- School Leadership Team

UPCOMING MEETINGS/ EVENTS

- Monday, September 14, 2026 School Board Meeting- Boardroom Working session at 5:30 p.m., Regular Meeting at 6:00 p.m.

ADJOURNMENT

There being nothing further to discuss, Board Chair L. Buttler adjourned the meeting at 6:10 p.m.

ATTEST:

Clerk of the School Board

Chair of the School Board

Department Reports

Churchill Elementary:

- Churchill is off to a great start! Open house conferences were well attended. We have more new student faces than usual. It is fantastic seeing students back in the building.
- PIE meeting - Sept. 15
- Picture Day - Sept. 17
- We are grateful for our custodial and office teams for going above and beyond their duties to get Churchill ready for staff and students.

Submitted by Jenny Holm, Churchill Elementary Principal

Washington Elementary:

- Trevor & Ben did an excellent job preparing the building for staff to return this past week!
 - Plumbing, lighting, ceiling tiles, and Door 2 stairs projects all went great. Still waiting for the permanent railings to be installed at Door 2 on Sahlman Ave.
 - BoosterThon (PIE fundraiser) September 9 – 17 (with a glow run on the 17th)
 - Last week's conferences/open house well attended (final numbers still coming in). Due to donations, we were able to have a table of free backpacks and supplies, as well as a table full of free books for students.
- Also represented:
- Partners in Education
 - Carlton County Public Health
 - Cloquet Food Services

- Palmer Bus Services
- Fond du Lac Behavioral Health
- Fond du Lac Prevention Intervention
- North Homes Therapeutic Services
- Community Education
- Washington's Family School Support Worker
- Washington implementing new bulletin/Virtual Office Hub this year (simplifying announcements, and adding a one-stop shop for information)
- New enrollments still coming in
- Next week: PIE meeting, Bus Safety, BoosterThon Glow Run

Submitted by Robbi Mondati, Washington Elementary Principal

Cloquet Middle School:

Celebrating a Great Start at CMS!

1. Celebrating Reading Achievement

We started the year with some amazing news about our Read Basix scores and student achievement! The systems developed at Cloquet Middle School for reading instruction and intervention are being recognized as models for schools across Minnesota and around the country. This is a tremendous reflection of the hard work of our staff and students!

2. Welcoming Our New 5th Graders

Our new WEB leaders were excited to welcome our incoming 5th graders to CMS for a special WEB meeting. We had the highest 5th grade attendance ever, with **180 of 210 students** participating! What a great way to begin their CMS experience.

3. A Fantastic Open House

Our Wednesday Open House had an exceptional turnout! CMS was filled with students and families touring the building, exploring their new surroundings, and connecting with teachers and staff. With the addition of a sixth 5th-grade classroom this year, it was especially exciting to see so many new students and families becoming familiar with CMS and beginning to feel at home. We are excited about this new group of Lumberjacks and all they will bring to our school community!

4. Thank You to Our Custodians

A huge thank-you to our amazing custodial staff! They worked tirelessly throughout the summer to prepare CMS for the arrival of our students and families. Their work behind the scenes helps make our school clean, welcoming, and ready for learning each day. We truly appreciate all they do!

Submitted by Tom Lenarz, Cloquet Middle School Principal

Cloquet High School/CAAEP:

- The first day of classes got off to a good start!
- We should have a good handle on the number of students in seats by the end of the week.
- Our sports teams are off and running – first home football game of the season in this Friday.
- Our Fall musical is already rehearsing.
- CHS and CAAEP had good turnouts for our open houses last week.
- We hosted an AI training for all district teachers on Tues. 9/8 at CHS.

Submitted by Steve Battaglia, Cloquet High School Principal

Community Education

Early Childhood Family Education Open House

Early Childhood Family Education (ECFE) will host an **Open House on Tuesday, September 15, from 5:30–7:00 p.m.** This event will provide families with an opportunity to learn more about ECFE and explore the programs and opportunities available to young children and their families.

The Open House is designed to be a welcoming opportunity for families to **check out our programs, meet staff, learn about upcoming classes, and see what ECFE has to offer.** Providing families with an informal way to connect with our early childhood programming is an important part of building strong relationships with families in our community.

Continuing Our DASH Sports Partnership

Another exciting highlight this fall is the continuation of our new offerings with **DASH Sports.** The programs introduced last spring were very successful and generated positive interest from families.

Building on that success, we will again offer DASH Sports classes this fall, with **Saturday opportunities in football, basketball, soccer, and softball.** These classes are designed to introduce young children to each sport, giving them the opportunity to learn basic skills, participate in fun activities, and develop an early interest in athletics. The DASH Sports programming also provides an excellent opportunity to **showcase our school district's athletic facilities to parents of preschool-aged children.** Families are able to experience our facilities in a welcoming, low-pressure setting while their children participate in age-appropriate sports activities.

This combination of early childhood programming and introductory sports opportunities helps us strengthen connections with families before their children enter school. It also gives families a positive introduction to the people, programs, and facilities available through our district.

Looking Ahead

Both ECFE and DASH Sports are examples of how we are continuing to expand opportunities for young children and families in our community. The strong response to last spring's DASH Sports programs and the upcoming ECFE Open House demonstrates the value of creating accessible, engaging opportunities for families to connect with our schools at an early age.

Submitted by Erin Bates, Community Education Director

Business Department:

Dawn Hultgren, Business Manager, will be attending in person

American Indian Education Department:

Greetings School Board,

The AIE program has spent the summer planning, preparing, and ensuring we are ready to provide students with a positive and supportive start.

One of our priorities this summer was preparing our new CAAEP AIE Classroom to be a welcoming space where students can thrive academically and socially while also receiving meaningful cultural support. We have focused on creating an environment that recognizes the whole student and helps all feel included.

It is also worth sharing that we are fully staffed across all of our buildings...yay! We can now focus on developing meaningful relationships from the start. Included is a poster created by a parent volunteer, Jillena McCausland, too add to Churchill's AIE hallway.

We are currently accepting nominations for vacancies on our parent committee's. This is an excellent opportunity to be involved and support the work that keeps our program strong. For information about the nomination process, deadlines and instructions please visit: [AIE-Parent Committee Page](#) under ISD.94/Services. Submitted by Teresa Angell, American Indian Education

Building and Grounds:

Brock Wilton, Director of Building and Grounds, will be attending in person.

