Minutes of REGULAR MEETING

The Board of Education Wausau School District

DRAFT

A Committee of the Whole Meeting of the Board of Education of the Wausau School District was held Monday, February 23, 2026, beginning at 5:15 PM in the Wausau West High School Auditorium, 1200 West Wausau Ave., Wausau, WI 54401.

Present: James Bouche; Charles Burger; Jon Creisher; Nick Crochiere; Pat McKee; Jennifer Paoli; Cory Sillars; Lance Trollop.

Absent: Sarah Brock;

I. Call to Order

The meeting was called to order at 5:35 pm.

II. Approve the Minutes

Charles Burger moved to approve the minutes of January 26, 2026, seconded by Cory Sillars. The motion carried 8-0.

III. Audit of the Bills

Lance Trollop moved to approve the Audit of the Bills, seconded by Jennifer Paoli. The motion carried 8-0.

IV. Excellence in Action: Wausau School District Planetarium

Wausau School District Planetarium Director, Christopher Janssen, shared exciting programming information about the District's planetarium. He also shared details on how often it is used by not only District students, but also from other schools and organizations as far as Tomah.

V. Excellence in Action: Wausau West High School

Wausau West Principal, Curt Richardt, along with West student representatives, provided a brief update on new recognition programs, the success of the cell phone policy, the extensive clubs and activities that are available to students, and the recent accolades of both students and staff at West.

VI. Public and Student Comment

There was none.

VII. Five Year Fiscal Forecast

The Committee was presented with a five-year fiscal forecast model for the District. The projection model will continue to be applied during the next three months to aid in constructing the 2026-27 budget reconciliation plan and ultimately the 2026-27 budget. It is critical to understand that the projections are the result of many

variables that independently change periodically. As significant changes to the projections occur, administration will bring them to the attention of the Board.

VIII. AGR Annual Report

This presentation provided the Committee with the mid-year AGR student outcome scores required by the DPI. In addition to sharing screening results, the report featured the work being done in each of our three AGR schools to strengthen organizational systems. The update demonstrated how these schools are evolving their practices to improve student achievement.

IX. NEOLA UPDATE (Action Requested)

Cory Sillars moved to table the Neola update until the next Committee of the Whole meeting on March 23, 2026, due to time constraints, seconded by Charles Burger. The motion carried 8-0.

Respectfully Submitted,

Re: Synthetic Turf and Lighting Fees

Last Fall I gave a presentation pertaining to facility usage within the District and specifically as it pertains to the synthetic turf fields. I discussed some of the costs associated with the short and long term maintenance needs. Particularly, I brought to your attention that we currently do not have a rental fee established for our synthetic turf fields or the lights that were installed from our 2022 Referendum Projects. Therefore, I researched various facilities both locally and statewide to obtain some reference as to what we should use as a District for rental fees. The remaining Board Book has copies of some Fee Schedules in which I obtained information to come up with my recommendation. What we have found is that the fees other facilities set are derived from multiple factors. The model used by these facilities varies since some are community based, private, for profit, municipal or a combination. The following is a summary of each and a small description as to how it would compare to our Tier 2 classification:

Memo Continued

- Mosinee High School: Synthetic turf softball fields. \$25.00 per hour. No lights.
- McFarland High School: Synthetic football fields and baseball/softball infields. Their model closely aligns with the WSD. Field rentals are \$75.00 per hour and lighting is not specifically listed.
- Medford School District: Synthetic football fields. \$25.00 per hour.
- Athletic Park Wausau: Synthetic baseball infield. \$68.00 per hour field rental and \$30.00 per hour for lights.
- Merrill High School: Synthetic football field. \$35.00 per hour for field rental and \$25.00 per hour for lights.
- Rapids Area Sports Complex: Synthetic turf baseball field. \$55.00 per hour for field plus a custodial and field maintenance charge of \$20.00 per hour.

It is the mission of the Wausau School District to advance student learning, achievement, and success.

The Wausau School District does not discriminate on the basis of race, age, color, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex (including transgender status, change of sex, or gender identity), or physical, mental, emotional, or learning disability ("Protected Classes").

Ryan Urmanski, Director of Buildings & Grounds

The last page of the Board Book lists what our recommendation is for the WSD synthetic field rental fees for 2026. Synthetic turf rental for Tier 2 groups would be \$55.00 per hour. Additional fees may apply depending on the event request. For example, tournament events may require additional custodial and maintenance fees to offset the additional costs.

We have established a lighting fee of \$30.00 per hour. This was determined by comparing local lighting fees along with calculating the actual energy consumption our lighting system uses. This also includes the cost of turning the lights on and off. Again, certain events may require additional depending on the group's request needs.

This is the information I used to make this recommendation. However, if the Board wishes to adjust these numbers one way or the other, we could do so prior to taking action.

FACILITY COST

The Mosinee School District rents out various facilities throughout the year and has done so since opening. The rental pricing has remained consistent for at least the last 10 years regardless of the cost to repair facilities, new equipment cost and rising personnel costs. Many, if not all the rental fees are outdated, and the operating costs are not profitable. Below is a chart of the proposed charges for facility rentals.

	A minimum of 2 hours will be charged. Pricing per hour after 2 hour minimum

RE: Referendum Budget Summary Update

As we continue through the collection of projects as a part of the 2022 Capital Referendum, the majority of projects have been bid and completed, with only a few remaining projects yet to be finalized. We remain diligent in closely monitoring all project budgets to ensure we delivered the full original scope while also addressing select additional needs aligned with the referendum's intent. While final numbers may adjust slightly as remaining bids are received, the overall financial status of the referendum remains stable and responsibly managed.

The following referendum budget summary is provided by location and includes the current financial status of each completed capital project, as well as the others that are nearing completion with the best dollar amounts available.

WISCONSIN LOCAL UPDATE OVERVIEW AND COMMENTS

VOLUME 35 NUMBER 1

NOVEMBER 2025

All production-related materials and questions should be directed to the Coshocton Office at 632 Main Street, Coshocton, Ohio 43812 (phone 800-407-5815, fax 740-622-2557). Billing questions should be directed to the Stow Office at 3914 Clock Pointe Trail, Suite 103, Stow, Ohio 44224 (phone 330-926-0514, fax 330-926-0525).

Please make any revisions on the BoardDocs software using the instructions provided to you. You may direct questions related to content to your Neola Associate. Questions regarding the software should be directed to the BoardDocs help desk staff.

If a District chooses not to adopt a policy or administrative guideline, the District is still obligated to follow applicable Federal and State laws relating to that topic.

The proposed new, revised, and replacement policies, administrative guidelines, and forms included in this update have been thoroughly prepared and reviewed by Neola's legal counsel for statutory compliance. If you make revisions or substitute in their entirety policies or other materials of your own drafting, those materials should be reviewed by your legal counsel to verify compliance. Neola does not review District-specific edits to update materials or District-specific policies for statutory compliance.

If a policy or guideline is marked as a revision, the revisions have been marked in bold (to add material) and crossed out (to delete material). As you review a revised policy or guideline, you may accept one, many, or all of the revisions provided. If a policy or guideline is marked as a replacement, enough revisions have been made to justify a complete, clean replacement copy. As you review a replacement policy or guideline, you should also check the materials you have in your current policy or guideline to see if there is some specific wording you want to be included in the replacement policy. If so, a copy of any wording to be added and where it should be inserted should be forwarded with the replacement policy or guideline when it is returned to the Coshocton office for processing.

If the District authors language and adds it to a policy template or deletes content that is not marked as a choice in the policy template, then these actions will constitute District-specific edits.

Policies to be deleted from the policy manual require Board action to rescind the policy.

Your Neola Associate will contact you soon to schedule an appointment to review this update and ensure you are current on it and previous updates.

If you are not an administrative guidelines client, you did not receive those materials in this packet. Contact your Associate for more information about becoming an administrative guidelines client.

Processing Update Materials

Revisions to your policies and administrative guidelines should be made using the BoardDocs software, following the instructions provided.

Using Header Box Options in BoardDocs

Each policy and administrative guideline has multiple header boxes in BoardDocs that provide essential information in addition to the document's title and code number. (NOTE: All the header boxes are visible only when editing is turned on; in view mode, only the header boxes with content are shown.)

Adopted: The "Adopted" header box indicates when the policy or guideline was first adopted, and that date never changes as long as the policy or guideline is active.

Last Revised: Retaining the history of each policy and guideline is essential for legal and administrative reasons, so BoardDocs provides options for such retention. Immediately beneath the "Adopted" header box is the "Last Revised" header box that indicates the last time the policy or guideline was changed, and this box is updated by Neola Production each time a revision is submitted. Any revision dates between the initial adoption and the latest revision are usually located at the bottom of the document, just above the Neola copyright. (Again, these dates are updated by Neola Production with each submission and should correspond to Board meeting minutes, except for TC notations for technical corrections.)

Last Reviewed: A new "Last Reviewed" option now exists for indicating that you have reviewed the policy or guideline and have found it to be sufficient as presently written. Since no revision is being made in these situations, there is no record that the document was reviewed. A typical example would be a technical correction that isn't needed on your document, or a revision to an option that you do not have or want. In such cases, because the copyright has changed but not any content, you would want to show that your document is current as of the new copyright date even though it has the older copyright date from the previous version of the Neola template. Now you have the option to indicate that you have reviewed the document even though no revision was made by putting the review date in the new "Last Reviewed" header box. This is also a handy feature for those Boards that use a policy review regimen in addition to revisions made through the Neola Update process.

Any questions about how to use these BoardDocs header box features should be directed to your Neola Associate, or you may contact BoardDocs Support at 1-800-407-0141.

District-Specific Materials

If the District chooses, during any step of the Update process, to incorporate District-specific material into a new policy or guideline that has been proposed or to insert District-specific material into a current policy or guideline for which revisions have been proposed in an update issued by Neola, then the District agrees to hold Neola harmless for those District-specific edits and acknowledges that Neola's warranty for legal challenges to that District-specific language in that policy or guideline will not be in effect. In addition, Neola retains ownership of the text from the original policy template that remains in a policy to which District-specific material has been added. District-specific materials include the following:

1. Materials from the District's existing materials that the District requests be incorporated during the drafting process;
2. New materials that the District develops in their entirety and exclusive of Neola;
3. Revisions or deletions that substantively depart from Neola's templates; and
4. Outdated material that a District did not keep current with Neola updates.

Policies in this update have been reviewed by Renning Lewis & Lacy, s.c. for consistency with Federal and State law.

BYLAWS AND POLICIES

Bylaw 0100 - DEFINITIONS (Revised)

This policy establishes a comprehensive list of terms and their specific meanings for use throughout the district's bylaws and policies. Its importance lies in ensuring consistency and clarity across all district governance and operational documents, preventing ambiguity that could lead to misinterpretation or legal issues.

This policy now includes the definition of School Support Organizations (SSO) which is a topic of several policy and administrative guideline revisions in a recent special update. The SSO change is recommended, but not required. It also includes "gaming devices" as part of the definition of Personal Communications Devices (PCD) due to a recent change in statutory language relative to student use of PCDs in schools. The "gaming device" addition to the definition of PCD is a statutory definition and is required.

Bylaw 0142.7 - ORIENTATION (Revised)

This policy outlines the importance of preparing each Board member for their duties to ensure the effective functioning of the Board, encouraging new members to understand Board functions, district operations, and procedures. It is important because it ensures that all Board members are well-informed and equipped to make sound decisions for the District.

The policy revisions provide new optional topics for onboarding new Board members, and revisions are not required.

Bylaw 0144.5 - BOARD MEMBER BEHAVIOR, COMMUNICATIONS, AND CODE OF CONDUCT (Revised)

This policy outlines the expected ethical, professional, and responsible conduct for all Board members, covering their behavior, communications, and interactions with staff. It is important because it establishes the standards of integrity and professionalism necessary for effective governance, protects the district's legal standing, and ensures a focus on the welfare of students.

The revisions to the policy update include communicating that individual Board members, other than the Board President, do not have the authority to act on complaints or investigations. It is important because it establishes a clear chain of command and ensures that all complaints are handled through the proper channels, maintaining consistency and fairness in the process. The revisions are recommended, but not required.

Policy 1210 - BOARD - DISTRICT ADMINISTRATOR RELATIONSHIP (Revised)

This policy defines the relationship between the Board and the District Administrator, emphasizing the Board's role in establishing policies and the District Administrator's responsibility in administering them. It is important for ensuring clear lines of authority and efficient operation of the school district, with the District Administrator serving as the primary professional advisor to the Board.

The policy revisions focus on including the District Administrator's authority to delegate duties to staff members, who are then accountable to the Administrator for their performance. In turn, the Board holds the District Administrator accountable for the overall administration of the District, including their actions and personal behavior. These revisions are recommended, but not required.

Policy 1230.01 - DEVELOPMENT OF ADMINISTRATIVE GUIDELINES (Revised)

This policy delegates to the District Administrator the responsibility for designing and implementing administrative guidelines for the District's operation, ensuring they are consistent with Board policies. It is important for establishing clear operational procedures and ensuring that the District's daily functions align with the Board's strategic vision.

There are new optional clauses regarding the District Administrator consulting with stakeholders and the publication of administrative guidelines and handbooks on the District website for transparency. The policy revisions provide new optional topics, and revisions are not required.

Policy 1240 - EVALUATION OF THE DISTRICT ADMINISTRATOR (Revised)

This policy emphasizes the importance of periodically evaluating the District Administrator's performance to assist both the Board and the Administrator in their responsibilities and ensure effective leadership. It is crucial for making informed decisions regarding contract renewal, salary, identifying strengths and weaknesses, and establishing objectives to advance the District's goals.

This policy revision includes new options to allow the Board to make decisions regarding the District Administrator's contract renewal, determine their salary and performance-based incentives, and assess progress towards District strategic goals. The policy revisions provide new optional topics, and revisions are not required.

Policy 2131.01 - READING INSTRUCTIONAL GOALS AND KINDERGARTEN ASSESSMENT (Revised)

This policy outlines the Board's program of reading goals for students from kindergarten to 12th grade and mandates the employment of a certified reading specialist to develop and coordinate a comprehensive reading curriculum. It is important for promoting student reading skills through assessments and interventions, ensuring that students at risk of reading difficulty receive necessary support.

The policy now includes the interventions required by law under Act 20 for each qualifying student. The District Administrator must create, provide, and monitor a personal reading plan with interventions, share it with parents, and notify them of progress after 10 weeks. Revisions in this policy are required, based on information provided by state statute and the Department of Public Instruction.

Policy 2261.01 - PARENT AND FAMILY ENGAGEMENT IN TITLE I PROGRAMS (Revised)

This policy outlines the requirements for parent and family engagement in Title I programs, ensuring meaningful consultation and involvement of parents in their children's education. This is crucial for improving academic quality, addressing barriers to participation, and fostering a strong partnership between schools and families.

The policy revision is provided to clarify the distinction between the Policy and the Parent and Family Engagement Policy, which is the plan developed by the District. The use of the term Policy to describe the plan can create confusion as to what the annual requirement is. Federal law requires that the district conduct an "annual evaluation of the content and effectiveness of the parent and family engagement policy". The Board policy uses the term "plan" to assist in distinguishing between the Board policy and the engagement plan developed per the Board Policy. Adoption of these policy revisions are recommended, but not required.

Policy 2431 - INTERSCHOLASTIC ATHLETICS (Revised)

This policy recognizes the value of interscholastic athletics, emphasizing maximum student participation, good sportsmanship, team play, and fair competition over winning. It is important for providing students with opportunities to develop athletic abilities and fostering school loyalty and community interest.

The policy revisions include adopting Name, Image, Likeness (NIL) compensation standards set by the Wisconsin Interscholastic Athletic Association (WIAA), criteria that meet or exceed the Wisconsin Interscholastic Athletic Association (WIAA) standards, and directing the District Administrator to provide interscholastic athletics in accordance with WIAA rules.

It is recommended to improve options and enhance clarity.

Policy 4140 - TERMINATION AND RESIGNATION (Revised)

This policy establishes clear, official procedures for ending the employment relationship, whether through termination by the employer or resignation by the employee. It defines who has the authority to act (Board or District Administrator) on employee terminations.

Unlike administrators and teachers, there is no statutory requirement that the Board terminate support staff. For maximum flexibility and expedience in managing vacancies, Neola's counsel recommends the Board delegate support staff termination authority to the District Administrator. Districts are encouraged to review their current termination authority for support staff.

Policy 5112 - ENTRANCE AGE (Revised)

This policy establishes student entrance age requirements consistent with Wisconsin Law and sound educational practice, ensuring equitable treatment for all. Its importance lies in providing clear guidelines for student enrollment in kindergarten and first grade, promoting consistency and fairness.

The policy revision includes clarification on days (school days) and includes a new section on age verification and its adoption is recommended.

Policy 5135 - STUDENT IDENTIFICATION NUMBERS AND CARDS (New)

This new policy mandates that if students are issued an identification card, the student also receives a unique identification number, distinct from their social security number.

The policy is important because it ensures student privacy by avoiding social security numbers and provides a critical resource for student well-being by including required contact information for suicide prevention and crisis support services on identification cards. Items in this new policy are required by law, but not to have in policy. This policy is recommended, but not required.

Policy 5136 - PERSONAL COMMUNICATION DEVICES (Revised)

This policy regulates the use of student personal communication devices (PCDs) to protect the students, staff, and the learning environment from disruption. It establishes clear rules to prevent academic dishonesty, safeguard the privacy of individuals, and address harmful behaviors like cyberbullying and harassment. Ultimately, the policy is intended to establish a safe and focused educational setting by managing when and how these devices are used on school property.

This policy revision is a result of 2025 Wisconsin Act 42, requiring each school board to adopt, by July 1, 2026, (and submit a copy of this policy to the Department no later than October 1, 2026) a policy generally prohibiting students from using wireless communication devices during instructional time. Each school board must define such a device as any portable wireless device capable of voice, messaging, or data communication, including cell phones, tablets, laptops, and gaming devices. The policy must allow exceptions for emergencies, health management, individualized education programs or 504 plans, and teacher-approved educational uses. School boards may also include additional exceptions if they determine they benefit student education or well-being. Finally, the policy acknowledges that WI Stat. 120.12(29)(e) allows school boards to adopt policies more restrictive than 2025 Wisconsin Act 42.

Policy 5411 - THIRD GRADE PROMOTION AND RETENTION: AT-RISK STUDENTS (Revised)

This policy governs the promotion of students from 3rd grade to 4th grade, ensuring decisions are based on a thorough and equitable process that considers individual student reading needs. It is important for providing clear guidelines and support for students who have not completed their personal reading plans, aiming to make promotion decisions that are in the student's best interest.

The policy revision includes an appeal process and timelines for appealing the decision to the District Administrator. If the school representatives recommend retention but the student's parent/caregivers do not consent to retention, it is best practice (although not required by statute) for the student to be promoted to 4th grade regardless of any other facts, circumstances, or analysis. The appeal process, while an option, is not required.

Policy 5514 - USE OF PERSONAL TRANSPORTATION DEVICES (Replacement)

This new policy is relevant because it expands the scope of the previous bicycle rule to address a wider variety of modern personal transportation devices like scooters, skateboards, and hoverboards, whether they're manual or motorized. It establishes clear guidelines for their use on school property, focusing on safety, liability, and the privilege of operation. Crucially, the policy disclaims Board responsibility for damage, theft, or accidents, shifting the full risk and liability to the students and their parents. It is recommended but not required.

Policy 5515 - STUDENT USE AND PARKING OF MOTOR VEHICLES (Revised)

This policy outlines the conditions under which students may use motor vehicles to travel to and from school, emphasizing their responsibility for property care, safety, and courtesy. It is important for establishing clear guidelines for student drivers, ensuring safety, and promoting responsible behavior on school grounds.

Revisions to this policy include students only being permitted to bring vehicles they own or have express permission to operate onto District property; unauthorized vehicles are a violation; law enforcement may be contacted; students may not enter a vehicle without consent; and school officials can search vehicles on District property in accordance with policy. The Board may also permit the use of snowmobiles and Off Highway Vehicles (OHVs) by legally qualified individuals in designated areas for travel to and from school. This revision is recommended but not required.

Policy 5895 - STUDENT EMPLOYMENT (Rescind)

This policy is being rescinded. Teenagers in Wisconsin need a work permit if they are under 16 and are not working in agriculture or domestic service. Schools are no longer authorized to provide students with work permits. Parents or guardians must apply for the permit online through the Wisconsin Department of Workforce Development (DWD) website.

Policy 6152.01 - WAIVER OF SCHOOL FEES OR FINES (Revised)

This policy provides that school fees and fines do not prevent financially struggling students from accessing their education and required materials, consistent with the requirement that such charges cannot be barriers to the educational program. It establishes clear eligibility standards, including for low-income and homeless students, and outlines a necessary procedure for requesting and appealing fee waivers. By formalizing this process, the policy upholds equity by preventing discrimination against students whose families are unable to pay.

The policy revisions make optional the language for fee eligibility standards and the resolution of disputes, as well as a defined list and options for fees to be waived. It is recommended to improve options, reflect practice, and enhance clarity.

Policy 6320 - PURCHASING (Revised)

This policy outlines the procedures for the procurement of all supplies, materials, equipment, and services using District funds, emphasizing compliance with relevant laws and ethical standards. Its importance lies in ensuring fair and open competition, responsible financial management, and preventing conflicts of interest in all purchasing transactions.

The key policy revisions include reorganization of content as well as clarification on single vendor bids and the timeline for bid delivery to the District. This revision is recommended but not required.

Policy 7540.02 - Digital Content and Accessibility (Replacement)

This policy provides digital equity and legal compliance by mandating that all District web content and mobile apps adhere to accessibility standards like WCAG 2.1, Level AA. This adherence provides individuals with disabilities an equal opportunity to access information, programs, and services, preventing discrimination as required by Section 504 and the ADA. Furthermore, the policy maintains the professional and educational integrity of the District's digital presence, controlling content for appropriateness, security, and alignment with the District's mission.

This replacement policy now reflects the U.S. Department of Justice (DOJ) final rule provisions under Title II of the Americans with Disabilities Act (ADA) requiring state and local government entities — including public schools — to make web content and mobile applications accessible to individuals with disabilities. There are statutory timelines relative to the technical standards compliance that are addressed in the notes of the policy template. Adoption is recommended for a legally compliant guideline.

Policy 7540.08 - ARTIFICIAL INTELLIGENCE (AI) (Replacement)

This policy update/revision is designed to be legally compliant by referencing and building upon existing Federal laws, Family Educational Rights and Privacy Act (FERPA), Individuals with Disabilities Education Act (IDEA), Children's Online Privacy Protection Act (COPPA); Protection of Pupil Rights Amendment (PPRA) and State laws, Public Records Law WI 19.31 - S19.37;

Personally Identifiable Information WI 19.62 - S19.80; Pupil Records Law Section WI 118.125; Access to Personal Internet Account Information Section WI 995.55, as well as school board policies related to privacy, civil rights, and academic integrity. It takes an active, risk-mitigating approach to integrating AI into education while prioritizing ethical use and legal adherence.

This policy replaces the current template due to significant expansion and increased language required for legal compliance.

Re: U.S. Supreme Court Decision on LGBTQ+ Curriculum Materials

Date: November 2025

On June 27, 2025, the United States Supreme Court issued its decision in *Mahmoud v. Taylor*, which expands the rights of parents to opt their children out of public school curriculum that conflicts with their sincerely held religious beliefs. In *Mahmoud*, the Court held that the plaintiff parents had a constitutional right under the U.S. Constitution's First Amendment Free Exercise Clause to be notified of and to opt their children out of certain school instruction which included books with LGBTQ+ themes. The Court emphasized that the school board's introduction of LGBTQ+ inclusive storybooks as part of its English Language Arts curriculum, along with its decision to withhold parental opt-out options, placed an impermissible burden on the parents' free exercise of their religion.

The Court was careful to clarify that its ruling does not prohibit public schools from adopting inclusive curriculum which covers LGBTQ+ issues or various other topics which can raise differing viewpoints, nor does it disturb the equal protection principle requiring public schools to treat all students equally. Rather, the case addresses parental rights to withdraw children from lessons that conflict with religious beliefs, and is specific to school board adopted curriculum materials that present a particular viewpoint relative to LGBTQ+ topics.

Scope of the Court's Decision

Mahmoud came before the Court on a request for temporary injunction. The Court granted the injunction stating "until all appellate review in this case is completed, the Board should be ordered to notify [parents] in advance whenever one of the books in question or any other similar book is to be used in any way and to allow them to have their children excused from that instruction." The Court then remanded the case to the lower court to fashion an injunction consistent with the Court's holding.

From this, there are a few critical points: (a) the case involved Board approved curriculum materials, as opposed to materials selected by individual teachers in furtherance of the curriculum; (b) the decision is specific to the LGBTQ+ materials that furthered a particular position regarding inclusion and acceptance of LGBTQ+ concepts; (c) the school board in this case had opted to prohibit opting out, which the Court found problematic; and (d) the Court's order refers only to the specific types of materials involved in the case.

At this juncture, it is not clear that an advance notice requirement and subsequent opt-out right will be broader than just the types of LGBTQ+ materials selected by the Board and for which parents were prohibited from opting out. Further proceedings may illuminate circumstances requiring advance notice and opt-out rights, but that remains to be seen.

Policy Implications

At this juncture, existing Neola policy templates afford sufficient tools to enable boards to honor the First Amendment concerns addressed in the decision. Specifically:

- Policy 2414 - Human Growth and Development. This policy implements Wis. Stat. § 118.019 to require each school district that offers human growth and development instruction to allow parents to opt their children out of such instruction. Parents must be provided with an opportunity to review the instructional materials and may excuse their child by submitting a written request. When providing notice relative to the HGD curriculum, districts should identify any

curriculum-related materials that cover LGBTQ+ concepts specifically.

- Policy 2270 – Religion in the Curriculum. This policy implements Wis. Stat. § 118.15(3)(c) to allow a parent to withdraw a child from any class or program if the instruction conflicts with the parent’s religious beliefs, provided the school is notified. When providing parental notification regarding their right to review the curriculum, and the process for opting out of instruction that conflicts with one’s religious beliefs. Districts should identify any curriculum-related materials that cover LGBTQ+ topics.
- Policy 2240 – Controversial Issues in the Classroom. This policy covers the obligations of instructional staff to avoid controversial issues, except in a specific set of parameters. This policy and communicating its contents to staff members is an important of facilitating compliance with parental notification and opt-out rights relative to instruction conflicting with the parents’ religious beliefs.

