free to focus on the District's educational mission.

9. The Foundation will provide dollars raised to the District for the betterment of the District's educational programs and the tangible and intangible benefits that the Foundation returns to the District will exceed the financial support that the District provides to the Foundation.

B. **Term and Termination**: This Memorandum of Understanding shall be effective as of the last date executed below and, except as otherwise provided herein, shall continue until either party provides written notice to the other of its intention to withdraw. Such withdrawal shall be effective 60 days after receipt of the written notice. Notwithstanding the foregoing, the District and Foundation shall review this MOU each year in approximately April and may agree on revisions as appropriate.

C. **MISD Commitment**: The MISD Board agrees that the District shall continue to provide support to the Foundation provided that public school purposes continue to be met and controls are in place. The MISD Board reserves the right to discontinue the appropriation of funds or other assistance in any budget year. MISD will provide the following support to the Foundation:

1. Reasonable office space, furnishings, equipment, and facilities located at the Central Office and utilities provided without rental or lease charge for the Foundation's Director, Foundation Specialist and up to one employee the Foundation may hire to support the Foundation provided the Foundation and its employees agree to comply with the District's policies and practices related to use of such facilities.

2. Access for Foundation employees to the District's electronic communication systems (e.g. email, computer network, telephone systems), provided that the Foundation employees agree to comply with the District's policies regarding use of such systems.

3. Climate-controlled storage space for Foundation materials, event supplies, presentation equipment, and grant-related items in regular operational use. Such space shall be provided at the Central Office, if available, or at another accessible location within the District as determined by the Superintendent or designee.

4. All regular custodial services and routine maintenance of District facilities provided to the Foundation at no cost. The Foundation agrees it will not engage in any destructive or altering activity in District facilities or on District property. In the event an event requires security, such security personnel shall be provided by the event sponsor.

5. Opportunities for recognition of the Foundation at appropriate District celebrations, functions and in publications.

6. Support for Foundation programs, events, and initiatives using MISD communication channels as appropriate.

D. **Use of District Resources**: The Foundation's use of District resources shall be narrowly defined and documented. This section shall explicitly address: use of facilities; use of District communication systems. Absent express authority, the Foundation shall not use District resources.

1. Technology and Equipment: All computers, laptops, printers, telephones, and related technology equipment provided to Foundation staff and the Frances Brownlie Program Liaison for use within the District systems and infrastructure is purchased through and remains the property of the District. This applies to all Foundation-connected personnel who conduct work within the District's network environment, consistent with the Foundation's Policies and Procedures (Section 3.2), which recognize the District's management of the Foundation's digital infrastructure and security protocols. No reimbursement to the District is required for District-owned technology equipment.

2. Foundation Operating Expenses: The Foundation shall be responsible for its own operational and supply expenses, including postage, printing materials, envelopes, and other consumable office supplies. The Foundation will be invoiced by the District for supply items ordered through District purchasing channels, and shall remit payment in a timely manner. The Foundation shall also be responsible for the cost of ceremonial presentation checks and other promotional materials used in joint events such as Grant Patrol.

E. **Employment of Foundation Staff**:

MISD and the Foundation Board agree on the following to ensure that a proper public educational purpose is served by this Memorandum of Understanding.

1. The Director is a MISD Employee. The District shall administer payroll for the Director using funds provided by the Foundation, consistent with the Board-approved compensation. The Director shall report to the Foundation's Board of Directors as provided in Bylaws (Section 3.12). The Director shall maintain a direct liaison relationship with the MISD Superintendent to ensure alignment between the Foundation's grantmaking and programs and the District's priorities and needs. This relationship is collaborative in nature.

2. The Foundation Board of Directors shall provide input and recommendations regarding the employment, performance, and compensation of the Foundation Director in accordance with the Foundation's Bylaws, including the annual review process conducted by the Review Committee. The Superintendent shall participate in the selection process and annual performance review of the Director. Any recommendations concerning the Director's employment status, compensation, performance expectations, or separation shall be communicated to Superintendent for consideration and action consistent with applicable law,

Attendance Credit

A student attending an OFSDP under the TEC, §29.0822, may be counted in average daily attendance (ADA) for purposes of funding under the TEC, Chapters 46, 48, and 49, only for the actual number of contact hours the student receives, not to exceed 720 hours or 43,200 minutes per 12-month period. **Students enrolled in the**

traditional program for part of the year and the OFSDP program for part of the year may not earn more than one ADA.

Assessment

The student must take the required state assessments specified under the TEC, §39.023, during the regularly scheduled assessment calendar.

Continuation or Revocation of Program Authorization

Applications are approved for a period of one (1) school year. Continuation of the approval for the OFSDP will be contingent on the demonstrated success of the program. Determination of success will include a review and analysis of data provided in the mandatory final progress report(s). The commissioner of education may revoke authorization for participation in the OFSDP after consideration of relevant factors, including performance of students participating in the program on assessment instruments required under the TEC, Chapter 39; the percentage of students participating in the program who graduate from high school; and other criteria agreed to in the application and adopted by the commissioner of education. A decision to revoke approval of the program by the commissioner of education is final and may not be appealed.

Reporting Requirements

Following approval of the application, the applicant may be required to submit progress reports based on criteria selected by the applicant and agreed to by the commissioner. When requested, reports will require applicants to disclose the overall progress of the students in the program, the number of students enrolled in the program (disaggregated by ethnicity, age, gender, and socioeconomic status), the number of students graduating from high school (disaggregated by ethnicity, age, gender, and socioeconomic status), and additional criteria selected by the applicant and agreed to by the commissioner. The TEA will provide notice to applicants and additional instructions for completion of reports at least 45 days before the date a report is due, or as soon as possible, in order to give school districts and charter schools adequate time to prepare and submit the reports to the TEA. The TEA may request additional reports as necessary to monitor and assess the progress of students participating in the program.

Participation in University Interscholastic League (UIL)

A student enrolled in an OFSDP under the TEC, §29.0822, may participate in a competition or other activity sanctioned or conducted under the authority of the University Interscholastic League (UIL) only if he or she meets all UIL eligibility criteria.

Attendance and Compliance Procedures of Proposed Program

1. What type of OFSDP program is the school system applying for? (Select all that apply)

☑ At-Risk Students – The student is at risk of dropping out of school, as defined by the TEC, §29.081.

☐ Minimum Attendance – Students that do not meet the attendance requirements under the TEC, §25.092, will be denied credit for one or more classes in which the student has been enrolled without retaking the class. Funding for attendance is limited to that which is necessary for the student to recover class credit.

