GAIL BORDEN PUBLIC LIBRARY DISTRICT

Board of Trustees Meeting Minutes

270 N. Grove Ave., Elgin, IL

February 10, 2026

7:00 p.m.

President Bednar was physically present as well as Secretary Henderson, Trustees Bedolla, Lara and Low. Trustees Garcia and Symonds were absent. Chief Executive Officer Carole Medal, and various members of the public and staff were also present.

President Bednar called the meeting to order at 7:02 p.m.

President Bednar asked if there were any objections to Trustee Symonds attending electronically due to childcare, there were no objections. Trustee Symonds entered the meeting at 7:03 p.m.

There were no public comments.

Trustee Garcia entered the meeting at 7:04 p.m.

Comments for the Good of the Organization were read.

Henderson motioned to approve the minutes of the January 13, 2026 Board Meeting; seconded by Low. There was no discussion. Roll call resulted in 7 ayes (Bednar, Bedolla, Garcia, Henderson, Lara, Low, Symonds), 0 nays.

Treasurer Bedolla moved to approve the payment of bills including the bills over \$10,000 as presented totaling \$376,926.60 and the revised list of bills to be paid prior to the next board meeting; seconded by Lara. There was no discussion. Roll call resulted in 6 ayes (Bednar, Bedolla, Garcia, Henderson, Lara, Low), 0 nays and 1 abstain (Symonds).

There was no correspondence.

Foundation Report

The Foundation is working on getting the next major exhibit, *Earth Matters*, to be on display from May through August. They also discussed plans to host a donor recognition event in May and to sponsor a ticketed performance of *Aging with Grace and Humor* written by Cheri Murphy, scheduled for June 19 and June 20.

CEO Report

The former “Holds” area in the Main Library is being redesigned with beautiful wood bookcases with lighting to showcase newly published titles. The display case will be expanded, and furniture from the South Elgin Branch will be used to create a small lounge area. KidSpace refresh is on target to be completed in time for school spring break. The grand opening will be held March 27th at 3 pm. As part of celebrating 250 years of Elgin history an authentic Milk

Wagon is on display on the first floor. Project 2-3-1 exhibit is on the second floor in honor of Black History month. Removing the Rakow media banks and replacing them with lockers is being researched and will come to the board for approval at a later date. The new shelves and end caps for South Elgin that the board approved last month will not be purchased. Matching shelving from the Marketplace will be used instead saving the library \$35,000. The book drops at Jewel East, Jewel West and South Elgin Branch are being re-wrapped. The Jewel East book drop will be relocated outdoors to provide 24- hour access to customers. The Bookmobile and Sprinter remain out of service due to ongoing maintenance and repair work, but should be back on the road by the end of the month. Division Chief of Public Relations and Development, Natalie Kiburg talked about the impact of the Dinosaur Explorer Exhibit. There was a 40% increase in dinosaur - related material checkouts and a 26% increase in new library card signups. Division Chief of Public Programs and Events, Margaret Pebbles, provided a brief update on all the upcoming events celebrating America's 250th birthday. Division Chief of Public Services, Melissa Bernasek, announced a very generous donation KidSpace received from Elgin Promac and Amazon of 385 Amazon dots and 118 Kindle Fire for kids. The total estimated value of the donation is \$36,949. KidSpace will be working with the branches and mobile services to distribute them to children in the district far and wide throughout the summer.

Bedolla motioned to approve the security report as presented; seconded by Garcia. There was no discussion. Roll call resulted in 7 ayes (Bednar, Bedolla, Garcia, Henderson, Lara, Low, Symonds), 0 nays.

Garcia motioned to approve the By-Laws as presented; seconded by Bedolla. There was no discussion. Roll call resulted in 7 ayes (Bednar, Bedolla, Garcia, Henderson, Lara, Low, Symonds), 0 nays.

Garcia motioned to approve the Trustee Email Communication Policy as presented; seconded by Bedolla. There was no discussion. Roll call resulted in 7 ayes (Bednar, Bedolla, Garcia, Henderson, Lara, Low, Symonds), 0 nays.