MEMORANDUM

TO: Cloquet School Board Members, Dr. Michael Cary

FROM: Tom Lenarz, CMS Principal

DATE: September 3, 2026

RE: Recommendation for Increased FTE

I am recommending an increase in FTE for Taylor Adamson from 0.4 FTE to 0.67 FTE. She will be serving in an ADSIS position for 0.2 FTE and 0.7 FTE Art Teacher at Cloquet Middle School in addition to her 0.2 FTE Achievement and Integration position for the 2026-2027. Her hire is pending receiving appropriate licensure.

RATE OF PAY:	BA Step 5
HOURS TO BE WORKED:	0.67 FTE (0.4 FTE A&I, 0.2 FTE ADSIS, 0.7 FTE Art)
START DATE:	August 31, 2026
LENGTH OF CONTRACT: T	Through June 8, 2027
BUDGETED CURRENT YEAR:	yes
POSTED:	Posted internally and externally
RATIONALE FOR HIRE:	Taylor is an amazing educator and one of the most versatile teachers I have had the pleasure of working with. Taylor is always eager to step up and help whenever a new position or need arises at CMS. Taking on these new roles requires an incredible amount of dedication, flexibility, organization, and willingness to learn, and Taylor consistently demonstrates all of these qualities. We are very excited and thankful to have her in these roles for the 2026-2027 school year.

RE: Recommendation for employment for Alex White

I am recommending the employment of Alex White for the 1.0 FTE Long Term Substitute Teacher for Physical Education. The position will start on approximately September 18, 2026, approximately 12 weeks. The teacher will be paid at the daily substitute rate for the first thirty (30) days. After working 30 days in the same position for the same teacher, the teacher will start being paid the contracted rate and will receive back pay to first day of the assignment.

RATE OF PAY:	First 30 days at daily substitute rate From 31 st day on (with backpay) – <u>MA/Step 1</u>
HOURS TO BE WORKED:	8 hours/day (Monday – Friday)
START DATE:	Approximately September 18, 2026
LENGTH OF CONTRACT:	Through FMLA of staff member, approximately 12 weeks
BUDGETED CURRENT YEAR:	yes
POSTED:	Posted internally and externally
RATIONALE FOR HIRE:	CMS recommends Alex White for the LTS position for the Physical Education teaching position for a portion of the 2026-2027 school year. Alex is an MN licensed Physical Education teacher; we are excited to have him as our LTS at CMS. He is also coaching 9 th grade volleyball for the 2026-2027 season.

RE: Recommendation for Employment

I am recommending the employment of **Mr. David Ostergren** for the 1.0 FTE Long Term Substitute Float Teacher. The position will start on approximately **September 15, 2026** for approximately **8** weeks. The teacher will be paid at the daily substitute rate for the first thirty (30) days. After working 30 days in the same position for the same teacher, the teacher will start being paid the contracted rate and will receive back pay to first day of the assignment.

RATE OF PAY: First 30 days at daily substitute rate
From 31st day on (with backpay) – **MA +30, Step 1**

HOURS TO BE WORKED: 8 hours/day (Monday – Friday)

START DATE: Approximately **September 15, 2026**

LENGTH OF CONTRACT: Approximately 8weeks

BUDGETED CURRENT YEAR: yes

POSTED: Posted internally and externally

RATIONALE FOR HIRE: NLA is recommending Mr. Ostergren for the open Float Special Education Teacher position. Mr. Ostergren has excellent references and has a wide range of experience, including working with general education, at risk, and special education students. We are excited to have him join the NLA team for this fall. He is filling in for the NLA Float Teacher who is on leave.

A special education out of field permission will be applied for as soon as possible to obtain proper licensure.

(Employment is contingent upon Cloquet School Board approval.)

RE: Recommendation for 6th Grade Overload Science Class

I am requesting approval for an overload section in 6th grade for the 2026-27 school year.

Dr. Cary and I have had ongoing discussions regarding 6th grade class sizes for this fall. With only five sections, we knew class sizes would be larger than normal, and we were prepared to do our best to make the situation work. However, an influx of 6th grade students over the summer has made it increasingly difficult to balance class sizes, particularly in science.

Fortunately, we have a 6th grade teacher, Jennifer Gagner, who has agreed to teach an overload section this year to help address the situation. With your approval, we would use this additional section to reduce class sizes in science. This would also provide us with the flexibility to adjust student placements and create more balanced and manageable class sizes in other subject areas.

Approving the overload would give us an important tool to better balance our 6th grade classes and provide a more effective learning environment for our students. Thank you for considering this request.

Jennifer Gagner will be issued a 6th Period Stipend of \$5,568.00 for the 2026-2027 school year.

Memorandum

To: Cloquet School Board Members

From: Brock Wilton, Director of Facilities and Grounds

Date: September 9, 2026

RE: Snow Removal Services Bids 2026-2027

I am recommending the approval of the following sites to **Lind Construction** to perform snow removal services:

- Cloquet Senior High School
- Cloquet Middle School
- Washington Elementary School

I am recommending the approval of the following sites to **Boulder Creek Outdoor Living** to perform snow removal services:

- Garfield Education Building
- Churchill Elementary School

CLOQUET JR/SR HS

Washington, D.C. Summer Program ⁵⁷

WE EXIST TO SERVE YOU.

Friday, August 28th
Cloquet Jr/Sr HS
2001 Washington Ave
Cloquet, MN 55720

Cloquet Jr./Sr. HS Board,

I would like to take this opportunity to say thank you. We are thrilled to have the opportunity to work alongside you and offer an experience that will change students' lives!

We travel alongside 90 schools from Minnesota. Safety is our top priority from the moment we pick you up through your entire journey with us, and we promise this is going to be a life-changing, safe, and well-organized experience. Rest assured, your school's endorsement of a World Classrooms tour does not in any way place the school, its personnel, and/or the school district under any liability for the safety of the tour's participants.

We sincerely hope you will take advantage of this special opportunity to offer (school name) the chance to stand at the Lincoln Memorial where Martin Luther King Jr. gave his "I Have a Dream" speech, watch the Changing of the Guard at Arlington National Cemetery, and remember the lives lost at the Holocaust Memorial Museum.

