Justification for the Commendation:

Chloe Mitchell was selected as an Outstanding Musician at the UIL Texas State Solo and Ensemble Competition. This is the highest honor awarded at the event. Of the approximately 100,000 high school musicians who compete, this recognition is reserved for performers who demonstrate exceptional musical skill, preparation, and artistry. This award is not given lightly, with only 2%-3% of students across the state receiving this distinction each year. Chloe's achievement reflects countless hours of hard work and represents an outstanding accomplishment both for the student and our music program.

**Board of School Trustees
Mansfield Independent School District**

TITLE: Class Size Exemption Waiver Request

DATE: September 22, 2026

ACTION

BACKGROUND:

In accordance with TEC §25.112, Texas school districts must submit to TEA a request for an exception to the student-to-teacher ratio of 22:1 in Grades K-4 when that ratio is exceeded for a period of more than 30 days or by October 1, with the exception of during the last twelve weeks of the school year.

CONSIDERATIONS:

Districts that are in compliance at the beginning of the school year but that subsequently exceed class size limitations must apply for an exception no later than the 30th day after the district exceeds the 22:1 limit. Therefore, MISD could need to submit subsequent waivers throughout the year should additional classes exceed the 22:1 ratio. At this time, we are seeking additional class size exception waivers.

RECOMMENDATION:

The Superintendent recommends The Board approve the class size exemption waivers request as presented.

TITLE: Consideration and Approval of
Proposed Budget Amendments

DATE: September 22, 2026

ACTION

BACKGROUND:

The legal basis for budget development in Texas school districts is established in Sections 44.002 through 44.006 of the Texas Education Code. The Texas Education Code requires Board approval of the budget for the General Operating, Debt Service, and Food Service Funds. Board Resolution #27-01 permits the Superintendent or Associate Superintendent for Business and Finance to authorize routine budget revisions, adjustments and transfers necessary for the payment of District obligations throughout the fiscal year.

Any non-routine budget revisions, adjustments, and transfers which increase or decrease revenues and other financing sources and uses, along with the corresponding revisions in expenditures; or budget revisions, adjustments, and transfers which reduce or increase the fund balance of any related fund; or transfers between funds; or transactions exceeding \$500,000 must continue to be presented to the Board of Trustees for approval prior to processing.

A summary report of budget revisions, adjustments, and transfers approved and processed by the District in accordance with this resolution, listed by major function and funds, shall be submitted to the Board of Trustees for adoption/ratification on a monthly basis.

The attached amendments ensure compliance with state and local requirements.

Budget changes over \$500,000 for approval:

There are no budget changes requiring approval at this time.

CONSIDERATIONS:

General Fund amendments are primarily transfers between functions due to account code changes and department requirements.

RECOMMENDATION:

The Superintendent recommends that the Board approve and ratify the amendments to the 2026-2027 budgets as presented.

RECOMMENDED MOTION:

“Move to approve and ratify the budget amendments as presented.”

MISD Update

STUDENT WELFARE FREEDOM FROM BULLYING

FFI (LOCAL)

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Minimum Standards

In accordance with law, the Superintendent shall develop administrative procedures to ensure that minimum standards for bullying prevention are implemented.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report

Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format

A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

Periodic Monitoring

The Superintendent shall periodically monitor the reported counts of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline in openness to report incidents.

Notice of Report

When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

Prohibited Conduct

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

Notice to Parents

If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

District Action

Bullying

If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.

Discipline

A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

Corrective Action

Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.

Corrective Action

The principal or designee shall refer to FDB for transfer provisions.

Counseling

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

Counseling

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

~~A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.~~

A student or parent who is dissatisfied with the outcome of a bullying investigation may appeal the determination by submitting the appeal to the campus principal. The principal's decision may be appealed to the Executive Director of Student Services, whose decision shall be final.

Records Retention

Retention of records shall be in accordance with CPC(LOCAL).

Access to Policy and Procedures

This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. How are results calculated?

HOW ARE RESULTS CALCULATED?

