Superintendents Report
January 14, 2025

Good evening Mr. President and members of the board.

I would like to congratulate our Boys Bowling team for their recent success. Being a guy who gets excited when I break 100 I believe what they have accomplished this year is truly amazing. I also want to recognize and congratulate our Athletic Director Mr. Woulfe and asst. Ms. Kozlowski for overseeing our Athletic and activities departments that continue to grow successful and meaningful programs for our students. You will soon be seeing Girls Bowling and Girls Wrestling as they both won their Regional Championships.

Last month I shared that I was unable to speak regarding the ongoing investigation into the shooting death of one of our students. I can now report that despite the initial erroneous reports on both social and mass media that the perpetrator in this senseless crime was a student at Morton, he in fact was not a student in any Morton school or program. We complied with request by the Cicero Police not to speak on this until he was apprehended. While we took some bad press on this for a while, we will continue to work with our law enforcement partners to keep our schools and community safe.

I would like to speak about the following agenda items that I am bringing forward tonight for your approval

Agenda Item 9.3 Listed in your board packets are the student activity and health services reports from each of the campuses along with the monthly truancy report.

February Board Report

Approval of Discipline Improvement Plan

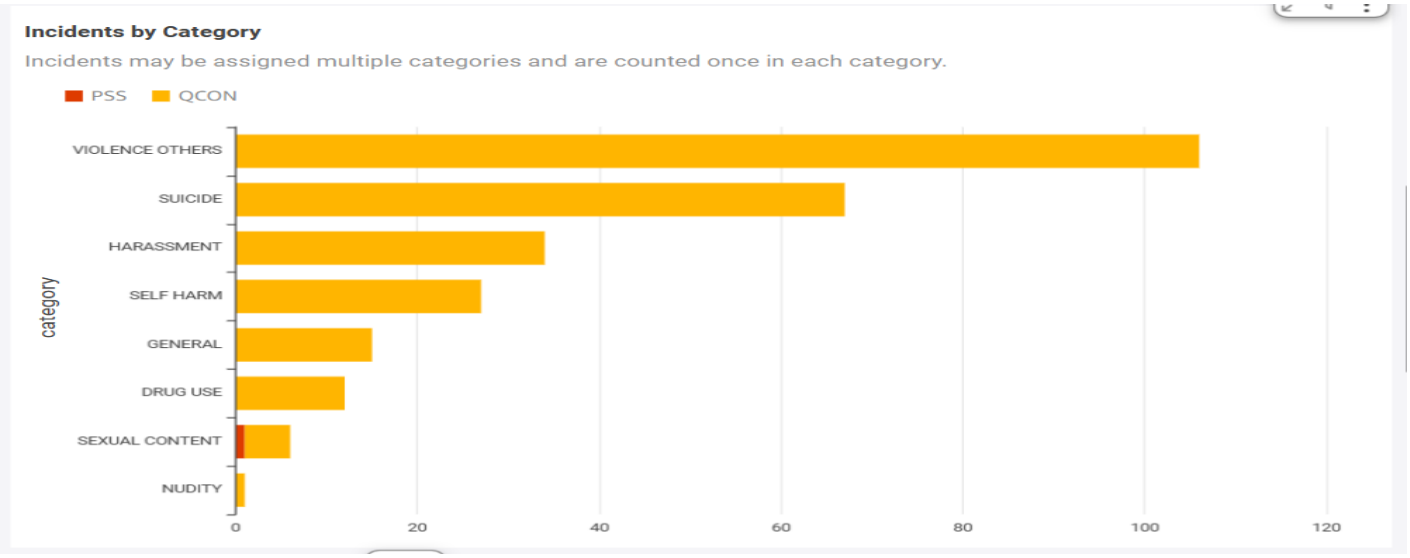

I'm requesting Board approval of the Discipline Improvement Plan as required by the Illinois State Board of Education. Based on state discipline data, the District has been identified among the top four percent of schools statewide for the use of exclusionary disciplinary practices. The Discipline Improvement Plan outlines targeted strategies to reduce reliance on exclusionary discipline, strengthen positive behavioral and restorative practices, and improve equity and consistency in disciplinary outcomes. Board approval is required to meet state compliance requirements and to support ongoing improvement in school climate and student success.
Discipline Improvement Plan 25-26

Collaboration with District 99 – School Safety

The District continues to prioritize collaboration and open communication to support student and school safety. We have joined District 99 in monthly meetings to strengthen coordination, share best practices, and align emergency response efforts across districts. Most recently, the District met with the Cicero Police Dispatch Director to review and share school emergency response procedures. As Morton West transitioned to the I Love U Guys Foundation terminology first, we will work closely with Morton West administration to ensure that all schools are consistently using this common language. Maintaining consistent messaging and terminology with our first responders is essential to ensuring clear communication, coordinated responses, and effective action during emergency situations.

Gaggle

Gaggle is a student safety monitoring system used by the District to proactively identify and respond to potential safety concerns in digital spaces, including threats of self-harm, violence, bullying, and other high-risk behaviors. Its primary purpose is prevention and early intervention, allowing staff to respond quickly and provide appropriate support to students before situations escalate. During the first semester, Gaggle generated a total of 701 safety alerts, with 258 at East, 249 at West, 189 at the Freshman Campus, and 5 at the Alternative program, reflecting both student need and the system's role in identifying concerns to ensure timely support and supervision.

Please find below a summary of the past month's professional development, curriculum updates, Portrait of a Morton Graduate recaps, and personnel updates for each of the departments.

CTE Department – Colleen Del Monaco, Director

College Ready:

CTE programs continue to strengthen postsecondary connections and expand opportunities for students to earn college credit, explore college programs, and experience learning beyond the high school classroom.

- Dual Credit and Degree Completion
  Alexandra Alamos (Student ID 461000) is not only on track to graduate from Morton East High School but has also earned enough college credit to graduate from Morton College with an Associate in Liberal Arts, demonstrating the powerful impact of aligned coursework and postsecondary partnerships.
- Postsecondary Exposure and Career Pathway Exploration
  Graphic Arts students participated in a field trip to Harper College, where they explored Harper's graphic arts program, learned about additional postsecondary options including Columbia College and Illinois State University, and engaged with industry professionals. During the visit, students also applied their design skills by creating and producing custom T-shirts, blending college exposure with hands-on learning.
- Competitive Academic Achievement
  Two Technology Support Internship (TSI) students placed in the top 10 in Illinois for the 2026 Microsoft Office Specialist (MOS) U.S. National Championship:
  - 3rd Place: Nadia Martinez – Microsoft PowerPoint (Microsoft 365 Apps)
  - 9th Place: Xavier Mendoza – Microsoft PowerPoint (Microsoft 365 Apps)

  Additionally, two TSI students earned top-10 placements in Illinois during the 2025 MOS competitions:
  - 8th Place: Alexander Govea
  - 10th Place: Gabriel Andablo

  These accomplishments reflect strong academic preparation, technical proficiency, and readiness for both college coursework and competitive postsecondary opportunities.

Career Ready:

CTE students continue to engage in authentic learning experiences that mirror industry expectations, develop technical skills, and connect directly with employers, industry professionals, and workforce pathways.

- Industry and Military Career Awareness
  Representatives from the Army National Guard visited Graphic Arts and Welding classes to speak with students about future career opportunities. The visit included a special guest speaker, Allesandro Rodriguez (Class of 2025 graduate and current National Guard member), who shared firsthand experiences and pathways available to students after graduation.
- Industry-Recognized Credentials
  Several TSI students successfully passed Microsoft Office Specialist (MOS) industry-recognized certification exams, further strengthening their employability and validating their technical skill sets.
- Career Technical Skill Development
  Construction students completed their first furniture build after finishing a comprehensive safety unit. Students applied proper safety procedures, collaborated effectively, and produced quality work—demonstrating readiness for construction-related career pathways.
- Career Technical Student Organization (CTSO) Success
  Students from both Morton West and Morton East Culinary programs competed in the FCCLA STAR Culinary Arts and Baking & Pastry Invitational at the College of DuPage.

Participation in CTSOs provides students with competitive, industry-aligned experiences that reinforce technical and professional skills.

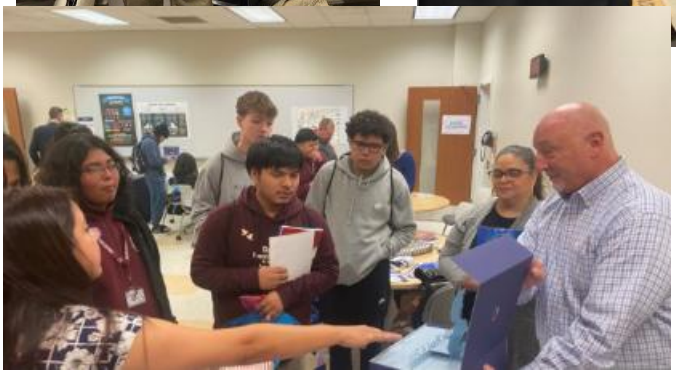

Life Ready:
CTE coursework emphasizes not only technical proficiency, but also the professional and interpersonal skills students need to succeed in any post-secondary pathway.

- Team-Based Learning and Professional Skills
  Culinary Arts students in Levels 2, 3, and 4 completed Team-Based Challenges prior to the end of the semester. Working in small groups, students planned, adapted, and executed culinary tasks under real-world conditions. These experiences required students to:
  - Divide responsibilities
  - Manage time effectively
  - Communicate clearly with peers
  - Adapt when plans changed
  - Hold one another accountable

Through these challenges, students strengthened leadership, resilience, teamwork, and problem-solving skills—habits essential for success in the culinary and hospitality industries and beyond.

  Teachers have continued ongoing work within their PLCs, using collaboration time to refine curriculum, align assessments, and share instructional strategies.

College Ready:

Special education students participated in a range of college-readiness activities to strengthen postsecondary planning. Resource classes visited the College and Career Center to learn about the school's four-year planning model, which guides students from exploring interests in 9th grade through taking action on postsecondary goals in 12th grade. Instruction in LDI English focused on college pathways, scholarships, and analyzing application essays. Students in LDI Math 3 applied statistical concepts through a real-world performance trend project, while Biology classes connected academic learning to future careers by applying their study of mitosis to a simulated cancer diagnosis activity. Inclusion students completed community service hours aligned to house expectations, and staff continued providing curriculum modifications to ensure equitable access to assessments.

Career Ready:

Career readiness initiatives expanded through hands-on exploration, vocational experiences, and community partnerships. Students participated in a cosmetology and barbering presentation that introduced a licensure pathway available during high school. ED Resource students conducted career exploration projects, researching job requirements and identifying strengths to guide future decisions. The Vocational Work Program grew with two new employment training sites—Chick-fil-A and Palace Regency—broadening supported work opportunities. Students also assisted at the YMCA Community Market, practicing teamwork and professionalism. Engagement with community resources increased, with more students obtaining public library cards. Students continued strengthening problem-solving skills in LDI Math 2 and freshman ED students began their postsecondary research projects outlining potential college, vocational, or military pathways.

Life Ready:

Life-skills instruction focused on independence, social development, and community engagement. MTC students participated in holiday-themed stations and a staff-hosted breakfast, fostering collaboration, communication, and social interaction. Community-based instruction included trips to the Museum of Science and Industry and bowling, allowing students to practice budgeting, safety, navigation, and social skills in authentic settings. ASI collaborated with the Student Athlete Leadership Team to plan inclusive Valentine's Day activities and students helped design a Mustang Pride T-shirt. Related services staff partnered with teachers to provide targeted academic, domestic, and community-based supports. Special Olympics basketball teams earned second place at regionals, with all teams securing victories during Pack the Place. FSI students collaborated with the Art Club on a creative community art project.

College

- All EL 1-4 students have completed ACCESS practice lessons for various domains (listening, reading, writing, speaking).
- ACCESS testing has been a huge success. We've already tested hundreds of students. This process has been streamlined to promote an efficient, organized, and low-pressure testing environment, thanks to our Biliteracy Coordinators and the proctors.
- EL 2 students are learning about education needed for the job/career they are interested in. Students are using Schoolinks and Achieve 3000.
- EL 3 is currently working on a research essay and skill share project.
- EL 4 have started reading *Bodega Dreams* and are annotating using ARTE de Leer. Students are analyzing character development throughout the story, taking notes, and working in groups. Their notes will help them prepare for writing a literary analysis essay.
- AP Spanish Lang moved from writing to speaking. They are working on the conversation to prepare for their exam.
- AP Spanish Lit finished Unit 4 and they did a debate in class about San Manuel Bueno Martir
- AP Spanish Lit continues to analyze the readings and take practice tests and FRQs independently.
- SLA V students are focusing on social problems and the genre or social realism. To introduce the unit, they looked for a song in Spanish, they analyzed it, identified the problem, gave a summary, and gave their opinion of the song and the type of social problem that song is talking about. They added their findings on a Canva and then they did a formal presentation.
- SLA IV began their second semester by introducing the rules of accentuating. For that, we had to start by reviewing how to divide a word into syllables when the word has one, two, three, or four consonants between syllables, or if a word has two vowels together, looking if they are diphthongs or hiatus. Students recorded themselves explaining what a diphthong and a hiatus was, how they are formed, and explained how the word “biología” is divided into syllables and if it has a hiatus, diphthong, neither or both, and why.
- SLA IV After that they learned how to find the stressed syllable in different words, which for a Spanish speaker is difficult since we don’t have to pay attention to where the stress is to pronounce the word correctly since we already speak Spanish. Once they practiced finding the stressed syllable, they started learning the names of the words depending on the stressed syllable: *agudas, llanas/graves, esdrújulas, and sobresdrújulas*. Students learned when each word should be accentuated. Some teachers did the PACE model to learn the difference between the hiatus and the diphthongs, letting students come up with the differences before checking if they were correct or not. The PACE model was also used in the rules of accentuation. After learning what a *palabra aguda* is, students were given groups of *aguda* words where they had to separate them into groups to figure out the rules of accentuation. They had to explain when they have an accent mark and when they don’t. Then they did a carousel where they looked at the different groups to see the similarities and differences and after going over their findings, they saw if they were right or not.
- Spanish III created a Padlet where they practiced the future tense with extraordinary things that our alumnus or famous people have done in their lives.
- Chinese I are completing a reading project: Read & Draw
- Chinese II students are playing a game with dice to know the characters as well as reciting a rhyme about Chinese measure words.

