Special Meeting
Tuesday, May 5, 2026

The Special Meeting started off with a work session to go over more budget recommendations.

The Meeting of the Board of Education was called to order by Chairman Gohman at 6:45 pm, Tuesday, May 5, 2026 in the District Board Room 209. Board members present: Gohman, Hollenkamp, Levin, Wolf, Wright, Zahnow, Zastrow and Superintendent Ludvigson. Other members present were: Kelsey Paurus, Brad Evenson, Patti Larsen, Melissa Meagher, Carissa Bitz, Kyle Lamb, Kari Lamb, Vanessa Wielenberg, Abigail Russ, Chris Johnson, Renee Kreemer, Audrey Morrill, Beth Gustafson, Jessica Rosenow, Sherri Evenson, Cindy Dalton and Daniella Chavez.

The Pledge of Allegiance was recited by all present.

A motion was made by Gohman and seconded by Zastrow to direct administration to implement the following staffing and program adjustments for the 2026-27 school year.

1. Eliminate the Instructional Coach assignment and add one Elementary Special Education teaching position, with reassignment of affected staff as appropriate.
2. Reduce three program paraprofessional positions and one WIN teaching position, and add one Elementary ESL position and one Secondary ESL position, with reassignment of affected staff as appropriate.
3. Direct administration to identify and implement reductions in Junior High and Junior Varsity athletic schedules for the purpose of budget reduction.

A roll call vote was taken with members Zastrow, Zahnow, Hollenkamp, Wolf and Gohman voting "yes", members Levin and Wright voting "no". Motion carried 5/2.

A motion was made by Hollenkamp and seconded by Zastrow to approve the two SLPA contracts and the Superintendent contract. Motion unanimously carried. The Food Service Director contract was held to give all the board members a chance to review it.

A motion was made by Zastrow and seconded by Hollenkamp to accept the resignation of Secondary Principal Barton Rud. A special thanks was given for all his years of service here at LPGE and all the stuff he has done for the school. We wish him well on his future endeavors. Motion unanimously carried.

Discussion was held on how to proceed with looking for a new Secondary Principal. The timeline for application deadlines and interviews was discussed. Wolf stated that we should check with Freshwater as they are going through the same process right now.

The meeting was adjourned at 7:24 pm by Chairman Gohman.

Lori Hollenkamp, Clerk

Motion unanimously carried.

Mr. Evenson gave more information on the VPK Program and how that process is going. It was talked about the space going to be utilized for the program and Mr. Evenson said there is money through VPK for construction grants to help with renovating areas to be more accommodating. He is looking into what

renovations are needed and how the grant works. The board asked about 21st Century and the only report was that it is “sealed in red tape”

Kelsey Paurus said spring sports are well underway. She is looking into a reduction of events for both varsity and JH by 20% for the upcoming year to help with budget streamlining. More information and discussion on this will be taking place.

The Health Office reported that the number of sicknesses seem to be declining. She also explained a little bit on the head injury protocol.

Barton Rud gave an update on the graduation gowns and accessories that would be utilized this year. He also talked about some upcoming ideas and changes for graduation in the future. There have been some updates done to the platform to keep things looking nice.

Patti Larson presented on Project Momentum which is a program to get a dual licence for teachers to be ESL certified. We have been awarded 4 spots for tier 3 & 4 teachers to take this opportunity.

Board Chair Gohman said that there would be another Superintendent Survey being sent out as there is usually an evaluation done in the spring of the year.

Board Highlight – All spring sports are underway and having a good start to the season. Prom was a success. Spring concerts are coming up in May. Special “Thanks” to Patti Larson for her work on Project Momentum, Brad Evenson for the work on VPK and Melissa Meagher for keeping the health office running smoothly. Kelsey also wanted to acknowledge that Kate Jones will be signing with St. Olaf for Track. This will be the 3rd LPGE athlete signing. Mr. Lamb is working on a matinee dinner for the upcoming play performance.

