Approval of the attached Selection of Instructional Resources and  
Library/Media Materials.

## Rockford Area Schools SELECTION OF INSTRUCTIONAL RESOURCES AND LIBRARY/MEDIA MATERIALS

Rockford Area Schools support the principles of intellectual freedom inherent in the First Amendment of the Constitution of the United States as expressed in official statements of professional education associations.

For purposes of this policy, the term "resources" will refer to any person/s or any material/s used for teaching/learning purposes. Resources include, but are not limited to, textbooks, school library books, supplementary reading and informational materials, charts, community resource people, agencies and organizations, kits, maps, models, videos, periodicals, pictures, realia, sound recordings, video recordings, computer software, electronic databases, plays, concerts, athletic events, and written and performed music.

### INSTRUCTIONAL RESOURCES

#### Responsibility for Selection of Instructional Resources

The School Board delegates to the District's administrators, school principals, and professional staff the responsibility to act on its behalf in the selection and purchase of instructional resources.

#### Criteria for Selection of Instructional Resources

1. Resources will support and be consistent with the general educational goals of Rockford Area Schools and the goals, objectives, and academic standards of individual schools and specific courses.
2. Resources will be chosen to support and enrich individual school curriculum and to meet the personal needs of students.
3. Resources will be appropriate for the subject area and for the age, emotional development, ability level, learning styles, and social development of students for whom the materials are selected.
4. Resources will provide a background of information that will motivate students to examine their own attitudes and behavior, to comprehend their duties, responsibilities, rights, and privileges as participating citizens in our society, and to make intelligent judgments in their daily lives.
5. Resources will be selected in compliance with District Policy 606: [Rockford Area School District #883 -- Policy 606](#)
6. Resources will provide information on multiple sides of issues so that users may develop the practice of critical analysis.
7. Resources will be selected for their strengths rather than rejected for their weaknesses and will be judged as a whole.

### **Procedure for Selection of Instructional Resources**

1. In selecting resources, professional personnel will evaluate the available resources and curriculum needs and will consult reputable, professionally prepared aids for selection, the recommendations of professional associations, and other appropriate resources  
[Criteria Framework for the Vetting of Instructional Materials](#)
2. Administrators, teachers, media specialists, other School District personnel, students, parents, and other community persons may make recommendations for purchase.
3. Gift resources will be judged by the criteria outlined above and will be accepted or rejected based on those criteria.
4. Selection is an ongoing process that includes the removal of resources no longer appropriate and the replacement of resources that have been lost or damaged.

## **LIBRARY/MEDIA MATERIALS**

### **Responsibility for Selection of Library/Media Materials**

The School Board delegates to the District's administrators, school principals, and professional staff the responsibility to act on its behalf in the selection and purchase of library/media materials. The responsibility for the selection of library, media center, and/or media area materials is delegated to the building library/media/instructional technology specialists and aides under the direction of building and district administration. Additionally, district-purchased classroom library materials are selected by the classroom teachers in partnership with the building library/media/instructional technology specialists and aides under the direction of building and district administration. Teachers, instructional and curriculum facilitators, principals, and students are called upon for their ideas regarding specific materials needed in a field of specialization.

### **Criteria for Selection of Library/Media Materials**

Needs of the individual school based on knowledge of the curriculum and the existing collections are given first consideration. Resources will be selected in compliance with District Policy 606.

Materials for purchase are considered on the basis of:

1. appropriateness of content for student age group
2. usefulness of content
3. absence of cultural, racial, or sexual bias
4. quality, accuracy, objectivity, and currency of information
5. organization and presentation of content
6. degree of readability and/or comprehensibility
7. degree of potential user appeal
8. artistic quality and/or literary style

9. quality of format
10. values commensurate with cost and/or needs
11. individuality of item regardless of series

All materials, when considered as a whole, should:

1. implement, enrich, and support the curriculum, taking into consideration the individual student needs, varied interests, abilities, socio-economic backgrounds, and maturity levels.
2. reflect the ideas and beliefs of religious, social, political, historical, and ethnic groups and their contribution to the American and world heritage and culture, thereby enabling students to develop an intellectual integrity in forming judgments.
3. be that which encourages growth and knowledge, and that which develops literacy, cultural and aesthetic appreciation and ethical standards.
4. present all points of view concerning the problems and issues of our times.
5. be reflective of students' demographics; allowing students to see themselves in the author, character, and/or story.
6. enhance students' motivation to read.

#### **Procedures for Selection of Library/Media Materials**

In selecting media materials for purchase, the library/media/instructional technology specialist and/or aide will evaluate the existing collection and consult reputable, unbiased, professionally prepared selection aids and specialists from all applicable departments and/or all grade levels. Classroom teachers should generate a list of desired media materials and collaborate with their building's library/media/instructional technology specialist and/or aide to pursue purchase. Additional considerations to be made by the library/media/instructional technology specialist and/or aide include:

- purchasing, as needed, multiple copies of outstanding and high-demand materials.
- carefully examining sets of media materials before purchasing.

#### **Review Sources**

School staff will utilize contracted partners in educational technology, services and print/digital content to review recommended materials for purchase.

#### **Donations**

Materials donated to the library/media center/media areas should be selected or rejected based upon the selection criteria defined in this policy

## **STUDYING CONTROVERSIAL ISSUES**

A controversial issue involves a problem about which different individuals and groups urge conflicting courses of action. It is an issue for which society has not found a commonly accepted solution, and it is of sufficient significance that each proposed way of dealing with it is objectionable to some sector of the citizenry and arouses protest. The protest may result from a feeling that a cherished belief, an economic interest, or a basic principle is threatened.

Rockford Area Schools have a responsibility to include, in various curriculum areas and at all appropriate grade levels, content dealing with critical issues some of which may be viewed as controversial.. Development of rational thinking and preparation for citizenship are the primary reasons for including the study of controversial issues in the curriculum.

Rockford Area Schools, as an educational institution, and the individual classroom teacher have a responsibility to:

1. Provide the student an opportunity to study controversial issues which have political, economic, or social significance about which they will begin to have an opinion.
2. Provide the student competent instruction, balancing the various and/or conflicting points of view in an atmosphere free from bias and prejudice. Through the consideration of controversial issues, teachers will guide students in developing and using inquiry and critical thinking skills such as questioning, gathering and analyzing data, testing the validity of information and arguments, drawing and supporting their own conclusions, and using the language of the academic disciplines to engage in civil discourse on the issues.
3. Provide the student the right to form, identify and express his/her own opinions on controversial issues in an atmosphere of safety, intellectual curiosity, and respect for diversity of opinions, beliefs, and personal backgrounds.
4. Refrain from imposing one's personal beliefs, opinions, or biases.

### **Guidelines For Selection Of Controversial Issues To Be Studied In The Classroom**

1. The issue should contribute toward helping students develop techniques for examining other controversial issues.
2. The issue should be suitable for students of the maturity and background represented in the class.
3. The issue should be directly related to course content, academic standards and support the achievement of course objectives.

### **Student/Family Options Related to Curricular Selections**

All Rockford Area Schools curricular selections follow a rigorous vetting and review process to provide adolescent readers with content and themes that are both age and developmentally appropriate. As is the case in society, family values can and do differ with respect to their definition of appropriateness. Please note that families are the ultimate decision-makers and if an alternative (see Alternative Instruction below) piece of literature or content is desired as a replacement, families can request this from the building principal. For details regarding the literature selections for specific classes, please feel free to contact your child's teacher, or principal.

## OBJECTIONS TO RESOURCES: RE-EVALUATION AND RESPONSE

Objections to resources may be made despite the care and procedure followed in their selection. "Objection" is defined as a verbal or written statement requesting that a resource be excluded, included, or restricted.

Objections to resources should be submitted and responded to in accordance with provisions of this regulation under Objections to Instructional Resources; Procedures for Reevaluating and Responding.

### Alternative Instruction

Under the Planning, Evaluating, Reporting (PER) law, a parent, guardian, or adult student (18 years or older) may review the content of instructional materials. If the materials are found to be objectionable, school personnel will make reasonable arrangements for alternative instruction. Such instruction may be provided by the parent, guardian, or adult student at his or her own cost if the alternative instruction offered by the School District does not meet the objector's concerns. No penalties will be imposed by the School District for arranging alternative instruction.

School personnel may evaluate and assess the quality of the student's work. However, if the alternative instruction is to be used for credit(s) toward graduation or as an integral part of instruction toward educational progress, Evaluation and Assessment are required. The method of evaluating and assessing the quality of the student's work will be mutually agreed upon at the time alternative instruction is being discussed with appropriate school personnel by the parent, guardian, or adult student.

## **OBJECTIONS TO INSTRUCTIONAL RESOURCES: PROCEDURES FOR RE-EVALUATING AND RESPONDING**

These regulations provide a system for receiving, considering, and acting upon complaints regarding instructional resources used in Rockford Area Schools.

### **I. Procedures to Follow When an Objection Occurs**

- A. Those submitting an objection (must be a district parent/guardian and/or district resident) and must first be directed to the building principal or the designee.
- B. The principal and/or other appropriate staff will explain to the objector the school's selection procedure, selection rationale, selection criteria, and the qualifications of those persons selecting the resource.
- C. If, after Procedure B is followed, the objector wishes the district to reevaluate the selection of a resource, the [Request for the Reevaluation of an Instructional Resource](#) will be explained and the objector invited to complete it in its entirety and return it to the building principal. If the objector fails to return the form, the objection will be regarded as waived or withdrawn.
- D. The objector will complete one *Request for Reevaluation of a Resource* form for each resource to which he/she objects.
- E. Upon the receipt of a completed and signed *Request for Reevaluation of a Resource* form, the building principal will promptly inform the Superintendent, Director of Teaching & Learning, and the classroom teacher.
- F. Within seven regular school days, a Committee for Reevaluation of a Resource will be formed.
- G. The Committee for Reevaluation of Resources (see Section II, below) will:
  1. Be notified of the objection.
  2. Read, view, or listen to the questioned resource.
  3. Meet to consider the questioned resource and make a decision.
  4. Follow all procedures outlined in Section II, below.
- H. Use of the questioned resource will not be restricted during the reevaluation process.

### **II. Committee for Reevaluation**

- A. A committee will be convened if an objection is raised. The committee will be composed of:
  1. The Director of Teaching & Learning and/or Superintendent.
  2. One building principal not from the school site where the objection has been raised.
  3. One teacher selected by Education Minnesota Rockford (EMR), who teaches at the level (secondary or elementary) where the objection was raised.
  4. One member of the District Curriculum, Instruction, and Assessment Advisory Committee.
  5. Two teachers from the site where the objection was raised, selected by the Building Leadership Team.
  6. One to two Rockford Area Schools parents selected by district administration.

7. Upon meeting, the committee members will select a recording secretary.

## Evaluation of Instructional Programs

Rockford Area Schools is committed to the continuous evaluation of our instructional programs as a means to improve the educational offerings for the students we serve. Statutorily, the Rockford Area Schools Board of Education is charged with the responsibility of evaluating the educational programs offered in the school district. Based on the annual evaluation, the School Board works with the Superintendent to provide direction in setting goals and procedures for program evaluation.

The evaluation of instructional programs will be used to improve decision-making as to the retention, modification, or elimination of District instructional programs. District, site-based teams, and the District Curriculum, Instruction, and Assessment Advisory Committee will be involved with the evaluation process.

The individuals charged with the guidance and of the evaluation of instructional programs in Rockford Area Schools are the Superintendent and Director of Teaching & Learning.

### Definitions:

“Instruction” means methods of providing learning experiences that enable a student to meet state and district academic standards and graduation requirements including applied and experiential learning.

“Curriculum” means district or school adopted programs and written plans for providing students with learning experiences that lead to expected knowledge and skills and college and career readiness.

“World’s Best Workforce” means striving to meet school readiness goals; have all third-grade students achieve grade-level literacy; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school, and have all students graduate from high school.

“Experiential Learning” means learning for students that includes career exploration through a specific class or course or through work-based experiences such as job shadowing, mentoring, entrepreneurship, service learning, volunteering, internships, other cooperative work experience, youth apprenticeship, or employment.

### Performance Measures:

Required by statute, performance measures must include the following:

- A. The size of the achievement gap as measured by rigorous courses taken and enrichment experiences by student groups.
- B. Student performance on the Minnesota Comprehensive Assessments.
- C. High school graduation rates.
- D. Career and College Readiness.

# Rockford Area Schools

## Instructional Materials

Curriculum Review Process - Under the guidance of the building principal, staff will engage in a curriculum review process to assess relevance and alignment of the curriculum and the effectiveness of implementation.

### INSTRUCTIONAL MODELS

Each school site will implement a programmatic plan which organizes staff, students, instructional time, and resources into a flexible model to enhance the learning potential and outcomes of each individual student. The instructional models, which vary by site according to the needs of students, will assure that services to all students will be:

Standards-based in which all students are challenged and supported in meeting or exceeding high expectations through an instructional program that is referenced to state and national standards and aligned assessments.

Student-based in which an individualized plan is designed to address individual student needs as indicated by a systematic system of assessment and instruction.

A personalized educational program will be implemented to provide appropriate and challenging educational experiences for all students. The use of assessments and student progress data will allow the staff to respond appropriately to the learning needs of individuals. Documentation of programming will be provided for each student. This information will be accessible to families throughout the student's career in the School District.

#### Academic Intervention

The instructional model at each school is designed to provide the most appropriate instruction when students need intensified support in order to meet academic standards. The District defines intervention as standards-based supplementary instruction provided specifically when students need additional and/or different learning experiences to make significant academic growth. Instructional intervention can range from comprehensive programs to more narrowly focused, discrete classroom strategies.

- Intervention programs and strategies are designed to provide students who require additional and different instruction the support to increase their progress in order to be successful meeting grade-level expectations and to be ready for the next level of instruction.
- Intervention programs and strategies are provided according to individual student goals and plans, developed through communication with staff, parents, and student(s).
- Multiple measures of student progress are used in making decisions about providing intervention programs and strategies.

#### Academic Acceleration and Enrichment - Advanced Differentiation

The District defines acceleration as instruction and learning experiences with academic standards at a level beyond the student's assigned grade level.

- Acceleration is designed to provide students who demonstrate extraordinarily high levels of skill and understanding in an academic area the opportunity to move ahead to a level at which they will be challenged and engaged in learning.
- Acceleration in core area courses is provided according to a long-range plan developed through communication among school staff, parents, and student(s).
- Multiple measures of student progress are used in making decisions regarding acceleration or placing students in especially rigorous courses.

Advanced Differentiation learning experiences provide students working at, below, or above their assigned grade level with additional challenges and with opportunities to engage with greater depth in topics of special interest. Enrichment opportunities are provided at all levels of the program.

## CREDIT FOR LEARNING

### Credit for Learning

The District will recognize student achievement which occurs in other schools, in alternative learning sites, in Post-Secondary Enrollment Options and other advanced enrichment programs, and in out-of-school experiences such as community organizations, work-based learning, and other educational activities and opportunities.

**For Transfer:** When a student transfers into the District from another Minnesota public school district, any standards completed in the sending district, along with scores recorded by the sending district, shall be recorded as completed with a notation indicating from the district the record is transferred.

**For Equalizing:** When a student transfers into the District with a transcript from a school other than a Minnesota public school district, the following shall be the policy and procedure for recognizing such previous achievement:

1. When the student has received credit for a course that fulfills or approximates the provisions of a full standard, the standards completed shall be treated as if they had been accomplished in a Minnesota public school;
2. Effort shall be made to ascertain the content of courses, programs, and learning previously achieved to credit the student as fully as possible for previous learning. This may include asking the student or the sending school to verify the content of completed courses and programs when such is not clear from the transcript.

**For Credit by Assessment:** When a student requests recognition of work completed but for which no academic transcript exists, the student shall make an application to the principal. Not more than sixty days after the application is filed, the principal shall inform the student and the student's parents what evidence must be presented to certify the completion of the standard. Evidence of completion might include letters of support and explanation from individuals or organizations who have actually witnessed the student's demonstration of the standard, oral or written tests, interviews, actual performances or demonstrations assessed by district staff or others knowledgeable in the specifications of the standard, and/or other evidence as appropriate for the individual situation. Upon successful submission of the required evidence, the standard shall be noted on the transcript, with a score if appropriate, and a notation of where and when the standard was completed and verified.

