Passing Score: 70

#	Indicator Description	Updated	Score
1	Was the complete annual financial report (AFR) and data submitted to the TEA on or before February 27, 2026?	6/4/2026 6:18:41 PM	Yes
2	Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)	6/4/2026 6:18:41 PM	Yes
3	Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (= person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)	6/4/2026 6:18:41 PM	Yes

4	Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies? (If the school district received a warrant hold and the warrant hold was not cleared within 30 days from the date the warrant hold was issued, the school district is considered to not have made timely payments and will fail critical indicator 4. If the school district was issued a warrant hold, the maximum points and highest rating that the school district may receive is 95 points, A = Superior Achievement, even if the issue surrounding the initial warrant hold was resolved and cleared within 30 days.)	6/4/2026 6:18:41 PM	Yes Ceiling Passed

5	Was the total net position in the governmental activities column in the Statement of Net Position (net of accretion of interest and premiums for capital appreciation bonds, net pension liability, and other post-employment benefits) greater than zero? (If it is not, the maximum points and highest rating that the school district may receive is 79 points, C = Meets Standard Achievement, unless the school district has an increase of students in membership over 5 years of 7 percent or more or 1,000 or more students in membership. If the school district has an increase of students in membership over 5 years of 7 percent or more or 1,000 or more students in membership, the maximum points and highest rating that the school district may receive is 89 points, B = Above Standard Achievement.)	6/4/2026 6:18:41 PM	Ceiling Passed
6	Was the average change in (assigned and unassigned) fund balances over 3 years less than a 25 percent decrease or did the current year's assigned and unassigned fund balances exceed 75 days of operational expenditures? (If the school district fails indicator 6, the maximum points and highest rating that the school district may receive is 89 points, B = Above Standard Achievement.)	6/4/2026 6:18:41 PM	Ceiling Passed
7	Was the number of days of cash on hand and current investments in the general fund for the school district sufficient to cover operating expenditures (excluding facilities acquisition and construction)? See ranges below in the Determination of Points section.	6/4/2026 6:18:41 PM	10

11	Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? (If the school district's increase of students in membership over 5 years was 7 percent or more or 1,000 or more students in membership, then the school district passes this indicator.)	6/4/2026 6:18:41 PM	10
12	What is the correlation between future debt requirements and the district's assessed property value?	6/4/2026 6:18:41 PM	10

Report/Discussion Items

27735 **Discussion of the 2026-2027 ECISD Campus Improvement Plans**: Chief School Leadership Officer Mauricio Marquez opened this item for discussion. Each school, regardless of its accountability rating, is required to develop a Campus Improvement Plan (CIP) annually. This plan serves as a blueprint for how each campus will address its unique needs, as identified through their comprehensive needs assessment.

Executive Director of Leadership Julie Marshall provided Trustees with a review of the CIP development process, which begins with the needs assessment and leads to the creation of problem statements that reflect current data. These statements are aligned with school board goals and inform the development of performance objectives - the specific targets each school aims to achieve. Finally, strategies are outlined to meet those objectives.

Principals from four schools – Hays STEAM Academy, E.K. Downing Elementary, Permian High School, and Crockett Middle School – shared examples from their respective plans to illustrate how the process is applied at the campus level. All Campus Improvement Plans will be presented to the school board for approval at next week's meeting.

No action required.

27736 **Discussion of the 2026 Facilities Condition Assessment Conducted by Parkhill and Alpha Facilities Solutions**: Chief District Operations Officer Dr. Anthony Sorola opened this item for discussion. Trustees received a report on the Facilities Condition Assessment recently completed by Parkhill and Alpha Facilities Solutions. Parkhill and Alpha recently conducted condition and space assessments of all ECISD buildings to create a comprehensive look at the condition of the school district's facilities. They walked every building and room (all 5.1 million square feet of covered facilities), all rooftops and campuses evaluating all of the systems (HVAC, electrical, plumbing, fire safety) and structural conditions. This evaluation took into account the current and upcoming renovation/replacement projects that are part of Bond 2023 so that these systems lifecycles can be reset once the projects are completed. These assessments create a Facility Condition Index (FCI) that gives Trustees and school district leaders a detailed guide, including estimated costs, for prioritizing facility needs in the future. Next steps include a series of meetings of the Long Range Facility Master Planning Committee and, ultimately, a recommendation to the school board. An updated demographic study on Odessa and Ector County is also upcoming.