Additional Considerations

As noted, there are no current recommended policy revisions. Rather, it will be important to remind staff of the above-referenced policies, and their role in assisting the schools’ efforts to provide parental notification where required. In addition, districts should consider the following proactive measures:

- Conduct an internal audit of curriculum and instructional materials involving potentially controversial topics, particularly any curriculum or materials that address LGBTQ+ topics. Evaluate whether those materials are appropriate
 - Is the content a part of required reading material, a classroom library, or part of the daily lesson plan?
 - Is the content neutral or potentially hostile to specific religious beliefs or practices?
 - What are the ages of the children receiving the instructional materials and are they age-appropriate?
- Review opt-out notification procedures to assure that opt-out information and curriculum review information are provided to parents, and that the school is equipped to receive and honor valid requests.
- Review alternative instruction options so that if parents opt students out of instruction more regularly, there is a plan to provide replacement instruction.

Neola will continue to monitor this case and other cases involving similar concepts that are working their way through the judicial review process. When any policy revisions become necessary, we will communicate that to Neola clients and propose any such revisions.

LEGAL ALERT

From: Renning, Lewis & Lacy, S.C.

Re: DOJ Issues New Rule Concerning Web Content and Mobile App Accessibility

Date: November 2025

On April 24, 2024, the U.S. Department of Justice ("DOJ") published a final rule under Title II of the Americans with Disabilities Act ("ADA") requiring state and local government entities — including public schools — to make web content and mobile applications accessible to individuals with disabilities. This rule marks the first time that the DOJ has adopted a specific technical standard for digital accessibility.

The ADA was originally enacted in 1990 to ensure that individuals with disabilities are not excluded from participation in public programs and services. While the ADA has long required effective communication and equal access, this rule clarifies the application of these principles to digital environments (i.e., websites and apps). In issuing the Final Rule, the DOJ emphasized the fact that state and local governments are increasingly providing services through websites and mobile applications. Consequently, when these digital platforms are inaccessible, they create barriers for people with disabilities to access government services; in the school context, this can include access to educational resources and course materials, registration and enrollment systems, parent portals and communication platforms, and online forms and applications. For this reason, the DOJ determined it was the appropriate time to adopt a technical standard = Web Content Accessibility Guidelines ("WCAG") 2.1, Level AA – to ensure digital content is accessible.

School districts that have a population of 50,000+ people have to comply with the new technical standard by April 24, 2026; school districts with populations of fewer than 50,000 have until April 26, 2027, to comply. Wisconsin school districts will want to use population estimates in the most recent Small Area Income and Poverty Estimates (SAIPE) to determine which deadline applies to them. School districts entirely within one City or County may rely on the population of that city or county.

Once a district is obligated to comply with the Final Rule, its web content (i.e., information and experiences available on the web, including text, images, sound, videos, and documents) and mobile applications (i.e., software applications downloaded and designed to run on mobile devices), along with web content/mobile apps provided or managed by third-parties on behalf of the district will have to meet the WCAG 2.1, Level AA standard, which includes features such as alternative text for images, keyboard navigation, sufficient contrast for text, captioning and transcripts for audio/video content, and logical structure and screen reader compatibility.

While the regulations apply to nearly all web content and mobile apps, there are a few limited exceptions: archived web content; preexisting conventional electronic documents; third-party posted content (i.e., content not posted by contracted vendors); individualized password-protected documents (i.e., documents about specific persons, properties, or accounts that can only be accessed through the use of a password); and preexisting social media posts. In order for the archived web content exception to apply, the content has to (a) have been created before the compliance date, (b) be maintained solely for reference, research, or recordkeeping purposes and in a special archive section on the website, and (c) remain unchanged since it was archived. Similarly, preexisting conventional electronic documents (e.g., word processing, presentation, PDF, or spreadsheet files) have to have been available before the compliance date and not be currently used for applying, accessing, or participating in district services in order to avoid having to comply with the WCAG 2.1, Level AA standard. Importantly, even when an exception applies, the district must still provide effective communication and reasonable modifications under existing ADA obligations.

To assist districts with their compliance obligations under the Final Rule, Neola has updated Policy and Administrative Guideline 7540.02 to specify the WCAG 2.1, Level AA standard, along with the five (5) exceptions referenced above. Additionally, the

vendor/contract procurement language in the documents has been strengthened.

In advance of their applicable compliance deadline, Neola recommends that districts conduct Accessibility Audits – i.e., inventory all district websites, web applications, and mobile apps to assess their current WCAG 2.1, Level AA compliance status. If web content or a mobile app is found not to meet the new technical standard, the district should promptly remediate the situation. Be advised, this may prove more challenging than one might initially think; for example, some districts have a fair amount of content on their district websites that is posted in the Portable Document Format (i.e., PDFs), which, unfortunately, is not always compliant with the WCAG 2.1, Level AA standard.

Relatedly, as specified in Policy and AG 7540.02, districts will need to prospectively conduct accessibility testing and annual compliance audits, and provide a means for users to submit any concerns they may have related to web content or mobile apps not being accessible.

Next, in addition to auditing existing content and apps to assess their accessibility, districts should review new and existing contracts (and related RFPs) with the vendors it uses to host/publish web content and/or operate mobile apps on its behalf to verify those agreements which require the vendors to comply with the WCAG 2.1, Level AA standard. To that end, districts will want to work with their local legal counsel to ensure future contracts contain language requiring vendors to ensure "all web content and mobile applications meet or exceed Web Content Accessibility Guidelines (WCAG) 2.1, Level AA standards as required by Title II of the Americans with Disabilities Act, 28 C.F.R. § 35.104." Likewise, districts will want those contracts to provide for vendor liability for ADA non-compliance, the right for the district to terminate a contract for a vendor's accessibility failures, and the opportunity for the district to recover any legal defense costs and damages associated with a lawsuit alleging a failure by the district to meet its ADA-accessibility obligations.

Finally, it will be important for districts to ensure relevant staff are appropriately trained concerning the new technical standard so that they can assist their districts in complying with WCAG 2.1, Level AA, so persons with disabilities will be able to access – on a nondiscriminatory basis – the district's programs and services as offered on their web content and mobile apps.

Title	2025 COPPA Rule - Implications for K-12 Public Schools
Code	05 - Legal Alert
Status	

LEGAL ALERT

To: Neola Clients

From: Peters Kalail & Markakis Co., L.P.A.

Re: 2025 COPPA Rule – Implications for K-12 Public Schools

Date: August 2025

The Children’s Online Privacy Protection Act ("COPPA") was enacted in 1998 to provide parents with control over the personal information collected from children under the age of thirteen (13) by websites and online services. COPPA’s implementing regulations are overseen by the Federal Trade Commission ("FTC"), which is required by law to review the COPPA Rule every five (5) years. The original COPPA Rule, implemented in 2000, was last substantively amended in 2013 to reflect emerging technologies, including the increased use of mobile apps and social networking platforms by children. While the previous rules focused primarily on basic parental consent and data collection practices, the new rules are the most sweeping to date and respond to dramatic shifts in how children interact with online platforms, including the rise of artificial intelligence and biometric data use. The 2025 amendments significantly expand protections by requiring separate parental consent for third party data sharing, implementing more prescriptive security requirements, establishing data retention limits, and broadening the definition of personal information.

The 2025 Final Rule was published on April 22, 2025, and became effective on June 23, 2025, with full compliance required by April 22, 2026 (except for specific provisions pertaining to COPPA’s safe harbor programs).

While COPPA primarily regulates commercial operators of websites and online services directed to children under thirteen (13), school districts are allowed to give consent to ed tech companies in lieu of parental consent as long as that data is solely used for educational purposes and not commercially. Nothing in the Final Rule alters the FTC’s established guidance that permits schools to adopt educational technology without obtaining individual parental consent for each student. Nevertheless, schools must ensure that vendor platforms comply with the revised COPPA Rule and must train staff accordingly (i.e., concerning student data privacy).

KEY PROVISIONS AFFECTING K-12 SCHOOLS

- **Parental Consent and Educational Use:** Operators must now obtain verifiable parental consent before children’s data (i.e., personally identifiable information ("PII")) is collected, used, or disclosed to third parties. This change is critical to ed tech vendors using third party analytics, advertising, or AI tools. Consent must be specific to each third party and disclosure purpose.
- **Definition of Personal Information:** The Final Rule contains an expanded definition of PII, which now includes biometric identifiers (e.g., fingerprints, faceprints, retina or iris scans, voiceprints), online contact information, persistent identifiers, and government-issued identifiers (e.g., Social Security Numbers, State identification numbers, birth certificates, or passport numbers). This expansion means schools and their vendors must reassess the data they collect, even passively.
- **Enhanced Transparency:** Operators are now required to provide clear, direct, written notice to parents (or schools acting as proxies) about how they plan to collect, use, and disclose children’s data upon receiving consent. Specifically, the operator must identify what personal information is collected, how they intend to use it, the identities or specific categories of third parties receiving the data, the purposes for each data disclosure, and the operator’s data retention and deletion practices.
- **Data Retention and Deletion:** Operators must establish and publish a written data retention policy, which places limits on how long children’s data can be retained (it cannot be indefinite). Further, the Rule states that the data can be

retained only as long as is reasonably necessary to fulfill the specific purpose for which it was collected.

- **Separate Parental Consent for Third Party Disclosures:** Schools must ensure their contracts require vendors to obtain separate parental consent if any student data is disclosed beyond the school-authorized purpose.
- **Cybersecurity Requirements:** Operators must implement a written information security program that is tailored to the sensitivity of student data, including conducting annual risk assessments, and scaled to the operator's size, complexity, and nature and scope of activities. It will be important for schools to require vendors to certify compliance.
- **Clarification on Mixed Audience Sites:** Websites that attract both children and general users must implement "neutral" age gates and cannot collect any personal data until age is verified. Many K–8 tools fall into this category and must be configured accordingly.

WHAT SHOULD DISTRICTS BE DOING BETWEEN NOW AND APRIL 22, 2026?

- **Conduct a Tech Audit/Carefully Analyze Vendor Agreements:** When entering or renewing vendor contracts, schools should:
 - **Require Explicit Educational Purpose Clauses:** Ensure all contracts clearly state that student data will be used solely for educational purposes, not commercial activities or targeted advertising.
 - **Demand Data Retention Policies:** The Final Rule requires operators to obtain separate parental consent before disclosing children's personal information to any third party. The district's contracts need to specify data retention periods and deletion procedures.
 - **Verify Security Measures:** Request documentation of vendors' written security programs, including annual risk assessments and specific safeguards for children's data.
 - **Include Audit Rights:** Build in contractual rights to audit vendor compliance with COPPA requirements and data handling practices.
 - **Address Biometric Data:** For any systems collecting biometric information (facial recognition for security, fingerprint scanners), ensure specific protections and limitations are contractually defined.
 - **Indemnification Clauses:** Schools should seek to include indemnification clauses related to a vendor's non-compliance.
- **Train Staff on Updated COPPA Requirements:** Ensure staff (e.g., teachers, media specialists, and technology coordinators) understand the revised consent requirements, limitations on new platform usage, and how to identify PII under the 2025 Final Rule.
- **Update Parental Notification Practices:** Create/update template notices that explain what data is collected, which platforms are used, and how parents can opt out or view their child's data.

The FTC noted when it announced the 2025 COPPA Rule that it was coming at a critical time, as companies are increasingly trying to profit off children's data, and large ed tech companies are experiencing significant cybersecurity incidents that have led to mass breaches of sensitive student data. With these events as background, the Final new Rule seeks to strengthen parental control and impose stricter data privacy and security requirements that will directly affect K-12 operations. Proactive compliance—through staff training, contract review, and vendor oversight—is essential to safeguard student privacy and minimize institutional risk. Neola urges its client to act promptly to ensure vendor compliance by the April 22, 2026 full compliance deadline, while immediately reviewing new contracts under the enhanced standards taking effect June 23, 2025.

0144.5 - **BOARD MEMBER BEHAVIOR, COMMUNICATIONS, AND CODE OF CONDUCT**

The Board functions most effectively when individual Board members act ethically, professionally, and responsibly. Board members serve as a member of the School District's governing body and do not have individual authority to represent a policy or enforce positions that are not supported by a majority of the Board as evidenced by official action of the Board (See Bylaw 0143 - Authority of Individual Board Members).

Board members accept responsibility for the well-being and positive leadership of the School District, for protecting the interests of the School District as a legal entity, and for facilitating governance for the purpose of delivering the highest quality educational and related services to all of the District's students. Conduct by Board members that compromises the reputation or legal position of the District **is** prohibited.

Any authority delegated to the Board President in this policy is automatically vested in the Board Vice President in the event that either the Board President is unavailable or the Board President is the Board member accused of violating this policy.

General Expectations of All Board Members

- A. Attend all scheduled Board meetings insofar as possible, and become informed concerning the issues to be considered at those meetings.
- B. Be familiar with and comply with Board policies, including policies governing Board member conduct and Board member ethics, rules of incompatibility of office, and conflicts of interest (see Bylaw 0144.3 - Conflict of Interest).
- C. Be familiar with and comply with Board policies, including policies governing Board member conduct and Board member ethics, rules of incompatibility of office, qualifications of the office, and conflicts of interest (see Bylaw 0144.3 - Conflict of Interest).
- D. Conduct themselves with integrity, honesty, and in a manner that reflects positively on the Board and on the District.
- E. Be accountable for guiding and supporting the policy decision-making process that impacts students, staff, and the community. The operation of the District is the responsibility of the administration.
- F. Establish and maintain a high level of honesty, credibility, and truthfulness in all matters dealt with by the Board.
- G. Treat others with respect and dignity at all times, maintain decorum, and always communicate in a way that does not violate or illustrate disregard for Board policy concerning harassment or discrimination. This decency expectation applies in all communications, including while discussing sensitive, **or** controversial **matters**, or matters involving disagreement.
- H. At all times conduct themselves in the best interest of the School District, including avoiding implicating the District in unlawful activity or supporting or encouraging efforts to harm the reputation, legal standing, or to bring other material harm to the interests of the District or the Board.
- I. Recognize that they should endeavor to make policy decisions only after full discussion at publicly held Board meetings.
- J. Render all decisions based on the available facts and independent judgment.
- K. Encourage the free expression of opinion by all Board members, and seek systematic communications between the Board and students, staff, and all elements of the community.
- L. Work with the other Board members to establish effective Board policies and to delegate authority for the administration of the District to the District Administrator **in accordance with Policy 1100 - District Organization**.

- M. Communicate to other Board members, in accordance with the Open Meeting Law, and the District Administrator expressions of public reaction to Board policies and school programs (see Board Member Communication section below, Bylaw 0143.1 - Public Expression of Board Members, and Bylaw 0167.5 - Use of Electronic Mail).
- N. Inform themselves about current educational issues by individual study and through participation in programs providing needed information, such as those sponsored by the Wisconsin Association of School Boards, the Consortium of State School Board Associations, and the National School Boards Association.
- O. Support the employment of those persons best qualified to serve as school staff, and insist on a regular and impartial evaluation of all staff.
- P. Refrain from using their Board positions for personal partisan gain.
- Q. Take no private action that will compromise the Board or administration, and respect the confidentiality of information that is privileged under applicable law.
- R. Remember always that their first and greatest concern must be for the educational welfare of the students attending the public schools.
- S. No Board member shall act or fail to act as a member of the Board in violation of 946.12, Wis. Stats., regarding misconduct in public office.
- T. Disclose any actual or perceived conflict of interest.
- U. Maintaining a stature that is above political pressure and partisanship.
- V. Refusing to make statements or promises relating to a vote on any matter that must come before the Board as a whole.
- W. Knowing the ONLY form of volunteering that a Board member can perform is providing infrequent assistance at school events/programs. Examples of infrequent assistance include school carnivals, assemblies, plays, award ceremonies, graduation ceremonies, reading to students as part of Read Across America, and interviewing students for mock employment/career planning. Board members are officers of the District and are perceived differently by District employees. Volunteering regularly in schools and classrooms places undue pressure on the principal, teachers, and staff. The seeds of favoritism, influence, and pressure exist when Board members are present and when Board members want to volunteer in schools on a regular basis.

Board Member Communication

Board members are expected to refrain from engaging in communication on behalf of the Board or on behalf of the District unless authorized to do so by majority vote of the Board (See Bylaw 0143.1).

Any Board member who chooses to engage in individual communication on matters related to Board and/or District business is expected to clearly identify whether the Board member is communicating in the following capacity:

- A. On behalf of the Board: normally, this is the function of the Board President or, in the President's absence, the Vice President. The Board may, by majority vote, delegate this responsibility to another Board member in a specific circumstance. In every case, the Board member communicating the Board's position shall do so as determined by the Board and avoiding individual interpretation or editorializing.
- B. As an individual Board member, but not on behalf of the Board: a Board member who speaks, including online, in social media forums, or in any other public forum, on matters related to Board and/or District business, but not as an officially designated spokesperson of the Board. The Board member must specify that any statement is not sponsored by the District and is a personal viewpoint.

Board members who fail to adhere to this expectation, or who publicly communicate false or intentionally misleading information pertaining to Board action or District policy, will be asked to correct such communication in a way that is likely to reach the same audience as the false or misleading information. The Board President is authorized to communicate such requests to the pertinent Board member.

The Board President is authorized to issue public statements on behalf of the Board in the event a Board member expresses false or misleading information, or makes statements without properly identifying whether the member of the Board is speaking as an individual Board member. The President's communication should be limited to correcting the false or misleading statement, clarifying that the Board member was not speaking on behalf of the Board, and providing information relative to Board action if any on the subject matter.

Board Member Interaction with Staff

The general expectations of Board member decorum and civility apply to interactions with employees; however, because the Board is the employer of all District staff, this responsibility is appropriate for special reference. Each Board member is an individual with authority to bring matters to the Board and to influence matters related to staff. Therefore, it is imperative that Board members treat all employees with respect and as professionals. Board members are also required to comply with Board Policies governing employee anti-harassment, nondiscrimination, non-discrimination, and threatening behavior.

No Board member has inherent authority to require any staff member to respond to the Board member regarding a specific request for information, or to direct any staff member to perform or not perform any task, except as provided by Board policy or as directed by

majority vote of the Board.

Board ~~member members~~ access to and request for School District records and information is governed by Board Bylaw 0143.2 - Board Member Information Requests.

Board members access to and request for School District records and information is governed by Board Bylaw 0143.2 - Board Member Information Requests.

Board Member Records and Confidentiality

Board members are expected to maintain their own public records created on resources not controlled by and thus not maintained by the School District. Each Board member is an elected official responsible for preserving all public records the Board member creates, and to comply with requests to inspect such records. The District has no obligation nor responsibility to assist any Board member in fulfilling this responsibility with respect to records that are not maintained by the District.

Board members are encouraged to review Board policy defining and explaining public records, their maintenance, and public access (See Board Policy 8310 - Public Records).

Board members are expected to maintain and protect the privacy of District records, including student records, and communications received in closed-session meetings of the Board. Board members must also protect and not disclose records consistent with, and governed by, the Family Education Rights and Privacy Act (FERPA).

Enforcement

Enforcement

Complaints alleging violations of the Board Member Code of Conduct may be brought by any ~~parent, student, staff member or District resident person~~ and ~~must~~ be submitted to the Board President or, if the Board President is the member accused of violating this policy, to the Vice President, who under such circumstances shall perform the duties of the Board President described in this policy. All Complaints shall bear the name and signature of the complainant and include a detailed description of the alleged misconduct, any evidence supporting the allegations, and the action/relief being requested.

The Board President may choose to consolidate complaints for consideration if more than one (1) individual files similar complaints, but reserves the right to refuse to consider any subsequent complaint on the same matter unless previously unknown material facts are raised.

The President ~~or Vice President~~ shall review the complaint and ~~determine whether the officer can~~ investigate the matter. The President ~~may~~ if the President or Vice President needs to contact the School District's legal counsel for support in the investigation of the complaint and/or other matters related to the complaint. Board members are elected officials and therefore cannot be ~~disciplined~~, prevented from participating in Board meetings, or removed from office by the Board. ~~However, the~~ The Board may consider the following:

- A. formal censure by resolution passed by a majority of the Board in an open session meeting of the Board;
- B. removal from Board committee assignments ~~that is an~~ for the remainder of the year and until the following organizational meeting of the Board, at which time the President is authorized to continue to withhold committee assignment. Approval of this sanction is ~~an adopted~~ exception to Bylaw 0155 - Committees;
- C. restriction on Board member rights granted by policy, including requesting items for a Board meeting agenda;
- D. referral to proceed with efforts to remove the Board member from office for cause, which means inefficiency, neglect of duty, official misconduct, or malfeasance in office;
- E. referral to law enforcement if any alleged misconduct constitutes potentially unlawful conduct;
- F. other efforts to pursue compliance with and adherence to the policy as determined by the Board and not prohibited by law.

If a complainant or any other person contacts an individual Board member, other than the Board President, to discuss a complaint or investigation under this policy, the Board member shall inform the person that the Board member has no authority to act in an individual capacity and shall refer the person to this bylaw or the Board President for further assistance.

0145 - **BOARD MEMBER ANTI-HARASSMENT**

The Board is committed to an environment that is free of harassment. The Board will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it.

The Board will vigorously enforce its prohibition against harassment based on race, color, national origin, age, sex (including gender status, change of sex, sexual orientation, or gender identity), pregnancy, creed or religion, genetic information, handicap or disability, marital status, citizenship status, veteran status, military service (as defined in 111.32, Wis. Stats.), ancestry, arrest record, conviction record, use or non-use of lawful products off the District's premises during non-working hours, declining to attend an employer-sponsored meeting or to participate in any communication with the employer about religious matters or political matters, or any other characteristic protected by law in its employment practices (hereinafter referred to as "Protected Classes"), and encourages those within the School District community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. The Board prohibits harassment that affects tangible job benefits, interferes unreasonably with an individual's work performance, or creates an intimidating, hostile, or offensive working environment.

The harassment of a District staff member, student or another Board member by a member of the Board is strictly forbidden. Any member who is found to have harassed a member of the staff, a student or another Board member, will be subject to discipline by the Board and may be reported to law enforcement authorities. (See ~~Bylaw Policy 0144.5 - Board Member Behavior, Communications~~, and Code of Conduct)

The Board believes that sexual or other forms of offensive speech and conduct are wholly inappropriate to the harmonious relationships necessary to the operation of the District and intolerable in an environment in which students and staff members of this District function.

Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature whenever submission to such conduct is made a condition of employment or a basis for an employment decision, or when such conduct has the purpose or effect of unreasonably interfering with work performance or creating an intimidating, hostile, or offensive working environment. Other forms of harassment include verbal or non-verbal expression related to race, gender, age, religion, disability, pregnancy, or sexual orientation. ~~Other forms of harassment include verbal or non-verbal expression related to race, gender, age, religion, disability, pregnancy, or sexual orientation.~~

Substantial interference with a person/employee's work performance or creation of an intimidating, hostile, or offensive work environment is established when the conduct based on sex or one of the other Protected Classes referenced above, is such that a reasonable person under the same circumstances as the person/employee would consider the conduct sufficiently severe or pervasive so as to interfere substantially with the person's work performance or create an intimidating, hostile, or offensive work environment. The Board believes that, in general, it is the primary duty of the Board to establish policies and that of the District Administrator to administer such policies. As a component of the school-level parent and family member engagement policy, the principal for each school shall coordinate the development of a school-parent compact jointly with parents of children served under Title I which outlines how the school staff, the parents, and the student will share responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help students achieve the State's high standards. The compact must:
1. describe the school's responsibility to provide a high-quality curriculum and instruction in a supportive, effective learning environment;
 2. describe the ways in which each parent is responsible for supporting their child's learning environment such as monitoring attendance, homework, extra-curricular activities, and excessive television watching; volunteering in the classroom; and participating, as appropriate, in decisions relating to the education of their children and their positive use of extra-curricular time;
 3. address the importance of parent/teacher communication on an on-going basis through at least annual parent-teacher conferences to discuss the child's achievement and the compact; frequent progress reports to the parents on their child's progress; reasonable access to the staff and to observe and participate in classroom activities and regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand.
- G. Parents of children receiving Title I services must be notified about their school's parent and family member engagement policy in an understandable and uniform format, and to the extent practicable, in a language the parents can understand. These policies must also be made available to the community.
- H. School-level parent and family member engagement policies must be updated periodically to meet the changing needs of parents and the schools.

In order to involve parents in the education of their children and to support a partnership among the school, parents and the community for improving student academic achievement, the District Administrator and building principals must include provisions in the School District and school-level parent and family member engagement policies regarding:

- A. assisting parents of children served under Title I in understanding such topics as the State's academic standards, State and local academic assessments Title I, and how to monitor their child's progress and how to work with educators to improve their child's achievement;
- B. providing materials and training to help parents work with their children to improve achievement, such as literacy training and using technology (including education about the harms of copyright privacy);
- C. educating teachers, specialized instructional support personnel, school leaders (including principals), and other staff, with the assistance of parents, about the value and utility of contributions of parents, how to reach out to, communicate with, and work with parents as equal partners, how to implement and coordinate parent programs, and how to build ties between parents and the school;
- D. to the extent feasible and appropriate, coordination and integration of parent involvement programs and activities with other Federal, State and local programs (including public preschool programs), and conducting other activities that encourage and support parents more fully participating in the education of their children (e.g., parent resource centers);
- E. providing information related to school and parent programs, meetings, and other activities to parents of participating children in a format, and, to the extent practicable, in a language the parents can understand;
- F. providing such reasonable support for parent involvement activities as parents may request.

In order to build the School District's capacity for parent involvement, the District Administrator and building principals may also:

- A. involve parents in the development of training for teachers and administrators and other educators to improve the effectiveness of such training;
- B. provide necessary literacy training from Title I funds if the District has exhausted all other reasonably available sources of funding for such training;
- C. pay reasonable and necessary expenses associated with parental involvement activities to enable parents to participate in school-related meetings and training sessions, including transportation and child care costs;
- D. train parents to enhance the involvement of other parents;
- E. arrange school meetings at a variety of times, or conduct in-house conferences between teachers or other educators who work directly with participating children, with parents who are unable to attend such conferences at school, in order to maximize parental involvement and participation;
- F. adopt and implement model approaches to improving parental involvement in Title I programs;

G. establish a District-wide parent advisory council to provide advice on all matters related to parental involvement programs;

H. develop appropriate roles for community-based organizations and businesses in parental involvement activities.

2431 - **INTERSCHOLASTIC ATHLETICS**

The Board recognizes the value to the District and to the community of a program of interscholastic athletics for as many students as feasible and in accordance with Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity. The Board believes that it is the purpose of an interscholastic program to provide the benefits of an athletic experience to as large a number of students as feasible within the District.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by a school or the School District alone.

