March 2026
Superintendent Board Report

- JCC will be transitioning from Remind to ParentSquare for district communication. Remind was purchased by ParentSquare and will no longer be available to us. We will finish out the school year with Remind and make the transition over the summer.
- NDE offers two methods for schools to acquire equipment and materials for job readiness courses. The Perkins Grant and the CTE (Career and Technical Education). As we are in need of upgraded computers in our Cook Site computer lab, we are looking to use Perkins funds to upgrade the lab. Mrs. Jeanne Wolken has also requested a hospital bed for the CNA (Certified Nurses Assistant) course JCC offers. We are going to attempt to acquire this with Perkins funds as well. We use our CTE Grant funds for fees and related costs for students to attend state and national conferences in FFA, FBLA, Skills USA and HOSA.
- Four candidates have filed to run for JCC's school board. Don Gadeken, Elisa Prado, Scott Straka and Kim Wellensiek will all appear on the ballot in the November 2026 General Election.
- Laurie Badertscher and I attended the NASB Budget and Finance Workshop in Seward on the evening of March 10, 2026. Carl Dietz and Matt Fisher presented on how to build a budget, levying taxes and revenues for school districts. The workshop is a nice refresher to begin thinking about the upcoming budget.
- I attended the NCSA (Nebraska Council of School Administrators) GRIT (Government Relations Information Teams) Conference on the morning of Wednesday, March 11 at the NCSA Office in Lincoln. On hand to present were Senator Brad von Gillern, Senator Jana Hughes, Dr. Rebecca Firestone of OpenSky Policy Institute, Senator Jason Prokop, Dr. Mike Dulaney and Tim Heckenlively of NCSA, and Senator Dunixi Guereca.
 - Of note, there was only one bill during the entire session that looked to raise revenue for Nebraska. This was an increased tax on tobacco and vape products. However, this bill did not survive. Taxes on tobacco and vape products have not increased in over 20 years.
 - Also, Dr. Firestone noted that Nebraska is increasingly becoming a regressive state tax system. This means that "lower- and middle-income families pay a greater share of their incomes in taxes than higher-income residents."
 - The bill to provide vouchers for private schools lacks much detail. It is simply seen as a way to get public dollars to private schools.

- The current Nebraska budget is not balanced and still holds with a \$130 million deficit.
- OpenSky shows that Nebraska is trending toward depleting the Nebraska Education Future Fund (funds for Foundation Aid) by the year 2029.
 - <https://openskypolicy.org/>
- We need to update iPads for the district. To do this we will need to allocate \$278,145.00 over a four year period as a lease to purchase agreement. We can get this done at 0% interest and we can use our REAP funds for the lease.

WHAT IS YOUR ROLE?

Engaging in advocacy happens all year. When the Legislature inserts itself into the boardroom or the classroom, lawmakers need to hear from YOU! Advocating for LOCAL CONTROL is critical. Here's what you can do.

STAY INFORMED

Track the legislation that impacts your district; Get updates from NASB's Advocacy Team; Have the data that tells your story (Spending, Student Demographics, School Needs); Attend the Legislative Issues Conference, Area Meetings & State Education Conference

KNOW THE PROCESS

The 60-Day Session began Wednesday, January 7, and ends April 17. Bill introduction was the first 10 days of the Session. Committee Hearings took place the first 30 days. Priority Bills were identified mid-February

ENGAGE

Facilitate regular meetings with your representative; Engage in the process; Go on Record! (Come testify, write a letter, send an email); Come to Lincoln for a day at the Capitol; Consider becoming one of NASB's "expert go-to members" in an area where you can engage!

NASB CAN ASSIST YOU ... JUST ASK!

NASB represents all member Districts & ESUs in Nebraska, and lobbies on YOUR behalf. We are guided by an agenda developed annually by the NASB Legislation Committee initiated with submissions from YOU, then approved by YOU at the Delegate Assembly each November. We are here to help you position yourself as the expert in the education of students you share with your Senator(s). Make sure you are the first call when a bill effecting your shared community is considered. Thanks for sharing your district's story and engaging!

<https://nasb.envisiams.com/legislative-bills>

- LB 867** (HHS) Change and eliminate provisions relating to programs and services administered by the Department of Health and Human Services
Health and Human Services Priority ... Currently on General File
Amended to include LB 1013, it shifts students in custody (ages 11–19) from full Rule 10 public school standards to lesser Rule 18 interim requirements, mandates unfunded virtual learning from school districts, and risks transferring some youth to maximum-security adult penal settings. This heightens abuse/trauma risks, undermines rehabilitation, and burdens districts amid proposed special ed cuts. The changes threaten educational quality for vulnerable youth and jeopardize jobs/stability for over 70 teachers, many facing reduction-in-force or forced relocation (e.g., Kearney to Omaha).
- LB 937** (Education) Change provisions relating to option enrollment, reading, dyslexia, reporting, teacher apprenticeships, teacher recruitment and retention, and the College Pathway Program
Education Committee Priority ... Likely to be a vehicle for other measures

- LB 1219** **(Brandt) Limit the amount of property taxes that may be levied by a political subdivision**
Sen. Hansen Priority ... Currently on General File

Limits levy to prior year allowable growth. Allowable growth percentage means a percentage equal to the sum of two percent plus the political subdivision's real growth percentage. Will likely be attached to LB 803, the Revenue Committee's Priority Bill. (See Page 1)

Bills In the Education Package (LB 937)

<https://nasb.envisiams.com/legislative-bills>

LB 1224

(Hunt) Prohibit children from transferring to an exempt school during certain child abuse or neglect investigations and prohibit persons convicted of certain crimes from monitoring or providing instruction at such schools. **Currently on General File ... Amended to include ALL schools**

LB 1241

LB 1243

(Murman) Change school board policies and procedures relating to part-time enrollment

Eliminates requirement that non-enrolled, resident students participate in a minimum number of 5 credit hours or less to participate in extracurricular activities (not regulated by NSAA).