The donation resolution was moved by Zastrow and seconded by Hollenkamp:

RESOLUTION ACCEPTING DONATIONS for April 2026

WHEREAS, Minnesota Statutes 123B.02, Subd. 6 provides: “The board may receive, for the benefit of the district, bequests, donations, or gifts for any proper purpose and apply the same to the purpose designated. In that behalf, the board may act as trustee of any trust created for the benefit of the district, or for the benefit of pupils thereof, including trusts created to provide pupils of the district with advanced education after completion of high school, in the advancement of education.”; and

WHEREAS, Minnesota Statutes 465.03 provides: “Any city, county, school district or town may accept a grant or device of real or personal property and maintain such property for the benefit of its citizens in accordance with the terms prescribed by the donor. Nothing herein shall authorize such acceptance or use for religious or sectarian purposes. Every such acceptance shall be by resolution of the governing body adopted by a two-thirds majority of its members, expressing such terms in full.”; and

The vote on adoption of the Resolution was as follows:

Aye: Gohman, Hollenkamp, Levin, Wolf, Wright, Zahnow and Zastrow

Nay: 0

Absent: 0

Whereupon, said Resolution was declared duly adopted.

A Huge "Thank you" to all who have donated to our school

Mr. Ludvigson gave his recommendations to the board for streamlining the budget. Recommendations are as follows:

1. Phase out the Instructional Coach and add a SPED Teacher
2. Convert 2 WIN Teachers to ESL Positions
3. Dean of Students position to lapse
4. Take National Honors Society and Student Council off of Appendix C and combine it with the duties of the Activities Director.

Other recommendations that will be looked at in May are the facility rental agreements and reclaiming those costs. Also some coding changes to generate more revenue which Freshwater is looking into and will give the direction to how that should look.

A motion was made by Zastrow and seconded by Wright to have the Dean of Students position sunset at the end of the 25-26 school year. The chromebooks will go back to the Tech department, date to be determined on that and the Minnesota Honors Society & Student Council to become duties of the Activities Director. Motion unanimously carried.

The board decided to schedule a work session to look at the other recommendations on May 5, 2026 at 6:30 p.m.

A motion was made by Zastrow and seconded by Zahnow to accept the LPN Contract. Motion unanimously carried.

Discussion was had to create an online teacher position and secure a vendor to move LPGE to offer an online program for students.

A motion was made by Zastrow and seconded by Zahnow to proceed with the online school program for our school. Roll call vote was taken with Gohman, Hollenkamp, Zastrow, Zahnow and Wolf voting "yes", Wright voted "no" and Levin abstained from voting. Motion carried 5/2

The meeting was adjourned at 9.25 pm by Chairman Gohman.

LONG PRAIRIE–GREY EAGLE PUBLIC SCHOOLS

Independent School District No. 2753

Policy 585– ADDING EXTRA-CURRICULAR ACTIVITIES

I. PURPOSE

The Long Prairie–Grey Eagle School Board is committed to providing K–12 students with a variety of extracurricular activities in arts, academic, and athletic areas throughout the school system, within the fiscal limitations of the District’s budget.

II. GENERAL STATEMENT OF POLICY

It is the District’s intent to adequately staff and support activities to provide a quality program and experience for students. The School Board retains sole authority to approve, deny, or discontinue any extracurricular activity. No activity shall be added without formal approval by the School Board.

III. DEFINITIONS

Club Status is defined as a group of students organized to participate in an arts, academic, or athletic activity that is not budgeted or financially supported by the School District. Clubs are typically organized by interested parents, staff members, or through community education. A club may serve as a precursor to formal District-sponsored participation and may eventually transition into a sanctioned activity.

The District recognizes that organizations or clubs may exist outside of Minnesota State High School League (MSHSL) governance. These may include activities, groups, or intramural programs with local, regional, state, or national affiliations that follow rules of other governing bodies.

IV. CRITERIA

When considering the addition of any extracurricular activity, the following criteria shall guide recommendations:

- The activity must demonstrate viability through prior operation as a club, including participation, coaching, equipment, scheduling, facilities, and organization.
- There must be sufficient student interest to justify both initial implementation and long-term sustainability.
- Adequate facilities must be available without negatively impacting existing programs or creating excessive wear and tear.
- A sufficient pool of qualified coaches and officials must be available.
- A competitive schedule must be feasible within a reasonable geographic area, minimizing disruption to the academic program.