Other

CEO Medal asked if there is a board member interested in joining a meeting along with Jean Bednar to meet with Suzanna Jones, Library Program Specialist from the Illinois State Library. Tiffany Henderson volunteered.

Lara motioned to adjourn; seconded by Low. A voice vote resulted in no nays.

Meeting adjourned at 7:40 pm.

Approved March 10, 2026

Tiffany Henderson, Secretary
Gail Borden Public Library District Board of Trustees

GAIL BORDEN PUBLIC LIBRARY DISTRICT

February was a month centered on deepening community connections, expanding our reach, and modernizing our facilities and offerings for inclusivity, innovation and essential social support for every member of our district.

Civic Storytelling & Inclusive Heritage:

The Library served as a cornerstone for community reflection through the **Project 2-3-1 exhibit**, bringing Elgin's African American heritage to the forefront of focus. This exhibit helped provide a space where residents can see themselves reflected in our city's rich story. The "Black Voices" trending bays further extended this impact, turning everyday browsing into an opportunity for education and celebration. We aren't just telling history; we are **building a more connected Elgin through the power of representation.**

Thoughtful programming celebrating Black History Month was offered, including "Echoes of Africa: Art and Folktales" and "Ida B. Wells: Light of Truth, Voice of Justice" that **drew 220 attendees.**

We officially debuted the **250 Years of Elgin: A Commemorative Exhibit** with a ribbon-cutting event, positioning the vintage Elgin Sanitary Milk Company wagon as the definitive centerpiece of this city-wide celebration. The installation includes a historical timeline of major events and several local artifacts, offering a tangible connection to our shared past. Our custom-built iPad game invites young visitors to design their own Elgin 250 flag, and has already drawn significant impact with **2,419 sessions and 172 hours of active play.** This proves that we are not just displaying history—we are making it interactive, educational and deeply resonant for the younger generations of Elgin residents.

Key Projects

As we approach the March 27 **KidSpace Reimagined Grand Opening**, staff has shifted into high gear putting finishing touches on this modern, beautiful space for young learners. Featuring a beautiful nature theme, along with a new 100-inch LCD display and immersive audio-visual equipment, the new space will offer a world-class visitor experience and cutting-edge technology. Committee members are planning a memorable celebration, filled with activities, custom giveaways and, of course, the grand reveal!

We have significantly **increased the South Elgin Branch's collection capacity** by expanding adult shelving and redesigning the floor plan for better flow. Following the completion of some counter construction in the Business Center, we strategically relocated high-demand services—including the laptop dispenser, copy machine and vending kiosks—to maximize accessibility and convenience. These adjustments further prove our ongoing **commitment to fulfilling customer needs and continuously improving offerings.**

Key Projects Continued...

In a cohesive cross-departmental effort, we make progress on our strategic Summer Reading plans. The **"Plant a Seed—Read!" 2026 Summer Reading program** logo was designed. By intentionally aligning the theme with both our nature-based KidSpace design and the upcoming exhibit, we are creating a unified, multi-sensory journey for our summer readers. Work continues to secure sponsors, finalize log details and more.

We successfully created a redesigned **ADA-compliant Staff Portal** that transforms how our teams communicate. By migrating to a more user-friendly system, we have empowered staff to share critical, library-wide information instantly and confidently without the risk of technical errors. This strategic upgrade not only **streamlines internal operations** but also lays the groundwork for our public-facing website to become ADA-compliant before the April 2027 deadline.

Engaging Everyone Everywhere

Youth & Teen Engagement - Our elementary outreach reached over **400 students** across seven schools, while ReaderShip staff brought the **magic of storytime** to Illinois Park preschoolers. Staff participated in Otter Creek's **Kindergarten Registration night**, allowing us to establish relationships with many new families.