Bills Looking for a Home

LB 440

(Spivey) Adopt the Education Leave and Support Act

AM pending which will mandate paid FMLA for first 30 service days, not to be taken out of leave provided. Allows for a budget exception for sub costs. Districts would still have to levy in order to cover the cost.

LB 507

(Hunt) Change provisions relating to school transportation expenses for children with disabilities

Possible amendment coming

LB 575

(Hallstrom) Change provisions relating to the Property Tax Request Act and property tax levy limits

Changes to the pink postcard meetings to a summer briefing requiring all political subdivisions to attend and present. Could be a part of the Revenue Package (See LB 803 on Page 1). Requires two-third vote of school board to levy more than the amount levied the year before.

LB 841

(Rountree) Change provisions relating to special education services, parental consent, and hearings *Gives parents additional "veto" power over their child's IEP provisions. LB 960

(McKinney) Provide a requirement to include nonvoting student members on school boards

May be amended on the floor. This should remain a local decision rather than a state mandate. Districts face unique constraints and have developed diverse methods for student engagement, such as involving Student Council, FFA, or National Honor Society members in monthly meetings.

LB 1097

(Conrad) Adopt the State and Political Subdivisions Sexual Abuse Liability Act

Changes language in the political subdivision tort claims statute impacting districts sovereign immunity. Making sure this bill as AM 2485 is not attached to LB 1100. (See Page 2)

Other Items

Agency 23 - A \$7 million dollar appropriation of Department of Labor to be used for scholarship grants to non-public students

*While there was talk of putting this in a separate bill to be debated on its own, they decided to keep it in the budget, but reduced the amount to **\$3.5 million** with language regarding income needed to qualify. We have to work to get this pulled out of the budget.*

Other Items

<https://members.nasbonline.org/events>

- LB 384** (Storer) Require the county assessor and one voting member of the governing bodies of participating political subdivisions to attend joint public hearings under the Property Tax Request Act

NCSA Legislative Update

Dr. Mike Dulaney
NCSA Executive Director
March 11, 2026

1. Cap on Property Tax Growth: LB 1219 (Brandt) was advanced by the Revenue Committee on a 6-1-1 vote.

LB 1219 provides that, beginning January 1, 2027, and notwithstanding the Property Tax Growth Limitation Act and the School District Property Tax Limitation Act, the total amount of property taxes that may be levied by a political subdivision in any year may not exceed the total amount levied in the prior year by more than the allowable growth percentage.

The “allowable growth percentage” is defined as a percentage equal to the sum of:

- 2%, plus
- the political subdivision’s real growth percentage.

The “real growth percentage” is defined as the percentage obtained by dividing:

- the political subdivision’s real growth value by
- the political subdivision’s total property valuation from the prior year.

The “real growth value” is defined as the increase in a political subdivision’s total property valuation from the prior year to the current year due to:

- improvements to real property as a result of new construction and additions to existing buildings,
- any other improvements to real property which increase the value of such property,
- annexation of real property by the political subdivision,
- a change in the use of real property, and
- any increase in personal property valuation over the prior year.

2. LB 653: Changes the Option Enrollment laws (§ 79-238) to state that any option school district must automatically accept applications for siblings of option students enrolled in the option school district without regard to capacity limitations.

K-2 Suspension: Changes the prohibition on suspension of kindergarten through 2nd grade students (§ 79-265.01) to include a new exception. In addition to the existing exception related to bringing a deadly weapon to school, the new exception pertains to engaging in violent behavior capable of causing physical harm to another student or school employee.

LB 653 was signed into law on March 4th and will become operative 90 days after the Legislature adjourns sine die.

3. Retirement Legislation:

- a. LB 824 (Lonowski), currently on Final Reading, would eliminate the current 180-day “no work period” following retirement, which allows such new retirees to volunteer or substitute teach for up to eight days per month during that no work period. The bill would institute a “hard” 120-day no work period. This means that no volunteer work or substitute teaching would be allowed during that 120-day period. The bill is applicable to members of the School Employees Retirement Plan, the Class V (OPS) Retirement Plan, and state employees who are members of the School Retirement Plan. *LB 824 contains the E-clause and would become operative on May 1, 2026.*
- b. LB 820, introduced and prioritized by the Retirement Committee, remains in committee. This will become a package bill for the committee and will include LB 1166 (Juarez), pertaining to an issue brought forward prior to the passage of LB 645 (2025). LB 645 created a new tiered structure for determining the employee contribution rate based on the current funded ratio of the School Employees Retirement Plan. When LB 645 passed last year, the start date established for each year’s contribution rate was July 1, which would be consistent with the state’s fiscal year. The problem, of course, is that the school fiscal year and most ESUs’ fiscal years begin September 1. LB 1166 addresses this problem. Beginning in 2027, the new employee contribution rate would commence on September 1. *LB 820 has been advanced to General File.*

4. Education Committee Priorities:

- a. LB 1050 (Murman, at the request of the Governor) relates to 3rd grade reading proficiency. The bill, as introduced, is similar to the “Mississippi Miracle” law. The most current version of the measure is contained in AM2198. The committee has talked about the bill but has not taken action. Assuming LB 1050 becomes a package bill, there is no certainty as to what measures may be included.
- b. LB 937, introduced and prioritized by the Education Committee, was advanced by the Education Committee on a unanimous vote. Senator Conrad has now filed kill motions on the package bill for both General File and Select File. LB 937 was originally introduced as a technical cleanup bill, which would:
 - Harmonize the current practice of including the number of approved option enrollment applications on the NDE option enrollment report;
 - Eliminate obsolete language no longer relevant to current NDE practice;
 - Provide language to ensure teachers who become eligible to teach dual enrollment courses qualify for the Teacher Recruitment and Retention Act high-need retention grant;
 - Improve dyslexia data collection related to the Reading Improvement Act;
 - Change the date for the required Property Tax Request Authority report;
 - Change language in the College Pathway Program to better align with procurement processes; and
 - Change the date for the NDE Annual Census Report.