- The addition of a new activity must not significantly diminish participation or competitiveness in existing programs.
- The activity must not pose an unusual safety risk to students, staff, or spectators.
- The activity must align with the District's geographic, cultural, and educational context.
- Activities may be required to operate as self-sustaining programs financially until the District determines funding is appropriate.
- All activities must comply with District policies and applicable MSHSL or governing body rules.
- The activity must demonstrate long-term sustainability in participation, staffing, and financial support.
- The District must have sufficient administrative and supervisory capacity to support the activity.
- Transportation requirements and associated costs must be reasonable and sustainable.
- The activity must provide equitable access to students and not create undue barriers to participation.
- The activity must not create unreasonable liability exposure and must be insurable under District policies.
- The activity should align with the District's educational mission and program priorities.

V. GUIDELINES

Except as outlined under School Board discretion, no new activity shall be added unless the following conditions are met:

Requests must be submitted in writing and reviewed with the Activities Director, building administration, and appropriate District leadership. The request must include:

1. A detailed description of the proposed activity
2. Identification of student grade levels impacted
3. Minimum participation requirements and rationale
4. A five (5) year participation projection
5. A Title IX impact analysis, including participation equity implications
6. Financial and budget implications
7. Staffing requirements
8. Facility requirements
9. Impact on existing programs
10. Implementation timeline
11. History of the activity as a club or prior program

Club Requirement

Activities governed by MSHSL shall typically operate as a club for a minimum of three (3) years prior to consideration for District sponsorship, unless previously established and being reinstated.

Other Activities

Non-MSHSL organizations must also seek School Board approval if requesting District resources, staffing, or recognition as a District extracurricular activity.

VI. IMPLEMENTATION AND MONITORING

A. Administrative Review

All proposed activities shall be reviewed by District administration prior to School Board consideration.

B. Title IX Compliance

The District shall ensure that any addition of extracurricular activities complies with Title IX of the Education Amendments of 1972.

Prior to approval, the District shall evaluate:

- Gender equity in participation opportunities
- Overall balance of male and female athletic participation
- Resource allocation (facilities, staffing, scheduling)
- Impact on existing programs

No activity shall be added if it results in noncompliance with Title IX, unless adjustments are made to ensure compliance.

C. School Board Authority and Discretion

The School Board retains full and final authority to:

- Approve or deny any proposed extracurricular activity
- Require modifications to proposals prior to approval
- Approve activities on a trial basis
- Discontinue any activity based on participation, financial constraints, safety concerns, or program effectiveness

Approval of an activity shall not create a guarantee of continued operation.

The School Board may, at its discretion, approve or deny a request regardless of whether the criteria and guidelines outlined in this policy have been met.

LONG PRAIRIE–GREY EAGLE PUBLIC SCHOOLS

Independent School District No. 2753

Policy 427

WORKLOAD LIMITS FOR CERTAIN SPECIAL EDUCATION STAFF

I. PURPOSE

The purpose of this policy is to establish general parameters for determining and monitoring the workload of special education staff who provide services to students receiving special education services for 60 percent or less of the instructional day.

This policy is intended to ensure compliance with applicable state and federal law while supporting the effective delivery of special education services.

II. DEFINITIONS

Definitions shall be consistent with Minnesota law and rule, including Minnesota Rule 3525.0210 and applicable statutes.

A. Special Education Staff / Special Education Teacher

“Special education staff” and “special education teacher” mean a licensed employee of the District responsible for providing special education services to students.

B. Direct Services

“Direct services” means instruction or services provided directly to students.

C. Indirect Services

“Indirect services” includes planning, consultation, monitoring, and related activities necessary to support student programming.

D. Workload

“Workload” means the total time required to fulfill all assigned responsibilities, including but not limited to:

- Direct and indirect services
- Evaluation and reevaluation
- IEP development and management
- Progress monitoring
- Parent communication

- Travel time
- Compliance and documentation requirements

III. GENERAL STATEMENT OF POLICY

The District shall monitor and evaluate special education workload in a manner that:

- Supports compliance with IDEA and Minnesota law
- Reflects the complexity of student needs
- Allows for administrative flexibility in assignment and staffing

Workload determinations shall be made by the appropriate special education administrator in consultation with the building principal and Superintendent.

