Dear Mr. Reiss,

I would first like to thank you and the board for giving me the opportunity to not only develop myself as a coach, but as a person as well. These past few years were a true blessing in disguise.

But, as I am about to graduate from the University of Minnesota Duluth in December of 2025, I will not be able to return as head coach for the boys lacrosse team at CEC and therefore would like to formally resign from the head coaching position ahead of the 2026 season.

Once again, I appreciate all the help and support from you and the board, and I wish the team and the schools all the best!

Please feel free to reach out with anything.

Thank you,  
Luke Mehelich

# Resignation Letter

## Formal Notification of Resignation

Dear Cloquet School District

I am writing to formally announce my resignation from my position at Lil Thunders Learning center, effective July 4<sup>th</sup> 2025.

This decision was not made lightly, and I am deeply grateful for the opportunities I have had to grow professionally and personally during my time with the district. Working alongside such talented and supportive colleagues has been an enriching experience, and I will always value the memories and skills I have gained here.

I am committed to ensuring a smooth transition. In the coming weeks, I will focus on completing any outstanding projects, documenting processes, and assisting in the training of a replacement if necessary. Please do not hesitate to let me know how I can help facilitate this process.

Thank you for your understanding and support as I embark on a new chapter in my life. I hope to stay in touch, and I wish the company continued success and growth in the future.

Sincerely,

Kathryn Demenge

# Pine Knot News

The Pine Knot News, a local community newspaper published on Fridays and located in Cloquet, respectfully presents the following bid for printing all official business for the Cloquet School District from July 1, 2025 to June 30, 2026.

The Pine Knot News meets the State of Minnesota's requirements of a legal newspaper, as presented in Minnesota Statute Section 331A, which outlines the priorities that public bodies must use when selecting an official newspaper (attached).

The bid is for \$8.75 per column-inch; the Minnesota Newspaper Association Index for the proposed rate is 0.774. The bid is for a Standard Advertising Unit of 7 points and column-width of 1.57 inch (9.42 picas) in six-column broadsheet format.

MNA Index:

9.42 picas per line x 12 points per pica = 113 points per line

9 lines per inch x 113 points per line = 1017 points per inch

1017 points per inch ÷ 90 points lowercase alphabet = 11.3 LCA per inch

\$9 per inch ÷ 11.3 LCA per inch → 0.796 index

Why should you choose us? We are the only independent, locally owned and operated newspaper in Carlton County, and we have the most in-county print subscribers. All we do is cover Carlton County. We do business and pay property taxes here. Our employees live in the area. We publish legal notices both in print and online, including on a statewide website for legal ads so your legal ads reach a wide audience.

We currently have 1,870 subscribers, with over 1,600 residing in Carlton County. An additional 200 copies are available every week at local newsstands. We also sell copies at the Pine Knot News primary office at 122 Avenue C in Cloquet and at secondary offices in Carlton and Esko.

Thank you for the opportunity to apply for the privilege of serving you.

Sincerely,

*Jana Peterson*

**#533 - DISTRICT WELLNESS POLICY**

**I. PURPOSE**

The primary goals of the Cloquet School District’s wellness program are to create a total school environment that is conducive to healthy eating and being physically active.

**II. GENERAL STATEMENT OF POLICY**

As per the Child Nutrition and WIC Reauthorization Act of 2004, the Cloquet School District hereby adopts a local wellness policy that addresses healthy eating and physical activity aimed at improving children’s health by expanding the availability of nutritious meals and snacks to more children in schools while also promoting increased activity. Goals will be set for nutrition education, physical activity and other school-based activities designed to promote student wellness. Nutrition standards will be established for foods that are available at each school with the objective of promoting health and reducing childhood obesity.

**III. NUTRITION GUIDELINES**

It is the policy of the Cloquet School District that all foods and beverages available in school fall under the District’s nutrition guidelines. The District will serve meals and snacks to students that meet federal program regulations and nutrition standards of the National School Lunch Program. The district will create procedures that may include the following areas:

- National School Lunch Act, including breakfast and after school snack programs
- A la carte offerings in the cafeterias including foods and beverages
- Classroom celebrations and parties
- Classroom rewards and school sponsored events
- Fundraisers
- Food and beverages sold in school stores and vending machines

**IV. NUTRITION EDUCATION**

**A. Instructional Program Design**

The District’s nutrition education goal is to integrate sequential nutrition education with the comprehensive health education and family and consumer science curriculum, and to the extent possible, integrate materials at every grade level to provide students with the necessary knowledge and skills to make healthy nutrition choices, being consistent with the state’s/district’s health education standards. To achieve the nutrition education goal, the district will:

1. Provide students at all grade levels (pre-K through 12) with adequate and age appropriate nutritional knowledge including, but not limited to:
  - The benefits of healthy eating
  - Essential nutrients
  - Nutritional deficiencies
  - Principles of healthy weight management
  - The use and misuse of dietary supplements
  - Safe food preparation, handling, and storage

2. Provide students with nutrition-related skills that include the ability to:
    - Apply the principles of the Dietary Guidelines for Americans and Choose MyPlate.
    - Assess personal eating habits, nutrition goalsetting and achievement.
    - Understand and use food labels.
    - Evaluate nutritional information, distinguishing the valid from the invalid.
    - Plan healthy meals applying a decision-making process to enhance personal health.
    - Evaluate commercial food advertising and media influence on food selection.
  3. Provide instructional activities that teach the aspects of healthy eating. These activities should be hands-on, behavior based, culturally relevant, developmentally appropriate, and enjoyable. Examples of activities include but are not limited to food demonstrations and preparations, contests, promotions, taste testing, guest speakers and appropriate fieldtrips.
- B. Educational Reinforcement/Coordination of Programs
1. The District’s coordinated health programs will collaborate with the educational staff to provide support with the nutrition-related education.
  2. District staff are encouraged to provide educational links outside the classroom with local agencies and community groups to provide students with opportunities for volunteer work related to nutrition, such as in food banks, soup kitchens, or after-school programs.
  3. District staff are encouraged to integrate with the food service program to promote nutrition instruction. Food service staff are encouraged to work closely with those responsible for other components of the school wellness program to achieve common goals.
  4. The District will encourage families to become partners with the school in promoting healthy eating behaviors, working cooperatively to advocate for healthy individuals and families.
- C. Nutrition Related Health Problems and Modified Diets
1. School counselors and school health service staff will promote healthy eating to students and other staff.
  2. The food service program will comply with USDA’s requirements. The school food service program is strongly encouraged to meet ethnic dietary requests as recommended by the USDA.
- D. Staff Qualifications
1. Staff who provides nutrition education should have appropriate training and regularly participate in professional development activities to effectively deliver nutrition programs as planned.
- E. Staff as Role Models
1. The District shall provide staff with in-service opportunities that recognize conditions such as unhealthy weight, eating disorders, and other nutrition related health problems among students and staff. All school staff are encouraged to model healthy nutrition practices.

**V. PHYSICAL ACTIVITY**

The District's physical activity goal is to assist students in learning to value and enjoy physical activity as an ongoing part of a healthy lifestyle by ensuring that every student can develop the knowledge and skills necessary to perform a variety of physical activities, maintain physical fitness and regularly participate in physical activity. To achieve the physical activity goal, the district will:

- Develop a sequential program of appropriate physical education for every student. The program goal will be to: Provide for at least 125 minutes (on average) of physical education for students in grades K-8; and high school students will meet the graduation standard requirements in physical education required for graduation.
- Emphasize knowledge and skills for a lifetime of regular physical activity.
- Devote at least 50 percent of physical education class time to actual physical activity in each week, with as much time as possible spent in moderate to vigorous physical activity.
- Meet the needs of all students, especially those who are not athletically gifted or who have special needs.
- Provide a variety of activity choices, feature cooperative as well as competitive activities, and account for gender and cultural differences in students' interests.
- Prohibit exemptions from physical education courses based on participation in an athletic team, marching band or other school or community activity.
- Be closely coordinated with the other components of the overall school health program.
- Not use prohibiting participation in physical education as punishment for actions unrelated to performance in and adherence to the rules of the physical education class.
- Provide time in elementary schools for supervised recess. Recess will be held outdoors when possible.
- Provide opportunities and encouragement for students to voluntarily participate in before and after-school activity programs such as intramural activities, interscholastic athletics, and clubs both through the school and community. Examples include the following:
- Providing a diverse selection of competitive and noncompetitive, as well as structured and unstructured, activities to the extent that staffing, and district/community facilities permit.
- Offering intramural physical activity programs that feature a broad range of competitive and cooperative activities for all students.
- Encouraging partnerships between schools and businesses. Promotion of such partnerships must be appropriate and in accordance with Board policy and applicable procedures, i.e. fitness center, soccer, basketball, hockey, and the softball/baseball associations. Also, community education offers a variety of activities that are not competitive to meet the needs of all students.
- Strive to provide joint school and community recreational activities by:
- Actively engaging families as partners in their children's education and collaborating with community organizations to provide ample opportunities for students to participate in physical activity beyond the school day.
- Encouraging schools to work with recreation agencies and other community organizations to coordinate and enhance opportunities available to students for physical activity during their out-of-school time.
- Encouraging schools to negotiate mutually acceptable, fiscally responsible arrangements with community agencies and organizations to keep district-owned facilities open for use by students, staff and community members during non-school hours and vacations.
- Encouraging district officials to work together with local public works, public safety, police departments and/or other appropriate state and federal authorities in efforts to make it safer and easier for students to walk and bike to school.

- Discourage periods of inactivity that exceed two (2) or more hours. When activities such as mandatory school testing makes it necessary for students to remain indoors for long periods of time, staff should give students periodic breaks during which they are encouraged to stand and be moderately active.
- Provide and encourage – verbally and through the provision of space, equipment, and activities – daily periods of moderate to vigorous physical activity for all participants in onsite after-school childcare and enrichment programs sponsored by the District, i.e. Kid’s Corner.
- Strive to provide opportunities and encouragement for staff to be physically active by:
  - Planning, establishing, and implementing activities to promote physical activity among staff and providing opportunities for staff to conveniently engage in regular physical activity.
  - Working with recreation agencies and other community organizations to coordinate and enhance opportunities available to staff for physical activity during their out-of-school time.

## VI. OTHER SCHOOL-BASED ACTIVITIES

The district’s goal for other school-based activities is to ensure an integrated whole-school approach to the district’s wellness program. The district may achieve this goal by addressing such areas as listed below:

### Community Involvement

- School instructional staff collaborating with agencies and groups conducting nutrition education in the community to send consistent messages to students and their families.
- Guest speakers invited to address students will receive appropriate orientation to the relevant policies of the district.
- Making effective use of district and community resources and equitably serve the needs and interests of all students and staff, taking into consideration differences of gender, cultural norms, physical and cognitive abilities, and fitness level.

### Family Involvement

- Engaging families as partners in their children’s education by supporting parental efforts to motivate and help their children with maintaining and improving their health, preventing disease, and avoiding health-related risk behaviors.
- Providing nutrition information to parents/guardians in the forms of newsletters, handouts, presentations, or other appropriate means.
- Posting nutrition tips on district website.
- Providing nutrient analyses of district menus.
- Providing parents/guardians for appropriate foods that meet the district’s nutrition standards.
- Providing parents/guardians with ideas for healthy celebrations, parties, rewards, and fundraising activities.
- Encouraging parents/guardians to pack healthy lunches and snacks and to refrain from including beverages and foods that do not meet the district’s nutrition standards for individual foods and beverages.
- Providing opportunities for parents/guardians to share their healthy food practices with others in the school’s community.
- Designing curricular nutrition education activities and promotions to involve parents/guardians and the community.
- Supporting efforts of parents/guardians to provide their children with opportunities to be physically active outside of school.

- Providing information about physical activity and other school-based physical activity opportunities available to students before, during and after the school day.
- Sharing information about physical activity and physical education via the district’s website, newsletter, other take home materials, special events or physical education homework.
- Encouraging parents/guardians to volunteer time in the classroom, cafeteria or at special events that promote student health.
- If practical, provide information in a language understandable to parents/guardians.