- AP Spanish Language students are working on the conversation component of the AP exam. They are also working on Tema 3 Beauty and Aesthetics.
- Spanish 1 students are reading Pobre Ana and having student discourse regarding different themes in the novel.
- Spanish IV students are working on the rules of accentuation. Students are currently reviewing all types of words and adding accent where it belongs.

Career

- EL 2 students have identified their skills, interests, and started practicing answering interview style questions during a Dialogue Dash. Students are researching future careers that align to their strengths and abilities. They are learning about salary and even examining future growth and possible AI in the future.
- Spanish Honors Society students are giving presentations to the current students about the club and how current Spanish students can apply to become a member.
- Chinese I students completed a Family Project in which they introduced their families using Chinese sentences. Students demonstrated their learning through a variety of formats, including PowerPoint presentations, Canva designs, posters, and short video presentations. The project focused on using basic sentence structures to describe family members, ages, occupations, and interests, and allowed students to creatively apply vocabulary while building confidence in speaking and presenting in Chinese.

Life

- EL students dealt with a great tragedy this month losing one of our EL students. Students and teachers learned how to manage such a difficult situation, using resources at our disposal, and trying to move forward in face of a great and sudden loss. Our building admin, counseling department, EL director, and Biliteracy Coordinator were a great support during this time.
- EL 3 students set three goals and created vision boards at the beginning of the month.
- SHH (Spanish Honor Society) students are giving presentations to the current students about the club and how current Spanish students can apply to become a member.
- Students in Spanish classes learned how some Spanish speaking countries celebrate three kings' day. The Spanish department had a carrousel, where each Spanish class had a different activity, in which it showed the students different activities from Spanish speaking countries. They completed three activities and once they returned to their class, they cut a *rosca*, bread shaped in an oval and had *agua fresca*. Many students had never had the bread, so it was a great learning experience for them. This cultural experience is part of their honor's portfolio.
- SLA IV students created in a hexagon six different goals in six different categories: physical, emotional, academic, Spiritual, Intellectual, and environment or social. Afterward, they were placed into three groups where they presented their goals to the group and had to see who they connected with. Afterward, they worked together to attach all the hexagons, so they were all connected to each other. At the end, all SLA IV classes from the same classroom were attached to show how everyone is connected. Students also wrote a letter to themselves to be opened

in the future explaining what goals they chose, why they chose them, and what steps they need to take in order to achieve them.

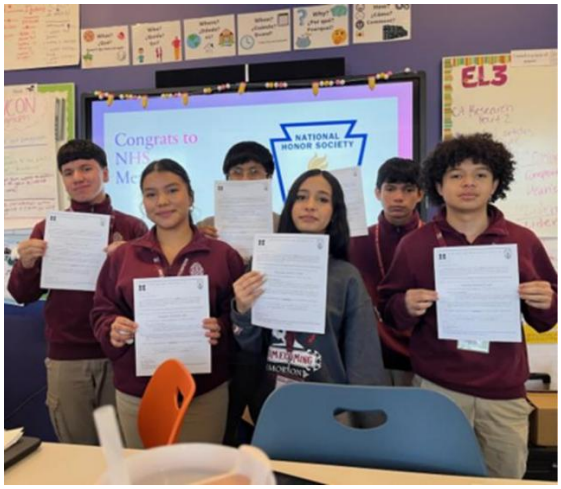

- French I is working on a written and spoken project: *Ma famille/Mon arbre généalogique*
- French II and III have described the main character after watching a French film. This will go on their Honors Padlet for a cultural experience.
- Spanish I and III created Bingo cards with the saying "*eso estaba o no estaba en mi tarjeta de Bingo para el año*".
- Spanish II recently completed travel brochures of their own community where they had to provide information for 5 different places as well as write a short description explaining why they recommend the place.
- Chinese III students did a presentation on direction and location words.
- French 1 is creating and presenting a Family Tree of their choosing. They will put it in the Earned Honors Portfolio under Presentational Speaking

Professional Development

All English teachers engaged in professional learning focused on skills-based learning progressions, Teachers also received training on evidence-based grading, collaborating around common rubrics, success criteria, and student work samples to promote fair and consistent grading practices tied directly to standards. Professional development further emphasized proficiency assessment, with teams examining existing assessments through a standards lens and refining tasks and rubrics so that levels of mastery are clearly defined and communicated to students.

Curriculum Updates

English III and Senior elective teachers worked to clearly articulate priority reading, writing, speaking, and listening skills and strengthen vertical alignment from English I through Senior electives and AP courses across all campuses.

At Morton West, AP Language and Composition students began the semester with advanced argumentative analysis and writing, using "Am I the Jerk?" etiquette and social-conflict scenarios to analyze claims, evidence, and multiple perspectives in preparation for their first Writing Common Assessment in mid-February. AP Literature at West continued its literary analysis work, with one teacher piloting the Classroom Companion platform for a Kafka's *Metamorphosis* assessment to gather data on close reading and literary argument skills. English III at West maintained a strong ACT focus, with students practicing frequently in Chalk Talk and junior enrollment in the voluntary ACT Prep Bootcamp, run by the Instructional Literacy Committee. Attendance was so high that an additional section was added. West English III teachers also highlighted a Research and Synthesis unit pairing *The Catcher in the Rye* with a mini-unit on the Beatles and John Lennon's murder; students examined how literature can be misinterpreted, then researched high-profile criminal or serial killer cases and presented their findings as both Writing and Speaking & Listening Common Assessments. Senior elective journalism students at West began a long-form journalism unit anchored in Barbara Demick's *Nothing to Envy*, analyzing investigative techniques and narrative structure in reporting on life under the North Korean regime. Additional West English III sections incorporated *Breathing Underwater* by Alex Flinn to balance research-intensive work with sustained reading, leading students to request more reading time and prompting teachers to build in daily SSR.

At East, English II teams continued a rhetorical analysis unit with intensive scaffolding, repeated practice using SPACECAT and rhetorical appeals, and ongoing use of C.E.R. in smaller assessments to support the transition to full argumentative essays. AP Seminar PLTs at West and East, continued to refine their use of Scribble, using its tools more extensively each semester to monitor student progress on research tasks and better support inquiry, synthesis, and citation skills. Counselors visited AP Seminar classes to support sophomore course selection, which provided a timely opportunity to promote AP Language and AP Research and strengthen the AP Capstone pipeline.

At the Freshman Center, solid common exams are being developed to strengthen vertical alignment, intentionally connecting Freshman Honors with AP Seminar and Core English I with Core English II. Teachers have created lessons that specifically target students' understanding of the ACT English test and strategies to maximize their scores, as well as Common Assessments that more closely align with ACT standards. As a result of this focused curriculum work, 90% of freshmen (880 out of 976 students) earned 0.5 English credit toward graduation in Semester 1. Overall, FC English is executing the year-long plan: implementing the new curriculum while streamlining existing Common Assessments to be more effective

and efficient and steadily moving toward four assessments per skill to support a more comprehensive, "whole picture of proficiency" approach to grading.

Student and Staff Accolades

Teachers and students across campuses celebrated several notable successes this month. At Morton West, teachers highlighted how students became more confident and efficient presenters over the course of the semester, especially in projects that required persuasive speaking and collaborative problem-solving. West teachers also reported that juniors' enthusiasm for independent reading has increased, with many students asking for additional reading time and embracing daily SSR as a meaningful routine.

At Morton East and the Freshman Center, teachers commended students for their resilience and focus during ACCESS testing and remote learning, noting strong participation and engagement even on the e-Learning day. Senior elective teachers praised students' creativity and critical thinking in projects such as mini court cases and real-world argument tasks. Across campuses, staff emphasized their appreciation for students' willingness to take academic risks, engage in rich classroom discussion, and adapt to new expectations tied to skills-based learning and proficiency-focused grading.

Curriculum Updates

We have currently 3 courses being worked on- Quantitative Literacy, Integrated Math III Core and Integrated Math III Honors. All are focusing on chunking assessments into smaller, more frequent checks to better measure student understanding, while embedding ACT-style questions across all grade levels to increase exposure and deepen practice. Integrated Math III Core teams have been aligning their curriculum to the 90–10, skills-based grading model, and beginning next semester, Quantitative Literacy will engage in curriculum writing to transition fully to this model.

AP Statistics will continue refining its skills-based course to ensure consistency and clarity in grading.

Furthermore, Math–Science STEM collaboration will be taking place on February 26. Quantitative Literacy is also participating in a MyMathLab demo and reviewing the Pearson Quantitative Literacy resources. Across all courses, PLTs will review assessment frequency and adjust assessments as needed to ensure each skill is assessed at least three times per semester, supporting consistent grading practices and career- and life-ready skills.

Life Readiness: Clear, consistent assessment practices help students better understand expectations, monitor their progress, and take ownership of their learning—skills essential for success beyond high school.

ACT Data and plans:

See the Math Department ACT Plan beginning October 1st: ACT Math Practice Proposal Final.docx

See the Math Department PreACT and ACT Proficiency Data slides (created by Zach Snyder, data team): JSM PreACT & ACT Math Proficiency Data SY 25-26.pptx

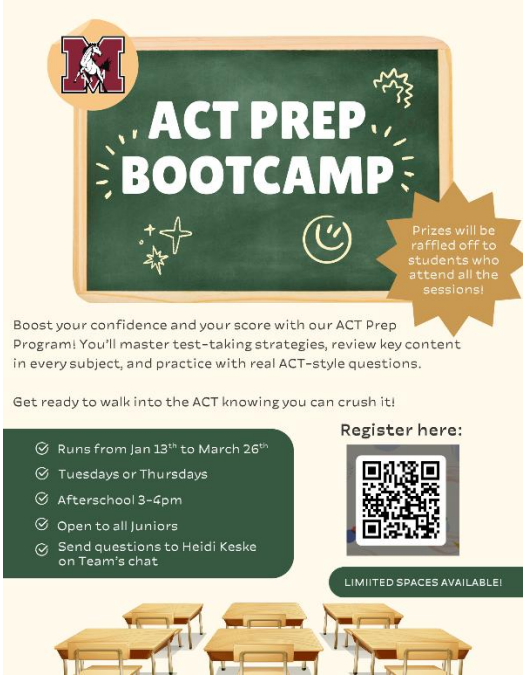

The slides above present a significant amount of PreACT data. One key takeaway is the high percentage of students who are approaching proficiency. As shown in the graph below, more than 52% of students fall into this category. This represents a meaningful opportunity for growth. By intentionally targeting these students through both in-class and out-of-class ACT support strategies, we are well positioned to move the needle on overall ACT performance.

Morton will be giving the practice ACT test on March 5. The Math Department is working on aligning all the questions to ACT skills, subskills and content standards. This way, we can look at data to create plans for the next 2 weeks prior to the real ACT test.

College Readiness: ACT preparation continues to be a key component of our district's postsecondary readiness efforts. By providing structured practice, strategic instruction, and access to high-quality resources, we are reinforcing the problem-solving, reasoning, and data analysis skills students need for success in college-level math and many career pathways.

Curriculum Updates - College Ready

- On January 15, the AP African American Studies and Animation Studio curriculum teams held their second meeting to continue developing curriculum for these new courses, which will launch in the 2026–27 school year. During the session, teams identified essential skills, established performance criteria, and developed rubrics to assess those skills. They also began drafting common assessments and will use a backward-design approach to complete the remaining curriculum. One additional curriculum day this semester is scheduled to finalize materials in preparation for next year's launch.

- On January 27, the Social Science Biliteracy Team held their final curriculum meeting, during which they developed common instructional resources shown through student data to support English Learners in developing essential course skills. The team also organized shared resources across World History, U.S. History, and Civics & Economics to strengthen vertical alignment around common essential skills and ensure more coherent skill development for students across grade levels.