### **Credit for Learning Projects and Activities**

To allow students to receive credit for independent projects conducted under the supervision of non- District instructors or experts, the following process will be followed:

The student will complete a [Rockford Area Schools Credit for Learning](#) application in which the proposed project or activity is described, the content expert is identified, and the alignment with academic standards is demonstrated. The application will be accessible to students in the High School Counseling Office, and school counselors will advise students and parents regarding how the credit for learning option fits within the student's 4-year course-taking plan.

1. The Credit for Learning application is a proposal to complete an independent, standards-based learning experience outside of school to earn high school credit. Completion of the Credit for Learning application must be made by August 15, January 15, or May 15 for pre-approval. Alternate application dates may be applied by the principal. The proposal is to be submitted to the student's school counselor who will assure that the proposal is complete and signed by parents and principal before forwarding it to the District Learning Services Department for review.
2. Credit for Learning proposals will be reviewed by the Director of Teaching & Learning for the purpose of establishing the timelines and criteria needed to fulfill the requirements for credit.
3. The Learning Services Department will communicate with the student and the school counselor about whether the proposal has been accepted. If the application has not been accepted by the District, specific information will be provided about revisions to assist students in improving the proposal. The student who submitted an application for Credit for Learning will be notified of acceptance or rejection of their proposal within 30 days of

applying.

4. After completing projects students will submit evidence of learning as specified in the project proposal to the District Learning Services Department.
5. The student and school counselor will be notified regarding whether or not the completed work will fulfill the requirements for credit.
6. The school counselor will follow up to assure that credit for successful projects is entered as a Pass (P) into the official transcript.

## TIME FOR COMPLETION OF COURSEWORK

If students can demonstrate extenuating circumstances, such as an illness/injury, family crisis, etc., they may be granted two weeks from the last day of a semester course or last day of a year-long course to turn in overdue homework or take quizzes in order to adjust a grade in that course. Requests for additional time will be made in writing to the building principal who will, in consultation with the teacher, and appropriate counselor, make a determination if extenuating circumstances exist.

## SHARED TIME STUDENT

Definition: **Shared Time Student** - A student who is enrolled part-time in a public school and the rest of the time in a nonpublic school or a home school.

Rockford Area Schools will provide educational and co-curricular opportunities for shared time students according to the following guidelines:

1. Shared time students must enroll in District 883 classes that generate state per pupil aid (Under current law only academic and special education instruction are eligible for some portion of state per pupil aid.)
2. Resident shared time students may attend facilities in their attendance area. Non-resident shared time students may attend designated facilities. Course selection by shared time students may be limited based on the Compulsory Education Statute, Minnesota Statutes Annotated 120A.22 (subd. 9).
3. If home school shared time students participate in co-curricular activities which are under the control of the Minnesota State High School League (MSHSL), the home school must meet MSHSL rules.
4. Students wishing to enroll on a shared-time basis must make application to the District #883 Student Information & Reporting Department, 6051 Ash Street Rockford, MN, by August 15 for enrollment beginning the next school year.
5. Rockford Area Schools does not provide diplomas to graduating seniors who are homeschooled. These diplomas are to be issued by the home school. The District may issue diplomas to students who have earned full time credits through PSEO during their senior year, or a combination of PSEO credits and credits earned through attending classes at their assigned public high school for the final semester in their senior year.
6. Students are allowed to take a maximum of three classes. The purpose of home school is to provide families the opportunity to educate their own children. Attendance in public schools over 50% of the time is not in keeping with the intent of homeschooling.
7. Shared Time students may be allowed to participate in any classroom activities that are a part of the course of study they are enrolled in at the public school. They are not allowed to participate in classroom activities that are not a part of that specific course of study.

# 2023 District MCA Data: Background

- **What is the MCA?**
  - *The Minnesota Comprehensive Assessments (MCA) are state tests in reading, mathematics, and science that are used to meet federal and state legislative requirements. The tests are administered every year to measure student performance relative to the Minnesota Academic Standards that specify what students in a particular grade should know and be able to do.*

Source: Minnesota Department of Education

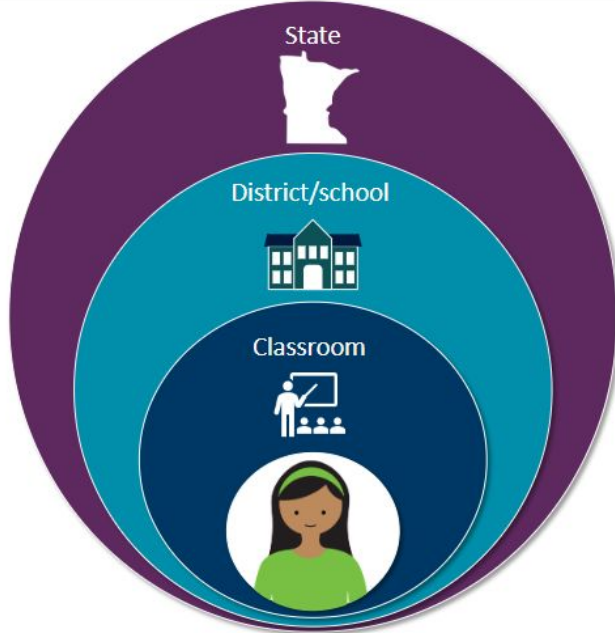

# 2023 District MCA Data: Background

- Why do we give these assessments?
  - We use the MCA to find out how well schools have aligned curriculum to and instructed students in the Minnesota Academic Standards in reading, mathematics, and science. The reading and mathematics assessments are also used in federal and state accountability measurements. Schools use the information to improve classroom teaching and learning. Teachers and principals look for areas where students do well so they can reinforce the ways they teach these skills. They also look for areas that need improvement so they can increase instructional time or modify their instruction.

The School Board is required to adopt a proposed tax levy for taxes payable in 2024 by September 30, 2023. MDE has not finalized the calculations and this will be completed for the final certification in December 2023. Looking at the attached information, you can see (circled) a 3.24 decrease. Factors:

1. inflation settling down
2. pupil count decrease
3. no new bonds levied

I recommend that the School Board approve the 'maximum' levy for the preliminary certification.

Final certification will be at the School Board meeting on December 18, 2023.

## **410 FAMILY AND MEDICAL LEAVE POLICY**

### **I. PURPOSE**

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under state law.

### **II. GENERAL STATEMENT OF POLICY**

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

### **III. DEFINITIONS**

A. "Covered active duty" means:

1. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 U.S.C. § 101(a)(13)(B).

B. "Covered servicemember" means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.
2. a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, and was discharged or released under conditions other than dishonorable, at any time during the period of five years preceding the first date the eligible employee takes FMLA leave to care for the covered veteran.

C. "Eligible employee" means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least 1,250 hours of service

during the 12-month period immediately preceding the commencement of the leave. An employee returning from fulfilling his or her Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that would have been worked during the period of absence from work due to or necessitated by USERRA-covered service, the employee's pre-service work schedule can generally be used for calculations. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless the break is occasioned by the employee's fulfillment of his or her USERRA-covered service obligation or a written agreement, including a collective bargaining agreement, exists concerning the school district's intention to rehire the employee after the break in service.

- D. "Military caregiver leave" means leave taken to care for a covered servicemember with a serious injury or illness.
  
- E. "Next of kin of a covered servicemember" means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.
  
- F. "Outpatient status" means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:
  - 1. a military medical treatment facility as an outpatient; or
  - 2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.
  
- G. "Qualifying exigency" means a situation where the eligible employee seeks leave for one or more of the following reasons:
  - 1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;
  - 2. to attend military events and related activities of a covered military member;
  - 3. to address issues related to childcare and school activities of a covered military

- member's child;
  - 4. to address financial and legal arrangements for a covered military member;
  - 5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;
  - 6. to spend up to 15 calendar days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;
  - 7. to attend post-deployment activities related to a covered military member;
  - 8. to address parental care needs; and
  - 9. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.
- H. "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:
- 1. inpatient care in a hospital, hospice, or residential medical care facility; or
  - 2. continuing treatment by a health care provider.
- I. "Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the state in which the marriage was entered into or, in the case of a marriage entered into outside of any state, if the marriage is valid in the place where entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage that either: (1) was entered into in a state that recognizes such marriages; or (2) if entered into outside of any state, is valid in the place where entered into and could have been entered into in at least one state.
- J. "Veteran" has the meaning given in 38 U.S.C. § 101.

#### **IV. LEAVE ENTITLEMENT**

##### **A. Twelve-week Leave under Federal Law**

- 1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
  - a. birth of the employee's child and to care for such child;

- b. placement of an adopted or foster child with the employee;
  - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition;
  - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
  - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence.
3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
- a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
  - b. in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces and that manifested itself before or after the member became a veteran, and is:
    - (1) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank,

- or rating; or
- (2) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
  - (3) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
  - (4) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.
6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
  7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.
  8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
  9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school

district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.

10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered service member being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.
11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums paid by it.
13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

14. Employees returning from a leave permitted under this policy are eligible for

reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a 12-week unpaid leave which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be determined by the employee but must not exceed 12 weeks unless agreed by the employer. The employee may qualify if he or she has worked for the school district for at least 12 months and has worked an average number of hours per week equal to one-half of the full time equivalent during the 12-month period immediately preceding the leave. This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but may be reduced by any period of paid parental, disability, personal, or medical, or sick leave, or accrued vacation provided by the employer so that the total leave does not exceed 12 weeks, unless agreed by the employer, or leave taken for the same purpose under the FMLA. The leave taken under this section shall begin at a time requested by the employee. An employee who plans to take leave under this section must give the employer reasonable notice of the date the leave shall commence and the estimated duration of the leave. For leave taken by a biological or adoptive parent in conjunction with the birth or adoption of a child, the leave must begin within 12 months of the birth or adoption; except that, in the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the service member. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a service member includes both physical and psychological care.
2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered service member and ends 12 months after that date.
4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after

placement; to care for the employee's parent with a serious health condition; or to care for a covered service member with a serious injury or illness.

5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.
6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered service member and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A. 7., IV.A. 10., IV.A. 12., IV.A. 13., and IV.A. 14. above shall apply to leaves under this section.

**V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES**

- A. An instructional employee is one whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.
- B. Instructional employees who request foreseeable medically necessary intermittent or reduced work schedule leave greater than 20 percent of the work days in the leave period may be required to:
  1. take leave for the entire period or periods of the planned medical treatment; or

- C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

## **414 MANDATED REPORTING OF CHILD NEGLECT OR PHYSICAL OR SEXUAL ABUSE**

### **I. PURPOSE**

The purpose of this policy is to make clear the statutory requirements of school personnel to report suspected child neglect or physical or sexual abuse.

### **II. GENERAL STATEMENT OF POLICY**

- B. "Child" means one under age 18 and, for purposes of Minn. Stat. Ch. 260C (Juvenile Safety and Placement) and Minn. Stat. Ch. 260D (Child in Voluntary Foster Care for Treatment), includes an individual under age 21 who is in foster care pursuant to Minn. Stat. § 260C.451 (Foster Care Benefits Past Age 18).

Such acts include sexual penetration, sexual contact, solicitation of children to engage in sexual conduct, and communication of sexually explicit materials to children. Sexual abuse also includes any act involving a minor that constitutes a violation of Minnesota statutes prohibiting prostitution, or use of a minor in a sexual performance. Sexual abuse includes all reports of known or suspected child sex trafficking involving a child who is identified as a victim of sex trafficking. Sexual abuse includes threatened sexual abuse which includes the status of a parent or household member who has committed a violation that requires registration under Minn. Stat. § 243.166, Subd. 1b(a) or (b) (Registration of Predatory Offenders).
- M. "Threatened injury" means a statement, overt act, condition, or status that represents a substantial risk of physical or sexual abuse or mental injury. Threatened injury includes, but is not limited to, exposing a child to a person responsible for the child's care who has (1) subjected the child to, or failed to protect a child from, an overt act or condition that constitutes egregious harm; (2) been found to be palpably unfit; (3) committed an act that resulted in an involuntary termination of parental rights; (4) , or committed an act that resulted in the involuntary transfer of permanent legal and physical custody of a child to a relative.

#### IV. REPORTING PROCEDURES

- A. A mandated reporter shall immediately report the information to the local welfare agency, agency responsible for assessing or investigating the report, police department, county sheriff, tribal social services agency, or tribal police department. The reporter will include his or her name and address in the report.
- B. An oral report shall be made immediately by telephone or otherwise. The oral report shall be followed by a written report within 72 hours (exclusive of weekends and holidays) to the appropriate police department, the county sheriff, local welfare agency, or agency responsible for assessing or investigating the report. Any report shall be of sufficient content to identify the child, any person believed to be responsible for the maltreatment of the child if the person is known, the nature and extent of the abuse or neglect and the name and address of the reporter.

- C. Regardless of whether a report is made, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.
- D. A mandated reporter who knows or has reason to know of the deprivation of custodial or parental rights or the kidnapping of a child shall report the information to the local police department or the county sheriff.
- E. With the exception of a health care professional or a social service professional who is providing the woman with prenatal care or other health care services, a mandated reporter shall immediately report to the local welfare agency if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including, but not limited to, tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.
- F. A person mandated by Minnesota law and this policy to report who fails to report may be subject to criminal penalties and/or discipline, up to and including termination of employment.
- G. An employer of a mandated reporter shall not retaliate against the person for reporting in good faith maltreatment against a child with respect to whom a report is made, because of the report.
- H. Any person who knowingly or recklessly makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury, plus costs and reasonable attorney fees. Knowingly or recklessly making a false report also may result in discipline.

*[Note: The Minnesota Department of Education (MDE) is responsible for assessing or investigating allegations of child maltreatment in schools. Although a report may be made to any of the agencies listed in Section IV. A., above, and there is no requirement to file more than one report, if the initial report is not made to MDE, it would be helpful to MDE if schools also report to MDE.]*

**V. INVESTIGATION**

- A. The responsibility for assessing or investigating reports of suspected maltreatment rests with the appropriate state, county, or local agency or agencies. The agency responsible for assessing or investigating reports of maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged offender, and any other person with knowledge of maltreatment for the purpose of gathering facts, assessing safety and risk to the child, and formulating a plan. The investigating agency may interview the child at school. The interview may take place outside the presence of the alleged offender or parent, legal guardian, or school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent,

guardian or person responsible for the child’s care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.

- B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.
- C. Except where the alleged offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school employees when an interview is conducted on school premises.
- D. Where the alleged offender is believed to be a school official or employee, the school district shall conduct its own investigation independent of MDE and, if involved, the local welfare or law enforcement agency.
- E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school facility, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, and the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

**VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE**

- A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency’s intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.
- B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by

a court of competent jurisdiction.

**VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE**

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.

**VIII. DISSEMINATION OF POLICY AND TRAINING**

- A. This policy shall appear in school personnel handbooks.
- B. The school district will develop a method of discussing this policy with school personnel.
- C. This policy shall be reviewed at least annually for compliance with state law.

- B. Whenever a mandated reporter, as defined herein, knows or has reason to believe that an individual made an error in the provision of therapeutic conduct to a vulnerable adult which results in injury or harm, which reasonably requires the care of a physician, such information shall be reported immediately to the designated county agency. The mandated reporter also may report a belief that the error did not constitute neglect and why the error does not constitute neglect.
- C. The reporter shall to the extent possible identify the vulnerable adult, the caregiver, the nature and extent of the suspected maltreatment, any evidence of previous maltreatment, the name and address of the reporter, the time, date, and location of the incident and any other information that the reporter believes might be helpful in investigating the suspected abuse or neglect. ## 522 TITLE IX SEX NONDISCRIMINATION POLICY, GRIEVANCE PROCEDURE AND PROCESS

***[Note: On May 6, 2020, the U.S. Department of Education, Office for Civil Rights (OCR), released the long-awaited final rule amending Title IX regulations at 34 Code of Federal Regulations Part 106. These regulations, which went into effect on August 14, 2020, are the first Title IX regulations applicable to sexual harassment and are applicable to complaints by both school district students and employees. The extensive regulations will require districts to revise their policies and procedures with respect to sexual harassment and ensure that administration and staff are trained on the new requirements.]***

***The final rule requires school districts to provide notice of its nondiscrimination policy and grievance procedures, including how to file or report sexual harassment and how the school district will respond to the following groups: applicants for admission and employment; students; parents or legal guardians; and unions or professional organizations holding agreements with the school district. 34 Code of Federal Regulations § 106.8(b). The provisions of this policy generally conform to the requirements of the new regulations.]***

### I. GENERAL STATEMENT OF POLICY

- A. The school district does not discriminate on the basis of sex in its education programs or activities, and it is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The school district is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.
- B. The school district prohibits sexual harassment that occurs within its education programs and activities. When the school district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.
- C. This policy applies to sexual harassment that occurs within the school district's education programs and activities and that is committed by a school district employee, student, or other members of the school community. This policy does not apply to sexual harassment that occurs off school grounds, in a private

setting, and outside the scope of the school district’s education programs and activities. This policy does not apply to sexual harassment that occurs outside the geographic boundaries of the United States, even if the sexual harassment occurs in the school district’s education programs or activities.