IV. WORKLOAD DETERMINATION

A. Workload Factors

In determining workload, the District shall consider:

- Student contact minutes
- Evaluation and reevaluation time
- Indirect services
- Number of IEPs managed
- Travel time
- Service intensity and complexity
- Other required responsibilities

B. Workload Calculation Model

The District may utilize a workload calculation model that incorporates:

Student minutes per week divided by instructional minutes per week, plus the number of IEPs managed

The use of a formula is intended as a tool to inform decision-making and does not create a fixed or binding workload cap.

C. Role-Specific Considerations

The District may apply different workload considerations based on role, including but not limited to:

- Resource / categorical special education teachers
- Developmental Cognitive Disabilities (DCD) teachers
- Speech-language pathologists

- Other related service providers

V. RESPONSE TO WORKLOAD CONCERNS

When a workload concern is identified, the District may:

- Review workload calculations
- Reassign students or responsibilities
- Adjust schedules or service delivery
- Provide additional staffing or support
- Implement other reasonable administrative solutions

The District shall determine the appropriate response based on operational needs, staffing availability, and student requirements.

VI. WORKLOAD COMPENSATION

In circumstances where a workload exceeds identified thresholds and the District determines that immediate adjustment is not feasible, the District may provide temporary workload compensation in accordance with applicable agreements.

Such compensation:

- Shall be temporary in nature
- Shall not constitute a permanent salary adjustment
- Shall not establish a precedent or past practice
- Shall not replace the District's obligation to address workload concerns

The determination of whether workload compensation is appropriate shall remain within the discretion of the District.

VII. COLLECTIVE BARGAINING AGREEMENT UNAFFECTED

This policy shall not be construed as:

- Reopening negotiations
- Creating enforceable workload limits independent of a collective bargaining agreement
- Limiting the District's inherent managerial rights under Minnesota Statutes § 179A

VIII. LEGAL COMPLIANCE

This policy is intended to align with:

- Minnesota Statutes § 125A.071
- Minnesota Statutes § 179A (PELRA)
- Applicable federal special education law

IX. IMPLEMENTATION AND REVIEW

The District shall:

- Monitor workload periodically
- Review effectiveness of workload practices
- Adjust procedures as necessary

Facilities Policy and Rental Update

Included in the board packet is a copy of the proposed LPGE Facilities Policy and LPGE Rental Fee structure that Ms. Paurus and I have created.. During this process I intentionally sought out information from several schools and communities that had facilities that were similar to LPGE. Information was collected and analyzed from the following schools: Albany, Sauk Rapids-Rice, Alexandria, Belgrade Brooten Elrosa, Big Lake, Benson, Foley, Becker, Minnewaska, Montevideo, Paynseville, Rockford, ROCORI, Willmar, and Sartell. I feel using this many examples to research gave us an excellent ability to make prudent decisions in the updating our policies. I would also like to thank Mr. Zastrow for representing the Executive Committee in this process. Both him and Mr. Ludvigson met with us on several occasions to give us feedback on our progress and provided guidance on how to proceed throughout the process.

Community Education

June 1st marks the official start to the Community Education Summer season. We are very pleased with the ability to offer so many fun educational and recreational activities. Each year we average around 500 students that participate in some sort of school sponsored activity, and we can't wait to make sure that all of our students have a positive memorable experience.

Little League began practices on April 23rd and currently has more than 90 students in grades 3–6 participating. We would like to thank all of our volunteer coaches for the countless hours they dedicate to supporting and educating our students. Each volunteer coach completed three hours of training through the National Alliance for Youth Sports and has done an outstanding job working with our participants. Lower Division and Upper Division games began on Monday, May 11th. Both divisions will continue through the end of June. Community members interested in attending games are encouraged to join us on Monday and Thursday evenings. Lower Division games begin at 5:15 p.m., followed by Upper Division games at 6:35 p.m.