The program should foster the growth of school loyalty with the student body as a whole and stimulate community interest in athletics.

Game activities and practice sessions should provide many opportunities to teach skills and the values of competition and good sportsmanship.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship, team play, and fair competition, rather than on winning, particularly at sub-varsity levels. The District Administrator is to develop guidelines for coaches to follow which will ensure that as many students as possible have the opportunity to play, so they have the opportunity to benefit from the learning experience.

~~X] The Board further adopts those eligibility criteria that meet or exceed the Wisconsin Interscholastic Athletic Association (WIAA) standards. [X] The Board further adopts the Name, Image, Likeness (NIL) compensation standards set by the Constitution of the Wisconsin Interscholastic Athletic Association (WIAA), and directs the District Administrator to provide interscholastic athletics for students in accordance with the WIAA Constitution, Bylaws, and Rules of Eligibility, and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board. Consider Drafting Note? [DRAFTING NOTE: If the District chooses this option, the district must comply with the WIAA's NIL policies and will likely be responsible for assuring that student athletes follow the rules as well. It is recommended that districts give a copy of the WIAA policies to students who participate in their sanctioned sports, especially those participating in NIL. Districts must monitor students who are participating in NIL, because if a student violates the WIAA policies, the district, the school, the team, and the student can be sanctioned by the WIAA for violations.]~~

The District Administrator is authorized to establish an activities code for participants as well as the implementation of appropriate disciplinary procedures against those who violate these expectations. The District provides the following safeguards:

- A. Prior to enrolling in the sport, each participant shall submit to a thorough physical examination by a District-approved physician and parents shall report any past or current health problems along with a physician's statement that any such problems have or are being treated and pose no threat to the student's participation.
- B. Any student who is found to have a health condition which may be life-threatening to self or others shall not be allowed to participate until the situation has been analyzed by a medical review panel that has determined the conditions under which the student may participate.
- C. Any student who incurs an injury requiring a physician's care is to have written approval by a physician prior to the student's return to participation.
- D. Any student suspected of having a head injury or concussion shall be provided with safety protocols specified in Policy 5340 - Student Accidents/Illness/Concussion.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches should never dispense, supply, recommend, or permit the use of any drug, medication, or food supplement solely for performance-enhancing purposes.

2464 - ADVANCED LEARNING INSTRUCTION ("GIFTED AND TALENTED")

The Board recognizes that at any grade level, students have a diverse range of learning needs, with some students requiring instruction and content above grade level standards. The Board further recognizes its responsibility to provide a strong instructional program that results in the academic and ~~social-emotional~~ ~~social-emotional~~ growth of all students, including its advanced learners ("gifted and talented students"), in accordance with Wisconsin law.

Advanced learning focuses on identifying the instructional needs of students within the K-12 grade level system. Advanced learners (gifted and talented) are defined as students who give evidence of high performance capability or potential in any one (1) or more of five (5) domains: general intellectual, specific academic, leadership, creativity, and visual and performing arts. These students need instruction not ordinarily provided in a regular school program or assigned grade level in order to fully develop such capabilities.

The Board shall direct the District Administrator to establish a plan and designate a person to coordinate advanced instruction in a systematic and continuous K-12 progression. Instructional options should be designed to match students' learning needs in the domain(s) in which they are identified. The Coordinator should have a background and training in gifted education and/or advanced learning, and all instructional staff will be provided with professional learning specific to the needs of advanced learners. The District Administrator shall provide an opportunity for parental participation in the identification process and resultant programming at both the District level and the school level.

IDENTIFICATION

Advanced learners (gifted and talented ~~students~~ ~~pupils~~) shall be identified in kindergarten through grade 12 in the five (5) domains: general intellectual, specific academic, leadership, creativity, and visual and performing arts. The identification process shall result in a student profile based on multiple indicators of student need, including but not limited to standardized test data with use of both national and local norms, rating scales or inventories, classwork, portfolios, nominations, and demonstrated performance. Identification tools shall be appropriately matched to each domain in which students are being identified. The identification process and tools shall be responsive to factors such as, but not limited to, ~~students' pupils'~~ economic conditions, race, gender, culture, native language, developmental differences, and identified disabilities defined in 115.76(5), Wis. Stats. ~~(as described under subch. V of ch. 115, Stats.)~~ Students with advanced learning needs in one area but learning challenges in another (i.e. "twice-exceptional learners") shall be included. ~~[DRAFTING NOTE - The list of factors in this paragraph are those identified in Wis. Admin Code PI 8.01(2)(t) and therefore differs from lists of protected classifications found elsewhere in other Neola policies.]~~

INSTRUCTION

The District Administrator shall provide access to appropriate instruction for students identified as advanced learners (gifted or talented) that results in their continued academic growth and development. This instruction shall be provided during the regular school day and without charge for tuition. Classroom-based, school-based, and/or District-wide advanced interventions should include evidence-based practices appropriate for the instruction of advanced learners.

Instruction for advanced learners should include opportunities both within and outside the established grade level curriculum. Such opportunities may include, but are not limited to, classroom differentiation, curriculum compacting, ~~above-grade-level~~ ~~above-grade level~~ instruction, acceleration in an individual subject, ~~full-grade~~ ~~full-grade~~ acceleration, cluster grouping and flexible grouping, faster pace and greater depth of instruction, academic enrichment, early admission to kindergarten or first grade, concurrent enrollment at accredited institutions, and early graduation.

DOCUMENTATION AND EVALUATION

Identification will be documented for each student, indicating for which domain(s) they are identified as an advanced learner and what instruction and opportunities were provided.

The District Administrator will evaluate the effectiveness of identification and programming for advanced learners through ongoing data analysis to measure both the growth of individual students and the consistent implementation of advanced learning instruction and opportunities across all K-12 schools.

5505 – **ACADEMIC HONESTY**

The Board values honesty and expects integrity in the District's students. Violating academic honesty expectations erodes the trust between teachers and students as well as compromises the academic standing of other students. So that each student learns the skills being taught, and is judged solely on their own merits, the Board prohibits any student from presenting someone else's work as their own, using artificial intelligence platforms in place of one's own work, providing unauthorized assistance to another student, and cheating in any manner.

All school work submitted for the purpose of meeting course requirements must be the individual student's original work or the original work of a group of students for group projects. It is prohibited for any student to unfairly advance their own academic performance or that of any other student. Likewise, no student may intentionally limit or impede the academic performance or intellectual pursuits of other students.

Academic dishonesty includes, but is not limited to:

- A. plagiarism (of ideas, work, research, speech, art, music, etc.);
- B. forgery of another's work;
- C. presenting the results that are the product of an artificial intelligence (AI) platform as one's own where the use of AI was not specifically allowed by the teacher as part of the assignment ;
- D. downloading or copying information from other sources and presenting it as one's own;
- E. using language translation work of someone else or using technology when the expectation is doing one's own translation;
- F. copying another person's work;
- G. allowing another person to copy one's own work;
- H. stealing another person's work;
- I. doing another person's work for them;
- J. distributing copies of one's work for use by others;
- K. distributing copies of someone else's work for use by others for academic gain or advantage;
- L. intentionally accessing another's work for the purpose of presenting it as one's own for academic gain or advantage;
- M. distributing or receiving answers to assignments, quizzes, tests, assessments, etc.
- N. distributing or receiving questions from quizzes, tests, assessments, etc.

[X] Use of Artificial Intelligence/Natural Language Processing Tools For School Work [DRAFTING NOTE: OPTIONAL LANGUAGE]

In order to ensure the integrity of the educational process and to promote fair and equal opportunities for all students, except as outlined below, the use of Artificial Intelligence (AI) and Natural Language Processing (NLP) tools (collectively, "AI/NLP tools") is strictly prohibited for the completion of school work. The use of AI/NLP tools, without the express permission/consent of a teacher, undermines the learning and problem-solving skills that are essential to academic success and that the staff is tasked to develop in each student. Students are encouraged to develop their own knowledge, skills, and understanding of course material rather than relying solely on AI/NLP tools and they should ask their teachers when they have questions and/or need assistance. Unauthorized use of AI/NLP tools is considered a form of plagiarism and any student found using these tools without permission or in a prohibited manner will be disciplined in accordance with the Student Code of Conduct. (See Policy 7540.08 - Artificial Intelligence (AI))

Notwithstanding the preceding, students can use AI/NLP tools in the school setting if they receive prior permission/consent from their teacher, so long as they use the AI/NLP tools in an ethical and responsible manner. Teachers have the discretion to authorize students to use AI/NLP tools for the following uses:

- A. Research assistance: AI/NLP tools can be used to help students quickly and efficiently search for and find relevant information for their school projects and assignments.
- B. Data Analysis: AI/NLP tools can be used to help students to analyze, understand, and interpret large amounts of data, such as text documents or social media posts. This can be particularly useful for research projects or data analysis assignments – e.g., scientific experiments and marketing research.
- C. Language translation: AI/NLP tools can be used to translate texts or documents into different languages, which can be helpful for students who are learning a new language or for students who are studying texts written in a different language.
- D. Writing assistance: AI/NLP tools can provide grammar and spelling corrections, as well as suggest alternative word choices and sentence structure, to help students improve their writing skills. Proper citation when using AI/NLP tools is required when AI/NLP generated content is incorporated into any work product.
- E. Accessibility: AI/NLP tools can be used to help students with disabilities access and understand written materials. For example, text-to-speech software can help students with specific learning disabilities or visual impairments to read texts and AI-powered translation tools can help students with hearing impairments understand spoken language.
- F. **Other teacher-authorized and educationally relevant usage of AI/NLP tools.**

[END OF OPTIONAL LANGUAGE – AI]

Staff and Administration have the responsibility for monitoring students' work for compliance with this policy.

When enrolled in Advanced Placement (AP), International Baccalaureate (IB), Early College Credit Programs (ECCP), **Start College Now (SCN)**, or any other third-party, District-sponsored programming, students are expected to follow the corresponding policies and guidelines regarding the use of AI/NLP.

All teachers, beginning in the elementary grades, will educate students as to what constitutes academic dishonesty and what is acceptable and unacceptable behavior in District schools regarding academic integrity.

Students who violate this policy are subject to disciplinary consequences.

Teachers are authorized, in consultation with their Principal, to apply appropriate consequences for violations of this policy. Disciplinary consequences for significant violations may include removal from the class with a failing grade, removal from student leadership positions, elimination of honors recognition, loss of membership in honor organizations, as well as other disciplinary consequences appropriate to the nature of the violation.

Parents shall be contacted as soon as practicable to report any alleged acts of academic dishonesty by their child.

Repeated violations of this policy will result in additional disciplinary consequences, up to and including suspension and expulsion.

Student and/or parent appeals of disciplinary consequences resulting from violation of this policy may be made within five (5) business days to the Principal whose decision shall be final. If the Principal was the staff member responsible for the disciplinary consequence being appealed, then student and/or parent appeals should be directed within five (5) business days to the Director of Pupil Services whose decision shall be final.

5111.01 - HOMELESS STUDENTS

Definitions

Children who are identified as meeting the Federal definition of "homeless" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the District. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless. The District shall establish safeguards that protect homeless students from discrimination on the basis of their homelessness. The District shall regularly review and revise its policies, including school discipline policies that impact homeless students, including those who may be a member of any of the Protected Classes (Policy 2260- **Nondiscrimination and Access to Equal Educational Opportunity**).

Homeless children and youth are defined as individuals who lack a fixed, regular, and adequate nighttime residence, and include children and youth who meet any of the following criteria:

- A. share the housing of other persons due to loss of housing, economic hardship, or similar reason
- B. live in motels, hotels, or camping grounds due to a lack of alternative adequate accommodations
- C. live in emergency or transitional shelters
- D. are abandoned in hospitals
- E. have a primary night time residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings, or
- F. live in a car, park, public space, abandoned building, substandard housing¹, bus or train station, or similar setting

Pursuant to the McKinney-Vento Act, an unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian.

Services to Homeless Children and Youth

The District will provide services to homeless students that are comparable to other students in the District, including:

- A. transportation services;
- B. public preschool programs and other educational programs and services for which the homeless student meets eligibility criteria including:
 1. programs for children with disabilities;
 2. programs for English learners (ELs) (i.e. students with limited English proficiency (LEP));
 3. programs in career and technical education;
 4. programs for gifted and talented students;
 5. school nutrition programs; and
 6. before - and after-school programs.

The District Administrator will appoint a Liaison for Homeless Children who will perform the duties as assigned by the District Administrator. Additionally, the Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth as well as with community and school personnel responsible for the provision of education and related services to homeless children and youths. For more information on the role of the Liaison, refer to AG 5111.01 - **Homeless Students [END OF OPTION]**.

School Stability

Maintaining a stable school environment is crucial to a homeless student's success in school. To ensure stability, the District must make school placement determinations based on the "best interest" of the homeless child or youth based on student-centered factors. The District must:

- A. continue the student's education in the school of origin for the duration of homelessness when a family becomes homeless between academic years or during an academic year; and for the remainder of the academic year even if the child or youth becomes permanently housed during an academic year; or
- B. enroll the student in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

The school of origin is the school the student attended or enrolled in when permanently housed, including a public preschool. The school of origin also includes the designated receiving school at the next level for feeder school patterns, when the student completes the final grade level at the school of origin.

When determining the student's best interest, the District must also consider student-centered factors, including the impact of mobility on achievement, education, health, and safety of homeless students and give priority to the request of the student's parent or guardian, or youth (if an unaccompanied youth). The District also considers the school placement of siblings when making this determination.

If the District finds that it is not in the student's best interest to attend the school of origin or the school requested by the parent or guardian, or unaccompanied youth, the District must provide the individual with a written explanation and reason for the determination in a manner and form understandable to the parent, guardian or unaccompanied youth. This written explanation will include appeal rights and be provided in a timely manner.

Immediate Enrollment

The District has an obligation to remove barriers to the enrollment and retention of homeless students. A school chosen on the basis of a best interest determination must immediately enroll the homeless student, even if the student does not have the documentation typically necessary for enrollment, such as immunization and other required health records, proof of residency, proof of guardianship, birth certificate or previous academic records. The homeless student must also be enrolled immediately regardless of whether the student missed application or enrollment deadlines during the period of homelessness or has outstanding fines or fees.

The enrolling school must immediately contact the school last attended by the homeless student to obtain relevant academic or other records. If the student needs immunization or other health records, the enrolling school must immediately refer the parent, guardian or unaccompanied youth to the local liaison, who will help obtain the immunizations, screenings or other required health records. Records usually maintained by the school must be kept so that they are available in a timely fashion if the child enters a new school or district. These records include immunization or other required health records, academic records, birth certificates, guardianship records, and evaluations for special services or programs. Procedures for inter-State records transfer between schools should be taken into account in order to facilitate immediate enrollment.

In addition, the District will also make sure that, once identified for services, the homeless student is attending classes and not facing barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs (if available).

Transportation

The District provides homeless students with transportation services that are comparable to those available to non-homeless students. The District also provides or arranges for transportation to and from the school of origin at the parent or guardian's request, or the liaison's request in the case of an unaccompanied youth. Transportation is arranged promptly to allow for immediate enrollment and will not create barriers to a homeless student's attendance, retention, and success.

- A. If the homeless student continues to live in the District, where the school of origin is located, transportation will be provided or arranged for the student's transportation to or from the school of origin.
- B. If the homeless student moves to an area served by another district, though continuing ~~the student's~~ education at the school of origin (which is in the District), the District and the district in which the student resides must agree upon a method to apportion responsibility and costs for transportation to the school of origin. If the districts cannot agree upon such a method, the responsibility and costs will be shared equally.
- C. When the student obtains permanent housing, transportation shall be provided to and from the school of origin until the end of the school year.

The District determines the mode of transportation in consultation with the parent or guardian and based on the best interest of the student.

In accordance with Federal law, the above transportation requirements still apply during the resolution of any dispute. The District will work with the State to resolve transportation disputes with other districts. If the disputing district is in another State, the District will turn to the State for assistance as Federal guidance says that both States should try to arrange an agreement for the districts.

Dispute Resolution

Homeless families and youths have the right to challenge placement and enrollment decisions. If a dispute arises between a school and a parent, guardian or unaccompanied youth regarding eligibility, school selection, or enrollment of a homeless student, the District must follow its dispute resolution procedures, consistent with the State established procedures. If such a dispute occurs, the District will immediately enroll the homeless student in the school in which enrollment is sought pending final resolution of the dispute, including all appeals. The student will receive all services for which they are eligible until all disputes and appeals are resolved.

Pursuant to State, District and Board of Education policies, the District will provide the parent, guardian or unaccompanied youth with a written explanation of all decisions regarding school selection and enrollment made by the school, District, or State, along with a written explanation of appeal rights.

The District's notice and written explanation about the reason for its decision will include, at a minimum, an explanation of how the school reached its decision regarding eligibility, school selection, or enrollment, including 1) a description of the proposed or refused action by the school, 2) an explanation of why the action is proposed or refused, 3) a description of other options the school considered and why those options were rejected, 4) a description of any other relevant factors to the school's decision and information related to the eligibility or best interest determination such as the facts, witnesses, and evidence relied upon and their sources, and 5) an appropriate timeline to ensure deadlines are not missed. The District must also include contact information for the Liaison and the State Coordinator, and a brief description of their roles. The District will also refer the parent, guardian or unaccompanied youth to the Liaison, who will carry out the dispute resolution process.

The District ensures that all decisions and notices are drafted in a language and format appropriate for low-literacy, limited vision readers, and individuals with disabilities. For children and youth and/or parents or guardians who are English learners or whose dominant language is not English, the District will provide translation and interpretation services in connection with all phases of the dispute resolution process pursuant to Federal laws. The District will also provide electronic notices via email if the parent, guardian or unaccompanied youth has access to email followed by a written notice provided in person or sent by mail.

Homeless Children in Preschool

Homeless preschool-aged children and their families shall be provided equal access to the educational services for which they are eligible, including preschool programs, including Head Start programs, administered by the District. Additionally, the homeless child must remain in the public preschool of origin, unless a determination is made that it is not in the child's best interest. When making such a decision on the student's best interest, the District takes into account the same factors as it does for any student, regardless of age. It also considers preschool age specific factors, such as 1) the child's attachment to preschool teachers and staff; 2) the impact of school climate on the child, including school safety; the quality and availability of services to meet the child's needs, including health, developmental, and social-emotional needs; and 3) travel time to and from school.

The District must also provide transportation services to the school of origin for a homeless child attending preschool. It is the District's responsibility to provide the child with transportation to the school of origin even if the homeless preschooler who is enrolled in a public preschool in the District moves to another district that does not provide widely available or universal preschool.

Public Notice

In addition to notifying the parent or guardian of the homeless student or the unaccompanied youth of the applicable rights described above, the District shall post public notice of educational rights of children and youth experiencing homelessness in each school. In addition, the District shall post public notice of the McKinney-Vento rights in places that homeless populations frequent, such as shelters, soup kitchens, and libraries in a manner and form understandable to the parents and guardians and unaccompanied youths.

Records

The local liaison will assist the homeless students and their parent(s) or guardian(s) or unaccompanied homeless students in their efforts to provide documentation to meet State and local requirements for entry into school.

All records for homeless students shall be maintained, subject to the protections of the Family Educational Rights and Privacy Act (FERPA) and Policy 8330 - Student Records, and in such a manner so that they are available in a timely fashion and can be transferred promptly to the appropriate parties, as required. Pursuant to the McKinney-Vento Act, information regarding a homeless student's living situation is not considered directory information and must be provided the same protections as other non-directory personally identifiable information (PII) contained in student education records under FERPA. The District shall incorporate practices to protect student privacy (X) as described in AG 5111.01 - Homeless Students, AG 8330 - Student Records, [END OF OPTION] and in accordance with the provisions of the Violence Against Women Act (VAWA) and the Family Violence Prevention and Services Act (FVPSA).

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

Note:

¹ According to nonregulatory guidance from the U.S. Department of Education (ED), standards for adequate housing may vary by locality. Please see ED guidance for factors to consider when determining whether a child or youth is living in "substandard housing."

5112 - **ENTRANCE AGE**

The Board shall establish student entrance age requirements which are consistent with Wisconsin Law and sound educational practice and which ensure equitable treatment.

A. **Kindergarten**

1. A child is eligible for entrance into four (4) year old kindergarten if the child attains the age of four (4) on or before September 1st of the school year in which the child is being enrolled and meets the residency requirements.
2. A child is eligible for five (5) year old kindergarten when the child attains the age of five (5) on or before September 1st of the school year in which the child is being enrolled and meets the residency requirements. The child may not be placed in an alternative program without the permission of the parent.

B. **First Grade**

A child must be six (6) years of age on or before September 1st in the school year in which the student enrolls. The student must also have completed a kindergarten program or received a waiver of this requirement.

Any student who has not completed a five (5) year old kindergarten program, but seeks to enroll into first grade must receive a waiver of the requirement. The following students are eligible to receive a waiver:

1. Any student who has moved to the District from another state or country where completion of a five (5) year old kindergarten program is a prerequisite to enrollment in first grade and that student has received a waiver of the requirement in the prior state or country.
2. Any student who has moved to the District from another state or country that does not require the completion of five (5) year old kindergarten prior to enrollment in first grade.
3. Any student who, at the discretion of the building Principal, in consultation with the first grade teacher(s) of the District, determines that, notwithstanding that the student has not completed a five (5) year old kindergarten program, the student has demonstrated sufficient aptitude in all core competencies normally required of kindergarten students in the District upon completion of the kindergarten program.

C. **Appeal of Denial of Waiver**

The parents of any student denied a waiver under this section by the Principal may appeal that decision to the District Administrator by submitting a written request to the District Administrator within ten (10) calendar days of the decision of the Principal.

Appropriate school personnel will conduct an evaluation. The building principal will be consulted and, once the evaluation is completed, a plan will be determined and shared with the parents/guardians.

D. Initial Entry

Children entering the District for the first time must comply with State law. Students must have an immunization record or a properly submitted waiver on file at the school. Any student who does not have the proper immunization records or appropriate waiver within thirty (30) **school** days of enrollment may be excluded or permitted to remain in school pursuant to Policy 5320 - Immunization.

Any student, and/or the student's parent(s), who enters the District for the first time must disclose prior or pending school expulsions at the time of enrollment.

E. Verification of Residence

The ninety (90) day requirement may be waived for persons new to the District; however, no early admissions shall be made after the third Friday in September.~~
- ~~2. The child will be required to participate in an Early Entrance Screening.~~
 - ~~a. The screening will consider emotional, social, physical, cognitive, and readiness skills. A licensed school psychologist will conduct the individual screening. Other school professionals will be consulted when appropriate. This evaluation will be at no cost to parents/guardians.~~
 - ~~b. After the screening has been completed, a meeting will be held with the parents/guardians to consider the appropriateness of early entrance into kindergarten. The criteria used by the District in making its decision will be whether or not the child is in the superior range in areas of social, emotional, physical, and cognitive readiness.~~
- ~~3. Parents/guardians have the right to appeal the early entrance decision to the Director of Pupil Services.~~

5136 - CELL PHONE AND OTHER PERSONAL COMMUNICATION DEVICES

The Board is aware that PCDs are used by students and parents to communicate with each other. However, the use of PCDs on school grounds must be appropriately regulated to protect students, staff, and the learning environment.

"Personal communication devices" (PCDs), also referred to as "wireless communication devices", as used in this policy, mean a portable wireless device that has the capability to provide voice, messaging, or other data communication between two (2) or more parties and includes all of the following:

~~are defined in Bylaw 0100.~~

- A. cellular (cell)/mobile telephone;
- B. tablet computer;
- C. laptop computer;
- D. gaming device;
- E. smartphone;
- F. e-reader;
- G. smartwatch;
- H. wearable technology;
- I. any other web-enabled devices of any type.

Student use of PCDs will be governed by the individual school's student handbook or the District's Parent/Student Handbook.

Elementary School: Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be powered off or silenced and stored out of sight or in their designated personal storage area outside of the classroom.

Middle School: Students may use PCDs before and after school as long as they do not create a distraction, disruption or otherwise interfere with the educational environment. Use of PCDs may be prohibited during after school activities (e.g., extra-curricular activities) or at school-related functions at the direction of building administration. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited, and they must be powered off or silenced and stored in their locker.

High School: Students may use PCDs before and after school, during their lunch break and during passing time as long as they do not create a distraction, disruption or otherwise interfere with the educational environment. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited. PCDs must be kept out of sight and not on the student.

~~Any PCD use is strictly prohibited in areas where a reasonable expectation of privacy exists (bathrooms, locker rooms, health office).~~

~~Students may use PCDs before and after school, during their lunch break, in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational environment, during after school activities (e.g., extra-curricular activities), or at school related functions. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be powered off (i.e., not just placed into vibrate or silent mode) and stored out of sight.~~

However, technology including, but not limited to, PCDs intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the classroom teacher or the building principal.

Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the classroom teacher, or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

PCDs, with cameras or any other recording capabilities, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The District Administrator and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon **any Protected Class consistent with Board Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity** ~~their race, color, national origin, sex (including sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs~~; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Policy Violations

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. **If the PCD is confiscated, it will be released/returned to the student or student's parent/guardian, pending school protocols,** ~~If the PCD is confiscated, it will be released/returned to the student's parent~~ after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's main office until it is retrieved by the parent or turned over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 - Search and Seizure. If multiple offenses occur, a student may lose ~~the~~ **his/her** privilege to bring a PCD to school for a designated length of time or on a permanent basis.

DRAFTING NOTE: The language below is required per WI Statute 120.12 (29)]

Student use of PCDs in the following circumstances will not be considered a violation of this policy

- A. **Emergency or Threat:** Student use of a PCD is allowed in the event of an emergency or a perceived threat to address the safety and security of students and staff.
- B. **Health Care Management:** Student use is authorized as necessary to manage or support a specific student's health care needs (x) as approved by the District Nurse (x) as defined in the individual student health plan **[END OF OPTIONS]**.
- C. **Individualized Education Plans:** Student use is authorized consistent with a student's Individualized Education Program (IEP) or a plan developed under Section 504 of the federal Rehabilitation Act of 1973.
- D. **Educational Purposes:** Student use is authorized by a teacher for legitimate educational purposes during instructional time as described above.
- E. **() Board Exceptions to this Policy:** _____ **[END OF OPTION]**

~~DRAFTING NOTE: Other exceptions may be permitted if the School Board determines that such use is beneficial to student learning or well-being.~~

Duty to Report

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students Responsible for Their PCDs

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Parents are advised that the best way to get in touch with their child during the school day is by calling the school office.