**VII. MARKETING AND ADVERTISING**

Marketing in district facilities will be consistent with the goals of the district’s wellness program and comply with Board policy. The district will strive to promote the wellness program and educate parents regarding the quality of district foods.

Tobacco advertising is not permitted on district property, at district-sponsored events or in district-sponsored publications. Food and beverage marketing will include the promotion of foods and beverages that meet the nutrition standards adopted by the Board. Other examples of marketing and advertising the district will scrutinize include but are not limited to pricing strategies that promote healthy food choices, audiovisual programming, educational incentive programs, scoreboards, book covers and vending machine displays.

**VIII. DISTRICT DINING ENVIRONMENT GOALS**

- Provide a clean, safe, enjoyable meal environment for students.
- Provide enough space and serving areas to ensure all students have access to school meals with minimum wait time.
- Provide drinking fountains and/or portable water stations in all schools, so that students can get water at meals and throughout the day.
- With the free school meal bill allowing every student to receive one (1) free breakfast and one (1) free lunch per day, encourage all students to participate. While we still are required to track eligibility, protect the identity of all students.
- Provide an adequate time for students to enjoy eating healthy foods with friends in schools.
- Provide scheduled lunch time as near the middle of the school day as possible.

**IX. OVERSIGHT, EVALUATION, REVIEW**

It will be the responsibility of the District Wellness Committee to meet at least four (4) times a year to review the **policy, discuss building issues/evaluations, and review new goals set by the buildings to ensure district compliance** with the policy.

**X. COMPLIANCE INDICATORS/MONITORING**

The Building SDM Teams will include an annual review of the building’s compliance and progress working with the District’s Wellness Policy.

**XI. DISTRICT WELLNESS GOALS ~~2024-2025~~~~2023-2024~~**

We want to welcome the ~~2023-2024~~~~2024-2025~~ school year. Cloquet Public Schools provides an excellent option with supportive staff and comprehensive range of programs and activities.

The Cloquet Public Schools places the child at the center, takes a comprehensive approach to supporting learning and calls for greater collaboration across sectors.

Our goal is and will remain to provide an excellent learning environment for students that is safe and supports their health, social and emotional wellbeing.

**Wellness Leadership and Community Involvement****A. Wellness Coordinator**

- The district will appoint a wellness coordinator. The wellness coordinator will oversee the school district's wellness – related activities and ensure that each school implements the policy.
- The principal or designee of each school district building will ensure compliance within the school and, upon request, will report to the wellness coordinator regarding Wellness Policy compliance.

**B. Public Involvement**

- The wellness coordinator will permit parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and the general public to participate in the development, implementation and periodic review and update of the Wellness Policy.
- The wellness coordinator will hold meetings for the purpose of discussing the development, implementation, and periodic review and update of the Wellness Policy. All meeting dates and times will be posted on the school district's website and will be open to the public.
- The superintendent will convene and facilitate development of and updates to the Wellness Policy and will ensure each school 's compliance with the policy.

**Work on Crisis Management and Mental Health Concerns:**

District's wellness and mental wellness goals will continue to be heightened this year. Restorative Practices initiatives will continue and additional training for staff will be scheduled due to demand. The equity committee known as the DEI Team, Diversity, Equity and Inclusion advocates for actions that promote conditions and skill sets needed to erode the structural and institutional barriers that have limited the opportunities for underrepresented and marginalized students.

Part of the above process includes mental health issues (prevention, initial response, and follow-up). The district has set up procedures with Human Development Center for mental health referrals, and works with a coordinator from Carlton County for the Text 4 Life program.

**ALICE Training** – Alert, Lockdown, Inform, Counter, Evacuate (ALICE) – the ALICE program has been implemented districtwide. All incoming staff receive initial training, and alumni staff can attend for a refresher course. This will be a continual environmental awareness conforming to various incidents and conditions. Ongoing training will be planned.

**Monthly District Health & Wellness Newsletter:** A District Health & Wellness Newsletter is published monthly by our nursing staff and is disseminated to all staff and posted on the District's website. Nursing staff also work with the "United Way of Carlton County" Campaign and "Just Kids Dental" free dental care week.

**Power Lunch Program:** The Power Lunch Reading Program is a national literacy based mentoring program

aimed at building reading skills and a love of reading among elementary students. Power Lunch was established in the Cloquet School District in the mid 1990's and matches community volunteers with teacher selected first and second grade students at both Churchill and Washington Elementary Schools.

The goal of Power Lunch is to show emerging readers that reading is fun, worthwhile, and a life-long benefit. Volunteers are partnered with students and meet with them one hour per week during their lunch period. Students and volunteers share lunch together in the school's media center, spend a brief time socializing, and then read together in a one-on-one setting. Power Lunch is made possible with support from the Cloquet Educational Foundation, Sappi Fine Paper, Lake Country Power, Cloquet Rotary, Churchill Elementary PIE, and Washington Elementary PIE.

**Backpack Program:** The Backpack program involves the schools and entire community, working together for a healthier more productive “whole” environment/community. The program is to meet the needs of hungry children by providing them with nutritious and easy-to-prepare food to take home on weekends and during school vacations when other resources are not available.

We currently have Churchill Elementary, Washington Elementary and Cloquet Middle School participating in this program. Funding for this program comes from Northern Lakes Second Harvest and is also financed through private donations.

**Community Support:**

- Mock Food Shelf: through non-traditional channels and reaching out to children in need. Every site has a basic Mock-Food Shelf coming in from various entities, anonymously.
- Healthy Northland Bike Lane: Thanks to strong partnerships among the Cloquet Active Living Coalition, the Carlton County Highway Department, the Minnesota Department of Transportation and the City of Cloquet, we continue to make improvements spurred by a Health Impact Assessment, evaluation from bicycle counts and community support.

**Achievement & Integration:**

The district along with Community Ed. offers a variety of activities, clubs, classes, and sports for Cloquet students and kids of all ages. Our Auditorium is a state-of-the-art environment for the fine arts, a ~~renovated~~ our technical education space ~~to~~ provides students with skills to enter the workforce and trades, and many college credit bearing classes. We offer a wide variety of sport programs and a Unified sport program for kids with special needs. ~~We have made significant upgrades to a new turf field for football, lacrosse and soccer and accomplished a major expansion of our tennis courts.~~ We also offer the use of our Activities Van Driver for students with transportation barriers so they can participate in our programs.

**Cloquet School District Staff Wellness Program:** School representatives joined Carlton County Wellness Committee and have implemented a District Wellness Program for staff. Our District Staff Wellness Committee continues to encourage staff to engage in our monthly activity challenges and track progress.

**School Resources Officer:** The school district, working with the local police department, has put an SRO on contract. Our SRO provides support to all the district's five schools, mentoring students and collaborating with staff to provide a safe environment for learning and working.

**Additional Initiatives and Ongoing Initiatives**

- ~~Lunch in the Community with Superintendent Dr. Cary, Staff, School Board Members and Administration to meet and discuss any school issues or bring forth new ideas.~~
- Gathering of Great Minds with other area school districts.

- Text 4 Life suicide prevention information.
- We have social workers who come in and work with kids in all our five schools.
- United Way Annual Fund Drive.
- Kids Dental provides free dental services to our students in the elementary schools.

### **Safe Routes to School**

With past mini grants received at both elementary schools to purchase equipment and the infrastructure grant that was awarded to the City of Cloquet to add sidewalks from MN DOT, we continue to practice safe routes to school. Washington, Churchill, and the Middle School all have had walk/bike to school events and are planning on continuing these events with the opportunity we have been given.

### **Smart Snack Guidelines – Competitive Foods and Beverages**

~~The standards, required by the Healthy, Hunger-Free Kids Act of 2010, will allow schools to offer healthier snack foods to children, while limiting junk food.~~

~~Any food sold in schools must:~~ **All foods and beverages sold on school grounds during the school day to students, outside of reimbursable meals, are considered “competitive foods.”**

- ~~Be a “whole grain-rich” grain product; or~~
- ~~Have as the first ingredient a fruit, a vegetable, a dairy product, or a protein food; or~~
- ~~Be a combination food that contains at least ¼ cup of fruit and/or vegetable; or~~
- ~~Contain 10% of the Daily Value (DV) of one of the nutrients of public health concern in the 2010 Dietary Guidelines for Americans (calcium, potassium, vitamin D, or dietary fiber).~~
- ~~Competitive foods include items sold a la carte in the cafeteria, from vending machines, school stores and for in- school fundraisers.~~
- ~~All competitive foods will meet or exceed the USDA Smart Snacks in School nutrition standards and any applicable state nutrition standards. Smart Snacks aim to improve student health and wellbeing, increase consumption of healthful foods during the school day, and create an environment that reinforces the development of healthy eating habits.~~
- ~~After school programs must also comply with the school district’s nutrition standards unless they are reimbursable under the USDA school meals program, in which case they must comply with all applicable USDA standards.~~

### **Nutrient Requirements:**

#### **Calorie limits:**

- ~~Breakfast daily 350 – 600 based on age group~~
- ~~Lunch daily 550 – 850 based on age group~~

#### **Sodium Limits:**

- ~~Breakfast daily less than 540 – 640 based on age group~~
- ~~Lunch daily less than 1230 – 1420 based on age group~~

#### **Fat Limits:**

- ~~Total fat: less than or equal to 35% of calories~~
- ~~Saturated fat: less than 10% of calories~~
- ~~Trans fat: zero grams~~

#### **Sugar Limits:**

- ~~Less than or equal to 35% of weight from total sugars in foods~~

**WASHINGTON ELEMENTARY**

In order to achieve our mission, the Washington Elementary Community acknowledges that we need to nurture and uphold an environment of wellness for all members of our school community (students, staff, and parents) by addressing the needs for physical, emotional, and mental wellness.

**Goal #1- Physical Wellness:**

Washington Elementary will promote and support participation in healthy physical activities during and after the school day.

**How the goal was met:**

- Washington students have participated in: Kids Heart Challenge, Roller Skating, Bike Fleet, ~~Light Up the Night~~Purple Pride Back to School Bash, and WOW (Walk or Wheel to School). Light up the Night was replaced with Purple Pride Back to School Bash hosted by our PIE committee.
  - Washington has physical education classes for grades K-4 every day.
  - Washington has implemented recess before lunch for all classes
  - Washington offers after-school enrichment gym games.
  - Washington participates in Adaptive Field Day through Arrowhead Youth.
  - Washington has implemented a lunchroom Share Table. This helps students learn to be more self-aware with their hunger. If they are full, they can give to the share table, if they are hungry, they can get a second helping.
  - Lunches offered at school for staff are health-conscious options, encouraging staff to eat here.
  - Staff members are encouraged to ~~walk as a group after school. Many staff members also participated in Light Up the Night!~~participate in the Purple Pride Back to School Bash.
  - The Health and Wellness committee shares an optional health and wellness challenge monthly for staff who would like to participate.
  - Staff are also encouraged to participate in fitness opportunities throughout the district and community through different emails and group initiatives. There have been several running and walking groups created with members of our building community.
  - Healthy snacks are offered during professional days.
- 
- Communication is sent home regarding opportunities for families through our principal's newsletter, nurse's newsletter, and Community Education offerings.

**Goal #2- Emotional Wellness:**

Washington Elementary will support and promote positive emotional wellness.

**How the goal was met:**

- Full-time guidance counselor for all grade levels.
- The implementation of SAT Student Advisory Teams in grades 3 and 4 has greatly impacted students and staff in the building. These students help around the school and work with students.
- Encouraging positive behavior with Purple Pride ticket incentives, Purple Pride reward days, weekly Purple Pride drawing, and random Pick of the Pride days.
- Staff and students are familiar with Purple Pride (PBIS) language and it flows from classroom to classroom.
- Students attend Tier 2 intervention meetings to learn how to work through their emotions and make better choices.
- Continued support for mental health issues among our student body.
- Paws Room – Students are able to use the Paws room for cool downs, before behaviors escalate. It is also available when students have a problem/behavior to calm down and have restorative chats with an adult.