LB 937 was amended to remove the provisions related to dyslexia reporting under Section 8 of the original bill.

LB 937 was also amended to include the following measures:

LB 1164 (Lonowski) creates the Prior Learning Act, establishes a framework for prior learning examinations, and sets the lowest scores needed by students taking these exams to be awarded college credit.

LB 1241 (Murman) requires that school employee applicants are screened for ever being disciplined or separated from employment while under pending investigations of child abuse, neglect, or sexual misconduct at places of former employment. *The bill was amended to reduce employer lookback to 7 years.*

LB 1146 (Conrad) revises provisions relating to student absences and reports by a school district to a county attorney. The bill provides that a student may have up to 20 unexcused absences in a school year before a school district is required to refer the matter to the county attorney. The bill provides for a series of incidents that would not be considered unexcused absences. *The bill was amended to require medical professional documentation from a licensed physician, licensed physician assistant, or licensed mental health practitioner to support the absence.*

LB 1243 (Murman) increases opportunities for homeschool and non-accredited students by ensuring they are not required to be enrolled in a minimum number of credits to participate in an extracurricular activity not regulated by an athletics or activities association. *The bill was amended to address FFA membership.*

5. Final Reading:

- a. *Diploma of High School Equivalency:* Currently, one of the stipulations to receive a diploma of high school equivalency is that the person has attained his/her 18th birthday and is unable to secure a diploma from the high school he/she last attended or the class in which heshe was enrolled at the time of his/her withdrawal from school has been graduated for at least one year. LB 745 (Juarez) amends the criteria to simply provide that the person is unable to secure a diploma from the high school he/she last attended. The age criteria would be removed.
- b. *529 Plans:* LB 748 (Sorrentino) would conform Nebraska to the federal changes regarding “529 Plans” under the College Savings Plan Program that became a part of the One Big Beautiful Bill signed on July 4, 2025. The bill expands the types of elementary or secondary school expenses beyond tuition (e.g., to include books, tutoring, online material), up to \$20,000 per year, consistent with federal changes. LB 748 also provides that College Savings Plan Program funds may be used for postsecondary credentialing expenses, consistent with federal changes.
- c. *Learning Community:* LB 924 (Andersen) relates to the Learning Community and the Learning Community Coordinating Council and clarifies that the levy authority may be used for:
 - leasing and/or purchasing elementary learning center facilities;
 - remodeling elementary learning center facilities;

- no more than 10% allowed of the levy may now be used for administrative staff of the learning community; and
 - partnerships with public and private entities to support increasing high school graduation rates.
- d. *Food Additives:* LB 940 (Murman) prohibits public schools from using certain color additives in school meals. Beginning August 1, 2027, no public elementary or secondary school will offer or make available to any student any food served as a part of a school meal that contains any of the following color additives as referred to by the U.S. Food and Drug Administration in the federal Regulatory Status of Color Additives as listed on January 1, 2026:
- Blue No. 1
 - Blue No. 2
 - Green No. 3
 - Red No. 40
 - Yellow No. 5
 - Yellow No. 6
- e. *Human Relations Training:* LB 1022 (Murman) eliminates sections of law with regard to the human relations training and references to the training as a requirement to obtain teacher certificates.

6. Signed into Law:

- a. *Joint Hearings:* LB 384 (Storer) changes requirements if any political subdivision seeks to increase its property tax request by more than the allowable growth percentage. The bill requires that at least one voting member of each participating political subdivision attend the joint public hearing. The bill also requires that the county assessor attend the hearing. The bill was advanced to Final Reading by an affirmative voice vote.
- b. *Minimum Wage:* As of January 1, 2026, the minimum wage in Nebraska was increased to \$15 per hour through December 31, 2026. Under LB 258 (Raybould), the minimum wage would be increased on January 1, 2027, and on January 1st of successive years, by 1.75%.

Youth Minimum Wage

The measure provides that an employer may pay a “youth minimum wage” of \$13.50 per hour to an employee who:

- i. is at least 14 years of age but younger than 16 years of age; and
- ii. is not an emancipated minor.

Beginning on January 1, 2030, and on January 1st of every 5th year thereafter, the youth minimum wage would increase by 1.5%, rounded to the nearest cent.

Training Wage Rate

LB 258 provides that a “training wage rate” would be:

- i. \$13.50 per hour through December 31, 2026; and
- ii. Beginning on January 1, 2027, and on January 1st of each year thereafter, the training wage rate would increase by 1.5%, rounded to the nearest cent.

