Mansfield Independent School District

TITLE: Differentiated Support: Every Campus. The Right Support. The Right Time	DATE: August 25, 2026

PRESENTATION

BACKGROUND:

Mansfield ISD is establishing a more intentional, coordinated, and responsive approach to differentiated campus support based on a simple premise: campuses do not all experience the same needs at the same time**.** Rather than providing identical support to every campus, the district will align resources, expertise, and services to the unique needs of each campus—including leadership capacity, instructional implementation, student performance, and campus context.

The differentiated support process is designed to ensure that campuses receive the right support at the right time, grounded in evidence and adjusted as needs change. This approach strengthens the conditions that influence student learning by connecting district resources and expertise directly to the needs of students, teachers, and campus leaders.

Through this process, Mansfield ISD will focus on ensuring equitable access for all**,** growing students academically**,** closing gaps**,** accelerating growth**,** and improving student outcomes**.** District and campus teams will continuously examine evidence, identify areas of need, coordinate appropriate supports, and evaluate whether those actions are producing the intended impact.

Students remain the ultimate beneficiaries of the system, while teachers and campus leaders are supported as the adults closest to classroom instruction. By moving from a one-size-fits-all model to a responsive, evidence-based system of differentiated support, Mansfield ISD seeks to strengthen every campus and create the conditions for every student to thrive.

TITLE: Presentation 2026 Tax Rate Adoption

DATE: August 25, 2026

PRESENTATION

BACKGROUND:

Mrs. Monica Irvin, Chief Financial Officer of Business Services, will provide an overview of Mansfield ISD's proposed Tax Rate adoption.

The District reviewed the budget calendar at a meeting on January 20, 2026. Presentations on the proposed budget for 2026-2027 were included in the meeting on May 26, 2026. The Board was updated on the budget and the funding sources supporting the budget at the meetings. The proposed budget is the result of input from principals, directors and executive council.

The required publication of the public meeting, the "Notice of Public Meeting to Discuss Budget and Proposed Tax Rate" was published in the Commercial Recorder on Tuesday, June 11, 2026 in compliance with State law requiring the notice be published not less than 10 nor more than 30 days before the public meeting. On June 23, 2026, the public hearing to adopt the budget was presented and approved.

Staff is recommending the adoption of a $1.1469 total tax rate. This comprises a proposed maintenance & operations tax rate of $0.7869 and $0.3600 for the interest and sinking fund tax rate. The proposed rates are the same as the prior year, and is the required to be adopted after the 2026-2027 budget is approved and within 60 days of receiving certified property values. These tax rates support the 2026-2027 adopted budget.

SECTION 1: No-New-Revenue Tax Rate

The no-new-revenue (NNR) tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of revenue if applied to the same properties that are taxed in both years (no new taxes). When appraisal values increase, the NNR tax rate should decrease.

Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. Most school districts calculate a voter-approval tax rate that is split into three separate rates.[21]

SECTION 2: Maximum Compressed, Enrichment and Debt Tax Rate Worksheet

This section calculates three components of the voter-approval tax rate:

1. **Maximum Compressed Tax Rate (MCR):** A district's maximum compressed tax rate is defined as the tax rate for the current tax year per $100 of valuation of taxable property at which the district must levy a maintenance and operations tax to receive the full amount of the tier one allotment. [22]
2. **Enrichment Tax Rate:** [23] A district's enrichment tax rate is defined as any tax effort in excess of the district's MCR and less than $0.17. The enrichment tax rate is divided into golden pennies and copper pennies. School districts can claim up to 8 golden pennies, not subject to compression, and 9 copper pennies which are subject to compression. [24]
3. **Debt Rate:** The debt rate includes the minimum dollar amount required to be paid toward the school district's debt service for the current year. [25] This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The MCR and Enrichment Tax Rate added together make up the school district's maintenance and operations (M&O) tax rate. Districts cannot increase the district's M&O tax rate to create a surplus in M&O tax revenue for the purpose of paying the district's debt service. [26]

If a school district adopted a tax rate that exceeded its voter-approval tax rate without holding an election to respond to a disaster in the prior year, as allowed by Tax Code Section 26.042(e), the school district may not consider the amount by which it exceeded its voter-approval tax rate (disaster pennies) in the calculation this year. This adjustment will be made in Section 4 of this worksheet.

A district must complete an efficiency audit before seeking voter approval to adopt a M&O tax rate higher than the calculated M&O tax rate, hold an open meeting to discuss the results of the audit, and post the results of the audit on the district's website 30 days prior to the election. [27] Additionally, a school district located in an area declared a disaster by the governor may adopt a M&O tax rate higher than the calculated M&O tax rate during the two-year period following the date of the *declaration without conducting an efficiency audit.* [28] Districts should review information from TEA when calculating their voter-approval tax rate.

30.	**Total current year debt to be paid with property tax revenue.** Debt means the interest and principal that will be paid on debts that: (1) Are paid by property taxes; (2) Are secured by property taxes; (3) Are scheduled for payment over a period longer than one year; and (4) Are not classified in the school district's budget as M&O expenses. A. **Debt** includes contractual payments to other school districts that have incurred debt on behalf of this school district, if those debts meet the four conditions above. Include only amounts that will be paid from property tax revenue. Do not include appraisal district budget payments. If the governing body of a taxing unit authorized or agreed to authorize a bond, warrant, certificate of obligation, or other evidence of indebtedness on or after Sept. 1, 2021, verify if it meets the amended definition of debt before including it here. SECTION 3: Adjustment for Pollution Control

A school district may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The school district's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The school district must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a school district that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 4: Prior Year Disaster Tax Rate Adjustment

If a school district adopted a tax rate that exceeded its voter-approval tax rate without holding an election to respond to a disaster in the prior year, as allowed by Tax Code Section 26.042(e), the school district may not consider the amount by which it exceeded its voter-approval tax rate in the calculation this year. [39] As such, it must reduce its voter-approval tax rate for the current tax year.

This section applies to a school district in a disaster area that adopts a tax rate greater than its voter-approval tax rate without holding an election in the prior year, as provided for by Tax Code Section 26.042(e).

H-1B Visa and Other Immigration Changes

Past Population Trends in Texas

Texas ranked first nationally among Mexican buyers and second among Indian buyers purchasing single-family homes.

During the four-year period ending in September 2024, the Dallas area recorded more new H-1B approvals than Silicon Valley, Seattle, San Francisco, and Washington, D.C., trailing only the New York City metropolitan area.

These workers support local economies through home purchases and consumer spending, generating additional population growth over time.

48

Recent H-1B Visa and Immigration Restrictions Are Reshaping the Housing Market

In February 2026, home prices in Dallas's northern suburbs were nearly 9% lower than one year earlier, compared with a 4% decline across the metropolitan area overall.

- Redfin (Brokerage)

By early summer 2026, tech industry job losses had surpassed 123,000, with AI consistently cited as the primary reason for these workforce reductions.

- New York Post

Over 25% of international clients who decided not to buy a home in Texas between April 2025 and March 2026 did so because of immigration laws, according to a survey of Texas real estate agents.

- Texas Realtors

The national economy continues to experience healthy growth without corresponding job gains, largely due to increased productivity. As a result, a near-term return of these jobs is unlikely.