- Students participate in the GET UP program.
- Two counselors from North Homes are available to meet with students.
- The sunshine committee provides support for members of our Washington Family.
- Special activities and potlucks arranged by the school nurse to promote Washington Community.
- The school treat cart is brought around occasionally for staff to have coffee and snacks.
- Positive messages in the bulletin.
- There are several families currently working with our school support worker liaison and Indian Education liaison.
- First Witness Child Advocacy Center comes into classrooms to teach Safe and Strong lessons for K–4th grade students about body safety.
- Each month the school focuses on one of the 7 Ojibwe Teachings. Each classroom nominates a student who is showing that value throughout the month.

**Goal #3- Mental Wellness:**

Washington Elementary will support and promote positive mental wellness.

**How the goal was met:**

- Behavior Matrixes are visible in all areas of the school. Behavior expectations are taught and enforced as well. Teachers acknowledge positive behaviors through “Purple P.R.I.D.E.” tickets and use referral system for ODR’s. ODR’s are tracked and ways to minimize them are discussed.
- Purple Pride days, [Purple Pride Pop-ups](#), and Pick of the Pride days to celebrate good behavior and school pride.
- Provide Native American Culture classes for students in K, 1st, and 3rd grade to provide a better understanding of the Native American culture for all Washington students.
- Staff are collaboratively supervising the hallways.
- Staff members have the opportunity to give to families in need through our school “adopt a family” at Christmas time.
- Staff provide a Morning Connections time before school to help students have a good start to their day.
- Posters were distributed to teachers as part of teaching hallway behavior, a PBIS activity account was started to manage funding, PRIDE shirts were ordered for all staff members.
- The PBIS team continues to discuss ways to improve behavior intervention and reward systems (coordinating with existing committees PST, PIE, etc.). PBIS team has regular meetings (1-2x/month). PBIS team sends out staff surveys and is constantly looking at what works, what needs to change, and new ideas.
- Teachers update parents on student progress and upcoming activities, through newsletters, phone calls, notes, or online resources. Parents are able to call and email teachers when needed. Teachers communicate not only negative, but also positive behavior to parents.

**CHURCHILL ELEMENTARY**

Churchill Elementary will support and promote physical fitness activities:

- Kids Heart Challenge and a roller-skating unit was added this year (Grades 2-4)
- River Run is promoted to all students and staff
- National Physical Education Day
- Physical education classes for K-4 (7 days out of 8 day cycle). Go Noodle movement is used when inclement weather outside.
- Churchill has implemented a lunchroom Share Table. This helps students learn to be more self-aware with their hunger. If they are full, they can give to the share table, if they are hungry, they can get a second helping.

- The Health and Wellness committee shares an optional health and wellness challenge monthly for staff who would like to participate.
- Healthy recipes are emailed to staff monthly
- Social worker does “Lunch Bunch” groups with students throughout the month
- Every trimester awards are presented to students for recognition of good behavior.
- Wednesday snacks and water were provided to the staff on a cart/table.
- Track and Field Day E5’s-4<sup>th</sup> grade including picnic with parents.

Churchill will support and promote mental and emotional wellness activities:

- Provide Native American Culture classes for students in K, 1st, and 3rd grade to provide a better understanding of the Native American culture for Churchill students whose teachers sign up to have the lessons in their classrooms.
- ~~School counselor provides fun activities for students to find our behavior book role models, Danny and Darla. Students can go on a hunt to find where their pictures are hiding. Clues are given. This is done twice during the school year.~~
- School counselor provides fun activities for students to find our behavior book feelings, “Spot”. Students can go on a hunt to find where their pictures are hiding. Clues are given. This is done twice during the school year.
- Staff provide Morning Connections time before school to help students have a good start to their day.
- Full time school counselor who provides mental health education in classrooms and one-on-one with students.
- Staff members have the opportunity to give to families in need through our school “adopt a family” and morning connections programs at Christmas time.
- Promoting positive atmosphere in the building, staff participate in various activities such as ugly sweater contests, singing and other fun seasonal events.
- Monthly mental health videos/articles share by social worker and sent to staff for encouragement to read as needed.
- Twice a month Crafts and Conversations offered to staff. Come have a hot beverage, do a craft and talk.

**MIDDLE SCHOOL**

Cloquet Middle School intends to provide a physically and mentally healthy student body, with a positive school climate, and inclusivity for all students.

**Physical Health**

- Differentiation of curriculum for students of all levels
- Always outdoor recess (grades 5-6) when possible
- Discourage 2+ hrs. inactivity.
- FCS class provides nutrition in food and in your body curriculum (essential nutrients), safe food preparation/handling/storage, benefits of eating healthy and nutritional deficiencies. They also learn Choose My Plate for dietary guidelines, and skills such as understanding food labels, preparing food and healthy meal making, taste testing, commercial food advertising, and nutrition goal setting/achievement.
- Nutrition program is also included in Phys. Ed 8th grade. They had to take their favorite snack and make it a healthy snack (after learning about healthy food substitutions)

**Mental Health**

- Group grievance (SOS) student meetings on Mondays with the social worker. How to get help and get through struggles, bullying, etc...
- Homeroom circle meetings twice a month (in restorative circle format)
- Posters made by students about mental health, eating disorders, drug abuse, and hygiene hung up throughout the year (from their health class)
- North Homes and other similar services
- Two (2) social workers, two (2) school counselors, three (3) Indian Ed Specialists, and Speech therapist on site to help students

**Positive Environment**

- Restorative Circles for students and staff.
- Recovery Room instead of ISS. They must complete meetings with counselors to work through what they did wrong, reflect on it, and how they can change future behavior.
- "Cruze" and "Scout" the therapy dog is used with students.
- Pre-written cards that can be sent to students having a tough time. Positive postcards also sent home to students (8th grade sends at least one to a chosen student per week).
- Social games and puzzles out for students to enjoy during study hall times or when done with work early.

**Inclusivity**

- Unified PE program
- MN Polar Plunge for Special Olympics Minnesota
- Special Olympics competitors in many different sports
- A variety of clubs provided for all students (DI, Dungeons & Dragons, Science Fair, E-Games)
- Fidgets provided for students in many classrooms.
- ADSIS (reading and math) and intervention specialist room for struggling students. PLCs to get the students into these classes.
- Drum and Ojibwe classes for 7<sup>th</sup> and 8<sup>th</sup> grade students.
- American Indian Education classrooms for 5<sup>th</sup> and 6<sup>th</sup> grade and 7<sup>th</sup> and 8<sup>th</sup> grade.

- WEB (Where Everyone Belongs). 8th grade leaders are paired with groups of 5th grade students and lead them in activities to help prepare them for middle school. Some activities include having a career fair day where they bring them around and show them career posters they have made, team building activities, touring the middle school, and talking about mental and physical health

### Staff/Student Development

- ALICE training for staff/students.
- NHS tutors coming from the high school to work with students in study hall.
- Math tutor in the Indian Education room.
- TRIO math tutors available to students.
- Staff training and practice for restorative practice. Several staff certified and working on more.

### Other

- Officer came in to talk about drug education.
- Vape detectors were installed in all student bathrooms.
- “Red flags”, safe/unsafe relationships in relationships taught in health class.
- Gathering of Great Minds
- 4 instructional coaches to help teacher workloads and create diverse and accommodating activities for students.
- Weekly meetings for teachers before school to assess at risk students (academic, social, behavior, emotional) and refer them for service.
- Nurse’s office provides feminine products and first aid supplies and bathroom
- P/I - Prevention Intervention meetings. It is an extension of a summer program that’s goal is to give kids other options that are fun and safe to help keep them off drugs, alcohol, vaping and out of trouble. When they come here so far we have been doing a value, personality project.

### HIGH SCHOOL

Wellness Initiatives at CHS Include:

- Physical Education, Weightlifting and Fitness opportunities for students to fit all interests.

**#533 - DISTRICT WELLNESS POLICY**

**I. PURPOSE**

The primary goals of the Cloquet School District’s wellness program are to create a total school environment that is conducive to healthy eating and being physically active.

**II. GENERAL STATEMENT OF POLICY**

As per the Child Nutrition and WIC Reauthorization Act of 2004, the Cloquet School District hereby adopts a local wellness policy that addresses healthy eating and physical activity aimed at improving children’s health by expanding the availability of nutritious meals and snacks to more children in schools while also promoting increased activity. Goals will be set for nutrition education, physical activity and other school-based activities designed to promote student wellness. Nutrition standards will be established for foods that are available at each school with the objective of promoting health and reducing childhood obesity.

**III. NUTRITION GUIDELINES**

It is the policy of the Cloquet School District that all foods and beverages available in school fall under the District’s nutrition guidelines. The District will serve meals and snacks to students that meet federal program regulations and nutrition standards of the National School Lunch Program. The district will create procedures that may include the following areas:

- National School Lunch Act, including breakfast and after school snack programs
- A la carte offerings in the cafeterias including foods and beverages
- Classroom celebrations and parties
- Classroom rewards and school sponsored events
- Fundraisers
- Food and beverages sold in school stores and vending machines

**IV. NUTRITION EDUCATION**

**A. Instructional Program Design**

The District’s nutrition education goal is to integrate sequential nutrition education with the comprehensive health education and family and consumer science curriculum, and to the extent possible, integrate materials at every grade level to provide students with the necessary knowledge and skills to make healthy nutrition choices, being consistent with the state’s/district’s health education standards. To achieve the nutrition education goal, the district will:

1. Provide students at all grade levels (pre-K through 12) with adequate and age appropriate nutritional knowledge including, but not limited to:
  - The benefits of healthy eating
  - Essential nutrients
  - Nutritional deficiencies
  - Principles of healthy weight management
  - The use and misuse of dietary supplements
  - Safe food preparation, handling, and storage

2. Provide students with nutrition-related skills that include the ability to:
    - Apply the principles of the Dietary Guidelines for Americans and Choose MyPlate.
    - Assess personal eating habits, nutrition goalsetting and achievement.
    - Understand and use food labels.
    - Evaluate nutritional information, distinguishing the valid from the invalid.
    - Plan healthy meals applying a decision-making process to enhance personal health.
    - Evaluate commercial food advertising and media influence on food selection.
  3. Provide instructional activities that teach the aspects of healthy eating. These activities should be hands-on, behavior based, culturally relevant, developmentally appropriate, and enjoyable. Examples of activities include but are not limited to food demonstrations and preparations, contests, promotions, taste testing, guest speakers and appropriate fieldtrips.
- B. Educational Reinforcement/Coordination of Programs
1. The District's coordinated health programs will collaborate with the educational staff to provide support with the nutrition-related education.
  2. District staff are encouraged to provide educational links outside the classroom with local agencies and community groups to provide students with opportunities for volunteer work related to nutrition, such as in food banks, soup kitchens, or after-school programs.
  3. District staff are encouraged to integrate with the food service program to promote nutrition instruction. Food service staff are encouraged to work closely with those responsible for other components of the school wellness program to achieve common goals.
  4. The District will encourage families to become partners with the school in promoting healthy eating behaviors, working cooperatively to advocate for healthy individuals and families.
- C. Nutrition Related Health Problems and Modified Diets
1. School counselors and school health service staff will promote healthy eating to students and other staff.
  2. The food service program will comply with USDA's requirements. The school food service program is strongly encouraged to meet ethnic dietary requests as recommended by the USDA.
- D. Staff Qualifications
1. Staff who provides nutrition education should have appropriate training and regularly participate in professional development activities to effectively deliver nutrition programs as planned.
- E. Staff as Role Models
1. The District shall provide staff with in-service opportunities that recognize conditions such as unhealthy weight, eating disorders, and other nutrition related health problems among students and staff. All school staff are encouraged to model healthy nutrition practices.