Domain I Student Achievement

Includes:

- STAAR Performance
- Graduation Rates
- College, Career & Military Readiness

Domain II School Progress

Two Parts:

- Academic Growth on Individual Student Progress on STAAR
- Relative Performance Comparison to similar campuses

Domain III Closing the Gaps

Measures:

- STAAR Performance
- TELPAS
- Graduation Rates
- College, Career, & Military Readiness

DOMAIN 1: STUDENT ACHIEVEMENT

Ratings in this domain are based on how many students are approaching, meeting, and mastering grade level on STAAR as well as how many students graduate and whether those students are ready for college, career, or the military.

162

DOMAIN 2: SCHOOL PROGRESS

PARTS A & B

The School Progress domain measures district and campus outcomes in two areas:

Part A: Academic Growth

The number of students that grew at least one year academically and number of students that were accelerated as measured by year-over-year STAAR results

Part B: Relative Performance

The achievement of students relative to campuses with similar economically disadvantaged percentages

DOMAIN 2: SCHOOL PROGRESS

PARTS A & B

PART A: Academic Growth
Aggregating individual student year-over-year gains

Accelerated Learning

PART B: Relative Performance
Approximating growth using baseline adjusted proficiency targets

DOMAIN 3: CLOSING THE GAPS

Domains 1 & 2 examine the performance of all students on average (for both achievement and progress).

Domain 3 examines the performance of groups of students, to ensure gaps are closing (for both achievement and progress).

Domain 3 is used to comply to meet federal ESSA requirements.

*Includes current and former/monitored SPED/EB

**High Focus is an unduplicated count of economically disadvantaged, EB, current special education, and/or highly mobile (homeless, migrant, or in foster care) students

Ratings in this domain are based on how many students are approaching, meeting, and mastering grade level on STAAR as well as how many students graduate and whether those students are ready for college, career, or the military.

DOMAIN 2: SCHOOL PROGRESS

PARTS A & B

The School Progress domain measures district and campus outcomes in two areas:

Part A: Academic Growth

The number of students that grew at least one year academically and number of students that were accelerated as measured by year-over-year STAAR results

Part B: Relative Performance

The achievement of students relative to campuses with similar economically disadvantaged percentages

DOMAIN 2: SCHOOL PROGRESS

PARTS A & B

PART A: Academic Growth

Aggregating individual student year-over-year gains

Annual Growth

STAAR Performance Level	Masters	Masters
	Meets	Meets
	High Approaches	High Approaches
	Low Approaches	Low Approaches
	High Does Not Meet	High Does Not Meet
	Low Does Not Meet	Low Does Not Meet
	Sample Student: 3 rd Grade	Same Sample Student: 4 th Grade

Accelerated Learning

PART B: Relative Performance

Approximating growth using baseline adjusted proficiency targets

DOMAIN 3: CLOSING THE GAPS

Domains 1 & 2 examine the performance of all students on average (for both achievement and progress).

Domain 3 examines the performance of groups of students, to ensure gaps are closing (for both achievement and progress).

Domain 3 is used to comply to meet federal ESSA requirements.

*Includes current and former/monitored SPED/EB

TITLE: TEA Waiver Request
2026-2027: Bible Literacy Teacher
Training

DATE: September 22, 2022

ACTION

BACKGROUND:

MISD first offered a course option in the 2019-2020 school year entitled Special Topics in Social Studies: Hebrew Scriptures (Old Testament) and New Testament (Elective, Grades 11-12, 1/2 Credit, Prerequisite World History). MISD is offering this course again in the 2026-2027 school year.

[19 Texas Administrative Code \(TAC\) §74.36.](#)

[Texas Education Code TEC §28.011\(f\)](#)

[Texas Education Code TEC §21.459](#)

CONSIDERATION:

Per the Texas Education Agency (TEA), the required training for a teacher of this course was originally offered through Project Share and Texas Gateway, however the training is no longer available. A waiver process was initiated by TEA in lieu of the required training, which must be renewed annually.

RECOMMENDATION:

The Superintendent recommends the Board approve the action to allow MISD to apply for a waiver with the Texas Education Agency for the teacher training requirement of the course, Special Topic in Social Studies: Hebrew Scripture (Old Testament) and New Testament.

RECOMMENDED MOTION:

"I move to approve the application for a TEA Waiver request for the required teacher training associated with the course, Special Topics in Social Studies: Hebrew Scripture (Old Testament) and New Testament for the 2026-2027 school year."