- In AP Government & Politics, teachers implemented additional formative assessments, including targeted quizzes focused on analyzing political cartoons, graphs, and comparison charts. These instructional adjustments led to improved student performance on summative MC test analysis questions, with students showing notably stronger results on comparison chart items compared to last semester. Strengthening these analytical reading skills also supports students' development of critical reading strategies aligned with ACT preparation.

- Student participation in the Chicago History Fair continues to grow, with additional students signing up this year. As we mark our 20th year of participation, we are excited to have several classes participating in the event. The local competition will take place on February 11 at Morton East High School, highlighting strong student engagement in historical research and inquiry.

Road Map Update

- In January, our department participated in two Road Map Reality Check meetings with other departments and school leaders across all campuses. These conversations focused on reviewing progress toward our Road Map goals and identifying shared focus areas across departments that can strengthen student outcomes districtwide. Based on these discussions, we would like to highlight two areas our department will continue to emphasize this semester:

<u>Supporing Literacy Skills for ACT Success</u>
Beginning this February, our junior Social Science classes will implement weekly ACT-style reading prompts and questions. U.S. History teachers (core, biliteracy, and AP) have already been informed and are using PLT time to discuss the best ways to roll this out in their classrooms. Long term, our goal is to intentionally embed ACT-style reading skills into our curriculum across grade levels through ongoing curriculum days and PLT work.

<u>Increasing SEL Check-Ins in Fine Arts</u>
Fine Arts classes will continue implementing weekly SEL check-ins, with an initial focus on self-awareness. PLTs began this work last semester and will refine their approach this spring with the goal of developing a consistent, flexible system that supports meaningful PLT discussions. Over time, the broader goal is to embed SEL more intentionally into the curriculum across all courses.

Professional Development

FROM THE OFFICE OF
Dr. Josh McMahon
Assistant Superintendent for Educational Programs

- During the January 5 Teacher Institute, the Social Science and Fine Arts Department focused on strengthening our skills-based instructional model aligned to our 90/10 framework. Teachers examined the importance of students both *developing* and *demonstrating* essential skills in the classroom. Professional Learning Teams (PLTs) reviewed their common assessment pacing to determine which skills were being under-assessed and where greater emphasis was needed. The department also learned and practiced using a common formula for writing clear student learning outcomes.

Formula for Writing Learning Outcomes

Skill + Content + Process = Learning Outcome

- Skill
  - The gradebook skill the students will be learning.
- Content
  - The content the students will be learning.
- Process
  - How students will develop or demonstrate the skill.

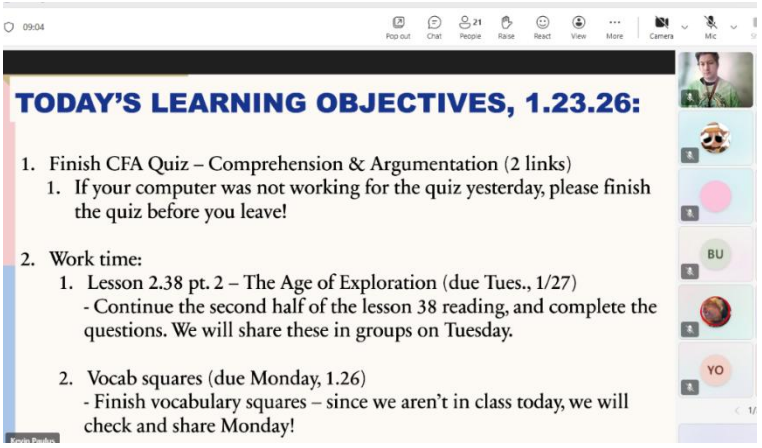

This formula is used by all teachers to write clear and consistent learning outcomes. Regardless of the classroom, students will see a learning outcome that clearly identifies the skill they are developing and how they will use content to practice that skill. This consistency helps students understand the skills they are learning in every class at Morton.

E-Learning Day

On January 23, the district held its first e-learning day due to inclement weather, and the day was a success. Thanks to teachers' preparation and clear communication of expectations, students were able to engage meaningfully and continue their learning remotely.

The Driver Education Team at West and East campus have been working hard before school, after school, during prep hours, and on Saturday's trying to get our students Life ready on our roads in our Behind-The-Wheel classroom. The Behind-The-Wheel team of Mike Caruso (East), Lynette Polchan (East), Dave Waldron (East), Miguel Romero (East), Samantha Gutheim (East), (James Blake (East/West), Chris Tompkins (West), Scott Gourley (West), Julie Calcagno (West), George Thill West), and Erika Mastalarz (West). This is a great group of instructors that have been exuding flexibility. Also, Yolanda Pineda (Driver Education Secretary) has been doing a fine job in transition in her new position to help support our instructors, students, and our Morton families supporting the Driver Education program.

Specific Reports from each campus

FROM THE OFFICE OF
Dr. Josh McMahon
Assistant Superintendent for Educational Programs

Freshmen Center

We have our second group of students entering Physical Education this semester. Students in PE took part in their pre-assessment for Fitnessgram Testing. Students have begun preparing for the post-assessment in May by engaging in each area of the test during daily warm-ups for class.

Students will all engage in a daily fitness activity this semester. This will help facilitate movement and engagement and also transfer over to those end-of-year fitness scores.

Health classes have started Unit 1, Wellness and Body Systems. All students have pre-tested and are now learning how all body systems can be affected by someone's well-being.

The FSI and ASI students have begun dressing for PE to prepare them for their sophomore year. To help the transition from the FC campus to East, these students are now engaging in mini-fitness activities using light dumbbells, bands, low step-boxes, and cardio machines.

We currently welcome Steven Morales, a long-term sub, into our Health department. Steven has been actively involved in the classroom with students as he introduces them to our Health curriculum.

West Campus

We have just started our first units for the semester. Units include floor hockey, volleyball, badminton, and team handball. Our officiating students are officiating at nearby schools, and some will be officiating the SPED "Pack the Place". PLTs met and discussed what the 90/10 grading will look like for PE. Discussion was centrally focused on skills.

East Campus

During the month of January, the East PE Department has begun looking at our 1st semester data and working towards goals for improving our ABC rate. We are currently meeting as a department to discuss early interventions and other ideas PLTs have for completing makeups. We are currently in our 1st unit of the semester. We have leadership training in Drivers Education now. We also have our 1st semester lifesaving students certified and working weekly with in services opportunities to prepare for recertification of past years guards. Looking ahead, we are looking forward to fitness testing, outdoor units, and the Fitness Challenge later this semester.

College Ready

Career-ready initiatives this month emphasized intentional planning, career exploration, and alignment of coursework to students' long-term goals. At West Campus, staff continued development of the Trades Guide, with work nearing completion to support students exploring career pathways. At East Campus, sophomores and juniors met individually with counselors to request courses for the upcoming school year aligned to their college and career goals. In addition, East hosted a STEM career presentation in the College & Career Center with representatives from the University of Illinois Urbana-Champaign, providing students with exposure to postsecondary STEM opportunities and career pathways.

At the Freshman Center, counseling teams supported career-ready planning through 10th-grade registration meetings that included transcript reviews, discussions of coursework and postsecondary career plans, and referrals to Night School and additional student supports such as Tapestry and Youth Crossroads. Counselors also facilitated Unity programming in collaboration with English and Math teachers and conducted outreach to incoming students through Unity presentations and cafeteria visits. During these activities, counselors and elective teachers shared information on class offerings, bell schedules, electives, and future transition supports to help students make informed academic and career-planning decisions.

East student Jocelyn, recognized for earning acceptance to 12 or more colleges.

Career Ready

College-readiness supports continued across campuses. At West Campus, college application workshops were offered every Tuesday and Thursday, with additional financial aid support provided through weekly visits from the Illinois Student Assistance Commission. Dual enrollment opportunities were reinforced through weekly Morton College visits, and local scholarship information was finalized and prepared for student distribution.

At East Campus, students participated in a field trip to the University of Illinois Chicago on January 28, where 40 students toured the campus and met with admissions representatives. The College & Career Center hosted an additional Financial Aid Night for families, while Morton College facilitated four dual enrollment workshops in partnership with the College & Career Center. Senior Acceptance Celebration activities continued, highlighting student postsecondary achievements and acceptances.

Life Ready

Life-Ready supports remained a strong focus across campuses. At West Campus, Erika's Lighthouse and Health class presentations were delivered to all freshmen, emphasizing understanding depression and developing help-seeking skills. Students also participated in ongoing groups addressing life-readiness needs such as identity development, post-hospitalization transitions, understanding 504 plans, and newcomer supports. MTSS teams maintained a strong focus on attendance concerns and targeted interventions to improve student engagement.

At East Campus, student support staff provided dedicated spaces during supervisory periods to offer additional Life-Ready support. East staff also participated in professional learning focused on strengthening supports for Latine and newcomer students, reinforcing inclusive and responsive practices.

At the Freshman Center, the Morton Makers art-based life-readiness group promoted kindness and positive school culture by creating and sharing affirmations and words of encouragement on paper hearts. The Freshman Center stress-management group participated in a painting activity in the library, using art as a strategy to build self-regulation and manage stress. Additionally, Panorama data was leveraged to identify attendance trends and create targeted attendance groups, with staff utilizing Panorama playbooks to guide intervention planning and implementation.

At MAS, counseling staff partnered with social workers to facilitate a schoolwide workshop with Selah Freedom, engaging both students and staff in life-readiness learning focused on personal safety and awareness. Students participated in a session addressing online recruitment tactics used by predators and learned practical strategies to recognize risks, discuss concerns, and protect themselves online. Staff participated in a complementary training focused on identifying indicators of sexual exploitation and trafficking and understanding appropriate steps for response and support. This work strengthened staff capacity while empowering students with critical life-readiness skills related to safety and self-advocacy.

Curriculum Review and Updates

Curricular planning and implementation continued throughout January. At West Campus, planning was underway for the implementation of Signs of Suicide and Black History Month activities, while course selection remained in progress for students in grades 9 - 11. At East Campus, sophomores and juniors met individually with counselors to finalize course requests aligned to their four-year plans and college and career goals. Across campuses, end-of-semester check-ins and data reviews informed ongoing refinement of MTSS practices and student supports.

The Bonds shall be dated as set forth in the Bond Notification and shall also bear the date of authentication thereof. The Bonds shall be in fully registered form, shall be in denominations of $5,000 or authorized integral multiples thereof (but no single Bond shall represent principal maturing on more than one date), and shall be numbered consecutively in such fashion as shall be determined by the Bond Registrar. Subject to the Bond Notification, the Bonds are hereby authorized to bear interest at a rate not to exceed 6.00% per annum, and have a maturity (subject to optional redemption, as may be applicable and set forth in the Bond Notification) of June 1 of each year (not later than 2045), and maximum principal amount not to exceed $8,000,000 per year, as shall be specified in the Bond Notification.

The Bonds shall bear interest from their date or from the most recent interest payment date to which interest has been paid or duly provided for, until the principal amount, of the Bonds is paid, such interest (computed upon the basis of a 360-day year of twelve 30-day months) being payable semi-annually commencing with the first interest payment date as set forth in the Bond Notification, and on June 1 and December 1 of each year thereafter to maturity.

Interest on each Bond shall be paid by check or draft of such entity as may be provided in the Bond Notification, as bond registrar and paying agent (the "*Bond Registrar*"), payable upon

presentation in lawful money of the United States of America (the "*United States*"), to the person in whose name such Bond is registered at the close of business on the 15th day (whether or not a business day) of the calendar month next preceding any interest payment date. The principal of the Bonds shall be payable in lawful money of the United States at the office maintained for such purpose by the Bond Registrar.

The Bonds shall be signed by the manual or facsimile signatures of the President and Secretary of the Board (the "*President*" and "*Secretary*," respectively), and shall be registered, numbered and may be countersigned by the manual or facsimile signature of the School Treasurer who receives the taxes of the District (the "*School Treasurer*"), and in case any officer whose signature shall appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.

All Bonds shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Bond Registrar as authenticating agent of the District and showing the date of authentication. No Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Resolution unless and until such certificate of authentication shall have been duly executed by the Bond Registrar by manual signature, and such certificate of authentication upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Resolution. The certificate of authentication on any Bond shall be deemed to have been executed by the Bond Registrar if signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder.

Section 4. Registration of Bonds; Persons Treated as Owners. (a) General. The District shall cause books (the "*Bond Register*") for the registration and for the transfer of the Bonds as provided in this Resolution to be kept at the office maintained for such purpose by the Bond Registrar, which is hereby constituted and appointed the registrar of the District. The District is authorized to prepare, and the Bond Registrar shall keep custody of, multiple Bond blanks executed by the District for use in the transfer and exchange of Bonds.

Upon surrender for transfer of any Bond at the office maintained for such purpose by the Bond Registrar, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Bond Registrar and duly executed by, the registered owner or his attorney duly authorized in writing, the District shall execute and the Bond Registrar shall authenticate, date, and deliver in the name of the transferee or transferees a new fully registered Bond or Bonds of the same series and maturity of authorized denominations, for a like aggregate principal amount. Any fully registered Bond or Bonds may be exchanged at said office of the Bond Registrar for a like aggregate principal amount of Bond or Bonds of the same series and maturity of other authorized denominations. The execution by the District of any fully registered Bond shall constitute full and due authorization of such Bond and the Bond Registrar shall thereby be authorized to authenticate, date, and deliver such Bond, provided, however, the principal amount of outstanding Bonds of each series and maturity authenticated by the Bond Registrar shall not exceed the authorized principal amount of Bonds for such series and maturity less previous retirements.