Community Education is also pleased to continue partnering with several community organizations and area groups to expand programming opportunities for our students and families. These partnerships allow us to provide a broader range of activities and services to the community. We are especially appreciative of our partnership with the City of Long Prairie. This year alone the City of Long Prairie has put up LPGE Thunder Banners throughout the city to show the communities support of schools. The city also cleaned up the shoreline of the pond around Harmony Park, and added mulch around all of the trees in preparation of the LPGE Elementary Color Run. They also were fabulous to work with during the Thunder Stadium Project, several times they helped us with construction issues which arose during the

construction. I would like to personally thank Chad Bosl and his team for all they do for the LPGE School District.

Congratulations to all LPGE Preschool and Head Start graduates. LPGE Preschool graduation ceremonies were held during the last week of April and the first week of May, with preschool classes concluding last Thursday. Head Start students will celebrate their graduation on Thursday, May 14th. We are incredibly proud of the friendships, growth, and skills these students have developed over the past two years. We look forward to seeing all they accomplish as they begin Kindergarten next year.

ESSA Federal Funding Application Update

As we continue our annual process of applying for federal Every Student Succeeds Act (ESSA) funding through the Minnesota Department of Education. As part of this work, we have been reviewing student achievement data, program needs, staffing priorities, and school improvement goals to determine the most effective use of Title I, II, III, and IV funds for the upcoming school year.

We are currently developing and submitting our consolidated ESSA application and budget, which outlines planned expenditures and program goals. These federal funds support a variety of initiatives throughout the district, including academic interventions, professional development opportunities for staff, supports for English learners, student wellness and engagement programming, technology integration, and other activities that help provide students with a well-rounded educational experience.

Following submission, the Minnesota Department of Education will review our application to ensure compliance with all federal and state requirements. Upon approval, we will receive our ESSA funding allocations and begin implementation of approved programs and services throughout the school year.

We will continue to monitor expenditures, evaluate program effectiveness, and complete all required reporting to maintain compliance and ensure continued eligibility for future federal funding opportunities.

LPGE Technology Board Report

May 18th, 2026

Update for May:

What a busy end of the school year! Here is what is happening in the LPGE tech dept:

Good news from Marco, our copier vendor: I had a meeting with them to go over our overages from this year. We are down over 40% on color coping from last year. That is a savings of over \$1,500. Total copy count is down over 80,000 Color and 250,000 black and white from 2025. Our total copy count for this year is 1,546,482 black and white and 109,380 color. We only had to pay an overage cost of \$250 this year. Our staff did a great job of conserving copies this year.

Chromebook purchase: In your packet is a lease for new chromebooks. This will be used for chromebooks for the elementary. We should have replaced them two years ago, but decided to get a little more life out of them. As you can see, the purchase cost is \$201,210 which will be put into yearly payments for five years to help with budgeting. Cost per year \$45,047/year for five years. This lease also includes 30 larger chromebooks for our new online school students. We want them to have an excellent experience, so we will be giving each online student a device to use while they are enrolled with us.

We have received notice that two out of our three Erate projects have been approved for funding. Hoping to hear back on the third one soon.

Summer plans are underway. We have a significant amount of work to do this summer. This includes the switchover of Skyward, installing new switches and access points district-wide, along with our usual summer work. It's going to be busy.

We were also asked if we would like to have a summer intern. We said yes! It will be exciting to have someone help with all of our summer tasks. We're also hoping that he can learn from us in all that goes into School Technology.

MAY 2026 - FROM THE BUSINESS OFFICE:

At the end of April, I attended the yearly Spring Minnesota Association of School Business Officials (MASBO) workshop. The conference included presentations from MDE, personnel attorneys, and other school finance and operations professionals focused on current issues facing Minnesota school districts.

Sessions covered topics including:

- English Learner (EL) funding
- Paid Family Medical Leave (PFML)
- Human Resources updates
- Communication and planning during school emergencies

These workshops are valuable because they help us stay informed and prepared as new legislative requirements, funding changes, and operational expectations continue to evolve. If you are ever interested in hearing more about topics from these conferences, please feel free to reach out. I am always happy to share materials, resources, and notes from the sessions I attend.

In addition to conference work, the Business Office has spent the past several weeks finalizing the 2025–2026 budget as contract settlements near completion. We continue working closely with Ehlers, whose budgeting tools and forecasting resources help us analyze trends, review assumptions, and prepare long-range projections.

As part of that process, we continue monitoring legislative developments and state funding discussions carefully. Because the legislative session is not finalized, we are choosing to remain conservative in our planning for compensatory funding and other uncertain revenue sources.

