Board of School Trustees
Mansfield Independent School District

TITLE: Consideration and Approval of a Delegate and Alternate to the TASB Delegate Assembly

DATE: July 28, 2026

ACTION

AGENDA ITEM:

Consider and Discuss Approval of Vice President Ana Horn as TASB Delegate and Trustee Jesse Cannon as Alternate Delegate for the Texas Association of School Boards (TASB) Delegate Assembly in October 2026.

BACKGROUND:

Each year, the Texas Association of School Boards (TASB) convenes a Delegate Assembly at the TASA | TASB Convention, at which member school boards from across the state discuss and vote on Association business. This includes electing TASB officers and directors, approving updates to the TASB Advocacy Agenda, and taking action to guide the Association's legislative and policy priorities.

As an Active Member of TASB, Mansfield ISD is entitled to designate one currently serving Board of Trustees member to act as the district's official voting Delegate, along with one Alternate Delegate who may act in the Delegate's place if the Delegate is unable to attend or participate. Naming a Delegate and Alternate ensures Mansfield ISD has a voice in shaping statewide education policy and advocacy efforts on behalf of the district and its students.

The Board recommends that we designate Vice President Ana Horn to serve as the district's TASB Delegate and Trustee Jesse Cannon to serve as the Alternate Delegate.

MOTION:

Consider and Approve Ana Horn as TASB Delegate and Jesse Cannon as Alternate Delegate for the TASB Delegate Assembly.

Board of School Trustees
Mansfield Independent School District

TITLE: Consider Proposed Non-renewal of Term Contract of a Teacher

DATE: July 28, 2026

ACTION

BACKGROUND:

As you recall, at the April 28 Board meeting, the Board voted to approve giving notice of proposed nonrenewal to an employee on a term teacher contract.

The teacher requested a nonrenewal hearing, and that hearing was conducted on June 22, 2026, before Board-Appointed Attorney Scott Cummings. On July 7, 2026, Mr. Cummings provided the Board with a record of the hearing and his recommendation regarding nonrenewal of the employee's term contract. The Board will now consider the record of the hearing and Mr. Cummings' recommendation.

CONSIDERATIONS:

- Approve the nonrenewal of the teacher's 2025-2026 term contract.

- Do not approve the nonrenewal of the teacher's 2025-2026 term contract, which will result in the teacher's continued employment with the District on a term contract for the 2026-2027 school year.

RECOMMENDATION:

The Superintendent recommends nonrenewal of the teacher's term contract.

If the Board agrees, the motion would be:

"I move that the Board non-renew the 2025-2026 term contract of the teacher discussed in closed session, pursuant to Board Policy DFBB, and authorize the Superintendent of Schools to provide written notice of the Board's decision."

Board of School Trustees
Mansfield Independent School District

TITLE: Termination of Teacher's Employment Pursuant to Texas Education Code § 21.0031

DATE: July 28, 2026

ACTION

BACKGROUND:

On July 17, 2026, the Superintendent received notification from the Texas Education Agency ("TEA") that it entered an Order for Temporary Suspension against teacher Joseph David Carden Moseley's teaching credentials pursuant to Texas Education Code § 22A.203. Due to this action, TEA's notice provided that the teacher is not allowed to be employed by a school district or charter school within the State of Texas pursuant to Texas Education Code § 22A.151(d)(5).

CONSIDERATIONS:

- Approve terminating the employment of this employee pursuant to Texas Education Code § 21.0031, effective immediately.

- Do not approve terminating the employment of this employee pursuant to Texas Education Code § 21.0031, which means he would remain employed in MISD.

RECOMMENDATION:

The Superintendent recommends that the Board terminate the teacher's employment pursuant to Texas Education Code § 21.0031(b)(1)(A). TEA has temporarily suspended the teacher's educator certificates, and TEA has notified the District that the teacher may not be employed by a Texas school district.