**V. PHYSICAL ACTIVITY**

The District's physical activity goal is to assist students in learning to value and enjoy physical activity as an ongoing part of a healthy lifestyle by ensuring that every student can develop the knowledge and skills necessary to perform a variety of physical activities, maintain physical fitness and regularly participate in physical activity. To achieve the physical activity goal, the district will:

- Develop a sequential program of appropriate physical education for every student. The program goal will be to: Provide for at least 125 minutes (on average) of physical education for students in grades K-8; and high school students will meet the graduation standard requirements in physical education required for graduation.
- Emphasize knowledge and skills for a lifetime of regular physical activity.
- Devote at least 50 percent of physical education class time to actual physical activity in each week, with as much time as possible spent in moderate to vigorous physical activity.
- Meet the needs of all students, especially those who are not athletically gifted or who have special needs.
- Provide a variety of activity choices, feature cooperative as well as competitive activities, and account for gender and cultural differences in students' interests.
- Prohibit exemptions from physical education courses based on participation in an athletic team, marching band or other school or community activity.
- Be closely coordinated with the other components of the overall school health program.
- Not use prohibiting participation in physical education as punishment for actions unrelated to performance in and adherence to the rules of the physical education class.
- Provide time in elementary schools for supervised recess. Recess will be held outdoors when possible.
- Provide opportunities and encouragement for students to voluntarily participate in before and after-school activity programs such as intramural activities, interscholastic athletics, and clubs both through the school and community. Examples include the following:
  - Providing a diverse selection of competitive and noncompetitive, as well as structured and unstructured, activities to the extent that staffing, and district/community facilities permit.
  - Offering intramural physical activity programs that feature a broad range of competitive and cooperative activities for all students.
  - Encouraging partnerships between schools and businesses. Promotion of such partnerships must be appropriate and in accordance with Board policy and applicable procedures, i.e. fitness center, soccer, basketball, hockey, and the softball/baseball associations. Also, community education offers a variety of activities that are not competitive to meet the needs of all students.
  - Strive to provide joint school and community recreational activities by:
    - Actively engaging families as partners in their children's education and collaborating with community organizations to provide ample opportunities for students to participate in physical activity beyond the school day.
  - Encouraging schools to work with recreation agencies and other community organizations to coordinate and enhance opportunities available to students for physical activity during their out-of-school time.
  - Encouraging schools to negotiate mutually acceptable, fiscally responsible arrangements with community agencies and organizations to keep district-owned facilities open for use by students, staff and community members during non-school hours and vacations.
  - Encouraging district officials to work together with local public works, public safety, police departments and/or other appropriate state and federal authorities in efforts to make it safer and easier for students to walk and bike to school.

- Discourage periods of inactivity that exceed two (2) or more hours. When activities such as mandatory school testing makes it necessary for students to remain indoors for long periods of time, staff should give students periodic breaks during which they are encouraged to stand and be moderately active.
- Provide and encourage – verbally and through the provision of space, equipment, and activities – daily periods of moderate to vigorous physical activity for all participants in onsite after-school childcare and enrichment programs sponsored by the District, i.e. Kid’s Corner.
- Strive to provide opportunities and encouragement for staff to be physically active by:
  - Planning, establishing, and implementing activities to promote physical activity among staff and providing opportunities for staff to conveniently engage in regular physical activity.
  - Working with recreation agencies and other community organizations to coordinate and enhance opportunities available to staff for physical activity during their out-of-school time.

## VI. OTHER SCHOOL-BASED ACTIVITIES

The district’s goal for other school-based activities is to ensure an integrated whole-school approach to the district’s wellness program. The district may achieve this goal by addressing such areas as listed below:

### Community Involvement

- School instructional staff collaborating with agencies and groups conducting nutrition education in the community to send consistent messages to students and their families.
- Guest speakers invited to address students will receive appropriate orientation to the relevant policies of the district.
- Making effective use of district and community resources and equitably serve the needs and interests of all students and staff, taking into consideration differences of gender, cultural norms, physical and cognitive abilities, and fitness level.

### Family Involvement

- Engaging families as partners in their children’s education by supporting parental efforts to motivate and help their children with maintaining and improving their health, preventing disease, and avoiding health-related risk behaviors.
- Providing nutrition information to parents/guardians in the forms of newsletters, handouts, presentations, or other appropriate means.
- Posting nutrition tips on district website.
- Providing nutrient analyses of district menus.
- Providing parents/guardians for appropriate foods that meet the district’s nutrition standards.
- Providing parents/guardians with ideas for healthy celebrations, parties, rewards, and fundraising activities.
- Encouraging parents/guardians to pack healthy lunches and snacks and to refrain from including beverages and foods that do not meet the district’s nutrition standards for individual foods and beverages.
- Providing opportunities for parents/guardians to share their healthy food practices with others in the school’s community.
- Designing curricular nutrition education activities and promotions to involve parents/guardians and the community.
- Supporting efforts of parents/guardians to provide their children with opportunities to be physically active outside of school.

- Providing information about physical activity and other school-based physical activity opportunities available to students before, during and after the school day.
- Sharing information about physical activity and physical education via the district's website, newsletter, other take home materials, special events or physical education homework.
- Encouraging parents/guardians to volunteer time in the classroom, cafeteria or at special events that promote student health.
- If practical, provide information in a language understandable to parents/guardians.

#### VII. **MARKETING AND ADVERTISING**

Marketing in district facilities will be consistent with the goals of the district's wellness program and comply with Board policy. The district will strive to promote the wellness program and educate parents regarding the quality of district foods.

Tobacco advertising is not permitted on district property, at district-sponsored events or in district-sponsored publications. Food and beverage marketing will include the promotion of foods and beverages that meet the nutrition standards adopted by the Board. Other examples of marketing and advertising the district will scrutinize include but are not limited to pricing strategies that promote healthy food choices, audiovisual programming, educational incentive programs, scoreboards, book covers and vending machine displays.

#### VIII. **DISTRICT DINING ENVIRONMENT GOALS**

- Provide a clean, safe, enjoyable meal environment for students.
- Provide enough space and serving areas to ensure all students have access to school meals with minimum wait time.
- Provide drinking fountains and/or portable water stations in all schools, so that students can get water at meals and throughout the day.
- With the free school meal bill allowing every student to receive one (1) free breakfast and one (1) free lunch per day, encourage all students to participate. While we still are required to track eligibility, protect the identity of all students.
- Provide an adequate time for students to enjoy eating healthy foods with friends in schools.
- Provide scheduled lunch time as near the middle of the school day as possible.

#### IX. **OVERSIGHT, EVALUATION, REVIEW**

It will be the responsibility of the District Wellness Committee to meet at least four (4) times a year to review the **policy, discuss building issues/evaluations, and review new goals set by the buildings to ensure district compliance** with the policy.

#### X. **COMPLIANCE INDICATORS/MONITORING**

The Building SDM Teams will include an annual review of the building's compliance and progress working with the District's Wellness Policy.

**XI. DISTRICT WELLNESS GOALS 2024-2025**

We want to welcome the 2024-2025 school year. Cloquet Public Schools provides an excellent option with supportive staff and comprehensive range of programs and activities.

The Cloquet Public Schools places the child at the center, takes a comprehensive approach to supporting learning and calls for greater collaboration across sectors.

Our goal is and will remain to provide an excellent learning environment for students that is safe and supports their health, social and emotional wellbeing.

**Wellness Leadership and Community Involvement****A. Wellness Coordinator**

- The district will appoint a wellness coordinator. The wellness coordinator will oversee the school district's wellness – related activities and ensure that each school implements the policy.
- The principal or designee of each school district building will ensure compliance within the school and, upon request, will report to the wellness coordinator regarding Wellness Policy compliance.

**B. Public Involvement**

- The wellness coordinator will permit parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and the general public to participate in the development, implementation and periodic review and update of the Wellness Policy.
- The wellness coordinator will hold meetings for the purpose of discussing the development, implementation, and periodic review and update of the Wellness Policy. All meeting dates and times will be posted on the school district's website and will be open to the public.
- The superintendent will convene and facilitate development of and updates to the Wellness Policy and will ensure each school 's compliance with the policy.

**Work on Crisis Management and Mental Health Concerns:**

District's wellness and mental wellness goals will continue to be heightened this year. Restorative Practices initiatives will continue and additional training for staff will be scheduled due to demand. The equity committee known as the DEI Team, Diversity, Equity and Inclusion advocates for actions that promote conditions and skill sets needed to erode the structural and institutional barriers that have limited the opportunities for underrepresented and marginalized students.

Part of the above process includes mental health issues (prevention, initial response, and follow-up). The district has set up procedures with Human Development Center for mental health referrals, and works with a coordinator from Carlton County for the Text 4 Life program.

**ALICE Training** – Alert, Lockdown, Inform, Counter, Evacuate (ALICE) – the ALICE program has been implemented districtwide. All incoming staff receive initial training, and alumni staff can attend for a refresher course. This will be a continual environmental awareness conforming to various incidents and conditions. Ongoing training will be planned.

**Monthly District Health & Wellness Newsletter:** A District Health & Wellness Newsletter is published monthly by our nursing staff and is disseminated to all staff and posted on the District's website. Nursing staff also work with the "United Way of Carlton County" Campaign and "Just Kids Dental" free dental care week.

**Power Lunch Program:** The Power Lunch Reading Program is a national literacy based mentoring program aimed at building reading skills and a love of reading among elementary students. Power Lunch was established in the Cloquet School District in the mid 1990's and matches community volunteers with teacher selected first and second grade students at both Churchill and Washington Elementary Schools.

The goal of Power Lunch is to show emerging readers that reading is fun, worthwhile, and a life-long benefit. Volunteers are partnered with students and meet with them one hour per week during their lunch period. Students and volunteers share lunch together in the school's media center, spend a brief time socializing, and then read together in a one-on-one setting. Power Lunch is made possible with support from the Cloquet Educational Foundation, Sappi Fine Paper, Lake Country Power, Cloquet Rotary, Churchill Elementary PIE, and Washington Elementary PIE.

**Backpack Program:** The Backpack program involves the schools and entire community, working together for a healthier more productive "whole" environment/community. The program is to meet the needs of hungry children by providing them with nutritious and easy-to-prepare food to take home on weekends and during school vacations when other resources are not available.

We currently have Churchill Elementary, Washington Elementary and Cloquet Middle School participating in this program. Funding for this program comes from Northern Lakes Second Harvest and is also financed through private donations.

**Community Support:**

- Mock Food Shelf: through non-traditional channels and reaching out to children in need. Every site has a basic Mock-Food Shelf coming in from various entities, anonymously.
- Healthy Northland Bike Lane: Thanks to strong partnerships among the Cloquet Active Living Coalition, the Carlton County Highway Department, the Minnesota Department of Transportation and the City of Cloquet, we continue to make improvements spurred by a Health Impact Assessment, evaluation from bicycle counts and community support.

**Achievement & Integration:**

The district along with Community Ed. offers a variety of activities, clubs, classes, and sports for Cloquet students and kids of all ages. Our Auditorium is a state-of-the-art environment for the fine arts, our technical education space provides students with skills to enter the workforce and trades, and many college credit bearing classes. We offer a wide variety of sport programs and a Unified sport program for kids with special needs. We also offer the use of our Activities Van Driver for students with transportation barriers so they can participate in our programs.

**Cloquet School District Staff Wellness Program:** School representatives joined Carlton County Wellness Committee and have implemented a District Wellness Program for staff. Our District Staff Wellness Committee continues to encourage staff to engage in our monthly activity challenges and track progress.

**School Resources Officer:** The school district, working with the local police department, has put an SRO on contract. Our SRO provides support to all the district's five schools, mentoring students and collaborating with staff to provide a safe environment for learning and working.

**Additional Initiatives and Ongoing Initiatives**

- Gathering of Great Minds with other area school districts.
- Text 4 Life suicide prevention information.
- We have social workers who come in and work with kids in all our five schools.