The Bond Registrar shall not be required to transfer or exchange any Bond during the period beginning at the close of business on the 15th day (whether or not a business day) of the calendar month next preceding any interest payment date on such Bond and ending at the opening of business on such interest payment date, nor to transfer or exchange any Bond after notice calling

such Bond for redemption has been mailed, nor during a period of fifteen (15) days next preceding mailing of a notice of redemption of any Bonds.

The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of or interest on any Bond shall be made only to or upon the order of the registered owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

No service charge shall be made for any transfer or exchange of Bonds, but the District or the Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds, except in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption.

(b) Global Book-Entry System. The Bonds shall be initially issued in the form of a separate single fully registered Bond for each of the maturities of the Bonds determined as described in Section 3 hereof. Upon initial issuance, the ownership of each such Bond shall be registered in the Bond Register in the name of Cede & Co., or any successor thereto ("*Cede*"), as nominee of The Depository Trust Company, New York, New York, and its successors and assigns ("*DTC*"). All of the outstanding Bonds shall be registered in the Bond Register in the name of Cede, as nominee of DTC, except as hereinafter provided. The President and Secretary, the Superintendent of the District (the "*Superintendent*"), and chief business official of the District, and the Bond Registrar are each authorized to execute and deliver, on behalf of the District, such letters to or agreements with DTC as shall be necessary to effectuate such book-entry system (any such letter or agreement being referred to herein as the "*Representation Letter*"), which

Representation Letter may provide for the payment of principal of or interest on the Bonds by wire transfer.

With respect to Bonds registered in the Bond Register in the name of Cede, as nominee of DTC, the District and the Bond Registrar shall have no responsibility or obligation to any broker-dealer, bank, or other financial institution for which DTC holds Bonds from time to time as securities depository (each such broker-dealer, bank or other financial institution being referred to herein as a "*DTC Participant*") or to any person on behalf of whom such a DTC Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the District and the Bond Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other person, other than a registered owner of a Bond as shown in the Bond Register, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other person, other than a registered owner of a Bond as shown in the Bond Register, of any amount with respect to the principal of or interest on the Bonds. The District and the Bond Registrar may treat and consider the person in whose name each Bond is registered in the Bond Register as the holder and absolute owner of such Bond for the purpose of payment of principal and interest with respect to such Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Bond Registrar shall pay all principal of and interest on the Bonds only to or upon the order of the respective registered owners of the Bonds, as shown in the Bond Register, or their respective attorneys duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payment of the principal of and interest on

the Bonds to the extent of the sum or sums so paid. No person other than a registered owner of a Bond as shown in the Bond Register shall receive a Bond evidencing the obligation of the District to make payments of principal and interest with respect to any Bond. Upon delivery by DTC to the Bond Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede, and subject to the provisions in Section 3 hereof with respect to the payment of interest to the registered owners of Bonds at the close of business on the 15th day (whether or not a business day) of the calendar month next preceding the applicable interest payment date, the name "Cede" in this Resolution shall refer to such new nominee of DTC.

In the event that (i) the District determines that DTC is incapable of discharging its responsibilities described herein and in the Representation Letter, (ii) the agreement among the District, the Bond Registrar and DTC evidenced by the Representation Letter shall be terminated for any reason or (iii) the District determines that it is in the best interest of the beneficial owners of the Bonds that they be able to obtain certificated Bonds, the District shall notify DTC and DTC Participants of the availability through DTC of certificated Bonds and the Bonds shall no longer be restricted to being registered in the Bond Register in the name of Cede, as nominee of DTC. At that time, the District may determine that the Bonds shall be registered in the name of and deposited with such other depository operating a universal book-entry system, as may be acceptable to the District, or such depository's agent or designee, and if the District does not select such alternate universal book-entry system, then the Bonds may be registered in whatever name or names registered owners of Bonds transferring or exchanging Bonds shall designate, in accordance with the provisions of Section 4(a) hereof.

Notwithstanding any other provisions of this Resolution to the contrary, so long as any Bond is registered in the name of Cede, as nominee of DTC, all payments with respect to principal

of and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, in the name provided in the Representation Letter.

Section 5. Redemption. (a) Optional Redemption. All or a portion of the Bonds, if any, due on and after the date, if any, specified in the Bond Notification shall be subject to redemption prior to maturity at the option of the District from any available funds, as a whole or in part, and if in part in integral multiples of $5,000 in any order of their maturity as determined by the District (less than all of the Bonds of a single maturity to be selected by the Bond Registrar), on the date specified in the Bond Notification, and on any date thereafter, at the redemption price of par plus accrued interest to the date fixed for redemption.

(b) Mandatory Redemption. The Bonds maturing on the date or dates, if any, indicated in the Bond Notification are subject to mandatory redemption, in integral multiples of $5,000 selected by lot by the Bond Registrar, at a redemption price of par plus accrued interest to the redemption date on June 1 of the years, if any, and in the principal amounts, if any, as indicated in the Bond Notification.

The principal amounts of Bonds to be mandatorily redeemed in each year may be reduced through the earlier optional redemption thereof, with any partial optional redemptions of such Bonds credited against future mandatory redemption requirements in such order of the mandatory redemption dates as the District may determine. In addition, on or prior to the 60th day preceding any mandatory redemption date, the Bond Registrar may, and if directed by the Board shall, purchase Bonds required to be retired on such mandatory redemption date. Any such Bonds so purchased shall be cancelled and the principal amount thereof shall be credited against the mandatory redemption required on such next mandatory redemption date.

(c) General. The Bonds shall be redeemed only in the principal amount of $5,000 and integral multiples thereof. The District shall, at least forty-five (45) days prior to any optional

redemption date (unless a shorter time period shall be satisfactory to the Bond Registrar) notify the Bond Registrar of such redemption date and of the principal amount and maturity or maturities of Bonds to be redeemed. For purposes of any redemption of less than all of the outstanding Bonds of a single maturity, the particular Bonds or portions of Bonds to be redeemed shall be selected by lot by the Bond Registrar from the Bonds of such maturity by such method of lottery as the Bond Registrar shall deem fair and appropriate, provided that such lottery shall provide for the selection for redemption of Bonds or portions thereof so that any $5,000 Bond or $5,000 portion of a Bond shall be as likely to be called for redemption as any other such $5,000 Bond or $5,000 portion. The Bond Registrar shall make such selection upon the earlier of the irrevocable deposit of funds with an escrow agent sufficient to pay the redemption price of the Bonds to be redeemed or the time of the giving of official notice of redemption.

The Bond Registrar shall promptly notify the District in writing of the Bonds or portions of Bonds selected for redemption and, in the case of any Bond selected for partial redemption, the principal amount thereof to be redeemed.

Section 6. Redemption Procedure. Unless waived by any holder of Bonds ("*Bondholder*") to be redeemed, notice of the call for any such redemption shall be given by the Bond Registrar on behalf of the District by mailing the redemption notice by first-class mail at least thirty (30) days and not more than sixty (60) days prior to the date fixed for redemption to the registered owner of the Bond or Bonds to be redeemed at the address shown on the Bond Register or at such other address as is furnished in writing by such registered owner to the Bond Registrar.

All notices of redemption shall state:

(1) the redemption date,

(2) the redemption price,

(3) if less than all outstanding Bonds are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed,

(4) that on the redemption date the redemption price will become due and payable upon each such Bond or portion thereof called for redemption, and that interest thereon shall cease to accrue from and after said date,

(5) the place where such Bonds are to be surrendered for payment of the redemption price, which place of payment shall be the office maintained for such purpose by the Bond Registrar, and

(6) such other information then required by custom, practice or industry standard.

Unless moneys sufficient to pay the redemption price of the Bonds to be redeemed at the option of the District shall have been received by the Bond Registrar prior to the giving of such notice of redemption, such notice may, at the option of the District, state that said redemption shall be conditional upon the receipt of such moneys by the Bond Registrar on or prior to the date fixed for redemption. If such moneys are not received, such notice shall be of no force and effect, the District shall not redeem such Bonds, and the Bond Registrar shall give notice, in the same manner in which the notice of redemption shall have been given, that such moneys were not so received and that such Bonds will not be redeemed. Otherwise, prior to any redemption date, the District shall deposit with the Bond Registrar an amount of money sufficient to pay the redemption price of all the Bonds or portions of Bonds which are to be redeemed on that date.

Subject to the provisions for a conditional redemption described above, notice of redemption having been given as aforesaid, the Bonds or portions of Bonds so to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the District shall default in the payment of the redemption price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender of such Bond for redemption in accordance with said notice, such Bonds shall be paid by the Bond Registrar at

the redemption price. Installments of interest due on or prior to the redemption date shall be payable as herein provided for payment of interest. Upon surrender for any partial redemption of any Bond, there shall be prepared for the registered holder a new Bond or Bonds of the same maturity in the amount of the unpaid principal.

If any Bond or portion of Bond called for redemption shall not be so paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the redemption date at the rate borne by the Bond or portion of Bond so called for redemption. All Bonds which have been redeemed shall be cancelled and destroyed by the Bond Registrar and shall not be reissued.

Section 7. Form of Bond. The Bonds shall be in substantially the following form:

Section 8. Sale of Bonds. The President, the School Treasurer, the Chief Financial Officer of the District, and the Superintendent (the "*Designated Representatives*") are hereby authorized to proceed, without any further authorization or direction from the Board, to sell and deliver the Bonds upon the terms as prescribed in this Resolution. The Bonds hereby authorized shall be executed as in this Resolution provided as soon after the delivery of the Bond Notification as may be, and thereupon be deposited with the School Treasurer and, after authentication thereof by the Bond Registrar, be by said School Treasurer delivered to Fifth Third Securities, Inc., as the purchaser thereof (the "*Underwriter*"), upon receipt of the purchase price therefor, the same being not less than 97% of the principal amount of the Bonds plus accrued interest, if any, to date of delivery.

Prior to the sale of the Bonds, the President, the Superintendent, or business official of the District is hereby authorized to approve and execute a commitment for the purchase of a Municipal Bond Insurance Policy (as hereinafter defined) to further secure the Bonds, as long as

the present value of the fee to be paid for the Municipal Bond Insurance Policy (using as a discount rate the expected yield on the Bonds treating the fee paid as interest on the Bonds) is less than the present value of the interest reasonably expected to be saved on the Bonds over the term of the Bonds as a result of the Municipal Bond Insurance Policy.

Upon the sale of the Bonds, the Designated Representatives shall prepare a Bond Notification which shall include the pertinent details of sale as provided herein (the "*Bond Notification*"). In the Bond Notification, the Designated Representatives shall find and determine that the Bonds have been sold at such price and bear interest at such rates that either the true interest cost (yield) or the net interest rate received upon the sale of the Bonds does not exceed the maximum rate otherwise authorized by applicable law. The Bond Notification shall be entered into the records of the District and made available to the Board at the next regular meeting thereof; but such action shall be for information purposes only, and the Board shall have no right or authority at such time to reject such sale as evidenced in the Bond Notification.

Upon the sale of the Bonds, as evidenced by the execution and delivery of the Bond Notification by the Designated Representatives, the President, the Secretary, the Superintendent, and the School Treasurer and any other officers of the District, as shall be appropriate, shall be and are hereby authorized and directed to approve or execute, or both, such documents of sale of the Bonds as may be necessary, including, without limitation, the contract for the sale of the Bonds between the District and the Underwriter (the "*Purchase Contract*"). Prior to the execution and delivery of the Purchase Contract, the Designated Representatives shall find and determine that no person holding any office of the District, either by election or appointment, is in any manner interested, directly or indirectly, in his own name or in the name of any other person, association, trust or corporation, in the Purchase Contract.

The Bonds before being issued shall be registered, numbered and countersigned by the School Treasurer, such registration being made in a book provided for that purpose, in which shall be entered the record of the resolution authorizing the Board to borrow said money and a description of the Bonds issued, including the number, date, to whom issued, amount, rate of interest, and when due.

The use by the Underwriter of any Preliminary Official Statement and any final Official Statement relating to the Bonds (the "*Official Statement*") is hereby ratified, approved, and authorized; the execution and delivery of the Official Statement is hereby authorized; and the officers of the Board are hereby authorized to take any action as may be required on the part of the District to consummate the transactions contemplated by the Purchase Contract, this Resolution, said Preliminary Official Statement, the Official Statement, and the Bonds.

Section 9. Tax Levy. In order to provide for the collection of a direct annual tax to pay the interest on the Bonds as it falls due, and also to pay and discharge the principal thereof at maturity and to make annual deposits to the Bond Fund as provided in Section 10 hereof, there be and there is hereby levied upon all the taxable property within the District a maximum direct annual tax in an amount not to exceed $13,390,884 (or the debt service extension base (as defined in the Property Tax Extension Limitation Law of the State, as supplemented and amended) of the District (the "*Base*") as supplemented in the future by a resolution adopted by the Board and filed with the County Clerk) for each of the years while Bonds or any of them are outstanding, and that there be and there is hereby levied upon all of the taxable property in the District (the "*Levied Taxes*"), direct annual taxes in the amounts for each year not to exceed the Base for any year commencing not before 2025 (collectible in 2026) and ending not later than 2044 (collectible in 2045), said tax to be further set forth in the Bond Notification.