Again, if you have any questions, please don't hesitate to contact me personally at 507-828-9835. Thank you again for entrusting us. We are honored to serve you. Let's get started!

Respectfully,

Brett Newton

Brett Newton
President
World Classrooms
14 South Main Street, Suite 200 58
Aberdeen, SD 57401

WASHINGTON, D.C. SCHOOL TRIP

PROGRAM DETAILS:

Trip Location: Washington, D.C. | July 23-26, 2028

Invite Handout: Monday, November 2nd

Parent Meeting: Wednesday, November 11th | 6:00 - 6:30 PM

\$500 Early Bird Scholarship per traveler

Early Bird Student Trip Price: **\$153/mo.** for 19 months (\$2,899)

Early Bird Adult Trip Price: **\$187/mo.** for 19 months (\$3,549)

Sponsored School Representative (for each 15 paying travelers)

WHAT'S INCLUDED:

- » 30 Day Money Back Guarantee
- » 24/7 VIP Tour Directors
- » All transportation (air & coach)
- » Amazing premium hotels
- » Night security at hotel
- » All meals (B, L, D)
- » All Admission fees & gratuities
- » Fundraising support
- » Medical, health, & dental coverage
- » Optional TripCare+ Coverage

1. PRE-TRIP SERVICES

You will have a personal Travel Ambassador to guide you through the process and cover all trip details. We will provide custom materials and video. Our team will host a parent informational meeting to handle 100% of all parent questions. Prior to travel, we'll handle all parent questions, installments, and account details!

2. BEFORE YOU TRAVEL: *All travelers will feel confident before ever hopping on the bus to the airport!*

Pre-Trip Departure Meeting

Closer to departure, we'll do a virtual meeting where a Tour Director will update traveling families on the final trip itinerary and answer any questions!

3. AT THE SCHOOL: *Parking lot to parking lot, we're with you each step of the way!*

Your Tour Directors

Two trained staff members will be with you from the time you arrive at the school for departure until you return back home. They are there to ensure safety and a seamless travel experience...Plus, they rock!

- » Over 100 hours of classroom and on-site training
- » 24/7 support on the ground in D.C.

4. ON TOUR: *Dedicated to ensuring a tour that is exciting, eye-opening, but most importantly, safe.*

Airfare

Round-trip air transportation

Our Team in D.C.

In addition to your Tour Directors, you will also have a licensed Tour Guide with you on tour. They are D.C. experts, and besides having mind-blowing facts, they also have extensive knowledge of the local safety protocols. There will also be WC support staff on the ground in D.C. at all times.

5. OUR D.C. PARTNERS: *Each vendor is vetted by our team and they are the best.*

Premium Hotels

We stay at the best hotels while in D.C., and avoid long daily AM and PM commutes.

Amazing Food

We have timed reservations to ensure the areas are prepared especially for us, plus we have the ability to do picnics and to-go lunches to give us even more flexibility if necessary.

Great Transportation

Each group will have their own clean, private charter buses at all times while in D.C.

WASHINGTON MONUMENT
& LINCOLN MEMORIAL

WASHINGTON, D.C.

4 days. Fully planned. Fully guided.

DAY 1

Arrive in Washington, D.C. and begin exploring America's most iconic landmarks.

- Mansion Tour
- Museum & Education Center
- George Washington's Tomb

Military History: 60

- National Museum of the U.S. Army

Return home with a deeper understanding of our nation and memories that will last a lifetime.

Meals: Breakfast, Lunch, Dinner

WORLD CLASSROOMS' APPROACH TO SCHOOL LIABILITY

World Classrooms understands that sometimes school administrators, boards, or personnel may have questions surrounding off-campus student travel (summer programs). We understand that this is very important and will work alongside you to provide a win-win partnership for years to come.

“We want to assure you that your school’s endorsement of a World Classrooms tour does not in any way place the school, its personnel, and/or the school district under any liability for the safety of the tour’s participants.”

- » All travel takes place outside of school and usually outside of the school year itself.

» The trip is not a school-sponsored activity.

» Chaperones (teachers/school staff) and travelers will not be attending as representatives or employees of the school in any way.

» All travel is contracted and payments are made directly between World Classrooms and parents.
- » When a student is enrolled in a World Classrooms tour, the student’s legal guardian signs a binding agreement specifically releasing anyone associated with the school from any and all claims.

» World Classrooms does carry general liability insurance coverage as well as accident and illness medical coverage for all tour participants.

EXCERPT OF RELEASE AND AGREEMENT SIGNED BY ALL PARTICIPANTS (LEGAL GUARDIAN IF UNDER 18) UPON ENROLLMENT:

3. Without limitation affiliated schools and each of their directors, officers, employees, volunteers, sponsors, independent contractors, agents and authorized representatives are not responsible for any injury, loss, or damage to person or property or for any other cause.

4. I agree to release my school, my school district, my school board, and my Group Leader (the “Released Parties”) from, and agree not to sue the Released Parties for any and all claims, of any nature related in any manner to my participation in a WC sponsored tour. I hereby unconditionally and unequivocally waive any and all claims and demands for all damages, losses, costs and expenses of any nature whatsoever (including attorneys’ fees) related in any way to my participation in any WC sponsored tour. I understand that the trip is not a school sponsored activity. Chaperones (teachers/school staff) and travelers will not be attending as representatives or employees of the school in any way. I further agree to release the Released Parties from any and all decisions to cancel, modify or delay the tour as a result of unforeseeable events that are beyond the reasonable control of WC or which become necessary or advisable so as to increase the quality of the tour.

2027 GROUP MEDICARE RENEWAL GUIDE

FOR CLIENTS, AGENTS, BROKERS, CONSULTANTS AND THIRD PARTY ADMINISTRATORS (TPA) ONLY.

NOT FOR USE WITH MEMBERS.

Between late August and early September client contacts and/or the agent of record, consultant or TPA associated with the client will receive a **2027 Group Medicare Employer Plan and Rate Information** document via email from Blue Cross.