☐ Early College High School – The student is attending a campus that has been designated by the Texas Education Agency (TEA) as an Early College High School (ECHS), as defined by the TEC, §29.908, Pathways in Technology Early College High School (P-TECH), as defined by the TEC, §29.553, or Industry Cluster Innovative Academy (ICIA).

☐ Campus Turnaround Plan – The student is attending a campus implementing an approved innovative campus plan, as defined by TEC, §39A.107.

☐ Credit Recovery – Credit recovery classes may be offered during the summer recess for students who have not earned a full ADA during the regular school year. For an eligible OFSDP student attending summer OFSDP classes for credit recovery, funding for attendance is limited to that which is necessary for the student to recover class credit.

☑ Campus Dropout Recovery – The student is attending a community-based dropout recovery education program, as defined by the TEC, §29.081 (e-1), in which courses are offered on-campus 100% of the time. To be eligible for this designation, the campus will be designated by TEA as an Alternative Education Campus (AEC) of Choice - Dropout Recovery School. More information can be found on the Performance Reporting Division website.

☐ Remote/Hybrid Dropout Recovery – The student is attending a community-based dropout recovery education program, as defined by the TEC, §29.081 (e-2). A dropout recovery program can be offered for students to work in a remote or hybrid setting, only if the campus is designated by TEA as an Alternative Education Campus (AEC) of Choice - Dropout Recovery School and meets the requirements of TEC, §29.081 (e-2). More information can be found on the Performance Reporting Division website.

Please ensure that all questions below are addressed for each selected program type and for each campus listed in the OFSDP spreadsheet.

2. Describe the program goals and objectives. (The goals and objectives must align with the type of OFSDP program that is planned to be offered).

To provide flexible hours and days of attendance for students who meet at least one of the requirements of the Texas Education Code §29.0822(a). The goal of the program is to improve graduation rates for students who are in danger of dropping out of school, have dropped out, or are behind in credits.

3. Provide the proposed schedule offered to students participating in the OFSDP, specifying days of the week and times courses are available. If the program is proposed at more than one campus, include the full proposed schedule for each campus location.

Monday: 4:00pm - 8:00pm, Wednesday: 4:00pm - 8:00pm, Thursday: 4:00pm - 8:00pm

4. Provide an outline of staff positions and resource personnel (teachers, administrators, counselors, support staff, etc.) associated with the program. Include contact hours each staff position will be obligated to the program.

4 core teachers, 4 elective teachers, 1 counselor, 1 attendance/peims clerk. All OFSDP personnel will be full time employees and will be compensated with extra-duty pay during the proposed schedule listed in question #2.

5. Describe the procedures for identifying students, including how the school confirms and documents student eligibility and obtains student and parental consent for OFSDP participation. (Student or parental consent is required in writing)

All student being considered for our OFSDP program go through an application process that is submitted by the home campus counselors. Upon receiving the application, the OFSDP coordinator reviews the application in collaboration with the OFSPD peims clerk, and also reviews the student profile via skyward to ensure the student is eligible by meeting one of the requirements of TEC §29.0822(a). Students who dropout of high school and are listed as a 98 will be enrolled in the OFSDP. The OFSDP coordinator will work with campus PEIMS clerks to confirm the 98 status and obtain parent consent to enroll in the OFSDP.

6. Indicate the estimated number of OFSDP students that will be served per teacher. (The student–teacher ratio for in-person dropout recovery programs must not exceed 28:1. For elementary grade levels, the ratio is limited to 22:1. Districts of Innovation campuses may be eligible for applicable exceptions.)

No more than 15

7. Describe the district's plan for serving students in the OFSDP should the need arise for special education, career and technical education (CTE), pregnancy-related services, and/or bilingual/ESL education. The response must include:
   - How services will be provided;
   - Required teacher certifications in each program area; and
   - How services will comply with the Student Attendance Accounting Handbook.

Our OFSDP program will have three teachers certified in Special Education EC-12, ESL and Secondary Basic Business 6-12 respectively. They will be the primary teachers that will provide support for our students taking CTE courses or receiving EB or special education services. They will make sure to provide any support needed for our students while in attendance in our OFSDP program. The OFSDP counselor and coordinator will work collaboratively to ensure teachers are highly qualified to meet students' high school degree plan. The Executive Director of High Schools and Phoenix Academy principal will supervise and audit operations and procedures of the OFSDP.

The district assures that if a student participating in the OFSDP is receiving Compensatory Education Home Instruction (CEHI, homebound instructional services) for pregnancy, the student's instructional code will be transitioned from OFSDP to the appropriate traditional coding for the duration of the CEHI placement. The student will not be reported as participating in OFSDP during any period in which CEHI services are provided.

8. OFSDP requires a teacher of record to record the actual number of students' instructional minutes on any given day. Explain how the classroom teacher verifies the number of instructional minutes a student receives each day. (Absences and days present do not exist in OFSDP)

OFSDP teachers will use the Sample Attendance Register on the OFSDP website to record and verify the actual number of instructional minutes students obtain in the face to face instruction with the OFSDP teacher of record.

9. Describe how the district will ensure that minutes for students who did not attend a minimum of 45 minutes on a particular day are not reported for funding.

OFSDP teachers will be trained and held accountable to ensure actual minutes of instruction are recorded accurately on the Attendance registers used in OFSDP.

10. Explain how the district will ensure that students transferring from the traditional program (ADA Codes 0-6) to OFSDP (ADA Codes 7-8) will not generate more than one ADA in total for the school year and that students will not receive more than 10,800 minutes per course. (**Note**: It is recommended that the district apply the following formula to determine the maximum OFSDP minutes a student is eligible = (Calendar School Days - Traditional Days Present) x 240)

The MISD OFSDP will use the recommend formula to determine the maximum OFSDP minutes a student is eligible = (Calendar School Days - Traditional Days Present) x240. Students will not receive more than 10,800 minutes per course and additional minutes will not be reported in TSDS

11. Describe how the district will ensure that attendance practices and records comply with Sections 2.2.3 and 11.6 of the Student Attendance Accounting Handbook.

The district PEIMS clerk will monitor the enrollment of the students in the OFSDP to ensure compliance with Sections 2.2.3 & 11.6 of the Student Attendance Accounting Handbook. Our district' s Student Detail Audit Reports for each six-week period are reviewed and certified accordingly.

12. Will eligible OFSDP students participate in a credit recovery program offered in the summer? (Credit recovery classes may be offered during the summer recess for students who have not earned a full ADA during the regular school year. For an eligible OFSDP student attending summer OFSDP classes for credit recovery, funding for attendance is limited to that which is necessary for the student to recover class credit. The Summer Period of Agreement (Credit Recovery) section should only include dates after the regular school year, should not exceed 30 days, and may not extend past July 31st. A student cannot earn more than the equivalent of one ADA in a year.)