No action required.

27737 **Possible Request for Approval to Move to Closed Meeting – Personnel Matters – Section 551.074 of the Texas Government Code [Board will deliberate the appointment, employment, evaluation, reassignment, duties, discipline, or dismissal of public employees of the District, or hear a complaint or charge against an officer or employee.]; Consultations with Attorney – Section 551.071 of the Texas Open Meetings Act [The Board will meet in Closed Session in Consultation with the Board's Attorney Regarding all Matters as Authorized by Law.]**:

Introduction of Teacher Incentive Allotment Level Up Teachers: Chief Communications Officer Mike Adkins presented this item. The Teacher Incentive Allotment (TIA) is a state program that provides incentive funding to recognize highly effective teachers. In ECISD last year, TIA awards ranged from $3,393 to $22,825, with 532 teachers receiving more than $6.3 million in total incentive funding. The group recognized at the meeting included 80 "Level Up" teachers who advanced their TIA designation from Recognized to Exemplary or from Exemplary to Master.

Designated teachers also serve as mentors and coaches to support colleagues in pursuing TIA designations and help foster a culture of collaborative excellence across ECISD campuses.

Announcement of AP Scholars, AP Scholars with Honor, and AP Scholars with Distinction: Mike Adkins, Chief Communications Officer proudly announced that 148 students have been recognized as AP Scholars this year. At the end of each Advanced Placement (AP) course, students have the opportunity to take a corresponding AP Exam, which is scored on a scale from 1 to 5, with 5 being the highest. In Texas, all public colleges, and universities - and most private colleges and universities - offer college credit to students who earn a score of 3 or higher, known as a "Qualified" designation.

These AP Scholar honors are based on exam scores from the previous academic year. Of the 148 students recognized, 70 were seniors at the time and have since graduated. Today, we are proud to introduce you to the current students who have earned this distinction.

AP Scholars with Honor: Students who receive an average score of 3.25 on all AP exams taken and scores of 3 or higher on four or more of these exams.

MEMORANDUM OF UNDERSTANDING

With: Ector County ISD

This memorandum of understanding is made this 09 day of September 2026 by and between the University of Texas Permian Basin ("University"), a component institution of The University of Texas System ("System"), and ECISD ("Facility"), having its principal office at 802 N. Sam Houston, Odessa TX, and is binding until terminated in writing by either party, at which time the affiliation can be renewed upon agreement by both parties involved.

WHEREAS, the University has an established Counseling Department;

WHEREAS, one of the objectives of this program is to train students to work as counselors in community agencies, practices, and/or schools; and

WHEREAS, the Facility has such resources and is willing to cooperate with the University in making them available for educational purposes;

NOW THEREFORE, THE PARTIES MUTUALLY AGREE TO THE FOLLOWING:

A. Joint Responsibilities:

1. Either party may terminate this agreement by giving the other written notice of termination, not less than thirty (30) days prior to the scheduled date for the next academic semester. The agreement may be terminated at any time by mutual consent. If this Memorandum is terminated for any reason, if at all possible, the parties agree to take every action possible to ensure that all University students who are currently participating in a program at the Facility shall be permitted to complete their program at the Facility despite such a termination.

2. In the absence of earlier termination of the agreement for any reason, this Agreement shall expire on the date stipulated above, unless renewed upon the mutual agreement of the parties.

3. Determination of the number of students to be assigned to the placement shall be negotiated between the Facility and the University. The Facility has the final decision on the number it can accommodate and can create and maintain their own process for screening potential students (e.g., applications, interviews).

4. The Facility and the University will cooperate in the placement of students, each sharing responsibility for the final selection. The Facility has no obligation to work with a student it initially considers or later determines to be unsuited to the Facility program, and the University has no obligation to place a student at a site it considers unsuitable.

5. Students are not considered employees and are not intended to replace paid employees or service contracts.

6. Facility acceptance of a student for placement does not obligate the Facility to compensate the student or the University. Further, there is no financial obligation on the part of either institution to the other. Any agreements which promise financial compensation to the student are wholly separate and apart from this memorandum.

7. The University and Facility agree to seek applicable permission in writing from all parties when students, faculty, staff wish to publish materials as a direct result of a student's training experience at the Facility.

8. Neither party may use the other's institutional name in advertising media, including social media, without written approval.