This renewal guide provides important information for 2027 Group Medicare renewals including:

- Instructions for completing the **Group Medicare Employer Plan and Rate Information** document to confirm renewal or replacement of current plan offering(s) effective January 1, 2027
- A high-level summary of plan benefit changes effective January 1, 2027. Refer to *Summary of Coverage and Disclosure of Information* and/or *Summary of Benefits* documents for full details.
- A timeline of annual retiree renewal communications that will be mailed following renewal

Questions? Contact the representative who provides your **Group Medicare Employer Plan and Rate Information** document.

The Blue Cross Group Medicare Sales team provides consultative support to clients during renewal discussions and helps develop strategic Group Medicare product solutions that align with their organizational needs.

Member medical enrollment reports and invoices for group-billed accounts are available via the [Connect portal](#) with valid user provisioning. Zip files of 2027 plan enrollment materials will also be posted in Connect as they become available. Provisioned contract signers may add or delete users online. No current access? Email employer.portal@bluecrossmn.com for an access form.

INSTRUCTIONS FOR CONFIRMING 2027 RENEWALS

Completion of the **Group Medicare Employer Plan and Rate Information** document is required by the due date noted to ensure compliant delivery of required member materials.

- Page 1 will provide an overview of how to correctly complete the renewal.
- Page 2 will provide the current (2026) and new premium rate(s) (2027) for current plan offering(s)
- Page 3 (if included) will provide alternate plan combinations reflecting possible premium cost savings
 - If you would like to discuss alternate plan combinations before making final selection(s) to replace current coverage, contact the representative who provided your renewal document
 - Blue Cross follows established underwriting guidelines that determine the types of plans and the number of plan options available to a client or Taft-Hartley Fund as part of its retiree health strategy
- The last page of the document must be completed and signed by the authorized contract signer

Steps to complete your 2027 renewal:

- Place a check mark in the “**Yes**” or “**No**” box next to each plan design listed to validate the selection (see examples that follow). If alternate plans have been included:
 - To **renew** the current plan(s) as is effective 01/01/2027, you must select “Yes” for the current plan(s) and “No” for any alternate plan(s).
 - To **replace** a plan effective 01/01/2027, you must select “No” for the current plan(s) and “Yes” for the alternate plan(s).
- Sign and date the Group Medicare Renewal Acceptance page.
- Scan all pages of the signed copy and return it by responding to the original email.
- If you replace a plan for 2027, we will be in contact to assist with next steps.
- Group-billed clients** who bill all or a portion of the premium cost to retirees must notify retirees of their new premium amount(s) by December 1, 2026.

EXAMPLES

Renew as is and decline alternate plan offerings.

Current Plans		2025 Premium Rate Per Member Per Month

NON-RENEWAL

If you decide to discontinue Group Medicare retiree plans for 2027, select "No" for all plans listed and sign and return the document. We will be in contact to assist with next steps for non-renewal and explain communications that must be mailed to currently enrolled retirees.

PLAN BENEFIT CHANGES EFFECTIVE JANUARY 1, 2027

REMINDER:

Blue Cross launched Blue Care AdvisorSM for all Medicare plans effective July 1, 2026. Blue Care Advisor navigation enables a seamless experience that encourages retirees to seek preventive care and use their benefits effectively.

To get started members may register/log in at bluecrossmn.com/MedicareBCA.

Group Medicare Supplements (medical only)

Standard annual updates to deductibles and out-of-pocket (OOP) maximums are determined by The Centers for Medicare & Medicaid Services (CMS). Amounts are subject to change January 1, 2027; CMS usually releases updates in October and amounts usually increase.

Member Cost	Group Senior Gold*	Group Plan N with Copayments	Group Plan L Enhanced
Annual Medicare Part B Deductible*	\$283 in 2026		Not applicable
Annual plan OOP maximum	Not applicable		\$4,000 in 2026

*The federal Medicare Access and CHIP Reauthorization Act of 2015 (MACRA) included language that prohibits coverage of the Medicare Part B deductible by Medicare Supplement plans for "newly eligible individuals". This is a federal change that impacted all states and is not limited to Minnesota. Retirees enrolled in Group Senior Gold, who enrolled in Medicare Part A prior to January 1, 2020, are not required to pay the deductible; it is covered by plan benefits.

Group Platinum Blue (Cost) (medical only)

- Plan A
- Plan B
- Plan C

Benefit	Plan(s) affected	Current vendor	2027 vendor
OTC benefit	All plans	CVS Health Solutions Items may be purchased online, by phone or in participating CVS stores.	NationsBenefits Items may be purchased online or by phone only. Catalog will be available on bluecrossmn.com .

Group MedicareBlue Rx (PDP)

Group Medicare Advantage (PPO) (medical only)

- Standard and Plus plans

Group Medicare Advantage with Prescription Drug (PPO) (MAPD)

- Classic with Rx 1 and Rx 2 plans
- Select with Rx 2 and Rx 3 plans
- Premier with Rx 2 and Rx 3 plans

Benefit	Plan(s) affected	Current	2027
OTC benefit	All plans	CVS Health Solutions Items may be purchased online, by phone or in participating CVS stores.	NationsBenefits Items may be purchased online or by phone only. Catalog will be available on bluecrossmn.com.
Home delivered meals	All plans	Mom's Meals	GA Foods Benefit remains the same.
Musculoskeletal program	All plans	Included	Discontinued
Virtual diabetes prevention program	All plans	Included	Medicare covered service in 2027
Part D prescription drug benefit deductibles and cost-sharing	Classic Rx 1	Tier 2: Generic drugs - \$10 copay	Tier 2: Generic drugs - \$5 copay
Part D catastrophic coverage threshold Determined per provisions of the Inflation Reduction Act of 2022 (IRA)	All MAPD Plans	\$2,100	\$2,400

MEMBER RENEWAL COMMUNICATIONS:

Blue Cross and/or Group MedicareBlue Rx will mail the following renewal communications to members as required by CMS and/or the Minnesota Department of Commerce:

Plan(s):	Delivery due date:	Retirees receive:
Group Medicare Supplements	November	• Renewal letter
Group Platinum Blue	By September 30	• Annual Notice of Change (ANOC) letter • Important Plan Documents Flyer with information on how to contact customer service and locate materials online
Group MedicareBlue Rx	Fifteen (15) calendar days prior to: • Open enrollment start date or • Next plan year effective date (January 1)	• ANOC letter (also includes 2027 premium for direct-billed retirees) • Important Plan Documents Flyer with information on how to contact customer service and locate materials online • Low-income subsidy (LIS) notice for qualifying members who receive extra help to pay for prescription costs
Group Medicare Advantage (MA and MAPD)	Fifteen (15) calendar days prior to: • Open enrollment start date or • Next plan year effective date (January 1)	• ANOC letter • Important Plan Documents Flyer with information on how to contact customer service and locate materials online • Low-income subsidy (LIS) notice for qualifying members who receive extra help to pay for prescription costs (MAPD only)
All medical plans with direct billing to retirees	December 1	• 2027 rate notice letter

Group Medicare Employer Plan and Rate Information

The following pages of this 2027 Group Medicare Employer Plan and Rate Information document must be completed for benefits renewal and includes the following sections:

Current Plans

This section reflects the current plan offerings and premium rates for comparison to the rates listed in the Renewal Plans section.

