**Re: Plumbing Proposal For: MacArthur science classrooms 205, 418 & 503 waste piping**

Dear Mike:

We are pleased to provide our plumbing proposal for the above referenced project. We will cut and prepare the waste outlet to accept a heavy duty no hub coupling to unionize the neutralizing tank. We will remove this vessel, remove the mineral content, decontaminate, haul offsite, flush tank, refill with virgin limestone and reinstall with new coupling. Various classrooms with vessels to maintain for a total of 35 Acid Neutralizing Tanks.

<b>For the total sum of:</b>	<b>\$5,530.00</b>
<b><u>For additional vessels after 33 add:</u></b>	<b>\$170.00 each</b>

**NOTE:**

THIS QUOTATION IS FOR ACCEPTANCE WITHIN 30 DAYS. THIS OFFICE MUST BE NOTIFIED WITHIN THE 30 DAY PERIOD IN ORDER TO NEGOTIATE A TIME EXTENSION FOR THIS PROPOSAL.

Inclusions:

- . XHD couplings
- . pvc prepped ends
- . <3" virgin limestone
- . Illinois licensed plumber[s]
- . union labor

Please be aware that the above pricing does not include the following items:

- . premium time
- . pipe covering
- . permit fees

Thank you for the opportunity to quote the plumbing portion of this project. We trust our proposal will meet with your approval. However, should you have any questions on the above or require any further clarification, please do not hesitate to contact our office.

Sincerely,

**DEFRANCO PLUMBING, INC.**

**PROSPECT HEIGHTS DISTRICT 23  
FINANCE & BUILDINGS AND SITES COMMITTEES  
ACTION ITEM**

---

**Date:** January 31, 2022  
**Title:** Recommendation for Repairs & Improvements - Eisenhower Playground  
**Contact:** Amy McPartlin, Assistant Superintendent for Finance & Operations

---

**BACKGROUND INFORMATION**

As discussed at previous Buildings and Sites Committee Meetings, approximately \$300,000 of our approved ESSER III grant has been designated for the improvements and additions of Outdoor Learning Spaces at each of our schools. The upgrade of the playground, including the removal and replacement of the timber equipment has been on the long-range capital plan at a budgeted amount of \$375,000 and has been deferred for several years.

While the plan to update the Ike Playground has been deferred for several years, the available ESSER funding and District goal of adding Outdoor Learning Spaces, affords us an opportunity to add a learning space in the best location, while taking into account and improving the overall space.

In researching age appropriate modifications, Administration visited new playgrounds in the area, including NSSEO and River Trails and met with staff to gather feedback on the design and desired additional components. In working with our current vendor, Team Reil, we have achieved a design which meets the goals of providing an outdoor instructional space and also addresses the long term needs of the physical play area in a most thoughtful way. Several components have been added to provide additional opportunities for our special needs population and we're excited to enhance this space that will serve the District's younger learners well for many, many years to come.

**BUDGETARY IMPACT**

For this project, \$80,000 would come from ESSER funds with the remaining costs of \$120,000 covered through Fund 60. PTO is expecting to make a \$5,000 donation to go towards "buddy" benches around the perimeter. As this purchase is being made under a Sourcewell Cooperative pre-bid purchasing agreement, it is exempt from public bidding under Illinois School Code.

**RECOMMENDATION:**

Administration is requesting approval to proceed with the proposed improvements to the Eisenhower Elementary School playground in the total amount of \$203,946. Following Committee approval, action to be taken by the full Board at the February 9, 2022 meeting.

**Prospect Heights School District 23  
Board Memorandum  
Information Item**

---

**Date:** February 9, 2022

**Subject:** Traffic Study

**Prepared by:** Don Angelaccio

---

There are many benefits to being a small District with most schools located on one campus, traffic congestion is NOT one of them. The historical problem of long lines for pick up and drop off of students, congested parking lots, and back-ups onto the streets ebbs and flows with the seasons, weather, and other conditions. With limited resources to make significant structural changes, we continue to preach and practice patience and understanding.

Decreased ridership of District-provided transportation due to COVID close contact concerns, as well as an investigation into fee implementation that might also result in increased car traffic, has raised the level of investigation into a higher priority position.