If Board agrees, the motion would be:

"I move that the Board terminate the employment of teacher Joseph David Carden Moseley, pursuant to Texas Education Code § 21.0031, effective immediately, and authorize the Superintendent of Schools to provide the employee notice of the Board's decision."

TITLE: Consideration and Approval of Proposed Budget Amendments

DATE: July 28, 2026

ACTION

BACKGROUND:

The legal basis for budget development in Texas school districts is established in Sections 44.002 through 44.006 of the Texas Education Code. The Texas Education Code requires Board approval of the budget for the General Operating, Debt Service, and Food Service Funds. Board Resolution #27-01 permits the Superintendent or Associate Superintendent for Business and Finance to authorize routine budget revisions, adjustments and transfers necessary for the payment of District obligations throughout the fiscal year.

Any non-routine budget revisions, adjustments, and transfers which increase or decrease revenues and other financing sources and uses, along with the corresponding revisions in expenditures; or budget revisions, adjustments, and transfers which reduce or increase the fund balance of any related fund; or transfers between funds; or transactions exceeding $500,000 must continue to be presented to the Board of Trustees for approval prior to processing.

A summary report of budget revisions, adjustments, and transfers approved and processed by the District in accordance with this resolution, listed by major function and funds, shall be submitted to the Board of Trustees for adoption/ratification on a monthly basis.

The attached amendments ensure compliance with state and local requirements.

Budget changes over $500,000 for approval:

There are no budget changes requiring approval at this time.

CONSIDERATIONS:

General Fund amendments are primarily transfers between functions due to account code changes and department requirements.

RECOMMENDATION:
The Superintendent recommends that the Board approve and ratify the amendments to the 2026-2027 budgets as presented.

RECOMMENDED MOTION:
“Move to approve and ratify the budget amendments as presented.”

TITLE: Consideration and Approval of Resolution #27-01 Administrative Authority to Process Routine Budget Revisions, Adjustments and Transfers

DATE: July 28, 2027

ACTION

BACKGROUND:

The district processed budget amendments in the previous year with the board ratifying the amendments at the monthly meeting. This greatly enhanced district operations and expedited the approval of expenditures that rely on budget amendments that are reclassifications between functions within a campus/department normal allocations.

CONSIDERATION:

Administration is recommending that routine budget revisions, amendments and transfers up to $500,000 continue to be processed administratively with a budget amendment report presented to the board on a monthly basis for ratification. Non-routine budget revisions, adjustments, and transfers which increase or decrease revenues and other financing sources and uses, along with the corresponding revisions in expenditures; or budget revisions, adjustments, and transfers which reduce or increase the fund balance of any related fund; or transfers between funds; or transactions exceeding $500,000 will not be processed. Such non-routine budget revisions, adjustments and transfers would continue to be presented to the Board of Trustees for approval prior to processing.

RECOMMENDATION:

The Superintendent recommends that the Board approve Resolution #27-01 for Approval of Administrative Authority to Process Routine Budget Revisions, Adjustments, and Transfers.

RECOMMENDED MOTION:
Move to adopt Resolution #27-01 for Approval of Administrative Authority to Process Routine Budget Revisions, Adjustments and Transfers.

MANSFIELD INDEPENDENT SCHOOL DISTRICT

This resolution is adopted for the purpose of expediting the processing of routine budget revisions, adjustments, and transfers, and shall remain in effect for the remaining periods of the fiscal year, from July 1, 2026, to June 30, 2027, and is subject to annual review and renewal by duly adopted resolution of the Board of Trustees of Mansfield Independent School District. The amount of any individual routine budget revision, adjustment, or transfer shall not exceed $500,000. The total amount of routine budget revisions, adjustments, and transfers at any one time may not exceed $500,000.

This resolution shall be limited to the administrative approval and processing of routine budget revisions, adjustments, and transfers, within or between account functions of expenditures and within or between resources and funds, including the following: General Fund 19X, School Nutrition Fund 24X, and Debt Service Fund 599.