- United Way Annual Fund Drive.
- Kids Dental provides free dental services to our students in the elementary schools.

### **Safe Routes to School**

With past mini grants received at both elementary schools to purchase equipment and the infrastructure grant that was awarded to the City of Cloquet to add sidewalks from MN DOT, we continue to practice safe routes to school. Washington, Churchill, and the Middle School all have had walk/bike to school events and are planning on continuing these events with the opportunity we have been given.

### **Smart Snack Guidelines – Competitive Foods and Beverages**

- **All foods and beverages sold on school grounds during the school day to students, outside of reimbursable meals, are considered “competitive foods.”** Competitive foods include items sold a la carte in the cafeteria, from vending machines, school stores and for in- school fundraisers.
- All competitive foods will meet or exceed the USDA Smart Snacks in School nutrition standards and any applicable state nutrition standards. Smart Snacks aim to improve student health and wellbeing, increase consumption of healthful foods during the school day, and create an environment that reinforces the development of healthy eating habits.
- After school programs must also comply with the school district’s nutrition standards unless they are reimbursable under the USDA school meals program, in which case they must comply with all applicable USDA standards.

### **WASHINGTON ELEMENTARY**

In order to achieve our mission, the Washington Elementary Community acknowledges that we need to nurture and uphold an environment of wellness for all members of our school community (students, staff, and parents) by addressing the needs for physical, emotional, and mental wellness.

#### **Goal #1- Physical Wellness:**

Washington Elementary will promote and support participation in healthy physical activities during and after the school day.

#### **How the goal was met:**

- Washington students have participated in: Kids Heart Challenge, Roller Skating, Bike Fleet, Purple Pride Back to School Bash, and WOW (Walk or Wheel to School). Light up the Night was replaced with Purple Pride Back to School Bash hosted by our PIE committee.
- Washington has physical education classes for grades K-4 every day.
- Washington has implemented recess before lunch for all classes
- Washington offers after-school enrichment gym games.
- Washington participates in Adaptive Field Day through Arrowhead Youth.
- Washington has implemented a lunchroom Share Table. This helps students learn to be more self-aware with their hunger. If they are full, they can give to the share table, if they are hungry, they can get a second helping.
- Lunches offered at school for staff are health-conscious options, encouraging staff to eat here.
- Staff members are encouraged to participate in the Purple Pride Back to School Bash.
- The Health and Wellness committee shares an optional health and wellness challenge monthly for staff who would like to participate.
- Staff are also encouraged to participate in fitness opportunities throughout the district and community through different emails and group initiatives. There have been several running and walking groups created with members of our building community.

- Healthy snacks are offered during professional days.
- Communication is sent home regarding opportunities for families through our principal's newsletter, nurse's newsletter, and Community Education offerings.

### **Goal #2- Emotional Wellness:**

Washington Elementary will support and promote positive emotional wellness.

#### **How the goal was met:**

- Full-time guidance counselor for all grade levels.
- The implementation of SAT Student Advisory Teams in grades 3 and 4 has greatly impacted students and staff in the building. These students help around the school and work with students.
- Encouraging positive behavior with Purple Pride ticket incentives, Purple Pride reward days, weekly Purple Pride drawing, and random Pick of the Pride days.
- Staff and students are familiar with Purple Pride (PBIS) language and it flows from classroom to classroom.
- Students attend Tier 2 intervention meetings to learn how to work through their emotions and make better choices.
- Continued support for mental health issues among our student body.
- Paws Room – Students are able to use the Paws room for cool downs, before behaviors escalate. It is also available when students have a problem/behavior to calm down and have restorative chats with an adult.
- Students participate in the GET UP program.
- Two counselors from North Homes are available to meet with students.
- The sunshine committee provides support for members of our Washington Family.
- Special activities and potlucks arranged by the school nurse to promote Washington Community.
- The school treat cart is brought around occasionally for staff to have coffee and snacks.
- Positive messages in the bulletin.
- There are several families currently working with our school support worker liaison and Indian Education liaison.
- First Witness Child Advocacy Center comes into classrooms to teach Safe and Strong lessons for K–4th grade students about body safety.
- Each month the school focuses on one of the 7 Ojibwe Teachings. Each classroom nominates a student who is showing that value throughout the month.

### **Goal #3- Mental Wellness:**

Washington Elementary will support and promote positive mental wellness.

#### **How the goal was met:**

- Behavior Matrixes are visible in all areas of the school. Behavior expectations are taught and enforced as well. Teachers acknowledge positive behaviors through “Purple P.R.I.D.E.” tickets and use referral system for ODR's. ODR's are tracked and ways to minimize them are discussed.
- Purple Pride days, Purple Pride Pop-ups, and Pick of the Pride days to celebrate good behavior and school pride.
- Provide Native American Culture classes for students in K, 1st, and 3rd grade to provide a better understanding of the Native American culture for all Washington students.
- Staff are collaboratively supervising the hallways.
- Staff members have the opportunity to give to families in need through our school “adopt a family” at Christmas time.
- Staff provide a Morning Connections time before school to help students have a good start to their day.

- Posters were distributed to teachers as part of teaching hallway behavior, a PBIS activity account was started to manage funding, PRIDE shirts were ordered for all staff members.
- The PBIS team continues to discuss ways to improve behavior intervention and reward systems (coordinating with existing committees PST, PIE, etc.). PBIS team has regular meetings (1-2x/month). PBIS team sends out staff surveys and is constantly looking at what works, what needs to change, and new ideas.
- Teachers update parents on student progress and upcoming activities, through newsletters, phone calls, notes, or online resources. Parents are able to call and email teachers when needed. Teachers communicate not only negative, but also positive behavior to parents.

### **CHURCHILL ELEMENTARY**

Churchill Elementary will support and promote physical fitness activities:

- Kids Heart Challenge and a roller-skating unit was added this year (Grades 2-4)
- River Run is promoted to all students and staff
- National Physical Education Day
- Physical education classes for K-4 (7 days out of 8 day cycle). Go Noodle movement is used when inclement weather outside.
- Churchill has implemented a lunchroom Share Table. This helps students learn to be more self-aware with their hunger. If they are full, they can give to the share table, if they are hungry, they can get a second helping.
- The Health and Wellness committee shares an optional health and wellness challenge monthly for staff who would like to participate.
- Healthy recipes are emailed to staff monthly
- Social worker does “Lunch Bunch” groups with students throughout the month
- Every trimester awards are presented to students for recognition of good behavior.
- Wednesday snacks and water were provided to the staff on a cart/table.
- Track and Field Day E5’s-4<sup>th</sup> grade including picnic with parents.

Churchill will support and promote mental and emotional wellness activities:

- Provide Native American Culture classes for students in K, 1st, and 3rd grade to provide a better understanding of the Native American culture for Churchill students whose teachers sign up to have the lessons in their classrooms.
- School counselor provides fun activities for students to find our behavior book feelings, “Spot”. Students can go on a hunt to find where their pictures are hiding. Clues are given. This is done twice during the school year.
- Staff provide Morning Connections time before school to help students have a good start to their day.
- Full time school counselor who provides mental health education in classrooms and one-on-one with students.
- Staff members have the opportunity to give to families in need through our school “adopt a family” and morning connections programs at Christmas time.

## Racially Identifiable Schools within District

If you have been notified by the Minnesota Department of Education (MDE) that your [district has a racially identifiable school](#), please list each of those schools below. Add additional lines as needed.

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_
4. \_\_\_\_\_
5. \_\_\_\_\_
6. \_\_\_\_\_

Plans for racially identifiable schools should include the same information and follow the same format as districtwide plans. Provide that information in the [Racially Identifiable School section](#) of this document.

**Partnering Districts** Racially isolated districts must partner with adjoining districts on student integration strategies (Minn. R. 3535.0170). List the districts you will partner with, adding additional lines as needed. ***Provide the name of your integration collaborative if you have one:***

## Plan Input

Minnesota School Desegregation/Integration Rule, part 3535.0170, subpart 2, requires racially isolated and adjoining districts to establish a multidistrict collaboration council to provide input on integration goals and to identify cross-district strategies to improve student integration.

Districts with racially identifiable schools are required to convene a community collaboration council to assist in developing integration goals and to identify ways of creating increased opportunities for integration at the racially identifiable schools (Minn. R. 3535.0160, subp. 2).

**American Indian Parent Advisory Committee** Districts with an American Indian parent advisory committee must include representation from this committee on the councils described above ([Minn. R. 3535.0160, subp. 2](#), and [3535.0170, subp. 3](#)).

For stakeholder input to be meaningful, it should be based on open communication and coordination that acknowledges and considers the views of all participants. For steps to ensure that input from your council is meaningful, see the Facilitation Guide in the [Achievement and Integration Plan Guide](#), and see the [Tribal Consultation Guidance](#)

Below, list your council members and identify American Indian parent committee members. Briefly describe council members' recommendations for your district-wide plan and for your racially identifiable school plans, as applicable. You may also include meeting dates and describe the process you used to ensure meaningful input from council members.

## Achievement and Integration Goals

This plan must contain **three types of goals**, at least one for each of the following:

1. **Achievement Disparity** - Reducing the disparities in academic achievement among all students and specific categories of students excluding the categories of gender, disability, and English learners.
2. **Teacher Equity** - Reducing the disparities in equitable access to effective and more diverse teachers among all students and specific categories of students excluding the categories of gender, disability, and English learners.
3. **Integration** - Increasing racial and economic integration.  
(Minn. Stat. § 124D.861, subd. 2 (a))

**SMART Goal #1: By the end of the 2027-2028 school year, increase the reading achievement of American Indian elementary students in grades k-3, as measured by AIMSweb, by 15% from baseline data of 73.5% in 2025.**

**Choose a WBWF/CACR goal area:**

All racial and economic achievement gaps between students are closed.

**Choose the type of Goal:**

Achievement Disparity

## Strategies

**Makoons Club Strategy #1: Makoons Club provides after school enrichment utilizing cultural environments and resources for blended learning for students in grades 1-4 at both elementary sites.**

**Choose the type of Strategy:**

Option 1: Innovative and integrated pre-K-12 learning environments. *\* If you choose this, complete the **Integrated Learning Environments** section below.*

**Integrated Learning Environments** (Minn. Stat. § 124D.861, subd. 1 (c)). If you chose Innovative and integrated pre-K through grade 12 learning environments as the strategy type above, your narrative description should describe how the different aspects of integrated learning environments listed below are part of that strategy:

X Option 3: Increases cultural fluency, competency, and interaction.

**Narrative description of this strategy.**

Makoons Club is an afterschool program developed through the American Indian Education Program at Cloquet Public Schools. The program is designed to enrich Ojibwe culture and language to students grades K-4. Programming includes storytelling, STEM driven activities, homework support, service learning, meal sharing etiquette and community expert involvement. Makoons Club students show increased school connectedness, attendance, and engagement. Opening registration to all elementary students will reinforce achievement in blended learning platforms and create a unique opportunity for new and returning participants.

Native American authored, illustrated and content books will be used in small group format to engage critical thinking and comprehension. Books will be read aloud and questions about the text will follow along with an activity. Local authors will be invited and encouraged to attend.

The expansion of AIE afterschool programming to non-native students will provide opportunities for cultural integration through providing learning of Ojibwe culture to non-native students and providing opportunities for students of differing cultures to interact while learning about Ojibwe culture/heritage.