The Hazardous Routes approval that accompanies this report demonstrates our continued responsibility to provide free transportation to a significant portion of our community. Further, discussions of a transportation fee or “deposit” have been investigated and found not to be permissible or advisable. This left us with a need to think “outside of the box” to improve the traffic congestion issues.

In September 2021, District 23 Administration began a traffic study with support from First Student and the Prospect Heights Police Department. Observations and data collections were completed during the Fall to determine “typical” traffic flow and patterns. The following summary of that data led to strategies and an alternate pick-up/drop-off procedure being recommended for trial this Spring.

**Summary of the Problem:**

On average, roughly 40% of our students are dropped off and picked up via car at school. This number fluctuates based upon the weather, student activities, and recently due to COVID close contact concerns. The volume of traffic during the pick-up and drop-off periods starts low, with a consistent group of drivers lining up approximately 20 minutes prior to the start time. The majority of drivers arrive and move through the lot within the designated window of time. One positive to be noted is that despite the traffic congestion, our arrival and dismissal periods are both typically only 10-15 minutes long.

There are three major factors that negatively impact this issue and are targeted for resolution:

1. Overlapping traffic patterns

- a. Traffic, especially in the morning, consists of cars and buses, following different routes and patterns that overlap and require crossing and zipper merges. Early arriving drivers of Sullivan students (who may also have MacArthur students) are intermixed with the MacArthur lines as they wait to park in the area that is also used for the MacArthur buses.
2. Limited linear footage in parking lot for car traffic
  - a. Back ups onto Palatine Frontage and Schoenbeck Roads are a frequent problem and a significant safety concern. In order to move cars off the street, we obviously need to find a different place for them to wait. Some drivers will enter the lot and park in a designated space, causing a trickle down effect of limited parking for arriving staff. Some drivers will park on the streets adjacent to the school and walk to the parking lot causing hazardous traffic on crowded, narrow streets, increased foot traffic, and frustration to our neighbors.
3. Location of primary entrance and exit
  - a. The primary entrance and exit for MacArthur and Sullivan drivers and ALL of our buses is located at the northernmost portion of the Schoenbeck parking lot. This entrance is also closest to the very busy intersection of Palatine and Schoenbeck roads. During peak traffic, the intersection does not provide much time for Schoenbeck traffic to cross as well as providing limited opportunities for vehicles to enter and exit our lot.

### **Suggested Strategies:**

Working with our partners at First Student and the Prospect Heights Police, we have investigated options and generated suggestions and strategies to improve our traffic issues. Administration recognizes that any strategies will require clear communication, practice, and time to rebuild the culture and patterns that have been ingrained over many years. We are recommending that we use February and March to articulate and advertise a new traffic pattern, with a trial period in early April. This would provide time to build awareness and understanding, facilitate increased presence and traffic guidance for implementation, and a period of evaluation prior to any final approval or changes.