- D. Any student, parent, or guardian having questions regarding the application of Title IX and its regulations and/or this policy and grievance process should discuss them with the Title IX Coordinator. The school district’s Title IX Coordinator(s) is/are:

**Human Resources Department, 6051 Ash St. Rockford, MN 55373  
Phone: 763-477-9165, Fax: 763-477-5833**

Questions relating solely to Title IX and its regulations may be referred to the Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

- E. The effective date of this policy is August 14, 2020 and applies to alleged violations of this policy occurring on or after August 14, 2020.

## II. DEFINITIONS

- A. “Actual knowledge” means notice of sexual harassment or allegations of sexual harassment to the school district’s Title IX Coordinator or to any employee of the school district. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the school district with actual knowledge is the respondent.
- B. “Complainant” means a person who is alleged to be the victim of conduct that could constitute sexual harassment under Title IX. A Title IX Coordinator who signs a formal complaint is not a complainant unless the Title IX Coordinator is alleged to be the victim of the conduct described in the formal complaint.
- C. “Day” or “days” means, unless expressly stated otherwise, business days (i.e. day(s) that the school district office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).
- D. “Deliberately indifferent” means clearly unreasonable in light of the known circumstances. The school district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.
- E. “Education program or activity” means locations, events, or circumstances for which the

school district exercises substantial control over both the respondent and the context in which the sexual harassment occurs and includes school district education programs or activities that occur on or off of school district property.

- F. "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the school district investigate the allegation of sexual harassment.
  - 1. A formal complaint filed by a complainant must be a physical document or an electronic submission. The formal complaint must contain the complainant's physical or digital signature, or otherwise indicate that the complainant is the person filing the formal complaint, and must be submitted to the Title IX Coordinator in person, by mail, or by email.
  - 2. A formal complaint shall state that, at the time of filing the formal complaint, the complainant was participating in, or attempting to participate in, an education program or activity of the school district with which the formal complaint is filed.
- G. "Informal resolution" means options for resolving a formal complaint that do not involve a full investigation and adjudication. Informal resolution may encompass a broad range of conflict resolution strategies, including mediation or restorative justice.
- H. "Relevant questions" and "relevant evidence" are questions, documents, statements, or information that are related to the allegations raised in a formal complaint. Relevant evidence includes evidence that is both inculpatory and exculpatory. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
- I. "Remedies" means actions designed to restore or preserve the complainant's equal access to education after a respondent is found responsible. Remedies may include the same individualized services that constitute supportive measures, but need not be non-punitive or non-disciplinary, nor must they avoid burdening the respondent.
- J. "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX.
- K. "Sexual harassment" means any of three types of misconduct on the basis of sex that occurs in a school district education program or activity and is committed against a

person in the United States:

1. *Quid pro quo* harassment by a school district employee (conditioning the provision of an aid, benefit, or service of the school district on an individual's participation in unwelcome sexual conduct);
  2. Unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; or
  3. Any instance of sexual assault (as defined in the Clery Act, 20 United States Code section 1092(f)(6)A(v)), dating violence, domestic violence, or stalking (as defined in the Violence Against Women Act, 34 United States Code section 12291).
- L. "Supportive measures" means individualized services provided to the complainant or respondent without fee or charge that are reasonably available, non-punitive, non-disciplinary, not unreasonably burdensome to the other party, and designed to ensure equal educational access, protect safety, and deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, alternative educational services as defined under Minnesota Statutes section 121A.41, as amended, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the school district buildings or property, and other similar measures.
- M. "Title IX Personnel" means any person who addresses, works on, or assists with the school district's response to a report of sexual harassment or formal complaint, and includes persons who facilitate informal resolutions. The following are considered Title IX Personnel:
1. "Title IX Coordinator" means an employee of the school district that coordinates the school district's efforts to comply with and carry out its responsibilities under Title IX. The Title IX Coordinator is responsible for acting as the primary contact for the parties and ensuring that the parties are provided with all notices, evidence, reports, and written determinations to which they are entitled under this policy and grievance process. The Title IX Coordinator is also responsible for effective implementation of any supportive measures or remedies. The Title IX Coordinator must be free from conflicts of interest and bias when administering the grievance process.
  2. "Investigator" means a person who investigates a formal complaint. The

investigator of a formal complaint may not be the same person as the Decision-maker or the Appellate Decision-maker. The Investigator may be a school district employee, school district official, or a third party designated by the school district.

3. "Decision-maker" means a person who makes a determination regarding responsibility after the investigation has concluded. The Decision-maker cannot be the same person as the Title IX Coordinator, the Investigator, or the Appellate Decision-maker.
4. "Appellate Decision-maker" means a person who considers and decides appeals of determinations regarding responsibility and dismissals of formal complaints. The Appellate Decision-maker cannot be the same person as the Title IX Coordinator, Investigator, or Decision-maker. The Appellate Decision-maker may be a school district employee, or a third party designated by the school district.
5. The superintendent of the school district may delegate functions assigned to a specific school district employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes, to any suitably qualified individual and such delegation may be rescinded by the superintendent at any time. The school district may also, in its discretion, appoint suitably qualified persons who are not school district employees to fulfill any function under this policy, including, but not limited to, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes.

***[NOTE: It is recommended that school districts designate a primary Title IX Coordinator and at least one alternate Title IX Coordinator so that the alternate can undertake Title IX Coordinator responsibilities in the event the primary Title IX Coordinator is a party to a complaint, or is otherwise not qualified under this policy to serve in that role in a particular case.]***

### III. BASIC REQUIREMENTS FOR GRIEVANCE PROCESS

#### A. Equitable Treatment

1. The school district shall treat complainants and respondents equitably. However, equality or parity with respect to supportive measures provided to complainants and respondents is not required.

2. The school district will not impose any disciplinary sanctions or take any other actions against a respondent that do not constitute supportive measures until it has completed this grievance process and the respondent has been found responsible.
3. The school district will provide appropriate remedies to the complainant any time a respondent is found responsible.

B. Objective and Unbiased Evaluation of Complaints

1. Title IX Personnel, including the Title IX Coordinator, Investigator, Decision-maker, and Appellate Decision-maker, shall be free from conflicts of interest or bias for or against complainants or respondents generally or a specific complainant or respondent.
2. Throughout the grievance process, Title IX Personnel will objectively evaluate all relevant evidence, inculpatory and exculpatory, and shall avoid credibility determinations based solely on a person's status as a complainant, respondent, or witness.

- C. Title IX Personnel will presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

D. Confidentiality

The school district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA), 20 United States Code section 1232g, FERPA regulations, 34 Code of Federal Regulations part 99, Minnesota law under Minnesota Statutes section 13.32, or as required by law, or to carry out the purposes of 34 Code of Federal Regulations part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the school district's obligation to maintain confidentiality shall not impair or otherwise affect the complainants and respondents receipt of the information to which they are entitled with respect to the investigative record and determination of responsibility).

E. Right to an Advisor; Right to a Support Person

Complainants and respondents have the right, at their own expense, to be assisted by an advisor of their choice during all stages of any grievance proceeding, including all meetings and investigative interviews. The advisor may be, but is not required to be, an attorney. In general, an advisor is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.

A complainant or respondent with a disability may be assisted by a support person throughout the grievance process, including all meetings and investigative interviews, if such accommodation is necessary. A support person may be a friend, family member, or any individual who is not otherwise a potential witness. The support person is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.

F. Notice

The school district will send written notice of any investigative interviews or meetings to any party whose participation is invited or expected. The written notice will include the date, time, location, participants, and purpose of the meeting or interview, and will be provided to allow sufficient time for the party to prepare to participate.

G. Consolidation

The school district may, in its discretion, consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

H. Evidence

1. During the grievance process, the school district will not require, allow, rely upon, or otherwise use questions or evidence that constitute or seek disclosure of information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
2. The school district shall not access, consider, disclose, or otherwise use a party's medical, psychological, and similar treatment records unless the

school district obtains the party's voluntary, written consent.

I. Burden of Proof

1. The burden of gathering evidence and the burden of proof shall remain upon the school district and not upon the parties.
2. The grievance process shall use a preponderance of the evidence standard (i.e. whether it is more likely than not that the respondent engaged in sexual harassment) for all formal complaints of sexual harassment, including when school district employees are respondents.

J. Timelines

***[NOTE: The Title IX regulations require reasonably prompt timeframes for conclusion of the grievance process, but do not specify any particular timeframes. The time periods below are suggested. School districts may establish their own district-specific timeline, although it is recommended that legal counsel be consulted before adjusting time periods.]***

1. Any informal resolution process must be completed within thirty (30) calendar days following the parties' agreement to participate in such informal process.
2. An appeal of a determination of responsibility or of a decision dismissing a formal complaint must be received by the school district within five (5) days of the date the determination of responsibility or dismissal was provided to the parties.
3. Any appeal of a determination of responsibility or of a dismissal will be decided within thirty (30) calendar days of the day the appeal was received by the School District.
4. The school district will seek to conclude the grievance process, including any appeal, within 120 calendar days of the date the formal complaint was received by the School District.
5. Although the school district strives to adhere to the timelines described above, in each case, the school district may extend the time frames for good cause. Good cause may include, without limitation: the complexity of the allegations; the severity and extent of the alleged misconduct; the number of parties, witnesses, and the types of other evidence (e.g., forensic evidence) involved; the availability of the parties, advisors,

witnesses, and evidence (e.g., forensic evidence); concurrent law enforcement activity; intervening school district holidays, breaks, or other closures; the need for language assistance or accommodation of disabilities; and/or other unforeseen circumstances.

K. Potential Remedies and Disciplinary Sanctions

1. The following is the range of possible remedies that the school district may provide a complainant and disciplinary sanctions that the school district might impose upon a respondent, following determination of responsibility: counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual or unilateral restrictions on contact between the parties, changes in work locations, leaves of absence, monitoring of certain areas of the school district buildings or property, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge.
2. If the Decision-maker determines a student-respondent is responsible for violating this policy, the Decision-maker will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the superintendent of the recommended remedies, such that an authorized administrator can consider the recommendation(s) and implement appropriate remedies in compliance with MSBA Model Policy 506 – Student Discipline. The discipline of a student-respondent must comply with the applicable provisions of Minnesota Pupil Fair Dismissal Act, the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

**IV. REPORTING PROHIBITED CONDUCT**

- A. Any student who believes they have been the victim of unlawful sex discrimination or sexual harassment, or any person (including the parent of a student) with actual knowledge of conduct which may constitute unlawful sex discrimination or sexual harassment toward a student should report the alleged acts as soon as possible to the Title IX Coordinator.
- B. Any employee of the school district who has experienced, has actual knowledge of, or has witnessed unlawful sex discrimination, including sexual harassment, or who otherwise becomes aware of unlawful sex discrimination, including sexual harassment, must promptly report the allegations to the Title IX Coordinator without screening or investigating the report or allegations.

- C. A report of unlawful sex discrimination or sexual harassment may be made at any time, including during non-business hours, and may be made in person, by mail, by telephone, or by e-mail using the Title IX Coordinator's contact information. A report may also be made by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.
- D. Sexual harassment may constitute both a violation of this policy and criminal law. To the extent the alleged conduct may constitute a crime, the School District may report the alleged conduct to law enforcement authorities. The school district encourages complainants to report criminal behavior to the police immediately.

**V. INITIAL RESPONSE AND ASSESSMENT BY THE TITLE IX COORDINATOR**

- A. When the Title IX Coordinator receives a report, the Title IX Coordinator shall promptly contact the complainant confidentially to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint .
- B. The school district will offer supportive measures to the complainant whether or not the complainant decides to make a formal complaint. The school district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the school district's ability to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.
- C. If the complainant does not wish to file a formal complaint, the allegations will not be investigated by the school district unless the Title IX Coordinator determines that signing a formal complaint to initiate an investigation over the complainant's wishes is not clearly unreasonable in light of the known circumstances.
- D. Upon receipt of a formal complaint, the school district must provide written notice of the formal complaint to the known parties with sufficient time to prepare a response before any initial interview. This written notice must contain:
  - 1. The allegations of sexual harassment, including sufficient details known at the time, the identities of the parties involved in the incident (if known), the conduct allegedly constituting sexual harassment, and the

- date and location of the alleged incident, if known;
2. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
  3. A statement explaining that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
  4. A statement that the parties may inspect and review evidence gathered pursuant to this policy;
  5. A statement informing the parties of any code of conduct provision that prohibits knowingly making false statements or knowingly submitting false information; and
  6. A copy of this policy.

## VI. STATUS OF RESPONDENT DURING PENDENCY OF FORMAL COMPLAINT

### A. Emergency Removal of a Student

1. The school district may remove a student-respondent from an education program or activity of the school district on an emergency basis before a determination regarding responsibility is made if:
  - a. The school district undertakes an individualized safety and risk analysis;
  - b. The school district determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal of the student-respondent; and
  - c. The school district determines the student-respondent poses such a threat, it will so notify the student-respondent and the student-respondent will have an opportunity to challenge the decision immediately following the removal. In determining whether to impose emergency removal measures, the Title IX Coordinator shall consult related school district policies, including MSBA Model Policy 506 – Student Discipline. The school district must take into consideration applicable requirements of the Individuals with Disabilities Education Act and Section 504 of the

Rehabilitation Act of 1973, prior to removing a special education student or Section 504 student on an emergency basis.

***[NOTE: The interrelationship between the Title IX regulations authorizing the emergency removal of student and the Minnesota Pupil Fair Dismissal Act (MPFDA) is unclear at this time. School districts should consult with legal counsel regarding the emergency removal of a student. At a minimum, it is recommended that school districts provide alternative educational services, as defined in the MPFDA, to any student so removed under the Title IX regulations.]***

B. Employee Administrative Leave

The school district may place a non-student employee on administrative leave during the pendency of the grievance process of a formal complaint. Such leave will typically be paid leave unless circumstances justify unpaid leave in compliance with legal requirements. The school district must take into consideration applicable requirements of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prior to removing an individual with a qualifying disability.

**VII. INFORMAL RESOLUTION OF A FORMAL COMPLAINT**

- A. At any time prior to reaching a determination of responsibility, informal resolution may be offered and facilitated by the school district at the school district's discretion, but only after a formal complaint has been received by the school district.
- B. The school district may not require as a condition of enrollment or continued enrollment, or of employment or continued employment, or enjoyment of any other right, waiver of the right to a formal investigation and adjudication of formal complaints of sexual harassment.
- C. The informal resolution process may not be used to resolve allegations that a school district employee sexually harassed a student.
- D. The school district will not facilitate an informal resolution process without both parties' agreement, and will obtain their voluntary, written consent. The school district will provide to the parties a written notice disclosing the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, the parties' right to withdraw from the informal

resolution process, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

- E. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint.

#### VIII. DISMISSAL OF A FORMAL COMPLAINT

- A. Under federal law, the school district must dismiss a Title IX complaint, or a portion thereof, if the conduct alleged in a formal complaint or a portion thereof:
  - 1. Would not meet the definition of sexual harassment, even if proven;
  - 2. Did not occur in the school district's education program or activity; or
  - 3. Did not occur against a person in the United States.
- B. The school district may, in its discretion, dismiss a formal complaint or allegations therein if:
  - 1. The complainant informs the Title IX Coordinator in writing that the complainant desires to withdraw the formal complaint or allegations therein;
  - 2. The respondent is no longer enrolled or employed by the school district; or
  - 3. Specific circumstances prevent the school district from gathering sufficient evidence to reach a determination.
- C. The school district shall provide written notice to both parties of a dismissal. The notice must include the reasons for the dismissal.
- D. Dismissal of a formal complaint or a portion thereof does not preclude the school district from addressing the underlying conduct in any manner that the school district deems appropriate.