Definition of Program Provisions

Texas Administrative Code (TAC) §129.1029

(a) Definitions. The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise.

(1) Optional Flexible Year Program (OFYP)—An OFYP is a program authorized under the Texas Education Code (TEC), §29.0821, that is approved by the commissioner of education to provide a flexible year program to meet the educational needs of its students, including providing intensive instructional services. A school district approved by the commissioner of education to implement an OFYP may reduce the number of instructional minutes for certain students.

(2) School district—For the purposes of this section, the definition of a school district includes an open-enrollment charter school.

(b) Eligibility. A student is eligible to participate in the OFYP if the student meets one or more of the following criteria.

(1) The student did not or is not likely to achieve a passing score on an assessment instrument administered under the TEC, §39.023.

(2) The student is not eligible for promotion to the next grade level.

(d) Approval process. To implement an OFYP, a school district must request prior approval from the commissioner of education.

(1) A school district must submit a letter to the Texas Education Agency (TEA) division responsible for state funding describing the proposed modifications to the instructional calendar, including a description of the OFYP that will be provided under TEC, §29.0821. The letter must indicate the date on which the board of trustees approved the modified instructional calendar. If the district is requesting a waiver of staff development days or teacher preparation days, the letter must also indicate that the request to waive staff development days or teacher preparation days has been approved by the campus site-based decision-making committee.

(2) A school district must submit to the TEA a copy of its modified instructional calendar. The instructional calendar must indicate the days and minutes scheduled as OFYP instructional days. No approval will be granted that reduces the number of instructional minutes to fewer than 71,400 minutes.

(3) Approval to modify the number of instructional days is limited to one year. Requests for a school district to operate an OFYP for subsequent years must be approved annually.

(4) The commissioner may require a school district to provide an evaluation that demonstrates the success of their approach as a condition of approval.

(e) Funding. For a school district that operates an OFYP, the calculation of average daily attendance is modified to reflect the approved instructional calendar. For students placed on a reduced instructional calendar, the reported number of days of instruction used as the divisor in calculating average daily attendance must reflect the reduced number of days. For eligible students served through the OFYP, the reported number of days of instruction used as the divisor in calculating average daily attendance must reflect the scheduled number of days in which instruction took place.

District/Charter Name: Mansfield ISD

Section 2: Waivers

Has the school district or charter school submitted requests for any instructional or attendance waiver(s) for this school year? Yes _____ No _____

If yes, list the waiver type and number of days below.

Waiver Type	Number of Minutes

(Initial) I understand that the district will be required to rescind staff development waivers that reduce the number of instructional minutes below 75,600 in order to participate in the OFYP. For example: 74,340 instructional minutes plus 3 staff development days (1,260 minutes) does not meet the 75,600-minute requirement.

Section 3. Board-Approved Calendar

To provide intensive instructional services to those students with greater educational needs, districts may request a reduction in the required minutes of attendance for students who do not meet at-risk criteria. Calendars reflecting instructional time in minutes (instead of days) should list the total number of instructional minutes for at-risk students and non-at-risk students. (Example: At-risk students – 75,600 minutes, Non-at-risk students – 71,400 minutes.) The instructional calendar for students who meet the at-risk criteria must receive no fewer than 75,600 minutes.

The board approved the 75,600-minute calendar for at-risk students and a calendar with a minimum of 71,400 instructional minutes for non-at-risk students on June 23 2026 (date.)

Please ensure proposed OFYP instructional minutes shown on the attached calendar are scheduled before the last approved state student assessment testing window of the school year.

Mansfield Independent School District

TITLE: Consideration and Approval of The Second Reading of MISD Policy: FDA (LOCAL)

DATE: June 23, 2026

ACTION

BACKGROUND:

MISD is a member of the Texas Association of School Boards and as part of our service agreement; we either receive their policy recommendations or send our policy recommendations for our Legal and Local policies. The TASB policy service periodically provides Legal and Local policy updates, which reflect changes in education law and rule.

CONSIDERATIONS:

MISD Update Recommended Policy Change

FDA (LOCAL)

RECOMMENDATION:

The Superintendent recommends approval of the second reading of the policy updates.

RECOMMENDED MOTION:

If the Board desires to approve this action item, an appropriate motion would be: *"Move to approve the second reading of the Policy Update as presented."*

Authority

The Superintendent is authorized to accept or reject any transfer requests, provided that such action is without regard to race, religion, color, sex, disability, national origin, or ancestral language.

Transfer Requests

A nonresident student wishing to transfer into the District shall file an application for transfer with the Superintendent by the deadline posted. Applications will be considered for schools or programs listed for eligibility. Students are eligible to apply for a Specialized Choice Program if capacity remains in the program to which the student has requested a transfer after resident and employee children have been considered.

Factors

In approving transfers in the District, the Superintendent shall consider the availability of space and the criteria posted for the student's grades, state testing standards, reading levels, disciplinary history, and attendance records, which the parent or guardian must supply in full before transfer consideration.

Further, a transfer approval shall be based on the following criteria for consideration:

1. The building capacity of the school to which the student has requested a transfer;
2. The current enrollment of the receiving school;
3. The growth projections of the receiving school;
4. Teacher allocations;
5. Class size;
6. Instructional programs at the assigned school;
7. Extraordinary family considerations; and
8. Other reasons deemed appropriate by the Superintendent or designee.

Resident Becoming a Nonresident

A resident student who becomes a nonresident during the course of a grading period shall be permitted to continue in attendance for the remainder of the school-year.

Children of District Employees

A child of a District employee may transfer from outside the District to the attendance zone feeder pattern in which the employee works. The intradistrict child of district employees has the same rights as a district resident student.

Approved Transfers

An approved transfer shall remain in effect for all grade levels at the approved campus for children of a District employee, provided

that the parent is a full-time employee, space for additional students is available at the receiving campus, and all information provided at the time of the transfer request remains accurate.

A student under this provision shall be considered a transfer student and shall be subject to revocation for any reason listed in this policy.

Transportation

The District shall not provide transportation to students on interdistrict transfers. Exceptions may occur when two or more District boundary zones intersect within an apartment or townhome complex property. If the student's transfer has been approved, there is space available on the bus, and the MISD resident students are receiving transportation.

District Rezoning

When the District implements a school attendance zone change, the students are deemed eligible for UIL participation at the varsity level in the new attendance zone, if the Board allows for a student to attend the new school early. The student must declare and attend at his or her first opportunity.

Transfer Consideration

The decision of the Superintendent or designee shall be considered final.

The Superintendent or designee may assign any student from one school facility or classroom within the District to another facility or classroom within the District.

