2.B Public Comments - The first speaker questioned the necessity and appearance of the ongoing demographic and facility analyses being conducted. The speaker also requested that the Board reconsider how they handle public questions during these sessions.

A second speaker, a parent and resident, urged the Board to update its policy to allow homeschooled students to participate in high school sports. She highlighted that neighboring districts like Huntley, Hampshire and St. Charles already successfully

utilized a model where these students take just one class to gain eligibility. She also argued that because homeschooled families are local taxpayers and community members, their children should have fair access to the “schools’ resources” they help support.

3. Superintendent Report - Dr. MacCrindle highlighted the summer internship program our Central 301 students participated in this summer, she also presented an “entry plan” centered on listening and learning from staff, students and community members. through various feedback sessions. 5. Homeschooled “Part-Time” Students IHSA Participation (Mike Sitter)

The board heard a presentation from Athletic Director Mike Sitter regarding the participation of homeschooled students in **IHSA sports** at Central High School. The current policy requires part-time students to attend at least half of the regular school day to participate in extracurriculars. Mr. Sitter proposed aligning with neighboring districts by allowing participation with a minimum of one academic credit - bearing class. The Board discussed his recommendation, it will now be reviewed by district administration and brought back to the August Board meeting.

6. Facilities and Demographic Review Update

Mr. Poloway shared the summary of the new demographic study by Dr. Kasarda which confirmed that enrollment growth is expected to continue, specifically identifying “Series B” as the most likely trajectory for planning. Board members acknowledged community frustration regarding school overcrowding and the use of mobile

classrooms. The district is currently working on gathering “non-negotiables” for school buildings-such as gyms, libraries, and specialized STEM spaces-to guide future facility recommendations and potential referendums and will set up opportunities for the Board and community to engage in this process this fall.

7. MySchoolbooks Update

Families were notified of a fee increase for credit/debit card cafeteria payments to $3.75, effective July 31, 2026. The district noted that a “one-pay” option is available through checking accounts to help families save on these transaction fees.

8. Board Committee Discussion

The Board of Education discussed the status and assignments of various committees that include board participation.

List of Committees

The Board reviewed the current roster of committees which include:

Board Policy Committee
Parent Teacher Advisory Committee
District Leadership Team (DLT)
Community Advisory Team (CAT)
Curriculum Coordinating Council (CCC)
Facilities Committee

A primary point of discussion was the scheduling of committee meetings. Most currently meet at 4:00 PM, which the Board noted is difficult for members with regular full-time jobs. However, these times are chosen to accommodate teachers and district office staff who attend immediately following the school day. The Board discussed finding a balance, possibly through continued or expanded remote participation, which has already been used successfully for the Policy Committee.
Board members expressed a desire to improve community involvement, specifically regarding the Community Advisory Team (CAT). It was noted that attendance had dropped significantly after the first meeting. One suggestion was to hold these meetings remotely and later in the evening (7:00 or 8:00 PM) to make it easier for community members to participate.
The Board shared the current informal assignments to ensure all committees have at least one or two board representatives:
Board Policy: Andy Dogan and Scott Mrkvicka
Parent Teacher Advisory: Morgan Pappas
District Leadership Team: Ryan Wasson and Jeff Gorman

Community Advisory Team: Jeff Gorman and Morgan Pappas
CCC: Ryan Wasson
Facilities: Jeff Gorman

The administration will update the committee list, including descriptions of what each committee does and their expected commitment levels, and send it to all board members. The Board plans to finalize official assignments at the next meeting after members have had time to review their schedules and interests.

MEMORANDUM

From: Daina Pflug, Business Manager

Date: August 17, 2026

Re: Board Financial Report

Financial Highlights:

- The Revenue and Expenditure Summary Reports are included in the board packet. Since the final FY27 budget is not approved, we have left FY26's budget amount in these reports for comparisons since these line items don't vary that much from year to year. Revenues are currently at 2.29% compared to 1.95% a year ago. Expenditures are trending at 9.38% as compared to 7.97% a year ago.