***[NOTE: For example, school districts are reminded of the obligation under Minnesota Statutes section 122A.20, subdivision 2, to make a mandatory report to the Minnesota Professional Educator Licensure and Standards Board***

*concerning any teacher who resigns during the course of an investigation of misconduct.]*

**IX. INVESTIGATION OF A FORMAL COMPLAINT**

- A. If a formal complaint is received by the School District, the school district will assign or designate an Investigator to investigate the allegations set forth in the formal complaint.
- B. If during the course of the investigation the school district decides to investigate any allegations about the complainant or respondent that were not included in the written notice of a formal complaint provided to the parties, the school district must provide notice of the additional allegations to the known parties.
- C. When a party's participation is invited or expected in an investigative interview, the Investigator will coordinate with the Title IX Coordinator to provide written notice to the party of the date, time, location, participants, and purposes of the investigative interview with sufficient time for the party to prepare.
- D. During the investigation, the Investigator must provide the parties with an equal opportunity to present witnesses for interviews, including fact witnesses and expert witnesses, and other inculpatory and exculpatory evidence.
- E. Prior to the completion of the investigative report, the Investigator, through the Title IX Coordinator, will provide the parties and their advisors (if any) with an equal opportunity to inspect and review any evidence directly related to the allegations. The evidence shall be provided in electronic format or hard copy and shall include all relevant evidence, evidence upon which the school district does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or another source. The parties will have ten (10) days to submit a written response, which the Investigator will consider prior to completion of the investigative report.
- F. The Investigator will prepare a written investigative report that fairly summarizes the relevant evidence. The investigative report may include credibility determinations that are not based on a person's status as a complainant, respondent or witness. The school district will send the parties and their advisors (if any) a copy of the report in electronic format or hard copy, for their review and written response at least ten (10) days prior to a determination of responsibility.

**X. DETERMINATION REGARDING RESPONSIBILITY**

***[NOTE: The Title IX regulations do not require school districts to conduct live hearings as part of the decision-making phase of the grievance process. Accordingly, this Policy does not include procedures for a live hearing. If a school district desires to create such procedures, legal counsel should be consulted.]***

- A. After the school district has sent the investigative report to both parties and before the school district has reached a determination regarding responsibility, the Decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness.
- B. The Decision-maker must provide the relevant questions submitted by the parties to the other parties or witnesses to whom the questions are offered, and then provide each party with the answers, and allow for additional, limited follow-up questions from each party.
- C. The Decision-maker must explain to the party proposing the questions any decision to exclude a question as not relevant.
- D. When the exchange of questions and answers has concluded, the Decision-maker must issue a written determination regarding responsibility that applies the preponderance of the evidence standard to the facts and circumstances of the formal complaint. The written determination of responsibility must include the following:
  - 1. Identification of the allegations potentially constituting sexual harassment;
  - 2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
  - 3. Findings of fact supporting the determination;
  - 4. Conclusions regarding the application of the school district's code of conduct to the facts;
  - 5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the school district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the school district to the complainant; and

6. The school district's procedures and permissible bases for the complainant and respondent to appeal and the date by which an appeal must be made.
- E. In determining appropriate disciplinary sanctions, the Decision-maker should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incident occurred.
- F. The written determination of responsibility must be provided to the parties simultaneously.
- G. The Title IX Coordinator is responsible for the effective implementation of any remedies.
- H. The determination regarding responsibility becomes final either on the date that the school district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

**XI. APPEALS**

- A. The school district shall offer the parties an opportunity to appeal a determination regarding responsibility or the school district's dismissal of a formal complaint or any allegations therein, on the following bases:
  1. A procedural irregularity that affected the outcome of the matter (e.g., a material deviation from established procedures);
  2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
  3. The Title IX Coordinator, Investigator, or Decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- B. If notice of an appeal is timely received by the school district, the school district will notify the parties in writing of the receipt of the appeal, assign or designate the Appellate Decision-maker, and give the parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the

outcome.

- C. After reviewing the parties' written statements, the Appellate Decision-maker must issue a written decision describing the result of the appeal and the rationale for the result.
- D. The written decision describing the result of the appeal must be provided simultaneously to the parties.
- E. The decision of the Appellate Decision-maker is final. No further review beyond the appeal is permitted.

## **XII. RETALIATION PROHIBITED**

- A. Neither the school district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, constitutes a violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.
- B. Any person may submit a report or formal complaint alleging retaliation in the manner described in this policy and it will be addressed in the same manner as other complaints of sexual harassment or sex discrimination.
- C. Charging an individual with violation of school district policies for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

## **XIII. TRAINING**

- A. The school district shall ensure that Title IX Personnel receive appropriate training. The training shall include instruction on:
  - 1. The Title IX definition of sexual harassment;
  - 2. The scope of the school district's education program or activity;
  - 3. How to conduct an investigation and grievance process, appeals, and informal resolution processes, as applicable;
  - 4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias;
  - 5. For Decision-makers, training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's prior sexual behavior are not relevant; and
  - 6. For Investigators, training on issues of relevance, including the creation of an investigative report that fairly summarizes relevant evidence.
- B. The training materials will not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints.
- C. Materials used to train Title IX Personnel must be posted on the school district's website. If the school district does not have a website, it must make the training materials available for public inspection upon request.

**XIV. DISSEMINATION OF POLICY**

- A. This policy shall be made available to all students, parents/guardians of students, school district employee, and employee unions.
- B. The school district shall conspicuously post the name of the Title IX Coordinator, including office address, telephone number, and work e-mail address on its website and in each handbook that it makes available to parents, employees, students, unions, or applicants.
- C. The school district must provide applicants for admission and employment, students, parents or legal guardians of secondary school students, employees, and all unions holding collective bargaining agreements with the school district, with the following:
  - 1. The name or title, office address, electronic mail address, and telephone

number of the Title IX Coordinator;

2. Notice that the school district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner;
3. A statement that the requirement not to discriminate in the education program or activity extends to admission and employment, and that inquiries about the application of Title IX may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the United States Department of Education, or both; and
4. Notice of the school district's grievance procedures and grievance process contained in this policy, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the school district will respond.

#### **XV. RECORDKEEPING**

***[NOTE: School districts should consider amending their respective retention schedules to reflect the recordkeeping requirements discussed below].***

- A. The school district must create, and maintain for a period of seven calendar years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the school district must document:
  1. The basis for the school district's conclusion that its response to the report or formal complaint was not deliberately indifferent;
  2. The measures the school district has taken that are designed to restore or preserve equal access to the school district's education program or activity; and
  3. If the school district does not provide a complainant with supportive measures, then it must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. Such a record must be maintained for a period of seven years.
  4. The documentation of certain bases or measures does not limit the recipient in the future from providing additional explanations or detailing additional measures taken.

- B. The school district must also maintain for a period of seven calendar years records of:
1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the recipient’s education program or activity;
  2. Any appeal and the result therefrom;
  3. Any informal resolution and the result therefrom; and
  4. All materials used to train Title IX Personnel.

## 515 PROTECTION AND PRIVACY OF PUPIL RECORDS

### I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

### II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 United States Code section 1232g, *et seq.*, (Family Educational Rights and Privacy Act) (FERPA) 34 Code of Federal Regulations, Part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes, Chapter 13, and Minnesota Rules Parts 1205.0100-1205.2000.

### III. DEFINITIONS

#### A. Authorized Representative

"Authorized representative" means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

#### B. Biometric Record

"Biometric record," as referred to in "Personally Identifiable," means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voice prints, DNA sequence, facial characteristics, and handwriting).

#### C. Dates of Attendance

"Dates of attendance," as referred to in "Directory Information," means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students

who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

~~1.~~ "Directory information," under federal law, means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees; honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include;

~~1.a.~~ a student's social security number;

~~2.b.~~ a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;

~~3.c.~~ a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;

~~4.d.~~ personally identifiable data which references religion, race, color, social position, or nationality; or

~~e.~~ ~~5.~~ data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

2. Under Minnesota law, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

**[Note: The federal definition includes all of the types of information specifically referenced as directory information. The federal definition applies to information requests by military recruiting officers, as set out in Article XI below.]**

**The Minnesota definition imposes additional restrictions upon the types of information that may be designated as directory**

information.

A school district may choose not to designate some or all of the enumerated information as directory information. A school district also may add to the list of directory information, as long as the added data is not information that generally would be deemed as an invasion of privacy or information that references the student's religion, race, color, social position, or nationality. Federal law now allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. The identity of those parties and/or purposes should be identified. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. Designation of directory information is an important policy decision for the local school board who must balance not only the privacy interests of the student against public disclosure but also the additional administrative requirements such restrictions on disclosures will place on the school district.]

E. Education Records

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education records. The term "education records" does not include:
  - a. Records of instructional personnel that are:
    - (1) kept in the sole possession of the maker of the record; and
    - (2) used only as a personal memory aid;

5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

**VIII. DISCLOSURE OF PRIVATE RECORDS**

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
  - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
  - b. whether the personal situation of the minor is such that denying

parental access may protect the minor data subject from physical or emotional harm;

- c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
- d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
- e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes, sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

**IX. DISCLOSURE OF CONFIDENTIAL RECORDS**

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes, ~~c~~Chapter 260E, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes, ~~c~~Chapter 260E.

---

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

Regardless of whether a written report is made under Minnesota Statutes, Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes, section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
  - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
  - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
  - c. the exhaustion or expiration of rights of appeal by either party to the

civil legal action.

5. A "pending civil legal action" for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. **DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING**

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, section 121A.40, *et seq.*

XI. **DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS**

- A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.
- B. Data released to military recruiting officers under this provision:
  1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
  2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
  3. Copying fees shall not be imposed.
- C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational

To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority, **building principal**, in writing by **September 15** each year. The written request must include the following information:

1. Name of student and parent, as appropriate;
2. Home address;
3. Student's grade level;
4. School presently attended by student;
5. Parent's legal relationship to student, if applicable;
6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.

- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

### A. Redisclosure

However, the school district must provide the notification required in Section XII.D of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:

## 424 LICENSE STATUS

### I. PURPOSE

The purpose of this policy is to ensure that qualified teachers are employed by the school district and to fulfill its duty to ascertain the licensure status of its teachers. A school board that employs a teacher who does not hold a valid teaching license or permit places itself at risk for a reduction in state aid. This policy does not negate a teacher's duty and responsibility to maintain a current and valid teaching license.

### II. GENERAL STATEMENT OF POLICY

- A. A qualified teacher is one holding a valid license to perform the particular service for which the teacher is employed by the school district.
- B. No person shall be a qualified teacher until the school district verifies through the Minnesota education licensing system available on the Minnesota Professional Educator Licensing and Standards Board website that the person is a qualified teacher consistent with state law.
- C. The school district has a duty to ascertain the licensure status of its teachers and ensure that the school district's teacher license files are up to date. The school district shall establish a procedure for annually reviewing its teacher license files to verify that every teacher's license is current and appropriate to the particular service for which the teacher is employed by the school district.

D. The school district must annually report to the Professional Educator Licensing and Standards Board: (1) all new teacher hires and terminations, including layoffs, by race and ethnicity; and (2) the reasons for all teacher resignations and requested leaves of absence. The report must not include data that would personally identify individuals.

### III. PROCEDURE

- A. The superintendent or the superintendent's designee shall establish a schedule for the annual review of teacher licenses.
- B. Where it is discovered that a teacher's license will expire within one year from the date of the annual review, the superintendent or the superintendent's designee will advise the teacher in writing of the approaching expiration and that the teacher must complete the renewal process and file the license with the superintendent prior to the expiration of the current license. However, failure to provide this notice does not relieve a teacher from his/her duty and responsibility of ensuring that his/her teaching license is valid, current and

appropriate to his/her teaching assignment.

- C. If it is discovered that a teacher's license has expired, the superintendent will immediately investigate the circumstances surrounding the lack of license and will take appropriate action. The teacher shall be advised that the teacher's failure to have the license reinstated will constitute gross insubordination, inefficiency and willful neglect of duty which are grounds for immediate discharge from employment.
- D. The duty and responsibility of maintaining a current and valid teaching license appropriate to the teaching assignment as required by this policy shall remain with the teacher, notwithstanding the superintendent's failure to discover a lapsed license or license that does not support the teaching assignment. A teacher's failure to comply with this policy may be grounds for the teacher's immediate discharge from employment.

  - c. The cost of releasing teachers or providing substitute teachers for staff development purposes.

The report also must indicate whether the expenditures were incurred at the district level or the school site level, and whether the school site expenditures were made possible by the grants to school sites that demonstrate exemplary use of allocated staff development revenue. These expenditures must be reported using the uniform financial and accounting and reporting standards (UFARS).

3. The School District will utilize the reporting form and/or system designated by the Commissioner. The report will be signed by the superintendent and staff development chair.
- B. To the extent the school district receives a grant for mentorship activities described in Section V.D., by June 30 of each year after receiving a grant, the site staff development committee must submit a report to the Professional Educator Licensing and Standards Board on program efforts that describes mentoring and induction activities and assesses the impact of these programs on teacher effectiveness and retention.

## 516.5 OVERDOSE MEDICATION

***[Note: ~~The 2023 Minnesota legislature enacted legislation requiring School districts to maintain a supply of opiate antagonists, are not required to adopt a policy on the use of emergency drugs for the treatment of drug-related overdoses.~~ School districts and their employees are legally permitted to purchase, store, and administer Naloxone (Narcan) in response to an opiate overdose in schools and those who do assist with such administration are immune from civil liability as well as exempt from criminal prosecution from possession, use, etc. of ~~a prescription medication, particularly to an individual to whom it was not prescribed.~~ The provisions of this policy outline the requirements of the law with respect to the use of Naloxone (Narcan) in schools.]***

### I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan)<sup>1</sup>, and administration devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day or at school district activities.

### II. GENERAL STATEMENT OF POLICY

The school board authorizes school district administration to obtain and possess opioid overdose reversal medication, such as Naloxone to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: 1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; 2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and 3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

### III. DEFINITIONS

- A. **“Drug-related overdose”** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **“Naloxone Coordinator”** is a school district staff person or administrator appointed to

monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies. The school district's Naloxone Coordinator is [insert title of staff person appointed as coordinator].

- C. **"Opiate"** means any dangerous substance having an addiction forming or addiction sustaining liability similar to morphine or being capable of conversion into a drug having such addiction forming or addiction sustaining liability.
- D. **"Opiate Antagonist"** means naloxone hydrochloride ("Naloxone") or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.
- E. **"Standing Order"** means directions from the school district's medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
  - 1. Administration type
  - 2. Dosage
  - 3. Date of issuance
  - 4. Signature of the authorized provider

#### IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

A. The school district must maintain a supply of opiate antagonists at each school site to be administered in compliance with Minnesota law. Each school building must have two doses of nasal naloxone available on-site.

**[Note: The Minnesota Department of Education offered guidance regarding the meaning of "school site." If a school site includes multiple buildings, the two-dose requirement applies to buildings used for instruction. It does not apply to administrative buildings, facility buildings, ice arenas, and similar buildings not used for instruction.]**

B. A licensed physician, a licensed advanced practice registered nurse authorized to prescribe drugs pursuant to Minnesota Statutes, section 148.235, or a licensed physician assistant may authorize a nurse or other personnel employed by, or under contract with, a public school may be authorized to administer opiate antagonists as defined under Minnesota Statutes, section 604A.04, subdivision 1.

C. A licensed practical nurse is authorized to possess and administer an opiate antagonist in a school setting notwithstanding Minnesota Statutes, 148.235, subdivisions 8 and 9.

AD. District Collaborative Planning and Implementation Team

To the extent Naloxone is obtained for use consistent with this policy, the school district will establish a district-wide collaborative planning and implementation team (“District Planning Team”) who will oversee the general development and operations related to the use of opiate antagonist Naloxone and regularly report to the school board as to its activities.