Transfer Agreements

A transfer student shall be notified in the written transfer agreement that he or she must follow all rules and regulations of the District. Violation of the terms of the agreement may result in a revocation of the transfer.

A student under this provision shall be considered a transfer student and shall be subject to revocation for any reasons listed in this policy.

Transfer for Students Receiving Special Education Services

A student receiving special education services, not subject to reassignment pursuant to a decision by an admission, review, and dismissal (ARD) committee, shall satisfy the conditions under which transfers may be allowed pursuant to this policy. The individualized education program (IEP) of a student receiving special education services who transfers under this policy shall indicate that a transfer was approved, resulting in the student receiving services in a location other than the home campus.

Revocation of Transfer

Student transfers may be revoked under the following conditions:

1. The transfer student seeks to return to the out-of-district campus that serves his or her attendance area.

DRAFT

2. The student is on an employee transfer and the employee does not maintain employment in the District.

Tuition If the District charges tuition, the amount shall be set by the Board, within statutory limits.

Waivers The Board may waive tuition for a student based on financial hardship upon written application by the student, parent, or guardian. [See FP]

Nonpayment The District may initiate withdrawal of students whose tuition payments are delinquent.

Term of Agreement: August 1, 2026 – July 31, 2027

TARRANT COUNTY JUVENILE BOARD
TARRANT COUNTY JUVENILE SERVICES
TARRANT COUNTY PUBLIC SCHOOL DISTRICTS
TARRANT COUNTY JUVENILE COURT

This memorandum of understanding (MOU) is entered into pursuant to Chapter 37, Texas Education Code, by and between certain Texas public school districts in Tarrant County ("Districts"), as indicated by the signatures of their representatives to this Memorandum hereinbelow and Tarrant County, a political subdivision of the State of Texas (the "County"), acting through Tarrant County Juvenile Services ("TCJS") and the Juvenile Board of Tarrant County.

WHEREAS, Tarrant County, Texas, has a population greater than 125,000, and therefore, the Tarrant County Juvenile Board is required to develop a Juvenile Justice Alternative Education Program (JJAEP) subject to the approval of the Texas Juvenile Justice Department; and

WHEREAS, the Districts of Tarrant County desire to participate in and positively support the Program.

NOW, THEREFORE, the Districts and the Juvenile Board, in consideration of the recitals set forth above and the terms, covenants, and conditions set forth herein, agree as follows:

1. **Subject of Agreement**: The Juvenile Board, in cooperation with the Districts, will provide the juvenile justice alternative educational programming as specified in Chapter 37, Texas Education Code, either through the direct provision of services or through a contractual agreement with an education provider. The programming will be managed by Tarrant County Juvenile Services ("TCJS"), subject to the oversight of the Juvenile Board. TCJS and its authorized representatives and employees shall be the contact points for the Districts regarding all JJAEP matters.

2. **School Districts**: The Juvenile Board will offer JJAEP services for the benefit of any school district located, in whole or in part, in Tarrant County, Texas, for students of the district who reside in Tarrant County or whose managing conservator, joint managing conservator, or possessory conservator reside in Tarrant County. The Districts include:

Arlington	Fort Worth
Azle	Grapevine-Colleyville
Birdville	Hurst Euless Bedford
Burleson	Keller
Carroll	Kennedale
Castleberry	Lake Worth
Crowley	Mansfield
Eagle Mountain-Saginaw	Northwest
Everman	White Settlement

3. **Location**: The JJAEP will be provided in a facility operated and maintained by Tarrant County, Texas, or through a contractual agreement with an education provider. Facilities must comply with all applicable federal, state, county, and city regulations.

4. **Eligibility and Enrollment**:

A. Texas Education Code, Chapter 37.010(a) requires that every expelled student who is not detained or receiving treatment under an order of the juvenile court must be enrolled in an educational program. The JJAEP will provide services to students expelled under the mandatory expulsion criteria in Chapter 37.007(a), (d), or (e), or who are ordered to attend the JJAEP by the Juvenile Court.

B. The JJAEP will also provide services to students in grade levels 6^{th} – 12^{th} or ages 12 – 17 expelled under the discretionary expulsion criteria in Chapter 37.007(b), (c), or (f), and who are referred to the JJAEP by a District. Discretionary referrals will be accepted on an as-space-is-available basis.

C. Each District will provide the Director of TCJS with a viable estimate of the number of projected discretionary student attendance days to be utilized for the upcoming school year by completing the JJAEP School Year Projections report by June 30^{th} each year. (Attachment A)

D. The Juvenile Board will provide JJAEP services to expelled students who are less than eighteen (18) years of age. Students who are referred, who are eighteen (18) years of age or older, will be reviewed for admission on an individual basis and will be admitted or denied at the sole discretion of the Director of TCJS. The JJAEP will be required to begin enrollment proceedings within two (2) working days of receipt of referral, and the student will attend the JJAEP within five (5) working days of the initiation of enrollment proceedings. Upon expulsion to JJAEP, parents electing to place their child in a private or home school will provide private school information or home school curriculum information to the JJAEP Probation Officer. The Probation Officer will review the terms of the expulsion order and all applicable terms of probation. If the District Court does not intervene by ordering this student to attend the JJAEP, then TCJS will notify the District Liaison of the parents' decision to place their child in a private or home school. 291

E. Eligibility for enrollment at the JJAEP is also determined by service capacity. The JJAEP will serve no more than a maximum of a hundred (100) students each day that school is in session. Upon reaching maximum capacity at the JJAEP, the Districts will serve any additional expelled students within their respective Districts until space becomes available at the JJAEP. Priority for eligibility for enrollment at the JJAEP once maximum capacity is reached will be on a first-come, first-served basis, determined by the date and time of the receipt by the JJAEP of the individual referral.

5. **Referral**: If a student is expelled under the mandatory or discretionary expulsions provisions, the referral to TCJS requires a law enforcement report. If a student is removed to the JJAEP under the registered sex offender provision, the referral to TCJS requires official documentation of this registration. All referrals should be completed on the "Independent School District Removal and Expulsion Notification to Tarrant County Juvenile Services" form with the following attachments: expulsion order, sending school withdrawal form with grades, recent report card, TEA withdrawal form, status of LEP if applicable and any accompanying documentation regarding testing exemptions, high school transcript, TAKS/STAAR/EOC test profile sheet, recent TAKS/STAAR/EOC scores, graduation plan, birth certificate, social security, immunization record, special education records including recent admission review and dismissal (ARD) report, manifestation determination (ARD), individual education plan (IEP), modifications necessary for success in general education program, 504 C documents, and psychological assessment.

The state will pay $86.00 a day for each day of attendance.