- The district received impact fees for June in the amount of $89,845.66 for 13 new home starts. No transition fees were received this month.

- The bills payable reports for both Central 301 and Northern Kane are typical for the month of August.

- Annual audits have already been initiated digitally for both Central 301 and Northern Kane. Auditors will be onsite the week of August 17th.

Re: Approval of Final FY27 Budget Northern Kane County Regional Vocational System

---

Attached for your review and formal approval is the final budget for Fiscal Year 2027. The only revision made from the tentative budget was increasing local revenues ($14,020) for prior year receipts crossing fiscal years.

Financial Overview

- The proposed FY27 budget is fully balanced, with revenues exceeding expenditures by $14,020.
- As of the June 30, 2026 Treasurer's Report, current cash reserves total $1,100,056.99.
- The unaudited beginning fund balance is currently recorded in this draft and may undergo minor adjustments upon completion of the annual audit.
- **Perkins V Grant ($528,297):** Decreased by $93,874 compared to FY26. This reduction is driven by a regional decline in the reported number of students identified below the poverty threshold.
- **CTEI Grant ($2,144,384):** Revenue remains flat relative to the FY26 allocation, though minor realignments have been made across specific expenditure line items.
- **STAMP Grant ($4,850):** Included within local funds for what is anticipated to be its final year.

Total operating expenditures will be supported through a combination of these three grant streams and local contributions from all participating schools. In accordance with statutory requirements, a notice of public hearing was published in the *Daily Herald* (Elgin, IL) on July 16, 2026, satisfying the mandatory 30-day notice period. The public hearing was held immediately prior to tonight's regular meeting.

RESOLUTION ADOPTING ANNUAL BUDGET AND APPROPRIATION ORDINANCE FOR SCHOOL YEAR COMMENCING JULY 1, 2026 AND ENDING JUNE 30, 2027

WHEREAS, the Board of Education of Central Community Unit School District 301, Kane and DeKalb Counties, Illinois, on behalf of Northern Kane County Regional Vocational System has caused to be prepared in tentative form a budget and the Secretary of the Board has made the same conveniently available to public inspection for at least thirty days prior to the final action thereon; and

WHEREAS, notice of said public hearing was given at least thirty days prior thereto as required by publication in the Daily Herald, Elgin, Illinois on July 16, 2026; and

WHEREAS, a public hearing was held on said budget on the 17th day of August, 2026.

MEMORANDUM

To: Board of Education

Cc: Dr. Amy MacCrindle, Superintendent of Schools

From: Daina Pflug, Business Manager

Date: August 17, 2026

Re: FY27 Central 301 Tentative Budget

Attached is Central 301's FY27 tentative budget, resolution and presentation.

Key Highlights:

- **Positive Fund Balances:** All funds are projected to maintain positive ending balances.
- **Balanced Operating Budget:** The FY27 tentative budget features fully balanced revenues over expenditures.
- **Increase in State Funding:** The Illinois State Board of Education (ISBE) projects Central 301's Evidence-Based Funding (EBF) will increase by $826,633.61, bringing total EBF allocation to $16,840,703. Central 301 remains categorized as a Tier 1 district.
- **Categorical Payment Outlook:** Categorical state aid is budgeted for four disbursements (one carried over from FY26 and three for FY27). However, expected higher proration rates from the State will negatively impact both the Transportation Fund and the Education Fund (specifically Special Education funding).
- **Conservative Fiscal Stance:** Figures reflect a conservative yet realistic financial projection, appropriately accounting for state-level prorations and inflationary cost pressures.
- **Pending Budget Adjustments:** Final budget revisions will reflect changes for certified staff adjustments (new hires, lane movements, mentors), curriculum investments, and grant awards.
- **Public Review & Hearing Schedule:** In accordance with statutory requirements, the tentative budget will be available for public inspection starting August 17, 2026 (published in the *Daily Herald* on August 13, 2026). Following the mandatory 30-day review period, a public hearing will be conducted at the start of the September 21, 2026 Board meeting.