1. The District Planning Team will include the Naloxone Coordinator and may include the superintendent (or designee), school nurse, public health experts, first responders, student or family representatives, and community partners who will be assigned to the Team by the superintendent or designee or solicited as volunteers by the superintendent.
2. The District Planning Team, through the Naloxone Coordinator, will obtain a protocol or Standing Order from a licensed medical prescriber for the use of Naloxone or other Opiate Antagonist by school district staff in all school facilities and activities and will update or renew the protocol or Standing Order annually or as otherwise required. A copy of the protocol or Standing Order will be maintained in the office of the Naloxone Coordinator.
3. The District Planning Team will develop district-wide guidelines and procedures and determine the form(s) of Naloxone to be used within the school district (nasal, auto injector, manual injector) and the method and manner of arranging for the financing and purchasing, storage and use of Naloxone to be approved by the school board. Once approved by the school board, these guidelines and procedures will be attached and incorporated into this policy. At a minimum, these guidelines and procedures will:
  - a. Ensure that when Naloxone is administered, school district employees must activate the community emergency response system (911) to ensure additional medical support due to the limited temporary effect of Naloxone and the continued need of recipients of additional medical care;
  - b. Require school district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
  - c. Direct school district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
  - d. Require school district staff to inform the building administrator or other administrator overseeing an event or activity of the administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.

4. The District Planning Team will determine the type and method of annual training, identify staff members at each school site to be trained and coordinate the implementation of the training with the assistance of the Naloxone Coordinator.

**BE.** Site Planning Teams

1. In consultation with the District Planning Team, the administrator at each school site may establish, in the manner the superintendent or Naloxone Coordinator deems appropriate, a Site Planning Team within the school site.
2. The Site Planning Team will be responsible for the coordination and implementation of this policy, district-wide guidelines and procedures within the school site and will develop and implement any specific guidelines and procedure for the storage and use of Naloxone within the school site in a manner consistent with this policy and district wide procedures and guidelines.

**CF.** School District Staff

School district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

**V. NALOXONE STORAGE**

- A. The Site Planning Team will select numerous Naloxone storage locations within the school site and outside the school site when activities are conducted off school grounds (i.e., transportation services, field trips, etc.).

***[Note: School districts may decide that Naloxone will not be sent on field trips, transportation or activities that occur outside of the typical school day or off school property and may modify this statement accordingly. If Naloxone is provided during these auxiliary activities, schools should ensure that it is only provided if there is an available trained staff member to administer it and that the medication can be safely and legally stored and transported.]***

- B. The selected storage locations of Naloxone will be classified as non-public "security information" as the school board has determined that the disclosure of this data to the general public would be likely to substantially jeopardize the security of the medication that could be subject to theft, tampering, and improper use. Therefore, the identity of the storage locations will be shared only with those school district staff members whom the District Planning Team or Site Team have determined need access to this information to aid public health and safety as determined in the procedures and guidelines.
- C. Stock Naloxone will be clearly labeled, monitored for expiration dates, and stored in a secured location that is accessible by trained staff as set forth in paragraph V.B.

## VI. Privacy Protections

The school district will maintain the privacy of students and staff related to the administration of Naloxone as required by law.

## **524 INTERNET ACCEPTABLE USE AND SAFETY POLICY**

### **I. PURPOSE**

The purpose of this policy is to set forth policies and guidelines for access to the school district computer system and acceptable and safe use of the Internet, including electronic communications.

### **II. GENERAL STATEMENT OF POLICY**

In making decisions regarding student and employee access to the school district computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

### **III. LIMITED EDUCATIONAL PURPOSE**

The school district is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

### **IV. USE OF SYSTEM IS A PRIVILEGE**

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion or termination of employment; or civil or criminal liability under other applicable laws.

**V. UNACCEPTABLE USES**

- A. The following uses of the school district system and Internet resources or accounts are considered unacceptable:
1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit or distribute:
    - a. pornographic, obscene or sexually explicit material or other visual depictions that are harmful to minors;
    - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
    - c. materials that use language, images, or content that are inappropriate in the education setting or disruptive to the educational process;
    - d. information or materials that could cause damage or danger of disruption to the educational process;
    - e. materials that use language, images, or content that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
  2. Users will not use the school district system to knowingly or recklessly post, transmit or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
  3. Users will not use the school district system to engage in any illegal act or violate any local, state or federal statute or law.
  4. Users will not use the school district system to vandalize, damage or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software or system performance by spreading computer viruses or by any other means, will not tamper with, modify or change the school district system software, hardware or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.
  5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information or files without the implied or direct permission of that person.
  6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses,

identification numbers, account numbers, access codes or passwords, labeled photographs or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.

- a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).
- b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:
  - (1) such information is classified by the school district as directory information, and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
  - (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Facebook," "Twitter," "Instagram," "Snapchat," and "Reddit," and similar websites or applications.
7. Users must keep all account information and passwords on file with the designated school district official. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person's account, or use computer accounts, access codes or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
  8. Users will not use the school district system to violate copyright laws or usage

licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer or personal device while using school district network (including wireless), and will not plagiarize works they find on the Internet.

9. Users will not use the school district system or school district computers for conducting business, for unauthorized commercial purposes or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.
  10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district's Bullying Prohibition Policy (MSBA/MASA Model Policy 514). This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.
- B. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations are, but are not limited to, situations where the school district system is compromised or if a school district employee or student is negatively impacted. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.
- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

**VI. FILTER**

- A. With respect to any of its computers with Internet access while connected through the school district network, the school district will monitor the online activities of both minors

and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:

1. Obscene;
  2. Child pornography; or
  3. Harmful to minors.
- B. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:
1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
  2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
  3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
- D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber-bullying awareness and response.

**VII. CONSISTENCY WITH OTHER SCHOOL POLICIES**

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

**VIII. LIMITED EXPECTATION OF PRIVACY**

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.

- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents have the right at any time to investigate or review the contents of their child's files and e-mail files. Parents have the right to request the termination of their child's individual account at any time.
- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district system may be subject to review, disclosure or discovery under Minn. Stat. Ch. 13 (the Minnesota Government Data Practices Act).
- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

**IX. INTERNET USE AGREEMENT**

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.
- C. The Internet Use Agreement form for students must be read and signed by the user, and the parent or guardian. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office.

**X. LIMITATION ON SCHOOL DISTRICT LIABILITY**

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage or unavailability of data stored on school district diskettes, tapes, hard drives or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

**XI. USER NOTIFICATION**

- A. All users shall be notified of the school district policies relating to Internet use.

- B. This notification shall include the following:
1. Notification that Internet use is subject to compliance with school district policies.
  2. Disclaimers limiting the school district's liability relative to:
    - a. Information stored on school district compact disks, digital video disks, hard drives or servers.

    - c. Personal property used to access school district computers, networks or online resources.
    - d. Unauthorized financial obligations resulting from use of school district resources/accounts to access the Internet.
  3. A description of the privacy rights and limitations of school sponsored/managed Internet accounts.
  4. Notification that, even though the school district may use technical means to limit Internet access, these limits do not provide a foolproof means for enforcing the provisions of this acceptable use policy.
  5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student's parents.
  6. Notification that the collection, creation, reception, maintenance and dissemination of data via the Internet, including electronic communications, is governed by Policy 406, Public and Private Personnel Data, and Policy 515, Protection and Privacy of Pupil Records.
  7. Notification that, should the user violate the school district's acceptable use policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.
  8. Notification that all provisions of the acceptable use policy are subordinate to local, state and federal laws.

**XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE**

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies and other possibly offensive media. Parents are responsible for monitoring their student's use of the

school district system and of the Internet if the student is accessing the school district system from home or a remote location.

- B. Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:
  - 1. A copy of the user notification form provided to the student user.
  - 2. A description of parent/guardian responsibilities.
  - 3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
  - 4. A statement that the Internet Use Agreement must be signed by the user, and the parent or guardian prior to use by the student.
  - 5. A statement that the school district's acceptable use policy is available for parental review.

**XIII. NOTIFICATION REGARDING TECHNOLOGY PROVIDERS**

- A. "Technology provider" means a person who:
  - 1. contracts with the school district, as part of a one-to-one program or otherwise, to provide a school-issued device for student use; and
  - 2. creates, receives, or maintains educational data pursuant or incidental to a contract with the school district.
- B. "Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- C. Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:
  - 1. identify each curriculum, testing, or assessment technology provider with access to educational data;
  - 2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
  - 3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.

- D. The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.
- E. A contract between a technology provider and the school district must include requirements to ensure appropriate security safeguards for educational data. The contract must require that:
  - 1. the technology provider's employees or contractors have access to educational data only if authorized; and
  - 2. the technology provider's employees or contractors may be authorized to access educational data only if access is necessary to fulfill the official duties of the employee or contractor.
- F. All educational data created, received, maintained, or disseminated by a technology provider pursuant or incidental to a contract with a public educational agency or institution are not the technology provider's property.

**XIV. SCHOOL-ISSUED DEVICES**

- A. "School-issued device" means hardware or software that the school district, acting independently or with a technology provider, provides to an individual student for that student's dedicated personal use. A school-issued device includes a device issued through a one-to-one program.
- B. Except as provided in paragraph C, the school district or a technology provider must not electronically access or monitor:
  - 1. any location-tracking feature of a school-issued device;
  - 2. any audio or visual receiving, transmitting, or recording feature of a school-issued device; or
  - 3. student interactions with a school-issued device, including but not limited to keystrokes and web-browsing activity.
- C. The school district or a technology provider may only engage in activities prohibited by paragraph B if:
  - 1. the activity is limited to a noncommercial educational purpose for instruction, technical support, or exam-proctoring by school district employees, student teachers, staff contracted by the school district, a vendor, or the Minnesota Department of Education, and notice is provided in advance;
  - 2. the activity is permitted under a judicial warrant;
  - 3. the school district is notified or becomes aware that the device is missing or stolen;
  - 4. the activity is necessary to respond to an imminent threat to life or safety and the access is limited to that purpose;
  - 5. the activity is necessary to comply with federal or state law, including but not

limited to Minnesota Statutes section 121A.031; or

6. the activity is necessary to participate in federal or state funding programs, including but not limited to the E-Rate program.

D. If the school district or a technology provider interacts with a school-issued device as provided in paragraph C, clause 4, it must, within 72 hours of the access, notify the student to whom the school-issued device was issued or that student's parent and provide a written description of the interaction, including which features of the device were accessed and a description of the threat. This notice is not required at any time when the notice itself would pose an imminent threat to life or safety, but must instead be given within 72 hours after that imminent threat has ceased.

#### **XV. CELL PHONE USE**

1. Students are prohibited from using cell phones and other electronic communication devices during the instructional day. Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and malicious and sadistic conduct.

2. If the school district has a reasonable suspicion that a student has violated a school policy, rule, or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search.

3. Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

**[Note: This language aligns with the provisions found in the MSBA Model Student Handbook. As an alternative to stating specific cell phone rules in a school district policy, a school board could choose to direct school administration to establish cell phone rules. This approach enables administrators to craft flexible and specific rules that are specific to grade levels and buildings.]**

#### **XVI. LIMIT ON SCREEN TIME FOR CHILDREN IN PRESCHOOL AND KINDERGARTEN**

A child in a publicly funded preschool or kindergarten program may not use an individual-use screen, such as a tablet, smartphone, or other digital media, without engagement from a teacher or other students. This section does not apply to a child for whom the school has an individualized family service plan, an individualized education program, or a 504 plan in effect.

#### **XVII. IMPLEMENTATION; POLICY REVIEW**

A. The school district administration may develop appropriate user notification forms, guidelines and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines, forms and procedures shall be an addendum to this policy.

- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The school district Internet policies and procedures are available for review by all parents, guardians, staff and members of the community.
- D. Because of the rapid changes in the development of the Internet, the school board shall conduct an annual review of this policy.

**532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS**

**I. PURPOSE**

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school grounds.

**II. GENERAL STATEMENT OF POLICY**

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

**III. DEFINITIONS**

For purposes of this policy, the following terms have the meaning given them in this section:

- A. "Student with an IEP" or "the student" means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).
- B. "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term "peace officer" includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.

- C. "Police liaison officer" is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to promote school safety, security, and positive relationships with students.
- D. "Crisis team" means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- E. The phrase "remove the student from school grounds" is the act of securing the person of a student with an IEP and escorting that student from the school building or school activity at which the student with an IEP is located.
- F. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury.
- G. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

**IV. REMOVAL OF STUDENTS WITH IEP's FROM SCHOOL GROUNDS**

**A. Removal By Crisis Team**

If the behavior of a student with an IEP escalates to the point where the student's behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team may be summoned. The crisis team may attempt to de-escalate the student's behavior by means including, but not limited to, those described in the student's IEP and/or behavior intervention plan. When such measures fail, or when the crisis team determines that the student's behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student's behavior cannot be safely managed, school personnel may immediately request assistance from the police liaison officer or a peace officer.

**B. Removal By Police Liaison Officer or Peace Officer**

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the police liaison officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

1. In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

- c. 3. Totally or partially restricting a child's senses as punishment;
- d. 4. Denying or restricting a child's access to equipment and devices such as walkers, wheel chairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

- f. ~~6.~~ Physical holding (as defined in Minnesota Statutes section 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
- g. ~~7.~~ Withholding regularly scheduled meals or water; and/or
- h. ~~8.~~ Denying a child access to toilet facilities.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minnesota Statutes, section 125A.0942, ~~Subd. subdivision~~ 5, and otherwise comply with the requirements of ~~§-section~~ 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of seclusion. By January 15, April 15, July 15, and October 15 of each year, districts must report, in a form and manner determined by the Commissioner, about individual students who have been secluded. By July 15 each year, districts must report summary data. The summary data must include

information on the use of restrictive procedures for the prior school year, July 1 through June 30, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

personnel for alternative instruction. Alternative instruction may be provided by the parent, guardian, or adult student if the alternative instruction, if any, offered by the school board does not meet the concerns of the parent, guardian, or adult student. The school board is not required to pay for the costs of alternative instruction provided by a parent, guardian, or adult student. School personnel may not impose an academic or other penalty upon a student merely for arranging alternative instruction under this section. School personnel may evaluate and assess the quality of the student's work.

#### **IV. CPR AND AED INSTRUCTION**

The school district will provide onetime cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) instruction as part of its grade 7 to 12 curriculum.

- A. In the school district's discretion, training and instruction may result in CPR certification.
- B. CPR and AED instruction must include CPR and AED training that have been developed:
  - 1. by the American Heart Association or the American Red Cross and incorporate psychomotor skills to support the instruction; or
  - 2. using nationally recognized, evidence-based guidelines for CPR and incorporate psychomotor skills to support the instruction. "Psychomotor skills" means hands-on practice to support cognitive learning; it does not mean cognitive-only instruction and training.
- C. The school district may use community members such as emergency medical technicians, paramedics, police officers, firefighters, and representatives of the Minnesota Resuscitation Consortium, the American Heart Association, or the American Red Cross, among others, to provide instruction and training.
- D. A school administrator may waive this curriculum requirement for a high school transfer student regardless of whether or not the student previously received instruction under this section, an enrolled student absent on the day the instruction occurred under this section, or an eligible student who has a disability.

#### **V. COLLEGE AND CAREER PLANNING**

- A. The school district shall assist all students by no later than grade 9 to explore their educational college and career interests, aptitudes, and aspirations and develop a plan for a smooth and successful transition to postsecondary education or employment. All students' plans must:
  - 1. provide a comprehensive plan to prepare for and complete career and college-ready curriculum by meeting state and local academic standards and developing career and employment-related skills such as team work, collaboration, creativity, communication, critical thinking, and good work habits;

2. emphasize academic rigor and high expectations and inform the student and the student's parent or guardian, if the student is a minor, of the student's achievement level score on the Minnesota Comprehensive Assessments that are administered during high school;
3. help students identify interests, aptitudes, aspirations, and personal learning styles that may affect their career and college-ready goals and postsecondary education and employment choices;
4. set appropriate career and college-ready goals with timelines that identify effective means for achieving those goals;
5. help students access education and career options;
6. integrate strong academic content into career-focused courses and applied and experiential learning opportunities and integrate relevant career-focused courses and applied and experiential learning opportunities into strong academic content;
7. help identify and access appropriate counseling and other supports and assistance that enable students to complete required coursework, prepare for postsecondary education and careers, and obtain information about postsecondary education costs and eligibility for financial aid and scholarship;
8. help identify collaborative partnerships among pre-kindergarten through grade 12 schools, postsecondary institutions, economic development agencies, and local and regional employers that support students' transitions to postsecondary education and employment and provide students with applied and experiential learning opportunities; and
9. be reviewed and revised at least annually by the student, the student's parent or guardian, and the school district to ensure that the student's course-taking schedule keeps the student making adequate progress to meet state and local academic standards and high school graduation requirements and with a reasonable chance to succeed with employment or postsecondary education without the need to first complete remedial course work.