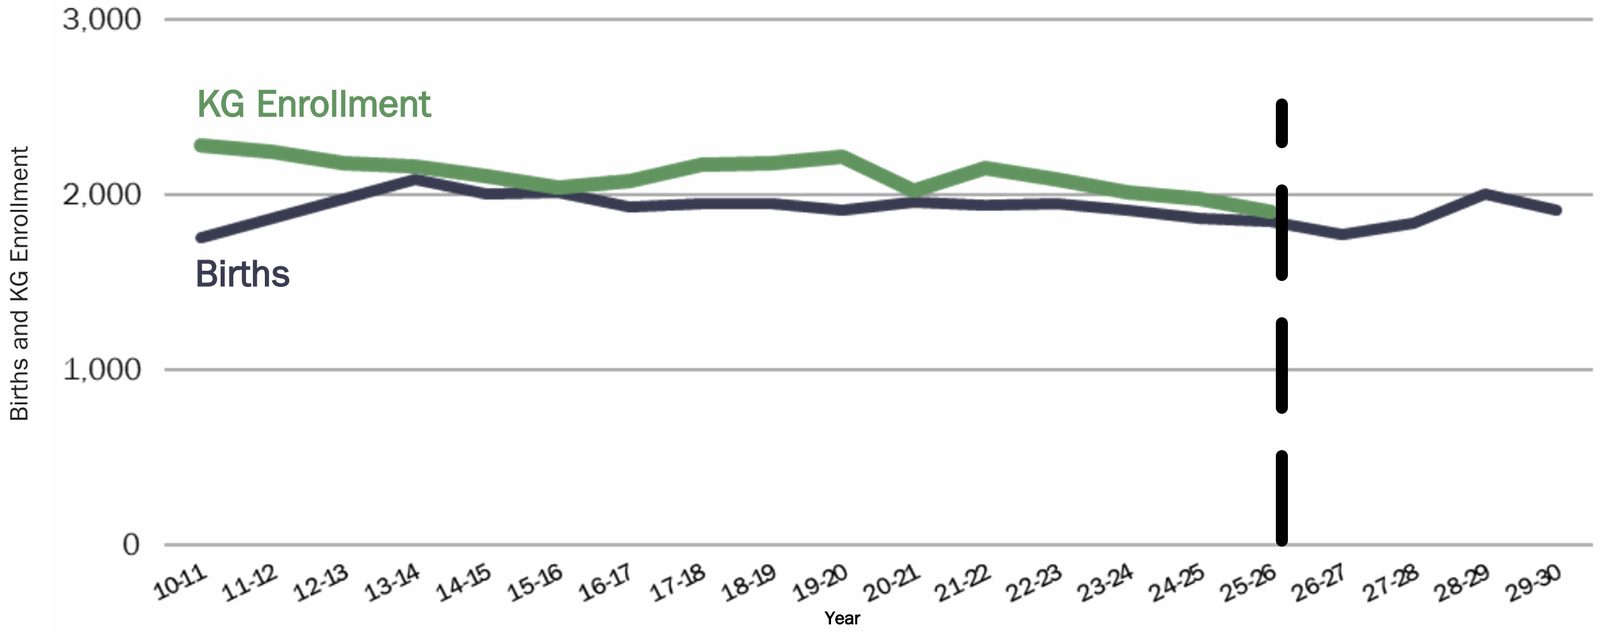
KG Enrollment & Birth Trends

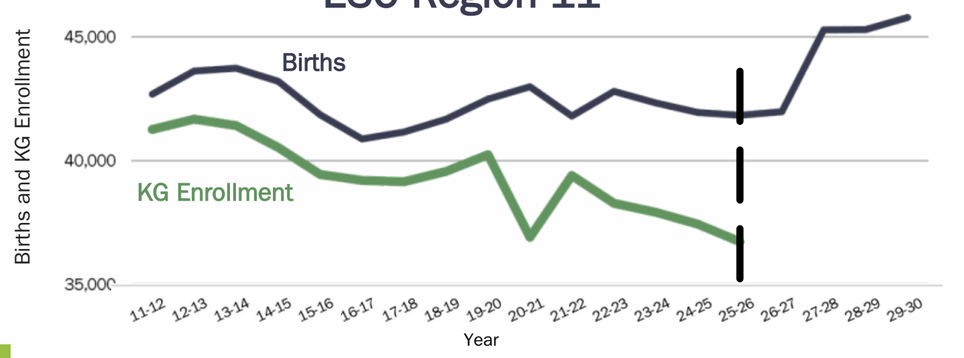
On the graphs below, births have been shifted five years to align with the year of kindergarten enrollment. Births are compiled based on the birth mother's Zip Code.

Mansfield ISD KG Enrollment and Births

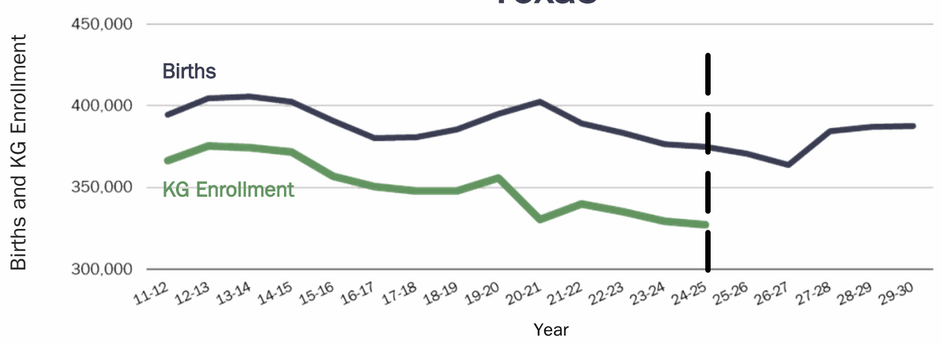


Kindergarten enrollment in Mansfield ISD has historically tracked closely with resident birth cohorts when births are shifted to reflect kindergarten entry, underscoring the strong relationship between local birth patterns and early-grade enrollment. Over time, the narrowing gap between births and kindergarten enrollment suggests reduced net in-migration at the kindergarten level and a growing stabilization of early-grade enrollment trends.

ESC Region 11



Texas



In both ESC Region 11 and Texas, kindergarten enrollment has declined relative to births, widening the gap between the two trends.

The largest cohorts (red) have been aging through the grade levels for the past decade.

Smaller (blue) KG classes are entering the pipeline and replacing larger grades as they exit.

Note: Ninth grade is left unshaded as enrollment is typically elevated due to retention and students taking additional time to complete ninth-grade requirements.

Most cohorts demonstrate growth over time, from smaller sizes in the youngest grades to larger enrollments in middle and high school.

Ninth grade is left unshaded to account for typically higher enrollment caused by retention and student transfers into the District for academic or extracurricular opportunities.

The largest cohorts (red) are concentrated in the middle and high school grades.

Over the past decade, the District's largest student cohorts have increasingly been concentrated in the middle and high school grades, a pattern that is now emerging across many districts statewide. PASA attributes this pattern to a combination of factors, including increased participation in alternative educational options such as homeschooling, microschools, private schools, charter schools, and virtual programs during the earliest grades, followed by a return to traditional public schools at the secondary level.