Students may use school phones to contact parents during the school day.

5411 - **THIRD GRADE PROMOTION AND RETENTION: AT-RISK STUDENTS**

Introduction

This policy governs the promotion of students from 3rd grade to 4th grade in accordance with 118.33, Wis. Stats. The policy applies to all students being considered for promotion from 3rd to 4th grade, effective on September 1, 2027.

The District intends to make promotion decisions based on a thorough and equitable process that considers individual student needs in reading. For any student who has not completed their personal reading plan by the end of 3rd grade, a team will determine whether retention or promotion to 4th grade, with intensive instructional support, progress monitoring, and supports to remediate the identified areas of deficiency, is in the student's best interest. The determination process will consider relevant factors such as reading proficiency, social and emotional development, and available supports.

Definitions

"Personal Reading Plan" means a reading plan provided for five (5) year-old-kindergarten to third grade students that are identified as at risk based on a universal screening assessment or diagnostic assessment, in accordance with 118.016(5), Wis. Stats.

"Limited English-Proficient Student" means a student whose ability to use the English language is limited because of the use of a non-English language in the student's family or the student's daily, non-school surroundings, and who has difficulty in performing ordinary classwork in English as a result of such limited English proficiency.

"Completed" - means a 3rd grade student who has a personal reading plan is considered to have completed the personal reading plan if the student's parent and the student's school agree that the student has met the goals outlined in the personal reading plan and the student scores at grade-level in reading on a summative assessment, as defined by the Department of Education (DPI).

Promotion of Third Grade Students with Personal Reading Plans

For any student who has not completed their personal reading plan by the end of the student's third grade year, the District will engage in a process to determine whether to promote that student to the fourth grade. The District will not promote a student from third **grade** to fourth grade who has not completed their personal reading plan by the end of third grade unless the District, in consultation with the student's parent(s), believes retention is not in the best interest of the student.

In reaching the decision to promote or retain the student, the District will carefully consider all relevant factors, including but not limited to:

- A. Whether a team of interested individuals, including the parent(s) of the student and school representatives who have knowledge of the reading instruction, supports, and interventions provided to the student, believe promotion is in the best interest of the student;
- B. All relevant and available data demonstrating the student's response or progress to reading instruction and intervention, and data demonstrating the student's progress towards meeting personal reading plan goals;
- C. Why the student has not completed their personal reading plan;
- D. Whether or which alternatives to retention can help support the student to achieve reading proficiency;
- E. Any other factor(s) relevant in deciding whether to retain or promote a student;
- F. Those factor(s) or conditions considered elsewhere in District policy or administrative guidelines pertaining to student promotion and retention;
- G. Whether the student is eligible for an exception contained under this policy;

H. The potential long-term adverse risks **and/or benefits** of retention.

Based on the comprehensive evaluation of factors above, the District will make one of the following determinations:

- A. Promotion: Promotion to fourth grade with applicable supports and services is more appropriate than retention **into** third grade.
- B. Promotion: The student's non-completion of their personal reading plan was not primarily due to the student's lack of reading proficiency.
- C. Promotion: The District recommends retention with applicable supports and services but the student's parent(s) do not agree with the District's recommendation.
- D. Retention: The District determined that, in consultation with the student's parent(s), retention with applicable supports and services is more appropriate than promotion to fourth grade.

Promoting Students with Incomplete Personal Reading Plans

If the District promotes a third-grade student who has not completed their personal reading plan by the end of third grade, the District shall conduct all of the following post-promotion requirements:

- A. In the following and subsequent school year(s) provide intensive instructional services, progress monitoring, and supports to remediate the identified areas of deficiency until the student scores at grade level in reading on a summative assessment;
- B. Notify the student's parent(s), in writing, that the student did not complete their personal reading plan, including a description of the instructional services and supports that will be provided to the student to remediate the identified areas of deficiency; and
- C. Provide the student with an intensive summer reading program each summer until the student scores at grade level in reading on a summative assessment.

Exceptions to Post-Promotion Requirements

The following are good cause exceptions. Any student who meets one **(1)** or more of the following good cause exceptions may be exempt from the promotion policy, the intensive summer reading program, and/or the intensive reading intervention requirements.

- A. The student is identified as a Limited-English Proficient student as per the definition included in this policy;
- B. The student has an individualized education plan (IEP) that indicates that neither taking the universal reading screener nor the State summative assessment in reading is appropriate for the student;
- C. The student scores as proficient in reading on the alternative Statewide standardized summative assessment;
- D. The student has an IEP or Section 504 plan under the Rehabilitation Act of 1973 that indicates that the student has received intensive intervention in reading for more than two **(2)** years if the student continues to demonstrate a deficiency in reading and was previously retained in 5K, grades one **(1)**, two **(2)**, or three **(3)**;
- E. The student has received intensive reading interventions for two **(2)** or more school years, continues to demonstrate a deficiency in reading, and was previously retained in 5K, grades one **(1)**, two **(2)**, or three **(3)** for a total of two **(2)** years.

Mid-Year Enrollment/Transfers

Any student who enrolls as a third-grade student late in the school term without any accompanying record of a personal reading plan shall be promoted to fourth grade under the criteria that the student did not have a personal reading plan in effect at the end of third grade.

If a student transfers into a school enrolled as a fourth-grade student and the provided records indicate the student may have met requirements to be retained in third grade (e.g., incomplete personal reading plan), the District shall provide all supports and services that the student would have otherwise received as a post-promotion requirement including intensive instructional services, progress monitoring and supports to remediate the identified areas of deficiency, parent notification, and an intensive summer reading program each summer until the student scores at grade-level in reading on a summative assessment.

Parental Notification

No later than fifteen (15) days after the reading readiness assessment is scored, the Board shall provide the results of the reading readiness assessment, in writing containing at least all of the following information to the student's parent in the parent's native language:

- A. the student's score on the reading readiness assessment;
- B. the student's score in each early literacy skill category assessed by the assessment;
- C. the student's percentile rank score on the reading readiness assessment, if available;
- D. the definition of "at-risk" and the score on the reading readiness assessment that would indicate the student is at-risk;
- E. a plain language description of the literacy skills the reading readiness assessment is designed to measure.

5895 — STUDENT EMPLOYMENT

The Board believes that attendance at school, full effort in completing school assignments, and participation in school-related activities should be a student's primary focus. The Board also recognizes the value and in some instances the necessity of students' pursuit of employment opportunities. The Board supports these student efforts provided that they do not interfere with or adversely impact a student's ability to fully participate in the educational programming offered to the student.

Unless exempted by law or by temporary order due to emergency circumstances, no student under the age of sixteen (16) may be employed without a permit issued by the State and may not work in excess of prescribed hours per day or week, or later than a particular time.

If a student works while attending school, s/he should receive counseling and assistance in seeking appropriate job opportunities and in correlating work schedules with school studies and activities, particularly where such work requires dismissal from school during instructional time periods. Any school staff who becomes aware of a student working in excess of permitted hours or later than permitted times, shall notify the building administration who shall contact the student's parents.

Permit Officer

Consistent with the authority provided to the Board by the State of Wisconsin Department of Workforce Development, the District will serve as a permit officer for the purpose of issuing permits for the employment of minors. The Board designates high school administrative assistants (insert title) to serve as the permit officer.

The Permit Officer shall manage the issuance of student work permits consistent with the requirements of state law, specifically, to issue work permits to minors who provide appropriate supporting documentation establishing the requirements for the issuance of a permit. The Permit Officer shall maintain all records associated with the permit issuance process.

6147 - **DEBT MANAGEMENT**

Statement of Purpose

The purpose of the Debt Management Policy is to establish and maintain well defined debt management guidelines for issuing new debt as well as managing outstanding debt to sustain a strong debt management program.

Scope

The Debt Management Policy applies to all debt instruments issued by the District regardless of the purpose for which issued or the funding source for repayment.

Objective

The primary objective is to ensure prudent debt management practices which:

- A. maintain financial stability
- B. preserve public trust
- C. minimize or stabilize costs to taxpayers Preserve access to financial markets
- D. preserve access to financial markets;
- E. demonstrate adequate administrative oversight of debt program to credit rating agencies

Types of Authorized Debt

The Constitution and laws of the State of Wisconsin limit the power of the District to issue obligations and to contract indebtedness. The District may not borrow money or issue notes or bonds therefore for any purpose except those specified by statute and may only incur indebtedness as prescribed by law.

Bond or Note Anticipation Notes

In anticipation of issuing general obligation bonds or notes, the District is authorized to borrow money using bond or note anticipation notes. The bond or note anticipation notes shall in no event be general obligations of the District, and do not constitute an indebtedness of the District, nor a charge against its general credit or taxing power. The bond or note anticipation notes are payable only from (a) proceeds of the bond or note anticipation notes set aside for payment of interest on the bond or note anticipation notes as they become due, and, (b) proceeds to be derived from the issuance and sale of general obligation bonds or notes which proceeds are pledged for the payment of the principal of and interest on the bond or note anticipation notes. The maximum term of any bond or note anticipation notes (including any refunding) is five (5) years.

General Obligation Bonds

The principal amount of every sum borrowed by the District and secured by an issue of bonds may be payable at one time in a single payment or at several times in two (2) or more installments; however, no installment may be made payable later than the termination of twenty (20) years immediately following the date of the bonds. The Board is required to levy a direct, annual, irrevocable tax sufficient in amount to pay the interest on such bonds as it falls due and also to pay and discharge the principal thereof at maturity. Bonds issued by the District to refinance or refund outstanding notes or bonds issued by the District may be payable no later than twenty (20) years following the original date of such notes or bonds.

Refunding Bonds

In addition to being authorized to issue bonds, the District is authorized to borrow money using refunding bonds for refunding existing debt. To evidence such indebtedness, the District must issue to the lender its refunding bonds (with interest) payable within a period not exceeding twenty (20) years following the initial date of the debt to be refunded. Such refunding bonds constitute a general obligation of the District. Refunding bonds are not subject to a referendum.

Promissory Notes

In addition to being authorized to issue bonds, the District is authorized to borrow money using notes for any public purpose. To evidence such indebtedness, the District must issue to the lender its promissory notes (with interest) payable within a period not exceeding ten (10) years following the date of said notes. Such notes constitute a general obligation of the District. Notes may be issued to refinance or refund outstanding notes. However, such notes may be payable not later than twenty (20) years following the original date of such outstanding notes.

Temporary Borrowing

The Board may, on its own motion, borrow money in such sums as may be needed to meet the immediate expenses of maintaining the schools in the District during the then-current school year. No such loan or loans shall be made to extend beyond November 1 of the following year or in any amount exceeding one-half (1/2) of the estimated receipts for the operation and maintenance of the District for the current school year in which the loan is made.

Debt Limit

The District has the power to contract indebtedness for purposes specified by statute.

Procedures for Borrowing

Whenever the Board engages in borrowing outside of borrowing authorized by referendum approved on the Board's initiative, the Board shall determine the method it will use for borrowing, including short-term borrowing, establishing a line of credit, or other forms of borrowing. The Board designates the ~~Chief Finance and Business Services Officer~~ **Assistant Superintendent of Operations** to prepare all necessary instruments and resolutions for Board approval. All procedures and required Board action shall be consistent with applicable legal authority for borrowing, including solicitations of bids from potential lenders. 6235 - FUND BALANCE

The Board places the responsibility of administering the budget, once adopted, with the District Administrator. The District Administrator shall monitor the Fund 10 fund balance and shall report the balance to the Board at the end of each budget year. The Fund 10 fund balance shall be maintained at a level sufficient to:

- A. minimize or avoid short-term borrowing for cash flow purposes;
- B. cover unforeseen expenditure needs or unrealized revenue sources; and
- C. demonstrate financial stability to preserve or enhance the District's bond rating, thereby lowering debt issuance costs.

The Board will reserve adequate funds to maintain a secure financial position. The use of Fund Balance for recurring costs is discouraged.

The fund 10 fund balance shall not fall below 10% of the preceding year's Fund 10 expenditures.

Any under-budget account balances in a given fiscal year will be added to the District fund balance. Budget preparation and management shall adhere to this fund balance expectation. For the purposes of the District's self-funded insurance plan, the District will maintain a committed fund balance of up to 25% of expected annual self-funded insurance expenditures.

Fund balances will be reported in the categories established by the Government Accounting Standards Board Statement 54 (GASB 54) and in consultation with District auditors and the ~~Chief Finance and Business Services Officer~~ Assistant Superintendent of Operations. The Board will impose constraints on any funds placed in the committed and assigned classifications through consultation with the District's auditor and ~~Chief Finance and Business Services Officer~~ Assistant Superintendent of Operations. The applicable categories for fund balance designations are:

- A. **Nonspendable Fund Balance** - amounts that cannot be spent because they are either (a) not in a spendable form (which includes items that are not expected to be converted to cash – e.g., inventories or prepaid amounts) or (b) legally or contractually required to be maintained intact (e.g., the corpus of an endowment fund).
- B. **Restricted Fund Balance** - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- C. **Committed Fund Balance** - amounts constrained to specific purposes by the Board; to be reported as committed, amounts cannot be used for any other purpose unless the Board takes action to remove or change the constraint.
- D. **Assigned Fund Balance** - amounts the Board *intends* to use for a specific purpose but are neither restricted nor committed; intent can be expressed by the Board or by an official or committee to which the Board delegates the authority.
- E. **Unassigned Fund Balance** - amounts that are available for any purpose; these amounts are reported only in the general fund.

Use of the general fund balance shall be restricted to one-time expenses approved by the Board as a result of a District initiative or unforeseen costs. The general fund balances shall not be designated for any recurring costs in the operating budget. If, during the fiscal year, it appears to the District Administrator that the fund balance will be less than estimated, the District Administrator will bring forward for Board consideration recommendations that will protect the fund balances. Such recommendations shall be in accordance with the requirements of the law.

- B. where appropriate, conduct an analysis of lease versus purchase options, and the most economical and beneficial method shall be pursued;
- C. conduct an evaluation of the availability and feasibility of entering into intergovernmental agreements to procure the goods or services required on a shared basis;
- D. in the case of a time and material contract, make a determination that no other arrangement is suitable and that the contract places a ceiling price that protects the District.

School-related student-created content for the Board's website or District-approved/affiliated apps/services are subject to Policy 5722 - School-Sponsored Publications and Productions.

Creation of school-related content by students for the Board's website or District-approved/affiliated apps/services must be done under the supervision of a District staff member.

[END OF OPTIONS]

B. Purpose of Digital Content

The purpose of digital content covered by this policy is to educate, inform, and communicate. The following criteria shall guide the development of District-generated digital content:

1. Educate

Digital content should be suitable for and usable by students and teachers to support the curriculum and the Board's Objectives as listed in the Board's Strategic Plan.

2. Inform

Digital content may inform the community about the school, teachers, students, or departments, including information about curriculum, events, class projects, student activities, and departmental policies.

3. Communicate

Digital content may communicate information about the plans, policies, and operations of the District to members of the public and other persons who may be interested in and/or affected by District matters.

The information published on the Board's website and District-approved/affiliated apps/services should reflect and support the Board's Mission Statement, Educational Philosophy, and School Improvement Process.

When the digital content includes a photograph or personally identifiable information relating to a student, the Board will abide by the provisions of Policy 8330 - Student Records.

Under no circumstances is District-generated digital content to be used for commercial purposes, advertising, political lobbying, or to provide financial gains for any individual. Included in this prohibition is the fact that no digital content published on the District's website or District-approved/affiliated apps/services may:

1. include statements or other items that support or oppose a candidate for public office, the investigation, prosecution, or recall of a public official, or passage of a tax levy or bond issue;
2. link to a website of another organization if the other website includes such a message; or
3. communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization.

Under no circumstances shall a staff member post on their personal web pages/websites or private digital accounts (i.e., non-District-approved/affiliated apps/services) student progress reports, grades, class assignments, or any other similar class-related material. Employees are required to use the Board's website or District-approved/affiliated apps/services (e.g., ~~Progressbook/PowerSchool/Infinite Campus~~) for the purpose of conveying information to students and/or parents. **[END OF OPTION]**

Staff members are prohibited from requiring students to go to the staff member's personal web pages/websites and/or private digital accounts (i.e., non-District-approved/affiliated apps/services) (including, but not limited to, the staff member's personal accounts on Facebook, Instagram, Pinterest, YouTube Channel(s), or TikTok sites) to check grades, obtain class assignments and/or class-related materials, and/or to turn in assignments. **[END OF OPTION]**

If a staff member creates digital content related to their class, it must be hosted on the Board's website or a District-approved app/service. **[END OF OPTION]**

~~(-) The Board's website, including school specific websites, shall be generally open/available to the public unless specific digital content is unique to a specific child and/or includes student personally identifiable information, in which case the information must be password protected or access to it must be otherwise restricted. When digital content involving student personally identifiable information or information concerning coursework, particularly a specific student's classes/assignments, is password protected/access is otherwise restricted, the student's parent(s)/guardian(s) will continue to have access to that digital content. **[END OF OPTION]**~~

Digital content published on the Board's website should reflect an understanding that both internal and external audiences will be viewing the information.

The District Administrator shall prepare administrative guidelines defining the rules and standards applicable to staff ~~(-) and students **[END OF OPTION]**~~ who publish digital content on the Board's website and District approved/affiliated apps/services. **who publish digital content on the Board's website and District approved/affiliated apps/services.**

The Board retains all proprietary rights related to the design of and content for its website(s) and any apps/services it operates and/or is affiliated with, absent written agreement to the contrary.

~~In order for a student's school work (i.e., work that is created in or for a class or as part of a school sponsored extracurricular activity) to be displayed on the Board's website, the student (who is eighteen (18) years of age or older) or the student's parent (if the student is seventeen (17) years of age or younger) must provide written permission and expressly license its display without cost to the Board.~~

~~Likewise, prior written permission from a student (who is eighteen (18) years of age or older) or the student's parent (if the student is seventeen (17) years of age or younger) is necessary for a student to be identified by name on the Board's website.~~

C. Accessibility of Web Content and Mobile Apps

The District is committed to providing persons with disabilities an opportunity equal to that of persons without disabilities to participate in the District's programs, benefits, and services, including those delivered through electronic and information technology, except where doing so would impose an undue burden or create a fundamental alteration. The District is further committed to ensuring persons with disabilities are able to acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as persons without a disability, with substantially equivalent ease of use; that they are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any District programs, services, and activities delivered online through the web or a mobile app, as required by Section 504 and Title II of the ADA and their implementing regulations; and that they receive effective communication of the District's programs, services, and activities delivered in-person or online.

This policy reflects the Board's commitment and intention to comply with the requirements of Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. Section 794, 34 C.F.R. Part 104, Title II of the Americans With Disabilities Act of 1990, 42 U.S.C. Section 12131, and 28 C.F.R. Part 35 in all respects. For purposes of this policy, "web content" means the "information and sensory experience to be communicated to the user by means of a user agent, including code or markup that defines the content's structure, presentation, and interactions." Examples of web content include text, images, sounds, videos, controls, animations, and conventional electronic documents (e.g., web content or content in mobile apps in the following electronic file formats: portable document formats (PDF), word processor file formats, presentation file formats, and spreadsheet file formats). Additionally, "mobile applications" ("mobile apps") means "software applications that are downloaded and designed to run on mobile devices, such as smartphones and tablets."

1. Technical Standards

Web content and mobile apps that the District provides and/or makes available, directly or through contractual, licensing or other arrangements, shall comply with the World Wide Web Consortium's Web Content Accessibility Guidelines (WCAG) 2.1, Level AA standards, unless the Board can demonstrate that such compliance would result in a fundamental alteration in the nature of its programs, services, or activities, or an undue financial and administrative burden.

[DRAFTING NOTES:

(1) Districts with a population of 50,000 or more residents must fully comply with WCAG 2.1, Level AA standards by April 24, 2026; Districts with fewer than 50,000 residents must fully comply with WCAG 2.1, Level AA standards by April 26, 2027. (2) Since the deadlines depend on the population size, Wisconsin school districts should use the population estimate on the most recent Small Area Income and Poverty estimates (SAIPE). For districts that are entirely contained within one city or county, they may rely on the population figures for that city or county. If the district is unsure what deadline applies to them, they should consult legal counsel. (3) While the Department of Justice's Final Rule allows public entities to employ alternative designs,

methods, or techniques if they provide equivalent or greater accessibility and usability, Neola does not recommend that approach. If a board wants to consider an alternative technical standard, it should consult with its legal counsel. END OF DRAFTING NOTES]

Notwithstanding the preceding, Federal regulations provide for the following content types to have limited exceptions to the WCAG 2.1, Level AA requirements:

- a. archived web content (provided all four (4) Federal criteria in 28 C.F.R. 35.104 are met);
- b. certain preexisting conventional electronic documents (with specific restrictions);
- c. third party content that is not created pursuant to a contract, license, or other arrangement between the Board and a third party;
- d. password-protected or otherwise secured documents pertaining to a specific student, their property, or their account; and
- e. preexisting social media posts.

Even when the preceding exceptions apply, the District, however, will still provide effective communication and reasonable modifications in accordance with the ADA.

Content maintained for any purpose other than reference, research, or recordkeeping does not qualify as one of the listed exceptions above, regardless of the date it was created. If the content is labeled "archived" or stored in an area clearly identified as being "archived" it still has not risen to the level required to fall into an exception.

When a person with a disability cannot access District-generated or -affiliated web content or mobile apps that meet WCAG 2.1, Level AA standards, the District will: (1) provide alternate means of access to the same information and functionality; (2) make reasonable modifications to policies, practices, or procedures; (3) ensure effective communication through appropriate auxiliary aids and services; and (4) respond to accommodation requests within **five** (5) **[insert timeframe]** business days. Such accommodations may include: (a) alternative document formats (large print, Braille, audio); (b) telephone or in-person assistance for online services; and/or (c) email or mail delivery of information typically accessed online.

2. Digital Accessibility Coordinator

The Board designates its ~~()~~ Section 504/ADA Compliance Coordinator(s) Technology Director ~~(-x)~~ **Coordinator of Communications & Marketing** **[END OF OPTIONS]** as the District's Digital Accessibility Coordinator(s). ~~()~~ That individual Those individuals ~~()~~ is are **[END OF OPTIONS]** responsible for coordinating and implementing this policy.

3. Third Party Content

Links included on the Board's website(s) and District-approved/affiliated mobile apps that pertain to its programs, activities, and/or services must also meet the above criteria and comply with State and Federal law (e.g. copyright laws, CIPA, Section 504, ADA, SOPPA, and COPPA). The District's Digital Accessibility Coordinator(s) or designee(s) will vet online content available on the Board's website and through District-approved/affiliated mobile apps that are related to the District's programs, activities, and/or services for compliance with this criteria for all new content published on the District's website and mobile apps after adoption of this policy.

Content posted by third parties (e.g., members of the public) on District platforms is exempt from the WCAG 2.1, Level AA requirements unless the third party is posting due to contractual, licensing, or other arrangements with the District. Those platforms, however, along with content posted by the District staff or contractors, must be fully compliant. **[DRAFTING NOTE: The District cannot contract with a third party to host the District's website, social media content, and mobile apps to avoid the District's obligations to comply with WCAG 2.1, Level AA. The third party exception only applies to content posted by an unaffiliated third party (e.g., a post by a community member on a District's social media page).]**

Additionally, nothing herein shall prevent the District from including links on its website(s) and apps/services to:

- a. recognized news/media outlets (e.g., local newspapers' websites, local television stations' websites), or
- b. websites, services, and/or apps that are developed and hosted by outside vendors or organizations that are not part of the District's program, benefits, or services.

The Board recognizes that such third party websites must contain age-appropriate advertisements that are consistent with the requirements of Policy 9700.01, AG 9700B, and State and Federal law.

4. Regular Audits

The District will, under the direction of the Digital Accessibility Coordinator(s) or designee(s), at regular intervals, audit the District's digital content to ensure it meets the required technical standards.

This audit will occur ~~() quarterly () semi-annually () at least annually~~ no less than once every two (2) years ~~() with quarterly monitoring of high-priority content and newly published materials () annually~~ , with quarterly monitoring of high-priority content and newly published materials **[END OF INTERNAL OPTIONS]**. **[END OF OPTION]**

~~[END OF OPTION 1]~~

[OPTION 2]

If problems are identified through the audit, such problems will be documented, evaluated, and if necessary, remediated within a reasonable period.

~~[END OF OPTION 2]~~

5. Reporting Concerns or Possible Violations

If a person accessing the District's web content and/or District-approved/affiliated mobile apps (e.g., a student, prospective student, employee, guest, or visitor) ("user") believes that specific web content and/or a mobile app has violated the WCAG 2.1, Level AA standards, the user may contact the Digital Accessibility Coordinator with any accessibility concerns. The user may also file a formal complaint utilizing the procedures set out in Board Policy 2260.01 relating to Section 504 and Title II.

D. Instructional Use of Apps/Services

~~[END OF OPTION 1]~~

[OPTION 2]

A teacher who elects to supplement and enhance student learning through the use of apps/services is responsible for verifying/certifying to the District Administrator ~~() _____ [END OF INTERNAL OPTION]~~ that the app/service has a FERPA-compliant privacy policy, and it complies with all requirements of the COPPA, CIPA, and Section 504/ADA, including the WCAG 2.1, Level AA accessibility standards.

F. One-Way Communication Using the District Website and/or District-Approved/Affiliated Apps/Services

The Board approves the use of its website and District-approved/affiliated apps/services to promote school activities and inform stakeholders and the general public about District news and operations.

Included in this approval is the use of Short Message Service (SMS) texting for official District communications. The District SMS service will include:

1. Consent and Privacy for SMS Communication

The District is committed to protecting the privacy of all recipients. The following terms govern the use of SMS communication:

- a. Explicit Consent (Opt-in): The District shall obtain explicit, verifiable permission (opt-in) before sending any SMS texts to students, parents, staff, or community members.
- b. Data Sharing: Information obtained as part of the SMS consent process will not be shared, sold, or rented to third parties.
- c. Data Collection: The District will not collect or save personal data or information from its SMS users beyond what is strictly necessary to maintain the opt-in list.
- d. Confidentiality: No confidential or personally identifiable student/staff information will be exchanged through SMS text messaging.

2. Types of SMS Communications

If an individual has consented to receive school-related text messages from the District, they may receive messages related to:

{END OF OPTIONS}

{END OF OPTION}

Such communications constitute public records that will be archived.