   B. Each District that refers a student expelled under Chapter 37.007(b), (c), or (f) or removed under 37.309 will pay $129.00 a day for every day of attendance. In the event of school closure, due to severe community health issues, disaster, flood, or extreme weather conditions, said District will pay $125 a day during any such closure for up to five (5) school calendar days. Payments will be made within thirty (30) days of receipt of an invoice from TCJS. Districts placing discretionary students in the JJAEP agree up to a 180-day regular school year, and up to a 35-day summer school program.

7. **Due Process**: Students who are expelled from the school district setting will be afforded due process within the respective District as provided by District policy and federal and state law.

8. **Notice**:

   A. For purposes of this Agreement and pursuant to the Texas Family Code, Section 52.041(e), notice by a school district of an expulsion must be provided to Tarrant County Juvenile Services, 3131 Sanguinet, Fort Worth, Texas 76107, within two (2) working days of the expulsion order. Failure to timely notify Juvenile Services will result in the District's duty to compel the student to continue attending the District's educational program, which will be provided to that student until such time as the notification to Juvenile Services is properly made.

   B. Juvenile Services will provide notification to Districts of action taken regarding expulsion referrals within two (2) working days of the disposition of those cases identified in accordance with Texas Family Code, Section 52.041(d). 292

9. **Placement Term**: For each student expelled under mandatory and discretionary expulsion criteria, who is placed in the JJAEP by a District or TCJS, the minimum term of such placement will be coterminous with the term of the student's expulsion from school. The minimum placement in JJAEP will be sixty (60) successful days of attendance and appropriate behavior. The maximum placement shall be twelve (12) months and is reserved only for firearms offenses. The JJAEP may offer incentives for positive behavior, which may include up to a twenty (20) day reduction in the expulsion term. District expulsion orders will require the student to successfully complete all program requirements of the JJAEP. A weekly attendance progress record will be provided to the Districts. For each student expelled under the mandatory expulsion criteria who is placed at the JJAEP, the Juvenile Court will consider the term of a student's expulsion in entering any order as to the student, including terms and conditions of release from custody, deferred prosecution, or probation. Upon the student meeting all expulsion and Court requirements or the JJAEP receiving official documentation that the Title 5 felony charges leading to the expulsion have been dismissed or reduced to a misdemeanor offense, the student's enrollment will be transferred to the District of residence. The student's assignment at the District of residence will be within the sole discretion of the district of residence.

10. **District Liaison**: The District will appoint a person to coordinate referral and transition services and communications related to the intake, educational programming, and the transition back to the District for students who have fulfilled all conditions of expulsion and/or court-ordered placement at the JJAEP.

11. **Transportation**: Transportation of students to the JJAEP is the responsibility of the student and/or their parents. Special Education students' transportation to the JJAEP (as a related service) will be reviewed by the District ARD committee prior to placement and may be provided as determined by District policy. In circumstances where transportation services are provided by the JJAEP, the District will provide a designated, supervised pick-up and drop-off point for JJAEP students from their District. Tarrant County shall be reimbursed for appropriate transportation expenses as provided by law. The reimbursement terms shall be negotiated by the Board, or its representative, and all applicable Districts, individually or collectively, as appropriate.

12. **Instructional Program**: The JJAEP will provide instruction in English Language Arts, Math, Science, Social Studies, and self-discipline.

13. **Academic Progress Review**: The JJAEP will ensure a review of the student's academic progress with each enrolled student and with the student's parent/guardian at every JJAEP grade reporting period (not to exceed six (6) weeks), and at discharge.

14. **Graduation Plan**: The District and JJAEP will ensure the development of a specific graduation plan for each enrolled high school student. The JJAEP will review a student's progress toward meeting high school graduation requirements at the end of every semester. The District will consider work completed and/or course credit earned in the JJAEP as credit earned at a District school.

15. **Special Education/ESL/504 Services**:

    A. The JJAEP must be notified in writing and invited to participate in all ARD committee meetings scheduled to consider placement at the JJAEP for a special education student. The District Liaison is responsible for notifying all parties involved. Prior to the ARD, the District will contact the JJAEP Coordinator of Educational Services to discuss the student transition plan. Students with disabilities who are placed in the JJAEP will be afforded education services 293
    determined by a duly constituted ARD committee to be appropriate for the student to receive a free and appropriate public education as defined by Federal and State laws. Both those educational and non-educational services to be provided in accordance with the student's IEP, which are not statutorily required to be provided by the JJAEP, will be provided by the District. The District will be responsible for annual ARDs, three-year re-evaluation ARDs, and assessments.

    B. The JJAEP provider may request in writing to the District Liaison the evaluation of a JJAEP student to review or determine the need for special education and related services. The District will prioritize these requests.

    C. The JJAEP, in collaboration with the sending District, must ensure that a student who is non-English speaking or who speaks English as a second language is provided ESL/LEP services and instruction appropriate to address his or her needs, as determined by a language proficiency assessment committee (LPAC). Documentation of the LPAC determinations will be provided and maintained by the sending Districts.

    D. The JJAEP must be notified, in writing, at the time of referral, of all students who require 504 accommodations. The JJAEP will provide 504 accommodations as indicated and in conjunction with the sending District.

16. **Transition Process**: In anticipation that a student is going to meet the District expulsion order and Court requirements, the JJAEP will contact the District Liaison 7-10 days prior to the anticipated release date to determine the student's placement upon return. The JJAEP will complete the exit packet and coordinate the student's transition with the parent and receiving school.

17. **Student Codes of Conduct**: The Juvenile Board will ensure the development and adoption of a Student Code of Conduct for students enrolled in the JJAEP. In order to facilitate student transition planning, the District will file with the Juvenile Board a copy of the District's approved Student Code of Conduct. The TEC 37.007(c) defines the serious misbehaviors for which a student may be placed in the JJAEP if the conduct occurs while the student is enrolled in the District's Alternative Education Program ("DAEP").

18. **Compulsory Attendance**: The JJAEP will enforce the compulsory attendance laws for students enrolled in the program. The JJAEP will notify the District Liaison when a student fails to enroll, and the District will enforce the compulsory attendance laws as to that student. The JJAEP will provide the District Liaison a preliminary JJAEP school calendar for the upcoming school year by August 1st each year.

19. **Term**: The term of this agreement will commence on the 1st day of August 2026 and will end on July 31, 2027.

20. **Disclosure of Interested Parties**: All signatures acknowledge that it is a "governmental entity" and not a "business entity" as those terms are defined in Tex. Gov't Code § 2252.908, and therefore, no disclosure of interested parties pursuant to Tex. Gov't Code Section 2252.908 is required.