Teen Services **hosted 10 Special Education classes**, providing **106 students** from U-46 and local high schools with a stress-free environment for social connection and creative expression. This dedicated service ensures the Library remains a welcoming, accessible space for students with diverse learning needs.

Staff also conducted user surveys in Studio 270 to directly help shape our summer programming, ensuring our offerings are built for teens, by teens.

Staff actively **embedded library services into the community**. We successfully expanded the Library's footprint with legal clinics at Centro de Información, a new lobby stop at Fox River Horizon and intensive outreach at the YWCA and Salvation Army, resulting in dozens of **new library card registrations** and increased database awareness.

Empowering New Citizens: Our Spanish Citizenship classes provided essential history and civics instruction, offering a vital roadmap for residents navigating the complexities of the U.S. naturalization process.

We transformed **Valentine's Day** into a lovely opportunity for discovery and family bonding. We hosted a "Love the Wine You're With" Sunday Afternoon Concert at the South Elgin Branch. Through several book displays, including "Blind Date with a Romance Book," we incentivized readers to step outside their comfort zones and discover new favorite authors. Our partnership with EPEL playgroups brought families together for festive, early-literacy celebrations.

We concluded our four-part panel series with a deep dive into Dr. King's transition from ministry to anti-poverty activism, drawing **128 total attendees**. This series moved beyond just celebration and into critical conversation, civic engagement and the preservation of social history. Additionally, by recording and sharing these sessions on YouTube, we have strategically transformed a live event into a permanent, accessible educational resource.

Engaging Everyone Everywhere Continued...

The Library served as a surrogate "family" for a young man, new to Elgin, with no local support. Beyond initial immigration assistance, our Social Services team provided the **framework for his independence**—facilitating ESL enrollment, employment leads, community navigation and emergency travel support. By evolving from a point of information to a foundation of stability, this proves the Library is not just a building of books, but **a critical anchor for human dignity and successful community integration**.

February adult programming demonstrated **strong community engagement** across civic dialogue, arts and culture, wellness education, and partnership initiatives. Popular topics ranged from wellness (Vitality and Stress) and culinary arts (Valentine's Chocolate Cake) to literature (Lessons from Lord of the Rings), history, science and museum experiences.

We filmed and produced a new **Health Talk** episode focusing on child vaccine schedules. This initiative reinforces the Library's position as a vital, relevant resource center for community health and wellness.

Home Services saw an increase in **deliveries to care communities** this month while also **ensuring uninterrupted services** while the Bookmobile was undergoing the last leg of its maintenance and refresh.

The bilingual **Pilates con Amor** session combined movement and mindfulness, drawing strong participation and high praise for the library's diverse wellness and creative offerings. By blending physical health with cultural connection, we continue to position the library as a vital hub for community wellness.

Modernization, Media & Mobility

With **MarketPlace updates** complete, we debuted a new Fresh Picks feature wall with face-out shelving, making it easier to browse the expanded collection, and an enlarged display case. The prominent, new display of honors and awards exemplifies this Library's excellence and leadership, and fosters community pride in our nationally recognized institution.

Staff is making progress on the MediaBank drawdown, transitioning our physical media into a **more accessible browsing experience**. All video games have been relocated for processing, while the DVD and Blu-ray collections are being integrated into the refreshed MarketPlace layout for convenient browsing and efficient hold pickups. This initiative will help **remove barriers to our collections** and ensures that high-demand media remains easily accessible.

To meet high demand, the Adult **Graphic Novels and Manga** collection moved to a more visible, expanded space, while Travel titles were interfiled into the nonfiction collection to optimize flow.

The **remote drop box** at Jewel East was updated with high-visibility branding and relocated to the store's exterior. This change will help provide effortless, around-the-clock return access to encourage more frequent circulation.

Modernization, Media & Mobility Continued...

Our **Bookmobile** reached a **major milestone** with completed body work, a vibrant new wrap, and upgraded LED lighting. With new flooring and material reorganization finishing in early March, we are preparing to relaunch this vital service with a modern look.