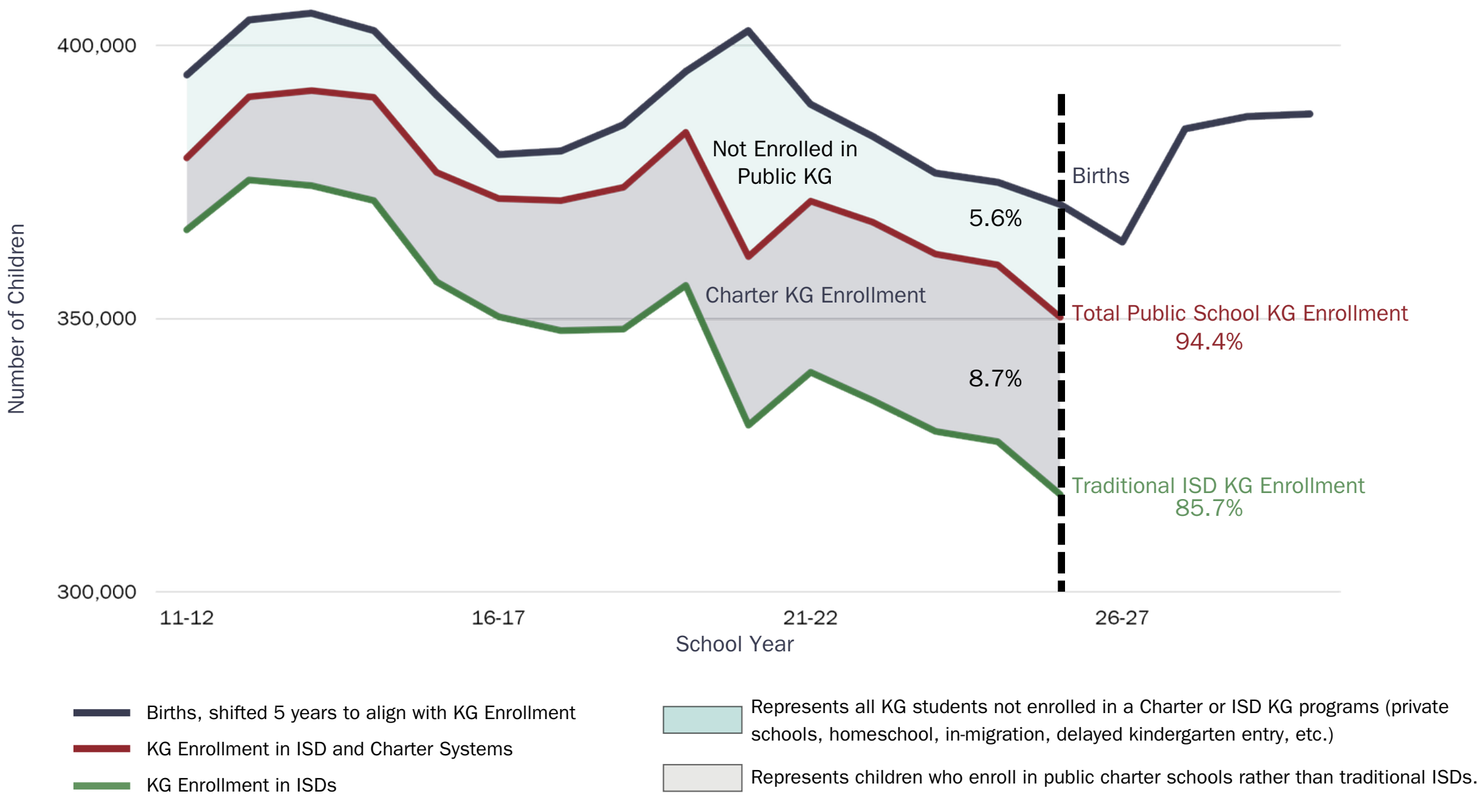
Homeschooling and Kindergarten Capture

Not Every Texas Birth Enters Public Kindergarten



Current estimates place Texas homeschool participation between approximately **6% and 10%**, depending on the data source and methodology (Johns Hopkins Homeschool Hub; Texas Home School Coalition).

More than **50,000** Texas public school students have **withdrawn** to begin homeschooling **annually** since 2022, according to the Texas Home School Coalition.

53

20%–30% of students who **withdraw to homeschool** later **return to public school**, according to the Texas Home School Coalition.

Withdrawal counts **understate** homeschool participation. They exclude children who begin homeschooling without first enrolling in a public school.

Homeschooling is no longer a niche educational option. Although participation cannot be measured with the same precision as other educational choices, it increasingly influences kindergarten capture, student attrition, and long-range enrollment planning for Texas school districts.

New Charters / Expansions

Infinite Minds, located at 2350 E. Mayfield Road in Arlington, is anticipated to open for the 2026-27 school year. Initial launch expected to include grades kindergarten through 2nd-grade, adding upper grades incrementally over time.

Great Hearts Texas has been approved for an additional charter site in northeast Tarrant County serving grades KG–12. The campus was initially anticipated to open in 2026–27; however, because no site location has been published, a potential amendment to delay opening remains possible.

- Great Hearts Arlington (6701 South Cooper Street) will add 12th grade in 2026–27.
- Great Hearts Lakeside (7633 Harris Parkway, Fort Worth) will add 11th grade in 2026–27.

Private School Impacts

New private schools & private school expansions announced since the MISD published update:

- Life Christian Academy (LCA), a new private school, located at 129 W. Wintergreen, Cedar Hill, Texas, 75104. Enrollment open for inaugural PreK-4 program.
- Shiloh Springs Learning Co., a new microschool located on Lone Star Road in Mansfield.
- Thrive Beyond Academy, 400 Eagle Drive, Crowley, Texas, 76036.
- School of Lexia - existing specialized private school reportedly moving to 6350 Newt Patterson Road in Mansfield for the 2026–27 school year. (TEFA-approved)

- Private school student distribution remains concentrated at the PK–12 level, with fewer secondary-only options serving the area.
- As of mid-August, 12 private schools located within the City of Mansfield, and an additional 389 nearby private schools have been approved to participate in TEFA.

Student transfers in and out of Mansfield ISD are primarily concentrated among neighboring districts, becoming an increasingly important component of Mansfield ISD's enrollment profile. In 2025–26, transfers out of MISD reached 1,600 students, significantly exceeding the 600 inbound transfers, and resulting in a substantial net loss through interdistrict mobility.