Principal or interest maturing at any time when there are not sufficient funds on hand from the Levied Taxes to pay the same shall be paid from the general funds of the District, and the fund from which such payment was made shall be reimbursed out of the Levied Taxes when the same shall be collected.

The District covenants and agrees with the purchasers and the Bondholders that so long as any of the Bonds remain outstanding, the District will take no action or fail to take any action which in any way would adversely affect the ability of the District to levy and collect the Levied Taxes, and the District and its officers will comply with all present and future applicable laws in order to assure that the foregoing taxes will be levied, extended and collected as provided herein and deposited in the fund established to pay the principal of and interest on the Bonds.

To the extent that the Levied Taxes levied above exceed the amount necessary to pay debt service on the Bonds as set forth in the Bond Notification, the President, Secretary and School Treasurer are hereby authorized to direct the abatement of such Levied Taxes to the extent of the excess of such levy in each year over the amount necessary to pay debt service on the Bonds in the following bond year. Proper notice of such abatement shall be filed with the County Clerk of the County of Cook, Illinois (the "County Clerk"), in a timely manner to effect such abatement.

Section 10. Filing of Resolution. Forthwith upon the passage of this Resolution, the Secretary of the Board is hereby directed to file a certified copy of this Resolution with the County Clerk, and it shall be the duty of the County Clerk to annually in and for each of the years 2025 to 2044, inclusive, ascertain the rate necessary to produce the Levied Taxes, and extend the same for collection on the tax books against all of the taxable property within the District in connection with other taxes levied in each of said years for school purposes, in order to raise the respective amounts aforesaid and in each of said years such annual tax shall be computed, extended, and collected in

the same manner as now or hereafter provided by law for the computation, extension, and collection of taxes for general school purposes of the District, and when collected, the Levied Taxes shall be placed to the credit of a special fund to be designated "School Bond and Interest Fund of 2026" (the "*Bond Fund*"), which taxes are hereby irrevocably pledged to and shall be used only for the purpose of paying the principal of and interest on the Bonds; and a certified copy of this Resolution shall also be filed with the School Treasurer.

Section 11. Limitation on Extension; General Obligation Pledge; Additional Obligations. Notwithstanding any other provision of this Resolution, the annual amount of the taxes to be extended by the County Clerk to pay the Bonds and all other limited bonds (as defined in the Debt Reform Act) heretofore and hereafter issued by the District shall not exceed the Base.

No limit, however, exists on the rate of the direct annual tax levied herein, and the Bonds shall constitute a general obligation of the District.

The District currently has outstanding Taxable General Obligation Limited Tax School Bonds, Series 2017 (Qualified School Construction Bonds – Direct Payment to District). The District is authorized to issue from time to time additional limited bonds payable from the Base, as permitted by law, and to determine the lien priority of payments to be made from the Base to pay the District's limited bonds.

Section 12. Use of Bond Proceeds. Any accrued interest received on the delivery of the Bonds is hereby appropriated for the purpose of paying first interest due on the Bonds and is hereby ordered deposited into the Bond Fund.

The principal proceeds of the Bonds and any premium received from the sale of the Bonds, net of an amount to fund the underwriting discount and other issuance costs directly paid by the Underwriter, shall be deposited into the District's Fund and then transferred to a special account

hereby ordered to be created and established and maintained separate and apart from all other funds and accounts of the District within the District's Fund to be called "Capital Project Fund" (the "*Project Fund*") and shall be devoted to and used with due diligence for the purpose for which the Bonds are authorized to be issued.

Interest earnings on the Bond Fund are not earmarked or restricted by the Board for a designated purpose.

The expenses of issuing the Bonds may be paid from Bond proceeds by the Underwriter on behalf of the District at closing.

The District and the Board hereby covenant that all of the proceeds of the Bonds shall be used in strict compliance with this Resolution and with all of the requirements of the Act.

Section 13. Arbitrage Rebate; Yield Reduction Payments. The District shall comply with the provisions of Section 148(f) of the Internal Revenue Code of 1986, as supplemented and amended (the "*Code*"), and with the Non-Arbitrage and Tax Compliance Certificate, relating to the rebate of certain investment earnings at periodic intervals to the United States unless there shall have been requested and filed with the Secretary of the District an opinion of Bond Counsel to the effect that such compliance is necessary to preserve the exclusion from gross income for federal income tax purposes of interest on the Bonds under Section 103 of the Code. There is authorized to be created (or continued, as the case may be) a separate and special account known as the "*Rebate Account*", into which there shall be deposited as necessary investment earnings to the extent required so as to maintain the tax-exempt status of the interest on the Bonds under Section 148(f) of the Code. All rebates, special impositions, or Yield Reduction Payments for such purpose payable to the United States of America (Internal Revenue Service) shall be payable from applicable excess earnings or other sources which are to be deposited into the Rebate Account.

The District is authorized to execute appropriate arbitrage and rebate certificates and agreements related to the foregoing. The District reserves the right to apply any exception from arbitrage rebate including under Section 148(f)(4)(C) or (D) and Section 1.148-7(d) of the Income Tax Regulations.

In a manner similar to arbitrage rebate, Yield Reduction Payments shall be determined and paid, including without limitation for the Project Fund related to the Bonds.

Section 14. Investment Regulations. All investments shall be in authorized Qualified Investments, unless otherwise expressly herein provided. No investment shall be made of any moneys in any fund or account or subaccount related to the Bonds, except in accordance with the tax covenants and other covenants set forth in Section 15 of this Resolution. All income derived from such investments in respect of moneys or securities in any fund or account shall be credited in each case to the fund or account in which such moneys or securities are held.

Any moneys in any fund or account or subaccount that are subject to investment yield restrictions may be invested in United States Treasury Securities, State and Local Government Series, pursuant to the regulations of the United States Treasury Department, Bureau of Fiscal Service (the "*Treasury Securities*"). The School Treasurer and agents designated by such officer are hereby authorized to submit on behalf of the District subscriptions for such Treasury Securities and to request redemption of such Treasury Securities.

Section 15. Non-Arbitrage and Tax Exemption. One purpose of this Section is to set forth various facts regarding the Bonds and to establish the expectations of the Board and the District as to future events regarding the Bonds and the use of Bond proceeds. The certifications and representations made herein and at the time of the issuance of the Bonds are intended, and may be relied upon, as certifications and expectations described in Section 1.148-0 et seq. of the

U.S. Treasury Regulations dealing with arbitrage and rebate (the "*Regulations*"). The covenants and agreements contained herein and at the time of the issuance of the Bonds are made for the benefit of the owners from time to time of the Bonds. The Board and the District agree, certify, covenant, and represent as follows:

(a) The Bonds are being issued to pay the costs of the Project and related costs and expenses, and all of the amounts received upon the sale of the Bonds, plus all investment earnings thereon (the "*Proceeds*"), are needed for the purpose for which the Bonds are being issued.

(b) The District has on hand no funds which could legally and practically be used for the Project which are not pledged, budgeted, earmarked or otherwise necessary to be used for other purposes. Accordingly, no portion of the Proceeds will be used (i) directly or indirectly to replace funds of the District or any agency, department, or division thereof that could be used for the Project, or (ii) to replace any proceeds of any prior issuance of obligations by the District.

(c) No portion of the Bonds is being issued solely for the purpose of investing the Proceeds at a Yield higher than the Yield on the Bonds. For purposes of this Section, "*Yield*" means that yield (that is, the discount rate) which when used in computing the present worth of all payments of principal and interest to be paid on an obligation (using semi-annual compounding on the basis of a 360-day year) produces an amount equal to the purchase price of the Bonds, including accrued interest, and the purchase price of the Bonds is equal to the first offering price at which more than 10% of the principal amount of each maturity of the Bonds is sold to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers).

(d) All principal proceeds of the Bonds deposited in the Project Fund and used to pay costs of Project and/or costs of issuance of the Bonds, and any accrued interest and premium received on the delivery of the Bonds will be deposited in the Bond Fund and used to pay the first interest due on the Bonds. Earnings on the investment of moneys in any fund or account or subaccount will be credited to that fund or account or subaccount. Costs of issuance of the Bonds, will be paid directly from other proceeds or from the Project Fund, and no other moneys are expected to be deposited therein. Interest on and principal of the Bonds will be paid from the Bond Fund. No Proceeds will be used more than ninety (90) days after the date of issue of the Bonds for the purpose of paying any principal or interest on any other issue of bonds, notes, certificates or warrants or on any installment contract or other obligation of the District or for the purpose of replacing any funds of the District used for such purpose.

(e) The Bond Fund is established to achieve a proper matching of revenues and earnings with debt service on in each year. Other than any amounts held to pay principal

of matured Bonds that have not been presented for payment, it is expected that any moneys deposited in the Bond Fund will be spent within the 12-month period beginning on the date of deposit therein. Any earnings from the investment of amounts in the Bond Fund will be spent within a one-year period beginning on the date of receipt of such investment earnings. Other than any amounts held to pay principal of matured Bonds that have not been presented for payment, it is expected that the Bond Fund will be depleted at least once a year, except for a reasonable carryover amount not to exceed the greater of (i) one-year's earnings on the investment of moneys in the Bond Fund, or (ii) in the aggregate one-twelfth (1/12th) of the annual debt service on the Bonds.

(f) Other than the Bond Fund and the Project Fund, no funds or accounts have been or are expected to be established, and no moneys or property have been or are expected to be pledged (no matter where held or the source thereof) which will be available to pay, directly or indirectly, the Bonds or restricted so as to give reasonable assurance of their availability for such purposes. No property of any kind is pledged to secure, or is available to pay, obligations of the District to any credit enhancer or liquidity provider.

(g) (i) All amounts on deposit in the Project Fund or the Bond Fund and all Proceeds, no matter in what funds or accounts deposited (the "*Gross Proceeds*"), to the extent not exempted in (ii) below, and all amounts in any fund or account pledged directly or indirectly to the payment of the Bonds which will be available to pay, directly or indirectly, the Bonds or restricted so as to give reasonable assurance of their availability for such purpose contrary to the expectations set forth in (e) and (f) above, shall be invested at market prices and at a Yield not in excess of the Yield on the Bonds plus, for amounts for more than the 3-year temporary period, in the Proceeds Subaccount of the Project Fund for authorized Project work, services or facilities, if any, only, 1/8 of 1%.

(ii) The following may be invested without Yield restriction:

(A) amounts invested in obligations described in Section 103(a) of the Code (but not specified private activity bonds as defined in Section 57(a)(5)(C) of the Code), the interest on which is not includable in the gross income of any registered owner thereof for federal income tax purposes ("*Tax-Exempt Obligations*");

(B) amounts deposited in the Bond Fund that are reasonably expected to be expended within thirteen (13) months from the deposit date and have not been on deposit therein for more than thirteen (13) months;

(C) amounts, if any, in the Project Fund to be applied to authorized work, services or facilities prior to the earlier of completion (or abandonment) of such improvements or three (3) years from the date of issue of the Bonds;

(D) an amount not to exceed the lesser of $100,000 or 5% of Bond proceeds;

(E) all amounts for the first thirty (30) days after they become Gross Proceeds (e.g., date of deposit in any fund or account securing the Bonds);

(F) all amounts derived from the investment of the Proceeds for a period of one (1) year from the date received; and

(G) all amounts in the Proceeds Subaccount for the applicable 3-year temporary period for the Project.

(h) Subject to (q) below, once moneys are subject to the Yield limits of (g)(i) above, such moneys remain Yield restricted until they cease to be Gross Proceeds.

(i) None of the Proceeds will be used, directly or indirectly, to replace funds which were used in any business carried on by any person other than a state or local governmental unit. There are no "management" agreements for any Project facilities.

(j) The payment of the principal of or the interest on the Bonds will not be, directly or indirectly (A) secured by any interest in (i) property used or to be used for a private business use by any person other than a state or local governmental unit, or (ii) payments in respect of such property, or (B) derived from payments (whether or not by or to the District), in respect of property, or borrowed money, used or to be used for a private business use by any person other than a state or local governmental unit.

(k) None of the Proceeds will be used, directly or indirectly, to make or finance loans to persons other than a state or local governmental unit.

(l) No user of any Project, other than a state or local government unit, will use the Project on any basis other than the same basis as the general public, and no person other than a state or local governmental unit will be a user of any Project as a result of (i) ownership, or (ii) actual or beneficial use pursuant to a lease or a management or incentive payment contract, or (iii) any other similar arrangement.

(m) Beginning on the 15th day prior to the Bonds' sale date, the District has not sold or delivered, and will not sell or deliver (nor will it deliver within 15 days after the date of issuance of the Bonds) any other obligations pursuant to a common plan of financing, which will be paid out of substantially the same source of funds (or which will have substantially the same claim to be paid out of substantially the same source of funds) as the Bonds or will be paid directly or indirectly from Proceeds.