B. The school district may develop grade-level curricula or provide instruction that introduces students to various careers, but must not require any curriculum, instruction, or employment-related activity that obligates an elementary or secondary student to involuntarily select or pursue a career, career interest, employment goals, or related job training.

C. Educators must possess the knowledge and skills to effectively teach all English learners in their classrooms. School districts must provide appropriate curriculum, targeted materials, professional development opportunities for educators, and sufficient resources to enable English learners to become career and college-ready.

D. When assisting students in developing a plan for a smooth and successful transition to postsecondary education and employment, school districts must recognize the unique possibilities of each student and ensure that the contents of each student's plan reflect the student's unique talents, skills, and abilities as the student grows, develops, and learns.

E. If a student with a disability has an Individualized Education Program (IEP) or standardized written plan that meets the plan components herein, the IEP satisfies the requirement, and no additional transition plan is needed.

F. Students who do not meet or exceed the Minnesota Academic Standards, as measured by the Minnesota Comprehensive Assessments that are administered during high school, shall be informed that admission to a public school is free and available to any resident under 21 years of age or who meets the requirements of the compulsory attendance law. A student's plan under this provision shall continue while a student is enrolled.

**VI. ~~CIVICS TEST~~**

~~A. A student enrolled in a public school must correctly answer at least 30 of 50 civics test questions. A school or district may record on a student's transcript that the student answered at least 30 of 50 civics test questions correctly.~~

~~B. "Civics test questions" means 50 of the 100 questions that, as of January 1, 2015, United States Citizenship and Immigration Services officers use to select the questions they pose to applicants for naturalization so the applicants can demonstrate their knowledge and understanding of the fundamentals of United States history and government, as required by federal law. The Learning Law and Democracy Foundation, in consultation with Minnesota civics teachers, must select by July 1 each year 50 of the 100 questions under this paragraph to serve as the state's civics test questions for the proximate school year and immediately transmit the 50 selected civics test questions to MDE and to the Legislative Coordinating Commission, which must post the 50 questions it receives on the Minnesota's Legacy website by August 1 of that year.~~

~~C. The school district may exempt a student with disabilities from this requirement if the student's IEP team determines the requirement is inappropriate and establishes an alternative requirement.~~

~~D. The school district may administer the civics test questions in a language other than English to students who qualify for English learner services.~~

~~E. The school district may administer civics test questions as part of the social studies curriculum.~~

~~F. The school district must not prevent a student from graduating or deny a student a high school diploma for failing to correctly answer at least 30 of 50 civics test questions.~~

~~G. The school district cannot charge a fee related to this requirement.~~

## 616 SCHOOL DISTRICT SYSTEM ACCOUNTABILITY

### I. PURPOSE

The purpose of this policy is to focus public education strategies on a process that promotes higher academic achievement for all students and ensures broad-based community participation in decisions regarding ~~the~~ implementation of the Minnesota K-12 Academic Standards and the federal law.

### II. GENERAL STATEMENT OF POLICY

Implementation of the Minnesota K-12 Academic Standards and federal law requires accountability for the school district. The school district established a system to transition to the graduation requirements of the Minnesota K-12 Academic Standards. The school district also established a system to review and improve instruction, curriculum and assessment which will include substantial input by students, parents or guardians and local community members. The school district will be accountable to the public and the state through annual reporting.

### III. DEFINITIONS

A. "Credit" means a student's successful completion of an academic year of study or a student's mastery of the applicable subject matter, as determined by the school district.

~~B. "Graduation Standards" means the credit requirements and locally adopted content standards or Minnesota K-12 Academic Standards that school districts must offer and certify that students complete to be eligible for a high school diploma.~~

~~C.B.~~ "World's best workforce" means striving to: meet school readiness goals; ~~have all third grade students achieve grade level literacy~~; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school; and have all students graduate from high school.

### IV. ESTABLISHMENT OF GOALS; IMPLEMENTATION; EVALUATION AND REPORTING

#### A. School District Goals

1. The school board has established school district-wide goals that provide broad direction for the school district. Incorporated in these goals are the graduation and education standards contained in the Minnesota K-12 Academic Standards and the federal law. The broad goals shall be reviewed annually and approved by the school board. The school board shall adopt annual goals based on the recommendations of the *District Curriculum Advisory Committee (the "Advisory*

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

Committee”).

2. The District Advisory Committee created under Policy 603 (Curriculum Development) is established by the school board to ensure active community participation in all phases of planning and improving the instruction and curriculum affecting state and district academic standards.
  3. The school district-wide improvement goals should address recommendations identified through the District Curriculum Advisory Committee process. The school district’s goal setting process will include consideration of individual site goals. School district goals may also be developed through an education effectiveness program, an evaluation of student progress committee, or through some other locally determined process.
- B. System for Reviewing All Instruction and Curriculum. Incorporated in the process will be analysis of the school district’s progress toward implementation of the Minnesota Academic Standards. Instruction and curriculum shall be reviewed and evaluated by taking into account strategies and best practices, student outcomes, principal evaluations under Minnesota Statutes section 123B.147, and teacher evaluations under Minnesota Statutes section 122A.40 or 122A.41.
- C. Implementation of Graduation Requirements
1. The District Advisory Committee shall also advise the school board on implementation of the state and local graduation requirements, including K-12 curriculum, assessment, student learning opportunities, and other related issues. Recommendations of the District Advisory Committee shall be published annually to the community. The school board shall receive public input and comment and shall adopt or update this policy at least annually.
  2. The school board shall annually review and determine if student achievement levels at each school site meet federal expectations. If the school board determines that student achievement levels at a school site do not meet federal expectations and the site has not made adequate yearly progress for two consecutive school years, the District Advisory Committee shall work with the school site to adopt a plan to raise student achievement levels to meet federal expectations. The District Advisory Committee may seek assistance from the Commissioner of the Minnesota Department of Education (MDE) (Commissioner) in developing a plan which must include parental involvement components.
  3. The educational assessment system component utilized by the school board to measure individual students’ educational progress must be based, to the extent annual tests are administered, on indicators of current achievement growth that show growth relative to an individual student’s prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments. The school board will utilize models developed by the Commissioner for measuring individual student progress. The school board

  - d. A local plan to evaluate student progress, using a local process, shall be used for developing a plan for assessment of student progress toward the Graduation Standards, as well as program evaluation data for use by the District Advisory Committee in the instruction and curriculum review process. This plan shall annually be approved by the school board.

~~4. The Advisory Committee shall, when possible, be comprised of at least two~~

## 618 ASSESSMENT OF STUDENT ACHIEVEMENT

### I. PURPOSE

The purpose of this policy is to institute a process for the establishment and revision of assessments to measure achievement toward meeting the Minnesota Academic Standards, track academic progress over time, and provide Minnesota graduates information related to career and college readiness.

### II. GENERAL STATEMENT OF POLICY

The school district has established a procedure by which students shall complete Graduation Requirements. This procedure includes the adoption of performance assessment methods to be used in measuring student performance. The school district strives to continually enhance student achievement of Graduation Requirements.

### III. DEFINITIONS

~~A. "Above-grade level" test items contain subject area content that is above the grade level of the student taking the assessment and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards above the grade level of the student taking the assessment. Notwithstanding the student's grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.~~

**BA.** "Academic standard" means a summary description of student learning in a required content area or elective content area.

~~C. "Below-grade level" test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards below the student's current grade level. Notwithstanding the student's grade level, administering below-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.~~

**BD.** "Benchmark" means the specific knowledge or skills that a student must master to complete part of an academic standard by the end of the grade level or grade band.

**EC.** "Career and college ready," for purposes of statewide accountability, means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready

are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.

~~F. "Computer-adaptive assessments" means fully adaptive assessments.~~

GD. "Cultural competence," for purposes of statewide accountability, means the ability and will to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.

HE. "Elective standards" means a locally adopted expectation for student learning in career and technical education and world languages.

HF. "Experiential learning" means learning for students that includes career exploration through a specific class or course or through work-based experiences such as job shadowing, mentoring, entrepreneurship, service learning, volunteering, internships, or other cooperative work experience, youth apprenticeship, or employment.

~~J. "Fully adaptive assessments" include on-grade level test items and items that may be above or below a student's grade level. [Note: Fully adaptive mathematics and reading assessments must be used for grades 3 through 7 beginning in the 2015-2016 school year and later.]~~

~~K. "On-grade level" test items contain subject area content that is aligned to state academic standards for the grade level of the student taking the assessment.~~

LG. "Required standard" means (1) a statewide adopted expectation for student learning in the content areas of English-language arts, mathematics, science, social studies, physical education, and the arts, or-and (2) a locally adopted expectation for student learning in health or the arts.

#### IV. ESTABLISHMENT OF CRITERIA FOR ASSESSMENT

- A. The *superintendent* shall establish criteria by which student performance of local academic standards and elective standards are to be evaluated and approved. The criteria will be submitted to the school board for approval. Upon approval by the school board, the criteria shall be deemed part of this policy.
- B. The superintendent shall ensure that students and parents or guardians are provided with notice of the process by which academic standards will be assessed.
- C. Staff members will be expected to utilize staff development opportunities to the extent necessary to ensure effective implementation and continued improvement of the implementation of assessments under the Minnesota Academic Standards.

#### V. STANDARDS FOR MINNESOTA ACADEMIC STANDARDS PERFORMANCE ASSESSMENTS

- A. Benchmarks

The school district will offer and students must achieve all benchmarks for an academic standard to satisfactorily complete that state standard. These benchmarks will be used by the school district and its staff in developing tests to measure student academic knowledge and skills.

B. Statewide Academic Standards Testing

1. The school district will utilize statewide assessments developed from and aligned with the state's required academic standards as these tests become available to evaluate student progress toward career and college readiness in the context of the state's academic standards.
2. The school district will administer annually, in accordance with the process determined by Minnesota Department of Education, the state-constructed tests aligned with state standards to all students in grades 3 through 8 and at the high school level as follows:
  - a. computer-adaptive reading and mathematics assessments in grades 3 through 8;
  - b. high school reading in grade 10, mathematics in grade 11 and a high school writing test, when it becomes available; and
  - c. science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life science assessment in the grades 9 through 12 span (a passing score on high school science assessments is not a condition of receiving a diploma);
3. The school district will develop and administer locally constructed tests in social studies, health and physical education, and the arts to determine if a student has met the required academic standards in these areas.;
4. The school district may use a student's performance on a statewide assessment as one of the multiple criteria to determine grade promotion or retention. The school district also may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.
5. For students in grade 8 in the 2012-2013 school year and later, the school district must record on the high school transcript a student's progress toward career and college readiness. For other students, this record of progress must be made as soon as practicable. In addition, the school district may include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.
6. Students who do not meet or exceed the Minnesota Academic Standards, as measured by the Minnesota Comprehensive Assessments administered in high

school, must be informed that admission to a public school is free and available to any resident under 21 years of age. The school district will determine how this notice is given.

C. Student Participation

1. The Minnesota Commissioner of Education must create and publish a form for parents and guardians that:
  - a. explains the need for state academic standards;
  - b. identifies the state assessments that are aligned with state standards;
  - c. identifies the consequences, if any, the school or student may face if a student does not participate in state or locally required standardized assessments;
  - d. states that students who receive a college ready benchmark on the high school Minnesota Comprehensive Assessment are not required to take a remedial, noncredit course at a Minnesota state college or university in the corresponding subject area;
  - e. summarizes the provisions in Minnesota Statutes section 120B.301(a) and (c); and
  - f. notifies a parent of the right to not have the parent's child participate in the state and locally required assessments and asks a parent that chooses to not have a child participate in the assessments the basis for the decision.
2. The school district must post the form created by the Commissioner on the school district website and include it in the school district's student handbook.

VI. Rigorous Course of Study Waiver

- A. Upon receiving a student's application signed by the student's parent or guardian, the school district must declare that a student meets or exceeds a specific academic standard required for graduation if the school board determines that the student:
  1. is participating in a course of study, including an advanced placement or international baccalaureate course or program; a learning opportunity outside the curriculum of the school district; or an approved preparatory program for employment or postsecondary education that is equally or more rigorous than the corresponding state or local academic standard required by the school district;
  2. would be precluded from participating in the rigorous course of study, learning opportunity, or preparatory employment or postsecondary education program if the student were required to achieve the academic standard to be waived; and

3. satisfactorily completes the requirements for the rigorous course of study, learning opportunity, or preparatory employment or postsecondary education program.
- B. The school board also may formally determine other circumstances in which to declare that a student meets or exceeds a specific academic standard that the site requires for graduation under this section.
- C. A student who satisfactorily completes a postsecondary enrollment options course or program or an advanced placement or international baccalaureate course or program is not required to complete other requirements of the academic standards corresponding to that specific rigorous course of study.

## VII. CAREER EXPLORATION ASSESSMENT

- A. Student assessments, in alignment with state academic standards, shall include clearly defined career and college readiness benchmarks and satisfy Minnesota's postsecondary admissions requirements. Achievement and career and college readiness in mathematics, reading, and writing must also be assessed. When administering formative or summative assessments used to measure the academic progress, including the oral academic development, of English learners and inform their instruction, schools must ensure that the assessments are accessible to the students and students have the modifications and supports they need to sufficiently understand the assessments.
- B. On an annual basis, the school district must use the career exploration elements in these assessments, beginning no later than grade 9, to help students and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. The school district must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.
- C. All students, except those eligible for alternative assessments, will be encouraged to participate on a nationally normed college entrance exam in grade 11 or 12. A student under this paragraph who demonstrates attainment of required state academic standards on these assessments, which include career and college readiness benchmarks, is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.

To the extent state funding for college entrance exam fees is available, the school district will pay the cost, one time, for an interested student in grade 11 or 12, who is eligible for a free or reduced-priced meal, to take a nationally recognized college entrance exam before

graduating. The school district may require a student who is not eligible for a free or reduced-priced meal to pay the cost of taking a nationally recognized college entrance exam. The school district will waive the cost for a student who is unable to pay.

- D. As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.
- E. In developing, supporting, and improving students' academic readiness for a career or college, the school district must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation.

#### IV. TRANSFER OF CREDIT FROM OTHER SCHOOLS

##### A. Transfer of Academic Requirements from Other Minnesota Public Secondary Schools

1. The school district will accept and transfer secondary credits and grades awarded to a student from another Minnesota public secondary school upon presentation of a certified transcript from the transferring public secondary school evidencing the course taken and the grade and credit awarded.

Credit that does not fully align with the school district's high school graduation requirements will not be used to compute honor roll and/or class rank.
  - d. If no comparable course is offered by the school district for which high school graduation credit would be provided, no credit will be provided to the student.
2. Students transferring from a non-accredited, nonpublic school shall receive credit from the school district upon presentation of a transcript or other documentation evidencing the course taken and grade and credit awarded.
- a. Students will be required to provide copies of course descriptions, syllabi, or work samples for determination of appropriate credit. In addition, students also may be asked to provide interviews/conferences with the student and/or student's parent and/or former administrator or teacher; review of a record of the student's entire curriculum at the nonpublic school; and review of the student's complete record of academic achievement.
  - b. Where the school district determines that a course completed by a student at a non-accredited, nonpublic school is commensurate with school district graduation requirements, credit shall be awarded, but the grade shall be "P" (pass).
  - c. In the event the content of a course taken at a non-accredited, nonpublic school does not fully align with the content of the school district's high school graduation requirements but is comparable to elective credits offered by the school district for graduation, the student may be provided elective credit applied toward graduation requirements.

---

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

- d. If no comparable course is offered by the school district for which local high school graduation credit would be provided, no credit will be provided to the student.
- e. Credit and grades earned from a non-accredited nonpublic school shall not be used to compute honor roll and/or class rank

C. A student must provide the school with a copy of the student's grades in each course taken for secondary credit under this policy, including interim or nonfinal grades earned during the academic term.