Operational Excellence & System Enhancements

Security & Specialized Training: A Proactive Culture: Staff participated in several professional development opportunities focused on crisis management and patron rights, including emergency drill simulations and specialized webinars on library-specific safety protocols. In partnership with Centro de Información, staff refamiliarized themselves with "Know Your Rights" sessions to ensure our team is equipped to support all community members with confidence and legal clarity. Continuous training opportunities empower staff to act as informed, calm leaders in any situation, further solidifying the Library's reputation as a trusted place for visitors.

Maintaining Excellent Environments: We prioritized a comprehensive deep-cleaning and sanitization of the Davis Road Annex and the newly refreshed MarketPlace areas. Utilizing hospital-grade disinfectants and HIPAA-standard filtration, we ensured that high-traffic zones—including the Sally Lee Program Rooms and the new "Fresh Picks" display area—meet the highest standards of public health and safety, and remain a welcoming and safe place for every visitor.

Comments for the Good of the Organization

The Library received 7 new 5-star Google reviews.

Google 5-Star Review

"Very friendly and helpful library staff! A wonderful experience (but then again, I've never had a bad experience at any Library)."
(South Elgin Branch)

Digital Media Lab 5-Star Review

*"Always a great experience!! Andre and Andrew are very accommodating and provide a **great working space that stimulates creativity**. They're very knowledgeable and professional."*

*"This is such a lovely addition. It's **so welcoming** and makes an already beautiful library **all the more beautiful**."*

– In Person Customer comment about the new Fresh Picks area in MarketPlace

A teacher at St. Thomas More sent Studio 270 a list of fourteen chemists under consideration for student research projects.

Catherine compiled a list of recommended print and online resources, including both general reference sources and sources for specific individuals.

She noted which of the scientists listed were the most difficult to research. In response, the teacher wrote,

"I cannot thank you enough! This saved me hours of work, and I am so grateful. You and your team are amazing."

EXECUTIVE SUMMARY:

Replace damaged Job Control Language (JCL) Controller with new expansion module and tie to existing Java application Control Engine (JACE) at the Rakow Branch. In simple terms, we have a bad control board, which interfaces with our building control system; it needs to be replaced.

BACKGROUND:

On Thursday, February 12, during routine morning branch checks, we discovered an earlier power loss had occurred at the Rakow Branch. After ComEd restored power, we determined that critical components of the Building Automation System (BAS) - specifically the JCL controller installed during the building's original construction in 2009 - were damaged and no longer functioning. We quickly implemented a temporary workaround, but need this critical component replaced to resume normal operations. Our HVAC technicians from Helm Service gathered the necessary information to prepare a proposal to replace and upgrade the damaged BAS equipment.

NECESSARY REPAIR:

This is not any enhancement to our systems, only a repair to get our equipment back to 100% operational status. The current BAS is a design-built system developed specifically for the Gail Borden Public Library District. Due to its customized programming and integration with the District's HVAC infrastructure, maintaining system continuity is important to avoid compatibility issues and long-term service risk.

EQUALIS GROUP:

A quote was received by Helm Services, which has been our long-term vendor and partner for the library-wide HVAC systems. Although the amount is over the \$15,000.00 limit for CEO approval, we defer back to Helm Service's partnership in a public sector cooperative platform called the Equalis Group. Helm was accepted into the Equalis Group in 2022. To refresh the Board of Trustees, public sector entities have three compliant avenues for spending taxpayer dollars:

1. Conducting standalone bids RFPs / RFQs.
2. Purchasing through state term contracts.
3. Buying through competitively solicited cooperative agreements like the Equalis Group or other government procurement programs.

The Equalis Group delivers compliant, publicly procured cooperative agreements that public sector entities across the country can utilize to a) quickly acquire the products and services they need; b) receive better pricing through the collective buying power of Equalis Group Members; and c) save time through Equalis Group's legal and compliant alternative to conducting their own

resource-consuming solicitation process. Equalis Group issued an RFP for HVAC Installers & Energy Management Services in January 2002, and Helm Group was selected as a member of this publicly procured contract vehicle. After researching the Equalis Group, Gail Borden Public Library District joined to capture the benefits from cooperative contract membership while ensuring the best pricing. Additionally, Helm Services uses the Equalis Group platform with other public schools and libraries throughout the State of Illinois.