(n) No portion of any Project is expected to be sold or otherwise disposed of prior to the last maturity of the Bonds.

(o) The District has not been notified of any disqualification or proposed disqualification of it by the Internal Revenue Service as a bond issuer which may certify bond issues under Section 1.148-0 et seq. of the Regulations.

(p) The Yield restrictions contained in (g) above or any other restriction or covenant contained herein need not be observed and may be changed if the District receives an opinion of Bond Counsel to the effect that such non-observance or change will not adversely affect the tax-exempt status of interest on the Bonds to which the Bonds otherwise are entitled.

(q) The District acknowledges that any changes in facts or expectations from those set forth herein may result in different Yield restrictions or rebate requirements from those set forth herein and that Bond Counsel should be contacted if such changes do occur.

(r) The Board have no reason to believe the facts, estimates, circumstances, and expectations set forth herein are untrue or incomplete in any material respect. On the basis of such facts, estimates, circumstances and expectations, it is not expected that the Proceeds or any other moneys or property will be used in a manner that will cause the Bonds to not at all times outstanding qualify as tax-exempt, or to be hedge bonds, arbitrage bonds or private activity bonds within the meaning of Sections 149(g), 148 or 141 of the Code. To the best of the knowledge and belief of the Board, such expectations are reasonable, and there are no other facts, estimates and circumstances that would materially change such expectations.

The District also agrees and covenants with the registered owners of the Bonds from time to time outstanding that, to the extent possible under Illinois law, it will comply with all present federal tax law and related regulations and with whatever federal tax law is adopted and regulations promulgated in the future which apply to the Bonds and affect the tax-exempt status of the Bonds issued as tax exempt.

Section 16. Reimbursement. A portion of the proceeds of the Bonds may be used to pay, directly or indirectly, in whole or in part, for an expenditure that has been paid by the District prior to the date hereof except architectural or engineering costs incurred prior to commencement of any of the construction of the Project or expenditures for which an intent to reimburse it was properly declared under Treasury Regulations Section 1.150-2. The Initial Resolution is a declaration of official intent under Treasury Regulations Section 1.150-2 as to all costs of the Project paid after the date thereof.

Section 17. Registered Form. The District recognizes that the Bonds are to be issued and to remain in fully registered form. In this connection, the District agrees that it will not take any action to permit the Bonds to be issued in, or converted into, bearer or coupon form.

Section 18. List of Bondholders. The Bond Registrar shall maintain a list of the names and addresses of the Bondholders and upon any transfer shall add the name and address of the new Bondholder and eliminate the name and address of the transferor Bondholder.

Section 19. Duties of Bond Registrar. If requested by the Bond Registrar, the President and Secretary are authorized to execute the Bond Registrar's standard form of agreement between the District and the Bond Registrar with respect to the obligations and duties of the Bond Registrar hereunder which may include the following:

(a) to act as bond registrar, authenticating agent, paying agent and transfer agent as provided herein;

(b) to maintain a list of Bondholders as set forth herein and to furnish such list to the District upon request, but otherwise to keep such list confidential;

(c) to give notice of redemption of Bonds as provided herein;

(d) to cancel and/or destroy Bonds which have been paid at maturity or upon earlier redemption or submitted for exchange or transfer;

(e) to furnish the District at least annually a certificate with respect to Bonds cancelled and/or destroyed; and

(f) to furnish the District at least annually an audit confirmation of Bonds paid, Bonds outstanding and payments made with respect to interest on the Bonds.

Section 20. Continuing Disclosure Undertaking. The President is hereby authorized, empowered and directed to execute and deliver a Continuing Disclosure Undertaking under Section (b)(5) of Rule 15c2-12 adopted by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as supplemented and amended (the "*Undertaking*"). When the Undertaking is executed and delivered on behalf of the District as herein provided, the

Undertaking will be binding on the District and the officers, employees and agents of the District, and the officers, employees and agents of the District are hereby authorized, empowered and directed to do all such acts and things and to execute all such documents as may be necessary to carry out and comply with the provisions of the Undertaking as executed. Notwithstanding any other provision of this Resolution, the sole remedy for failure to comply with the Undertaking shall be the ability of the beneficial owner of any Bond to seek mandamus or specific performance by court order to cause the District to comply with its obligations under the Undertaking.

Section 21. Municipal Bond Insurance. In the event the payment of principal and interest on the Bonds is insured pursuant to a municipal bond insurance policy (the "*Municipal Bond Insurance Policy*") issued by a bond insurer (the "*Bond Insurer*"), and as long as such Municipal Bond Insurance Policy shall be in full force and effect, the District and the Bond Registrar agree to comply with such usual and reasonable provisions regarding presentment and payment of the Bonds, subrogation of the rights of the Bondholders to the Bond Insurer upon payment of the Bonds by the Bond Insurer, amendment hereof, or other terms, as approved by the President of the Board on advice of counsel, his or her approval to constitute full and complete acceptance by the District of such terms and provisions under authority of this Section.

Section 22. Severability. If any section, paragraph, clause or provision of this Resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Resolution.

The Board of Education desires that its individual members learn, understand, and practice effective governance principles. The Board is responsible for Board member orientation and development. The Board President and/or Superintendent shall provide all Board members with information regarding pertinent education materials, publications, and notices of training or development.

Mandatory Board Member Training

Each Board member is responsible for his or her own compliance with the mandatory training laws that are described below:

1. Each Board member elected or appointed to fill a vacancy of at least one year's duration must complete at least four hours of professional development and leadership training in: (1) education and labor law; (2) financial oversight and accountability; (3) fiduciary responsibilities; (4) trauma-informed practices for students and staff; and (5) improving student outcomes, within the first year of his or her first term.
2. Each Board member must complete training on the Open Meetings Act (OMA) no later than 90 days after taking the oath of office for the first time. After completing the training, each Board member must file a copy of the certificate of completion with the Board. Training on OMA is only required once.
3. Each Board member must complete a training program on evaluations under the Performance Evaluation Reform Act (PERA) before participating in a vote on a tenured teacher's dismissal using the optional alternative evaluation dismissal process. ~~This dismissal process is available after the District's PERA implementation date.~~ PRESSPlus1

The Superintendent or designee shall post on the District website the names of all Board members who have completed the professional development leadership training described in number 1, above.

2:270 Discrimination and Harassment on the Basis of Race, Color, and National Origin Prohibited

Discrimination and harassment on the basis of race, color, or national origin negatively affect a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from such discrimination and harassment is an important District goal. The District does not discriminate on the basis of actual or perceived race, color, or national origin in any of its education programs or activities, and it complies with federal and State non-discrimination laws.

Examples of Prohibited Conduct

Examples of conduct that may constitute discrimination on the basis of race, color, or national origin include: disciplining students more harshly and frequently because of their race, color, or national origin; denying students access to high-rigor academic courses, extracurricular activities, or other educational opportunities based on their race, color, or national origin; denying language services or other educational opportunities to English learners; and assigning students special education services based on a student's race, color, or national origin.

Harassment is a form of prohibited discrimination. Examples of conduct that may constitute harassment on the basis of race, color, or national origin include: the use of racial, ethnic or ancestral slurs or stereotypes; taunts; name-calling; offensive or derogatory remarks about a person's actual or perceived race, color, or national origin; the display of racially-offensive symbols; racially-motivated physical threats and attacks; or other hateful conduct.

Making a Report or Complaint; Investigation Process

Individuals are encouraged to promptly report claims or incidentsces PRESSPlus1 of discrimination or harassment based on race, color, or national origin to the Nondiscrimination Coordinator, a Complaint Manager, or any employee with whom the student is comfortable speaking. Reports under this policy will be processed under Board policy 2:260, *Uniform Grievance Procedure*.

Any District employee who receives a report or complaint of discrimination or harassment must promptly forward the report or complaint to the Nondiscrimination Coordinator or a Complaint Manager. Any employee who fails to promptly comply may be disciplined, up to and including discharge.

Reports and complaints of discrimination or harassment will be confidential to the greatest extent practicable, subject to the District's duty to investigate and maintain an educational environment that is productive, respectful, and free of unlawful discrimination, including harassment.

This policy does not impair or otherwise diminish the existing rights of unionized employees to request an exclusive bargaining representative to be present during any investigatory interviews, nor does this policy diminish any rights available under an applicable collective bargaining agreement, including, but not limited to, a grievance procedure.

Federal and State Agencies

If the District fails to take necessary corrective action to stop harassment based on race, color, or national origin, further relief may be available through the Ill. Dept. of Human Rights (IDHR) or the U.S. Dept. of Education's Office for Civil Rights. To contact IDHR, go to: https://dhr.illinois.gov/about-us/contact-idhr.html or call (312) 814-6200 (Chicago) or (217) 785-5100 (Springfield).

Prevention and Response Program

The Superintendent or designee shall establish a prevention and response program to respond to complaints of discrimination based on race, color, and national origin, including harassment, and retaliation. The program shall include procedures for responding to complaints which:

1. Reduce or remove, to the extent practicable, barriers to reporting discrimination, harassment, and retaliation;
2. Permit any person who reports or is the victim of an incident of alleged discrimination, harassment, or retaliation to be accompanied when making a report by a support individual of the person's choice who complies with the District's policies and rules;
3. Permit anonymous reporting, except that an anonymous report may not be the sole basis of any disciplinary action;
4. Offer remedial interventions or take such disciplinary action as may be appropriate on a case-by-case basis;
5. Offer, but do not require or unduly influence, a person who reports or is the victim of an incident of harassment or retaliation the option to resolve allegations directly with the accused; and
6. Protects a person who reports or is the victim of an incident of harassment or retaliation from suffering adverse consequences as a result of a report of, investigation of, or a response to the incident.

Policy Posting and Distribution

This policy shall be posted on the District's website. The Superintendent shall annually inform staff members of this policy by posting it in a prominent and accessible location such as the District website, employee handbook, staff intranet site, and/or in other areas where policies and rules of conduct are made available to staff. The Superintendent shall annually inform students and their parents/guardians of this policy by posting it on the District's website and including an age-appropriate summary of the policy in the student handbook(s).

Enforcement

Any District employee who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, up to and including discharge.

Any District student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, including but not limited to, suspension and expulsion consistent with Board policy 7:190, *Student Behavior*.

Any third party who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be addressed in accordance with the authority of the Board in the context of the relationship of the third party to the District, e.g., vendor, parent, invitee, etc. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to remedial and/or disciplinary action.

Retaliation Prohibited

Retaliation against any person for bringing complaints, participating in the complaint process, or

otherwise providing information about discrimination or harassment based on race, color, or national origin is prohibited (see Board policy 2:260, *Uniform Grievance Procedure*).

Individuals should report allegations of retaliation to the Building Principal, an administrator, the Nondiscrimination Coordinator, and/or a Complaint Manager.

Notification

The Superintendent shall ensure that a notice of waiver applicability is provided to parents/guardians with every bill for fees and/or fines, and that applications for waivers are widely available and distributed according to State law and Ill. State Board of Education (ISBE) rule and that provisions for assisting parents/guardians in completing the application are available.

2. The student's parents/guardians are veterans or active-duty military personnel with income at or below 200% of the federal poverty line; or
3. The student is homeless, as defined in the McKinney-Vento Homeless Assistance Act (42 U.S.C. §11434a).

The Superintendent or designee will give additional consideration when one or more of the following factors are present:

- Illness in the family;

- Unemployment;
- Emergency situations;
- When one or more of the parents/guardians are involved in a work stoppage.

Verification

The Superintendent or designees shall establish a process for determining a student's eligibility for a waiver of fees and fines in accordance with State law requirements.

Determination and Appeal

Within 30 calendar days after the receipt of a waiver request, the Superintendent or designee shall mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice shall include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. 5:90 Abused and Neglected Child Reporting

Any District employee who suspects or receives knowledge that a student may be an abused or neglected child or, for a student aged 18 through 22, an abused or neglected individual with a disability, shall immediately report or cause a report to be made to the Ill. Dept. of Children and Family Services (DCFS) on its Child Abuse Hotline 1-800-25-ABUSE (1-800-252-2873) (within Illinois); 1-217-524-2606 (outside of Illinois); or 1-800-358-5117 (TTY). Any District employee who believes a student is in immediate danger of harm, shall first call 911. The employee shall also promptly notify the Superintendent or Building Principal that a report has been made. The Superintendent or Building Principal shall immediately coordinate any necessary notifications to the student's parent(s)/guardian(s) with DCFS, the applicable school resource officer (SRO), and/or local law enforcement.

Negligent failure to report occurs when a District employee personally observes an instance of suspected child abuse or neglect and reasonably believes, in his or her professional or official capacity, that the instance constitutes an act of child abuse or neglect under the Abused and Neglected Child Reporting Act (ANCRA) and he or she, without willful intent, fails to immediately report or cause a report to be made of the suspected abuse or neglect to DCFS.

Any District employee who discovers child sexual abuse material ~~pornography~~ PRESSPlus1 on *electronic and information technology equipment*, as defined in 325 ILCS 5/4.5(a), shall immediately report it to local law enforcement, the National Center for Missing and Exploited Children's CyberTipline 1-800-THE-LOST (1-800-843-5678) or online at report.cybertip.org/ or www.missingkids.org. The Superintendent or Building Principal shall also be promptly notified of the discovery and that a report has been made.