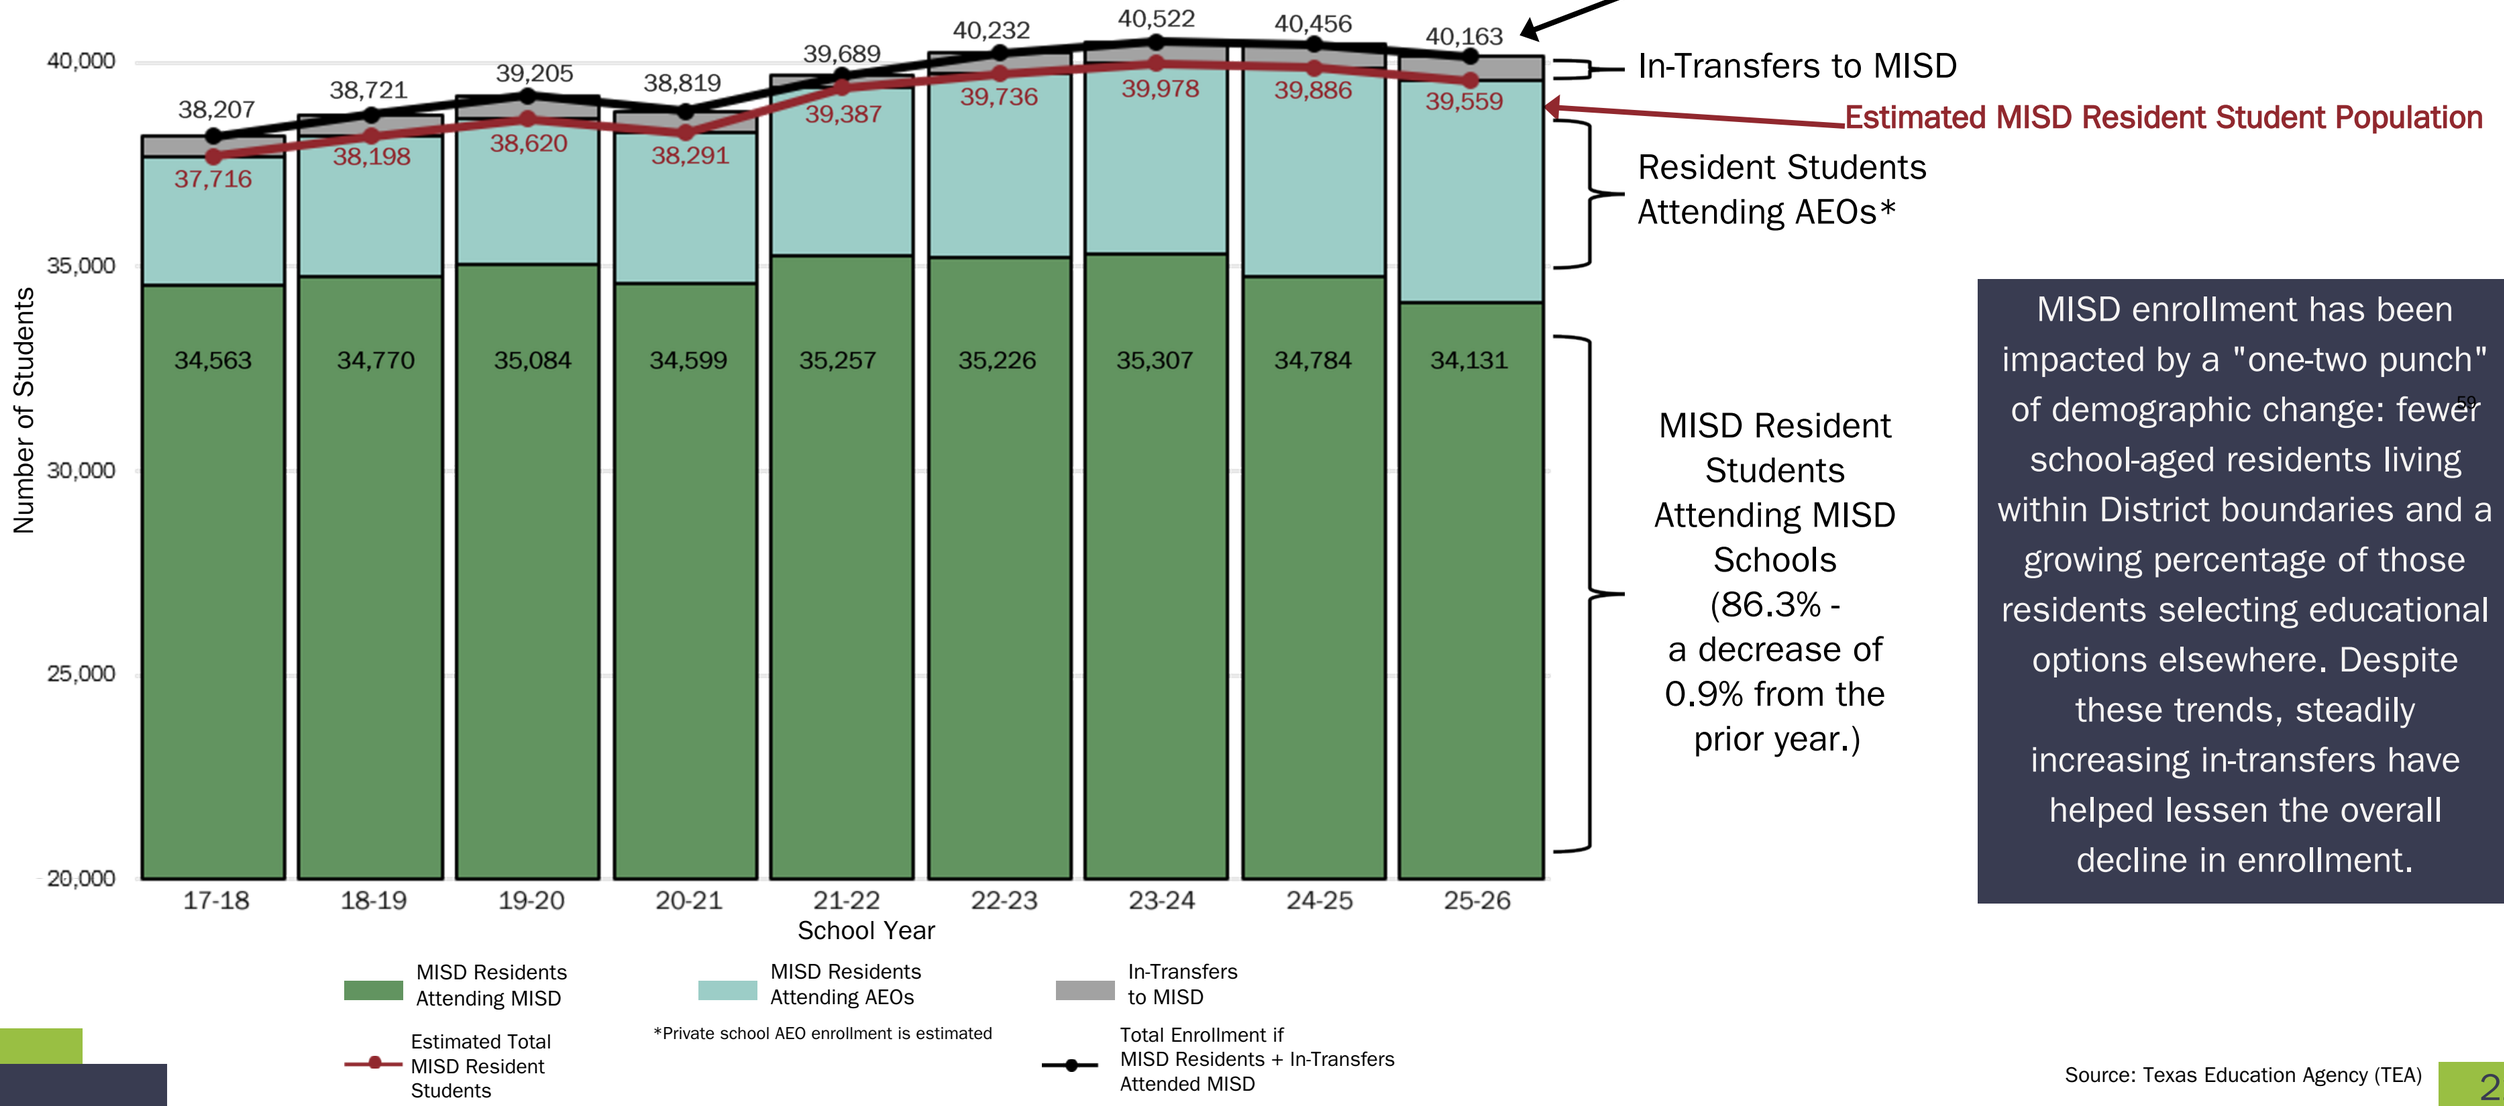
Distribution of Resident Students and In-Transfers

MISD Resident Student Distribution and In-Transfer Trends



MISD enrollment has been impacted by a "one-two punch" of demographic change: fewer school-aged residents living within District boundaries and a growing percentage of those residents selecting educational options elsewhere. Despite these trends, steadily increasing in-transfers have helped lessen the overall decline in enrollment.