Helm Services proposal is for \$16,760 to perform work on the Building Automation System (BAS). This includes:

1. Replacing damaged JCL Controller with an I/O 34 Module and tie into existing JACE.
2. Provide labor to trace wiring, as there is no information on the existing control wiring.
3. To protect the new controller, add an Uninterruptible Power Supply (UPS) to minimize any future damage due to power outages.

RECOMMENDATION:

Due to Helm Service being our primary vendor for HVAC and Building Automation Systems (BAS), and due to Helm Service being an awarded vendor for Equalis Group, we respectfully request accepting their quote for \$16,760.

Respectfully submitted:
Andrew Kolba
Director of Maintenance

2.40 Identity and Personal Information Protection

Purpose

~~The purpose of this policy is to protect social security numbers from unauthorized disclosure. Regarding the use of social security numbers, Gail Borden Public Library District intends to comply with the provisions of the Identity Protection Act (5 ILCS 179/1 et seq.).~~

The Library takes all measures reasonably necessary to protect the security, confidentiality, and integrity of “personal information” in accordance with the Illinois *Personal Information Protection Act* (815 ILCS 530/1 et seq.) and the *Identity Protection Act* (5 ILCS 179/1 et seq.). This policy establishes requirements for the proper protection, handling, and reporting of such information.

Personal information does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records.

Definition of Personal Information

“Personal information” is defined by the *Personal Information Protection Act* as an individual’s first name and last name in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted or redacted, or are encrypted or redacted but the keys to unencrypt or unredact may read the name or data elements without authorization:

- A. Social Security number.
- B. Driver’s license number or State Identification card number.
- C. Account number or credit or debit card number, or an account number or credit card number in combination with any required security code, access code, or password.
- D. Medical information.
- E. Health insurance information.
- F. Unique biometric data generated from measurements or technical analysis of human body characteristics used by the owner to authenticate an individual, such as a fingerprint, retina or iris image, or other unique physical representation or digital representation of biometric data.
- G. Personal username or email address, in combination with a password or security question that would permit access to an individual’s personal online account.

Personal Information Protection Requirements

- A. All employees who have access to social security numbers ~~and other personal information in the course of~~ **while** performing their duties must be trained to protect the confidentiality of ~~this data. social security numbers.~~ Training ~~will~~ **should** include instructions on the proper handling of **such** information ~~that contains social security numbers~~ from the time of collection through the ~~destruction~~ **secure disposal process.** ~~of the information.~~
- B. Only employees who are required to use or handle information or documents that contain social security numbers **or personal information** will have access to such information or documents.
- C. Social security numbers **and personal information** requested from an individual will be provided in a manner that makes the ~~social security number~~ **information** easily redacted if required to be released as part of a public records request.
- D. When collecting a social security number **or personal information**, or upon request by the individual, a statement of the purpose for which the ~~social security number~~ **information** is being collected and used must be provided.
- E. Should a person's social security number be inadvertently or deliberately disclosed, that person ~~should~~ **will** be contacted immediately in writing.

Prohibited Activities

No employee may do any of the following:

- A. Publicly post or publicly display in any manner an individual's social security number ~~or other personal information.~~ "Publicly post" or "publicly display" means to intentionally communicate or otherwise intentionally make available to the general public.
- B. Print an individual's social security number on any card required for the individual to access products or services.
- C. Encode or embed an individual's social security number in or on any cards or documents, including, but not limited to, using a bar code, chip, magnetic strip, RFID technology, or other technology.
- D. Require an individual to transmit his or her social security number over the Internet, unless the connection is secure or the social security number is encrypted.
- E. Print an individual's social security number on any materials that are mailed to the individual, through the U.S. Postal Service, any private mail service,

electronic mail, or any similar method of delivery, unless State or federal law requires the social security number to be on the document to be mailed.