When the Board or District Administrator designates communications distributed via the District's website and/or District-approved/affiliated apps/services to be one-way communication, public comments are not solicited or desired, and the website or app/service is to be considered a nonpublic forum.

If the District uses an app/service that does not allow the District to block or deactivate public comments, the District's use of that app/service will be subject to Policy 7544 - Use of Social Media unless the District is able to automatically withhold all public comments.

If unsolicited public comments can be automatically withheld, the District will retain the comments in accordance with its adopted record retention schedule (see AG 8310A - Public Records, and AG 8305 - Collection, Classification, Retention, Access and Security of District Data / Information), but it will not review or consider those comments.

[DRAFTING NOTE: Districts are advised to adopt a new category of records that covers such "hidden public comments" on social media. Unless dictated by State law, retention periods established by the district for such unsolicited communications should be limited.]

Replacement Policy - Vol. 35, No. 1

7540.08 - ARTIFICIAL INTELLIGENCE (AI)

The Board acknowledges the positive impact and transformative potential of Artificial Intelligence (AI) in education and operations, emphasizing a balanced, people-centered approach. It supports the responsible and innovative use of AI in classrooms and professional settings, with the understanding that AI should enhance human interaction and instruction, not replace it, and all AI-driven decisions require human review. The District Administrator is authorized to support the use of artificial intelligence technology when its use is consistent with the District's mission, goals, and operational integrity. The (X) District Administrator () _____ [END OF OPTIONS] is responsible for overseeing and ensuring compliance of this policy.

Definitions

For purposes of this policy, the following definitions apply:

Artificial Intelligence (AI)

AI refers to systems or tools capable of performing tasks that typically require human intelligence including, but not limited to, decision-making, problem-solving, and language understanding. AI is computer code that can resemble human intelligence to complete a given task (e.g., problem-solving, planning, etc.). It involves developing algorithms and systems that can perceive, reason, learn, and make decisions based on data made available to the AI tool.

Generative AI

A subset of AI that uses large language models (LLMs) and other advanced algorithms to create content, such as text, images, audio, or video, in response to user input.

Generative AI works by analyzing large datasets to learn patterns and features, which it then uses to generate new, original content. It uses complex algorithms, often based on neural networks, to make predictions based on the input data it has processed; thereby enabling it to create a wide range of outputs, from text and images to music and code, that mimic the style or characteristics of the data on which it was trained.

At its core, generative AI predicts the flows of language. Trained on massive amounts of text taken from publicly available internet sources to recognize the relationships that most commonly exist between individual units of meaning (including full or partial words, phrases, and sentences), LLMs can, with great frequency, generate replies to users' prompts that are contextually appropriate, linguistically facile, and factually correct.

Natural Language Processing (NLP)

A field of artificial intelligence that focuses on enabling computers to understand, interpret, and respond to human language in a meaningful way. Examples of NLP include, but are not limited to, Grammarly, GPT-Based APIs, Google Cloud Natural Language AI, Microsoft Azure Text Analytics, IBM Watson NLP, Amazon Comprehend, etc.

Large Language Model (LLM)

A sophisticated AI system trained on extensive text data to process and produce language; recognize patterns, grammar, and nuances. It can perform tasks like text generation, question answering, and language translation.

Algorithm

A set of rules or instructions guiding AI operations and decision-making.

Personally Identifiable Data/Personal Data

Refers to any information that can directly or indirectly identify an individual including, but not limited to, names, addresses, student records, and health information.

Proprietary Information/Data

Refers to a broad category of non-public, sensitive, or confidential data belonging to the District, its staff, or its operations. This information is considered the District's. This information is generally protected from unauthorized disclosure or use.

Open AI ("Open-Source AI")

Definition: AI models where the developers openly share the model's architecture, underlying code, and often the "weights" (the learned parameters of the model), and sometimes the training data. Open AI models accessed publicly present a high risk of data release, as data input is often used for AI tool training and can be publicly available. Open AI models may require the District to implement and manage its own wrapper or filtering layer. As a result, it is not recommended that Open AI tools/applications are used in districts due to the high potential of violating Federal and State laws. Open-Source AI also produces less reliable content, because it is accessing a pool of data that is not universally verified as accurate.

Closed AI ("Closed-Source/Proprietary AI")

Definition: AI models where the developers obscure or protect the model's architecture, underlying code, training data, and weights. Users interact with the model via a restricted service. Closed AI may offer better, contractually-guaranteed data security (e.g., "enterprise" versions), but its "black box" nature still requires a formal audit and contract. Closed AI developers typically manage these filters internally. Closed-Source or Proprietary AI produces more reliable results because it is accessing data sources that are controlled and can be verified as accurate.

Any use of artificial intelligence technology in the District's educational program or operations must be in accordance with State and Federal law as well as Board policies (X) including, but not limited to, the following: Policy 5505 – Academic Honesty; Policy 5500 – Student Code of Classroom Conduct; Policy 5500.01 – Conduct in Virtual Classroom; Policy 5517 – Student Anti-Harassment; Policy 5517.01 – Bullying; Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs and Activities; Policy 8330 – Student Records; Policy 2240 – Controversial Issues in the Classroom; Policy 7540.03 – Student Technology Acceptable Use and Safety; and Policy 7540.04 – Staff Technology Acceptable Use and Safety. ~~[DRAFTING NOTE: Confirm and Select as Needed] [END OF OPTION]~~

General Principles

A. Transparency

Users of AI tools must disclose when and how these tools have been employed in the creation of academic or professional work.

B. Ethical Use

District employees who use AI technologies must do so in ways consistent with institutional values, privacy standards, Family Educational Rights and Privacy Act (FERPA), Individual with Disabilities Education Act (IDEA), copyright laws, and ethical principles, honesty, trustworthiness, and personal dignity of both employees and students.

C. Content Responsibility

District employees who use AI technologies are responsible for the content created by that AI tool.

Evaluation and Approval

Before adopting any AI tool or system, the District will conduct a comprehensive risk assessment — evaluating data sources (including use of student Personally Identifiable Information), decision-making impacts on students, potential bias or disparate impact, and vendor compliance with privacy, security, and data retention laws — and ensure all contracts include clear legal, ethical, and technical safeguards aligned with FERPA, IDEA, COPPA, PPRRA, Wisconsin statutes, and District policies. AI systems must be reviewed to ensure they are nondiscriminatory, fully accessible, and do not compromise the rights or individualized support of students, particularly those protected under federal and state civil rights laws.

AI Tool Selection

The District approves the use of Closed AI tools only, that have been carefully reviewed, evaluated and approved by (X) **Director of Technology** _____ ~~[e.g., IT Director, Curriculum Director, or a AI Committee]~~ for students and staff use.

Transparency

The District is committed to transparency and accountability in AI use by informing teachers, students, and parents when AI influences decisions, clearly explaining how it works and what data it uses, assigning oversight to (X) **Director of Technology** _____, and conducting regular audits to evaluate accuracy, fairness, and impact on equity and

student rights. The District will maintain a public AI Tool Inventory that lists every approved AI tool and includes a summary of its data-handling and privacy features. ~~[] The AI Tool Inventory will be posted on the District website. [END-OPTION]~~

Vendor Vetting & Contracts

All AI tools used by the district must undergo a formal risk assessment by the IT/Legal department to review their Terms of Service and data handling practices to ensure compliance with all Federal and State privacy laws. The District prohibits the input by any user of any student information, staff information, or confidential district data into any AI tool that does not have a formal, vetted contract guaranteeing data privacy and non-use for training.

Employee Use of AI

Employees may integrate AI tools into their instruction at their discretion and should clearly define the parameters for AI usage in the classroom by students using District-approved AI applications/tools.

When using AI to create instructional materials, assessments, or feedback, employees shall maintain transparency by disclosing the role of AI in these processes. Employees must review and verify the accuracy and appropriateness of any AI-generated content.

Employees shall not input sensitive, confidential, personally identifiable, or proprietary information about students, colleagues, or institutional operations into AI systems that lack safeguards and policies to protect such data from being used in their training models, and if such information will be entered into an AI system, employees shall seek the approval of their (X) supervisor (X) Principal ~~[END-OF-OPTION]~~ before doing so.

Using AI detection software to enforce academic integrity should be done in accordance with the knowledge that this software is not foolproof and that the disruptive nature of AI technologies in education can lead to considerable confusion regarding expectations for AI use. Employees should use AI-detection ethically and as the starting point of an inquiry into a possible violation of academic integrity rather than as a definitive indication of student dishonesty. Employees must also disclose the use of AI software in course curricula.

Employees may use AI tools to enhance workflows, such as drafting communications, analyzing data, or developing reports, provided the outputs are verified for accuracy and compliance with State and Board policies. The use of AI tools for such purposes should be disclosed when disseminating AI output.

Student Use of AI

Students shall receive age-appropriate instruction about responsible AI use, digital citizenship, privacy, and the risks/limitations of AI prior to using AI.

Students are expected to develop their own knowledge, skills, and understanding of course material rather than relying solely on AI tools and they should ask their teacher(s) when they have questions and/or need assistance.

Students may use AI tools for academic purposes when specifically and clearly permitted by their teacher(s). The use of AI must be properly disclosed and cited in accordance with the established guidelines and not be employed to undermine authentic learning or learning objectives for the course or assignment.

If a student has any questions about whether they are permitted to use AI tools for a specific class assignment, they should ask their teacher(s).

Unauthorized use of AI tools will be considered a form of plagiarism, unauthorized collaboration, or misrepresentation of AI-generated content as original work and any student found using these tools without permission or in a prohibited manner will be disciplined in accordance with the Student Handbook or Policy 5500 – Student Code of Conduct and Policy 5505 – Academic Honesty. ~~[DRAFTING NOTE: Confirm the Board has adopted both of these policies if included in this policy]~~

Academic Accessibility

AI tools can be utilized to assist students with disabilities in accessing and understanding written materials. For example, text-to-speech software can help students with specific learning disabilities, visual impairments, or other disabilities in reading texts, and AI-powered translation tools can help students with hearing impairments understand spoken language (e.g., create transcripts or provide closed-captioning for spoken material). Specific use of AI technologies beyond universal application for students with disabilities is best addressed in each student's Individual Education Plan (IEP).

Employee Training

Employees will receive training ~~() annually~~ (X) periodically ~~[END-OF-OPTION]~~ to ensure adherence to this and other related policies, data privacy, student records, and allowable/approved AI tools in the District.

Non-Academic Use of AI

Students and staff are prohibited in the use of AI from generating false or knowingly misleading representations of other students, staff, volunteers, or Board members that are reasonably interpreted as derogatory, threatening, or otherwise

objectionable to a reasonable person, including by way of AI generated or manipulated visual or verbal depictions of any such individual, or the distribution of such depictions through any means, for example via social media, regardless of whether the distributor created the depictions themselves.

Enforcement

Violation of this policy may result in disciplinary consequences. Students may be disciplined for violations, up to and including suspension or expulsion. Staff may be disciplined for violations, up to and including suspension or termination of employment. The District Administrator will refer any illegal acts to law enforcement.

Questions or Concerns

Staff, parents, or members of the public who have questions or concerns regarding this policy or the use of AI in the District should contact the (X) District Administrator (→)_____.

WISCONSIN OVERVIEW AND COMMENTS

Special Update - School Support Organizations November 2025

Neola is partnering with Givebacks, Inc. on this special update on all policies related to School Support Organizations. This special update, created with coordination between Neola, Givebacks, and local Wisconsin legal counsel is provided to our WI clients as a part of Neola's regular update process.

Why This Is Important for School Districts

- 1. Student Protection** - These policies ensure fundraising is **voluntary**, age-appropriate, and does not coerce or exploit students. They also prohibit unsafe practices (like raffles or unapproved advertising) and protect students from exposure to inappropriate content.
- 2. Financial Transparency & Legal Compliance** - All fundraising activities—whether student-led, parent-run, or externally supported—must follow **strict financial controls**, comply with **GASB 84**, and meet **state and federal reporting standards** (e.g., F-33 Federal Financial Report). This promotes **accountability**, reduces the **risk of fraud**, and ensures **donor confidence**.
- 3. Equity & Integrity** - Policies ensure that gifts, grants, and donations support **educational equity** and are distributed fairly. They protect schools from accepting contributions that may impose future obligations, create conflicts of interest, or lead to favoritism.
- 4. Community Involvement with Boundaries** - While encouraging engagement from PTAs, booster clubs, and donors, the policies clearly define the **autonomy** and **responsibilities** of these groups, ensuring they operate **independently** while aligning **with District values**.
- 5. District Branding and Liability Protection** - Policies restrict the use of the District's name, logo, facilities, or personnel in **unauthorized fundraising or promotional efforts**, guarding against misrepresentation, reputational harm, or unintended political/ideological association.
- 6. Support for Student Leadership** - By allowing students to manage their own activity funds (with oversight but without adult control), these policies encourage **real-world learning**, **leadership**, and **financial responsibility**.

If a District chooses not to adopt a policy or administrative guideline, the District is still obligated to follow applicable Federal and State laws relating to that topic.

The proposed new, revised, and replacement policies, administrative guidelines, and forms included in this update have been thoroughly prepared and reviewed by Neola's legal counsel for statutory compliance. If you make changes or substitute in their entirety policies or other materials of your own drafting, those materials should be reviewed by your legal counsel to verify compliance. Neola does not review District-specific edits to update materials or District-specific policies for statutory compliance.

If a policy or guideline is marked as a revision, the changes have been marked in bold (to add material) and crossed out (to delete material). As you review a revised policy or guideline, you may accept one, many, or all of the changes provided. If a policy or guideline is marked as a replacement, enough changes have been made to justify a complete, clean replacement copy. As you review a replacement policy or guideline, you should also check the materials you have in your current policy or guideline to see if there is some specific wording you want to be included in the replacement policy. If so, a copy of any wording to be added and where it should be inserted should be forwarded with the replacement policy or guideline when it is returned to the Coshocton office for processing.

If the District authors language and adds it to a policy template or deletes content that is not marked as a choice in the policy template, then these actions will constitute District-specific edits.

Policies to be deleted from the policy manual require Board action to rescind the policy.

Processing Update Materials

Revisions to your policies and administrative guidelines should be made using the BoardDocs software, following the instructions provided.

Using Header Box Options in BoardDocs

Each policy and administrative guideline has multiple header boxes in BoardDocs that provide essential information in addition to the document's title and code number. (NOTE: All the header boxes are visible only when editing is turned on; in view mode, only the header boxes with content are shown.)

Adopted: The "Adopted" header box indicates when the policy or guideline was first adopted, and that date never changes as long as the policy or guideline is active.

Last Revised: Retaining the history of each policy and guideline is essential for legal and administrative reasons, so BoardDocs provides options for such retention. Immediately beneath the "Adopted" header box is the "Last Revised" header box that indicates the last time the policy or guideline was changed, and this box is updated by Neola Production each time a revision is submitted. Any revision dates between the initial adoption and the latest revision are usually located at the bottom of the document, just above the Neola copyright. (Again, these dates are updated by Neola Production with each submission and should correspond to Board meeting minutes, except for TC notations for technical corrections.)

Last Reviewed: A new "Last Reviewed" option now exists for indicating that you have reviewed the policy or guideline and have found it to be sufficient as presently written. Since no revision is being made in these situations, there is no record that the document was reviewed. A typical example would be a technical correction that isn't needed on your document, or a revision to an option that you do not have or want. In such cases, because the copyright has changed but not any content, you would want to show that your document is current as of the new copyright date even though it has the older copyright date from the previous version of the Neola template. Now you have the option to indicate that you have reviewed the document even though no revision was made by putting the review date in the new "Last Reviewed" header box. This is also a handy feature for those Boards that use a policy review regimen in addition to revisions made through the Neola Update process.

Any questions about how to use these BoardDocs header box features should be directed to your Neola Associate, or you may contact BoardDocs Support at 1-800-407-0141.

District-Specific Materials

If the District chooses, during any step of the Update process, to incorporate District-specific material into a new policy or guideline that has been proposed or to insert District-specific material into a current policy or guideline for which revisions have been proposed in an update issued by Neola, then the District agrees to hold Neola harmless for those District-specific edits and acknowledges that Neola's warranty for legal challenges to that District-specific language in that policy or guideline will not be in effect. In addition, Neola retains ownership of the text from the original policy template that remains in a policy to which District-specific material has been added. District-specific materials include the following:

1. Materials from the District's existing materials that the District requests be incorporated during the drafting process;

2. New materials that the District develops in their entirety and exclusive of Neola;
3. Revisions or deletions that substantively depart from Neola's templates; and
4. Outdated material that a District did not keep current with Neola updates.

Further, Neola does not recommend the use or incorporation of District-specific materials. Neola will, at the request of the District, incorporate District-specific materials into the licensed materials, with the implicit understanding that the District bears all risks associated with the District's decision to request that such District-specific materials be incorporated. Neola reserves the right to but is not obligated to, advise the District to seek its own legal review of District-specific materials.

Notice Regarding Legal Accuracy

Neola is vigilant in providing policy language to clients that has been vetted for legal accuracy by outside legal counsel. Should questions arise as to the legal compliance or accuracy of Neola materials, it is our expectation that Neola's counsel would have the opportunity to assist in the resolution of such a claim. Please notify the Neola corporate office if an issue arises in which such a review or assistance is necessary.

Policies in this update have been reviewed by Renning Lewis & Lacy, s.c. for consistency with Federal and State law.

Policy Revisions

Policy 5830 - Student Fundraising (Revised)

This policy governs student fundraising activities within the school district. It ensures that fundraising is conducted in a controlled, ethical, and educationally appropriate manner. Fundraising must be for school-related purposes, approved by the Principal (and District Administrator if above a certain threshold), and comply with Federal dietary and financial regulations.

This policy protects students from coercion, ensures transparency and accountability in fund management, aligns fundraising with educational goals, and ensures compliance with legal and health standards. It also maintains the integrity of the school environment and prevents misuse of school resources.

The revision has technical corrections, financial requirements, additional oversight options, and cross-references to other policies. These revisions are recommended but not required.

Policy 6605 - Crowdfunding (Revised)

This policy regulates the use of online crowdfunding platforms to raise money or resources for district-approved educational activities, classrooms, or school-related programs. It ensures that crowdfunding activities align with the District's educational mission, maintain financial transparency, and protect student privacy. It also prevents misuse of school branding and resources, ensures legal compliance, and protects donors by requiring the use of secure, low-fee platforms.

The revision adds crowdfunding platforms and additional monitoring requirements. These revisions are recommended but not required.

Policy 6608 - Accountability And Oversight Of Fundraiser And Crowdfunding Disbursements (New)

This policy states that all funds raised through student, parent, or private group-led fundraising and crowdfunding efforts—whether managed by the district (custodial) or by outside groups (non-custodial)—are properly documented, reported, and aligned with State and Federal financial standards, including GASB 84 and Federal reporting requirements. It requires detailed profit-and-loss reports, receipts, and records of how funds are spent or donated to the district. The policy also outlines consequences for non-compliance. This helps protect the integrity of school financial operations and maintains trust with the public and donors.

This new policy provides additional accountability for fundraising and crowdfunding activities. It is strongly recommended but not required for adoption.

Policy 6610 - Nondistrict-Supported Student Activity Accounts (Revised)

This policy allows the creation and maintenance of student activity accounts for approved activities that do not receive financial support from the District. While the District holds these funds in custodial accounts (per GASB 84), students are fully responsible for managing the funds—including budgeting and spending—without any financial control or approval from

District staff. Staff advisors may supervise but cannot make or influence financial decisions. These activities must follow established guidelines for fundraising, accounting, and use of District resources. The policy requires that student-led, self-funded activities be managed independently but responsibly, with proper safeguards in place to comply with legal and financial regulations.

The revision adds an accounting requirement and includes technical corrections. These revisions are recommended but not required.

Policy 7230 - Gifts, Grants, and Bequests (Revised)

This policy outlines how the District accepts and manages gifts, grants, and bequests from individuals or organizations. The Board retains the right to approve, reject, or define the use of any donation. Accepted gifts become the property of the District and must align with Board policies and applicable laws. The policy also cites non-discrimination in the acceptance of donations and establishes reporting, tax acknowledgment, and transparency requirements. This helps create a process that handles donations ethically, legally, and transparently, protecting both the District and the donor. Additionally, it helps prevent the acceptance of gifts that could create liability, favoritism, or conflicts of interest, maintaining the trust of the school community.

The revision includes additional accountability and protections for the Board and District. These revisions are recommended but not required.

Policy 9211 - School Support Organizations (Rescind)

This policy is rescinded and renumbered to replacement Policy 9215 for better alignment with the numbering used by all states in the Neola network.

Policy 9215 - School Support Organizations (Renumbered/Replacement)

This policy establishes the standards, responsibilities, and oversight for school support organizations (SSOs)—such as PTAs, PTOs, Booster Clubs, and educational foundations—that raise funds or donate resources to support District schools and activities. The policy defines what constitutes an SSO, outlines approval and documentation requirements, and ensures transparency and accountability in financial activities. The policy protects the District's integrity, financial transparency, and legal compliance while supporting valuable community involvement. It ensures SSOs operate independently yet responsibly, aligning their goals with those of the District without creating liability for the school system. It also ensures donations and fundraising are managed ethically, helping to maximize benefits to students while safeguarding public trust.

This policy has been redrafted by Neola legal counsel. Its re-adoption is strongly recommended, as it contains important text that satisfies state and federal accountability requirements.

Policy 9700 - Relations with Non-School Affiliated Groups (Revised)

This policy sets clear rules for how non-school-affiliated (outside) groups may interact with students, staff, and District facilities. It prohibits the use of District resources—including names, logos, facilities, or personnel—for advertising, promotion, or fundraising. The policy balances the value of community involvement with the need to safeguard educational priorities and legal responsibilities.

Neola is reissuing this policy with one revision. The policy is referenced in several of the update policies in this special update, and clients may desire to confirm their original choices as a part of this update process. Finally, the revision in the non-discrimination statement is consistent with the Vol. 35, No. 1 - Nondiscrimination - November 2025 Special Update.

Policy 9700.01 - Advertising and Commercial Activities (Revised)

This policy outlines the rules and limitations for advertising and commercial activities involving students, staff, or District property. It defines advertising broadly and establishes strict controls over when, where, and how commercial messages or promotions may appear in schools. By balancing community involvement with strict oversight, the policy ensures any commercial presence aligns with the District's mission and public trust.

The policy contains expanding restrictions in the option for political advertising. In addition, this policy is referenced in several of the update policies in this special update, and clients may desire to confirm their original choices as a part of this update process. Finally, the revision in the non-discrimination statement is consistent with the Vol. 35, No. 1 - Nondiscrimination - November 2025 Special Update.

6610 - NONDISTRICT-SUPPORTED STUDENT ACTIVITY ACCOUNTS

The Board authorizes the maintenance of approved student activity accounts for nondistrict-supported student activities as allowed by DPI regulations and the auditor's recommendations in accordance with GASB 84. Approval of the establishment of any student activity account for a nondistrict-supported student activity, after the student activity is approved, without District financial support, in accordance with Policy 2430 - District-Sponsored Clubs and Activities, shall be determined by the District Administrator before monies can be collected or disbursed in the name of said activity.

Definitions

The following definitions are provided for these terms within the context of this policy:

- A. **District-sponsored student activity:** All student activities recognized by the District as approved co-curricular/extra-curricular activities are designated as District-sponsored, including both District-supported and nondistrict-supported student activities. (See Policy 2430 - District-Sponsored Clubs and Activities and Policy 6611 - District-Supported/Sponsored Student Activity Accounts)
- B. **District-supported student activity:** The District provides financial support of the student activity and exercises administrative control over dispersal of the activity's funds. (See Policy 6611 - District-Supported/Sponsored Student Activity Accounts)
- C. **Nondistrict-supported student activity:** The District does not provide financial support of the student activity and does not exercise administrative control over dispersal of funds.

Other terms are used as defined in Bylaw 0100 - Definitions.

Nondistrict-supported Student Activities

Nondistrict-supported student activity accounts are intended to provide a custodial account for an approved student activity for which the District does not provide funds (i.e., have financial involvement) or exercise administrative control over the funds. Such nondistrict-supported student activities may not be required by any course or provide any academic credit. These student activities are established for District students and may have a District-assigned and/or a District-compensated staff advisor/coach for supervisory purposes. While these student activities may use District facilities, equipment, and materials, the funds for these activities are self-managed by the students. Assistance from parents or other volunteers is permissible (see Policy 8120 - Volunteers). ~~Fund-raising~~Fundraising is permissible in accordance with District policies (see Policy 5830 - Student ~~Fund-Raising~~Fundraising and Policy 9700 - Relations with Non-School Affiliated Groups). Equal access shall be provided in accordance with Policy 5730 - Equal Access for Nondistrict-Sponsored Student Clubs and Activities. A District staff member may serve as an advisor/coach, but decisions regarding money must be made by the students, as long as such expenditures do not violate District policies (e.g., purchase of illegal items, purchase of nonconforming technology, purchase from a non-approved vendor). As a fiduciary in accordance with GASB 84, the District maintains custodial accounts for the student activity, but does not determine or approve how account monies are used since financial decisions are made by the students without administrative control or endorsement from District staff.

Criteria for Nondistrict-Supported Student Activity Accounts

Nondistrict-supported student activity accounts may be established if all of the following criteria are met:

- A. The student activity account has been approved in accordance with this policy.
- B. **The student activity account will be captured upon receipt and tracked to a corresponding General Ledger code for reporting, financial controls, and to accurately report for revenues and expenditures.**
- C. The activity's students or student officers make all decisions regarding revenues, budgeting, and expenditures.

- D. Any request to expend money from the account must be endorsed in writing by the activity's President and Treasurer.
- E. The activity's advisor/coach is ~~NOT~~not permitted to make decisions regarding money, nor may the advisor/coach initiate or endorse any expenditure request.
- F. The student activity account is not under the District's control, nor subject to District oversight.

General Provisions

The purpose of District-sponsored activities is to enable students to explore a wider range of individual interests than may be available in the District's courses of study but are still related to accomplishing the educational outcomes for students as adopted by the Board in Policy 2131 - Educational Outcome Goals and Expectations. District-sponsored activities must be approved in accordance with Policy 2430 - District-Sponsored Clubs and Activities or Policy 2431 - Interscholastic Athletics.

District-sponsored student activities are authorized to use the District name, logo, mascot, or any other name ~~or slogan which that~~ would associate an activity with the District provided such use is consistent with other applicable District policies.

Student ~~fund-raising~~fundraising shall be conducted in accordance with Policy 5830 - Student ~~Fund Raising~~Fundraising and Policy 9700 - Relations with Non-School Affiliated Groups.