Any District employee who observes any act of hazing that does bodily harm to a student must report that act to the Building Principal, Superintendent, or designee who will investigate and take appropriate action. If the hazing results in death or great bodily harm, the employee must first make the report to law enforcement and then to the Superintendent or Building Principal. Hazing is defined as any intentional, knowing, or reckless act directed to or required of a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any group, organization, club, or athletic team whose members are or include other students.

Abused and Neglected Child Reporting Act (ANCRA), School Code, and *Erin's Law* Training

The Superintendent or designee shall provide staff development opportunities for District employees in the detection, reporting, and prevention of child abuse and neglect.

All District employees shall:

1. Before beginning employment, sign the *Acknowledgement of Mandated Reporter Status* form provided by DCFS. The Superintendent or designee shall ensure that the signed forms are retained.
2. Complete mandated reporter training as required by law within three months of initial employment and at least every three years after that date.

3. Complete an annual evidence-informed training related to child sexual abuse, grooming behaviors (including *sexual misconduct* as defined in *Faith's Law*), and boundary violations as required by law and policy 5:100, *Staff Development Program*.

Alleged Incidents of Sexual Abuse; Investigations

An *alleged incident of sexual abuse* is an incident of sexual abuse of a child, as defined in 720 ILCS 5/11-9.1A, that is alleged to have been perpetrated by school personnel, including a school vendor or volunteer, that occurred: on school grounds during a school activity; or outside of school grounds or not during a school activity.

If a District employee reports an alleged incident of sexual abuse to DCFS and DCFS accepts the report for investigation, DCFS will refer the matter to the local Children's Advocacy Center (CAC). The Superintendent or designee will implement procedures to coordinate with the CAC.

DCFS and/or the appropriate law enforcement agency will inform the District when its investigation is complete or has been suspended, as well as the outcome of its investigation. The existence of a DCFS and/or law enforcement investigation will not preclude the District from conducting its own parallel investigation into the alleged incident of sexual abuse in accordance with Board policy 7:20, *Harassment of Students Prohibited*.

Special Superintendent Responsibilities

The Superintendent shall execute the requirements in Board policy 5:150, *Personnel Records*, whenever another school district requests a reference concerning an applicant who is or was a District employee and was the subject of a report made by a District employee to DCFS.

When the Superintendent has reasonable cause to believe that a license holder (1) committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child under ANCRA or an act of sexual misconduct under *Faith's Law*, and (2) that act resulted in the license holder's dismissal or resignation from the District, the Superintendent shall notify the State Superintendent and the appropriate Intermediate Service Center Executive Director in writing, providing the Ill. Educator Identification Number as well as a brief description of the misconduct alleged. The Superintendent must make the report within 30 days of the dismissal or resignation and mail a copy of the notification to the license holder.

The Superintendent shall develop procedures for notifying a student's parents/guardians when a District employee, contractor, or agent is alleged to have engaged in sexual misconduct with the student as defined in *Faith's Law*. The Superintendent shall also develop procedures for notifying the student's parents/guardians when the Board takes action relating to the employment of the employee, contractor, or agent following the investigation of sexual misconduct. Notification shall not occur when the employee, contractor, or agent alleged to have engaged in sexual misconduct is the student's parent/guardian, and/or when the student is at least 18 years of age or emancipated.

The Superintendent shall execute the recordkeeping requirements of *Faith's Law*.

Special Board of Education Member Responsibilities

Each individual Board member must, if an allegation is raised to the member during an open or closed Board meeting that a student is an abused child as defined in ANCRA, direct or cause the Board to direct the Superintendent or other equivalent school administrator to comply with ANCRA's requirements concerning the reporting of child abuse.

If the Board determines that any District employee, other than an employee licensed under 105 ILCS

5/21B, has willfully or negligently failed to report an instance of suspected child abuse or neglect as required by ANCRA, the Board may dismiss that employee immediately.

When the Board learns that a licensed teacher was convicted of any felony, it must promptly report it to the State agencies listed in Board policy 2:20, *Powers and Duties of the Board of Education; Indemnification*.

A substitute teacher must hold either a valid teaching or substitute license and may teach in the place of a licensed teacher who is under contract with the Board. There is no limit on the number of days that a substitute teacher may teach in the District during the school year, except as follows:

PRESSPlus Comments

PRESSPlus 1. Updated in response to Mahmoud v. Taylor, 145 S.Ct. 2332 (2025), holding that classroom instruction will likely burden parents' free exercise rights if it requires their children to submit to instruction "that poses 'a very real threat of undermining' the religious beliefs and practices that the parents wish to instill." Unless otherwise required by law, it is unclear from Mahmoud whether a district would ever need to give advance notice to all parents/guardians of the use of certain curriculum or instructional materials that could trigger religious objections. Doing so could present discrimination concerns. Given the many unsettled legal issues in this area and the fact-dependent nature of the analysis involved, boards should consult with the board attorney regarding any curriculum objections. **Issue 120, October 2025**

6:280 Grading and Promotion

The Superintendent or designee shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, and performance on the standardized tests required by the Ill. State Board of Education (ISBE) and/or other assessments. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.[PRESSPlus1]

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores,
- A technical error in assigning a particular grade or score,
- The teacher agrees to allow the student to do extra work that may impact the grade,
- An inappropriate grading system used to determine the grade, or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

- Compare the adopted version to the current PRESS sample (available at PRESS Online by logging in at www.iasb.com), discussing any differences and/or options noted in the footnotes to determine whether local changes are necessary

- Update the policy language due to changes in local conditions
- Make no changes, but update the adoption date to reflect that the policy has been reviewed and re-adopted

1. District courses
2. Non-District experiences described in this policy
3. Classes in a program established under Section 10-22.20 of the School Code, in accordance with the standards established by the Illinois Community College Board

The Superintendent or designee may investigate, coordinate, and implement a program for students in grades 7 and 8 to enroll in a course required for a high school diploma.

If a program is available, students in grades 7 and 8 may enroll in a course required for a high school diploma when the course is offered by the high school that the elementary student would attend and ~~either~~one of the following is satisfied: (1) the student participates in the course at the high school and the elementary student's enrollment in the course would not prevent a high school student from being able to enroll, or (2) the student participates in the course where the student attends school as long as the student passes the course and the end-of-course examination given at the high school granting the credit for the same course, demonstrating proficiency at the high school level,[PRESSPlus1] or (3) the course is taught by a teacher who holds a professional educator license with an endorsement for the grade level and content area of the course.

A student who successfully completes a course required for a high school diploma while in grades 7 and 8 shall receive academic credit for the course. That academic credit shall satisfy the requirements of ~~Section 27-22 of the School Code~~105 ILCS 5/27-615 for purposes of receiving a high school diploma, unless evidence about the course's rigor and content show that the course did not address the relevant Illinois learning standard at the level appropriate for the high school grade during which the course is usually taken. 6:320 High School Credit for Proficiency

Proficiency Credits

Subject to the limitations in this policy and State law, the Superintendent or designee is authorized to establish and approve a program for granting credit for proficiency with the goal of allowing a student who would not benefit from a course because the student is proficient in the subject area to receive credit without having to take the course. A student who demonstrates competency under this program will receive course credit for the applicable course and be excused from any requirement to take the course as a graduation prerequisite. No letter grade will be given for purposes of the student's cumulative grade point average. The Superintendent or designee shall notify students of the availability of and requirements for receiving proficiency credit.

Proficiency credit will be offered in the following subject areas:

Foreign language - A student is eligible to receive one year of foreign language credit if the student has graduated from an accredited elementary school and can demonstrate proficiency, according to this District's academic criteria, in a language other than English. A student who demonstrates proficiency in American Sign Language is deemed proficient in a foreign language and will receive one year of foreign language credit. A student who studied a foreign language in an approved ethnic school program is eligible to receive appropriate credit according to the level of proficiency reached; the student may be required to take a proficiency examination.

Other proficiency testing - The program for granting credit for proficiency may allow, as the Superintendent deems appropriate, course credit to be awarded on the basis of a local examination to a student who has achieved the necessary proficiency through independent study or work taken in or through another institution. Proficiency testing may also be used to determine eligible credit for other subjects whenever students enter from non-graded schools, non-recognized or non-accredited schools, or were in a home-schooling program.

7:150 Agency and Law Enforcement Requests

Title has been updated. Original Title: Agency and Police Interviews

The District recognizes the right of every student to equal access to a free public education under State and federal law, consistent with Board policy 7:10, *Equal Educational Opportunities*. District administrators and staff stand *in loco parentis* when government agency and law enforcement authority requests occur at school.[PRESSPlus1]

Federal and State Law Requirements Regarding Citizenship and Immigration Status in Schools[PRESSPlus2]

No student shall be denied an education based on the student's, or their parent's/guardian's, actual or perceived citizenship or immigration status. Based on such status, the District will not:

1. Exclude a student from participating in, or deny them the benefits of, any District program or activity.
2. Use policies or procedures or engage in practices that have the effect of excluding a student from participating in or denying the benefits of any District program or activity.
3. Use policies or procedures or engage in practices that have the effect of excluding participation of a student's parent(s)/guardian(s) from District parental engagement activities or programs.
4. Threaten to disclose information related to the actual or perceived citizenship or immigration status of a student or a person associated with the student to any other person, entity, or immigration or law enforcement agency.
5. Disclose information related to the perceived citizenship or immigration status of a student or a person associated with the student to any other person, entity, or immigration or law enforcement agency if the District does not have direct knowledge of the student's or associated person's actual citizenship or immigration status, subject to the requirements in 105 ILCS 5/22-105(c)(3).[PRESSPlus3]
6. Disclose information related to the actual citizenship or immigration status of a student or a person associated with the student to any other person or nongovernmental entity if the District has direct knowledge of the student's or associated person's actual citizenship status, subject to the requirements in 105 ILCS 5/22-105(c)(3).

State law does not prohibit or restrict the District from sending or receiving information about the citizenship or immigration status of an individual to or from the U.S. Dept. of Homeland Security or any other governmental entity under 8 U.S.C. §§1373 and 1644.

Responding to Agency and Law Enforcement Requests[PRESSPlus4]

The Superintendent shall develop procedures to manage requests by government agencies or law enforcement authorities regarding students at school. Procedures will:

1. Recognize individual student rights and privacy.

2. Recognize the potential impact the release of information or an interview may have on an

individual student.

3. Minimize potential disruption.
4. Foster a cooperative relationship with government agencies and law enforcement authorities.
5. Maintain discipline and recognize that school employees stand in the relationship of the parents/guardians to the students during the school day.
6. Comply with State law including, but not limited to, ensuring that before a law enforcement agent, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the Superintendent or designee will:PRESSPlus5
   a. Notify or attempt to notify the student's parent(s)/guardian(s) and document the time and manner in writing;
   b. Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that school employees (including, but not limited to, a school social worker, psychologist, nurse, counselor, or any other mental health professional) are present during the questioning; and
   c. If practicable, make reasonable efforts to ensure a trained law enforcement officerPRESSPlus6 to promote safe interactions and communications with the student is present during questioning.
7. Manage reviewing and authorizing requests from law enforcement agents attempting to enter a school or school facility, in accordance with the requirements of 105 ILCS 5/22-105(c)(4).PRESSPlus7

PRESSPlus Comments

PRESSPlus 1. This policy is renamed and rewritten in response to 105 ILCS 5/22-105, added by

P.A. 104-288, eff. 1-1-26, requiring districts to establish a policy by 7-1-26 regarding agency and law enforcement requests at school, and for continuous improvement. See the footnotes of this sample policy for more information, available at PRESS Online by logging in at www.iasb.com.