Renewal Plans

This section lists your current plans with any applicable rate changes effective January 1st of the upcoming plan year.

You may also see a section titled **Alternate Plans** which lists alternative plan options. If included, you may consider this/these plan(s) as a replacement for a plan currently offered.

If you would like to discuss alternate plan options before making final selection(s), talk with your Blue Cross Account Manager or agent.

STEPS TO COMPLETE YOUR RENEWAL

- Place a check mark in the “Yes” or “No” box next to each plan design listed in the **Group Medicare Employer Plan and Rate Information** document to validate the selection (example below).

If alternate plans have been included:

- To **renew** the current plan(s) with no changes for the upcoming plan year, you must select “Yes” for the current plan(s) and “No” for the alternate plan(s)
 - To **replace** a plan (or plans) for the upcoming plan year, you must select “No” for the current plan(s) and “Yes” for the alternate plan(s).
- Complete, sign and date the authorization page.
 - Scan the complete signed copy and return it to your Blue Cross Account Manager or agent
 - If you are renewing your current plan offering(s) only, notify retirees of rate changes for the upcoming plan year by December 1.**

If you have selected an alternate plan (or plans) for the upcoming year, we will be in contact to assist with next steps.

HealthPartners Medicare Group Retiree Renewal Proposal

Cloquet Public Schools

Effective January 1st, 2027

Monthly premium	2027: \$718.80 2026: \$684.60
Benefits	HealthPartners Medicare Group Solution*
Medical	
Annual out-of-pocket maximum	\$3,000 (Medical only)
Lifetime maximum	Unlimited
Out of Network Services	Same cost sharing for INN & OON
Annual deductible	None
Routine physical, eye and hearing exams	No charge
Primary care office visit	No charge
Specialty office visit	No charge
Inpatient hospital	No charge
Emergency room	\$30 copay
Urgent care	No charge
Outpatient hospital	No charge
Diagnostic radiology: MRI/CT/PET	No charge
Ambulance	No charge
DME/Prosthetics	No charge
Hearing Aids: TruHearing®	\$99/\$199/\$499 per hearing aid; per year ~requires use of TruHearing® provider network
Medicare Part B drugs	No charge

Part D prescription drugs	
Annual deductible	None
Tier 1 (Preferred generic)	\$10 copay
Tier 2 (Non-preferred generic)	\$10 copay
Tier 3 (Preferred brand)	\$10 copay
Tier 4 (Non-preferred brand)	\$10 copay
Tier 5 (Specialty)	\$10 copay

Included benefits and discounts:

- SilverSneakers® program: **Free** basic membership at participating fitness facilities in the national network, at-home workout kit, unlimited online classes
- Assist America: Domestic and world-wide travel logistics. Experienced clinicians available by phone 24/7 to assist members in assessing their need for medical care and to coordinate post stabilization transport to the nearest medical facility or home. Member must be at least 100 miles from permanent residence for no longer than 90 consecutive days
- Telehealth services: E-visits, phone visits and online clinic visits
- Healthy Discounts: Discounts at participating retailers including eyewear, healthy eating programs, meal delivery, pet insurance, skin care services, wellness programs and many more

Buy Up Benefits – Established as a group plan decision at time of renewal confirmation	
Add to plan rate above for additional per member/per month cost	
Preventive Dental annual care: • Two cleanings and two exams • One set of x-rays • Nationwide network	Add to member monthly premium: \$18.10 per member/per month

*HealthPartners Medicare Group Solution: Blended rate of Journey Group Medicare Advantage and Retiree National Choice (RNC) (Commercial plan + PDP) plan. Retirees will be enrolled in either one of these plans based on state and county of residence.

MSBA/MASA Model Policy 806

Orig. 1999

Revised: _____

Rev. 2026

806 CRISIS MANAGEMENT POLICY

[NOTE: The Commissioner of the Minnesota Department of Education (Commissioner) is required to maintain and make available to school boards and charter schools a Model Crisis Management Policy. See Minnesota Statutes, section 121A.035. School boards and charter schools must adopt a Crisis Management Policy to address potential crisis situations in their school districts or charter schools. Id. This Model Crisis Management Policy was originally the result of a collaborative effort among the Minnesota Department of Education, Division of Compliance and Assistance; the Minnesota Department of Public Safety, Division of Homeland Security and Emergency Management; and the Minnesota School Boards Association.]

I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district's Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures

The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

All general crisis procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

[NOTE: More specific information on planning for children with special needs can be found in the Comprehensive School Safety Guide (2011 Edition) and United States Department of Education's document entitled, "Practical Information on Crisis Planning, a Guide for Schools and Communities." A website link is provided in the resource section of this Policy.]

a. Lock-Down Procedures

Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

[NOTE: Minnesota law requires a minimum of five school lock-down drills each school year. See Minnesota Statutes, section 121A.035.]

b. Evacuation Procedures

Evacuations of classrooms and buildings—shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures

for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.

[NOTE: Minnesota law requires a minimum of five school fire drills, consistent with Minnesota Statutes, section 299F.30, and one school tornado drill each school year. See Minnesota Statutes, section 121A.035.]

c. Sheltering Procedures

Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

[NOTE: The Comprehensive School Safety Guide (2011 Edition) has sample lock-down procedures, evacuation procedures, and sheltering procedures.]

2. Crisis-Specific Procedures

The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.