All collected money shall be handled, secured, and deposited in accordance with Policy 6630 - Cash Handling and Deposits. Misappropriation of activity monies, ~~which includes~~including theft or any other misuse of monies, will result in discipline up to and including suspension, expulsion, and/or termination of employment.

Discontinued Student Activities

~~(-) After one (1) full school year of inactivity, the unexpended funds of a discontinued nondistrict-supported student activity shall be transferred to the Student Council's account unless the discontinued student activity had provided other instructions for dispersal of its unexpended funds.~~

(x) After one (1) full school year of inactivity, the unexpended funds of a discontinued ~~nondistrict~~District-supported student activity shall be transferred to the District's General Fund - Fund 10.

9700 - RELATIONS WITH NON-SCHOOL AFFILIATED GROUPS

It is the policy of the Board that students, staff members, and District facilities not be used for advertising or promoting the interests of any non-school related agency or organization, public or private, without the approval of the District Administrator; and any such approval, granted for whatever cause or group, shall not be construed as an endorsement of said cause or group by this Board. All crowdfunding activities are subject to Policy 6605 - Crowdfunding.

School District Referendum Advocacy

This policy applies expressly to any outside organization's advocacy concerning School District referenda. Any such organization, whether advocating in favor of or in opposition to a referendum question, must clearly identify themselves as independent of the School District and may not, under any circumstances, use School District logos, mascots, slogans or other such items that are protected by or regularly used and identified with the District. School District officials may not advocate for a position on a referendum in any manner in which such advocacy is in the individual's capacity as a School District official or may reasonably be perceived as such. School District officials may always provide factual information concerning any referendum question.

A. Materials or Activities

All materials or activities proposed by outside organizations for student or staff use or participation shall be reviewed by the District Administrator on the basis of the proposed activities or materials educational contribution to part or all of the school program, benefit to students and no such approval shall have the primary purpose of advancing the name, product, or special interest of the proposing group.

The Board shall not permit the use of any type of educational material, program, or equipment in its curricular, co-curricular, or extra-curricular activities or at any time during the school day if such materials, programs, or equipment contain partisan political or commercial messages or are designed to persuade students or staff members to acquire a particular product or service offered by a named individual, company, organization, association, or agency. Professional staff may, however, utilize political materials or those provided by special interest groups in adopted courses of study with the approval of the principal.

Outside speakers representing commercial organizations will be welcome only when the commercial aspect is limited to naming the organization represented and the subject matter advances the educational interests of the District's students.

B. Contests/Exhibits

The Board recognizes that contests, exhibits, and the like may benefit individual students or the District as a whole, but participation in such special activities may not:

1. have the primary effect of advancing a special product, group, or company;
2. make unreasonable demands upon the time and energies of staff or students or upon the resources of the District;
3. interrupt the regular school program;
4. involve any direct cost to the District unless the student body as a whole derives benefit from such activities;
5. cause the participants to leave the School District, unless the Board's Policy 2340 - Field and Other District-Sponsored Trips has been complied with in all aspects;

The District Administrator shall establish administrative guidelines that ensure that:

Crowdfunding activities aimed at raising funds for a specific classroom or school activity, including extra-curricular activity, or to obtain supplemental resources (e.g., supplies or equipment) that are not required to provide a free, appropriate, public education to any students in the classroom may be permitted, but only with the specific approval of the District Administrator.

This policy does not apply to the raising of funds for District-sponsored or school-sponsored activities.

E. Prizes/Scholarships/Other Awards

The Board is appreciative of the generosity of organizations that offer scholarships, prizes, or other awards to deserving students in this District.

In the administration of scholarships, prizes, or other awards, the District shall not discriminate on the basis of **any Protected Class consistent with Board Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity** ~~race, color, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex (including gender status, change of sex, or gender identity), or physical, mental, emotional, or learning disability (Protected Classes)~~ in any of its student program and activities.

The District will periodically review its procedures for awarding scholarships, prizes, and other awards. This review will require that the District's procedure does not discriminate on the basis of sex, race, color, national origin, or disability in the overall effect of the scholarships, prizes, and other awards given to students.

9700.01 - **ADVERTISING AND COMMERCIAL ACTIVITIES**

This policy provides guidance for the appropriate and inappropriate use of advertising or promotion of commercial products or services to the students and parents in the school.

"Advertising" comes in many different categories and forums and is defined as an oral, written or graphic statement made by the producer, manufacturer, or seller of products, equipment, or services which calls for the public's attention to arouse a desire to buy, use or patronize the product, equipment, or services. This includes the visible promotion of product logos for other than identification purposes. Brand names, trademarks, logos or tags for product or service identification purposes are not considered advertising.

The Board may permit paid commercial advertising in School District facilities or on School District property in the following categories or forums in accordance with the parameters set forth herein:

1. product sales benefiting a district, school or student activity (e.g., the sale of beverages or food within schools);
2. exclusive agreements between the District and businesses that provide the businesses with the exclusive right to sell or promote their products or services in the schools (e.g. pouring rights contracts with soda companies);
3. fund-raising activities (e.g., short-term sales of gift wrap, cookies, candy, etc.) to benefit a specific student population, club or activity where the school receives a share of the profits.

C. Indirect Advertising:

1. corporate-sponsored instructional or educational materials, teacher training, contests, incentives, grants or gifts;

2. the Board approves the use of instructional materials developed by commercial organizations such as films and videos only if the education value of the materials outweighs their commercial nature.

If requested, the films or material shall be carefully evaluated by the school principal for classroom use to determine whether the films or materials contain undesirable propoganda and to determine whether the materials are in compliance with the guidelines as set forth above.

No advertising may use the name, logo, mascot, or any other name which would associate an activity with the District without the specific written permission of the District Administrator. It is further the policy of the Board that its name, students, staff members and District facilities shall not be used for promoting the interests of any non-school agency or organization, public or private, without the specific written permission of the District Administrator.

Neola will issue an update of only technical corrections, as necessary. With this change, the Regular Update will include more substantive policy issues for review that require Board consideration and approval. Importantly, these technical changes do not materially alter the policy's intent but rather make minor improvements to its quality and/or consistency. If the Board has adopted the language noted below in Bylaw 0131.1 - Bylaws and Policies, these technical corrections may be made without approval by the Board. However, as noted, the Board should be informed of these technical corrections no later than the next regular Board meeting. We believe this change will help streamline the review and adoption process.

Pursuant to the optional language offered in Bylaw 0131.1 - Bylaws and Policies:

The District Administrator is authorized to review and make technical corrections to policies that have already been adopted through normal rulemaking procedures. Technical corrections are those corrections to policy language or construction that do not reflect a policy decision or substantive consideration by the Board, such as correction of a typographical or grammatical error, inclusion or correction of a statutory citation, renumbering of sections, combining of policies, or similar actions. The District Administrator shall inform the Board of any such changes no later than the next regular Board meeting.

5330 - ADMINISTRATION OF MEDICATION/EMERGENCY CARE

The Board shall not be responsible for the diagnosis and treatment of student illness. The administration of medication to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication were not administered during school hours, or the child is disabled and requires medication to benefit from their educational program.

For purposes of this policy, "practitioner" shall include any physician, dentist, podiatrist, optometrist, physician assistant, chiropractor, and advanced practice nurse prescriber who is licensed in any state. "Medication" shall include all drugs, including those prescribed by a practitioner, and any nonprescription drug products. "Administer" means the direct application of a nonprescription drug product or prescription drug, whether by injection, ingestion, or other means, to the human body. "Nonprescription drug product" means any non-narcotic drug product that may be sold without a prescription order and which is prepackaged for use by consumers and labeled in accordance with the requirements of State and Federal law.

Before any prescribed medication may be administered to any student during school hours, the Board shall require the written instructions from the child's practitioner, accompanied by the written authorization of the parent.

Nonprescription drug products may be administered to any student during school hours only with the prior written consent of the parent. Substances, which are not FDA approved (i.e., natural products, food supplements), will require the written instruction of a practitioner and the written consent of the parent. Nonprescription drugs that are provided by the parent may be administered if they are supplied in the original manufacturer's package, which lists the ingredients and recommended therapeutic dosage in a legible format. Any dosage of nonprescription medication other than that listed on the medication's packaging must be authorized in writing by a medical practitioner. Students are prohibited from possessing, using, carrying, or distributing in school or on school grounds drugs or other products which, even though not defined as a drug, are used or marketed for use for medicinal purposes, such as to relieve pain or to relieve the symptoms of an underlying medical condition (including aspirin, ibuprofen, dietary supplements, CBD oil products, etc.). This provision of policy is to be viewed together with the Board policy on Drug Prevention, Policy 5350.

No CBD products will be permitted for use at school.

The document authorizing the administration of both prescribed medication and nonprescription drug products shall be kept on file in the administrative offices.

Only medication in its original container; labeled with the date, if a prescription, the student's name, and the exact dosage will be administered. Parents or students authorized in writing by their practitioner and parents, may administer medication.

No student is allowed to provide or sell any type of medication to another student. Violations of this rule will be considered violations of Policy 5530 - Drug Prevention and of the Student Code of Conduct.

Medications will be administered, and the instruction and consent forms will be maintained in accordance with the District Administrator's guidelines.

Any, staff member or volunteer, authorized in writing by, the District Administrator is immune from liability for their acts or omissions in administering medication including, but not limited to glucagon, an opioid antagonist, and epinephrine, unless the act or omission constitutes a high degree of negligence and, in the case of any staff member or volunteer who administers an opioid antagonist, the staff member or volunteer contacts emergency medical services as soon as practicable after administering the drug to report the suspected overdose. Such immunity does not apply to healthcare professionals.

All prescription medication shall be secured and appropriately stored (allowing for quick access and retrieval before, during, and after school hours), unless the medication is an emergency medication that the student is authorized to carry and self-administer by authorization of both the student's parent(s) and practitioner, and the possession of such medication by the student in school is not prohibited by law or regulation.

The Board shall permit the administration by staff of any medication requiring a delivery method other than oral ingestion when both the medication and the procedure are prescribed by a practitioner and the delivery is under the supervision of a licensed nurse, provided that the staff member has completed any necessary training and ~~the that~~ staff member voluntarily agrees to deliver the medication. No staff member, other than a health care professional, may be required to administer medications that are administered by means other than oral ingestion.

Any staff member or volunteer who, in good faith, renders emergency care to a student is immune from civil liability for their acts or omissions in rendering such emergency care.

Any administrator or principal who authorizes an employee or volunteer to administer a nonprescription drug product or prescription drug to a student is immune from civil liability for the act of authorization unless it constitutes a high degree of negligence or the administrator or principal authorizes a person who has not received the required Department of Public Instruction training to administer the nonprescription drug product or prescription drug to a student. School nurses, as District employees, are regulated by the Wisconsin Nurse Practice Act and are therefore not necessarily immune from civil liability.

Any time a student, or a group of students, participates in a school event not on District premises, District staff responsible for organizing and/or supervising the event will take steps so that Emergency Medical Information Forms, Health Plans, or Section 504 Plans are available in the event of an emergency. This includes, and is not limited to, all school-sponsored or school-related activities, including music trips, athletic trips, field trips, and academic contests. This does not include student spectators at events.

The school nurse(s) providing services or consultation on the District's Emergency Nursing Services Plan have provided assistance in the development of this policy and will also provide a periodic review of the written instructions and consent forms and the Medications Administration Daily Log(s). The plan shall state whether and to what extent the District will retain opioid antagonists for use in the event an authorized employee or volunteer observes an apparent overdose.

Epinephrine Auto-Injectors

The Board intends to adopt and maintain a plan for managing students with life-threatening allergies so as to permit each school to obtain a school prescription for epinephrine auto-injectors and to permit each school nurse and designated school personnel to administer them. Accordingly, the Board directs the school nursing staff, in consultation with the District Administrator, to develop a plan that meets the following:

- A. specifies those designated school personnel who have agreed to receive training and who will be trained and authorized to perform the functions of the plan;
- B. identifies the specific training program that will be implemented to prepare each school nurse and designated school personnel to identify the signs of anaphylaxis and to provide or administer epinephrine auto-injectors accordingly;
- C. delineates the permissible scope of usage to include providing District-owned epinephrine auto-injectors to students who have a prescription on file with the school in the event the student is experiencing an anaphylactic event and/or administering epinephrine auto-injectors to such students, and/or administering epinephrine auto-injector treatment to any student, regardless of whether the student has a prescription on file or the staff member so trained is not aware of whether the student has a prescription on file, but believes in good faith the student is suffering from anaphylaxis, provided that the staff member immediately contacts emergency medical services;
- D. identifies the number and type of epinephrine auto-injectors each school will keep on-site and identifies a member of the nursing staff or other school official who will be responsible for maintaining the epinephrine auto-injectors supply;
- E. is approved by a physician licensed in the State of Wisconsin;
- F. notes that the school and any school nurse or designated school personnel that provide or administer epinephrine auto-injectors under this plan are immune from civil liability for any harm that may result, regardless of whether there is a parental or medical provider authorization, unless the administration was a result of gross negligence or willful or wanton misconduct;
- G. is published on the District's website or the website of each school.

All students and staff are prohibited from using essential oils at school.

5461 - **CHILDREN AT-RISK OF NOT GRADUATING FROM HIGH SCHOOL**

The Board shall establish programs to serve children in the District who are identified as "children-at-risk" in compliance with State statutes. This policy meets the requirements of State law which includes identifying and serving "children-at-risk" students as defined below:

Students who are at-risk of not graduating high school because they are dropouts or are at least two (2) of the following:

- A. one (1) or more years behind their age group in the number of high school credits attained
- B. two (2) or more years behind their age group in at least one (1) basic skill level (math and/or reading);
- C. habitually truant;
- D. parents;
- E. adjudicated delinquents; and
- F. eighth grade students whose score in each area of the student assessment was below basic level of failing and eighth grade students that were not promoted to ninth grade.

The District shall identify all children at-risk enrolled in the District. The District shall annually develop a plan describing how the Board will meet the needs of such students. Each plan shall be completed on or before August 15th of each year.

All programs and services developed for "children-at-risk" shall be designed to improve and expand educational opportunities for these children on an individualized basis, through a variety of means (e.g., additional instruction, differentiation, intervention), and provide alternative courses or program modifications which satisfactorily meet the District's graduation requirements.

Principals are responsible for identifying and addressing barriers to learning through a variety of strategies. The plan will communicate the structure, strategies, and program offerings for students at-risk which will vary by individual. Strategies for support, interventions, programs, and alternative educational options are made available to all students and at all levels as needed.

The Board uses an ~~the Wisconsin Equitable~~ Multi-Level System of Supports (~~WiMLSS~~~~EMLSS~~) Model that is designed as a continuum for Literacy, Mathematics, and Behavior. ~~WiMLSS~~ ~~EMLSS~~ is defined as a systemic process for achieving high levels of academic and behavioral success for all students through:

- A. multi-level, high-quality instructional approach for general, at-risk, advanced learners and special education student needs;
- B. a balanced assessment system;
- C. collaborative practices.

The Board will make reasonable efforts to help each student acquire the necessary skills, concepts, and content of course or subject area they are enrolled through systemic practices of ~~WiMLSS~~~~EMLSS~~. Student capabilities will be identified for ~~WiMLSS~~~~EMLSS~~ using multiple criteria in accordance with District guidelines. These guidelines are aligned with the Wisconsin Department of Public Instruction's recommendations.

The District will maintain an ~~WiMLSS~~~~EMLSS~~ Framework and supporting documents which outline specific implementation procedures and guidelines that will be reviewed annually.

Parent involvement will be actively solicited to improve student success. Community service agencies' participation and partnerships will be encouraged and actively sought to meet student needs.

Code	po5610

5610 - **SUSPENSION AND EXPULSION**

The Board recognizes that exclusion from educational programs of the School District, by suspension or expulsion, is a substantial sanction and that such action must comply with the student's due process rights. Exclusionary discipline is appropriate to address serious misconduct or when alternatives, such as in-school discipline or restorative practices, have been ineffective to address a student's repeated refusal or neglect to obey school rules. The Board supports utilizing developmentally appropriate interventions and supports rather than exclusionary discipline for students in second grade or below.

SUSPENSION

For purposes of this policy, "suspension" shall be the short-term exclusion of a student from a regular District program.

The District Administrator, any principal, or a teacher designated by the District Administrator may suspend a student for up to five (5) school days or, if a notice of expulsion hearing has been sent, for up to fifteen (15) consecutive school days.

The suspension must be reasonably justified based upon the grounds authorized under 120.13, Wis. Stats., which include, but are not limited to: noncompliance with school rules or Board rules; knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; conduct by the student while at school or while under the supervision of a school authority that endangers the property, health, or safety of others; conduct while not at school or while not under the supervision of a school authority that endangers the property, health, or safety of others at school or under the supervision of a school authority; or conduct while not at school or while not under the supervision of a school authority that endangers the property, health, or safety of any employee or Board member of the District in which the student is enrolled.

The District Administrator, any principal, or a teacher designated by the District Administrator shall suspend a student if the student possessed a firearm, as defined in 18 U.S.C. 921(a)(3), while at school or while under the supervision of a school authority.

The parent of a suspended minor must be given prompt notice of the suspension and the reason for the suspension. The student's suspension from school shall be entered in the student's record as required by the rules adopted by the Board concerning the content of student records. The suspended student or the student's parent may, within five (5) school days following the commencement of the suspension, have a conference with the District Administrator or designee, who shall be someone other than a principal, administrator, or teacher in the suspended student's school, to discuss removing reference to the suspension from the student's records. Reference to the suspension on the student's school record shall be removed if the designated administrator finds that the student was suspended unfairly or unjustly; the suspension was inappropriate, given the nature of the alleged offense; or the student suffered undue consequences or penalties as a result of the suspension. The District Administrator or designee shall make a finding within fifteen (15) days of the conference. **The decision made by the District Administrator or designee on the suspension appeal shall be final.**

A suspended student shall not be denied the opportunity to take any quarterly, semester, or grading period examinations or to complete coursework missed during the suspension period. Such work shall be completed pursuant to the procedures established by the Board.

In the event a student is classified as homeless, the building principal shall consult with the Homeless Coordinator to determine whether the conduct is a result of homelessness. The Homeless Coordinator will assist the administration and the student's parents in correcting conduct subject to disciplinary action that is caused by homelessness.

EXPULSION

Under this policy, expulsion shall mean the Board will not permit a student to attend school at all, including any school-sponsored events or activities, for a specified period of time. If the student is expelled, the Board will determine the length of the expulsion period, which may extend at a maximum to the student's 21st birthday. The Board's expulsion order may include the opportunity for the student to return to school prior to the expiration of the term of expulsion under a specified set of early reinstatement condition(s) which are related to the conduct for which the student was expelled. The condition(s), once set forth in an expulsion order, shall be administered at the discretion of the District Administrator who shall have the authority to deny early reinstatement if any early reinstatement condition is not met prior to reinstatement or to revoke it for the remainder of the expulsion period if any enrollment conditions applicable to the student's attendance during a period of expulsion under early reinstatement, or conditional enrollment, are deemed by the District Administrator to

have been violated. The decision to revoke a student's conditional enrollment shall be explained in writing. The student or student's parent may request a conference with the District Administrator within five (5) school days of a decision to revoke early reinstatement. The District Administrator shall meet with the student and/or parents within five (5) school days of a request. The District Administrator's decision is final.

The District Administrator may designate another School District employee to perform the functions pertaining to a student's early reinstatement, but may not designate someone who is an administrator or teacher in the student's school.

The Board may expel a student only when it is satisfied that the interest of the school demands the student's expulsion and only when the student: repeatedly refused or neglected to obey the rules established by the School District; knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; engaged in conduct while at school while under the supervision of a school authority that endangered the property, health, or safety of others; engaged in conduct while not at school or while not under the supervision of a school authority that endangered the property, health, or safety of others at school or under the supervision of a school authority or endangered the property, health, or safety of any employee or Board member of the District in which the student is enrolled; or was at least sixteen (16) years old and had repeatedly engaged in conduct while at school or while under the supervision of a school authority that disrupted the ability of school authorities to maintain order or an educational atmosphere at school or at an activity supervised by a school authority and that such conduct did not otherwise constitute grounds for expulsion. For purposes of this policy, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

The Board shall hold an expulsion hearing in the event a student is in possession of a firearm while at school or under the supervision of school authorities and shall expel a student from school for not less than one (1) year whenever it finds that the student brought a firearm to school or, while at school or while under the supervision of a school authority, possessed a firearm, as defined in 18 U.S.C. 921(a) (3), unless the Board finds that the punishment should be reduced based upon the circumstances of the incident. Any such finding by the Board shall be in writing. This does not include any circumstance in which a student possessed a firearm while lawfully hunting on school forest land.

The District shall refer any student who brings a firearm (as defined in 18 U.S.C. 921(a)(3)) or a weapon to school to law enforcement.

As required by 20 U.S.C. 7151, the District Administrator will ensure that the following information is sent to the Wisconsin Department of Public Instruction: a copy of this policy; a description of the circumstances surrounding any expulsion(s) for violating the above-stated firearms policy; the name of the school; the number of students expelled; and the types of firearms involved.

Prior to expelling a student, the Board shall provide the student with a hearing. Prior written notice of the hearing must be sent separately to both the student and, if the student is a minor, to their parent(s). The notice must be sent at least five (5) days prior to the date of hearing, not counting the date notice is sent. The notice must also satisfy the requirements of 120.13(1) (c)4, Wis. Stats.

An expelled student or, if the student is a minor, the student's parent(s) may appeal the Board's expulsion decision to the Wisconsin Department of Public Instruction. An appeal from the decision of the Department may be taken within thirty (30) days to the circuit court for the county in which the school is located.

In the event a student is classified as homeless, the building principal shall consult with the Homeless Coordinator to determine whether the conduct is a result of homelessness. The District will not expel a homeless student for conduct that is caused by the student's homelessness. The Homeless Coordinator will assist the administration and the student's parents in correcting conduct subject to disciplinary action that is caused by homelessness. If the conduct in question is determined not to be caused by the student's homelessness, the District shall proceed with expulsion proceedings as outlined in this policy.

SUSPENSION/EXPULSION OF STUDENTS WITH DISABILITIES

In matters relating to the disciplining of students with disabilities, the Board shall abide by Federal and State laws.

The District Administrator shall establish administrative guidelines and ensure they are properly implemented when disciplining any student with disabilities.

ADMINISTRATIVE GUIDELINES

The District Administrator shall develop administrative guidelines to implement this policy, which shall include, at a minimum:

- A. strategies for providing special assistance to students who are in danger of being expelled and are not achieving the goals of the educational program;
- B. procedures that ensure compliance with State and Federal law, including, but not limited to, due process rights;
- C. provision for completing school work when appropriate;
- D. reference to staff obligations to report threats of violence made in or targeted at a school, which, in the good faith judgment of the staff member, pose a serious and imminent threat of harm to the health or safety of others.

5780 - **STUDENT/PARENT RIGHTS**

The Board of Education recognizes that students possess not only the right to an education but the rights of citizenship as well.

In providing students the opportunity for an education to which they are entitled, the District shall attempt to offer nurture, counsel, and custodial care appropriate to their age and maturity. At the same time the Board recognizes that no student may be deprived of the basic right to equal access to the educational program and the student's/his/her constitutional right to due process and free expression and association as appropriate for the school environment.

Attendant to the rights afforded to each student, however, are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the guidelines and rules of the District.

The Board realizes that as students differ in age and maturity, so they differ in the ability to handle both the rights of citizens and the concomitant responsibilities. The exercise of each right shall be granted, therefore, with due regard for the degree of responsibility possessed by the student and the student's need for the continuing guidance and control of those responsible for the student's/his/her education.

Since a student who has reached the age of majority possesses the full rights of an adult, the students/he may authorize those school matters previously handled by the student's/his/her parents, but the students/he also assumes the responsibility for their/his/her performance in school, attendance, and compliance with the guidelines and District rules.

Administrators, counselors, and teachers shall not provide a supporting affidavit for students who have petitioned the court to grant them the status of emancipated minors unless prior approval has been obtained from the District Administrator.

Parents also have rights in the school system to know about their student's educational experience. Specific rights are listed in topic areas of these policies.

In addition, parents have the right to inspect any instructional materials used as part of the educational curriculum for their student. Instructional materials means instructional content, regardless of format, that is provided to the student, including printed or representational materials, audio-visual materials, and materials available in electronic or digital formats (such as materials accessible through the Internet). Instructional material does not include academic tests or academic assessments.

The District Administrator shall, in consultation with parents, develop a procedure addressing the rights of parents and procedures to assure timely response to parental requests ~~to review instructional material~~. The procedure shall also address reasonable notification to parents and students of their rights to review these materials. (X) See AG 9130A - Procedures for Inspection of Instructional Materials.

A student who is still a dependent for Federal tax purposes, but who has reached the age of majority may, by written request, restrict the student's/his/her parents access to personally identifiable information from their/his/her student records.

When a student with a disability reaches the age of eighteen (18), with the exception of a student with a disability who has been found incompetent in this State, the District must provide any required notices to both the student and the student's parents, and all other rights accorded to the student's parents under Subchapter 5 of Chapter 115, Wis. Stats., transfer to the student.

This policy shall be applied consistent with the Family Education Rights and Privacy Act and applicable State student records law.

6152 - STUDENT FEES, FINES, AND CHARGES

The Board may levy certain charges to students to facilitate the utilization of adequate, appropriate learning materials used in the course of instruction. If the District determines that a student is in serious financial need, it may choose to provide any or all such materials free of charge. No student shall be denied any educational opportunity because of **an**his/her inability to pay any fee or charge imposed. (See also Policy 6152. 01 - Waiver of School Fees or Fines; and [DPI guidance](http://www.dpi.wi.gov/sfs/finances/budgeting/school-fees) ([HTTP://www.dpi.wi.gov/sfs/finances/budgeting/school-fees](http://www.dpi.wi.gov/sfs/finances/budgeting/school-fees)) regarding school fees.)

Materials Charge

A charge shall not exceed the combined cost of the material used, freight and/or handling charges, and nominal add-on for loss. Money received from resale of such material shall be returned to the school with an accurate accounting of all transactions.

Fines

When school property, equipment, or supplies are damaged, lost, or taken by a student, a fine will be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school libraries is subject to appropriate fines.

Collection of Fees and Fines

Any fees (including trip fees) or fines collected by members of the staff should be handled pursuant to Policy 6630 - Cash Handling and Deposits and appropriate District procedures.

The District Administrator may waive fines or fees upon request.