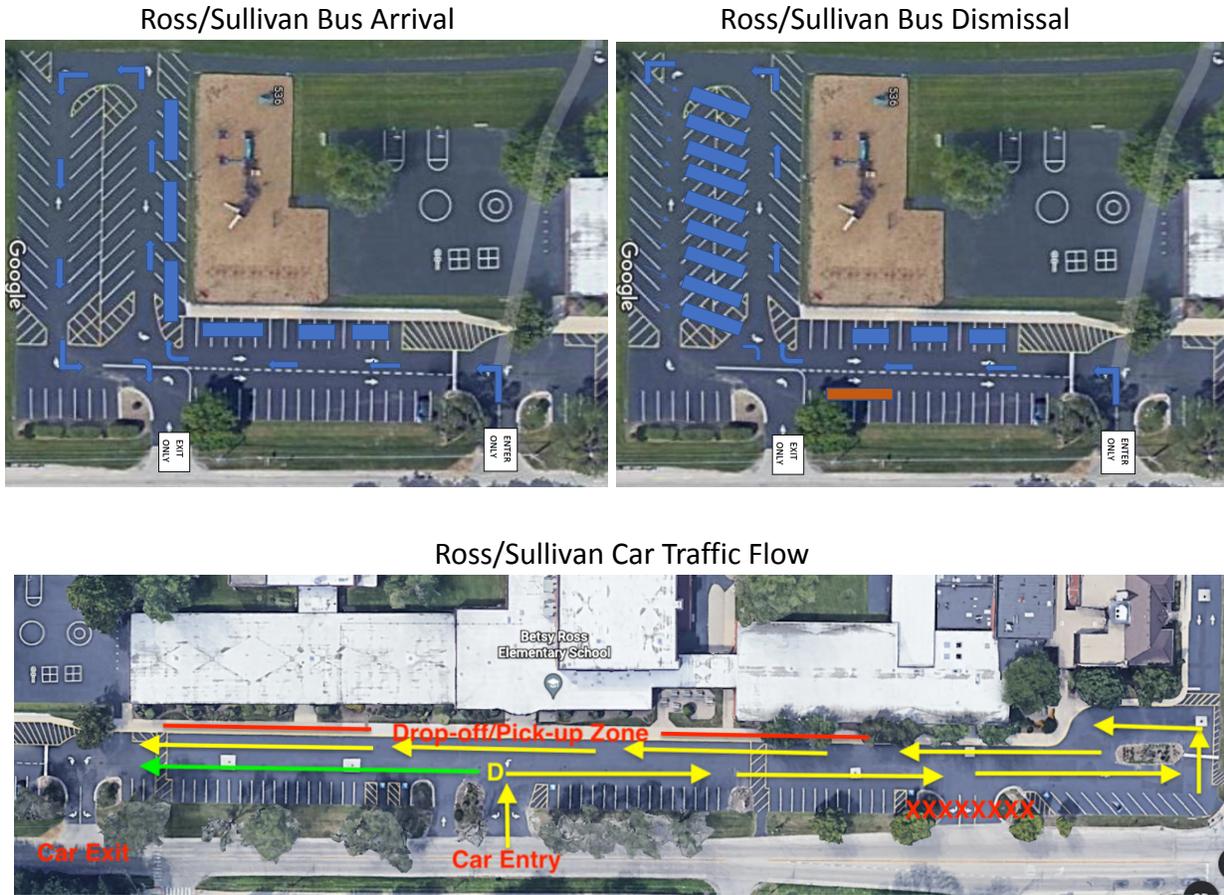

The following strategies are described here and visually represented in the graphic below:

1. Relocate all Ross/Sullivan buses to the south end of the Ross parking lot
  - a. First Student has conducted trail runs of access and exit for the south end of the Ross parking lot off Schoenbeck. Providing this space and creating a dedicated entry/exit for buses only will significantly improve safety and eliminate overlap of traffic patterns.
2. Shift car traffic (drop-off/pick-up) for both Ross and Sullivan to the front of the schools
  - a. Relocating the Sullivan traffic to the front of the school will both eliminate the overlap of traffic patterns and reduce the volume of cars in the MacArthur lines. Using the sidewalk in front of Ross/Sullivan, parallel to Schoenbeck, provides significantly more linear feet of staging/parking. This results in more cars safely waiting in our lot and eliminates the back-up onto Schoenbeck. A designated

drop-off/pick-up area would be created and include a “passing” lane for drivers to exit safely.

- 3. Designate a new primary entrance and exit
  - a. By utilizing the middle entrance and exit off Schoenbeck we can divert traffic and congestion away from the Palatine intersection. This, paired with a designated bus entry/exit, will facilitate car traffic off of and onto Schoenbeck. The Frontage Road entrance would still be available for drivers to enter the lot, but all exiting traffic would be directed onto Schoenbeck.

From numerous conversations with parents, neighbors, bus drivers and the police department, I believe that any attempt to try and improve the traffic flow would be greatly appreciated. Testing this model in the Spring would provide us time for revisions or modifications prior to seal coating and new striping to be conducted this summer. It also provides adequate time to communicate this change to all families prior to the start of next school year. Following this trial and analysis, a formal proposal would be made through Buildings and Sites, and the full board in May.

**PROSPECT HEIGHTS DISTRICT 23  
BOARD OF EDUCATION  
ACTION ITEM**

---

**Date:** February 9, 2022  
**Title:** Recommendation for Approval of Certification of Hazardous Transportation Routes  
**Contact:** Amy McPartlin, Assistant Superintendent for Finance & Operations

---

**BACKGROUND INFORMATION:**

Illinois Department of Transportation (IDOT) criteria have been used to determine hazard areas within the District 23 boundaries. Pursuant to Section (105 ILCS 5/29-3) of the Illinois School Code, the Board of Education shall annually review the conditions and determine whether the routes and any hazardous conditions remain unchanged.