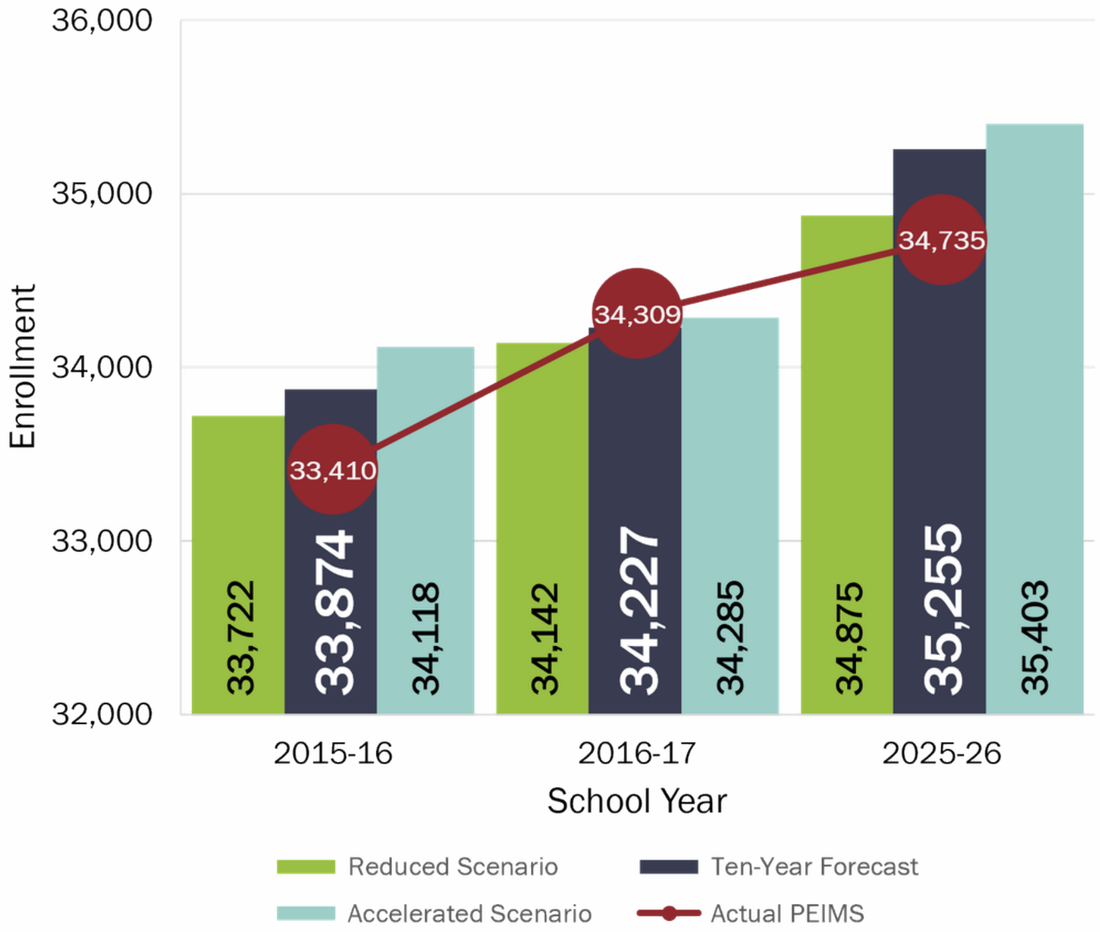
Adjustments Since the Previous Study

Projection vs. PEIMS Enrollment Comparison



2025-26 District Enrollment submitted: 10/24/2025

Housing Market

- New housing construction remains generally on track, with single-family development proceeding as projected and several multi-family projects—particularly in eastern areas near Mansfield and Grand Prairie—leasing faster than expected.

Births

- Births have declined over the past 15+ years but show a slight uptick for the next 1-2 years.

Kindergarten Class Size

- Kindergarten enrollment continues to decline and, after closely tracking adjusted births, is projected to fall below birth counts in coming years due to slowing housing growth, aging neighborhoods, and alternative educational options.

Age of Student Population

- Large graduating senior cohorts are being replaced by much smaller kindergarten classes, creating baseline enrollment decline that is partially offset—but not eliminated—by new housing and in-migration.

Change in Student Population

- After years of steady growth, Mansfield ISD experienced a recent decline in Hispanic enrollment in Fall 2025, mirroring patterns seen across Texas and contributing to overall enrollment softness amid shifting demographic and economic conditions.

Summary of Findings

Enrollment Stabilization	After years of growth, Mansfield ISD is now experiencing enrollment stabilization, with recent signs of decline.
Births, KG Enrollment & Cohort Size	Declining births have reduced kindergarten enrollment, though modest birth recovery and continued housing growth may support short-term stabilization in early grades, while secondary enrollment may soften as larger cohorts graduate.
New Housing	New housing remains active but no longer generates enough students to drive districtwide enrollment growth, as yields in newer developments continue to decline.
Impact of AEOs	Student mobility and alternative education options continue to soften enrollment through transfers to other districts, charter schools, and private schools.
Uneven Enrollment Change	Enrollment change varies across the District, reinforcing the need for localized planning at the attendance zone and facility level.
Student Yields per Home	Nine-year projections indicate continued enrollment decline, driven by lower student yields per home due to declining births and increased participation in alternative education.

Ongoing demographic monitoring will remain critical, as future enrollment outcomes will depend on housing absorption rates, birth trends, programmatic decisions, and the evolving educational landscape.

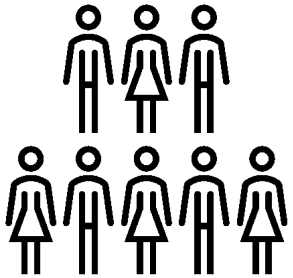
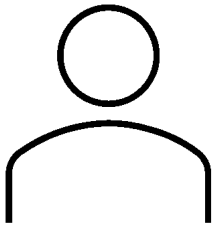
AT-LARGE v. SINGLE MEMBER

- **“At-Large” District=**
  - Board trustees are elected by voters throughout the entire District.
  - Every voter votes for multiple trustee positions.