At this time, we anticipate the current year budget finishing near a break-even point, assuming enrollment trends remain stable and no significant unforeseen expenses arise.

The district also experienced several one-time expenditures during the 2025–2026 school year tied to prior board-approved projects. With the addition of the new track and turf facilities, along with the implementation of the soccer program, new equipment purchases were necessary to support those activities and facilities. These purchases are considered long-term investments and should now primarily require replacement only as equipment wears out or if MSHSL requirements change in the future.

As always, if you have questions regarding district finances or current spending, please reach out. We are always happy to review reports, provide additional detail, and answer questions.

Thank you for your continued support of Long Prairie–Grey Eagle Schools.

LPGE Health Services Monthly Board Report

May 2026

Long Prairie-Grey Eagle Elementary & Secondary Schools

Melissa Meagher BAN, RN, PHN, LSN

Overview

This report provides a summary of student health services, trends, and activities for the reporting period. Health services continue to play a critical role in student safety, attendance, academic readiness, and regulatory compliance across both buildings.

Health Office Activity

Approximate number of student visits September 2nd, 2025 - May 13th, 2026: 11,545. This averages approximately 72 student visits per school day.

Top common reasons for visits:

☐ Illness/symptoms-

- Congestion- 216
- Cramps- 270
- Headache- 891
- Stomach ache- 898

☐ Head Injury- 834

☐ Chronic condition support-

- Asthma- 328
- Diabetes- 959

Student Office Visit Category Breakdown (Total = 15,962)

The most common reasons for student visits continue to be medication administration, diabetes management, headaches, stomach aches, and bathroom use, followed closely by injury-related visits such as head checks and extremity injuries. These trends reflect both the medical complexity of student needs and the high volume of daily care provided.

Notable trends or changes observed:

Over the course of the school year, several consistent trends have emerged in student health office utilization. The overall volume of visit reasons (15,962) reflects both the high demand for services and the increasing complexity of student needs.

A significant portion of visits continues to be driven by medication administration and chronic condition management, including Diabetes and Asthma management. These services require ongoing clinical oversight and contribute substantially to the daily workload.

In addition, illness-related complaints, particularly headaches, stomach aches, and upper respiratory symptoms, remain among the most frequent reasons for visits. These trends are consistent with seasonal patterns, with increased volume during fall and winter months.

Injury-related visits also account for a large share of health office utilization. Head checks, extremity injuries, and minor trauma (e.g., bumps, cuts, and falls) occur frequently and require assessment, monitoring, and follow-up to ensure student safety.

Non-medical or basic needs, such as bathroom use, hunger, and clothing changes, continue to contribute to overall traffic in the health office. While these visits are often brief, they affect workflow and the availability of clinical time.

Overall, the data reflects a combination of high volume, diverse needs, and increasing medical and behavioral complexity, reinforcing the importance of structured systems, clear expectations, and adequate staffing to support safe and effective health services.

Office visit data over the past several school years further illustrates this trend, with total visits increasing from 5,400 in the 2018–2019 school year to 11,630 so far in the 2025–2026 school year, an increase of over 80%. The most significant growth occurred between the 2020–2021 and 2021–2022 school years, with visit volume nearly doubling. Since that time, visit numbers have remained consistently elevated, indicating that this increase reflects sustained and ongoing student needs. This sustained demand underscores the importance of maintaining adequate staffing and evaluating health office spaces to ensure they appropriately support the volume, complexity, and confidentiality required for student care.

Year	Visits
2018-19	5400
2019-20	6473
2020-21	5883
2021-22	9766
2022-23	10305
2023-24	12217
2024-25	11536
2025-26 YTD	11630

Illness & Communicable Disease Monitoring

Common illnesses observed this month:

Conjunctivitis (pink eye), Molluscum Contagiosum, Sinus Infections, and Gastrointestinal Illness.

Confirmed or monitored communicable diseases (per MDH guidance): None

Chronic Health Conditions & Care Management

LPGE currently supports **428 documented chronic health conditions**. The majority continue to fall within respiratory, allergy, and neurodevelopmental/behavioral categories. This level of medical complexity significantly impacts daily health office workload, care planning, medication administration, emergency preparedness, and staff training needs.