7. Other Bills of Interest:

- a. LR 292CA (Andersen) is a constitutional amendment to amend Article VIII, Section 1, of the Nebraska Constitution. It states that there would be two valuations for each parcel of real property: (i) Fair market value and (ii) taxable market value. Fair market value would be dynamic and determined by the assessor of the property. Taxable market value would be used to establish the baseline valuation for tax liability for the individual property owner. Fair market value must be assessed uniformly and proportionately upon all real property and franchises as defined by the Legislature. *The bill is prioritized by Senator Andersen, but remains held by the Revenue Committee.*
- b. LB 730 (Kauth) would require public schools, public postsecondary educational institutions, and state agencies to designate restrooms and locker rooms based on sex and prohibit use by the opposite sex. LB 730 would also require each state agency to define an individual's sex as either male or female for purposes of rules and regulations, the enforcement of administrative actions, and the adjudication of disputes. *The bill is prioritized by Senator Kauth. The bill was advanced by the Government Committee by a 5-3 vote.*
- c. LB 966 (Cavanaugh, M.) creates the Hunger-Free Schools Act and the Hunger-Free Schools Program. The bill requires qualified schools to provide breakfast or lunch at no cost to students who qualify for reduced-price meals, and directs NDE to reimburse schools for the difference between federal free-meal and reduced-price reimbursement rates. Based upon the 2024-25 school year meal count information, NDE is estimating the cost to the state would be \$1,206,817 for the 2026-27 school year. *LB 966 is Senator Hunt's priority bill and was advanced by the Education Committee on a 6-1-1 vote.*
- d. LB 596 (Sanders) is a Government Committee priority bill and was advanced to Select File on March 5th. LB 596 is a package bill containing changes to laws under the jurisdiction of the committee. One of these changes includes an enhancement to the definition of a "legal newspaper" (§ 25-523).

The bill adds new language to define "digital newspaper" as an Internet website that:

- (i) Employs staff in the county from which the digital newspaper is published online;
- (ii) Has at least 300 paid subscribers if located in a city of the metropolitan class or city of the primary class;
- (iii) Has at least 200 paid subscribers if located in a city of the first class, city of the second class, or village;
- (iv) Publishes exclusively online;
- (v) Has updated its news at least once each week for at least one year prior to the publication of a notice; and
- (vi) Reports on events and governmental activities of local interest.

The bill defines “E-edition” as a digital facsimile of a newspaper's print edition that is accessible from a newspaper's website and is substantially the same in both format and content as the print edition of the newspaper.

No newspaper would be considered a legal newspaper for the publication of legal and other official notices unless it has a bona fide circulation of at least 300 paid subscriptions if located in a city of the metropolitan class or a city of the primary class or at least 200 paid subscriptions if located in a city of the first class, city of the second class, or village, and must have been published within the county or an adjacent county for 52 successive weeks prior to the publication of such notice, and then subsequently at least 50 times per year.

The e-edition of a legal newspaper would be considered a legal newspaper for the publication of legal and other official notices only if:

- (i) such notices are contemporaneously published in the print edition of the newspaper or
- (ii) the newspaper (a) has ceased publication of its print edition and (b) was considered a legal newspaper when it ceased publication.

If no newspaper considered to be a legal newspaper publishes either a print edition or an e-edition within a county, any legal and other official notices directed to persons or entities in that county may be published in a digital newspaper within the county if available at a rate not to exceed legal notice rates (as provided in Sections 33-141 to 33-143).

- e. LB 901 was introduced and prioritized by the Revenue Committee. It is now a package bill that was advanced to Select File on March 6th. The bill includes:
 - LB 890 increases the Mechanical Amusement Device Tax Act fees and taxes. It also ties future increases of those fees to an inflation index, removing the need for future legislatures to address the increases on a regular basis.
 - LB 1109 removes several sales and use tax exemptions covering data centers, biochips, cemeteries, game birds, community-based energy development (C-BED) projects, and mineral oil used as a dust suppressant. It also sunsets tax credits for renewable energy and makes such credits non-refundable.
 - LB 1131 creates the Domestic Violence and Human Trafficking Service Providers Tax Credit Act, a new income tax credit program for programs and providers assisting victims of domestic violence and human trafficking.
- f. LB 803 was introduced and prioritized by the Revenue Committee. The bill remains in committee, but will likely be a package bill to include LB 1219 (Brandt) relating to a cap on property taxes levied by political subdivisions.
- g. LB 468 was introduced in 2025 and became Senator Clements’ priority measure in 2026. The bill is designed to provide additional revenue for counties and municipalities.

The percentage of the motor vehicle tax proceeds collected for costs incurred by the county treasurer is changed from 1% to 2%. The current version of the bill is contained in AM1449

to LB 468, which was adopted in the last session. The bill is currently on Select File. The bill changes the tax percentage allocation as follows:

	<i>Current</i>	<i>LB 468</i>
Counties	22%	21.8%
Cities and villages	18%	18.2%*
School districts	60%	60%

* Except that if the tax district is not in a city or village, 40% would be allocated to the county, and in counties containing a city of the metropolitan class, the percentage is changed from 18% to 17.8% for what is allocated to the county and the percentage is changed from 22% to 22.2% for what is allocated to the city or village.

- h. LB 507 (Hunt), advanced by the Education Committee, was not part of the LB 937 package bill but could still be part of a package bill. The bill would clarify that when a child with a disability is enrolled in a school district's special education program, and the school district has an obligation to provide transportation to that child either due to state law or the child's Individual Education Plan (IEP), that transportation is to be provided by the school district regardless of whether the child resides within the district. *The bill was amended to be applicable only to Omaha Public Schools (OPS).*
- i. LB 429 (Murman) was advanced to Final Reading on March 6th by a voice vote after a compromise was reached among proponents and opponents. The intent of the original bill was to ensure school districts provide equal access to any professional employees' organization if the same access is given to one professional employees' organization.

The compromise amendment (AM2100), offered by Senator John Cavanaugh, narrowed the scope of the bill to a professional employees' organization that engages in one or more of the following activities: Providing liability protection or collective bargaining on behalf of certificated employees.

As advanced, a school board must grant access upon a request made by a professional employees' organization to the physical or electronic mailbox of any certificated employee.

A professional employees' organization, in an effort to recruit new members, is permitted to display information at or send a representative who is either an employee of the school district or represents an employee of the school district to attend a certificated employee meeting or event, including, but not limited to, a certificated employee orientation meeting.