By 7-1-26, districts are also required to develop procedures for reviewing and authorizing requests from *lawenforcement agents* attempting to enter a school or school facility. 105 ILCS 5/22-105(b), added by P.A. 104-288, eff. 1-1-26, defines *lawenforcement agent* as "an agent of federal, State, or local law enforcement authorized with the power to arrest or detain individuals or manage the custody of detained individuals for a law enforcement purpose, including civil immigration enforcement." *Law enforcement agent* does not include a school resource officer as defined in 105 ILCS 5/10-20.68. Id. See sample administrative procedure 7:150-AP, *Managing Agency and LawEnforcement Requests*. **Issue 120, October 2025**

PRESSPlus 2. Required by 105 ILCS 5/22-105(d), added by P.A. 104-288, eff. 1-1-26. **Issue 120, October 2025**

PRESSPlus 3. Districts must also still comply with federal and State laws, e.g., FERPA and the Ill. School Student Records Act, governing the disclosure of student records or information. **Consult the board attorney regarding legal requirements when requests are received from federal law enforcement agencies. Issue 120, October 2025**

PRESSPlus 4. With the exception of items #6 and #7, the listed standards for procedures are at the local school board's discretion and may be omitted. For procedures addressing #1-6, refer to the *Guidelines for Interviews of Students*, published by the Ill. Council of School Attorneys (*ICSA Guidelines*) at: www.iasb.com/policy-services-and-school-law/guidance-and-resources/guidelines-for-interviews-of-students/ in consultation with the board attorney. For procedures addressing the items listed in #7, refer to sample administrative procedure 7:150-AP, *Managing Agency and Law Enforcement Requests*, available at PRESS Online by logging in at www.iasb.com, in consultation with the board attorney. Procedures covering item #7 are required by 105 ILCS 5/22-105, added by P.A. 104-288, eff. 1-1-26, and must be implemented by 7-1-26. **Issue 120, October 2025**

PRESSPlus 5. 105 ILCS 5/22-88. The statute does not specifically assign these duties to a school official, but instead states that "a law enforcement officer, school resource officer, or other school security personnel" must ensure these conditions are met before detaining and questioning a student on school grounds. For ease of implementation, this policy assigns these duties to a school official as they routinely contact parents/guardians and can arrange for the presence of school personnel during an interview. See the *ICSA Guidelines* for further discussion of school officials' responsibilities when law enforcement authorities interview students at school. **Issue 120, October 2025**

PRESSPlus 6. A *trained lawenforcement officer* is someone who: (1) received training in youth investigations approved or certified by his/her law enforcement agency or under 50 ILCS 705/10.22, or (2) is a juvenile police officer per 705 ILCS 405/1-3(17). 105 ILCS 5/22-88(b)(4). **Issue 120, October 2025**

PRESSPlus 7. 105 ILCS 5/22-105(c)(4), added by P.A. 104-288, eff. 1-1-26, requires a district to develop procedures that: (1) designate authorized personnel at the school and the superintendent's

office or school administrative office who may contact the board attorney, (2) require the designated authorized person and board attorney to work together to review requests from law enforcement agents to enter a school or school facility, including under judicial warrants, nonjudicial warrants, and subpoenas, (3) require the designated authorized personnel to monitor or accompany and to document all interactions with law enforcement agents while on the school's premises, and (4) require the designated authorized person to notify and seek consent from a student's parent/guardian, or from the student if the student is 18 years old or older or emancipated, if a law enforcement agent requests access to a student for immigration enforcement purposes, unless such access is in compliance with a judicial warrant or subpoena that restricts the disclosure of the information to the student's parent/guardian.

Regarding requirement #2 in the paragraph immediately above, ensure that the superintendent's authority to designate others to contact the board attorney aligns with policy 2:160, *Board Attorney*. The superintendent will need to work with the board attorney to create a list of administrators authorized to consult directly with the board attorney if any agency or law enforcement request is received. Factors to consider when drafting this list include: the type of request received, the type of agency or law enforcement unit making the request, whether or not a warrant is presented, and whether or not exigent circumstances are claimed. **Issue 120, October 2025**

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness, attendance at a verified medical or therapeutic appointment (including a victim services provider), observance of a religious holiday, death in the immediate family, attendance at a civic event in accordance with 105 ILCS 5/26-1 and 5/26-29, family emergency, other situations beyond the control of the student as determined by the Board, other circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, or other reason as approved by the Superintendent or designee. For students who are parents, expectant parents, or victims of domestic or sexual violence, valid cause for absence also includes the fulfillment of a parenting responsibility and addressing circumstances resulting from domestic or sexual violence.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with the School Code and Board of Education policy. The program shall include but not be limited to:

2. A protocol for excusing a student in grades 9 through 12 from attendance to sound *Taps* at a military honors funeral held in Illinois for a deceased veteran.
3. A protocol for excusing a student from attendance on a particular day(s) or at a particular time of day when his/her parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings.

6. The identification of supportive services that may be offered to truant, chronically truant, or chronically absent students, including parent-teacher conferences, student and/or family counseling, and information about available community services relevant to such students' needs. See Board policy 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*.
7. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate appropriate Intermediate Service Center, if truancy continues after supportive services have been offered.
8. A protocol for cooperating with non-District agencies including County or municipal authorities, the appropriate Intermediate Service Center, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, *Student Records*, as well as State and federal law concerning school student records.
9. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a chronic truant for his or her truancy unless available supportive services and other school resources have been provided to the student.
10. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies.
11. An approval process for students to attend activities allowed under 105 ILCS 5/10-19.05(k), including provisions for making up missed coursework that do not penalize students.PRESSPlus1
12. A process for a 17 year old resident to participate in the District's various programs and resources for truants. The student must provide documentation of his/her dropout status for the previous six months. A request from an individual 19 years of age or older to re-enroll after having dropped out of school is handled according to provisions in 7:50, *School Admissions and Student Transfers To and From Non-District Schools*.
13. A process for the temporary exclusion of a student 17 years of age or older for failing to meet minimum academic or attendance standards according to provisions in State law. A parent/guardian has the right to appeal a decision to exclude a student.

7:180 Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, order of protection status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any nonschool-related activity, function, or program.

Definitions from 105 ILCS 5/22-110~~27-23.7~~PRESSPlus1

Artificial intelligence means a machine-based system that, for explicit or implicit objectives, infers, from the input it receives, how to generate outputs such as predictions, content, recommendations, or decisions that can influence physical or virtual environments. *Artificial intelligence* includes generative artificial intelligence.

Bullying includes *cyberbullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, posting or distributing sexually explicit images, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyberbullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the posting or distribution of an unauthorized digital replica by electronic means if the posting or distribution creates any of the effects enumerated in the definition of *bullying*.PRESSPlus2

Digital replica means a newly created, electronic representation of the identity of an actual individual created using a computer, algorithm, software, tool, artificial intelligence, or other technology that is fixed in a sound recording or audiovisual work in which that individual did not actually perform or appear and that is so realistic that a reasonable observer would believe it is a performance by the individual being portrayed and no other individual.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school, and (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the Ill. Human Rights Act.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Unauthorized digital replica means the use of a digital replica of an individual without the consent of the depicted individual.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below.

1. The District uses the definition of *bullying* as provided in this policy.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free

expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.

3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Title IX Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.

4. Consistent with federal and State laws and rules governing student privacy rights, the parents/guardians of all students involved in an alleged incident of bullying will be notified of such, along with threats, suggestions, or instances of self-harm determined to be the result of bullying, within 24 hours after the school's administration is made aware of the student's involvement in the incident. As appropriate, the school's administration shall also discuss the availability of social work services, counseling, school psychological services, other interventions, and restorative measures. The school shall make diligent efforts to notify a parent or legal guardian, utilizing all contact information the school has available or that can be reasonably obtained within the 24-hour period.
5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:

    a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported bullying incident.
    b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.

c. Notifying the Building Principal or school administrator or designee of the reported incident of bullying as soon as possible after the report is received.
d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Building Principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

6. The Superintendent or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
7. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. Any person's act of reprisal or retaliation will be subject to disciplinary action, up to and including discharge with regard to employees, or suspension and/or expulsion with regard to students.
8. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, a person who is found to have falsely accused another of bullying, as a means of retaliation, as a means of bullying, or provided false information will be treated as either: (a) *bullying*, (b) student discipline up to and including suspension and/or expulsion, and/or (c) both (a) and (b) for purposes of determining any consequences or other appropriate remedial actions.
9. The District's bullying prevention and response plan is based on the engagement of a range of school stakeholders, including students and parents/guardians.
10. The Superintendent or designee shall post this policy on the District's publicly accessible website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
11. Pursuant to State law and Board policy 2:240, *Board Policy Development*, the Board monitors this policy every two years by conducting a review and re-evaluation of this policy to make any necessary and appropriate revisions. The Superintendent or designee shall assist the Board with its re-evaluation and assessment of this policy's outcomes and effectiveness. Updates to this policy will reflect any necessary and appropriate revisions. This process shall include, without limitation:

    a. The frequency of victimization;
    b. Student, staff, and family observations of safety at a school;
    c. Identification of areas of a school where bullying occurs;
    d. The types of bullying utilized; and
    e. Bystander intervention or participation.

    The evaluation process may use relevant data and information that the District already collects for other purposes. Acceptable documentation to satisfy the re-evaluated policy submission include one of the following:

        1) An updated version of the policy with the amendment/modification date specifying the

date of adoption (indicated by month, date, and year)[PRESSPlus3] included in the reference portion of the policy;

2) If no revisions are deemed necessary, a copy of Board minutes indicating that the policy was re-evaluated and no changes were deemed to be necessary; or

3) A signed statement from the Board President indicating that the Board re-evaluated the policy and no changes to it were necessary.

The Superintendent or designee must post the information developed as a result of the policy re-evaluation on the District's website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students. Reviews and re-evaluations in years they are due must be submitted to ISBE by September 30.

12. The Superintendent or designee shall fully implement the Board policies, including without limitation, the following:
    a. 2:260, *Uniform Grievance Procedure*. A student may use this policy to complain about bullying.
    b. 2:265, *Title IX Grievance Procedure*. Any person may use this policy to complain about sexual harassment in violation of Title IX of the Education Amendments of 1972.
    c. 2:270, *Discrimination and Harassment on the Basis of Race, Color, and National Origin Prohibited*. Any person may use this policy to complain about discrimination or harassment on the basis of race, color, or national origin in violation of Title VI of the Civil Rights Act of 1964 and/or the Illinois Human Rights Act.
    d. 6:60, *Curriculum Content*. Bullying prevention and character instruction is provided in all grades in accordance with State law.
    e. 6:65, *Student Social and Emotional Development*. Student social and emotional development is incorporated into the District's educational program as required by State law.
    f. 6:235, *Access to Electronic Networks*. This policy states that the use of the District's electronic networks is limited to: (1) support of education and/or research, or (2) a legitimate business use.
    g. 7:20, *Harassment of Students Prohibited*. This policy prohibits *any* person from harassing, intimidating, or bullying a student based on an identified actual or perceived characteristic (the list of characteristics in 7:20 is the same as the list in this policy).
    h. 7:185, *Teen Dating Violence Prohibited*. This policy prohibits teen dating violence on school property, at school sponsored activities, and in vehicles used for school-provided transportation.
    i. 7:190, *Student Behavior*. This policy prohibits, and provides consequences for, hazing, bullying, or other aggressive behaviors, or urging other students to engage in such conduct.

7:190 Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and *Where* Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:

    a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).
    b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
    c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
    d. Any prescription drug when not prescribed for the student by a physician or licensed

practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*.

e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.

f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.

g. Look-alike or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.

h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the **Weapons** section of this policy, or violating the **Weapons** section of this policy.
5. Using or possessing an electronic paging device.
6. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered off or silenced during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP) or Section 504 plan; (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
7. *Sexting*, which, for purposes of this policy, is the act of creating, sending, sharing, viewing, receiving, or possessing sexually explicit messages, images, or videos electronically, regardless of whether they are authentic or computer-generated, through the use of a computer, electronic communication device, or cellular phone. Sexting also includes creating, sending, sharing, viewing, receiving, or possessing *indecent visual depictions*, *non-consensual dissemination of private sexual images*, and *non-consensual dissemination of sexually explicit digitized depictions*, as defined in State law.
8. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.

9. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
10. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, using a writing service and/or generative artificial intelligence technology in place of original work unless specifically authorized by staff, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
11. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
12. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
13. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
14. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
15. Entering school property or a school facility without proper authorization.
16. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
17. Being absent without a recognized excuse; State law and Board of Education policy regarding truancy control will be used with chronic and habitual truants.
18. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
19. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
20. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
23. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
24. Failing to comply with the mandatory uniform policy, but only after repeated attempts to secure

compliance, such as conferences with parents/guardians, have been unsuccessful.

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended shall also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who

has been expelled shall also be restricted from being on school grounds and at school activities.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. Students enrolled in the District's State-funded preschool program(s) may be temporarily removed or transitioned to a new program in accordance with federal and State law. State law prohibits the expulsion of students from the program(s).

Corporal punishment is prohibited in all circumstances. *Corporal punishment* is defined as a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim to halt an offense, prevent its recurrence, or set an example for others. It includes slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as permitted by 105 ILCS 5/10-20.33.

Isolated Time Out, Time Out, and Physical Restraint

The district prohibits the use of isolated time out, time out, and physical restraint, as defined in 105 ILCS 5/10-20.33.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A *firearm*, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 2012 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any *firearm* as defined above.

The expulsion requirement under either paragraph one or two above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on ~~or around~~ school grounds, becomes aware of any person in possession of a firearm on school grounds, or becomes aware of any threat of gun violence on school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member or is subject to a battery. *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Upon receiving a report of (1), above, the Building Principal or designee shall immediately notify local law enforcement. If the report of (1), above, pertains to a threat of firearm violence made by a student, the Building Principal or designee shall attempt to notify the student's parent/guardian as soon as possible and shall further attempt to contact the parent/guardian to ensure that the student does not have access to a firearm.[PRESSPlus1] In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee and, if a student is reportedly in possession of a firearm or threatens firearm violence, also any involved student's parent/guardian.

Upon receiving a report on any of the above (1)-(3), the Superintendent or designee shall immediately notify local law enforcement. The Superintendent or designee shall also report these incidents to ISBE through its web-based School Incident Reporting System as they occur during the year and no later than July 31 for the preceding school year.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other licensed educational employees, and any other persons (whether or not a licensed employee) providing a related service for or with respect to a student, may only use reasonable force as permitted by 105 ILCS 5/10-20.33. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.