JUVENILE JUSTICE ALTERNATIVE EDUCATION PROGRAM MEMORANDUM OF UNDERSTANDING

BETWEEN THE JOHNSON COUNTY JUVENILE BOARD AND JOHNSON COUNTY INDEPENDENT SCHOOL DISTRICTS

Term of Agreement: **August 1, 2026 – July 31, 2027**

This Memorandum of Understanding ("MOU") is entered into pursuant to Chapter 37 of the Texas Education Code (TEC), by and between the Independent School Districts of Johnson County ("Districts"), as indicated by the signatures of their representatives herein below, and the Johnson County Juvenile Justice Alternative Education Program (JCJJAEP) as the agent for the Juvenile Board of Johnson County, Texas (Juvenile Board).

WHEREAS, Johnson County, Texas, has a population greater than 125,000, and the Juvenile Board has been mandated by Texas Education Code Section 37.011 to develop a Juvenile Justice Alternative Education Program, subject to the approval of the Texas Juvenile Justice Department; and,

WHEREAS, the Districts have been mandated by Texas Education Code Section 37.007(a), (d) and (e) to expel students for mandatory offenses; and,

WHEREAS, the Districts have the discretion to expel students under Texas Education Code Section 37.0052, Section 37.007(b), (c), (d), (f) or (i), and Section 37.0081(a) for conduct defined as a felony offense in Title 5 of the Texas Penal Code; and,

WHEREAS, the Districts have the discretion to remove students under Texas Education Code Section 37.309(b) who are registered sex offenders; and,

WHEREAS, the parties hereto agree that the JCJJAEP is a cooperative effort between the educational community and the juvenile justice system with the primary goals of the program being education and rehabilitation of juvenile offenders.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

1. <u>Subject of Agreement</u>

The Juvenile Board, in cooperation with the Districts, will provide the Johnson County Juvenile Justice Alternative Education Program (JCJJAEP) as specified by Chapter 37 of the Texas Education Code, both through direct provision of services and through contractual agreements with service providers.

2. Student Eligibility

The JCJJAEP will provide services to students expelled or removed under the following provisions:

(a) **Mandatory** expulsion criteria defined by TEC 37.007(a), (d) or (e).

(b) **Discretionary** expulsion criteria listed below that meets a misdemeanor B level offense or above:

- TEC 37.0052 concerning certain bullying behavior (Misdemeanor B or above);
- TEC 37.007(b), (c), (d), (f) or (i);
- TEC 37.0081(a) concerning Penal Code Title 5 felony offenses; or

(c) **Other** removal criteria defined as:

- TEC 37.309 concerning registered sex offenders.
- As ordered by the Juvenile Court.
- As a condition of juvenile probation.

In addition to the above stated provisions, students must meet the following criteria to be eligible for enrollment in the JCJJAEP:

- Grade levels 5th – 12th (some restrictions may apply to 5th grade); and
- Ages 10-16 with a referral to Juvenile Services; or
- Ages 17-19 on a case-by-case basis; and
- The school district must have notified the local law enforcement (i.e. filed an offense report) regarding the alleged incident, which is the basis of the expulsion; and
- A law enforcement entity must have made a formal referral of the case to the juvenile court for juvenile offenders or forwarded the case to the criminal court prosecution intake for adult offenders or have completed an offense report on the incident.

3. Referral and Enrollment

Prior to expelling or removing a student to the JCJJAEP, the District must conduct a hearing at which the student is afforded appropriate due process as required by Texas Education Code Section 37.009(f). In addition, the placement of a student with a disability who receives special education services may be made only by a duly constituted admission, review, and dismissal committee as required by Texas Education Code Section 37.004. The admission, review, and dismissal committee must invite a JCJJAEP representative to attend the meeting to ensure special education provisions, if needed, can be provided.

Prior to any expulsion or removal hearing to consider placement of a student in JCJJAEP, the District will notify JCJJAEP beforehand. This allows JCJJAEP to assess the education requirements needed of the student, and to allow the paperwork to begin

for the referral to Johnson County Juvenile Services as required by Texas Education Code Section 37.010.

School districts sending a mandatory student to the JCJJAEP will expel students using the following guidelines for lengths of expulsion:

(a) All other mandatory expulsion charges will be 80 successful days, except Federal firearm offenses which are for one (1) school year or 180 school days.

The JCJJAEP may accept discretionary referrals that meet the criteria of misdemeanor B or above and have been referred to Juvenile Services or the District Attorney's office. In addition, discretionary referrals will be accepted on an as-space-is-available basis. The minimum length of placement for a discretionary student will be thirty (30) successful school days unless space is needed for mandatory students. The JCJJAEP and District may agree to a length of placement beyond 30 successful days, but not more than 80 successful days, on a case-by-case basis.

The District will refer a student to the JCJJAEP by completing the provided notification form and including a copy of the following student records prior to the student enrolling in the JCJJAEP:

(r) LPAC

If a student moves/transfers to a District in Johnson County prior to the completion of the original expulsion or removal term, the receiving District will not extend the student's length of placement in the JCJJAEP beyond the term defined in the original expulsion or removal order.

The JCJJAEP and District may agree to include a student's length of placement in an alternative educational program (such as DAEP, drug rehab, detention, etc.), which occurs after the date of expulsion, toward the student's term of expulsion or removal.

The JCJJAEP may offer incentives for positive behavior and/or academic achievement which may result in the reduction of a student's expulsion term. The JCJJAEP and District may consider a student's successful completion of the program to coincide with the end of a grading period.

4. Attendance Reporting

The District will maintain enrollment of all JCJJAEP students using a campus identification number specific for JCJJAEP as required by Texas Education Code Section 37.011(h).

The JCJJAEP will track attendance for each student enrolled in the program and report weekly attendance to the District. The District will be responsible for reporting violations of the Compulsory Attendance Law to the appropriate court.

If a student is placed on inactive status more than three times during their expulsion the student will be discharged from the JCJJAEP program and referred back to their home campus.

5. Funding

Funding for all mandatory students will be provided to the Juvenile Board by the Texas Juvenile Justice Department.

Funding for all discretionary students will be provided to the Juvenile Board by the District at a rate of $115.00 per student attendance day. Payment will be made within 30 days of receipt of an invoice from the billing authority of Johnson County.

In the case of special population students (as defined in Section 9 of this MOU), the District will be financially responsible for the provision of any related services determined necessary for those students.

6. Facilities, Staffing, and Daily Operations

The JCJJAEP will be provided in a facility operated and maintained by Johnson County, specifically located at 1102 E. Kilpatrick, Suite C, Cleburne, Texas. The facility must comply with all applicable federal, state, county, and city regulations and TJJD standards. The JCJJAEP will operate at least seven (7) hours a day and 180 days a year as required by Texas Education Code Section 37.011(f), unless a waiver has been submitted and approved by TJJD. The JCJJAEP will provide all personnel and services necessary to operate the JCJJAEP, by either direct provision or through contractual agreements.