The Cavanaugh amendment states that the bill may not be construed to apply to, modify, supersede, or affect in any way the provisions of the Industrial Relations Act, or any rights, duties, procedures, or obligations established under the Act on matters relating to collective bargaining, industrial disputes, certification of bargaining agents, prohibited practices, or jurisdiction of the CIR.

- j. LB 1034 (Dungan) provides that no school employee, contractor, or agent of a school district may permit access to students, school employees, school grounds, or school facilities by a federal immigration enforcement officer for the purpose of immigration enforcement UNLESS the officer presents a valid judicial warrant.

“Valid judicial warrant” means a warrant issued and signed by a judge or magistrate of a court of competent jurisdiction that specifically authorizes the access sought. An administrative warrant, immigration detainer, notice to appear, administrative subpoena, or other document issued by a federal agency without specific judicial approval would not be considered a valid judicial warrant.

The bill emphasizes that schools have a duty to maintain safe and orderly environments for learning, to respect the privacy and constitutional rights of students and school employees, to ensure that no school employee facilitates immigration enforcement activities on school grounds absent a valid judicial warrant, to comply with lawful court orders, and to respond to exigent circumstances. *LB 1034 was prioritized by Senator Juarez, but the bill remains in committee.*

- k. LB 1217 (Hardin) was advanced by a unanimous vote of the Health Committee. The bill allows schools to keep on hand epinephrine in any form approved by the federal Food and Drug Administration for purposes of first aid to students. *The bill was not prioritized.*
- l. LB 765 (Holdcroft) relates to school bond elections. Successful bond issue elections related to schools and ESUs would require a voter turnout of at least 50.1% of qualified electors in the district before they can pass. It also prohibits public funds from being used to promote or campaign for such elections. *LB 765 was not prioritized, and the Government Committee has not taken action on the measure.*
- m. LB 1112 (McKinney) creates the Statewide Standardized Grading System Act, which would apply to both public and private schools. *LB 1112 was not prioritized, and the Education Committee has not taken action on the measure.*
- n. LB 1188 (DeKay) amends the Foreign-owned Real Estate National Security Act to prohibit the state or any of its political subdivisions from owning any interest in real estate in an adversary nation. The committee amendments (AM2029) provide that the prohibition against the state or any of its political subdivisions holding real estate interests in adversary nations begins July 1, 2028. *LB 1188 was not prioritized. The Agriculture Committee advanced the bill to General File by a 6-2 vote.*
- o. LB 1224 (Hunt) adds a new section of law to prohibit the subject of a substantiated child abuse or neglect report from transferring or disenrolling a student from their current school during an investigation, and requires DHHS to notify the student’s school and the Commissioner of Education that any such transfer or exempt school election is invalid. The school or commissioner must notify DHHS if they receive a transfer or disenrollment request during the restricted period. The transfer restriction is lifted upon the filing of a juvenile court petition or after 14 days from notice to the subject, and DHHS must issue a notice lifting the restriction. The bill also prohibits individuals from monitoring or instructing students at schools that elect not to meet state accreditation or approval requirements if they have been convicted of certain felonies. *LB 1224 was advanced to General File by the Education Committee under a white copy amendment (AM2228). The bill was not prioritized.*

Proposed Constitutional Amendment Language:

Article VII of the Constitution of Nebraska shall be amended by adding a new section 16 as shown:

Art. VII § 16. Equal access to athletic opportunities for females.

(1) Schools must expressly designate each athletic team or sport as one of the following based on biological sex: (a) Males, men, or boys; (b) females, women, or girls; or (c) coed or mixed.

(2) Athletic teams or sports designated for females, women, or girls pursuant to subsection (1) of this section shall not be open to students of the male sex.

(3) For purposes of this section, "schools" shall mean interscholastic, intercollegiate, and intramural athletic teams or sports that are sponsored by a common school of this state, a public postsecondary educational institution of this state, or any school or institution of learning in this state not owned or exclusively controlled by the state or a political subdivision thereof whose athletic teams or sports compete against a common school or public postsecondary educational institution of this state.

(4) This section shall be self-executing, but legislation may be enacted to facilitate its operation. If any part or parts of this section are found to conflict with federal law or the Constitution of the United States, this section shall be implemented to the maximum extent permitted by federal law and the Constitution of the United States. Any provision held invalid shall be severable from the remaining portions of this section.

A Voucher in the State Budget?

As proposed in the amended state budget, \$3.5 million dollars of the general fund would be allocated towards private school tuition “scholarship” vouchers. Rather than proposing the establishment of a program through a legislative bill like in previous years, the proposed budget would simply direct funds to an unestablished program through the Department of Labor, which has never carried out, or even been suggested to carry out, a school voucher program.

There is little information about how this program would be managed or structured. What we do know is that the state is facing a budget deficit, and decisions need to be made on where expenditures should be prioritized.

Other programs the Legislature can choose to invest in to support students:

- **2.3 million.** Eliminate a sunset date for the federal Child Care Subsidy program (LB 304)
- **1.2 million.** Hunger-Free School Act (LB 966)
- **Less than 1 million** to adopt the Youth Early Intervention and Support Act (LB 855)

Budget debate begins next week and Senators are looking to fill a large budget deficit. That being said, Senators have thus far declined to advance bills and policies that would raise significant dollars for the state. At the same time, the proposed budget devotes \$3.5 million to private school vouchers. Contact your Senator to support an amendment to the budget eliminating this private school voucher program.