- 🗨️ **Neurodevelopmental / Behavioral** (ADHD, Autism, ODD, Anxiety, PTSD, Mood Disorders, Developmental Disability, etc.)
– **113 students (26%)**
- 🌿 **Allergies** (Food, Environmental, Bee, Nut, Latex, etc.)

☐ Medications administered per provider or OTC parent orders:

- All Medication types- 2,627

Medication Administration by Category (Total = 2,627)

Category	Count	%
ADHD / Stimulants & Related	1184	45.1%
Respiratory (Asthma/Inhalers)	351	13.4%
Psychotropic / Mental Health	336	12.8%
Pain / Fever / OTC	112	4.3%
GI / Nausea	51	1.9%
Other / Specialty Medications	593	22.6%

Staff training provided:

The Licensed School Nurse (LSN) attended the required CERP Assistance Grant training on May 14, 2026, at Resource Training & Solutions in Sartell. This full-day training is a programmatic requirement of the grant and supports continued development and implementation of the district's Cardiac Emergency Response Plan (CERP).

The training included a review of statutory requirements, guidance on the development, implementation, and evaluation of the CERP, alignment with district policies, and opportunities for collaboration with the Minnesota Department of Education (MDE) and Project ADAM staff.

In addition, the afternoon session included a train-the-trainer component focused on Hands-Only CPR and AED use. This supports the district's goal of building internal capacity for staff training and emergency preparedness.

Participation in this training ensures continued compliance with grant expectations and strengthens the district's ability to implement an effective and sustainable cardiac emergency response system.

Mental Health & Social-Emotional Observations

General trends observed (non-identifying):

Weekly, we encounter students who present with physical symptoms that are ultimately related to underlying mental health concerns. Many students may not recognize or may be reluctant to acknowledge that anxiety or emotional stress is contributing to their physical discomfort.

Through careful assessment, targeted questioning, and elimination, we identify potential mental health factors and collaborate with school social workers and counselors when appropriate. While some students may initially decline formal support services, health office staff strive to meet students where they are by providing a supportive, nonjudgmental environment and a listening ear.

☐ Collaboration with counseling/support staff as needed:

From September 2nd, 2025, to May 13th, 2026, 89 students were referred for counseling/social work services after presenting to the health office with physical symptoms that were determined to be mental health-related.

Safety & Injury Prevention

Common injury types or safety concerns:

Head injuries remain our primary injury concern. To date, we have documented 980 head injury office visits during this school year. This represents approximately 8.5% of all office visits this school year.

Each head injury is treated with the utmost caution and care. Students are evaluated using established school-based concussion screening protocols. In most cases, this involves approximately four separate office assessments throughout the school day to ensure the student remains free of concussion-related symptoms before dismissal.

If a student exhibits ongoing or worsening symptoms, families are promptly contacted and advised to seek medical evaluation for further assessment.

The majority of these injuries occur during playground activities or physical education classes.

Follow-up actions or prevention efforts:

Many of the head injuries observed this month have been associated with student decision-making, such as physical altercations or failing to maintain awareness of their surroundings. Prevention efforts continue to focus on reinforcing safety expectations, promoting appropriate use of equipment, and encouraging positive decision-making behaviors among students.

Screenings & Preventive Care

Vision Screenings (591 Total)

- Passed: 450
- Rechecked: 88
- Referrals: 49
- Unable to participate: 4

A total of 591 vision screenings were completed, with the majority of students demonstrating results within normal limits. A portion of students required rechecks or referrals for further evaluation, with astigmatism and minor visual irregularities being the most commonly observed concerns. A small number of students were unable to complete the screening or are currently under the care of a vision specialist. These screenings support early identification of vision concerns that may impact student learning and classroom performance.

Screening Observations:

- **Within Normal Limits (WNL):** 451
- **Astigmatism:** 50
- **Failed Screening:** 67
- **Anisometropia:** 9
- **Gaze Asymmetry:** 6
- **Unable to Assess:** 7
- **Currently Seeing a Specialist:** 4
- **Anisocoria:** 1

Hearing Screenings (614 Total)

- Passed: 494
- Rechecked: 106
- Referrals: 8
- Unable to participate: 6

The majority of students (approximately 81%) passed initial hearing screenings. A portion of students required rechecks to confirm results, while a small number were referred for further evaluation. These outcomes reflect a strong screening process focused on early identification and follow-up of potential hearing concerns.