**V. POST-SECONDARY ENROLLMENT CREDIT**

- A. ~~A student who satisfactorily completes a postsecondary enrollment options course or program under Minnesota Statutes, section 124D.09 that has been approved as meeting the necessary requirements is not required to complete other requirements of the academic standards corresponding to that specific rigorous course of study. Secondary credits granted to a student through a post-secondary enrollment options course or program that meets or exceeds a graduation standard or requirement may be counted toward the graduation and credit requirements of a student completing the Minnesota Academic Standards.~~
- B. student's parent or guardian if the request is made in writing to the superintendent within five school days of the date of the building principal's decision. ## **621 LITERACY AND THE READ ACT**

**[Note: By the 2026-2027 school year, the school district must provide evidence-based reading instruction through a focus on student mastery of the foundational reading skills of phonemic awareness, phonics, and fluency, as well as the development of oral language, vocabulary, and reading comprehension skills. Students must receive evidence-based instruction that is proven to effectively teach children to read, consistent with Minnesota Statutes, sections 120B.1117 to 120B.124.]**

### **I. PURPOSE**

This policy aligns with Minnesota law established in the Read Act and on other topics related to reading.

### **II. GENERAL STATEMENT OF POLICY**

The school district recognizes the centrality of reading in a student's educational experience.

### **III. DEFINITIONS**

- A. "Evidence-based" means the instruction or item described is based on reliable, trustworthy, and valid evidence and has demonstrated a record of success in increasing students' reading competency in the areas of phonological and phonemic awareness, phonics, vocabulary development, reading fluency, and reading comprehension. Evidence-based literacy instruction is explicit, systematic, and includes phonological and phonemic awareness, phonics and decoding, spelling, fluency, vocabulary, oral language, and comprehension that can be differentiated to meet the needs of individual students. Evidence-based instruction does not include the three-cueing system, as defined in subdivision 16.
- B. "Fluency" means the ability of students to read text accurately, automatically, and with proper expression.
- C. "Foundational reading skills" includes phonological and phonemic awareness, phonics and decoding, and fluency. Foundational reading skills appropriate to each grade level must be mastered in kindergarten, grade 1, grade 2, and grade 3. Struggling readers in grades 4 and above who do not demonstrate mastery of grade-level foundational reading skills must continue to receive explicit, systematic instruction to reach mastery.
- D. "Literacy specialist" means a person licensed by the Professional Educator Licensing and Standards Board as a teacher of reading, a special education teacher, or a kindergarten through grade 6 teacher, who has completed professional development approved by the Minnesota Department of Education (MDE) in structured literacy. A literacy specialist employed by the department under Minnesota Statutes, section 120B.123, subdivision 7, or by a district as a literacy lead, is not required to complete the approved training before August 30, 2025.
- E. "Literacy lead" means a literacy specialist with expertise in working with educators as adult learners. A district literacy lead must support the district's implementation of the

Read Act; provide support to school-based coaches; support the implementation of structured literacy, interventions, curriculum delivery, and teacher training; assist with the development of personal learning plans; and train paraprofessionals and other support staff to support classroom literacy instruction. A literacy lead may be employed by one district, jointly by two or more districts, or may provide services to districts through a partnership with the regional service cooperatives or another district.

- F. "Multitiered system of support" or "MTSS" means a systemic, continuous improvement framework for ensuring positive social, emotional, behavioral, developmental, and academic outcomes for every student. The MTSS framework provides access to layered tiers of culturally and linguistically responsive, evidence-based practices and relies on the understanding and belief that every student can learn and thrive. Through a MTSS at the core (Tier 1), supplemental (Tier 2), and intensive (Tier 3) levels, educators provide high quality, evidence-based instruction and intervention that is matched to a student's needs; progress is monitored to inform instruction and set goals and data is used for educational decision making.
- G. "Oral language," also called "spoken language," includes speaking and listening, and consists of five components: phonology, morphology, syntax, semantics, and pragmatics.
- H. "Phonemic awareness" means the ability to notice, think about, and manipulate individual sounds in spoken syllables and words.
- I. "Phonics instruction" means the explicit, systematic, and direct instruction of the relationships between letters and the sounds they represent and the application of this knowledge in reading and spelling.
- J. "Progress monitoring" means using data collected to inform whether interventions are working. Progress monitoring involves ongoing monitoring of progress that quantifies rates of improvement and informs instructional practice and the development of individualized programs using state-approved screening that is reliable and valid for the intended purpose.
- K. "Reading comprehension" means a function of word recognition skills and language comprehension skills. It is an active process that requires intentional thinking during which meaning is constructed through interactions between the text and reader. Comprehension skills are taught explicitly by demonstrating, explaining, modeling, and implementing specific cognitive strategies to help beginning readers derive meaning through intentional, problem-solving thinking processes.
- L. "Structured literacy" means an approach to reading instruction in which teachers carefully structure important literacy skills, concepts, and the sequence of instruction to facilitate children's literacy learning and progress. Structured literacy is characterized by the provision of systematic, explicit, sequential, and diagnostic instruction in phonemic awareness, phonics, fluency, vocabulary and oral language development, and reading comprehension.
- M. "Three-cueing system," also known as "meaning structure visual (MSV)," means a method that teaches students to use meaning, structure and syntax, and visual cues when attempting to read an unknown word.

N. "Vocabulary development" means the process of acquiring new words. A robust vocabulary improves all areas of communication, including listening, speaking, reading, and writing. Vocabulary growth is directly related to school achievement and is a strong predictor for reading success.

#### **IV. READING SCREENER; PARENT NOTIFICATION AND INVOLVEMENT**

A. The school district must administer an approved evidence-based reading screener to students in kindergarten through grade 3 within the first six weeks of the school year, and again within the last six weeks of the school year. The screener must be one of the screening tools approved by the Minnesota Department of Education (MDE).

B. The school district must identify any screener it uses in the district's annual literacy plan, and submit screening data with the annual literacy plan by June 15.

C. Schools, at least biannually after administering each screener, must give the parent of each student who is not reading at or above grade level timely information about:

1. the student's reading proficiency as measured by a screener approved by MDE;

2. reading-related services currently being provided to the student and the student's progress; and

3. strategies for parents to use at home in helping their student succeed in becoming grade-level proficient in reading in English and in their native language.

D. The school district may not use this section to deny a student's right to a special education evaluation.

#### **V. IDENTIFICATION AND REPORT**

A. Students enrolled in kindergarten, grade 1, grade 2, and grade 3, including multilingual learners and students receiving special education services, must be universally screened for mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, oral language, and for characteristics of dyslexia as measured by a screening tool approved by MDE. The screening for characteristics of dyslexia may be integrated with universal screening for mastery of foundational skills and oral language.

B. The school district must submit data on student performance in kindergarten, grade 1, grade 2, and grade 3 on foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language to MDE in the annual local literacy plan submission due on June 15.

C. Students in grades 4 and above, including multilingual learners and students receiving special education services, who do not demonstrate mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language, must be screened using a screening tool approved by MDE for characteristics of dyslexia and must continue to receive evidence-based instruction, interventions, and progress monitoring until the students achieve grade-level proficiency. A parent, in consultation with a teacher, may opt a student out of the literacy screener if the parent and teacher decide that continuing to screen would not

be beneficial to the student. In such limited cases, the student must continue to receive progress monitoring and literacy interventions.

- D. Reading screeners in English, and in the predominant languages of school district students where practicable, must identify and evaluate students' areas of academic need related to literacy. The school district also must monitor the progress and provide reading instruction appropriate to the specific needs of multilingual learners. The school district must use an approved, developmentally appropriate, and culturally responsive screener and annually report summary screener results to the MDE Commissioner by June 15 in the form and manner determined by the MDE Commissioner.
- E. The school district must include in its literacy plan a summary of the district's efforts to screen, identify, and provide interventions to students who demonstrate characteristics of dyslexia as measured by a screening tool approved by MDE. With respect to students screened or identified under paragraph (a), the report must include:
1. a summary of the school district's efforts to screen for dyslexia;
  2. the number of students universally screened for that reporting year;
  3. the number of students demonstrating characteristics of dyslexia for that year; and
  4. an explanation of how students identified under this subdivision are provided with alternate instruction and interventions under Minnesota Statutes, section 125A.56, subdivision 1.

## **VI. INTERVENTION**

- A. For each student identified under the screening identification process, the school district shall provide reading intervention to accelerate student growth and reach the goal of reading at or above grade level by the end of the current grade and school year.
- B. The school district must implement progress monitoring, as defined in Minnesota Statutes, section 120B.1118, for a student not reading at grade level.
- C. The school district must use evidence-based curriculum and intervention materials at each grade level that are designed to ensure student mastery of phonemic awareness, phonics, vocabulary development, reading fluency, and reading comprehension. Starting July 1, 2023, if the school district purchases new literacy curriculum, or literacy intervention or supplementary materials, the curriculum or materials must be evidence-based as defined in Minnesota Statutes, section 120B.1118.
- D. If a student does not read at or above grade level by the end of the current school year, the school district must continue to provide reading intervention until the student reads at grade level. School district intervention methods shall encourage family engagement and, where possible, collaboration with appropriate school and community programs that specialize in evidence-based instructional practices and measure mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language.

- E. By the 2025-2026 school year, intervention programs must be taught by an intervention teacher or special education teacher who has successfully completed training in evidence-based reading instruction approved by MDE. Intervention may include but is not limited to requiring student attendance in summer school, intensified reading instruction that may require that the student be removed from the regular classroom for part of the school day, extended-day programs, or programs that strengthen students' cultural connections.
  
- F. The school district must determine the format of the personal learning plan in collaboration with the student's educators and other appropriate professionals. The school must develop the learning plan in consultation with the student's parent or guardian. The personal learning plan must include targeted instruction that is evidence-based and ongoing progress monitoring, and address knowledge gaps and skill deficiencies through strategies such as specific exercises and practices during and outside of the regular school day, group interventions, periodic assessments or screeners, and reasonable timelines. The personal learning plan may include grade retention, if it is in the student's best interest; a student may not be retained solely due to delays in literacy or not demonstrating grade-level proficiency. A school must maintain and regularly update and modify the personal learning plan until the student reads at grade level. This paragraph does not apply to a student under an individualized education program.

**VII. LOCAL LITERACY PLAN**

- A. The school district must adopt a local literacy plan to have every child reading at or above grade level every year beginning in kindergarten and to support multilingual learners and students receiving special education services in achieving their individualized reading goals. The school district must update and submit the plan to the Commissioner of MDE by June 15 each year. The plan must be consistent with the Read Act, and include the following:
  - 1. a process to assess students' foundational reading skills, oral language, and level of reading proficiency and the screeners used, by school site and grade level, under Minnesota Statutes, section 120B.123;
  - 2. a process to notify and involve parents;
  - 3. a description of how schools in the school district will determine the targeted reading instruction that is evidence-based and includes an intervention strategy for a student and the process for intensifying or modifying the reading strategy in order to obtain measurable reading progress;
  - 4. evidence-based intervention methods for students who are not reading at or above grade level and progress monitoring to provide information on the effectiveness of the intervention;
  - 5. identification of staff development needs, including a plan to meet those needs;
  - 6. the curricula used by school site and grade level;
  - 7. a statement of whether the school district has adopted a MTSS framework;

8. student data using the measures of foundational literacy skills and mastery identified by MDE for the following students:
  - a. students in kindergarten through grade 3;
  - b. students who demonstrate characteristics of dyslexia; and

## **708 TRANSPORTATION OF NONPUBLIC SCHOOL STUDENTS**

*[Note: The obligations stated in this policy are largely governed by statute. A school district may choose to add obligations to the model policy.]*

### **I. PURPOSE**

The purpose of this policy is to address transportation rights of nonpublic school students and to provide equality of treatment in transporting such students pursuant to law.

### **II. GENERAL STATEMENT OF POLICY**

The policy of the school district is to recognize the rights of nonpublic school students and to provide equal transportation to those students as required by law.

### **III. ELIGIBILITY**

- A. The school district shall provide equal transportation within the district for all students to any school when transportation is deemed necessary by the school district because of distance or traffic conditions in like manner and form as provided in Minnesota Statutes sections 123B.88 and 123B.92 when applicable.
- B. Upon the request of a parent or guardian, the school district must provide school bus transportation to the school district boundary for students residing in the school district at least the same distance from a nonpublic school actually attended in another school district as public school students are transported in the transporting school district. Such transportation must be provided whether or not there is another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means.
- C. The school district may provide school bus transportation to a nonpublic school in another school district for students residing in the school district and attending that school, whether there is or is not another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means. If the school district transports students to a nonpublic school located in another school district, the nonpublic school shall pay the cost of such transportation provided outside the school district boundaries.
- D. The school district must provide the necessary transportation within school district boundaries between the nonpublic school and a public school or neutral site for nonpublic school students who are provided pupil support services, if the school district elects to provide pupil support services at a site other than a nonpublic school.

- E. When transportation is provided, the scheduling of routes, manner and method of transportation, control and discipline of students and any other matter relating thereto shall be within the sole discretion, control and management of the school district. A nonpublic or charter school student transported by the school district shall comply with school district student bus conduct and student bus discipline policies.
- F. The school board and a nonpublic school may mutually agree to a written plan for the board to provide nonpublic pupil transportation to nonpublic school students. The school district must report the number of nonpublic school students transported and the nonpublic pupil transportation expenditures incurred in the form and manner specified by the Minnesota Commissioner of Education.
- G. If the school board provides pupil transportation through the school's employees, the school board may transport nonpublic school students according to the plan and retain the nonpublic pupil transportation aid attributable to that plan. A nonpublic school may make a payment to the school district to cover additional transportation services agreed to in the written plan for nonpublic pupil transportation services not required under Minnesota Statutes, sections 123B.84 to 123B.87.
- H. A school board that contracts for pupil transportation services may enter into a contractual arrangement with a school bus contractor according to the written plan adopted by the school board and the nonpublic school to transport nonpublic school students and retain the nonpublic pupil transportation aid attributable to that plan for the purposes of paying the school bus contractor. A nonpublic school may make a payment to the school district to cover additional transportation services agreed to in the written plan for nonpublic pupil transportation services included in the contract that are not required under Minnesota Statutes, sections 123B.84 to 123B.87.
- I.F. Additional transportation to and from a nonpublic school may be provided at the expense of the school district when such services are provided in the discretion of the school district.

#### IV. STUDENTS WITH DISABILITIES

- A. If a resident student with a disability attends a nonpublic school located within the school district, the school district must provide necessary transportation for the student within the school district between the nonpublic school and the educational facility where special instruction and services are provided on a shared-time basis. If a resident student with a disability attends a nonpublic school located in another school district and if no agreement exists for the provision of special instruction and services on a shared time basis to that student by the school district of attendance and where the special instruction and services are provided within the school district, the school district shall provide necessary transportation for that student between the school district boundary and the educational facility. The school district may provide necessary transportation for that student between its boundary and the nonpublic school attended, but the nonpublic school shall pay the cost of transportation provided outside the school district boundary. School districts may make agreements for who provides transportation. Parties serving students on a shared time basis have access to a due process hearing system as provided by law.
- B. When the disabling conditions of a student with a disability are such that the student cannot

be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program, the student shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the disabling conditions and applicable laws. This section shall not be applicable to parents who transport their own child under a contract with the school district.

- C. Each driver and aide assigned to a vehicle transporting students with a disability must (1) be instructed in basic first aid and procedures for the students under their care; (2) within one month after the effective date of assignment, participate in a program of in-service training on the proper methods of dealing with the specific needs and problems of students with disabilities; (3) assist students with disabilities on and off the bus when necessary for their safe ingress and egress from the bus; and (4) ensure that proper safety devices are in use and fastened properly.
  
- D. All students in grades 7 through 10 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training or receive bus safety instruction materials by the end of the sixth week of school, if they have not previously received school bus training. Students in grades K through 10 who enroll in a school after the second week of school, are transported by school bus, and have not received training in their previous school districts shall undergo school bus safety training or receive bus safety instructional materials

within four weeks of their first day of attendance.

3. The school district and a nonpublic school with students transported by school bus at public expense must provide students enrolled in grades K through 3 school bus safety training twice during the school year.
4. Students taking driver's training instructional classes must receive training in the laws and proper procedures for operating a motor vehicle in the vicinity of a school bus as required by Minnesota Statutes section 169.446, subdivision 2.

In addition, all school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

1. School Bus and Bus Stop Rules. The school district school bus safety rules are to be posted on every bus. If these rules are broken, the school district's discipline procedures are to be followed. In most circumstances, consequences are

progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the school district's Transportation Office/School Office.

2. Rules at the Bus Stop

- a. Get to your bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- b. Respect the property of others while waiting at your bus stop.