Impacts of Vouchers

- **Academic Outcomes**
 - Long-term studies in states like Louisiana¹, Indiana², Ohio³, and Washington, DC⁴, show that voucher students experienced significant declines in their academic performance, with learning loss (on math scores) that rivals or even exceeds the learning loss caused by Hurricane Katrina and the COVID-19 pandemic.⁵
 - In the first two years following Louisiana’s Scholarship voucher program, student achievement in language arts and math both decreased by as much as 0.34 SDs.⁶
 - In Ohio, under the Ed Choice program, students who went to private schools with a voucher performed worse than they would have had they remained in public schools.⁷

⁷ David Figlio & Krzysztof Karbownik, [Evaluation of Ohio’s EdChoice Scholarship Program: Selection, Competition, & Performance Effects](#), Fordham Inst. (July 2016)

- In Indiana, students who used the Indiana Choice Scholarship voucher program experienced an average achievement loss of 0.15 SDs in mathematics.⁸
 - Voucher programs fail to offer participating students greater educational resources, with students in the District of Columbia voucher program being less likely to have access to key services⁹ such as English as a Second Language programs, learning supports, special education supports and services, and counselors, than students who were not part of the program.
 - A common occurrence following the implementation of voucher programs is the opening of failing, low-quality private schools that pop up and eventually close, resulting in little consistency and low-quality education for students.
 - In Milwaukee’s longstanding voucher programs, researchers found that 40% of private voucher schools failed or closed within the program’s first 25 years.
 - **Have States with Voucher Programs Seen Success?** Florida has improved academically over the last two decades. But those gains occurred within a broad package of reforms that included major literacy initiatives, strong school accountability, and grade retention policies (which skew test results).
 - The research does not show that vouchers or privatization were the primary drivers of those improvements, and in several other states, voucher programs have actually led to declines in student achievement.
- **Discrimination**
 - Vouchers allow discrimination, as private schools can refuse admission to students based on disability, religion, sexual orientation, or family background.
 - Private schools are not required to adhere to the Individuals with Disabilities Education Act (IDEA), meaning students with disabilities could lose their right to a Free Appropriate Public Education (FAPE)
 - Unlike public schools, private schools can use discriminatory admission criteria, such as prior academic achievement, behavioral history, or religious tests.
 - A study by the Orlando Sentinel from 2020 found that more than \$100 million of public funding went to private schools in Florida that have discriminatory policies aimed at LGBTQ+ students and faculty.¹⁰
 - Vouchers are rooted in racism and fund racial, ableist, anti-LGBTQ, and religious discrimination.¹¹
 - Voucher expansion and the broad school privatization movement were [born out of](#) racist opposition to school desegregation in the mid 20th century.
 - Additionally, voucher programs divert public funds to private schools that are more [racially segregated](#) than public schools and discriminate against students based on their [sexual orientation and gender identity](#), [ability](#), and [religion](#). Most states do not provide nondiscrimination protections for students who attend private schools.

- Vouchers benefit the wealthy at the expense of low-income and rural communities.¹²
 - Vouchers [mostly fund](#) students who are already attending private school, and wealthy families are [overwhelmingly](#) the recipients of school voucher tax credits—they can even use tax shelters to profit from “donations” to voucher organizations.
 - Further, since vouchers typically do not cover the full cost of private school, low-income families are still unable to afford private school education—even with a voucher—and few rural students have access to private schools. Since many private schools [do not provide](#) transportation, low-income students in both urban and rural areas lack affordable and accessible transportation to and from school.
- Vouchers are not a matter of increasing access
 - According to the Arkansas Department of Education, 95% of the participants in the state’s universal voucher program had never attended public schools before receiving a voucher.¹³
 - In Arizona, 71% of students using Education Savings Accounts in 2023 were already enrolled in private or homeschool.¹⁴
 - Recent data regarding Oklahoma’s voucher program revealed that state data revealed fewer than 10% of applicants were public school students.¹⁵
 - Vouchers also rarely cover the full cost of attending private school, leaving families to make up the difference, especially if they are looking to attend a more prestigious, high-quality private school, which can be less likely to accept vouchers.¹⁶
 - Following the implementation of voucher programs, private schools in states like Iowa¹⁷ and Arizona¹⁸ increased tuition, with evidence showing that at least eight private schools in North Carolina raised their tuition to the exact amount of a full Opportunity Scholarship, while another raised its tuition by nearly 40% in a single year, to just below the amount of a full scholarship.¹⁹
 - The cost of paying for vouchers will directly hit the state’s poorest rural areas the hardest because low property wealth makes them more dependent on state dollars for public education.
 - One study found that eight rural school districts would have to cut their budgets by 20% if the state implemented a school voucher program.²⁰

- Only 34% of rural students have a private school within five miles of them, compared with 92% of urban students.²¹
 - In Tennessee, 42% of rural school districts have no private schools at all.²²
 - Only 45 of Nebraska's 93 counties have private schools.²³
 - In Tennessee, of the 20,000 taxpayer-funded vouchers distributed to students (regardless of previous school enrollment), half of the scholarships were distributed to families without regard to income.
 - *"The only thing I'm not happy with is that we don't have more scholarships to give to more income-limited, low-income families and to families that aren't limited in their income." Governor Lee told reporters in Nashville on Oct. 3 2025.²⁴ [[The Tennessean](#)]*
- **Lack of Accountability**
 - Unlike public schools, private school voucher programs lack accountability and oversight.²⁵
 - A 2020 [study](#) found that only about half of states with voucher programs require teachers to have bachelor's degrees; even fewer states require that teachers are licensed, and fewer still require participating private schools to report graduation rates. Since many states do not collect data on students who use vouchers and do not require reporting on how funds are used, it is difficult to evaluate the impacts of vouchers on student achievement, and there are [many examples](#) of fraud and abuse of public funds diverted to vouchers.
 - [[TCF](#)] Another consequence of turning public education dollars into private subsidies is that it creates a lucrative marketplace for the companies that manage these voucher systems. A handful of firms have [seized on state voucher expansions](#) to secure multimillion-dollar contracts, turning what was pitched as a cost-saving policy into a business opportunity for tech and finance intermediaries.²⁶
 - These companies often have limited experience running education programs, and in some states have faced scrutiny over operational problems, questionable spending controls, and high administrative costs.
 - In November 2025, at a meeting of the special Mississippi House committee studying school choice, private schools made it clear that they would not participate in any voucher program that required them to follow the same rules as public schools.²⁷