MEMORANDUM

To: Board of Education

Cc: Dr. Amy MacCrindle, Superintendent of Schools

From: Stephen Buchs, Director of Curriculum 6-12 and College Partnerships

Date: August 13, 2026

Re: Veterinarian Affiliation Agreements (A)

As part of the National Association of Veterinary Technicians in America (NAVTA) program requirements for students to obtain their Veterinarian Assistant certificate, students are required to complete 100 hours of externships. We are currently working with many different animal clinics to seek partnerships for these opportunities for our students. This agreement ensures that students receive practical experiences that meet educational standards, and ensure an appropriate learning environment away from the students' school that matches the career focus. I am seeking approval for the following sites for the SY26-27. We have worked with these three locations in the past, two of them last year and have rekindled one location.

Randall Road Animal Hospital
Bethany Animal Hospital
Anderson Humane Wildlife Center

Recommendation: Seeking approval of three sites for SY26-27.

Standard Affiliation Agreement

Dear Anderson Humane Wildlife Center

Thank you for allowing our students to complete their required externship hours at your facility.

Prior to our students beginning their externship visits at your facility, we will need this Affiliation Agreement completed. Please review this Affiliation Agreement document and place an electronic signature in the designated area. Once all required signatures are obtained, an electronic copy of this document will be shared with you for your records.

Please reach out with any questions or concerns you have regarding this document.

Thank you,

For certain clinical programs, IDPH regulations may limit the maximum number of students per sessions. Notwithstanding the foregoing, the Facility and the District agree and understand that the availability of clinical placements at the Facility during the term of this Agreement may periodically be affected by a variety of factors. In such event, the Facility may reduce the number of students eligible to participate in the clinical education program with prior notice to the District and adequate time for the District to reassign the student(s) to another clinical site. The Facility agrees further to accommodate students of the District who are similarly displaced from other clinical affiliates of the District to the extent that clinical space is available at the Facility.

(b) The Facility may immediately remove any student participating in a clinical education program from the Facility's premises for behavior that the Facility deems to be an immediate threat to the health or welfare of its clients/patients, staff members, visitors, or operations. In such an event, the Facility shall notify the relevant District staff member in writing of its actions and the reasons for its actions as soon as practicable. If the Facility desires to remove a student for any other reason, it shall notify the relevant District staff member in writing of the reasons for the removal and shall consult with that individual before removing the student.

MEMORANDUM

To: Board of Education

From: Dr. Amy MacCrindle, Superintendent of Schools

Date: August 17, 2026

Re: Board Policy 7:40 — Nonpublic School Students, Including Parochial & Home-Schooled Students

---

Purpose

The administration recommends revisions to Board Policy 7:40 regarding the part-time enrollment and extracurricular participation of nonpublic school students, including parochial and home-schooled students. This policy was discussed during the July 20, 2026 board meeting.

Summary of Proposed Changes

The proposed revisions would:

- Remove the requirement that requests for part-time attendance for the following school year be submitted before May 1. Requests would continue to be submitted to the principal of the school serving the student's attendance area and considered based on available space.
- Revise the extracurricular participation provisions by removing the current language that separately identifies and limits participation in interscholastic competitions and non-athletic extracurricular activities.
- Change the enrollment requirement for extracurricular participation from attending District courses for at least one-half of the regular school day to enrollment in at least one District class.

Nonpublic school students participating in District extracurricular activities would remain subject to the same policies, regulations, eligibility requirements, association rules, and expectations that apply to all other participants.

Appendix A includes the tracked changes for the revision to this policy.

Recommendation

The administration recommends that the Board of Education approve the revisions to Board Policy 7:40 as presented.