9. The University and Facility supervisors of students will comply with the Ethical Standards of the American Counseling Association (ACA) or with the standards of practice from a related profession (e.g., ASCA; AMHCA) and applicable law.

B. Responsibilities of The University's Counseling Department.

2. Designate a University liaison (usually the course instructor) who will periodically confer with the Facility supervisor regarding the student's progress.

3. Provide, through the Clinical Coordinator, to the Facility a Practicum/Internship Site Supervisor Training once this memorandum is signed and upon request of the Facility.

4. When circumstances beyond the control of the University or Facility indicate the student must be withdrawn, or if the Facility is unable to meet the conditions of the agreement, the University has the responsibility to withdraw the student from the placement. This action will be taken only after consultation with the Facility and faculty involved in the placement.

5. The University will provide, as needed, group meetings for administrators, staff, and placement site supervisors. These meetings are intended to promote understanding of the curriculum of the University, encourage communication and interaction between counseling practitioners and counselor educators, and to develop competence in training/supervision.

6. The University will permit the counselor education faculty to participate as resource persons for Facility activities, on invitation from the Facility.

7. The University will assist the Facility supervisor in obtaining learning resources for students upon request.

8. The University will establish a system by which, during class presentations, confidentiality of the Facility's clients is protected in accordance with the Ethical Standards of the American Counseling Association (ACA) and applicable law.

10. The University will provide the Facility with a copy of the student Practicum/Internship Handbook during negotiations of this memorandum, upon request of the Facility, and after substantive changes to the handbook.

C. Responsibilities of the Facility

1. The Facility Manager will designate one staff professional, known as the Facility Supervisor, to instruct, supervise, and evaluate the student and be available for consultation as requested by the University. This professional should comply with the standards and expectations as described in the Practicum/Internship Site Supervisor Training provided by the Clinical Coordinator.

2. The Facility Manager will request from the University's Clinical Coordinator the Practicum/Internship Site Supervisor Training when a new professional at the Facility is identified as a potential Facility Supervisor.

4. The Facility Supervisor will be responsible for the actual supervision and control of the student's activities at the Facility.

6. The Facility will provide each student with reasonable opportunities to accumulate the necessary hours outlined in the signed Counseling Practicum/Internship Agreement and detailed in the Practicum/Internship Site Supervisor Training.

7. The Facility Manager will provide time for the Site Supervisor to attend a scheduled meeting for Site Supervisors (if arranged), to be held at a designated time and place on the University campus.

8. The Facility will provide office supplies, telephone facilities and office arrangements it considers will enable the student to function effectively, and will make provisions for safeguarding materials the Facility considers confidential.

9. The Facility Supervisor will provide learning experiences compatible with the program's educational objectives.

10. The Facility Supervisor will provide the University Liaison a written evaluation of the student as requested by the University Liaison (typically at the end of each semester), or placement termination if earlier.

11. The Facility Supervisor will promptly communicate to the University Liaison any concern regarding the student's performance.

12. The Facility Supervisor will consult the University Liaison promptly if circumstances arise which require the Facility to withdraw the student from the placement.

13. The Facility Supervisor will arrange student work schedules, which will not conflict with schedules of the University.

The student's progress in counseling skill development will be the focus of the University Liaison's supervision; case management will remain solely within the purview of the placement site supervisors.

17. The Facility Supervisor agrees to provide each student with all Facility policies, rules, and regulations pertinent to the student's role in the placement. Particular emphasis will be placed on requirements for safeguarding client rights and confidential professional information.

18. The Facility will maintain applicable current Public Liability Insurance.

5.1 Ector County Independent School District shall serve as the Fiscal Agent. Ector County Independent School District acknowledges that it is an accredited Texas school district and that it offers grades kindergarten through 12. The Fiscal Agent, as a Member District, is subject to Member District responsibilities.

5.2 Except as otherwise provided herein, the Fiscal Agent is responsible for applying for, receiving, collecting, expending, and distributing all funds, regardless of source, in accordance with the adopted budget. The Fiscal Agent shall provide accounting services, reports, Ector County RDSPD records, suitable facilities for special education administrative and support staff, and shall perform any other responsibilities required by Ector County RDSPD SSA policies. It is agreed and understood that the Fiscal Agent assumes no responsibility for a Member District's failure to maintain its effort.