- A 2019 study by the United States Government Accountability Office found little to no oversight of private schools receiving public dollars in multiple states with voucher programs.²⁸
- **Impact on Public Funds**
 - Vouchers can reduce state revenues and the number of children attending public schools; as a result, those schools lose funding. A recent study of school voucher programs in Arizona, Florida, Georgia, Indiana, Louisiana, Ohio, and Wisconsin shows how state spending increased by hundreds of millions of dollars annually between 2008 and 2019, according to the Southern Poverty Law Center, Education Law Center, and Public Funds Public Schools.
 - In each state, voucher spending more than doubled. Georgia had an 883% increase. Nearly all the states were diverting hundreds of millions of dollars annually to voucher programs by 2019. At the same time, the portion of state gross domestic product allocated to K-12 public education in these states decreased, even though public school enrollment generally increased.²⁹
- **What Other States Have Shown Us**
 - **Arizona:** The Arizona Center for Economic Progress has determined that the cap on their voucher program doubles every four years, and corporations max out their contributions every year, meaning what began as a \$10 million program in 2007 now costs over \$100 million annually. In total, Arizona's privatization policies siphon \$300 million from public schools every year. This kind of exponential growth has been devastating to the state's public schools and is unsustainable for the state budget as a whole.³⁰
 - **Florida:** In 2017, the School Superintendents Association released a report outlining the many problems with voucher programs across the United States. Among many examples, they looked at Florida's program, in which students have seen no meaningful gains in their standardized test scores. In fact, "low-income students who participated only to later return to public school fared worse" than those who stayed in public schools.³¹
 - **Georgia:** A 2013 report by the Southern Education Foundation found that "tens of millions of taxpayer dollars in Georgia have been diverted from the state treasury illegally through the private school scholarship program." The program is "virtually unregulated and unaccountable" for how hundreds of millions of tax dollars have been spent." [The program] has been used often to direct public money to support students already attending private schools. SSOs have encouraged and assisted private schools to designate who receives the tax credit scholarship. These practices violate state regulations and laws and probably involve tens of millions of illegal tax contributions that are owed to the state treasury."³²

- **Indiana:** At least one study determined that the impact of the Indiana Choice Scholarship Program included lower academic outcomes for students who used vouchers to attend private school as compared to students who remained in public school.³³ The Indiana Department of Education has also uncovered compliance issues, unpaid teachers, and thousands of public dollars missing due to a lack of public oversight.³⁴
- **Louisiana:** In 2016, the Louisiana Department of Education released scores for schools participating in the Louisiana Scholarship Program and found if they were ranked as their own school system, they would be the fifth-worst in the state. Not one voucher program earned an A, and 30% received an F. Tulane University researchers said students using private school vouchers only caught up with their public school peers after three years.³⁵
- **Oklahoma:** An investigation by Oklahoma Watch found that just 7 of 80 participating private schools have policies that state they will not discriminate in admissions decisions against children with disabilities. Worse yet, several schools explicitly reserved the right to reject students based on disability.³⁶

History of Vouchers in Nebraska

Nebraskan Voters Have Decided

- Nebraska voters have repeatedly rejected school privatization.
 - [LB 1402](#) eliminated the Opportunity Scholarships Act ([LB 753](#), passed in 2023), instead allowing the state to earmark \$10 million of the General Fund for private school scholarships. LB 1402 included an emergency clause and went into effect immediately. The efforts to repeal LB 1402 proved successful in November 2024 as voters decided to reject LB 1402 (see map on the right, source: [Nebraska Examiner](#))
 - LB 753 was approved by the Governor in May 2023. Shortly after, efforts began to repeal the law. In August 2023, Support Our Schools said [it submitted an estimated 117,000 signatures](#), nearly double what's needed, to place its referendum to repeal LB 753 on the 2024 general election ballot. However, LB 753 was soon repealed by the legislature with the passage of LB 1402 before voters could weigh in and vote on whether to keep or repeal LB 753.

Auditorium Usage - Lights and Sound

*Currently only 3 out of 8 lights on the stage work - some even still have new bulbs in them - - Only 7 out of 13 lights in the balcony work.

- Casey has replaced all lights with new bulbs in the past year. Some lights have stopped working only weeks after being replaced.

*We are waiting on information back from Theatrical Media Services out of Ralston to see what options we might have for the interim/short term, this could mean only replacing lights with new or used, or possibly needing to rent lights for the events that we host (listed below).

- Weeping Water had rented lights from this company around 10 years ago when their auditorium was redone and they did not initially replace their stage lights. She was unable to find documentation on this but stated that she had to transport them, they rented them for 1 week and it was around \$1000 at the time. This was only for two light stands with stage lights that would sit in the audience isles in order to project onto the stage.

*I believe that any lighting or light board that we purchase can be moved to a new site if/when the time comes.

Johnson County Central Preschool Program Overview

By Mrs. Lisa Othmer (Early Childhood Coordinator)

&

Mrs. Beckie Robeson (Elementary Principal)

Preschool is an investment to ensure that all children have an equal opportunity to succeed.

Early childhood is a period of great developmental change that sets the foundation for all later learning and development.