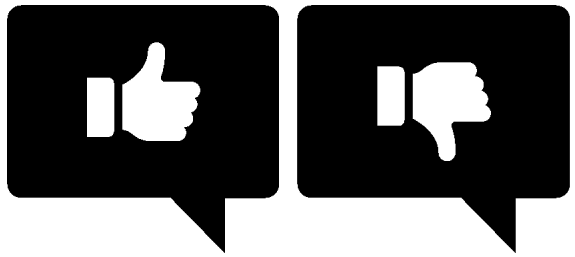


- **Single member school district =**
  - The District is divided into individual trustee districts
  - Each district elects only one trustee.
  - Voters vote only for the trustee representing their particular district.



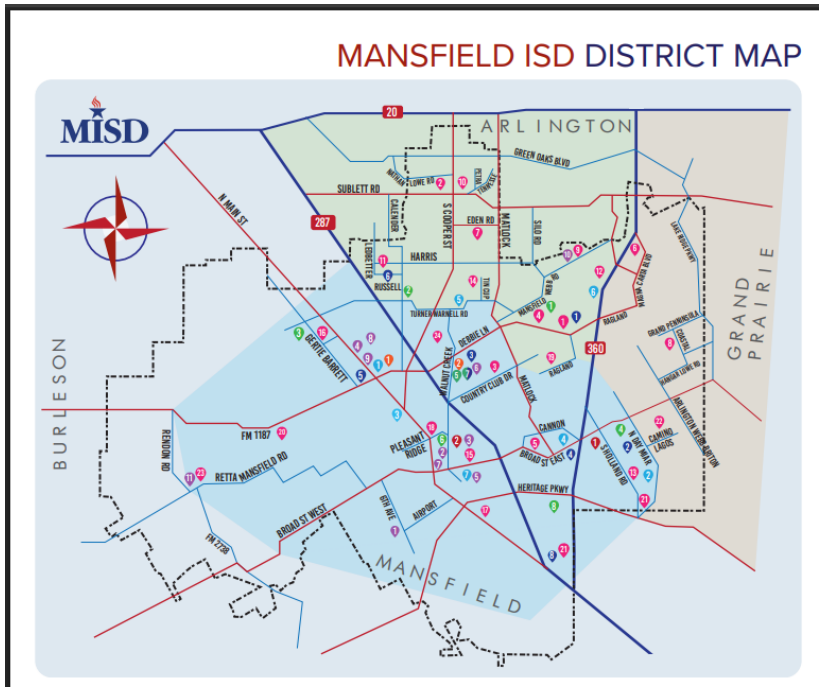
SWITCHING TO SINGLE MEMBER DISTRICTS

- On its own motion, a board may order that trustees are to be elected from single-member districts. TEC §11.052(a).
- A board must:
  - Hold a public hearing to give registered voters an opportunity to comment in favor or against the election system change; and
  - Publish notice of the hearing in a newspaper at least 7 days before the public hearing.
- An order for single member districts must be entered 120 days before election day (May 2027).



WHAT HAS TO BE DONE?

1. Understand legal requirements
2. Demographic analysis
3. Obtain trustee and community input
4. Draw and redraw alternative plans
5. Public input/comment on plans
6. Adopt an election map & plan



CREATING THE NEW MAP- LEGAL REQUIREMENTS

1. **One Person, One Vote**
   - Maps must be drawn with substantially equal population
   - Avoid overpopulated and under populated districts
   - Exact equality of population not required (ideal district population)
2. **Shaw v. Reno Test *(U.S. Supreme Court, 1993)***
   - Race may not be a predominant factor over traditional redistricting principles
   - BUT Race can be predominant consideration when conditions meet standard test for permissible consideration of race under 14th Amendment (strict scrutiny test)
3. **The Voting Rights Act**
   - MUST CONSIDER: Does the voting qualification, prerequisite, standard, practice or procedure reduce the opportunity of members of a protected minority group to participate in the political process and to elect representatives of their choice?
4. **State Law Requirements (TEC § 11.052(f))**
   - Maps must be compact and contiguous.
   - Maps must be as “nearly as practicable of equal population.”

Board of School Trustees
Mansfield Independent School District

TITLE: Teacher Contract Abandonment DATE: August 25, 2026

ACTION

BACKGROUND:

Texas Education Code Section 21.210 specifies circumstances under which teachers may relinquish their teaching positions and leave employment of the district during a contract term. The statute also includes provisions for school districts to submit complaints to the State Board of Educator Certification regarding those educators who fail to comply with TEC 21.210 by abandoning their contracts without "good cause," seeking sanctions against certificates for contract abandonment.

CONSIDERATION:

Determine whether "good cause" existed under Texas Education Code Section 21.210(c)(2) for these employees: Kimberly Fuller, Mauro Bravo, Angela Barnes, Lashona Langrum, Katherine Beale, and Hannah Bruce to abandon their teacher contracts with Mansfield ISD, and whether the District should file complaints to seek sanctions against their teaching certificates.

Good cause under the regulations are the following: serious illness or health condition of the educator or family member with whom the educator resides; relocation to a new city as a result of a change in employer of the educator's spouse or partner who resides with the educator; a significant change in the educator's family needs that requires the educator to relocate or to devote more time than allowed by current employment; or the educator's reasonable belief that the educator had written permission from the school district administration to resign. Mitigating factors include that the educator: gave written notice more than 30 days before the first day of instruction for which the educator will not be present; assisted the school district in finding a replacement educator; continued to work until the school district hired a replacement educator; assisted in training the replacement educator; showed good faith in communications and negotiations with the school district; provided lesson plans for classes following the resignation; changed careers within education; was to experience a reduction in base pay; and resigned due to hazardous working conditions.

RECOMMENDATION:

If the Board finds good cause did not exist for the contract abandonment, then the motion would be:

"I move that the Board determine that good cause did not exist under Texas Education Code Section 21.210(c)(2), for teachers, Kimberly Fuller, Mauro Bravo, Angela Barnes, Lashona Langrum, Katherine Beale, and Hannah Bruce to abandon their teacher contracts with Mansfield ISD, and that the Board authorize the Superintendent to notify the State Board for Educator Certification to seek sanctions against the teachers' teaching certificates."

If the Board finds good cause did exist for the contract abandonment, then there is no need for the Board to take action on this agenda item.

TITLE: Consideration and Approval of Resolution #27-06 Levying Taxes for the Year 2026 and Directing the Assessment And Collection of Taxes

DATE: August 25, 2026

ACTION

BACKGROUND:
The District reviewed the budget calendar at a meeting on January 20, 2026. Presentations on the proposed budget for 2026-2027 were included in the meetings on May 26, 2026. The Board was updated on the budget and the funding sources supporting the budget at the meeting. The proposed budget is the result of input from principals, directors, and executive council. On June 23, 2026, the public hearing to adopt the budget was presented and approved.

The required publication of this public meeting, the "Notice of Public Meeting to Discuss Budget and Proposed Tax Rate" was published in the Commercial Recorder on Thursday, June 11, 2026, in compliance with State law requiring the notice be published not less than 10 nor more than 30 days before the public meeting.

Staff is recommending the adoption of a $1.1469 total tax rate. This comprises a proposed maintenance & operations rate of $0.7869 and $0.3600, and for the interest and sinking fund tax rate. The proposed rates are the same as the prior year and are required to be adopted after the 2026-2027 budget is approved and within 60 days of receiving certified property values. These tax rates support the 2026-2027 adopted budget.