5.3 The Fiscal Agent is responsible for preparing the operational budget for the Ector County RDSPD. The Fiscal Agent will account for salaries and expenses of Ector County RDSPD personnel and Ector County RDSPD operating expenses. The parties acknowledge that the Fiscal Agent may access total State and Federal allocations, such as IDEA Part B funds; State Deaf funds; and any other funding received for the purpose of furthering this program. Member District per-pupil tuition calculations are based on the expenditures that exceed all the total state and federal allocations.

5.4 Except as otherwise provided herein, the Fiscal Agent will prepare and submit any reports or applications required by federal or state law or Ector County RDSPD policy. It is agreed and understood that the Fiscal Agent assumes no responsibility for a Member District's failure to maintain its effort.

5.5 The Fiscal Agent may negotiate contracts with outside service providers for special education and related services for students with disabilities in accordance with law and Fiscal Agent policies. The Fiscal Agent shall request ADA compliance by each service provider.

5.6 The Fiscal Agent must notify the Member Districts of any intention to withdraw as Fiscal Agent of the SSA on or before December 31 (no less than one year) preceding the last fiscal year it intends to serve as Fiscal Agent. It is agreed and understood that the withdrawing Fiscal Agent will notify TEA of its intent to withdraw as Fiscal Agent on or before February 1 one year proceeding the last fiscal year it intends to serve as Fiscal Agent. After a satisfactory independent audit

of the SSA's accounts, the transfer of Fiscal Agent status will become effective July 1 of the last fiscal year. All TEA timelines shall apply to any reconfiguration, including a change in Fiscal Agent.

5.7 Should the Fiscal Agent cease for any reason to serve, the Management Board will by majority vote of a quorum appoint a Member District as Fiscal Agent. Any Member District who may be appointed to serve as Fiscal Agent has the option to refuse to serve as Fiscal Agent. All TEA timelines shall apply to any reconfiguration, including a change in Fiscal Agent.

6. Fiscal Practices

6.1 The Ector County RDSPD will operate on a budget prepared by the Program Supervisor and Fiscal Agent Special Education Director and approved by the Fiscal Agent's Board of Trustees.

6.2 Administrative costs, including, but not limited to, all costs and salaries related to the supervisor, classroom teachers, itinerant teachers, interpreters, classroom aides, and RDSPD office staff, as well as any uncontrollable costs, incurred by the Ector County RDSPD, over and above the amount of state deaf and/or federal funds, shall be assessed as follows:

Each Member District's share of such excess costs shall be determined by multiplying the total excess costs by a fraction, the numerator of which is the number of students of the Member District in the program and the denominator of which is the total number of students served by the program.

6.3 Member Districts will be notified in writing, regarding the costs, as indicated in Section 6.2, to be charged back to Member Districts and what the maximum total of their shared excess costs are estimated to be.

6.4 A Member District shall not be responsible for any costs associated with the Ector County RDSPD SSA unless such Member District has a student receiving services from the Ector County RDSPD.

6.5 The Ector County RDSPD Program Supervisor may purchase goods and services necessary to administer and operate the Ector County RDSPD. All non-consumable instructional materials shall be deemed property of the Ector County RDSPD when such supplies and materials are purchased with Ector County RDSPD funds.

7. Personnel

7.1 The chief administrator of the Ector County RDSPD will be the Program Supervisor. The Program Supervisor shall be employed by the Fiscal Agent and be subject to the personnel policies of the Fiscal Agent. Administrative decisions regarding daily operations of the instructional program, including but not limited to related services and staff development, and approved budgeted expenditures consistent with Fiscal Agent policy are within the authority of the Program Supervisor and do not require Management Board action. The budget is available for review by the Management Board. The Fiscal Agent Special Education Director, on behalf of the Fiscal Agent, will determine the extent of the administrative authority of the Program Supervisor. The Program Supervisor shall be under the supervision of the Fiscal Agent Special Education Director. All personnel will be appropriately certified or licensed to perform any applicable services.

7.2 Ector County RDSPD employees are employed by the Fiscal Agent and are subject to the personnel policies, including but not limited to, all policies governing contracts, at-will employment, and standards of conduct, leave and other benefits of the Fiscal Agent and any Ector County RDSPD SSA operating guidelines and procedures. Additionally, the Fiscal Agent retains final hiring and termination authority regarding employment of Fiscal Agent personnel. Any Member District that has an employee that serves only that district shall be individually responsible for screening, interviewing, hiring, terminating and the expense of that employee.