Notwithstanding any provision in this Section to the contrary, social security numbers may be included in applications and forms sent by mail, including, but not limited to, any material mailed in connection with the administration of the Unemployment Insurance Act, any material mailed in connection with any tax administered by the Department of Revenue, and documents sent as part of an application or enrollment process or to establish, amend, or terminate an account, contract, or policy or to confirm the accuracy of the social security number. A social security number that may permissibly be mailed under this Section may not be printed, in whole or in part, on a postcard or other mailer that does not require an envelope or be visible on an envelope without the envelope having been opened.

- F. Collect, use, or disclose a social security number from an individual, unless:
 - 1. Required to do so under state or federal law, rules, or regulations, or the collection, use, or disclosure of the social security number is otherwise necessary for the performance of that agency's duties and responsibilities;
 - 2. The need and purpose for the social security number is documented before collection of the social security number; and
 - 3. The social security number collected is relevant to the documented need and purpose.
- G. Require an individual to use his or her social security number to access an internet website.
- H. Use the social security number for any purpose other than the purpose for which it was collected.

The ~~prohibitions~~ **restrictions** listed ~~immediately~~ above do not apply in the following circumstances:

- A. The disclosure of social security numbers pursuant to a court order, warrant, or subpoena.
- B. The collection, use, or disclosure of social security numbers in order to ensure the safety of other employees.
- C. The collection, use, or disclosure of social security numbers for internal verification or administrative purposes.

- D. The collection or use of social security numbers to investigate or prevent fraud, to conduct background checks, to collect a debt, to obtain a credit report from a consumer reporting agency under the federal Fair Credit Reporting Act, to undertake any permissible purpose that is enumerated under the federal Gramm Leach Bliley Act, or to locate a missing person, a lost relative, or a person who is due a benefit, such as a pension benefit or an unclaimed property benefit.

Data Minimization and Retention

The Library will:

- Collect only personal information necessary for legitimate business purposes.
- Retain personal information only as long as required by law and/or operational needs.
- Securely dispose of materials containing personal information in a manner that renders the data unreadable, unusable, and undecipherable in accordance with the *Personal Information Act*.

Investigation

Upon notice of a potential breach, the Library will:

- Promptly investigate the incident.
- Take reasonable steps to contain and remediate the breach.
- Determine whether notification is required under the *Personal Identification Protection Act*.

Public Inspection and Copying of Documents

Notwithstanding any other provision of this policy to the contrary, all employees must comply with the provisions of any other state law with respect to allowing the public inspection and copying of information or documents containing all or any portion of an individual's social security number. This includes requests for information or documents under the Illinois Freedom of Information Act. Employees must redact social security numbers and other personal information before allowing the public inspection or copying of the information or documents.

Public Availability

A copy of this policy shall be made available to the public upon request.

Applicability

~~— This policy does not apply to the collection, use, or disclosure of a social security number as required by state or federal law, rule, or regulation.~~

Approved by the Board of Trustees 5/12/11

4.60 Emergency Closing (REVISED)

Weather, safety concerns, or building-related emergencies may require one or more of the Library District locations to close fully or partially for a period of time. Emergency closures may be location-specific; not all library locations will necessarily close as a result of an emergency at a single building.

The Library will make reasonable efforts to remain open during severe weather or other adverse conditions, taking into consideration the safety and accessibility of both employees and customers. Employees should assume their assigned work location will be open unless they are notified otherwise through the automated calling system, by their supervisor, or through an official announcement on the Library's website.

Authority to Close

A decision to close the Main Library and/or any branch location due to inclement weather or other emergency building conditions is made by the Chief Executive Officer (CEO) in consultation with the Chief Operating Officers (COO) and other Division Chiefs, as appropriate.