CONSIDERATIONS:
Adopt the tax rate for the 2026 tax year of $1.1469 per $100 of property value. This tax rate funds the adopted budgets for the General Fund and Debt Service Fund.

RECOMMENDATION:
The Superintendent recommends that the adoption of the tax rate for the 2026 tax year of $1.1469 be approved.

The Superintendent recommends that the adoption of the maintenance & operations tax rate of $0.7869 be approved.

The Superintendent recommends that the adoption of the interest and sinking tax rate of $0.3600 be approved.

MOTION:

1. I move that the property tax rate be increased by the adoption of a tax rate of $1.1469, which is effectively a 5.29 percent increase in the tax rate.
2. I move that the adoption of the maintenance & operations tax rate of $0.7869 be approved.
3. I move that the adoption of the interest and sinking tax rate of $.3600 be approved.

STUDENT WELFARE FFI (LOCAL)
FREEDOM FROM BULLYING

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Minimum Standards

In accordance with law, the Superintendent shall develop administrative procedures to ensure that minimum standards for bullying prevention are implemented.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report

Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format

A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

Periodic Monitoring

The Superintendent shall periodically monitor the reported counts of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline in openness to report incidents.

Notice of Report

When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

Prohibited Conduct

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

Notice to Parents

If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

District Action

Bullying

If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.

Discipline

A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

Corrective Action

Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.

Corrective Action

The principal or designee shall refer to FDB for transfer provisions.

Counseling

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

Counseling

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

~~A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.~~

TITLE: Consideration and Approval of Proposed Budget Amendments

DATE: August 25, 2026

ACTION

BACKGROUND:

The legal basis for budget development in Texas school districts is established in Sections 44.002 through 44.006 of the Texas Education Code. The Texas Education Code requires Board approval of the budget for the General Operating, Debt Service, and Food Service Funds. Board Resolution #27-01 permits the Superintendent or Associate Superintendent for Business and Finance to authorize routine budget revisions, adjustments and transfers necessary for the payment of District obligations throughout the fiscal year.

Any non-routine budget revisions, adjustments, and transfers which increase or decrease revenues and other financing sources and uses, along with the corresponding revisions in expenditures; or budget revisions, adjustments, and transfers which reduce or increase the fund balance of any related fund; or transfers between funds; or transactions exceeding $500,000 must continue to be presented to the Board of Trustees for approval prior to processing.

A summary report of budget revisions, adjustments, and transfers approved and processed by the District in accordance with this resolution, listed by major function and funds, shall be submitted to the Board of Trustees for adoption/ratification on a monthly basis.

The attached amendments ensure compliance with state and local requirements.

Budget changes over $500,000 for approval:

There are no budget changes requiring approval at this time.

CONSIDERATIONS:

General Fund amendments are primarily transfers between functions due to account code changes and department requirements.

RECOMMENDATION:
The Superintendent recommends that the Board approve and ratify the amendments to the 2026-2027 budgets as presented.

RECOMMENDED MOTION:
“Move to approve and ratify the budget amendments as presented.”

Board of School Trustees
Mansfield Independent School District

TITLE: Adopt Resolution #27-05 Extracurricular Status of 4-H Organization Tarrant County

DATE: August 25, 2026

ACTION

BACKGROUND:

The Tarrant County 4-H organization is a major contributor to the co-curricular and extracurricular activities of our Agricultural Science Program. The attached resolution grants to the 4-H organization extracurricular status, allowing its activities to be dealt with administratively in the same manner as any other student organization (See Exhibit 1).

CONSIDERATIONS:

- The majority of 4-H members in the Mansfield Independent School District are students in grades K-8.
- Students who are 4-H members are typically students whose families live on family farms.
- Granting extracurricular status to the Tarrant County 4-H organization gives these students an appropriate outlet for the pursuit of their interests in Agricultural Science prior to entry into high school.
- Adjunct Staff Member Status be granted to County Extension Agents.

RECOMMENDATION:

The Superintendent recommends the adoption of Resolution #27-05 Extracurricular Status of 4-H Organization, along with Adjunct Staff Member Status for the County Extension Agents.

RECOMMENDED MOTION:

Revised 6/2026

Board of School Trustees
Mansfield Independent School District

TITLE: 2026-27 Parent and Family Engagement Agreement

August 25, 2026

INFORMATION

BACKGROUND:

Each District that receives federal funding is required to have a Parent and Family Engagement Agreement. Recognizing that parents are the primary influence in their children's lives, the Texas Education Agency, under the Every Student Succeeds Act (ESSA), includes parental engagement as a key component in federally funded programs. Parent and Family Engagement is defined by ESSA as participation of parents in regular, two-way, meaningful communication involving student academic learning and other school activities. The intent of ESSA's "expanded parental options" is for parents to assist in their children's learning, to be actively involved, and to be full partners in the education of their children.

Effective parental engagement takes many forms including communicating, parenting, student learning, volunteering, school decision-making, advocacy, and collaborating with the community. (National Standards for Parent/Family Involvement Programs, National PTA)

CONSIDERATIONS:

Please see the attached MISD Parental Involvement Agreement. It was reviewed by the DEIC Committee May 13, 2026. It was endorsed by the DEIC on May 13, 2026. The agreement is posted on the MISD website in English, Spanish, Vietnamese, and Arabic. Each Title I campus has individual Parent and Family Engagement policies as well.

Mansfield Independent School District

Parent & Family Engagement Policy 2026-2027

The Mansfield Independent School District will implement the following statutory requirements:

- The school district will implement programs, activities, and procedures for the engagement of parents in all of its schools as planned with consultation of parents of participating children.
- The school district will work with its schools to ensure that the required school-level parental engagement policies meet the legal requirements, and include, as a component, a school-parent compact for Title I schools.
- The school district will incorporate this district-wide parental engagement policy into its improvement plans.
- In carrying out the parental engagement requirements, to the extent practicable, the school district and its schools will provide full opportunities for the participation of parents with children with limited English proficiency, parents of children with disabilities, and parents of migratory children. It will provide information and school reports in an understandable and uniform format and, including alternative formats upon request, and, to the extent practicable, in a language parents understand.
- The school district will involve the parents of children served in Title I schools in decisions about how the one percent of Title I funds reserved for parental engagement is spent, and will ensure that not less than 95 percent of the one percent reserved goes directly to the schools.
- The school district will be governed by the following statutory definition of parental engagement, and expects that its schools will carry out programs, activities, and procedures in accordance with this definition: *Parent and Family Engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring that—*
  (A) *parents play an integral role in assisting their child's learning;*
  (B) *parents are encouraged to be actively involved in their child's education at school;*
  (C) *parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child*

Matching Parent Engagement Programs to the Needs of the Community

Mansfield Independent School District will build the schools and parents' capacity for strong parental engagement in order to ensure effective engagement of parents and to support a partnership among the schools involved, parents, and the community to improve student academic achievement, through the following activities:

The District, with the assistance of its schools, assist parents of children served by the school district or school, as appropriate, in understanding topics such as the following:

• the state's academic content standards
• the state's student academic achievement standards
• the state and local academic assessments including alternate assessments
• the requirements of Title I

• how to work with educators

The Mansfield Independent School District will coordinate and integrate parental engagement strategies under Title I with the following other programs: Preschool programs, Special Education programs, Gifted Education programs, Career and Technology programs, Bilingual/ESL programs, Family Literacy programs, English Language classes, and Parenting and Father Involvement programs.