[NOTE: The Comprehensive School Safety Guide (2011 Edition) includes crisis-specific procedures.]

[NOTE: The 2024 Minnesota legislature enacted permissive language stating that a school board “may adopt the model cardiac emergency response plan provided by” the Commissioner. See Resources below. ~~(as of June 4, 2024, a response plan is not yet available.)~~]

3. School Emergency Response Teams

a. Composition

The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building’s crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be

willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

[NOTE: The Comprehensive School Safety Guide (2011 Edition) has a sample School Emergency Response Team list.]

b. Leaders

The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees

Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents

Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least fifty (50) feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area

where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)

[NOTE: Evacuation areas at least fifty (50) feet from school buildings are recommended but not mandated by statute or rule. Evacuation areas should be selected based on safety and the individual school site's proximity to streets, traffic patterns, and other hazards.]

2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minnesota Statutes, section 299F.30. See Minnesota Statutes, section 121A.035.

[NOTE: The State Fire Marshal advises schools to defer fire drills during the winter months.]

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.

[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample fire drills schedule and log.]

7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample fire procedure form, evacuation/relocation and student reunification/release procedures, and planning for student reunification.]

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

[NOTE: For single building school districts, such as charter schools, a secondary location for the diagrams and site plans will be included in the district's Crisis Management Policy and may include filing documents with a charter school sponsor, or compiling facility diagrams and site plans and distributing copies to first responders or sharing the documents with first responders during the crisis planning process.]

[NOTE: To the extent data contained in facility diagrams and site plans constitute security information pursuant to Minnesota Statutes, section 13.37, school districts are advised to consult with appropriate officials and/or legal counsel prior to dissemination of the facility diagrams or site plans to anyone other than first responders.]

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts and will be updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample Emergency Phone Numbers list.]

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider

an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Response section, provides universal procedures for severe weather shelter.]

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample Media Procedures form.]

H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of

emotional support to the counseling areas.

4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.
4. Social/emotional recovery.

[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Recovery section, addresses the recovery components in more detail.]

IV. ACTIVE SHOOTER DRILL

A. Definitions

1. "Active shooter drill" means an emergency preparedness drill designed to teach students, teachers, school personnel, and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school. An active shooter drill is not an active shooter simulation, nor may an active shooter drill include any sensorial components, activities, or elements which mimic a real life shooting.
2. "Active shooter simulation" means an emergency exercise including full-scale or functional exercises, designed to teach adult school personnel and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school which also incorporates sensorial components, activities, or elements mimicking a real life shooting. Activities or elements mimicking a real life shooting include, but are not limited to, simulation of tactical response by law enforcement. An active shooter simulation is not an active shooter drill.
3. "Evidence-based" means a program or practice that demonstrates any of the following:
 - a. a statistically significant effect on relevant outcomes based on any of the following:
 - i. strong evidence from one or more well designed and well implemented experimental studies;
 - ii. moderate evidence from one or more well designed and well implemented quasi-experimental studies; or

- iii. promising evidence from one or more well designed and well implemented correlational studies with statistical controls for selection bias.
 - b. a rationale based on high-quality research findings or positive evaluations that the program or practice is likely to improve relevant outcomes, including the ongoing efforts to examine the effects of the program or practice.
- 4. "Full-scale exercise" means an operations-based exercise that is typically the most complex and resource-intensive of the exercise types and often involves multiple agencies, jurisdictions, organizations, and real-time movement of resources.
- 5. "Functional exercises" means an operations-based exercise designed to assess and evaluate capabilities and functions while in a realistic, real-time environment, however, movement of resources is usually simulated.

B. Criteria

An active shooter drill conducted according to Minnesota Statutes, section 121A.037 with students in early childhood through grade 12 must be:

- 1. accessible;
- 2. developmentally appropriate and age appropriate, including using appropriate safety language and vocabulary;
- 3. culturally aware;
- 4. trauma-informed; and
- 5. inclusive of accommodations for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

C. Student Mental Health and Wellness

Active shooter drill protocols must include a reasonable amount of time immediately following the drill for teachers to debrief with their students. The opportunity to debrief must be provided to students before regular classroom activity may resume. During the debrief period, students must be allowed to access any mental health services available on campus, including counselors, school psychologists, social workers, or cultural liaisons. An active shooter drill must not be combined or conducted consecutively with any other type of emergency preparedness drill. An active shooter drill must be accompanied by an announcement prior to commencing. The announcement must use concise and age-appropriate language and, at a minimum, inform students there is no immediate danger to life and safety.

D. Notice

- 1. The school district must provide notice of a pending active shooter drill to every student's parent or legal guardian before an active shooter drill is conducted. Whenever practicable, notice must be provided at least twenty-four (24) hours

in advance of a pending active shooter drill and inform the parent or legal guardian of the right to opt their student out of participating.

2. If a student is opted out of participating in an active shooter drill, no negative consequence must impact the student's general school attendance record nor may nonparticipation alone make a student ineligible to participate in or attend school activities.
3. The Commissioner must ensure the availability of alternative safety education for students who are opted out of participating or otherwise exempted from an active shooter drill. Alternative safety education must provide essential safety instruction through less sensorial safety training methods and must be appropriate for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

E. Participation in Active Shooter Drills

Any student in early childhood through grade 12 must not be required to participate in an active shooter drill that does not meet the Criteria set forth above.

F. Active Shooter Simulations

A student must not be required to participate in an active shooter simulation. An active shooter simulation must not take place during regular school hours if a majority of students are present, or expected to be present, at the school. A parent or legal guardian of a student in grades 9 through 12 must have the opportunity to opt their student into participating in an active shooter simulation.

G. Violence Prevention

1. A school district or charter school conducting an active shooter drill must provide students in middle school and high school at least one (1) hour, or one (1) standard class period, of violence prevention training annually.
2. The violence prevention training must be evidence-based and may be delivered in-person, virtually, or digitally. Training must, at a minimum, teach students the following:
 - a. how to identify observable warning signs and signals of an individual who may be at risk of harming oneself or others;
 - b. the importance of taking threats seriously and seeking help; and
 - c. the steps to report dangerous, violent, threatening, harmful, or potentially harmful activity, including providing information about the Department of Public Safety's statewide anonymous threat reporting system and any local threat reporting systems.