List key indicators of progress for this strategy and annual targets for each indicator. Choose indicators that will help you know if the strategy is creating the outcomes you want to see.	2026 Target	2027 Target	2028 Target
Example: The percentage of American Indian students enrolling into concurrent enrollment classes will increase by 10 percentage points each year. 2020 enrollment is 32 percent.	75%	100%	100%
Benchmark Comparisons by grade level: 3 <sup>rd</sup> Grade data collection on American Indian students reading fluency and comprehension scores.	50.6%	52.6%	54.6%
Benchmark Comparisons by grade level: 4 <sup>th</sup> Grade data collection on American Indian students reading fluency and comprehension scores.	35%	38%	41%

***This data will be used to support evaluation of your plan (Minn. Stat. § 124D.861, subd. 5).***

**SMART Goal #2:** By the end of 2027-2028 school year, the increase in the number of elementary students served by the Second Round pick up transportation by 10%, with a baseline of 230 elementary pick-ups a year, increasing to at least 253, ensuring timely transportation for students absent due to transportation barriers. This will be achieved through improved scheduling, enhanced communication with families, regular tracking of student participation, and attendance mentoring.

**Choose a WBWF/CACR goal area:**

X All racial and economic achievement gaps between students are closed.

**Choose the type of Goal:**

X Achievement Disparity

## Strategies

**START – Strategy #2:** Student Transportation Aid to Reduce Truancy. Reducing barriers to school participation by providing a second round pick up for elementary students who are absent due to transportation barriers.

**Choose the type of Strategy:**

X Option 1: Innovative and integrated pre-K-12 learning environments. *\* If you choose this, complete the **Integrated Learning Environments** section below.*

**Integrated Learning Environments** (Minn. Stat. § 124D.861, subd. 1 (c)). If you chose Innovative and integrated pre-K through grade 12 learning environments as the strategy type above, your narrative description should describe how the different aspects of integrated learning environments listed below are part of that strategy:

X Option 3: Increases cultural fluency, competency, and interaction.

**Narrative description of this strategy.**

Student attendance is vital to student achievement. Our plan is to provide an alternative transportation van route for students who otherwise would not be in attendance. Priority will be given to K-4 elementary students for the alternative transportation. Selection of students is based on attendance needs. The outcome would be improved attendance. Attendance data will be assessed to determine program effectiveness. The service is provided by the school district. A school employee and van will be utilized daily.

**Activities Van – Strategy #3:** Transportation services for students to participate in after school activities, programs, and clubs due to transportation barriers.

**Choose the type of Strategy:**

X Option 2: Family engagement initiatives to increase student achievement.

**Narrative description of this strategy.**

Consistent participation in extra-curricular activities provides opportunities for inclusive involvement. Transportation barriers such as a ride home after practice, a ride to school activities, and hesitation to sign up for clubs due to family transportation barriers have been ongoing obstacles for many students. A majority of American Indian students living in reservation boundaries are not in walking distance or have alternative transportation to participate regularly. The outcome would be increased involvement. Participation data will be assessed to determine program effectiveness. The service is provided by the school district. A school employee and van will be utilized daily.

X Option 3: Increases cultural fluency, competency, and interaction.

**Narrative description of this strategy.**

Student engagement is a key to student success. Providing learning opportunities that align with your personal beliefs and interests is a valuable tool in improving student engagement. Success in a rapidly globalizing environment also requires the ability to understand cultural differences and similarities and the ability to work with individuals whose cultural background differs from your own. For these reasons and others, the Cloquet Public Schools will work to diversify their curriculum to be supportive of multiple cultural perspectives. This work will begin by providing more learning opportunities specific to Ojibwe culture. Over 25% of the Cloquet Public Schools’ student population has families ties to the Indigenous culture.

Elementary grade levels provide time and opportunity for teaching staff to develop lessons that include Ojibwe focused teachings that meet state standards. A&I resources will be used to support the development of these lessons including the cost of teacher time, material acquisition, literature, and professional development. Resource, if available, may also be used to support secondary staff interested in developing lessons with an Ojibwe focus.

**Choose the type of Strategy:**

X Option 6: Equitable access to effective and more diverse teachers.

**Narrative description of this strategy.**

The equity coordinator will work to train staff and provide equity-based activities for staff and students to support the development of a culturally responsive/inclusive environment in Cloquet Public Schools. The equity coordinator will begin a 3-year initiative to create an inventory of such trainings. An equity team of representatives from each school site actively supports implementation of identified areas of equity improvement under the leadership of the equity coordinator.

**SMART GOAL #6:** By the 2027-2028 school year, Cloquet School District will create and implement a youth leadership development program that provides cross-district leadership opportunities and includes focus on cultural awareness. This will be achieved by increasing cross-district youth leadership opportunities from 0 in 2025 to 6 by 2028.

**Choose a WBWF/CACR goal area:**

## Strategies

**Youth Leadership Development Program – Strategy #7:** Create and implement a youth leadership development program that provides cross-district leadership opportunities and includes focus on cultural awareness.

**Choose the type of Strategy:**

X Option 1: Increasing racial and economic integration (Minn. Stat. § 124D.861, subd. 2 (a)).

**Narrative description of this strategy.**

The goal supports the district's commitment to inclusivity, cultural awareness, and equity by providing intentional leadership opportunities for students who are often underrepresented in leadership roles, with an emphasis on Indigenous students and those from Free/Reduced lunch backgrounds. By 2028 our target will be that 80% of participants will be demonstrating growth in leadership competencies (such as decision-making), communication, and problem solving) as measured by pre- and post-program surveys and self-assessments.

The purpose of creating a district youth leadership development program is to provide students with cross-district opportunities that reinforce collaboration, growth, and empowerment. Cross-district opportunities will include yearly leadership summits or collaborative projects, enabling students from diverse backgrounds to connect, share experiences, and develop the skills necessary to become effective leaders in their communities.

## Creating Efficiencies and Eliminating Duplicative Programs

Briefly explain how this plan will create efficiencies and eliminate duplicative programs and services (Minn. Stat. § 124D.861, subd. 2 (c)).

By identifying and merging programs with similar goals or services, resources can be allocated more effectively, reducing redundancies. An example would be the American Indian Education program afterschool program will streamline participation to include all students, opening a blended learning opportunity called Makoons Club.

Additionally, this plan creates improved coordination to ensure that the efforts are better for the overall performance of district educational delivery. An example of this would be the professional development inventory that will be developed to maximize the impact of available resources while minimizing inefficiency.

**Proposal 13: Specialist Compensation**

Article VII

Section 6

Subd. 3 Specialist Compensation: In an event where an elementary specialist is reassigned to a classroom for a half day or more the specialist will be compensated at a rate equal to the rate received by secondary teachers when substituting during their preparation period as defined in schedule D.

**Rationale:**

- Specialists are often pulled to cover classrooms at a moment's notice and exceed the amount of time of their prep period. This compensates the specialist an adequate amount based on prep pay stipends.
- Specialists would rather be working in the position assigned.
- We hope this disincentivizes pulling specialists daily.
  - Result of not pulling daily:
    - Student performance improvement
    - Improved morale
    - Better test scores
    - Better support for our students

Sub Coverage: Secondary 30 periods/Elem. 60 prep periods	\$325 bonus
Sub Coverage: Secondary 45 periods/Elem. 90 prep periods	\$500 bonus

The bonus will be calculated at the end of the school year to determine appropriate bonus level.

**Clarifying Language on Article XV - ECFE TEACHERS**  
**Section 12 sub. 2 Sick Leave**  
**From Teachers Master Agreement July 1, 2013-June 30, 2015**

- ECFE/SR teachers' sick leave is cumulative to 30 days.
- If an ECFE/SR teacher works a minimum of 1400 hours per year, the teacher's sick leave is cumulative to 60 days.

**Rationale:**

- "Cumulative days" was originally negotiated into the ECFE/SR section of the contract. When the method of calculating sick days was changed the contract language for sick leave was updated and the mention of cumulative days was missed.
- Please see attached for original contract language vs. current contract language.

**EMC Proposal**

**Addition of Article XII-Leave of Absence**

**Section 8 Military Leave**

Military leave shall be granted to a teacher pursuant to ~~M.S. 471.975~~ Minnesota State Law and other applicable law.

Rationale:

- Adding Section 8 Military Leave to the ECFE/SR section of the contract would ensure we are following procedure that is stated by law staff who are in the military.

**Proposal 2: Percentage of Staff on Personal Leave**

**Article XII- Leaves of Absence**

**Section 3- Personal Leave**

Subd. 1. Criteria: It is understood that Personal Leave may not be approved when the number of bargaining unit members using Personal Leave exceeds 5% per day rounding up to the nearest whole number of the building bargaining unit population. The building principal will have the discretion to exceed the 5% cap. For the purpose of determining the number of staff using Personal Leave on any day, a .5 F.T.E. or less is equal to the lower whole number, and an F.T.E. over .5 is equal to the higher whole number.

Should the district absence software be reasonably capable, as determined by administration, of differentiating between unit members requiring a substitute vs. those whose positions do not, the 5% limitation per day on personal leave use will apply to ***certified staff requiring a substitute on student contact days.***

**Proposal 5: Addition to ECFE/SR**

**Addition of Article VII - Basic Schedules and Rates of Pay  
Section 8 Part-Time Teachers Substitute Pay**

Part time teachers regularly employed under contract with Independent School District No.94 shall be paid a rate equal to \$25.00 per day (\$12.50 per half day) more than the daily rate for substitute teachers who are not employed under contract with the district. This rate of pay shall be effective for substitute work done after October 15, 2009.

**Rationale:**

- As licensed teachers under contract with ISD 94 the ECFE/SR teachers are requesting the opportunity to receive the same benefits other part time staff have when subbing within the district.
- This would increase morale among ECFE/SR teachers and their willingness to fill in as substitutes and feel like they are valued part of the district.

## Proposal 6: School Psych/ECSE Stretch Calendar

### ARTICLE XIV - LENGTH OF SCHOOL YEAR

#### **Section 1. Teacher Duty Days**

Beginning the 2021-2022 school year, e-~~Early childhood special education teachers will be on a stretch calendar. A “stretch calendar” is defined as a school year calendar from July 1 through June 30 of a given year. This includes keeping the total contract days at the number set in the EMC master agreement (183.5 days). Beginning July 1, 2021, the stretch calendar system will be fully implemented. The stretch calendar will be created annually by the teacher following guidelines established by the ECSE supervisor/administrator. Said calendar will be approved by the ECSE supervisor/administrator in consultation with the Northern Lights Special Education Cooperative coordinator of early childhood special education.~~

**School Psychologists will be on a stretch calendar. A “stretch calendar” is defined as a school year calendar from July 1 through June 30 of a given year. This includes keeping the total contract days at the number set in the EMC master agreement (183.5 days). The School Psychologist will keep a record of the time worked outside of contracted time. The School Psychologist will be allowed to utilize this time in fulfilling the annual duty days.**

#### **Rationale:**

- Clean up ECSE Stretch Calendar language (remove old dates). Remove last sentence to reflect current practice.
- Add School Psych Stretch Calendar MOU to contract.

FROM: Dr. Michael Cary, Superintendent

DATE: 12/20/2023

RE: Special Education Programming Discussion Sessions

In the interest of reviewing special education programming and staffing, the administration of Cloquet Public Schools proposes the following:

· During the **2025-26 & 2026-27 school years**, the administrative team will coordinate 3-4 sessions to gather the building leadership team special education representatives and special education coordinator to review the current status of special education programming and staffing. Administrative representation will typically include the superintendent and may include other administrative representatives, as needed. Three additional representatives will be selected for the sessions by the executive board of Education Minnesota Cloquet.

- Sessions will be scheduled during in-service dates and will be two hours in length (this may be adjusted based on feedback from the group). The purpose of which will be to discuss current programming, staffing levels and trends/issues within the program/department. Program and staffing data may also be reviewed to help inform discussions.

- Feedback from sessions will be used to inform possible future adjustments based on feasibility as determined by the administrative team.

**Rationale:**

- EMC has found these meetings to be valuable and wish to continue through the next round of negotiations.