The Board President will be notified by phone, and when possible, an email notification will be sent to the full Board of Trustees. Emergency closing information will be communicated to the public through various channels.

Employee Responsibility During Severe Weather

Employees are responsible for determining whether travel conditions are safe for them to come to work. Employees who are unable to report to work or who expect to be delayed due to weather or emergency conditions must notify their supervisor as soon as possible. Failure to report or notify a supervisor may be considered an unauthorized absence and may result in loss of pay and/or disciplinary action.

When a library location remains open, and an employee is absent due to inclement weather or related conditions, the missed time must be charged to available vacation, floating holiday, or personal time through the payroll system.

Pay During Emergency Closures

When a library location is officially closed due to inclement weather or a building emergency, employees who were scheduled to work at that location during the closure will be paid their regular hourly rate for the scheduled hours missed. Managers are responsible for entering the appropriate pay codes in the payroll system.

Previously Approved Paid Time Off

If an employee had previously requested and received approval for paid time off (such as vacation, floating holiday, sick time) on the day of an emergency closure, the approved paid time

off will not be reversed or restored. The employee's timecard will remain charged to the originally approved paid time-off category.

Staff Required to Work During Closures

Although a location may be closed to the public, limited staff may be required to report to work to address building, equipment, or safety issues.

Non-exempt employees who are required to work during an official emergency closure will be paid a minimum of two (2) hours at one and one-half (1.5) times their regular rate of pay for actual hours worked. This compensation is in addition to the regular pay received for the emergency closure. All hours worked must be recorded in the payroll system and approved by the employee's manager and Division Chief.

Exempt employees do not receive additional compensation for working during emergency or weather-related closures. However, exempt employees may adjust their schedules and take equivalent time off on another day, with supervisory approval, to account for time worked during an emergency closure.

4.60 Emergency Closing (current policy)

Weather or building conditions may require the Library District to close completely, or to be closed to the public with limited staff on duty, for varying periods of time. The Library will attempt to open and remain open in severe weather, taking into consideration the safety and accessibility of its employees and customers. Employees should assume Library locations will be open on such days, unless they are called by the automated calling system, their supervisor, or see an announcement on the Library website.

A decision to close the Main Library and/or the branch locations due to inclement weather or other emergency building conditions is made by the Executive Director or Deputy Director in conjunction with the Division Chief of Facilities and Building Operations and other Division Chiefs. The Person-In-Charge (PIC) at either branch facility is given authority to close the building if the Executive Director, Deputy Director, or Division Chiefs are not available. The Board President should be notified of the closing by phone, and when possible, an e-mail message should be sent to the entire Board. Emergency closing information will be posted on the Library's website and other social media outlets.

Employees must ultimately decide for themselves if they feel road conditions make their travel unsafe or unwise. Employees who cannot travel to the library or will be delayed because of weather conditions must call in to their supervisor as soon as possible. Failure to report can be considered an unauthorized absence, and may result in the loss of pay as well as appropriate disciplinary action.

When an employee is absent due to inclement weather and the Library is open, the missed hours must be requested as vacation or floating holiday time within the payroll system. Employees who do not receive paid time-off benefits, should submit their time-off request as "unpaid time off." If approved by the employee's supervisor, employees may make up the hours instead; however, the made-up hours must be worked within the same week.

When the Library is closed due to inclement weather or other building emergencies, employees who were scheduled to work during the period of the closure will be paid their regular hourly rate. Managers must make the appropriate changes to employees' timecards in the payroll system utilizing the necessary pay codes.

If the Library is closed on an employee's previously scheduled day off, such as vacation or floating holiday, the employee's time off request will be changed to reflect the emergency closure. The employee's manager must make the appropriate change(s) to the employee's timecard utilizing the necessary pay codes. Pay for a Library emergency closing applies only when an official decision has been made.

Although the Library may be closed to the general public, limited staff may be required to come to work to attend to building or equipment conditions and/or emergencies. Non-exempt employees who are called to come to work during emergency closure situations will be paid for a minimum of 2 hours at 1 ½ times their regular rate of pay for actual hours worked. Compensation for the on-call work is in addition to regular pay received for the Library closure.