In the event collection efforts by the school do not result in the fee being collected, the Board authorizes the Business Department to take the student and/or the student's parents to Small Claims Court for collection. The District shall not permit or elicit the assistance of volunteers in efforts to collect unpaid student fees or expenses, including food service balances.

Student/Parent Rights

Nothing in this policy restricts the right of access of a parent or student to school records or to receive copies of such records, as required by Federal and State laws.

Students Experiencing Homelessness - McKinney-Vento Act

No fine or fee shall be charged to a student identified as a student experiencing homelessness unless it is determined that the student has the ability to pay the fee or fine and that its imposition does not create a barrier to the student's ability to enroll, attend school, achieve academic success, or be identified as experiencing homelessness. Any dispute regarding a fine or a fee that is imposed shall not delay the student's enrollment or serve as a barrier to enrollment by delaying the transfer of student records to another school or school district if applicable.

Immediate enrollment notwithstanding, the waiver of fines or fees for a student experiencing homelessness shall be extended to extra-curricular and co-curricular activities in addition to academic programming.

7440.01 - VIDEO SURVEILLANCE AND ELECTRONIC MONITORING

The Board authorizes the use of video surveillance and electronic monitoring equipment at various facilities and school sites throughout the District, and on school buses. No audio or video surveillance is permitted within the District other than those authorized by policy or the District Administrator, and only if clear and visible notice is provided to any persons entering an area or building subject to video and/or audio monitoring that such monitoring may occur. This does not restrict the collection of video or audio recording at events open to the public.

Placement of Surveillance

The District Administrator is responsible for determining where to install and operate fixed-location video surveillance/electronic monitoring equipment in the District. The District Administrator shall assure that video surveillance is handled in accordance with the placement, monitoring, and access considerations incorporated into the school safety plan as more fully described in Policy 8420 - School Safety **and Reporting of Crime Statistics**. The determination of where and when to use video surveillance/electronic monitoring equipment will be made in a nondiscriminatory manner. Video surveillance/electronic monitoring equipment may be placed in common areas in school buildings (e.g. school hallways, entryways, the front office where students, employees, and visitors are permitted to freely come and go, gymnasiums, cafeterias, libraries), the school parking lots and other outside areas, and in school buses. Except in extraordinary circumstances and with the written authorization of the District Administrator, video surveillance/electronic monitoring equipment shall not be used in areas where persons have a reasonable expectation of privacy (e.g. restrooms, locker rooms, changing areas, private offices (unless there is express consent given by the office occupant), or conference/meeting rooms), or in individual classrooms during instructional times. Security staff and Administrators are authorized to carry and use portable video cameras when responding to incidents. The Board authorizes security personnel to use body-worn video cameras while on duty but prohibits them from being operated while the individual is routinely patrolling restrooms and locker rooms unless the staff member is responding to a specific incident.

Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action.

Notification of Surveillance

Wherever video surveillance or electronic monitoring are used, such notification shall identify that video or electronic surveillance is possible technology being employed.

Legible and visible signs shall be placed at the main entrance to buildings and in the areas where video surveillance/electronic monitoring equipment is in use to notify people that their actions/behavior are subject to being monitored/recorded, which may include video footage, audio recording, or both. In cases approved by the District Administrator, camera surveillance may be used for investigatory purposes without staff, student, or public notice if the usage is calculated to further investigation into misconduct believed to have occurred or believed to be ongoing.

Uses of Surveillance

Any information obtained from video surveillance/electronic monitoring systems may only be used to support the orderly operation of the School District's schools and facilities, and for law enforcement purposes, and not for any other purposes. As such, recordings obtained through the use of video surveillance/electronic monitoring equipment may be used as evidence in any disciplinary proceeding, administrative proceeding or criminal proceeding, subject to Board policy and regulations. Further, such recordings may become a part of a student's education record or staff member's personnel file.

The Board will not place video surveillance/electronic monitoring equipment for the purpose of obtaining information for routine staff appraisal/evaluation or monitoring; however, video footage captured in the normal course of surveillance which shows information pertinent to staff performance or conduct may be used for that purpose.

Additionally, prerecorded lessons or observations of online or virtual learning sessions may be included as part of an employee's evaluation.

Further, if an employee is assigned to work remotely (i.e., telework), the Administration is authorized to conduct observations that consist of the supervisor reviewing video-recordings of the employee working and/or watching the employee perform their job responsibilities through means of a live-stream that includes both video and audio.

Additionally, nothing herein shall prevent the Administration from using information gathered through electronic means (i.e., viewing a video-recording or live-stream of an employee working) for employment purposes, including but not limited to completing components of an evaluation.

Recordings that capture students may be student records and as such will be treated as confidential, subject to the Board's public records and student records policies.

Retention, Secure Storage, Access to and Disposal of Video Recordings

The Board shall maintain video surveillance/electronic monitoring recordings for a limited period. Any request to view a recording under this policy must be made within fifteen (15) calendar days of the event/incident in order to assure its availability. Inquiries after that time period may be available depending on current retention capabilities. Unless a recording is separated and maintained for some reason by the District, any recording may be destroyed after twenty (20) calendar days. If, however, action is taken by the Board/Administration, as a result of a formal complaint or incident, recordings shall be kept consistent with the Board's record retention policy depending on the nature of the video record retained, but for a minimum of one (1) year from the date of the action taken. Recordings may also be kept beyond the normal retention period if they are going to be utilized for training purposes.

Video recordings, if stored on a removable/portable device or on a locally hosted server, when not in use, shall be stored in a locked, fire-resistant cabinet or room in an area to which students and the public do not normally have access. The recordings should be clearly and properly labeled and stored. Any video data stored on a cloud-based server system must be stored pursuant to a vendor agreement that assures the confidentiality of data accessible only to school officials.

Access to and viewing of video recordings is limited to authorized personnel. The Administrator shall approve requests for access to recorded and stored video images.

The Administrator may authorize the viewing of recorded images in the event of an ongoing law enforcement investigation, an incident involving property damage or loss, or for other reasons deemed appropriate.

Video footage should not be removed from school officials' custody except as required by law or upon a request from law enforcement. Video files should not be transmitted electronically to sources outside the District except as required or permitted by law and only with the approval of the District Administrator.

All video surveillance/electronic monitoring recording media shall be considered legal evidence and treated as confidential or as directed by Board counsel. The release of original video recordings to individuals or outside agencies may only occur pursuant to subpoena or court order after the same has been reviewed by Board counsel.

Original video recordings shall never be edited or manipulated in any manner. When video recordings are requested by any law enforcement agency as part of an ongoing investigation, a duplicate may be provided for that purpose. The original media shall be protected from accidental overwrite or erasure during the duplicating process. Nothing in this paragraph prohibits the redaction of personally identifiable information from duplicated media when mandated by [Family Educational Rights and Privacy Act \(FERPA\)](#).

Video recordings may never be sold publicly, viewed, or distributed in any other fashion except as provided for by Board policy and this guideline, and consistent with State and Federal law.

Devices containing video recordings, scheduled to be destroyed must be securely disposed of in such a way that the personal information cannot be reconstructed or retrieved (e.g. shredding, burning, magnetically erasing the personal information).

Surveillance on School Buses

School buses owned by the District, or a contractor under contract with the District, may be equipped with video and/or audio recording equipment in specified locations within the vehicle as provided in the Wisconsin Department of Transportation regulations.

Exceptions

This policy does not address or cover instances where school officials record a specific event (e.g. a play, music performance, athletic contest, graduation, or Board meeting), or an isolated instance where a classroom is video recorded for educational or research purposes. Authorized video recording for educational, instructional and/or research purposes is permitted and is not addressed by this policy.

Video surveillance is to be implemented in accordance with this policy and the related guidelines, and consistent with the school safety plan. The Board will not accept or tolerate the improper use of video surveillance/electronic monitoring equipment and will take appropriate action in any cases of wrongful use or violation of this policy.

8410 - **CRISIS INTERVENTION**

The Board is committed to maintaining a safe school environment. The Board believes that school crime and violence are multifaceted problems that need to be addressed in a manner that utilizes the best resources and coordinated efforts of District personnel, law enforcement agencies, and families. The Board further believes that administrators and local law enforcement officials must work together to provide for the safety and welfare of students while they are at school or a school-sponsored activity or while enroute to or from school or a school-sponsored activity. The Board also believes that the first step in addressing school crime and violence is to assess the extent and nature of the problem(s) or threat, and then plan and implement strategies that promote school safety and minimize the likelihood of school crime and violence.

The District Administrator shall develop administrative guidelines as appropriate to assist in providing effective intervention for students who may show warning signs that relate to violence or other threatening behaviors.

The District shall develop and the Board shall approve a school safety plan consistent with Policy 8420 - School Safety **and Reporting of Crime Statistics**.

Threat Assessment (See AG 8410 - Threat Assessment and Intervention~~8400A~~)

The primary purpose of a threat assessment is to minimize the risk of targeted violence at school. This policy is designed to be consistent with the process for identifying, assessing, and managing students who may pose a threat as set forth in the joint U.S. Secret Service and U.S. Department of Education publication, *Threat Assessment in Schools: A Guide to Managing Threatening Situations and to Creating Safe School Climates*. The goal of the threat assessment process is to take appropriate preventive or corrective measures to maintain a safe school environment, protect and support potential victims, and provide assistance, as appropriate, to the student being assessed. The District also performs facilities' threat assessments, which are discussed in Policy 8420 - **School Safety and Reporting of Crime Statistics** and part of the school safety and emergency preparedness plan and response to school violence event protocols. This policy deals with crisis intervention as it relates to individuals.

The threat assessment process is centered upon an analysis of the facts and evidence of behavior in a given situation. The appraisal of risk in a threat assessment focuses on actions, communications, and specific circumstances that might suggest that an individual intends to cause physical harm and is engaged in planning or preparing for that event.

The Board authorizes the District Administrator to create building-level, trained threat assessment teams. Each Team shall be headed by the Principal and include appropriate staff such as a school counselor, school psychologist, instructional personnel, and, where appropriate, the School Resource Officer. At the discretion of the District Administrator, a threat assessment team may serve more than one (1) school when logistics and staff assignments make it feasible.

The Team will meet when the Principal learns a student has made a threat of violence or engages in concerning communications or behaviors that suggest the likelihood of a threatening situation.

The Team is empowered to gather information, evaluate facts, and make a determination as to whether a given student poses a threat of violence to a target. If an inquiry indicates that there is a risk of violence in a specific situation, the Team may collaborate with others to develop and implement a written plan to manage or reduce the threat posed by the student in that situation.

The District Administrator shall be responsible for the following:

- A. identifying team participants by position and role;
- B. requiring team participants to undergo appropriate training;
- C. defining the nature and extent of behavior or communication that would trigger a threat assessment and/or action pursuant to a threat assessment;
- D. defining what types of information that may be gathered during the assessment;
- E. stating when and how parents of a student making a threat shall be notified and involved;

8420 - **SCHOOL SAFETY AND REPORTING OF CRIME STATISTICS**

The Board recognizes that its responsibility for the safety of students extends to its reaction to possible natural and man-made disasters and that such emergencies are best met by preparedness, planning, and training as determined by the District Administrator consistent with the Board-approved school safety plan.

Each school shall develop a school safety plan in accordance with State requirements, and each school's safety plan shall be reviewed every three (3) years by the Board. The plan contains guidelines and procedures to address school violence and attacks, threats of school violence and attacks, bomb threats, fire, weather-related emergencies, intruders, parent-student reunification, and threats to non-classroom events, including recess, concerts and other performances, athletic events, and any other extra-curricular activity or event. The plan shall contemplate the use of tools to mitigate threats of school violence, including video surveillance, school resource officers, metal detectors, and other such preventative safety measures in addition to responsive measures.

The school safety plan shall include the manner of scheduling, conducting, and reviewing required drills, including fire drills, tornado or other hazard drills, school safety incident drills, and school violence drills. Each school safety plan shall specify for each type of required drill how many and how frequently they will be conducted for each building in compliance with State law requirements for the performance of such drills. The plan shall designate the responsible administrator for each building for assuring that required drills are completed, reviewed, and reported as required by law. Records of drills and related reports shall be maintained for a period of not less than seven (7) years, consistent with Board Policy 8310 - Public Records.

The Board must submit the following to the Wisconsin Office for School Safety prior to January 1st of each year:

- A. a copy of its school safety plan;
- B. the date(s) of the required annual school violence event drill or drills conducted in accordance with each building's school safety plan during the previous year;
- C. certification that the Board reviewed a required written evaluation of the drill or drills;
- D. the date of the most recent school training on school safety and the number of attendees;
- E. the most recent date the Board reviewed and approved the school safety plan;
- F. the most recent date the Board consulted with a local law enforcement agency to conduct on-site safety assessments.

School administrators and staff are mandatory reporters of suspected child abuse and neglect pursuant to 48.981 (2)(a), Wis. Stats. The Board also requires all employees to receive training regarding mandatory reporting of school violence threats pursuant to 175.32(2) and (3), Wis. Stats. If the threat constitutes a serious and imminent threat to the health or safety of a student or school employees or the public, it shall be reported to law enforcement. A good faith standard exists for reporting threats made by an individual seen in the course of professional duties. These obligations and procedures are covered by Board Policy 8462 - Child Abuse and Neglect, as well as Policy 8462.01 - Threats of Violence. All threats to the safety of District facilities shall be identified by appropriate personnel and responded to promptly in accordance with the school safety plan.

In response to public records requests for school safety documents, after consultation with the District legal counsel and local law enforcement authorities, the District Administrator shall redact such information that may be sensitive safety or security information that is in the public's interest to remain confidential.

Annual Crime Statistics Reporting

Annually, prior to July 31, the Board shall report in a manner directed by the Department of Public Instruction (DPI) crimes specified below that occurred during school hours, during a school-sanctioned event, during the transportation of students to or from school, and occurred on property owned or leased by the District on which the high school is located or on any form of transportation provided by the school or

District.

The report shall only contain those occurrences that were reported to law enforcement and for which a charge or citation was issued.

The following category of occurrence must be reported if all of the above apply: homicide, sexual assault, burglary, robbery, theft, battery, substantial battery, aggravated battery, arson, use or possession of alcohol, a controlled substance, or a controlled substance analog, possession of a firearm, municipal ordinance violation of disorderly conduct.

Covered incidents should be included in the annual report after the District becomes aware of the charge or citation, and has obtained sufficient information to determine that the incident is covered by the reporting requirement. School administrators who become aware of credible information regarding a potentially covered incident shall notify the Principal who will notify the District Administrator and will request pertinent information from the involved law enforcement agency.

The District Administrator shall determine, based on receipt of appropriate documents, whether any incident is a reportable incident and shall compile the report for the Board's review. All conduct confirmed as requiring reporting on or before June 30 shall be reported on the next July 31 annual report. Incidents identified for reporting after June 30 shall be reported on the following year's annual report. The DPI's guidance may be consulted to determine whether information must be further evaluated and whether any incident requires reporting. The guidance can be found here: https://dpi.wi.gov/sites/default/files/imce/sspw/pdf/118.124_School_Guidance.pdf.

The Board shall ~~review~~ **approve** the report prior to submission **to DPI**. The report may not include the identity of any students.

8450.01 - **PERSONAL PROTECTIVE EQUIPMENT DURING PANDEMIC/EPIDEMIC EVENTS**

During times of elevated communicable disease community spread (pandemic or epidemic), or declared a public health emergency, the District Administrator may issue periodic guidance and procedures the contents of which the District Administrator will regularly bring to the Board for review and potential action in alignment with public health officials and/or in accordance with government edicts.

The District Administrator may incorporate requirements for the use of Personal Protective Equipment (PPE) which may include requirements that all school staff, volunteers, and visitors (including vendors) wear appropriate face masks/coverings inside District buildings and/or outside on school grounds unless it is unsafe to do so or where doing so would significantly interfere with the District's educational or operational processes. Individuals with valid medical reasons for not wearing a face covering may be exempted from this requirement, as determined by the District Administrator. Any person claiming a medical exemption would be required to provide a letter on letterhead from a physician or a licensed therapist.

Any PPE required other than face coverings, will be provided by the District. This may include disposable gloves, gowns, shoe coverings, or other PPE appropriate for the threat faced and an employee's likelihood of exposure in the performance of job responsibilities.

In addition, the Board may require that students shall wear a face covering unless they are unable to do so for a health or developmental reason. Efforts will be made to reduce any social stigma for a student who, for medical or developmental reasons, cannot and should not wear a mask.

If face masks/coverings are required, and no exception is applicable, students shall be subject to disciplinary action in accordance with the Student Code of Conduct/Student Discipline Code, and in accordance with policies of the Board. Staff members shall work with all students who are exhibiting distress or otherwise having difficulty properly wearing face coverings to assist the students in complying with the requirements.

Students may be reassigned by the District Administrator to an online/virtual learning environment if the District Administrator determines that reassignment is necessary to protect the health and safety of the student or others.

During times of elevated communicable disease community spread as determined by the Board in consultation with health professionals, all students are required to wear masks while being transported on District school buses or other modes of school transportation, subject to and consistent with the exceptions and procedures applied to students at school.

Use of Mask/Face Covering

Cloth face coverings/masks should:

- A. fully cover the mouth, nose, and chin;
- B. fit snugly against the side of the face so there are no gaps;
- C. not create difficulty breathing while worn; and
- D. be held securely through either a tie, elastic, etc. to prevent slipping.

Facial masks/coverings generally should not include respirators unless medically indicated, or masks designed to be worn for costume purposes.

All employee facial masks/coverings shall meet the requirements of the appropriate dress/staff ~~appearance grooming~~ policies. All student facial masks/coverings shall meet the requirements of the appropriate Student Code of Conduct/Student Discipline Code and Policy 5511 - Dress and Grooming/Appearance.

Any person may be required to temporarily remove a face mask or covering when instructed to do so for identification or security purposes. Failure to comply with such a request violates this policy and may lead to disciplinary or other action.

Exceptions to the use of masks/face coverings include when:

- A. facial masks/coverings in the school setting are prohibited by law or regulation;
- B. facial masks/coverings are not advisable for health reasons;
- C. facial masks/coverings are in violation of the school's documented safety policies;
- D. facial masks/coverings are not required when the staff works alone in an assigned work area;
- E. settings where cloth masks might present a safety hazard (e.g., science labs); or
- F. to assist with communication for hearing impaired students.

The District Administrator may be required to communicate with local public health officials regarding exceptions granted to PPE requirements; therefore, if any exceptions are made to the requirement for facial coverings, the request for such exception must be submitted in writing to an employee's supervisor, to the building principal in the event the request comes from a member of the public, and to the building administration in the event the request involves a student. All requests shall be submitted with appropriate documentation. A decision on the request will be provided in writing.

Use of Face Shields

Face shields that wrap around the face and extend below the chin may be permitted in addition to cloth face masks/coverings with permission of the District Administrator as the Board recognizes that face shields may be useful in some situations.

If a staff member receives approval from the District Administrator after discussing ~~the staff member's~~ their request not to wear a face mask/covering/shield due to a physical, mental, or developmental health condition, and/or if wearing a mask/covering/shield would lead to a medical emergency or would introduce significant safety concerns, the District Administrator may also discuss other possible accommodations for the staff member. Such discussion shall follow Board policies and guidelines under the ADA.

School nurses or staff who care for individuals with symptoms consistent with those of a communicable disease must use appropriate personal protective equipment (PPE), provided by the school, in accordance with OSHA standards.

When facial masks/coverings are required by the Board, and no exception has been applied, staff members who violate this policy shall be subject to disciplinary action in accordance with policies of the Board.

8451 - PEDICULOSIS (HEAD LICE)

Head lice are present in the community at all times and can be particularly prevalent among pre-school and elementary school-age children. Lice are a nuisance, but do not spread disease. Control of lice infestation is best handled by adequate treatment of the infested person and their immediate household and other close personal contacts. Contracting head lice is not an indicator of cleanliness or socioeconomic status.

Communication from the school to parents directly and through parent and classroom education to the students will help increase the awareness for both parents and the child. It is the responsibility of the parent(s) to check their child's head on a regular basis for signs of head lice and treat adequately and appropriately as necessary. Control depends on prompt case finding and effective treatment.

If a child in the District is found to have head lice or untreated nits, school staff will notify the parent and ask the parent to pick the child up at the end of the school day and administer an FDA-approved lice treatment (e.g., pediculicide/ovicide), treatment by a qualified healthcare provider, or treatment at a clinic specializing in lice and nit removal but the child will remain in the classroom until the end of the day.

Students may return to the classroom after the appropriate use of an FDA-approved lice treatment (e.g., pediculicide/ovicide), or the Centers for Disease Control treatment options by a qualified healthcare provider, or treatment at a clinic specializing in lice and nit removal. After treatment and upon returning to school, the child will be examined by the school health staff, other designated staff members or principal.

8462.01 - THREATS OF VIOLENCE

The Board strictly prohibits any threats of violence in or targeted at any school. All incidents or suspected incidents of such conduct must be reported as described in this policy and in State law and will be investigated. All District employees, regardless of position, are required to make a report if the following is present:

- A. A staff member, in the performance of ~~the staff member's~~ his/her professional duties, hears or receives a threat of violence in or targeted at a school; and
- B. That staff member believes, in good faith, based on the threat that the health and safety of any person is in serious and imminent threat.

Any staff member who, in good faith, believes that circumstances require reporting shall do so without conducting any further investigation concerning the subject matter of the report. When a report is made, the staff member shall immediately notify the ~~building level administrator~~ **Principal** or District Administrator that a report has been made and provide details concerning the basis for the report. If available, the staff member shall inform the school or District School Resource Officer (SRO).

Staff Training Required

The Board shall require every employee to receive training provided by the Department of Public Instruction (DPI) regarding the laws governing the reporting of a threat of violence. Such training shall be completed within the first six (6) months of employment in the District and at least once every five (5) years after the initial training. This training may be held in conjunction with staff training for threatened or suspected child abuse or neglect as required in Policy 8462 - **Child Abuse and Neglect**.

Training conducted in fulfillment of this policy shall include a record of the date, time, duration, and content of the training, as well as a list of all attendees at the training. The District Administrator shall submit a report to DPI annually by January 1st that identifies the training performed under this section, along with the reporting required under Policy 8420 - School Safety **and Reporting of Crime Statistics**.

Procedures for Reporting - Threats of Violence

An employee, regardless of position, shall immediately inform, by telephone or personally, a law enforcement agency of the facts and circumstances contributing to the belief that there is a serious and imminent threat to the health or safety of a student or school employee or the public. The report shall contain detailed information concerning the nature of the threat. The staff member shall cooperate fully with law enforcement. When such a report is made, the staff member shall also inform the ~~building administrator~~ **Principal** or District Administrator, as well as the School Resource Officer, if available. If a threat is reported to the building administrator, ~~the building administrator~~ **Principals**, he shall immediately notify the District Administrator and coordinate the District's coordination with law enforcement, students, and parents as the circumstances require.

Sanctions for Making Threats

All threats of violence are to be taken seriously. No staff member who reports a threat in good faith shall be subject to disciplinary action. Failure to report or undue delay in reporting a threat may result in disciplinary action.

Any student or staff member who makes a threat of violence will be evaluated for disciplinary action, up to possible referral for expulsion in the case of students (See Policy 5610 - **Suspension and Expulsion**) or termination from employment in the case of staff (See Policy 3140 - **Non-Renewal, Resignation, and Termination/Policy 4140 - Termination and Resignation**).

The administration may, with the assistance of law enforcement personnel, remove from and/or prohibit the presence **of**, on school property, any member of the community, including a volunteer, parent, contractor, coach, etc., who makes a threat of violence in or against the school. In such a case, the District Administrator shall notify the Board as soon as is practicable.

9151 - USE OF CAMERAS AND OTHER RECORDING DEVICES IN LOCKER ROOMS

The Board recognizes the importance of protecting the privacy interests of the District's students and is committed to safeguarding students' privacy in the locker room facilities.

As required by law, the Board establishes this locker room privacy policy.

To protect the privacy of students, non-staff access to locker rooms for the purpose of interviewing or seeking information from any student in the locker room is prohibited. No member of the media is allowed access to school locker rooms before, during, or after any school athletic event or practice. Coaches and student-athletes may be available for interviews outside the locker room, consistent with school rules.

No images of a nude or partially nude person in the locker room may be captured, recorded, or transferred under any circumstances by any individual.

To protect the privacy of the District's students, parents, other adult residents of the community, and any public that may utilize the locker room facilities, no person may ~~use a cell phone to~~ capture, record, or to transfer a representation of a nude or partially nude person in a locker room, **restroom, or designated changing area** in the School District, or in use for District purposes.

Furthermore, the Board believes that safety is of the utmost importance. Therefore, notwithstanding the provisions of this policy, if necessary, emergency rescue, or law enforcement personnel will be permitted into the locker room and will be given access to any tools necessary to do their job.

District officials may refer any violations of this policy to law enforcement for possible criminal prosecution of anyone who violates State law.

WISCONSIN OVERVIEW AND COMMENTS

Special Update - Act 57

February 2026

Act 57 SUMMARY

This Special Update is issued to Neola Clients in response to 2025 Wisconsin Act 57, enacted in December 2025. Act 57 establishes strict new requirements for school districts regarding the notification of parents when a report of sexual misconduct by a staff member is received. Under this law, school boards, private schools, and charter operators must notify the parents of any student alleged to be a victim or target if there is "reasonable cause" to suspect the conduct occurred. The Act mandates a timely response, requiring notification by 5:00 p.m. the same day if a report is received during school hours, or by noon the following day if received after school hours. Additionally, it requires school districts to provide parents with annual information regarding their right to access school employee disciplinary records under Wisconsin's public records laws.

Please make any revisions in BoardDocs using the instructions provided to you. You may direct content-related questions to your Neola Associate. Questions regarding the software should be directed to the BoardDocs help desk staff.

If a District chooses not to adopt a policy or administrative guideline, the District is still obligated to comply with applicable Federal and State laws on that topic.

Any proposed new, revised, and replacement policies, administrative guidelines, and forms included in this update have been thoroughly prepared and reviewed by Neola's legal counsel for statutory compliance. If you make changes or substitute in their entirety policies or other materials of your own drafting, those materials should be reviewed by your legal counsel to verify compliance. Neola does not review District-specific edits to update materials or District-specific policies for statutory compliance.