Early experiences are formative in preparing kids for lifelong learning, and quality early childhood education is strongly linked to long-term student success and positive health

Executive functioning skills include working memory, inhibitory control, attention shifting, and cognitive flexibility (Miyake et al., 2000). These skills develop rapidly during the preschool years, with their development being related to the maturation of the prefrontal cortex (Diamond, 2020). Early executive functioning and self-regulation skills are related to concurrent and future academic achievement (e.g., Alloway & Alloway, 2010; Blair, 2016; Bull et al., 2008; Schmidt et al., 2022; Zelazo et al., 1997). Preschool curriculum is designed to build self-regulation, which serves as the foundation for lifelong functioning in areas such as critical thinking, problem-solving, planning, decision-making, and executive tasks.

Preschool is a proactive approach to meeting children where they are in their developmental progression across academic skills (e.g., literacy and math), executive functioning (a set of mental skills that includes working memory, flexible thinking, and self-control), physical development, socioemotional skills, and self-help skills. Early, proactive support builds a foundation for resilience rather than fixing failure. By providing responsive relationships and a structured, supportive environment, we are reducing many behavior issues before they arise.

- [Children’s Learning and Development Benefits from High-Quality Early Care and Education: A Summary of the Evidence](#)
- [What Does the Research Really Say About Preschool Effectiveness?](#)
- [Does High-Quality Preschool Benefit Children? What the Research Shows](#)
- [How Long Does the Preschool Advantage Last?](#)

Preschool is an educational investment that ensures all children have an equal opportunity to experience success. Research consistently shows that the early years of life are critical for development. In fact, about 90% of brain development occurs before the age of five. During this time, children build the foundational skills that support future learning, behavior, and relationships. The preschool program at JCC provides high-quality, serve-and-return experiences that are essential to brain development.

- [Brain development in babies and toddlers](#)

Preschool also provides children with stable routines, supportive relationships, and structured learning environments. These experiences are especially important for “at-risk” students who may face challenges in life. However, research shows that all children benefit from high-quality early childhood education, which is why providing access to preschool supports both families and our community as a whole. Conditions or factors that could have a negative impact on a child’s development or learning include, but are not limited to, the following:

- Low birth weight
- Poverty
- Being a child of teen parents or parents who did not graduate from high school
- Trauma (e.g., living in a home with domestic violence or substance abuse)
- Living in a home whose occupants have limited ability to speak and understand English
- Critical for this sense of basic security and readiness to learn and thrive is the presence of at least one nurturing and reliable primary

caregiver upon whom a child can rely for protection and necessary physical and emotional support and assistance (Brown et al., 2020). For some children, the preschool setting is where they find a reliable caregiver.

Limiting preschool opportunities to only at-risk children can feel like a “punishment” to families who have worked hard to provide supportive home environments. All families deserve access to a high-quality preschool experience. Our local program is designed to reflect and respond to the diverse needs of our community. The following numbers highlight the important role preschool plays in preparing students for kindergarten while supporting every family in our district.

2025-26	34 Students
Two-parent working family or single parent	68%
At-risk student (does not include special education)	24%
Special Education	12%

2024-25	36 Students

Johnson County Central Administrators and school board,

I regret to inform you that I am resigning my position as a 4th grade teacher due to ongoing health concerns.

I am genuinely grateful for the opportunities that I have been provided during my years as a teacher at JCC. I would also like to thank you for the support that I have received.

I have truly enjoyed working with the admin, teachers, families and students at JCC.

Sincerely,

A handwritten signature in blue ink that reads "Mary Robison". The signature is written in a cursive style with a large initial "M".

Mary Robison

Dear Admin and Board of Education Members,

Please accept this letter as my formal resignation from my position as the 6-12 Grade Art Teacher at Johnson County Central Public Schools, effective as of May 22, 2026 or the last contracted day for teachers in the event of a snow day.

This decision was not made lightly. Teaching art to our middle and high school students has been an incredibly meaningful experience. I am extremely grateful for the opportunity to foster creativity, critical thinking, and artistic growth in such a supportive community.

I appreciate the collaboration of my colleagues, the encouragement from administration, and the energy and talent of my students. It has been a privilege to watch them develop their skills and confidence through art.

I am committed to ensuring a smooth transition during my remaining time. I will organize both art rooms, classroom resources, and offer any support that I can to staff and students for the next art teacher to come.

Thank you for the opportunity to be part of JCC. I will always value the experiences and relationships built here.

Sincerely,
Brittney Teeman

Daily writing deepens learning.

Grounded in the Science of Writing—the research on how kids learn to write—instruction is explicit, daily, and woven into the curriculum’s rich content. It covers both transcription (handwriting and spelling) and composition (organizing ideas into narratives) with high-impact activities like sentence-level combining and expanding, and pre-writing exercises. Writing and reading instruction are integrated so students simultaneously strengthen their communication skills, comprehension, and confidence.

Section 2. Renewal of Contract. This contract will automatically renew for a period of **one contract year**, as defined in Section 1, from and after the expiration date provided in Section 1 of this contract unless either of the following occur on or before the March immediately preceding the end of the contract term: (a) the Superintendent recommends the nonrenewal, termination, amendment, and/or cancellation of this contract, and provides written notice of the same to the Administrator; OR (b) the Administrator submits to the Superintendent a written letter of resignation.

The Administrator authorizes the District to deduct or withhold from each and every period of pay any amounts necessary to offset any damages caused by the Administrator or the value of property or money entrusted to the Administrator or owed by the Administrator to the District during the course of or as a result of the Administrator's employment, if such property or money have not properly been returned to the District. Nevertheless, the Administrator shall be subject to the direction and control of the Superintendent at all times and shall perform such administrative duties as the Superintendent or Board assigns. By agreement with the Superintendent, the Administrator may undertake consultative work, speaking engagements, writing, lecturing, or other professional duties and obligations as long as they do not interfere with carrying out his or her duties and obligations to the school district.

Section 7. Nonrenewal, Termination, Cancellation or Mid-Term Amendment. Nonrenewal, termination, cancellation, or amendment of this contract shall be in accordance with state statutes.