4.60 Emergency Closing (continued)

Employees who must work during officially designated closure times must record their hours worked in the payroll system. The hours worked must be approved by their manager and Division Chief.

Exempt staff do not receive additional compensation for working during emergency or weather-related building closures. However, exempt staff may adjust their schedules and take time off on a different day to compensate for the time worked during a building closure due to weather or emergency situations.

Revised by Board of Trustees 4/9/19

4.45.2 Smart Glasses in the Workplace (NEW)

1. Purpose

The purpose of this policy is to establish clear guidelines regarding the use of **smart glasses** and similar wearable technologies (e.g., devices with cameras, microphones, recording or data-capture features) in the workplace to protect the privacy, safety, and security of employees, customers, and organizational information.

2. Definitions

- **Smart Glasses:** Wearable electronic eyewear equipped with cameras, audio recording, streaming, internet connectivity, or other data capture capabilities.
- **Recording:** Any capture of audio, video, images, or other communications from conversations, meetings, workspaces, or proprietary materials.
- **Wearable Technology:** Technology that can be worn and collects data about an individual or the environment.

3. General Use Requirements

- **Authorized Use Only:** Smart glasses may only be worn in the workplace if expressly authorized by management for a defined business purpose. Individuals must seek written approval from their supervisor and HR before bringing or using smart glasses during work hours.
- **Prohibited Recording:** Unless specifically approved for business needs, employees may not record audio, video, photos, livestreams, transcription, or data capture of any workplace activity, discussion, or location where individuals reasonably expect privacy (e.g., restrooms, locker rooms, private offices). Unauthorized recording is strictly prohibited.
- **Consent Requirements:** Illinois law generally prohibits audio recording without the consent of all parties involved; therefore, no employee may use smart glasses to record conversations or communications unless all participants have given explicit consent.

4. Data Privacy and Security

- **Data Capture and Storage:** Employees must not capture, access, download, store, or transmit sensitive or confidential information (including proprietary, customer, or employee data) via smart glasses unless specifically authorized and under secure conditions.

- **Monitoring and Employer Access:** The Library may monitor or access work-related systems or networks used by smart glasses to ensure compliance and security. Employees should have no expectation of privacy when using employer-provided systems.
- **Personal Devices:** If smart glasses are personal property, employees must still comply with this policy. The organization generally will not access or retrieve personal device content without explicit consent, except as required to investigate potential violations.

5. Compliance with Federal and State Laws

- **Anti-Discrimination (EEOC/ADA):** The Library will not use data from smart glasses to make employment decisions in a manner that violates federal anti-discrimination laws, such as the U.S. Equal Employment Opportunity Commission guidance on wearable technology. The Library will not collect or use biometric, health, or location data from wearables in ways that could constitute impermissible medical inquiries or discrimination.
- **Recordkeeping:** Data collected through smart glasses cannot be used in a manner that violates employee privacy or disclosure laws. Any permitted data collection must be confidential, securely stored, and only accessible by authorized personnel.

6. Safety and Job Performance

- **Distraction and Safety:** Smart glasses may not be used in a manner that distracts from job duties or compromises safety (e.g., while operating machinery, driving vehicles, or performing tasks requiring full visual and auditory attention).
- **Essential Job Duties:** Employees whose roles require the use of smart glasses for legitimate operational purposes must complete any required training and adhere to additional procedures set by their supervisor or IT/Security teams.

7. Reasonable Accommodations

- Employees requiring smart glasses as a reasonable accommodation for a disability should request such accommodations through the HR Department. Documentation from a healthcare provider may be required. The organization will engage in an interactive process to determine reasonable modifications.

8. Violations and Discipline

- Failure to comply with this policy may result in disciplinary action, up to and including termination. Unauthorized recording, privacy violations, or misuse of devices may also trigger legal consequences under federal or state law.