Due to space limitations, the daily population of the JCJJAEP must not exceed 8 students. Upon reaching capacity, mandated students will be given precedence for enrollment over non-mandated students. The JCJJAEP reserves the right to return any discretionary student to his or her home District in order to accommodate a mandatory student from any District. In the event of overcrowding, the JCJJAEP may recommend early termination of a mandatory student's expulsion term based on the student's overall compliance with the program, attendance and grades.

7. Transportation

Transportation of students to the JCJJAEP will be the responsibility of the student and/or his/her parent(s)/legal guardian(s).

Transportation to the JCJJAEP of students eligible for special education services will be reviewed by the District Admission, Review, and Dismissal (ARD) committee prior to placement in the JCJJAEP, and will follow what is outlined in the Individualized Education Plan (IEP). If according to the IEP, the District is required to provide transportation for the student, then the District will continue to provide transportation for the student to the JCJJAEP. If the IEP does not require the District to provide transportation for the student, then transportation to the JCJJAEP will be the responsibility of the student's parent(s)/legal guardian(s).

8. Curriculum

The JCJJAEP will provide the following required courses in accordance with Texas Education Code Section 37.011(d):

- English/Language Arts, Math, Science and Social Studies;
- Self-Discipline; and
- A High School Equivalency Program (GED).

All completed coursework will be accepted by the District and any credit(s) earned by the student while enrolled in the JCJJAEP will be reflected on the student's school transcript.

The JCJJAEP may provide elective courses as available through current JCJJAEP curriculum. The District will provide for instruction in any elective course that cannot be provided by the JCJJAEP but that the District wants the student to maintain. The student's coursework will be addressed at the time of the expulsion or removal hearing and a determination will be made as to how the courses for which the student is currently enrolled can be maintained.

The JCJJAEP will provide a student's academic progress to the parent(s)/legal guardian(s), and in the case of a high school student, will review the student's progress toward meeting high school graduation requirements and establish a specific graduation plan for the student as required by Texas Education Code Section 37.011(d). The JCJJAEP is not required to provide a course necessary to fulfill a student's high school graduation requirements other than a course specified in this section.

9. Special Populations

Students Eligible for Special Education Services:
A student with a disability who receives special education services in a general education setting may be expelled or removed to the JCJJAEP only after a duly constituted Admission, Review, and Dismissal (ARD) committee determines that the alleged offense and/or behavior was or was not a manifestation of the student's disability in accordance with Texas Education Code Section 37.004.

The JCJJAEP is a general education setting. Therefore, a student who requires services beyond a general education setting may not be expelled to the JCJJAEP.

In accordance with Texas Administrative Code Section 89.1052(b), the JCJJAEP will be notified by the District and invited to participate in all ARD committee meetings scheduled to discuss the expulsion or removal of a special education student to the JCJJAEP. The District will provide a copy of the student's current Individual Education Plan (IEP) and/or Behavior Intervention Plan (BIP) to the JCJJAEP for review at least 2 days prior to the meeting. The JCJJAEP may participate in the meeting to the extent that the meeting relates to the student's placement in the JCJJAEP.

If a student eligible for or receiving special education services is expelled or removed to the JCJJAEP, the District will continue to provide any related services outlined in the IEP and/or BIP which are not available at the JCJJAEP. Related services may include, but are not limited to: counseling, transportation, interpretive services, and special curriculum.

If the JCJJAEP determines that a student, who has not previously been qualified as a student eligible for special education, may be eligible for services, the JCJJAEP will refer the student to the District for evaluation and determination of eligibility for special education services, in accordance with applicable state and federal statutes and regulations.

If the JCJJAEP determines that the student's educational and/or behavioral needs cannot be met in the program, the JCJJAEP will immediately notify the District. Upon receiving such notice from the JCJJAEP, the District will convene an ARD committee meeting to determine if the student's IEP and/or BIP need to be modified, or whether the student's placement will be reconsidered.

Students Identified as English as a Second Language (ESL) Learners:
The JCJJAEP will serve students identified as English as a Second Language (ESL) learners by providing the necessary services, instruction, or accommodations as recommended by the Language Proficiency Assessment Committee. The District will continue to provide any related services recommended by the Language Proficiency Assessment Committee which are not available at the JCJJAEP.

Students enrolled in the JCJJAEP who require Texas English Language Proficiency Assessment System (TELPAS) testing will be allowed to return to their District to test. The District will be responsible for accommodating expelled students for the purpose of administering TELPAS testing as needed.

Students with Section 504 Plans:
The JCJJAEP will serve identified students who require a Section 504 plan to address a physical or mental impairment by providing the necessary services, instruction, or accommodations as recommended by the 504 Committee. The District will continue to provide any related services recommended by the 504 Committee which are not available at the JCJJAEP.

10. Statewide Assessments

Students enrolled in the JCJJAEP who require statewide assessments will be allowed to return to their District to test. The District will be responsible for accommodating expelled students for the purpose of administering statewide assessments as needed.

11. Exit and Transition

A certified teacher assigned by the JCJJAEP will review all academic work of a student prior to the student's exit from the JCJJAEP, and will certify completion of coursework based upon a determination that the student has mastered the essential knowledge and skills for a course at the seventieth percentile pursuant to Texas Education Code Section 28.002.

Upon completion of the program, the JCJJAEP will notify the District of the student's plan to return to the District. This notification will be provided in writing and will include, at a minimum, the student's attendance days, withdrawal grades, any credits earned, and the results of the IOWA assessment administered to the student.

In accordance with Texas Education Code Section 37.011(d), all completed coursework will be accepted by the District and any credit(s) earned by the student while enrolled in the JCJJAEP will be reflected on the student's school transcript.

12. Term of MOU

The term of this MOU will be from August 1, 2026, or upon execution of the MOU by the last signatory to the MOU, whichever is later, through July 31, 2027. If this MOU is not terminated by either party, or if neither party requests an amendment to the MOU, this MOU must thereafter continue in effect until such time as either party requests that it be terminated or superseded.

13. Miscellaneous

In the event that an MOU has not been executed by September 1st of the current school year, and an agreement does not appear possible, the parties must submit to binding arbitration, as outlined in Texas Education Code Section 37.011(p). If, however, ongoing negotiations prohibit the execution of the MOU for the current school year, the past school year MOU remains in effect until the new MOU is finalized and executed.