This resolution shall not permit the administrative processing of non-routine budget revisions, adjustments, and transfers which increase or decrease revenues and other financing sources and uses, along with the corresponding revisions in expenditures; or budget revisions, adjustments, and transfers which reduce or increase the fund balance of any related fund; or transfers between funds; or transactions exceeding $500,000. Such non-routine budget revisions, adjustments and transfers must continue to be presented to the Board of Trustees for approval prior to processing.

A summary report of budget revisions, adjustments, and transfers approved and processed by the District in accordance with this resolution, listed by major function and funds, shall be submitted to the Board of Trustees for adoption/ratification on a monthly basis.

Board of School Trustees
Mansfield Independent School District

TITLE: Consideration and Approval of Resolution #27-03 Extracurricular Status of 4-H Organization Johnson County

DATE: July 28, 2026

ACTION

BACKGROUND:

The Johnson County 4-H organization is a major contributor to the co-curricular and extracurricular activities of our Agricultural Science Program. The attached resolution grants to the 4-H organization extracurricular status, allowing its activities to be dealt with administratively in the same manner as any other student organization (See Exhibit 1).

CONSIDERATIONS:

- The majority of 4-H members in the Mansfield Independent School District are students in grades K-8.
- Students who are 4-H members are typically students whose families live on family farms.
- Granting extracurricular status to the Johnson County 4-H organization gives these students an appropriate outlet for the pursuit of their interests in Agricultural Science prior to entry into high school.
- Adjunct Staff Member Status be granted to County Extension Agents.

RECOMMENDATION:

The Superintendent recommends the adoption of Resolution #27-03 Extracurricular Status of 4-H Organization, along with Adjunct Staff Member Status for the County Extension Agents.

RECOMMENDED MOTION:

"Move to adopt Resolution #27-03 Granting Extra-Curricular Status to the Johnson County 4-H Organization, along with Adjunct Staff Member Status for County Extension Agents."

The State Board of Education passes an amendment to 19 TAC§129.21. Requirements for Student Attendance Accounting for State Funding Purposes allows public school students to be considered "in attendance" when participating in off-campus activities with an adjunct staff member of the school district. Section 3 of the Student Attendance Handbook states:

Johnson County requires the Extension personnel listed on the enclosed Adjunct Faculty Agreement to be awarded adjunct faculty staff member status for the **2026-2027** school year indicated in the agreement. Extension personnel, as ISD adjunct faculty members, will only supervise and be responsible for Texas 4-H members of the district.

I hope the ***Mansfield Independent School District*** will accept this request. Please let me know if you would like to schedule an appointment to discuss the amendment and request or if you need further information.

Board of School Trustees
Mansfield Independent School District

TITLE: TEA Foreign Exchange Student Waiver Request

DATE: July 28, 2026

ACTION

BACKGROUND:
School districts may request a waiver as per Texas Education Code TEC §25.001 (e) to limit the number of Foreign Exchange Students (FES) it admits to the district should hosting the FES create a financial or staffing hardship on the district, diminish the district's ability to provide high quality educational services for the district's domestic students, or require domestic students to compete with FES for educational resources.

Upon Board approval, the waiver will be submitted for the 2026-2029 school years.

CONSIDERATIONS:

Districts are allowed to submit a waiver to limit the number of FES per each high school, and MISD would like to request that no more than 5 FES be placed in each qualifying high school.

The Executive Director of Guidance and Counseling is the single point of contact for host families and exchange organizations and coordinates the placement of FES in our schools. Foreign exchange students are not eligible to attend Frontier STEM Academy or Early College High School.

RECOMMENDATION:
The Superintendent recommends approval of the TEA Foreign Exchange Student Waiver application request, as presented.

RECOMMENDED MOTION:
"I move that we approve the Foreign Exchange Student Waiver application to be submitted to Texas Education Agency for approval."