RE: MOU for CMS ADSIS Teachers

~~CMS requests a one-year MOU to allow CMS ADSIS teachers Jen Misquadace and Anna Gamst to start and end the 2023-2024 school year two weeks earlier to run a reading remediation boot camp. Their new start date would be August 14, 2023, and their new end date would be May 21, 2024, with the understanding that they will complete their professional choice day before their new start date or after their new end date.~~

The principal of Cloquet Middle school may, at his/her discretion, call CMS ADSIS teachers to start and end the school years two weeks early to run a reading remediation boot camp. Start dates and end dates would correspond to previous years programming with the understanding that they will complete their professional choice day before their new start date or after their new end date.

**Rationale:**

- The extension is proposed because the program prefers this MOU (and was continued without any amendment for the 2024-25 school year).
- Additionally names were removed to allow any staff member in that specific position to be allowed the same schedule.

**Proposal 10:**

Article XII

**Section 3. Personal Leave:** Beginning July 1, 2024, each teacher has three (3) working day per year with pay for personal reasons. After three (3) years of continuous service with the school district, teachers will be allowed five (5) working days per year, with pay, for personal reasons. Teachers may carryover one personal leave day per year or be reimbursed. Unused personal days shall be reimbursed at the rate of **\$140 per day and to be increased at the same percentage as salary increase starting in the 2025-26 school year.** If available, one personal day will automatically be carried over unless notification is given to the Business Office by the last contract day of the school year. Any remaining day(s) will be automatically paid to the teacher. For 2023-2024, language from the previous contract remains in effect.

AND

Article XI

**Section 1. Sick Leave**

- c. Teachers shall accumulate sick leave according to the following schedule:
2. At the conclusion of the contract year, when the cap of 100 days of sick leave is reached, a teacher may cash out the unused portion of the current year's new allocation of sick leave days at a rate of **\$140 per day and to be increased at the same percentage as salary increase starting in the 2025-26 school year.**

**Rationale:**

- While short of sub pay this would be an acceptable amount, additionally the increase going forward would ensure that increases happen at an appropriate rate in relations to sub pay (despite the district gaining minimal financial gains each contract).
- This increase could also incentivize teachers not taking personal days or sick days as there is an increased value in being in the classroom with their students. This would increase student learning.

DATE: 6/4/2025

RE: Board Counterproposal to EMC Proposal 15 – CTE Lane Change

For addition as Article VII, Section 3. Subd. 10

Subd. 10. CTE Credit Toward Lane Change. Effective July 1, 2025, a teacher with a CTE license may earn additional credits to move lanes (horizontally) on the salary schedule by applying work related experience. “Work related experience” is defined as experience for the purpose of obtaining a CTE license or to gain knowledge and skills directly related to their teaching assignment or content area. These hours must be pre-approved by the building principal and superintendent in advance in order to be counted toward lane change and be earned subsequent to earning a Tier III license. Each forty (40) hours of work experience equals one (1) semester hour credit.

1. A teacher with a CTE license may bypass the MA lanes on the traditional salary schedule by applying the conversion outlined in the table below.

<b>Traditional Salary Schedule</b>							
BA	BA+10	BA+20	BA+30	BA+40/M	MA+10	MA+20	MA+30
<b>CTE Salary Schedule</b>							
BA	BA+10	BA+20	BA+30	BA+40	BA+55	BA+70	BA+85

2. The above conditions for horizontal movement may be met by applying the pre-approved clock hours earned after July 1, 2025. Hours previously used for horizontal movement cannot be utilized under new policies.

DATE: 6/4//2025

RE: District Negotiation Proposal 1 – Online Learning

Article XIII, Section 5.

**Teacher Workload:** The normal teaching load for secondary classroom teachers in the seven (7) period day shall be five (5) instructional periods, one (1) study hall/supervisory period, and one (1) preparation period, and other assigned duties such as bus duty, homeroom, and the like. For high school teachers, instructional periods may be either in-person or online, as assigned by the building principal. Courses will not require that staff instruct students both online and seat-based in the same class period. For the 2025-26 and 2026-27 school years, this language will only apply to College in the Schools courses.

- In the event of an online class offering, the number of students assigned to a section must not exceed 40 students. Reasonable efforts, as determined by administration, will be made to keep online course section sizes consistent with seat-based section sizes.
- When a teacher is asked to teach an online course for the first time, they will be given 30 hours of curriculum development time per course to be paid at the rate established in the schedule D portion of the contract. This would not apply to homebound/homebased offerings.

## AGREEMENT FOR THE PROVISION OF MARKETING SUPPORT

This Marketing Agreement ("Agreement") is entered into as of \_\_\_\_\_, 2025 ("Effective Date"), by and between Community Memorial Hospital ("CMH"), and Independent School District #94, also known as Cloquet School District ("CSD").

### RECITALS

- A. CMH is a Minnesota nonprofit corporation whose purposes include advancement of healthcare in the region that it serves.
  - B. CSD is a Minnesota independent school district which is required to provide professional sports medicine services to its student athletes.
  - C. CSD wishes to obtain from CMH, and CMH wishes to provide, marketing support that will allow CSD to upgrade, expand, and maintain facilities and equipment for its student athletes, in conjunction with sports medicine services to be provided by one or more third party providers more specifically identified and set forth in this Agreement.
1. Marketing. CMH will receive from CSD such marketing and recognition opportunities as expressed in Exhibit B.
  2. Related Party. This Agreement is tied to and is contingent on the existence and maintenance of an agreement between CSD and Park Avenue, an independent entity located in Cloquet, Minnesota that, under such separate agreement, provides CSD with an athletic trainer and makes referrals for any necessary medical needs for the student athletes being served. If such agreement is terminated for any reason by CSD, it may trigger termination of this Agreement under Section 8b. If such agreement is terminated for any reason by Park Avenue, CSD and CMH agree to work in good faith towards establishing a direct agreement under which CMH will provide, or subcontract to provide, CSD with those services previously provided by Park Avenue under the same or similar terms to those in effect at the time of termination.
  3. Compensation. In exchange for marketing and recognition opportunities as expressed in Exhibit B, CMH will provide CSD compensation as described in Exhibit A.
  4. Relationships.
    - a. Relationship between CMH and CSD. The parties to this Agreement are at all times performing as independent contractors. Nothing in this Agreement shall constitute or be construed as the creation of an employment relationship, partnership, or joint venture between CSD and CMH, or any of their agents or employees. Neither CMH nor any of its agents or employees is to be considered an agent or employee of CSD for any

purpose. CMH and CSD shall each be solely responsible for acts and omissions of itself, its employees and its agents.

- b. Relationship to CSD Students. This Agreement does not create an express or implied contract to provide care to CSD students. Further, CMH's commitment to provide sports medicine services does not obligate CSD student athletes to utilize such services.
  - c. Exclusivity. CSD agrees it will not pursue or obtain any marketing opportunities with other entities consisting of hospitals, clinics, surgery centers, or related parties, without the prior written approval of CMH, whose approval shall not be unreasonably withheld for minor contributions, sponsorships, etc. Signage or other permanent or semi-permanent structures featuring entities as described within this clause shall not be permitted.
5. Insurance. Each party shall, at its expense, carry liability and professional liability insurance or provide self-insurance covering its acts and omissions under this Agreement, with limits of at least \$1 million per claim and \$3 million aggregate.
  6. Compliance. Both parties shall comply with applicable state and federal laws and regulations.
  7. Indemnification. The parties are each responsible for their own acts or omissions, and are not liable for the acts and omissions of, or the costs of defending, others. Nothing in this section shall preclude a finding of liability on the part of either party based on the doctrines of equitable indemnity, comparative negligence, contribution, or other statutory or common law basis for liability.
  8. Term and Termination. Unless sooner terminated as provided for herein, this Agreement shall remain in effect for ten (10) years expiring on \_\_\_\_\_, 2035 and shall automatically renew for successive periods ten (10) years unless terminated as provided for herein and as follows:
    - a. Mutual Written Agreement. This Agreement may terminate at any time upon written agreement of the parties.
    - b. Termination of Related Agreement. This Agreement will automatically terminate if the Related Agreement for athletic training services referenced in Section 2 is terminated or modified without the prior knowledge and approval of CMH to the extent that, in the opinion of CMH, the consideration given in this Agreement has materially changed.
    - c. For Cause. Either party may terminate this Agreement with cause upon default by the other party under any material term of this Agreement and failure of the defaulting party to cure such default within sixty (60) days after receipt of written notice specifying the precise nature of such default. Upon failure to cure such default, this Agreement shall terminate upon written notice.

- d. Change in Law. In the event there are changes or clarifications to any applicable laws, rules or regulations that affect, in the opinion of either party's legal counsel, any legal right of any party to this Agreement, the affected party may notify the other party. Upon such notice, the parties shall engage in good faith negotiations regarding any appropriate modifications to this Agreement. If the parties are unable to agree to modifications, either party may terminate this Agreement by providing at least sixty (60) days' notice to the other party.
- e. Jeopardy; Immediate Termination. CMH may terminate this Agreement immediately with no penalty if, in its sole determination and discretion, the Agreement places CMH at risk of adverse action by any state or federal governmental agency or accrediting body, including, but not limited to licensing and nonprofit or tax-exempt status.
- f. Effect of Termination. In the event this Agreement is terminated under Section 8c by CMH for cause or under Section 8b, CSD shall refund to CMH a prorated portion of the funds paid to CSD pursuant to Exhibit A for any incomplete term year. If this Agreement is terminated by either party for any other reason, CSD will not be responsible to refund any prorated monies paid in advance for incomplete years on the term of the Agreement.
9. Notices. All notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, by certified mail or via email at its address set forth below, or to such other address as such party may designate by notice pursuant to this section. Notice shall be effective when received if delivered by hand or email, or on the date shown on the return receipt, if by certified mail.
- If to CSD: Cloquet High School, Attn: Principal, 1000 18<sup>th</sup> Street, Cloquet, MN 55720
- If to CMH: Community Memorial Hospital, Attn: CEO, 512 Skyline Boulevard, Cloquet, MN 55720
10. Governing Law. This Agreement will be governed by and construed in accordance with the laws of the State of Minnesota, without giving effect to the conflict of laws principles thereof.
11. Force Majeure. Each party shall be excused from performance of its obligations under this Agreement to the extent such performance is prevented, restricted or interfered with by reason of fire, flood, earthquake, explosion or other casualty or accident, strikes or labor disputes, war, act of terrorism or other violence, or any law, order, proclamation, regulation or ordinance, or demand or requirement of any government agency, The party so affected, upon giving prompt notice to the other party, shall be excused from such performance to the extent of such prevention, restriction or interference, provided, however, that the party so affected shall take all reasonable steps to avoid or remove such

cause of nonperformance and shall resume performance hereunder with dispatch whenever such causes are removed.

12. Miscellaneous. Neither party may assign this Agreement without the prior written consent of the other. The parties agree to amend this Agreement as necessary to comply with any changes in applicable laws and regulations. This Agreement constitutes the entire contract between the parties with respect to the subject matter hereof. It may be executed in any number of counterparts, each of which will be deemed to be the original. No amendment to this Agreement or any exhibit shall be effective unless in writing and signed by both parties. The Waiver by either party of a breach of any provision of this Agreement will not be deemed a waiver of any subsequent breach of the same or a different provision. If any provision of this Agreement is illegal, invalid, or unenforceable under present or future laws effective during the term of this Agreement, that provision shall be fully severable. The remaining provisions shall remain in effect, and this Agreement shall be construed and enforced as if the illegal, invalid or unenforceable provision had never been a part of this-Agreement.

## EXHIBIT A COMPENSATION

In accordance with the services being provided and for valuable consideration, CMH will provide CSD one hundred fifty thousand, four hundred dollars (\$150,400.00) payable as follows:

- within thirty days of the date this Agreement is fully executed, any portion of the total payable can be requested, up to the entire portion, to purchase new weight room equipment at Cloquet High School.
- This total represents amounts payable over the entirety of the initial Term of this Agreement. The yearly portion due under this Agreement is equal to fifteen thousand, forty dollars (\$15,040.00).
- Termination of this Agreement under circumstances described within this Agreement requiring a refund to CMH for any incomplete portion of the Term shall be prorated and calculated based on a quarter of a term. Thus, for purposes of this clause, the Term of this Agreement can be thought of as consisting of 40 quarters, with the amounts payable for services described as being three thousand, seven hundred sixty dollars (\$3,760.00) per quarter.