At such time as the Juvenile Services Director and the representatives from the participating school districts reach an agreement, or an MOU is promulgated by the arbitrators, such MOU must be submitted to the Juvenile Board and to the school board for each of the participating school districts for their consideration and approval. The new MOU must, after approval by the appropriate authorities, or following the mandate of the arbitrators, upon its effective date supersede the existing MOU. At which time the new MOU is completed, each school district is required to submit for board approval the new MOU, allowing for the last year's MOU to expire.

Should any party fail or decline to execute the MOU, or fail to appear or submit to binding arbitration, after reasonable notice of such proceedings by certified mail or hand delivery, then the arbitrators selected by the other party may enter an MOU on behalf of the recalcitrant party and obligate the recalcitrant party to the terms and provisions of the MOU.

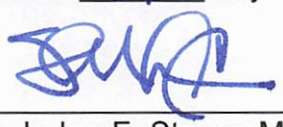

This MOU constitutes the complete and exclusive agreement between the parties, and supersedes all oral or written proposals, prior written agreements, and other prior communications between the parties, concerning the subject matter of this MOU. In the event that any of the provisions contained in this MOU are held to be unenforceable, this MOU must be construed without such provisions, and the remaining provisions hereof continue in full force and effect. In the event that state law affecting the operation of the JCJJAEP changes after the date this MOU is entered into, the parties agree to amend the MOU accordingly.

Any student who does not meet the eligibility requirements of this MOU is not entitled to educational services by the JCJJAEP.

TITLE: Consideration & Approval of Final Change Order to 2024 Bond Package A2 Summit Baseball and Softball with Lee Lewis Construction

DATE: June 23, 2026

ACTION

BACKGROUND:

The District has adopted a Request for Proposal (RFP) procedure for identifying change to the Construction Documents Scope of Work between a Construction Contractor, Architect/Engineer (A/E), Construction Program Supervisor (CPS) and MISD's designated representative. RFP's are administered at the lowest feasible working level. Delays in handling changes can result in Contractor delay claims for extended overhead costs and time delays.

Once RFP's have accumulated to an extent that an increase or decrease to the Contract Value is needed, the RFP's are consolidated into a formal Change Order for Approval as required to adjust the contract Value. The final Change Order to Lee Lewis Construction, submitted herewith, and includes the RFP's developed from May 2025 to May 2026.

Re: Activity Report on Delinquent Tax Collections for the month of May 2026

Dear Dr. Spencer:

Linebarger Goggan Blair & Sampson, LLP, is pleased to provide the following information recapping our delinquent tax collection activity for the month of **May 2026** for our Mansfield Independent School District delinquent tax collection program. Please find the following items attached summarizing our efforts on your behalf.

- **A)** A report highlighting the **collection activities** we have undertaken on behalf of the Mansfield Independent School District.
- **B)** A report highlighting the **litigation activities** we have undertaken on behalf of the Mansfield Independent School District.
- **C)** Refunds information for May 2026.
- **D)** An analysis of the Mansfield Independent School District combined delinquent tax roll by Property Types.

May collection statistics remained solid for the Mansfield ISD. The total amount of base tax, penalty and interest collected was $106,336. Since the beginning of this collection cycle (July 1, 2025) 86.64% of the entire turnover has been collected, bringing total base tax collections to $2.081 million dollars for the year. Collections revenues for May did not surpass the total refunds issued by the Tarrant County Appraisal District; those refunds total $217,370 in refunded base tax, penalty and interest. Our Team has created a separate section of this report below, Section C, that reports on refunds issued by the District. Refunds issued are not a reflection of the effectiveness of the collection service you are receiving, but the funds refunded do impact the overall monies received by the District in its monthly allotment from the Tax Office.

On January 20, 2026, Linebarger, in conjunction with the Tarrant County Tax Office, began sending text notices to taxpayers concerning past due invoices. Should a taxpayer have questions about the text they received, please forward them to myself or Shannon Ortiz. We will be happy to speak with them!

As always, should our efforts result in phone calls or inquiries to the District, please direct those calls or inquiries to Shannon Ortiz at the office or to myself at 817-489-4062. It is our pleasure to service your account and we appreciate our partnership with the Mansfield ISD!

Many Thanks,

Charles E. Brady, Capital Partner

TITLE: Financial Reports DATE: June 23, 2026

INFORMATION

BACKGROUND:

Each month, financial reports are prepared detailing the status of the District's budget as of the most recent accounting period. To increase financial transparency, the following additional reports are included:

- Balance Sheet – Governmental Funds
- Project Detail –Bond Programs
- Combining Statement of Net Position – Proprietary Funds

The fund balance and net position figures are the audited balances carried from 2024-25.

The reports are as of May 31, 2026. The financial reports are separated into revenue and expenditures. Expenditures are reported by summary by function and by object series.

Year to date totals and percentages are calculated. Payroll costs should represent (11/12) of the 12-month budget for 91.67%. General Fund actual expenditures for salaries through May 2026 are 89.31%. Variance in the expenditures for the payroll object percentage will be due to vacancies, changes in personnel, demographics, stipend schedules, auxiliary weeks, and benefit elections.

The financial statement for the 2XX, 3XX, and 4XX special revenue funds (excluding Fund 240 & 242 School Nutrition) is presented in a single format for expenditures intended to provide specific information about funds received through federal, state, and local sources that are accounted for outside the General Operating fund.

Accounting code definitions for the function and object codes are included in addition to bond project descriptions.

- What is the problem?
  - 8th grade data appears to be below the goal.
- Impact statement of the problem
  - 8th grade Algebra I data is missing from the evaluation and skews the data. 33% of 8th graders are in an above grade level course.
  - Howard data is a significant outlier compared to other campuses in both 8th grade and Algebra I.
- Action to be taken
  - Analyze the data with Algebra I students included.
  - Request assessment to consider an additional calculation of data that combines Algebra I and 8th grade MAP data for at or above grade level mean in future reports.
  - Provide continued support to both math teachers and leadership at Howard to impact next year's student achievement
  - Ensure SHS Algebra I and Geometry has information regarding EOY MAP data to support planning and supports for student in the 26-27 school year.
- When will you give your team and executive council an update?

6.1 # of MISD Positive Publicity Media Hits

- What is the problem?
  - We are at 80% of our total EOY goal. Coverage fluctuates and the Summit/Mr. Mutterer story in June will bring the numbers back up. In lieu of reporting inaccurate numbers, I have not included print, online or other coverage data in April/May but will add them following the meeting with Meltwater.
- Impact statement of the problem
  - N/A
- Action to be taken
  - I have already scheduled a consultation with our new media coverage tracking vendor, Meltwater, for assistance in pulling correct numbers for the coverage that does not include TV stories.