Re: Activity Report on Delinquent Tax Collections for the month of June 2026

Dear Dr. Spencer:

Linebarger Goggan Blair & Sampson, LLP, is pleased to provide the following information recapping our delinquent tax collection activity for the month of **June 2026** for our Mansfield Independent School District delinquent tax collection program. Please find the following items attached summarizing our efforts on your behalf.

- **A)** A report highlighting the **collection activities** we have undertaken on behalf of the Mansfield Independent School District.
- **B)** A report highlighting the **litigation activities** we have undertaken on behalf of the Mansfield Independent School District.
- **C)** Refunds information for June 2026.
- **D)** An analysis of the Mansfield Independent School District combined delinquent tax roll by Property Types.

June collection statistics remained very consistent for the Mansfield ISD. The total amount of base tax, penalty and interest collected was $120,155. Since the beginning of this collection cycle (July 1, 2025) 89.20% of the entire turnover has been collected, bringing total base tax collections to $2.143 million dollars for the year. Collections revenues for June again did not surpass the total refunds issued by the Tarrant County Appraisal District; those refunds total $197,119 in refunded base tax, penalty and interest. Our Team has created a separate section of this report below, Section C, that reports on refunds issued by the District. Refunds issued are not a reflection of the effectiveness of the collection service you are receiving, but the funds refunded do impact the overall monies received by the District in its monthly allotment from the Tax Office.

On July 1, 2026 the 2025 turnover was transferred to the law firm for collection. We are currently in the process of analyzing the data and preparing collection letters to be sent. Next month we will be able to provide the District with a turnover analysis of 2025 taxes for collection as well as provide a recap of last year's performance.

As always, should our efforts result in phone calls or inquiries to the District, please direct those calls or inquiries to Shannon Ortiz at the office or to myself at 817-489-4062. It is our pleasure to service your account and we appreciate our partnership with the Mansfield ISD!

Many Thanks,

Charles E. Brady, Capital Partner

- **What is the problem?** The department fell below the meal participation goal in January during the bad weather event, and remains below the target at year end.
- **Impact statement of the problem:** Fewer students are participating in meal service throughout the school year, resulting in reduced annual revenue.
- **Action to be taken:** Reformat goal for 2026-2027 to be reflective of a daily average instead of a flat meal count.

Item 2. Board Survey/Community Conversation Summary

The Board thanks the community members who completed the inaugural governance survey in June 2026. More than 1,000 individuals responded to the survey. Following the survey, the Board Oversight Committee identified three main themes for which potential board action may occur and further discussed these with the community during the July 2026 Community Conversation. These three themes included: board meeting access & transparency; board representation; and board/community feedback loop. The community desired to learn more about any next steps or board action related to the following: more responsiveness to public comment; potential open forums for public comment; greater support for campuses across geographic regions in the district, particularly Arlington; stronger relationships with board members; more visibility of board members; and improved student outcomes for campuses with lower student outcomes.

Item 3. Stewardship of Taxpayer Resources

In this portion of the report, we demonstrate how the Board has used the values of transparency, accountability, and responsible stewardship of taxpayer resources to guide it throughout a series of concerns and allegations raised over the past several months.

Some of those concerns became the subject of public discussion. Others were brought to the Board through formal or confidential channels, as is appropriate for certain matters. Regardless of how they were received, each concern was evaluated according to the Board's legal and ethical responsibilities and not according to the amount of public attention it generated.

When concerns were raised, the Board did not dismiss them. Independent legal counsel was engaged where appropriate. Outside agencies reviewed matters within their jurisdiction. Public records were produced. Public Information Act requests were answered. District staff devoted significant time and resources to ensuring concerns received fair and independent consideration.

After months of review, each matter raised over the past several months has completed independent review and is now formally closed. This report summarizes, accounts for the resources expended, and outlines the governance improvements adopted by the Board to strengthen both accountability and stewardship going forward.

Guiding Principles

The Board's response has been guided by five principles:

1. Transparency requires facts, not assumptions.
2. Accountability requires independent review.
3. Allegations deserve fair evaluation.
4. The Board's primary responsibility is the education and success of Mansfield ISD students.
5. Taxpayer resources deserve responsible stewardship.