EXHIBIT B  
MARKETING AND RECOGNITION  
OPPORTUNITIES

CSD acknowledges the following Marketing opportunity obligations.

- acknowledge at games/venues, via signage, program advertisement and public address that orthopedic & sports medicine services are provided by CMH and Park Avenue
- ensure all acknowledgments are healthcare industry exclusive, with the exception of limited visibility from lower tier sponsorship support subject to CSD obtaining CMH's prior authorization
- CMH be given opportunities to be recognized as a top-tier (highest) supporter with any additional partnership/sponsorship opportunities with CSD. Any additional partners at the same top tier level shall not be a direct competitor of CMH. Sponsorships from competitors should not include signage (any existing signage in the facilities can remain during current contract duration, but not be renewed and nothing new can be added)
- at CMH's sole cost and expense grant sole rights to CMH on all signage on training room and weight room doors, and all other sports venues owned by CSD (excepting the facility known as Members Cooperative Credit Union Stadium), to acknowledge that orthopedic & sports medicine services are provided by CMH and Park Avenue, signage to be prominently displayed
- use information approved or provided by CMH, including ads, logos, scripting, etc. for the signage, public address announcement and program advertisement. At the request of CSD, CMH shall provide custom ads, scripting, etc.
- provide additional promotion opportunities as agreed to by CSD and CMH's marketing team
- ensure CSD coaches are aware of the Service being provided and available by CMH and Park Avenue; and
- ensure Booster Clubs are aware the Services are being provided by Park Avenue at no cost in exchange for the opportunities and compensation set out in this Agreement.

**Commented [MC1]:** We may need to exclude signage for Members Cooperative Credit Union Stadium, as they have certain exclusivity rights on our agreement with them. I don't see issue with other sports venue locations which we own. Also, we do not own or operate the hockey arena. We would likely need some type of agreement with the city for any signage at Northwoods/Pine Valley.

### Schedule C Additions Proposal:

Please see the attached Schedule C additions form for signatures regarding two additional positions in the contract. Below is the Schedule C committee's suggestion for salary and reasoning for each payment amount. Please note, this amount is from the 2024-25 school year contract, its placement should receive the percentage increase once the 2025-26 and 2026-27 teachers' contract is approved.

- Auditorium Manager- \$6907- This is the same amount as hockey or football. Given that the manager is a 12-month position and has gotten the same amount (\$6000) each year since its opening we believe that it is fair to align this position with our highest paying coaches going forward given the length of season, community pressure and volume of different programs that use that space for different reasons.
- Ripsaw News Advisor- \$3455- This is the same amount that was previously given to the newspaper advisor. This position will be taking on similar responsibilities and have a similar production schedule (if not more frequent) than the previous newspaper position. This position additionally would be a year long position and thus would require more than a traditional advisor seasonal position.

**Sick Leave:** For the first five (5) years of employment, the Assistant Director shall earn sick leave at a rate of 15 days per year.

Starting year six (6), the Assistant Director shall be credited with 13 days of sick leave on July 1 of each year. Up to five (5) days of sick leave with pay per school year shall be allowed whenever an employee’s absence is due to the serious illness and/or temporary disability of the employee’s spouse, adult children, grandchildren, foster children, or parent.

Note: The 2013 Legislature amended sick leave law which will take precedence over the language in this contract as long as this law is in place. This law allows for 160 hours or 20 days of available sick leave in any 12 month period to be used for absences due to an illness or or injury to an employee’s adult child, spouse, sibling, parent, grandparent, or stepparent.

**Bereavement Leave:** Family: The employee, in case of death in the immediate family which is defined as employee’s spouse, employee’s parents, step-parents, children, step-children, grandchildren, sister, brother, grandparents, sister-in-law, brother-in-law, father-in-law, mother-in-law, son-in-law, daughter-in-law, or grandparents of spouse, causing the employee to lose working time, time allowed is not to exceed three (3) scheduled working days if the distance traveled is 400 miles or less one way; four (4) scheduled working days if the distance traveled is more than 400 but less than 800 miles one way; and five (5) scheduled working days if the distance traveled is more than 800 miles one way. No less than four (4) scheduled working days shall be allowed in case of death of a spouse or child.

**403(b):** After one (1) year of administrative service, the School District will make a matching contribution based on the schedule below for all new full time principals into the 403(b) account.

<u>Contribution Level</u>	<u>Maximum Dollar Cap</u>
FY 2024 = \$3,000	\$55,000.00
FY 204-2025 = TBD – same as principals’ contract	

**Medical Insurance:** The Assistant Director’s health insurance benefits, including HRA or HSA benefit, shall be the same listed in the Cloquet Principals’ Association Master Agreement in Article V, Section 1. Any changes made to this section of the principal’s contract shall become part of and be applicable to the assistant director’s contract.

**Dental Insurance for Full-Time Employees:** Effective July 1, 2013, dental benefits will be paid by the school district at a premium rate of \$28.65 per month per eligible employee with single coverage and that dependent coverage will be paid by the school district at the premium rate of \$49.28 per month per eligible employee. If the total premium rate exceeds the individual rate as stated above, the school district shall pay the additional costs of the premiums. If the total premium rate exceeds the dependent rate as stated above the school district and the employee shall share the premium increase equally.

**Life Insurance for Full-Time Employees:** Full-time employees (as defined in Article V, Section I) shall also receive term life insurance in the amount of \$150,000 at the District expense.

**Long Term Disability Benefits:** Full-Time employees shall receive long-term disability benefits up to 66 2/3% of the employee’s basic salary to a maximum benefit of \$3,000 per month. There shall be an elimination period of 60 working days.

**Subd.2. Cost:** The salary of each employee shall be increased by the cost of their long-term disability premium.

**Premium Only Health Retirement Account:** The Assistant Director will receive a District contribution to a Premium-Only Health Retirement Account (HRA) based on the following schedule:

<u>Monthly Contribution Level</u>	<u>Years of Service</u>
0	0-1
\$250	2-6
\$375	7-10
\$500	11-15
\$600	16 and over
Maximum Dollar Cap - \$90,000	

#### **ARTICLE VI: SUPPLEMENTAL BENEFITS**

**Section 1. Membership Dues:** The District shall pay the state and national membership dues in the designated professional organizations (MASE/CASE and either MASSP or MESPA).

**Section 2. National Conventions:** Each principal shall be allowed to attend their respective CASE national conventions on an every other year basis and that their expenses be paid as per District policy.

#### **ARTICLE VII: OTHER TERMS**

It is further agreed, between the Board of Education and the Assistant Director that the employee shall faithfully work to the best of his/her ability, accept the employment assignment, and abide by the rules and regulations adopted by the Cloquet Board of Education.

The Assistant Special Education Director shall furnish, throughout the life of this contract, a valid and appropriate license to act as Special Education Director in the State of MN as provided by applicable state laws, rules, and regulations.

The Assistant Director agrees to provide the District at least eight (8) weeks of notice prior to leaving this job to accept employment elsewhere. This eight-week requirement may be waived upon an alternate agreement with the superintendent.

DISTRICT, SUPERINTENDENT OF SCHOOLS

**Memorandum of Understanding (MOU) Between Cloquet School District ISD 94 and NorthStar Community Services For Day Treatment and CTSS Services at Cloquet Middle School**

---

**1. Parties** This Memorandum of Understanding (hereinafter referred to as "MOU") is entered into by and between:

- **Cloquet School District ISD 94**, located at 302 14th Street, Cloquet, MN 55720 (hereinafter "District"); and
  - **NorthStar Community Services**, located at 1804 Cloquet Avenue, Cloquet, MN 55720 (hereinafter "NorthStar").
- 

**2. Purpose** The purpose of this MOU is to establish a cooperative working agreement between the District and NorthStar to provide **Children's Therapeutic Services and Supports (CTSS)** and **School-Based Day Treatment Services** within **Cloquet Middle School** during the 2025–2026 school year.

---

**3. Program Overview** NorthStar will deliver mental health services that align with Minnesota Department of Human Services CTSS certification standards, including:

- Individual, group, and family skills training
- Psychotherapy services
- Diagnostic assessments
- Treatment planning
- Crisis intervention
- Day Treatment services
- Coordination with school staff and family systems
- Participation in student support teams and IEP/504 meetings as appropriate

**3a. Referral Process** All referrals to the Day Treatment and CTSS program will be made through the collaboration of a **multi-disciplinary team** to ensure that students with the most significant needs and barriers to accessing mental health services are appropriately identified and supported.

This team will include, but is not limited to:

- School Social Worker
- School Counselors
- School Psychologist
- Special Education Case Managers
- Assistant Principal
- Carlton County Family School Support Worker
- NorthStar CTSS Practitioners
- NorthStar Psychotherapist(s)

This collaborative approach ensures that referrals are thoughtfully reviewed, prioritized based on student need, and aligned with the goals of integrated school-based mental health services.

---

#### 4. **Scope of Services** NorthStar will provide:

- Qualified mental health professionals and practitioners
  - School-based Day Treatment programming integrated into the school day
  - CTSS services including group skills sessions and individual therapy
  - Collaboration with school staff and families
  - Attendance at school-based team meetings
  - Crisis response services as needed
  - Referrals to outside providers or wraparound services if appropriate
- 

#### 5. **Facility Use** The District agrees to:

- Provide appropriate, confidential space for individual therapy, group sessions, staff collaboration, and documentation.
- Allow access to school facilities during school hours and, when necessary, for after-school programming.
- Allow access to school facilities during **summer months** to support the delivery of **summer programming** provided by NorthStar Community Services.
- Provide NorthStar staff access to relevant technology and systems, including:
  - **Infinite Campus** for monitoring attendance, grades, and student information;
  - **Schoology** for reviewing assignments, academic progress, and teacher communication;
  - **District internet access** to support electronic health record use, communication, and clinical documentation.
- Collaborate with NorthStar staff to ensure they are included in relevant communications regarding student performance and school activities, when appropriate and permitted by data privacy standards.

---

**6. Data Privacy** Both parties will comply with the Minnesota Government Data Practices Act (Minn. Stat. Ch. 13) and HIPAA regulations. No educational data may be released by NorthStar to a third party without prior written authorization by the District or parent/guardian.

---

### **7. Billing and Payment**

- NorthStar will bill eligible services directly to third-party payers (e.g., Medical Assistance, commercial insurance, School-Linked Mental Health Grant).
  - The District will not be responsible for service costs unless otherwise agreed upon in writing.
  - Any district-requested services not covered by insurance will be pre-approved and billed according to a mutually agreed-upon rate.
- 

### **8. Supervision and Staffing**

- NorthStar will ensure all staff meet DHS and licensing requirements and provide documentation as needed.
  - NorthStar will provide supervision for all CTSS practitioners, ensure background checks are complete, and maintain staff training records.
- 

**9. Term and Termination** This MOU will commence on **July 1, 2025**, and remain in effect through **June 30, 2026**, unless terminated earlier by either party with 30 days' written notice.

---

**10. Indemnification and Insurance** Each party shall be responsible for its own acts and omissions and shall maintain liability insurance in accordance with Minnesota Statutes Section 466.

---

**11. Non-Discrimination** Neither party will discriminate in the delivery of services or employment practices on the basis of race, color, national origin, disability, religion, gender, age, sexual orientation, or other protected categories.

---

**12. Collaboration and Communication** It is understood that **NorthStar Community Services** and **Cloquet School District ISD 94** staff must work collaboratively as a unified team to

effectively meet the needs of students served through this partnership. Both parties agree to maintain ongoing communication, share relevant information (in compliance with applicable privacy laws), and proactively address any concerns, challenges, or barriers that may impact the overall success of the program. Open, respectful dialogue is expected to ensure responsive support for students and continuous program improvement.