4. Consequences

Consequences for school bus/bus stop misconduct will apply to all regular and late routes (if any). Decisions regarding a student's ability to ride the bus in connection with cocurricular and extracurricular events (for example, field trips or competitions) will be in the sole discretion of the school district. Parents or guardians will be notified of any suspension of bus privileges.

a. *For Students in Grades K-8*

*1<sup>st</sup> Violation – A phone call will be given to parents from Transportation Department*

*2<sup>nd</sup> Violation - A Conduct Report will be sent to the appropriate school, and referred to Stop and Think Room.*

c. Other Discipline

Based on the severity of a student's conduct, more serious consequences may be imposed at any time. Depending on the nature of the offense, consequences such as suspension or expulsion from school also may result from school bus/bus stop misconduct.

d. Records

Records of school bus/bus stop misconduct will be forwarded to the individual school building and will be retained in the same manner as other student discipline records. Reports of student misbehavior on a school bus or in a bus-loading or unloading area that are reasonably believed to cause an immediate and substantial danger to the student or surrounding persons or property shall be provided by the school district to local law enforcement and the Department of Public Safety in accordance with state and federal law.

e. Vandalism/Bus Damage

Students damaging school buses will be responsible for the damages. Failure to pay such damages (or make arrangements to pay) within two weeks may result in the loss of bus privileges until damages are paid.

## VI. SCHOOL BUS DRIVER TRAINING

### A. Training

1. All new school bus drivers shall be provided with pre-service training, including in-vehicle (actual driving) instruction, before transporting students and shall meet the competency testing specified in the Minnesota Department of Public Safety Model School Bus Driver Training Manual. All school bus drivers shall receive in-service training annually. For purposes of this section, "annually" means at least once every 380 days from the initial or previous evaluation and at least once every 380 days from the initial or previous license verification. The

school district shall retain on file an annual individual school bus driver “evaluation certification” form for each school district driver as contained in the Model School Bus Driver Training Manual.

2. All bus drivers operating a type III vehicle will be provided with annual training and certification as set forth in Section VII.C.1.b., below, by either the school district or the entity from whom such services are contracted by the school district.

**B. Evaluation**

School bus drivers with a Class D license will be evaluated annually and all other bus drivers will be assessed periodically for the following competencies:

1. Safely operate the type of school bus the driver will be driving;
2. Understand student behavior, including issues relating to students with disabilities;
3. Ensure orderly conduct of students on the bus and handling incidents of misconduct appropriately;
4. Know and understand relevant laws, rules of the road, and local school bus safety policies;
5. Handle emergency situations; and
6. Safely load and unload students.

The evaluation must include completion of an individual “school bus driver evaluation form” (road test evaluation) as contained in the Model School Bus Driver Training Manual.

**VII. OPERATING RULES AND PROCEDURES**

**A. General Operating Rules**

1. School buses shall be operated in accordance with state traffic and school bus safety laws and the procedures contained in the Minnesota Department of Public Safety Model School Bus Driver Training Manual.
2. Only students assigned to the school bus by the school district shall be transported. The number of students or other authorized passengers transported in a school bus shall not be more than the legal capacity for the bus. No person shall be allowed to stand when the bus is in motion.
3. The parent/guardian may designate, pursuant to school district policy, a day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the parent or guardian as the address of the student for

transportation purposes. The address must be in the attendance area of the assigned school and meet all other eligibility requirements.

4. Bus drivers must minimize, to the extent practical, the idling of school bus engines and exposure of children to diesel exhaust fumes.
5. To the extent practical, the school district will designate school bus loading/unloading zones at a sufficient distance from school air-intake systems to avoid diesel fumes from being drawn into the systems.
6. A bus driver may not operate a school bus while communicating over, or otherwise operating, a cellular phone for personal reasons, whether hand-held or hands free, when the vehicle is in motion or a part of traffic. For purposes of this paragraph, "school bus" has the meaning given in Minnesota Statutes section 169.011, subdivision 71. In addition, "school bus" also includes type III vehicles when driven by employees or agents of the school district. "Cellular phone" means a cellular, analog, wireless, or digital telephone capable of sending or receiving telephone or text messages without an access line for service.

B. Type III Vehicles

1. Type III vehicles are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer's rated seating capacity of 10 or fewer people including the driver and a gross vehicle weight rating of 10,000 pounds or less. A van or bus converted to a seating capacity of 10 or fewer and placed in service on or after August 1, 1999, must have been originally manufactured to comply with the passenger safety standards.
2. Type III vehicles must be painted a color other than national school bus yellow.
3. Type III vehicles shall be state inspected in accordance with legal requirements.
- 4.

Vehicles model year 2007 or older must not be used as type III vehicles to transport school children, except those vehicles that are manufactured to meet the structural requirements of federal motor vehicle safety standard 222, Code of Federal Regulations, title 49, part 571.

~~A type III vehicle cannot be older than 12 years old unless excepted by state and federal law.~~

5. If a type III vehicle is school district owned, the school district name will be clearly marked on the side of the vehicle. The type III vehicle must not have the words "school bus" in any location on the exterior of the vehicle or in any interior location visible to a motorist.
6. A "type III vehicle" must not be outwardly equipped and identified as a type A, B, C, or D bus.

7. Eight-lamp warning systems and stop arms must not be installed or used on type III vehicles.
8. Type III vehicles must be equipped with mirrors as required by law.
9. Any type III vehicle may not stop traffic and may not load or unload before making a complete stop and disengaging gears by shifting into neutral or park. Any type III vehicle used to transport students must not load or unload so that a student has to cross the road, except where not possible or impractical, then the driver or assistant must escort a student across the road. If the driver escorts the student across the road, then the motor must be stopped, the ignition key removed, the brakes set, and the vehicle otherwise rendered immobile.
10. Any type III vehicle used to transport students must carry emergency equipment including:
  - a. Fire extinguisher. A minimum of one 10BC rated dry chemical type fire extinguisher is required. The extinguisher must be mounted in a bracket, and must be located in the driver's compartment and be readily accessible to the driver and passengers. A pressure indicator is required and must be easily read without removing the extinguisher from its mounted position.
  - b. First aid kit and body fluids cleanup kit. A minimum of a ten-unit first aid kit and a body fluids cleanup kit is required. They must be contained in removable, moisture- and dust-proof containers mounted in an accessible place within the driver's compartment and must be marked to indicate their identity and location.
  - c. Passenger cars and station wagons may carry a fire extinguisher, a first aid kit, and warning triangles in the trunk or trunk area of the vehicle if a label in the driver and front passenger area clearly indicates the location of these items.
11. Students will not be regularly transported in private vehicles that are not state inspected as type III vehicles. Only emergency, unscheduled transportation may be conducted in vehicles with a seating capacity of 10 or fewer without meeting the requirements for a type III vehicle. Also, parents may use a private vehicle to transport their own children under a contract with the district. The school district has no system of inspection for private vehicles.
12. All drivers of type III vehicles will be licensed drivers and will be familiar with the use of required emergency equipment. The school district will not knowingly allow a person to operate a type III vehicle if the person has been convicted of an offense that disqualifies the person from operating a school bus.
13. Type III vehicles will be equipped with child passenger restraints, and child

passenger restraints will be utilized to the extent required by law.

C. Type III Vehicle Driven by Employees with a Driver's License Without a School Bus Endorsement

1. The holder of a Class A, B, C, or D driver's license, without a school bus endorsement, may operate a type III vehicle, described above, under the following conditions:

- location; and
  - (d) placing the type III vehicle in “park” during loading and unloading;
  - (e) escorting a student across the road under clause (c) only after the motor is stopped, the ignition key is removed, the brakes are set, and the vehicle is otherwise rendered immobile; and

  - g. The bus has a gross vehicle weight rating of 14,500 pounds or less and is designed to transport 15 or fewer passengers, including the driver.
- 2. The school district shall maintain annual certification of the requirements listed in this section for each Class D license operator.
  - 3. A school bus operated under this section must bear a current certificate of inspection.
  - 4. The word "School" on the front and rear of the bus must be covered by a sign that reads "Activities" when the bus is being operated under authority of this section.

### VIII. SCHOOL DISTRICT EMERGENCY PROCEDURES

- A. If possible, school bus drivers or their supervisors shall call "911" or the local emergency phone number in the event of a serious emergency.
- B. School bus drivers shall meet the emergency training requirements contained in Unit III "Crash & Emergency Preparedness" of the Minnesota Department of Public Safety Model School Bus Driver Training Manual. This includes procedures in the event of a crash (accident).
- C. School bus drivers and bus assistants for special education students requiring special transportation service because of their handicapping condition shall be trained in basic first aid procedures, shall within one (1) month after the effective date of assignment participate in a program of in-service training on the proper methods for dealing with the specific needs and problems of students with disabilities, assist students with disabilities on and off the bus when necessary for their safe ingress and egress from the bus; and ensure that protective safety devices are in use and fastened properly.
- D. Emergency Health Information shall be maintained on the school bus for students requiring special transportation service because of their handicapping condition. The information shall state:

1. the student's name and address;
2. the nature of the student's disabilities;

- D. Daily post-trip inspections shall be performed to check for any children or lost items remaining on the bus and for vandalism.

**X. SCHOOL TRANSPORTATION SAFETY DIRECTOR**

The school board has designated an individual to serve as the school district's school transportation safety director. The school transportation safety director shall have day-to-day responsibility for student transportation safety, including transportation of nonpublic school children when provided by the school district. The school transportation safety director will assure that this policy is periodically reviewed to ensure that it conforms to law. The school transportation safety director shall certify annually to the school board that each school bus driver meets the school bus driver training competencies required by Minnesota Statutes, section 171.321, subdivision 4. The transportation safety director also shall annually verify or ensure that the private contractor utilized by the school has verified the validity of the driver's license of each employee who regularly transports students for the school district in a type A, B, C, or D school bus, type III vehicle, or MFSAB with the National Driver's Register or the Department of Public Safety. Upon request of the school district superintendent or the superintendent of the school district where nonpublic students are transported, the school transportation safety director also shall certify to the superintendent that students have received school bus safety training in accordance with state law. The name, address and telephone number of the school transportation safety director are on file in the school district office. Any questions regarding student transportation or this policy may be addressed to the school transportation safety director.

## 806 CRISIS MANAGEMENT POLICY

### I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. ~~For purposes of this Policy, the term, "school districts," shall include charter schools.~~ The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

### II. GENERAL INFORMATION

#### A. The Policy and Plans

The school district's Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

#### B. Elements of the District Crisis Management Policy

1. General Crisis Procedures. The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation,

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

Finally, all general crisis procedures will address specific procedures for children with special needs such as physical, sensory, motor, developmental, and mental health challenges.

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.
- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. This may include students who do not have a 504 plan or an individualized education program (IEP). The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.
- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may

change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.
3. School Emergency Response Teams
  - a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.
  - b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

### III. PREPARATION BEFORE AN EMERGENCY

#### A. Communication

1. District Employees. Teachers generally have the most direct contact with

---

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)
2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See Minn. Stat. § 121A.035.

---

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.
7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

E. Warning and Notification Systems

---

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. . The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for inform students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community.-Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

---

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery
2. Fiscal recovery
3. Academic recovery
4. Social/emotional recovery.

**IV. ACTIVE SHOOTER DRILL**

A. Definitions

1. "Active shooter drill" means an emergency preparedness drill designed to teach students, teachers, school personnel, and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school. An active shooter drill is not an active shooter simulation, nor may an active shooter drill include any sensorial components, activities, or elements which mimic a real life shooting.
2. "Active shooter simulation" means an emergency exercise including full-scale or functional exercises, designed to teach adult school personnel and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school which also incorporates sensorial components, activities, or elements mimicking a real life shooting. Activities or elements mimicking a real life shooting include, but are not limited to, simulation of tactical response by law enforcement. An active shooter simulation is not an active shooter drill.
3. "Evidence-based" means a program or practice that demonstrates any of the following:

---

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

- a. a statistically significant effect on relevant outcomes based on any of the following:
  - i. strong evidence from one or more well designed and well implemented experimental studies;
  - ii. moderate evidence from one or more well designed and well implemented quasi-experimental studies; or
  - iii. promising evidence from one or more well designed and well implemented correlational studies with statistical controls for selection bias; or
- b. a rationale based on high-quality research findings or positive evaluations that the program or practice is likely to improve relevant outcomes, including the ongoing efforts to examine the effects of the program or practice.

4. "Full-scale exercise" means an operations-based exercise that is typically the most complex and resource-intensive of the exercise types and often involves multiple agencies, jurisdictions, organizations, and real-time movement of resources.

5. "Functional exercises" means an operations-based exercise designed to assess and evaluate capabilities and functions while in a realistic, real-time environment, however, movement of resources is usually simulated.

B. Criteria

An active shooter drill conducted according to Minnesota Statutes, section 121A.037 with students in early childhood through grade 12 must be:

- 1. accessible;
- 2. developmentally appropriate and age appropriate, including using appropriate safety language and vocabulary;
- 3. culturally aware;
- 4. trauma-informed; and
- 5. inclusive of accommodations for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

C. Student Mental Health and Wellness

Active shooter drill protocols must include a reasonable amount of time immediately following the drill for teachers to debrief with their students. The opportunity to debrief must be provided to students before regular classroom activity may resume. During the debrief period, students must be allowed to access any mental health services available on campus, including counselors, school psychologists, social workers, or cultural liaisons. An active shooter drill must not be combined or conducted

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

consecutively with any other type of emergency preparedness drill. An active shooter drill must be accompanied by an announcement prior to commencing. The announcement must use concise and age-appropriate language and, at a minimum, inform students there is no immediate danger to life and safety.

D. Notice

1. The school district must provide notice of a pending active shooter drill to every student's parent or legal guardian before an active shooter drill is conducted. Whenever practicable, notice must be provided at least 24 hours in advance of a pending active shooter drill and inform the parent or legal guardian of the right to opt their student out of participating.
2. If a student is opted out of participating in an active shooter drill, no negative consequence must impact the student's general school attendance record nor may nonparticipation alone make a student ineligible to participate in or attend school activities.
3. The Commissioner of the Minnesota Department of Education must ensure the availability of alternative safety education for students who are opted out of participating or otherwise exempted from an active shooter drill. Alternative safety education must provide essential safety instruction through less sensorial safety training methods and must be appropriate for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

E. Participation in Active Shooter Drills

Any student in early childhood through grade 12 must not be required to participate in an active shooter drill that does not meet the Criteria set forth above.

F. Active Shooter Simulations

A student must not be required to participate in an active shooter simulation. An active shooter simulation must not take place during regular school hours if a majority of students are present, or expected to be present, at the school. A parent or legal guardian of a student in grades 9 through 12 must have the opportunity to opt their student into participating in an active shooter simulation.

G. Violence Prevention

1. A school district or charter school conducting an active shooter drill must provide students in middle school and high school at least one hour, or one standard class period, of violence prevention training annually.
2. The violence prevention training must be evidence-based and may be delivered in-person, virtually, or digitally. Training must, at a minimum, teach students the following:
  - a. how to identify observable warning signs and signals of an individual who may be at risk of harming oneself or others;
  - b. the importance of taking threats seriously and seeking help; and

*In partnership with our communities and families, Rockford Area Schools provides challenging opportunities to engage, inspire, and educate globally-minded citizens.*

c. the steps to report dangerous, violent, threatening, harmful, or potentially harmful activity.

3. A school district or charter school must ensure that students have the opportunity to contribute to their school's safety and violence prevention planning, aligned with the recommendations for multihazard planning for schools, including but not limited to:

a. student opportunities for leadership related to prevention and safety;

b. encouragement and support to students in establishing clubs and programs focused on safety; and

c. providing students with the opportunity to seek help from adults and to learn about prevention connected to topics including bullying, sexual harassment, sexual assault, and suicide.

H. Board Meeting

At a regularly scheduled school board meeting, a school board of a district that has conducted an active shooter drill must consider the following:

1. the effect of active shooter drills on the safety of students and staff; and

2. the effect of active shooter drills on the mental health and wellness of students and staff.

B. Visitors

The school district shall implement procedures mandating visitor sign in and visitors in school buildings. See Policy 903 (Visitors to School District Buildings and Sites).

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.

C. Student Victims of Criminal Offenses at or on School Property

The school district shall establish procedures allowing student victims of criminal offenses on school property the opportunity to transfer to another school within the school district.