[NOTE: The Minnesota legislature enacted the addition to 2.c in 2025 (Session Law Chapter 35).]

3. A school district or charter school must ensure that students have the opportunity to contribute to their school's safety and violence prevention planning, aligned with the recommendations for multihazard planning for

schools, including but not limited to:

- a. student opportunities for leadership related to prevention and safety;
- b. encouragement and support to students in establishing clubs and programs focused on safety; and
- c. providing students with the opportunity to seek help from adults and to learn about prevention connected to topics including bullying, sexual harassment, sexual assault, and suicide.

H. Board Meeting

At a regularly scheduled school board meeting, a school board of a district that has conducted an active shooter drill must consider the following:

- 1. the effect of active shooter drills on the safety of students and staff; and
- 2. the effect of active shooter drills on the mental health and wellness of students and staff.

V. SAMPLE PROCEDURES INCLUDED IN THIS POLICY

Sample procedures for the various hazards/emergencies listed below are attached to this Policy for use when drafting specific crisis management plans. Additional sample procedures may be found in the Response section of the *Comprehensive School Safety Guide* (2011 Edition). After approval by the school board, an adopted procedure will become an addendum to the Crisis Management Policy.

- A. Fire
- B. Hazardous Materials
- C. Severe Weather: Tornado/Severe Thunderstorm/Flooding
- D. Medical Emergency
- E. Fight/Disturbance
- F. Assault
- G. Intruder
- H. Weapons
- I. Shooting
- J. Hostage
- K. Bomb Threat
- L. Chemical or Biological Threat
- M. Checklist for Telephone Threats

- N. Demonstration
- O. Suicide
- P. Lock-down Procedures
- Q. Shelter-In-Place Procedures
- R. Evacuation/Relocation
- S. Media Procedures
- T. Post-Crisis Procedures
- U. School Emergency Response Team
- V. Emergency Phone Numbers
- W. Highly Contagious Serious Illness or Pandemic Flu

VI. MISCELLANEOUS PROCEDURES

A. Chemical Accidents

Procedures for reporting chemical accidents shall be posted at key locations such as chemistry labs, art rooms, swimming pool areas, and janitorial closets.

[NOTE: School buildings must maintain Material Safety Data Sheets (M.S.D.S.) for all chemicals on campus. State law, federal law, and OSHA require that pertinent staff have access to M.S.D.S. in the event of a chemical accident.]

B. Visitors

The school district shall implement procedures mandating visitor sign in and visitors in school buildings pursuant to the school district's. See MSBA/MASA Model Policy 903 (Visitors to School District Buildings and Sites policy).

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.

C. Student Victims of Criminal Offenses at or on School Property

The school district shall establish procedures allowing student victims of criminal offenses on school property the opportunity to transfer to another school within the school district.

[NOTE: The Every Student Succeeds Act, 20 United States Code, section 6301, et seq.; Title IX, 20 United States Code, section 1681, et seq.; and the Unsafe School Choice Option, 20 United States Code, section 7912, require school districts to establish such transfer procedures.]

D. Radiological Emergencies at Nuclear Generating Plants [OPTIONAL]

School districts within a 10-mile radius of the Monticello or Prairie Island nuclear power

plants will implement crisis plans in the event of an accident or incident at the power plant.

Questions relative to the creation or implementation of such plans will be directed to the Minnesota Department of Public Safety.

806 CRISIS MANAGEMENT POLICY

I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district's Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures

The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building

administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

All general crisis procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

a. Lock-Down Procedures

Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

b. Evacuation Procedures

Evacuations of classrooms and buildings—shall be implemented at the discretion of the building administrator or his or her designee. Each building’s crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.

c. Sheltering Procedures

Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific

emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

2. Crisis-Specific Procedures

The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.

3. School Emergency Response Teams

a. Composition

The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

b. Leaders

The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees

Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents

Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least fifty (50) feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)
2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.

5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minnesota Statutes, section 299F.30. See Minnesota Statutes, section 121A.035.
6. A record of fire drills conducted at the building will be maintained in the building administrator's office.
7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts and will be updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and

secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an

assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.
4. Social/emotional recovery.

IV. **ACTIVE SHOOTER DRILL**

A. Definitions

1. "Active shooter drill" means an emergency preparedness drill designed to teach students, teachers, school personnel, and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school. An active shooter drill is not an active shooter simulation, nor may an active shooter drill include any sensorial components, activities, or elements which mimic a real life shooting.
2. "Active shooter simulation" means an emergency exercise including full-scale or functional exercises, designed to teach adult school personnel and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school which also incorporates sensorial components, activities, or elements mimicking a real life shooting. Activities or elements mimicking a real life shooting include, but are not limited to, simulation of tactical response by law enforcement. An active shooter simulation is not an active shooter drill.

3. "Evidence-based" means a program or practice that demonstrates any of the following:
 - a. a statistically significant effect on relevant outcomes based on any of the following:
 - i. strong evidence from one or more well designed and well implemented experimental studies;
 - ii. moderate evidence from one or more well designed and well implemented quasi-experimental studies; or
 - iii. promising evidence from one or more well designed and well implemented correlational studies with statistical controls for selection bias.
 - b. a rationale based on high-quality research findings or positive evaluations that the program or practice is likely to improve relevant outcomes, including the ongoing efforts to examine the effects of the program or practice.
4. "Full-scale exercise" means an operations-based exercise that is typically the most complex and resource-intensive of the exercise types and often involves multiple agencies, jurisdictions, organizations, and real-time movement of resources.
5. "Functional exercises" means an operations-based exercise designed to assess and evaluate capabilities and functions while in a realistic, real-time environment, however, movement of resources is usually simulated.

B. Criteria

An active shooter drill conducted according to Minnesota Statutes, section 121A.037 with students in early childhood through grade 12 must be:

1. accessible;
2. developmentally appropriate and age appropriate, including using appropriate safety language and vocabulary;
3. culturally aware;
4. trauma-informed; and
5. inclusive of accommodations for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

C. Student Mental Health and Wellness

Active shooter drill protocols must include a reasonable amount of time immediately following the drill for teachers to debrief with their students. The opportunity to debrief must be provided to students before regular classroom activity may resume. During the debrief period, students must be allowed to access any mental health services available on campus, including counselors, school psychologists, social workers, or cultural liaisons. An active shooter drill must not be combined or conducted consecutively with any other type of emergency preparedness drill. An active shooter drill must be accompanied by an announcement prior to commencing. The announcement must use concise and age-appropriate language and, at a minimum, inform students there is no immediate danger to life and safety.