In conjunction with the District’s transportation provider, First Student, the Administration has determined that such conditions and routes remain unchanged from prior years. All routes and students have been appropriately coded and routed in the VersaTrans system, in an effort to maximize the District’s Transportation Reimbursement.

**ADMINISTRATIVE CONSIDERATIONS:**

The Serious Safety Hazard Findings include areas previously identified that meet the 12-point requirement for IDOT’s hazardous route approval and meet the requirement for reimbursement by the State Board of Education.

The following areas include the District’s current transportation areas for which hazards exist:

<b><u>HAZARDOUS LOCATION</u></b>	<b><u>IDOT #</u></b>
Hintz Rd. from Schoenbeck Rd. to Elmhurst Rd.	23-80-1
Elmhurst Rd. at Drake	23-80-2
Elmhurst Rd. from Pleasant Rd. to Drake	23-80-3

Schoenbeck Rd. from Camp McDonald to Willow Rd.	23-87-2
E. Side of Schoenbeck from Clarendon to 1 N. Schoenbeck Rd.	23-99-1

**RECOMMENDATION:**

That the Board of Education approves the current Serious Safety Hazards as listed.

WHEREAS, the Board of Education for Prospect Heights School District 23, Cook County, Illinois (“Board”), provides transportation to certain students via school bus; and

WHEREAS, the Board, provides such transportation to students pursuant to Section 29-3 of the Illinois School Code, and all laws amendatory thereof and supplementary thereto;

WHEREAS, the Board at a legally convened meeting held on the 13<sup>th</sup> day of April 2011 did adopt a resolution providing for the continuation of the 1980-1981 thru 1998-1999 Illinois Department of Transportation approved status of hazardous routes;

WHEREAS, the Board, has continued to review the transportation routes for students to and from school in order to comply with Section 29-3 of the Illinois School Code;

WHEREAS, pursuant to the Statute above, the Board has reviewed the conditions previously approved and hereby certifies that the conditions remain unchanged.

WHEREAS, the Board of Education for Prospect Heights School District 23, Cook County, Illinois directs free transportation for the identified population listed and approved in the declaration for the 1980-1981 thru 1998-1999 school years and continued at a legally convened meeting held on the 13<sup>th</sup> day of April 2011 as well as December 13, 2017 and annually thereafter.

**NOW THEREFORE, BE IT RESOLVED** by the Board of Education for Prospect Heights School District 23, Cook County, Illinois as follows:

- Section 1: The recitals above are incorporated herein by reference.
- Section 2: That all prior proceedings in conflict with this resolution be and the same are hereby repealed.
- Section 3: This Resolution shall be in full force and effect upon its passage by the Board of Education.
- Section 4: This Resolution shall remain on file in the Business Office as evidence of the District’s Annual Review of transportation routes pursuant to Section 29-3 of the Illinois School Code.

**CERTIFICATION OF RESOLUTION AND MINUTES**

I, the undersigned, do hereby certify that I am the duly qualified acting Secretary of the Board of Education of Prospect Heights School District 23, Cook County, Illinois (the "Board"), and that as such official I am the keeper of the records and files of the Board.

I do further certify that the foregoing constitutes a full, true and complete copy of a resolution entitled:

**RESOLUTION  
PROVIDING FOR FREE TRANSPORTATION  
FOR THE IDENTIFIED POPULATION APPROVED  
BY THE ILLINOIS DEPARTMENT OF TRANSPORTATION**

as adopted by the Board at its meeting held on the 9th day of February, 2022.

I do further certify that the deliberations of the Board on the adoption of said resolution were conducted openly, that the vote on the adoption of said resolution was taken openly, that said meeting was held at a specified time and place convenient to the public, that notice of said meeting was duly given to all of the news media requesting such notice, that said meeting was called and held in strict compliance with the provisions of the Open Meetings Act of the State of Illinois, as amended, and with the provisions of the School Code of the State of Illinois, as amended, and that the Board has complied with all of the provisions of said Act and said Code and with all of the procedural rules of the Board in the conduct of said meeting and in the adoption of said resolution.

IN WITNESS WHEREOF, I hereunto affix my official signature, this 9<sup>th</sup> day of February, 2022.

\_\_\_\_\_  
Secretary, Board of Education