Staff/Parent Communications

District personnel will implement and coordinate parent programs and build ties between parents and schools. Furthermore, the Communications department and Technology department provide methods of communication via social media and software programs.

The school/district will take the following actions to ensure that information related to the school and parent-programs, meetings, and other activities, is given to the parents of participating children in an understandable and uniform format, including alternative formats upon request, and, to the extent practicable, in a language the parents can understand:

- Translators provided at the campus level for parents in Spanish Bilingual/Dual Language programs
- District phone call out system based upon the primary language identified for the home
- Provide a centralized District level contact for translation requests and assistance

In carrying out parental engagement communication, districts and schools, to the extent practicable, shall provide full opportunities for the participation of parents with children with limited English proficiency, parents with children with disabilities, and parents of migratory children, including providing information and school reports in a format and, to the extent practicable, in a language parents can understand.

Evaluation

Mansfield Independent School District will take action to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the quality of schools. The evaluation will include identifying barriers to greater participation by parents in parental engagement activities with particular attention to parents who are economically disadvantaged, disabled, limited English proficient, limited literacy, or are of any racial or ethnic minority background. The school district will use the findings of the evaluation about its parental engagement policy and activities to design strategies for more effective parental involvement, and to revise, if necessary and with the involvement of parents its parental engagement policies.

Mansfield ISD administers satisfaction surveys annually to parents, staff, and students (as age appropriate), and will use the results of the surveys as part of the evaluation of parent and family engagement.

Garry and Tracy -

Icenhower:

Savings on demo (switch from Nabors demoing floor to One Source demoing floor) = $74,782
Savings on fire alarm sub switch (Summit Fire to Firetronix) = $132,585

Total Icenhower savings: $207,367
Since we have owner contingency at Icenhower = $184,006, I would suggest we leave that be and take the gas line add of $180,000 from buyout and leave the contingencies.

Timberview:

Savings on demo (switch from Nabors demoing floor to One Source demoing floor) = $102,754
Savings on steel sub (not doing joist reinforcing at Timberview) = ~~$269,847~~ $272,826

Total Timberview savings: ~~$372,601~~ $375,580
We can draft a deductive CO for Timberview savings today.

Re: Activity Report on Delinquent Tax Collections for the month of July 2026

Dear Dr. Spencer:

Linebarger Goggan Blair & Sampson, LLP, is pleased to provide the following information recapping our delinquent tax collection activity for the month of **July 2026** for our Mansfield Independent School District delinquent tax collection program. Please find the following items attached summarizing our efforts on your behalf.

- **A)** A report highlighting the **collection activities** we have undertaken on behalf of the Mansfield Independent School District.
- **B)** A report highlighting the **litigation activities** we have undertaken on behalf of the Mansfield Independent School District.
- **C)** Refunds information for July 2026.
- **D)** An analysis of the Mansfield Independent School District combined delinquent tax roll by Property Types.

July marks the first month of the delinquent collection cycle and is perennially the most robust month for delinquent collections. This year was no exception. The District very successfully collected $877,596 of delinquent penalties, interest and base tax for the month of July. Collections revenues for July exceeded total refunds issued by the Tarrant County Appraisal District for the month of July; those refunds total $776,464 in refunded base tax, penalty and interest. Our Team has created a separate section of this report below, Section C, that reports on refunds issued by the District. Refunds issued are not a reflection of the effectiveness of the collection service you are receiving, but the funds refunded do impact the overall monies received by the District in its monthly allotment from the Tax Office.

As always, should our efforts result in phone calls or inquiries to the District, please direct those calls or inquiries to Shannon Ortiz at the office or to myself at 817-489-4062. It is our pleasure to service your account and we appreciate our partnership with the Mansfield ISD!

Many Thanks,

Charles E. Brady, Capital Partner

Board of School Trustees
Mansfield Independent School District

TITLE: Financial Reports DATE: August 25, 2026

INFORMATION

BACKGROUND:

Each month, financial reports are prepared detailing the status of the District's budget as of the most recent accounting period. To increase financial transparency, the following additional reports are included:

- Balance Sheet – Governmental Funds
- Project Detail –Bond Programs
- Combining Statement of Net Position – Proprietary Funds

The fund balance and net position figures are the unaudited balances carried from 2025-26.

The reports are as of July 31, 2026. The financial reports are separated into revenue and expenditures. Expenditures are reported by summary by function and by object series.

Year to date totals and percentages are calculated. Payroll costs should represent (1/12) of the 12-month budget for 8.33%. General Fund actual expenditures for salaries through July 2026 are 7.40%. Variance in the expenditures for the payroll object percentage will be due to vacancies, changes in personnel, demographics, stipend schedules, auxiliary weeks, and benefit elections.

The financial statement for the 2XX, 3XX, and 4XX special revenue funds (excluding Fund 240 & 242 School Nutrition) is presented in a single format for expenditures intended to provide specific information about funds received through federal, state, and local sources that are accounted for outside the General Operating fund.

Accounting code definitions for the function and object codes are included in addition to bond project descriptions.

DR. TIFFANIE SPENCER

100-DAY REPORT

MISD
Mansfield Independent School District

LEADING with Heart

Dear Mansfield ISD Community,

There is something uniquely special about serving the community that helped shape your own life.

Mansfield ISD has been part of my story since childhood. As a student, an educator, a district leader, and now superintendent, I have experienced firsthand the people, values, and opportunities that make this district extraordinary. It is both a privilege and a profound responsibility to lead the school district that has invested so much in me.

Because I already knew and loved this community, my first 100 days were never about learning Mansfield ISD. They were about listening deeply to understand where we are today, celebrating the incredible work already underway across our district, and identifying opportunities to help us build an even stronger future together.

Over the past several months, I have intentionally spent my time where the heart of our district beats—in our classrooms, on our campuses, in our departments, at board meetings, and in community gatherings. I have listened to teachers, paraprofessionals, principals, students, families, business leaders, and community partners. I have heard stories of pride, resilience, innovation, and unwavering commitment to our students. I have also heard honest conversations about the challenges we must address together.

One theme emerged consistently throughout these conversations: people want to know they are heard. They value leaders who are visible, accessible, transparent, and willing to listen before making decisions. Those conversations have already led to meaningful action, including improving communication through our Board Hub, increasing paraprofessional compensation, adding special education positions, expanding community engagement through programs like Storytime MISD, and identifying priorities that will guide our work moving forward.

Leading with H.E.A.R.T. has been more than the theme of my entry plan—it is the commitment that guides every decision I make. It means serving others with integrity, building relationships grounded in trust, communicating openly, and keeping students at the center of every conversation.

This report reflects the work accomplished during my first 100 days, but more importantly, it reflects the relationships we have strengthened and the foundation we have built together. The listening does not stop here. The feedback we gathered has already begun to shape our priorities as we continue advancing Vision 2030 and preparing for the future of Mansfield ISD.

Thank you to our Board of Trustees for your partnership, to our employees for your extraordinary dedication, and to our families and community for the trust you place in our schools each day. It is an honor to continue serving the community that has shaped so much of my own journey.

The first 100 days were about listening and learning. The work ahead is about turning what we learned into meaningful action—for every student, every employee, and every family we serve.

With gratitude,
Dr. Tiffanie Spencer
Superintendent