7.3 Except as provided in Section 7.2, any hearing on an employee grievance, termination, or nonrenewal is the responsibility of, and will be held in accordance with the policies of, the Fiscal Agent.

7.4 The Fiscal Agent shall be responsible for evaluating deaf education personnel pursuant to the evaluation policies and procedures of the Fiscal Agent. Member

Districts may provide evaluation input for employees providing itinerant services to Ector County RDSPD students at the discretion of the Program Supervisor.

8. Transportation

8.1 Each Member District bears responsibility for providing or contracting for the transportation of each of its transportation-eligible students to each facility at which services are provided.

9. Risk of Loss

9.1 Except as otherwise provided herein, each Member District bears its own risk of loss. "Loss" includes, but is not limited to, damages to or loss of personal or real property, costs of administrative hearings, litigation expenses, awards of actual damages, court costs, attorney's fees, and settlement costs.

9.2 Each Member District will insure it's owned or leased vehicles used in the transportation of students with disabilities for the statutory maximum limits of school district liability for motor vehicle accidents.

10. Legal Responsibilities

10.1 The Member District wherein the student resides shall be solely responsible for the provision of a Free Appropriate Public Education ("FAPE").

10.2 The Member District wherein the student resides is responsible for legal costs, court costs and attorney's fees, resulting from litigation directly involving that student.

10.3 If the Ector County RDSPD is a named party in a legal action, the Member District wherein the student resides remains responsible for legal costs, court costs and attorney's fees, resulting from litigation directly involving such student including

reimbursement to the RDSPD for any legal costs incurred by the Ector County RDSPD.

10.4 Each Member District shall be responsible for legal fees incurred due to complaints, grievances, or litigation arising from an employee with whom the district has a contract or with whom the district has an employment relationship.

10.5 The legal responsibilities stated herein shall survive the expiration of this contract should litigation arise from events that occurred during the term of the contract.

10.6 The Member Districts of this SSA contract agree to negotiate in good faith in an effort to resolve any dispute related to the contract that may arise from the Member Districts. If the dispute cannot be resolved by negotiations, the dispute shall be submitted to mediation before resort to litigation. If the need for mediation arises, a mutually acceptable mediator shall be chosen by the parties to the dispute who shall share the cost of mediation services based upon an equal split between the Member Districts. Mediation is a voluntary dispute resolution process in which the parties to the dispute meet with an impartial person, called a mediator, who will help to resolve the dispute informally and confidentially. Mediators facilitate the resolution of disputes but cannot impose binding decisions. The parties to the dispute must agree before any settlement is binding.

11. Dissolution

11.1 Dissolution of this Agreement shall require the affirmative vote of a majority of the Member Districts. The Fiscal Agent shall notify TEA of the SSA's intent to dissolve by February 1 prior to the end of the fiscal year it intends to remain an SSA. Upon dissolution, the SSA's funds and any other remaining assets, after any charges and liabilities, will be divided among the Member Districts based on a prorated share determined by the number of students being served on December 1 of the year the SSA dissolves. The dissolution will take effect July 1 after the first January 1 following the dissolution vote.

11.2 Agreements pertaining to purchase of real property shall supersede any provisions herein.

12. The Agreement

12.1 This Agreement will be automatically renewed by each Member District annually unless notice of withdrawal or dissolution is given under the terms of this agreement.

12.2 This Agreement will supersede all previous agreements among the parties in relation to the operation of the Ector County RDSPD SSA.

12.3 This Agreement will apply to and bind the representatives and successors in interest of the parties to this agreement.

12.4 This Agreement is governed by the laws of the State of Texas.

12.5 If any provision of this Agreement becomes or is held violative of any law or unenforceable, then the invalidity of that provision will not invalidate the remaining provisions. The Member Districts agree that all remaining provisions of this Agreement will remain in effect.

12.6 Citations of and references to any specific federal or state statute or administrative regulation in this Agreement include any amendment to or successor of that statute or regulation.

12.7 The effectiveness of this Agreement is conditioned upon the approval of the Texas Commissioner of Education, pursuant to Education Code § 29.007.

12.8 It is understood and agreed that this Agreement may be executed in a number of identical counterparts, each of which shall be deemed an original for all purposes.