D. Notice

1. The school district must provide notice of a pending active shooter drill to every student's parent or legal guardian before an active shooter drill is conducted. Whenever practicable, notice must be provided at least twenty-four (24) hours in advance of a pending active shooter drill and inform the parent or legal guardian of the right to opt their student out of participating.
2. If a student is opted out of participating in an active shooter drill, no negative consequence must impact the student's general school attendance record nor may nonparticipation alone make a student ineligible to participate in or attend school activities.
3. The Commissioner must ensure the availability of alternative safety education for students who are opted out of participating or otherwise exempted from an active shooter drill. Alternative safety education must provide essential safety instruction through less sensorial safety training methods and must be appropriate for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

E. Participation in Active Shooter Drills

Any student in early childhood through grade 12 must not be required to participate in an active shooter drill that does not meet the Criteria set forth above.

F. Active Shooter Simulations

A student must not be required to participate in an active shooter simulation. An active shooter simulation must not take place during regular school hours if a majority of students are present, or expected to be present, at the school. A parent or legal guardian of a student in grades 9 through 12 must have the opportunity to opt their student into participating in an active shooter simulation.

G. Violence Prevention

1. A school district or charter school conducting an active shooter drill must provide students in middle school and high school at least one (1) hour, or one (1) standard class period, of violence prevention training annually.
2. The violence prevention training must be evidence-based and may be delivered in-person, virtually, or digitally. Training must, at a minimum, teach students the following:
 - a. how to identify observable warning signs and signals of an individual who may be at risk of harming oneself or others;
 - b. the importance of taking threats seriously and seeking help; and
 - c. the steps to report dangerous, violent, threatening, harmful, or potentially harmful activity, including providing information about the Department of Public Safety's statewide anonymous threat reporting system and any local threat reporting systems.
3. A school district or charter school must ensure that students have the opportunity to contribute to their school's safety and violence prevention planning, aligned with the recommendations for multi-hazard planning for schools, including but not limited to:
 - a. student opportunities for leadership related to prevention and safety;
 - b. encouragement and support to students in establishing clubs and programs focused on safety; and
 - c. providing students with the opportunity to seek help from adults and to learn about prevention connected to topics including bullying, sexual harassment, sexual assault, and suicide.

H. Board Meeting

At a regularly scheduled school board meeting, a school board of a district that has conducted an active shooter drill must consider the following:

1. the effect of active shooter drills on the safety of students and staff; and
2. the effect of active shooter drills on the mental health and wellness of students and staff.

V. SAMPLE PROCEDURES INCLUDED IN THIS POLICY

Sample procedures for the various hazards/emergencies listed below are attached to this Policy for use when drafting specific crisis management plans. Additional sample procedures may be found in the Response section of the *Comprehensive School Safety Guide* (2011 Edition). After approval by the school board, an adopted procedure will become an addendum to the Crisis Management Policy.

- A. Fire
- B. Hazardous Materials
- C. Severe Weather: Tornado/Severe Thunderstorm/Flooding
- D. Medical Emergency
- E. Fight/Disturbance
- F. Assault
- G. Intruder
- H. Weapons
- I. Shooting
- J. Hostage
- K. Bomb Threat
- L. Chemical or Biological Threat
- M. Checklist for Telephone Threats
- N. Demonstration
- O. Suicide
- P. Lock-down Procedures
- Q. Shelter-In-Place Procedures
- R. Evacuation/Relocation
- S. Media Procedures
- T. Post-Crisis Procedures

- U. School Emergency Response Team
- V. Emergency Phone Numbers
- W. Highly Contagious Serious Illness or Pandemic Flu

VI. MISCELLANEOUS PROCEDURES

A. Chemical Accidents

Procedures for reporting chemical accidents shall be posted at key locations such as chemistry labs, art rooms, swimming pool areas, and janitorial closets.

B. Visitors

The school district shall implement procedures mandating visitor sign in and visitors in school buildings pursuant to the school district's Visitors to School District Buildings and Sites policy.

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.

C. Student Victims of Criminal Offenses at or on School Property

The school district shall establish procedures allowing student victims of criminal offenses on school property the opportunity to transfer to another school within the school district.

D. Radiological Emergencies at Nuclear Generating Plants [OPTIONAL]

School districts within a 10-mile radius of the Monticello or Prairie Island nuclear power plants will implement crisis plans in the event of an accident or incident at the power plant.

Questions relative to the creation or implementation of such plans will be directed to the Minnesota Department of Public Safety.

MEMORANDUM

TO: Dr. Michael Cary, Superintendent

FROM: Erin Bates, Community Education Director

DATE: September 1, 2026

RE: **STAFF ADJUSTMENT**

This memo is to inform you that Amber Grussendorf will be working as a School Readiness (SR) Teacher. Previously she worked as the Early Childhood Family Education (ECFE) early childhood teacher.

Rate of Pay:	\$41.52 (step 6 stays the same)
Hours Worked ECFE:	27 hours/week
Hours Working SR:	35 hours/week
Start Date:	September 1, 2026
Length of Contract:	Ongoing
Reason for Hire:	Current teacher moved to another job within the district.

Qualifies for Benefits: As per the Cloquet EDMN contract, personal and sick days will need to be recalculated to reflect increase in hours worked.

9 September 2026

To: Dr. Michael Cary, Superintendent

From: Teresa Angell, AIE Program Director/A&I Coordinator *TA*

RE: Permission to post for .4FTE Equity Coordinator

For your consideration and approval, I am requesting permission to post internally and externally for a .4FTE Equity Coordinator due to staff retirement board accepted 8/24/26. The Equity Coordinator position has become a necessary and essential role within our district to support the goals and strategies outlined in our Achievement & Integration (A&I) Plan.

This position will ensure the district has the capacity and expertise needed to effectively continue advancing equity and achievement outcomes for all students. 100% of this position is funded through A&I.

CC: Principals

Linking school and community to provide life-long learning and success for all.