Appendix A: 7:40 Track Changes

7:40 Nonpublic School Students, Including Parochial and Home-Schooled Students

Part-Time Attendance

The District accepts nonpublic school students, including parochial and home-schooled students, who live within the District for part-time attendance in the District's regular education program on a space-available basis. Requests for part-time attendance must be submitted to the Building Principal of the school in the school attendance area where the student resides. ~~All requests for attendance in the following school year must be submitted before May 1.~~

A student accepted for partial enrollment must comply with all discipline and attendance requirements established by the school. He or she may participate in any co-curricular activity associated with a District class in which he or she is enrolled. The parent(s)/guardian(s) of a student accepted for partial enrollment must pay all fees, pro-rated on the basis of a percentage of full-time fees. Transportation to and/or from school is provided on regular bus routes to or from a point on the route nearest or most easily accessible to the nonpublic school or student's home. This transportation shall be on the same basis as the District provides transportation for its full-time students. Transportation on other than established bus routes is the responsibility of the parent(s)/guardian(s).

Students with a Disability

The District accepts for part-time attendance those children for whom it has been determined that special education services are needed, are enrolled in nonpublic schools, and otherwise qualify for enrollment in the District. Requests must be submitted by the student's parent/guardian. Special educational services shall be provided to such students as soon as possible after identification, evaluation, and placement procedures provided by State law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for such students shall be provided only if required in the child's Individualized Educational Program on the basis of the child's disabling condition or as the special education program location may require.

Extracurricular Activities, Including Interscholastic Competition

A nonpublic school student is eligible to participate in: ~~(1)~~ interscholastic competitions, provided his or her participation adheres to the regulations established by any association in which the District maintains a membership, and ~~(2)~~ non-athletic extracurricular activities,

provided the student attends a District school for at least one ~~half~~ class during the regular school day, excluding lunch. A nonpublic student who participates in an extracurricular activity is subject to all policies, regulations, and rules that are applicable to other participants in the activity.

Assignment When Enrolling Full-Time in a District School

Grade placement by, and academic credits earned at, a nonpublic school will be accepted if the school has a Certificate of Nonpublic School Recognition from the Ill. State Board of Education, or, if outside Illinois, if the school is accredited by the state agency governing education.

A student who, after receiving instruction in a non-recognized or non-accredited school, enrolls in the District will: (1) be assigned to a grade level according to academic proficiency, and/or (2) have academic credits recognized by the District if the student demonstrates appropriate academic proficiency to the school administration. Any portion of a student's transcript relating to such instruction will not be considered for placement on the honor roll or computation in class rank.

Notwithstanding the above, recognition of grade placement and academic credits awarded by a nonpublic school is at the sole discretion of the District. All school and class assignments will be made according to Board policy 7:30, *Student Assignment and Intra-District Transfer*, as well as administrative procedures implementing this policy.

- Since 2000, there has been ***consistent enrollment growth*** in all but two years.

- Dr. Kasarda provides ***three potential projections for enrollment growth***.
  - Series A - less growth than data anticipates
  - Series B - growth as anticipated by data
  - Series C - more growth than data anticipates

- Dr. Kasarda's professional judgment is that future enrollment will most closely track ***Series B***.

- Series B projections assume, among other factors:
  - new housing developments are spread out over ten years
  - housing turnover will modestly pick up.

- ***STR is using Series B as a guide for our analyses***.
  - Modifications will be accommodated as needed after the Sept. Q&A session.

Table A evaluates the maximum building capacity by multiplying the number of core classrooms by the maximum number of students per classroom with and without a paraprofessional.

In Table B, the maximum building capacity is compared to the actual enrollment over the last 6 years including the mobile classrooms.

These capacity calculations assume the mobiles are removed and do not account for the mobiles in providing capacity

CENTRAL HIGH SCHOOL - Series B

To determe the maximum building capacity of a High School we add the number of students in each class type and multiply by the number of available teaching stations. A uttilization factor is applied to this amount to determine the capacity appropriate for HS scheduling. The State guidelin is an 80% utilization factor. We would recommend a building is overcroweded at 85% utilization.