Board Response

The Board understands that public confidence depends on accountability. Accordingly, allegations were not ignored. Instead, the following took place:

- Independent legal review was sought when appropriate.
- Relevant governmental agencies reviewed matters within their authority.

- Public records were produced.
- Questions were answered.
- District staff cooperated fully throughout each process.

Findings & Stewardship of Taxpayer Resources

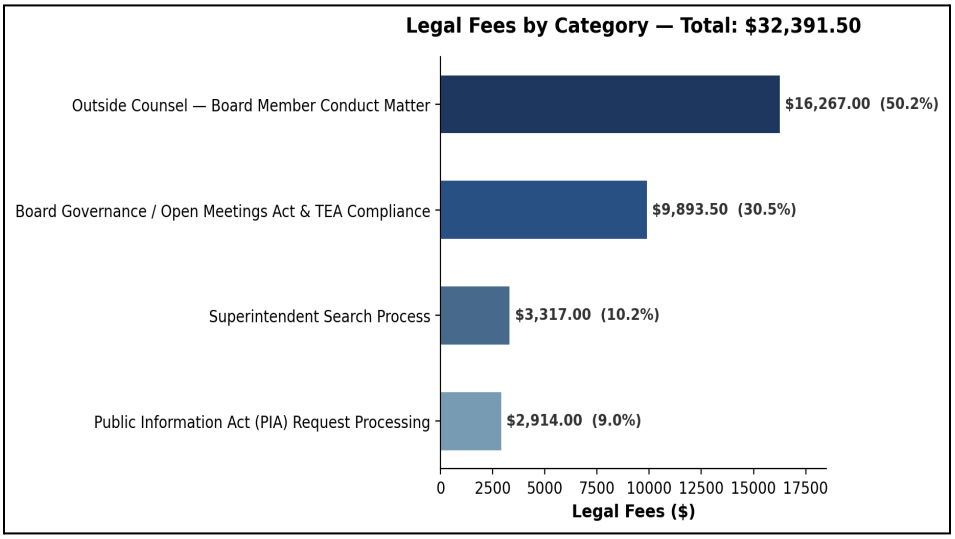

During one of the most recent matters, the Vice President of the Board served as the acting presiding officer for issues involving the Board President. In that capacity, a comprehensive accounting of the legal fees, staff time, and district resources devoted to responding to these matters was requested.

Taxpayers deserve to understand both the outcome of these investigations and the public resources required to conduct them. Every dollar devoted to repeated investigations is a dollar unavailable for classrooms, teachers, student programs, or district operations. Every hour spent responding to unsupported allegations is an hour diverted from serving students. Therefore, the Board believes that transparency requires reporting on both the allegations made and the resources used, as well as the conclusions reached after examination.

The table below reflects legal fees billed specifically in response to these matters, by month, since January 2026. Figures ONLY reflect legal fees specifically attributable to responding to these matters, as identified by outside counsel, and do NOT include the district's routine legal or administrative costs.

Month	Legal Fees
February (January work)	$6,150.50
March (February work)	$3,813.00
April (March work)	$2,937.50
May (April work)	$2,541.50
June (May work)	$2,418.00
July (June work)	$14,531.00
Total	**$32,391.50**

The chart below breaks the same total down by category:

A summary of each matter, how it was raised, and its outcome follows.