If a policy or guideline is marked as a revision, the changes have been marked in bold (to add material) and crossed out (to delete material). As you review a revised policy or guideline, you may accept one, many, or all of the changes provided. If a policy or guideline is marked as a replacement, enough changes have been made to justify a complete, clean replacement copy. As you review a replacement policy or guideline, you should also check the materials you have in your current policy or guideline to see if there is some specific wording you want to be included in the replacement policy. If so, a copy of any wording to be added and where it should be inserted should be forwarded with the replacement policy or guideline when it is returned to the Coshocton office for processing.

If the District authors language and adds it to a policy template or deletes content that is not marked as a choice in the policy template, then these actions will constitute District-specific edits.

Policies to be deleted from the policy manual require Board action to rescind the policy.

Your Neola Associate will contact you soon to schedule an appointment to review this update and ensure you are current on it and previous updates.

If you are not an administrative guidelines client, you did not receive those materials in this packet. Contact your Associate for more information about becoming an administrative guidelines client.

Processing Update Materials

Revisions to your policies and administrative guidelines should be made in BoardDocs using the provided instructions.

Using Header Box Options in BoardDocs

Each policy and administrative guideline in BoardDocs includes multiple header boxes that provide essential information beyond the document's title and code number. (NOTE: All the header boxes are visible only when editing is turned on; in view mode, only the header boxes with content are shown.)

Adopted: The "Adopted" header box indicates when the policy or guideline was first adopted, and that date never changes as long as the policy or guideline is active.

Last Revised: Retaining the history of each policy and guideline is essential for legal and administrative reasons; BoardDocs provides options for this retention. Immediately beneath the "Adopted" header box is the "Last Revised" header box, which indicates the last time the policy or guideline was changed. This box is updated by Neola Production each time a revision is submitted. Any revision dates between the initial adoption and the latest revision are usually located at the bottom of the document, just above the Neola copyright. (Again, these dates are updated by Neola Production with each submission and should correspond to Board meeting minutes, except for TC notations for technical corrections.)

Last Reviewed: A new "Last Reviewed" option now exists for indicating that you have reviewed the policy or guideline and have found it to be sufficient as presently written. Since no revision is being made in these situations, there is no record that the document was reviewed. A typical example would be a technical correction that isn't needed in your document, or a revision to an option you don't have or don't want. In such cases, because the copyright has changed but the content has not, you would want to show that your document is current as of the new copyright date, even though it still shows the older copyright date from the previous version of the Neola template. Now you can indicate that you have reviewed the document, even if no revision was made, by entering the review date in the new "Last Reviewed" header box. This is also a handy feature for those Boards that use a policy review regimen in addition to revisions made through the Neola Update process.

Any questions about how to use these BoardDocs header box features should be directed to your Neola Associate, or you may contact BoardDocs Support at 1-800-407-0141.

District-Specific Materials

If the District chooses, during any step of the Update process, to incorporate District-specific material into a new policy or guideline that has been proposed or to insert District-specific material into a current policy or guideline for which revisions have been proposed in an update issued by Neola, then the District agrees to hold Neola harmless for those District-specific edits and acknowledges that Neola's warranty for legal challenges to that District-specific language in that policy or guideline will not be in effect. In addition, Neola retains ownership of the text from the original policy template that remains in a policy to which District-specific material has been added. District-specific materials include the following:

1. Materials from the District's existing materials that the District requests be incorporated during the drafting process;
2. New materials that the District develops in its entirety and exclusive of Neola;
3. Revisions or deletions that substantively depart from Neola's templates; and
4. Outdated material that a District did not keep current with Neola updates.

Further, Neola does not recommend the use or incorporation of District-specific materials. Neola will, at the request of the District, incorporate District-specific materials into the licensed materials, with the implicit understanding that the District bears all risks associated with the District's decision to request that such

District-specific materials be incorporated. Neola reserves the right to, but is not obligated to, advise the District to seek its own legal review of District-specific materials.

Notice Regarding Legal Accuracy

Neola is vigilant in providing clients with policy language vetted for legal accuracy by outside legal counsel. Should questions arise as to the legal compliance or accuracy of Neola materials, it is our expectation that Neola's counsel would have the opportunity to assist in the resolution of such a claim. Please notify the Neola corporate office if an issue arises in which such a review or assistance is necessary.

Policies in this update have been reviewed by Renning Lewis & Lacy, s.c. for consistency with Federal and State law.

This Update includes the following documents:

02 - Sample Annual Parental Notice

In compliance with the 2025 Wisconsin Act 57, the included sample notice provides an annual summary of parents' and guardians' rights to access school employee disciplinary records under Wisconsin's public records laws.

Policy 1213/3213/4213 - Student Supervision and Welfare (Revised)

These policies establish a standard of care to protect student safety by clearly defining behavioral boundaries for all staff. As required by 2025 Wisconsin Act 57, the updated language mandates that parents be notified of sexual misconduct reports by 5:00 p.m. on the same day (or noon the next day if the report is received on a school day after the end of regularly scheduled instruction or on a day that is not a school day, by noon of the next calendar day.). A new, comprehensive optional section on "Appropriate Staff and Student Relationships" further safeguards students by explicitly prohibiting "boundary invasions"—such as grooming, inappropriate digital contact, or unauthorized transport. Violations of this policy may result in disciplinary action, up to and including termination, and may be reported to external agencies as required by law.

Finally, the policy now requires an annual notice to parents regarding their statutory right to access staff disciplinary records. The non-optional language changes are required for policy compliance with WI Act 57.

Policy 8462 - Child Abuse and Neglect (Revised)

This policy establishes a comprehensive framework for the mandatory identification and immediate reporting of child abuse or neglect. It requires all staff to complete Department of Public Instruction (DPI) training within their first six months and every five years thereafter. A critical update, aligned with 2025 Wisconsin Act 57, integrates specific reporting requirements for sexual misconduct by staff members, carrying severe disciplinary consequences for a failure to report. By strictly prohibiting "investigative" delays by staff, the policy ensures that law enforcement and child welfare agencies can intervene immediately to protect students and preserve evidence. The changes are required for policy compliance with WI Act 57.

1213 - STUDENT SUPERVISION AND WELFARE

Administrators are frequently confronted with situations which, if handled incorrectly, could result in liability to the District and personal liability to the administrator and/or harm to the welfare of the student(s). -X It is the intent of the Board to direct the preparation of guidelines that would minimize that possibility. **[END OF OPTION]**

An administrator who is found to have had sexual contact with any student shall be referred to the proper authorities and be subject to discipline up to and including discharge.

Required Notification

The District Administrator shall notify the parent(s) or guardian(s) of a student when the District receives a report that gives reasonable cause to believe one of the following has occurred:

- A. Sexual misconduct by a school staff member against a student;
- B. A school staff member or volunteer has been convicted of a serious child sex offense and worked primarily with children in a way that would be a felony under 948.13, Wis. Stats.; and/or
- C. A registered sex offender has intentionally captured an image of a minor student without the parent's or guardian's written consent.

Definitions

Report means any information, whether written or verbal, indicating one (1) of the categories of conduct described in the section above (A., B., and/or C.) in this policy.

Timing and Method of Notification

Timing

- A. If the report is received before the end of the regular school day, the District shall notify the parent or guardian by 5:00 p.m. that same day.
- B. If the report is received after school hours or on a non-school day, the District shall provide notification by noon of the next calendar day.

Method

- A. Notice must be provided in person or by phone (including voicemail) to the parent(s) or guardian(s) of the specific student who is alleged to have been the victim, target, or recipient of the conduct.
- B. The District may follow up the in-person or phone notification with written or email documentation for record-keeping purposes.

Annual Notice of Rights

The District shall provide an annual notice to all parents and guardians informing them of their rights to access records related to the discipline of a school employee under public records law. ~~This section should not be construed as affecting any obligations on the part of staff to report suspected child abuse under 48.981, Wis. Stats. and Policy 8462—Child Abuse and Neglect.~~

Standard of Care of Students

Each administrator shall maintain a standard of care for the supervision, control, and protection of students commensurate with their assigned duties and responsibilities which include, but are not limited to, the following:

- A. An administrator shall report immediately any accident or safety hazard about which they are informed, or detect, to their supervisor as well as to other authorities or District staff members as may be required by established policies and procedures.
- B. An administrator shall report unsafe, potentially harmful, dangerous, violent, or criminal activities, or threat of these activities, by students to the District Administrator and local public safety agencies and/or school officials in accordance with Policy 8420 - School Safety **and Reporting of Crime Statistics**.
- C. An administrator should not volunteer to assume responsibility for duties that they cannot reasonably perform. Such assumption carries the same responsibilities as assigned duties.
- D. An administrator shall not send students on any personal errands.
- E. An administrator shall not associate with students at any time in a manner which gives the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve illegal substances such as tobacco, alcohol, or drugs. Any sexual or other inappropriate conduct with a student by any staff member will subject the offender to potential criminal liability and District discipline up to and including termination of employment.

This provision should not be construed as precluding an administrative staff member from associating with students in private for legitimate or proper reasons or to interfere with familial relationships that may exist between staff and students.

- F. An administrator shall not disclose personally identifiable information about a student to third parties unless specifically authorized by law or the student's parent(s) to do so.
- G. An administrator, other than the District Administrator, shall not transport students for school-related activities in a private vehicle without the approval of their immediate supervisor and consistent with the provisions of Policy 8660 - **Transportation by Private Vehicle for District-Sponsored Activities or Trips**. This does not apply to any student who is an administrator's family member.
- H. Students shall not be required to perform work or services that may be detrimental to their health.
- I. Administrators are discouraged from engaging students in social media and online networking media (see also Policy 7544), except for appropriate academic, extra-curricular, and/or professional uses only.
- J. Administrators are expressly prohibited from posting any picture, video, meme, or other visual depiction, or comment pertaining to any student on personal or unauthorized social networking media or similar forums. This provision of the policy does not apply to pictures and/or videos taken of public events that may involve or incidentally include depictions of students participating in or observing such events where the purpose of the photo or video is to depict the event, not a particular student. This section does not apply to depictions of an administrator's own child or other relative.

Since most information concerning a child in school, other than directory information described in Policy 8330 - Student Records, is a confidential student record under Federal and State laws, any administrator who shares confidential information with another person not authorized to receive the information may be subject to discipline and/or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

[DRAFTING NOTE: The optional language below is not required by 2025 Act 57, but may be desired for additional direction to employees.]

X] Appropriate Staff and Student Relationships

The District is committed to maintaining safe, professional, and developmentally appropriate relationships between staff and students. All employees, volunteers, and adults working with students are expected to uphold clear and appropriate boundaries and report concerns to protect student welfare.

Prohibited Conduct

It is impossible to list every inappropriate conduct scenario, but the following expectations, as well as other similar types of behavior, apply:

A. **Preferential Treatment or Favoritism** - Staff behaviors that demonstrate, or give the perception of, preferential treatment toward a student or group of students. ↵

B. **Boundary Invasions** - Staff-student relationships may become inappropriate based on the frequency, timing, location, or nature of interactions. Consent from the student or parent does not justify boundary invasions.

Maintaining professional boundaries is essential to student safety; however, the District recognizes that certain physical contact or personal involvement may be clinically or educationally necessary. Behaviors that are required for a student's well-being or instructional success are permitted. This includes, but is not limited to: providing hygiene assistance to a student (e.g., following a toileting accident); physical spotting or corrective positioning in athletics (e.g., wrestling, gymnastics, or football); and administering first aid or emergency medical care.

Any behavior that lacks a clear educational or medical justification, or that serves the emotional or physical needs of the adult rather than the student, is strictly prohibited. Such behaviors may be indicators of grooming and will be subject to immediate investigation. Inappropriate boundary invasions may include, but are not limited to, the following:

1. hugging, kissing, or other physical contact with a student;
2. telling sexual jokes to students;
3. engaging in talk containing sexual innuendo or banter with students;
4. talking about sexual topics that are not related to curriculum;
5. showing pornography to a student;
6. inappropriate comments about a student's body or appearance;
7. taking an undue interest in a student (i.e. having a special friend or a special relationship);
8. initiating or extending contact with students beyond the school day for personal purposes;
9. using e-mail, text messaging, or websites to discuss personal topics or interests with students;
10. giving students rides in the staff member's personal vehicle or taking students on personal outings without administrative approval;
11. invading a student's privacy (e.g. walking in on the student in the bathroom, locker-room, asking about bra sizes or previous sexual experiences);
12. going to a student's home for non-educational purposes;
13. inviting students to the staff member's home without proper chaperones (i.e. another staff member or parent of student);
14. giving gifts or money to a student for no legitimate educational purpose;
15. accepting gifts or money from a student for no legitimate educational purpose;
16. being overly touchy with students;

17. favoring certain students by inviting them to come to the classroom at non-class times;
18. getting a student out of class to visit with the staff member;
19. providing advice to or counseling a student regarding a personal problem (i.e. problems related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc.), unless properly licensed and authorized to do so;
20. being alone with a student behind closed doors without a legitimate educational purpose;
21. telling a student secrets and having secrets with a student; and
22. other similar activities or behavior.

Inappropriate boundary invasions are prohibited and must be reported promptly.

- C. **Romantic or Sexual Conduct** - Staff must not engage in any romantic or sexual conduct with students, including dating, advances, sexual contact, or sexually suggestive communication.

Outside-District and Staff-Parent Relationships - This policy permits appropriate interactions from legitimate, pre-existing, non-District relationships (e.g., relatives, family friends). Staff who are parents or guardians of enrolled students must maintain professional conduct in all school-related activities and communications, avoiding favoritism or conflicts of interest. Where such relationships compromise professional responsibilities, the District may intervene.

Professional Conduct During Off-Site School Activities - Staff must maintain professional boundaries during all school-sponsored off-site activities such as field trips, competitions, travel, and overnight events. Increased vigilance is required in these less-supervised settings.

Reporting of Allegations of Inappropriate Staff and Student Relationships

- A. **Student Reporting Process** - Students who feel uncomfortable or witness inappropriate behavior are encouraged to report concerns to a trusted staff member or school counselor (-X), or via the District's anonymous reporting tool [END OPTION]. All reports will be treated confidentially to the extent legally possible.
- B. **Staff Required Reporting of Misconduct** - Any concerns about inappropriate staff-student conduct must be reported immediately to a supervisor, principal, or the District's Compliance Officer(s). Anonymous reports will be investigated per District harassment procedures outlined in Policy 5517 - Student Anti-Harassment.

Mandated Reporting - Per 48.981, Wis. Stats., all staff are mandatory reporters. Suspected child abuse, including by another staff member, must be reported immediately to:

A designated administrator; and

- B. Child Protective Services and/or law enforcement.

Immediate action is required; do not delay. More info: <https://dcf.wisconsin.gov/cps/process>

Violations and Consequences - Violations of this policy may result in disciplinary action, up to and including termination, and may be reported to external agencies as required by law.

Policy Access and Training - This policy will be:

- A. posted on the District's website;
- B. reviewed annually with staff; and
- C. included in new employee onboarding.

[END OF OPTION]

Pursuant to the laws of the State and Board Policy 8462 - Child Abuse and Neglect, each administrator shall report to the proper legal authorities, immediately, any sign of suspected child abuse, abandonment, or neglect.

This policy should not be construed as affecting any obligations on the part of staff to report suspected child abuse under 48.981, Wis. Stats. and Policy 8462 - Child Abuse and Neglect.

Standard of Care of Students

Each District employee shall maintain a standard of care for the supervision, control, and protection of students commensurate with their assigned duties and responsibilities which include, but are not limited to the following standards:

- A. A professional staff member shall report immediately any accident or safety hazard about which they are informed or detect to their supervisor as well as to other authorities or District staff members as may be required by established policies and procedures.
- B. A professional staff member shall report unsafe, potentially harmful, dangerous, violent, or criminal activities, or threat of these activities, by students to the District Administrator and local public safety agencies and/or school officials in accordance with Policy 8420 - School Safety **and Reporting of Crime Statistics**.
- C. A professional staff member should not volunteer to assume responsibility for duties that they cannot reasonably perform. Such assumption carries the same responsibilities as assigned duties.
- D. A professional staff member shall provide proper instruction in the safety matters presented in assigned course guides.
- E. A professional staff member shall not send students on any personal errands.
- F. A professional staff member shall not associate with students at any time in a manner which gives the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve illegal substances such as tobacco, alcohol, or drugs. Any sexual or other inappropriate conduct with a student by any staff member will subject the offender to potential criminal liability and District discipline up to and including termination of employment.

This provision should not be construed as precluding a professional staff member from associating with students in private for legitimate or proper reasons or to interfere with familial relationships that may exist between staff and students.

- G. A professional staff member shall not disclose personally identifiable information about a student to third parties unless specifically authorized by law or the student's parent(s) to do so.

- H. A professional staff member shall not transport students for school-related activities in a private vehicle without the approval of their immediate supervisor and consistent with the provisions of Policy 8660 - Transportation by Private Vehicle for District-Sponsored Activities or Trips. This does not apply to any student who is a professional staff member's family member.
- I. Students shall not be required to perform work or services that may be detrimental to their health.
- J. Staff members are discouraged from engaging students in social media and online networking media (see also Policy 7544 - Use of Social Media), except for appropriate academic, extra-curricular, and/or professional uses consistent with Policy 7540 - Technology, Policy 7540.03 - Student Technology Acceptable Use and Safety, and Policy 7540.04 - Staff Technology Acceptable Use and Safety.
- K. Staff members are expressly prohibited from posting any picture, video, meme, or other visual depiction, or comment pertaining to any student on personal or unauthorized social networking media or similar forums. This provision of the policy does not apply to pictures and/or videos taken of public events that may involve or incidentally include depictions of students participating in or observing such events where the purpose of the photo or video is to depict the event, not a particular student. This section does not apply to depictions of a professional staff member's own child or other relative.

Since most information concerning a child in school, other than directory information described in Policy 8330 - Student Records, is a confidential student record under Federal and State laws, any staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline and/or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

[DRAFTING NOTE: The optional language below is not required by 2025 Act 57, but may be desired for additional direction to employees.]

[X] Appropriate Staff and Student Relationships

The District is committed to maintaining safe, professional, and developmentally appropriate relationships between staff and students. All employees, volunteers, and adults working with students are expected to uphold clear and appropriate boundaries and report concerns to protect student welfare.

Prohibited Conduct

It is impossible to list every inappropriate conduct scenario, but the following expectations, as well as other similar types of behavior, apply:

- A. **[Preferential Treatment or Favoritism** - Staff behaviors that demonstrate, or give the perception of, preferential treatment toward a student or group of students.]
- B. **Boundary Invasions** - Staff-student relationships may become inappropriate based on the frequency, timing, location, or nature of interactions. Consent from the student or parent does not justify boundary invasions.

Maintaining professional boundaries is essential to student safety; however, the District recognizes that certain physical contact or personal involvement may be clinically or educationally necessary. Behaviors that are required for a student's well-being or instructional success are permitted. This includes, but is not limited to: providing hygiene assistance to a student (e.g., following a toileting accident); physical spotting or corrective positioning in athletics (e.g., wrestling, gymnastics, or football); and administering first aid or emergency medical care.

Any behavior that lacks a clear educational or medical justification, or that serves the emotional or physical needs of the adult rather than the student, is strictly prohibited. Such behaviors may be indicators of grooming and will be subject to immediate investigation. Inappropriate boundary invasions may include, but are not limited to, the following:

1. hugging, kissing, or other physical contact with a student;
2. telling sexual jokes to students;
3. engaging in talk containing sexual innuendo or banter with students;

4. talking about sexual topics that are not related to curriculum;
5. showing pornography to a student;
6. inappropriate comments about a student's body or appearance;
7. taking an undue interest in a student (i.e. having a special friend or a special relationship);
8. initiating or extending contact with students beyond the school day for personal purposes;
9. using e-mail, text messaging, or websites to discuss personal topics or interests with students;
10. giving students rides in the staff member's personal vehicle or taking students on personal outings without administrative approval;
11. invading a student's privacy (e.g. walking in on the student in the bathroom, locker-room, asking about bra sizes or previous sexual experiences);
12. going to a student's home for non-educational purposes;
13. inviting students to the staff member's home without proper chaperones (i.e. another staff member or parent of student);
14. giving gifts or money to a student for no legitimate educational purpose;
15. accepting gifts or money from a student for no legitimate educational purpose;
16. being overly touchy with students;
17. favoring certain students by inviting them to come to the classroom at non-class times;
18. getting a student out of class to visit with the staff member;
19. providing advice to or counseling a student regarding a personal problem (i.e. problems related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc.), unless properly licensed and authorized to do so;
20. being alone with a student behind closed doors without a legitimate educational purpose;
21. telling a student secrets and having secrets with a student; and
22. other similar activities or behavior.

Inappropriate boundary invasions are prohibited and must be reported promptly.

- C. **Romantic or Sexual Conduct** - Staff must not engage in any romantic or sexual conduct with students, including dating, advances, sexual contact, or sexually suggestive communication.

Outside-District and Staff-Parent Relationships - This policy permits appropriate interactions from legitimate, pre-existing, non-District relationships (e.g., relatives, family friends). Staff who are parents or guardians of enrolled students

must maintain professional conduct in all school-related activities and communications, avoiding favoritism or conflicts of interest. Where such relationships compromise professional responsibilities, the District may intervene.

Professional Conduct During Off-Site School Activities - Staff must maintain professional boundaries during all school-sponsored off-site activities such as field trips, competitions, travel, and overnight events. Increased vigilance is required in these less-supervised settings.

Reporting of Allegations of Inappropriate Staff and Student Relationships

- A. **Student Reporting Process** - Students who feel uncomfortable or witness inappropriate behavior are encouraged to report concerns to a trusted staff member or school counselor (), or via the District's anonymous reporting tool [END OPTION]. All reports will be treated confidentially to the extent legally possible.
- B. **Staff Required Reporting of Misconduct** - Any concerns about inappropriate staff-student conduct must be reported immediately to a supervisor, principal, or the District's Compliance Officer(s). Anonymous reports will be investigated per District harassment procedures outlined in Policy 5517 - Student Anti-Harassment.

Mandated Reporting - Per 48.981, Wis. Stats., all staff are mandatory reporters. Suspected child abuse, including by another staff member, must be reported immediately to:

- A. A designated administrator; and
- B. Child Protective Services and/or law enforcement.

Immediate action is required; do not delay. More info: <https://dcf.wisconsin.gov/cps/process>

Violations and Consequences - Violations of this policy may result in disciplinary action, up to and including termination, and may be reported to external agencies as required by law.

Policy Access and Training - This policy will be:

- A. posted on the District's website;
- B. reviewed annually with staff; and
- C. included in new employee onboarding.

[END OF OPTION]

Pursuant to the laws of the State and ~~Board~~ Policy 8462 - Child Abuse and Neglect, each professional staff member shall report to the proper legal authorities immediately any sign of suspected child abuse, abandonment, or neglect. In addition, if there is any cause to suspect misconduct as specified in 118.07(6), Wis. Stats., as described in "Additional Required Reporting" in Policy 8462 - Child Abuse and Neglect, each professional staff member shall immediately report it to the District Administrator or their supervisor or a Title IX Coordinator

Section	Policies & Legal Updates for LAT to preview, 35-1
Title	Copy of CHILD ABUSE AND NEGLECT
Code	po8462 Act 57 special update
Status	
Adopted	December 9, 2019

8462 - **CHILD ABUSE AND NEGLECT**

The Board is concerned with the physical and mental well-being of all children of this District and will cooperate in the identification and reporting of cases of child abuse or neglect in accordance with law. In addition, the Board strictly prohibits any actual or threatened acts of physical, mental, sexual, or other form of abuse directed towards students by any person in any District-owned, operated, or leased facility, or at any school-sponsored activity.

Staff Training Required

The Board shall require every employee to receive training provided by the Department of Public Instruction (DPI) in identifying children who have been abused or neglected and in the laws and procedures governing the reporting of suspected or threatened child abuse and neglect. Such training shall be completed within the first six (6) months of employment in the District and at least once every five (5) years after the initial training. This training may be held in conjunction with staff training for threats of violence as required in Policy 8462.01.

Training conducted in fulfillment of this policy shall include a record of the date, time, duration, and content of the training, as well as a list of all attendees at the training.

Reporting of Suspected Child Abuse or Neglect

Each District employee who has reasonable cause to suspect child abuse or neglect has occurred or is occurring, or has reasonable cause to believe a child has been threatened with abuse or neglect and that abuse or neglect is likely to occur shall be responsible for reporting immediately every case, whether verified or suspected, the circumstances giving rise to the reasonable cause.

Reporting is mandatory even if the staff member has reason to believe that the abuse or neglect occurred, but is no longer occurring (for example, the child is no longer living with the suspected abuser). Staff members should make reports based on reasonable cause to suspect abuse or neglect and are not permitted to first investigate the circumstances in an effort to verify abuse or neglect. This can cause a loss of time and jeopardize law enforcement or social services investigations into child welfare concerns.

Reporting Procedures

The employee shall immediately call the local office of the Child Welfare Department or local law enforcement agency.

Employees shall also notify the building level administrator or the District Administrator.

The identity of the reporting person shall be confidential, subject only to disclosure by consent or court order. A reporting employee shall not be dismissed or otherwise penalized for making a report of child abuse or neglect, unless such report was made knowing it to be false and for the purpose of harming the accused or victim in the report.

Information concerning alleged child abuse is confidential. Any unauthorized disclosure by an official or employee of the District is a violation of the law and may subject the disseminator to civil liability for resulting damages and disciplinary action.

Each principal should be mindful of the possibility of physical or mental abuse being inflicted on a student by an employee. Any such instances, whether real or alleged, should be dealt with in accordance with the administrative guidelines established by the District Administrator. Staff member reporting obligations under this policy and applicable law are the

same regardless of whether the suspected abuser is a parent, guardian, or another staff member, and reports should be made accordingly.

Additional Required Reporting

This section addresses the reporting requirements of Policies 1213/3213/4213 - Student Supervision and Welfare. Staff members who possess information leading a reasonable person to suspect that misconduct may have occurred, as indicated below, shall report this immediately to the District Administrator and/or their immediate supervisor:

- A. Sexual misconduct, as defined in s. 948.098 (1) (d), by a school staff member, as defined in s. 948.098 (1) (c).;
- B. That an individual who has been convicted of a serious child sex offense, as defined in s. 948.13, has engaged in an occupation or participated in a volunteer position that requires the individual to work or interact primarily and directly with children in a manner that would be a felony under s. 948.13.; and/or
- C. That a sex offender, as defined in s. 948.14 (1) (d), has intentionally captured a representation of a minor pupil without the written consent of the minor pupil’s parent or guardian.

Failure on the part of the staff member to immediately report the aforementioned (A., B., and/or C, above) may result in disciplinary action, up to and including termination.