- **Search Process:** During the superintendent search, Texas law required the Board to satisfy both the Open Meetings Act and the requirement of candidate confidentiality simultaneously. After conferring with legal counsel, the Board confirmed it could hold closed-session proceedings at a second, non-public location without disclosing that location in advance, a protocol vetted and confirmed not unlawful before it was used. The protocol was carried out as planned. After the search concluded, public assertions arose that the process had been unlawful; the Board sought further confirmation from outside education counsel and the Texas Attorney General's office, both of which affirmed the process had not been unlawful throughout.
- **State Agency Complaint:** A complaint was filed with the Texas Education Agency citing legal precedent alleged to demonstrate a violation of the Open Meetings Act. Outside counsel again reviewed the citations and found them to be incorrect. Currently, the district's position and supporting documents have been sent, and we are awaiting their findings.
- **Board President Residency & Related Records Matter:** A question was raised regarding the Board President's residency within the district, a matter squarely within the Board's jurisdiction to confirm, and the Board did so, verifying residency was intact. A separate issue was also raised in connection with this matter. No legitimate reviewing body has made the Board aware of any wrongdoing identified in connection with it, and the matter has since been confirmed closed.
    - **Texas Ethics Commission Complaint:** A related ethics complaint was filed and reviewed by the Texas Ethics Commission. The complaint was dismissed and closed.

Beyond the legal fees outlined above, district resources are consumed in other ways as well. Public Information Act requests are a right the community holds, and the Board does not take that right lightly. But that right carries a real cost. Since January 1, 2026 alone, the district has received 177 such requests. Some of these were substantial, others were minor, but every one required staff time to locate, review, and, where necessary, redact responsive records. Several requests tied to matters referenced in this report required hours of staff time each to fulfill. When public calls circulate encouraging others to file records requests, the district still bears the cost in staff hours and resources, even when a request is ultimately withdrawn, or the records prepared are never retrieved by the requestor.

Taken together, the true toll of these past six months is not captured by any single number. It is measured in the hours, attention, and energy diverted from the work of educating students.

Recommended Governance Actions

This experience has strengthened the Board's commitment to both accountability and stewardship. Accordingly, the Board has adopted a formal preliminary review process for future allegations.

The process is designed to ensure that concerns are evaluated fairly while also ensuring taxpayer-funded investigations are initiated only after sufficient supporting information has been presented.

The process is as follows:

1. A concern or allegation is submitted.
2. Supporting evidence is presented to Board counsel.
3. Board counsel conducts a preliminary assessment.
4. The Board determines whether the available information warrants a formal investigation using taxpayer resources.
5. If warranted, an independent investigation proceeds.

This process does not discourage legitimate concerns. It ensures legitimate concerns receive appropriate review while protecting taxpayers from unnecessary expenditures. An allegation begins a process. It is not, by itself, proof.

Going forward, the Board will apply this process consistently, measuring every allegation against the same evidentiary standard regardless of its source. Not every allegation will receive a public response, a press statement, or a line-item accounting. A matter that does not meet the evidentiary threshold will simply be closed, quietly, rather than answered claim by claim in public every time. It should also be noted that an allegation does not obligate the person accused to produce personal records (financial, medical, or otherwise) to disprove it; that burden rests with the party making the claim. Consistent with this, when the Board reports on the outcome of a review, it will do so

without publishing the underlying investigative materials or personal records involved, thereby protecting the privacy of board members, staff, and students alike.

A complete Allegation Flow Chart is provided in Appendix A.

Looking Forward

The Board remains committed to transparency, accountability, and responsible stewardship of taxpayer resources. It will continue to welcome legitimate scrutiny, comply fully with the law, respond to public records requests, and cooperate with independent review. Public officials are appropriately held to a high standard, and this Board has consistently met that standard by subjecting itself to independent examination whenever warranted.

Transparency and accountability remain essential responsibilities. Stewardship is also an essential commitment. These responsibilities are not in conflict; rather, they work together.

Over the past six months, the Board and district staff devoted considerable time, energy, and public resources to responding to claims that proved unfounded in every case. That is not a sustainable standard of engagement, for this Board or for the community it serves, and it is precisely why the preliminary review process adopted in this report exists: to ensure that time, energy, and resources are reserved going forward for concerns that are truly warranted.

With this report, the Board closes this chapter with a documented record of transparency and accountability and a renewed commitment to the responsible stewardship of both the public's trust and the public’s resources.