Vision and hearing screenings are conducted throughout the school year. Screenings are performed upon request when concerns arise, as well as for students referred through the BLAST team or those undergoing evaluation for IEP consideration.

Any student who does not meet established screening criteria receives a rescreening to confirm results. If the student does not pass the rescreening, a formal referral letter is sent to the family recommending further evaluation by an appropriate healthcare provider.

Immunization compliance monitored:

At this time, all students are in compliance with Minnesota school immunization requirements. Compliance is defined as having received the required immunizations, having a properly completed medical exemption signed by a licensed healthcare provider, or having a notarized conscientious exemption on file.

In preparation for the upcoming school year, immunization notification letters will be sent to families before the end of the current school year. These letters will clearly outline the immunizations required for the next school year and state that all required immunizations or appropriate exemptions must be submitted by the first day of school.

Additional reminder letters will be sent at the end of June/early July and again at the end of July/early August to support families in meeting compliance requirements before the start of school.

During the summer months, the Licensed School Nurse reviews student immunization records through the Minnesota Immunization Information Connection (MIIC) and manually updates student records in the district system to ensure accuracy and compliance.

Special Education/IEP Health Services

The Licensed School Nurse (LSN) plays an active role in the special education process throughout the school year. The LSN attends all Child Study meetings to provide health-related insight and support the evaluation process for students being considered for services.

As part of this work, the LSN completes Licensed School Nurse Assessments (LSNAs) using health information provided by families, including comprehensive health histories, and provides vision and hearing screening data to support evaluation teams in determining student needs.

During this school year, the LSN completed 122 IEP-related nursing contacts and evaluations, reflecting a significant level of involvement in the special education process.

Beyond direct care and assessments, the LSN dedicates time to staff training and supervision, documentation, and completion of required SPED paperwork, including evaluation reports and service documentation. Monthly reports are submitted for Medical Assistance (MA) eligible services to Freshwater, which processes billing for nursing services. These reimbursements are returned to the district and help offset the cost of providing required health services, supporting the sustainability of nursing and special education programming.

This work ensures that student health needs are appropriately identified, documented, and considered in educational planning, supporting both student safety and access to learning.

Cardiac Emergency Response Planning Update

Work continues to develop and refine a comprehensive Cardiac Emergency Response Plan (CERP) for the district. As a reminder, this ongoing initiative is focused on strengthening preparedness and ensuring an effective, coordinated response to cardiac emergencies across all school buildings.

As previously reported, the district received the fully executed Official Grant Award Notification (OGAN) from the Minnesota Department of Education (MDE), allowing implementation to begin. The district has begun ordering items supported through the CERP grant, including CPR and First Aid training supplies, with the goal of purchasing a significant portion of the approved items by the end of this school year. Additional purchases will continue in the coming months, with the goal of full implementation before the start of the next school year.

In addition to utilizing the MDE model plan, Resource Training & Solutions developed a detailed CERP framework for the district. As previously noted, this plan was reviewed and shared with Terasa from Project ADAM, who provided valuable feedback. That feedback has been incorporated, and a finalized draft of the CERP is being presented to the Board this evening. The Board is encouraged to review the draft and provide feedback to support final approval of the plan.

In partnership with Project ADAM, implementation efforts will continue. As noted earlier in this report, the Licensed School Nurse attended the required spring training on May 14, 2026. Additionally, Project ADAM will provide hands-only CPR training to all district staff during the fall workshop on Thursday, August 27, 2026, followed by Red Team mock emergency drills at each building. The schedule is as follows:

- Staff Hands-Only CPR Training: 8:00–9:15 AM (Secondary)
- Red Team Mock Drill: 9:30–10:15 AM (Secondary)
- Red Team Mock Drill: 11:00–11:45 AM (Elementary)

RedCaps have been completed with detailed information on the district's Emergency Response Teams ("Red Teams"). In April, Red Team members met at each building to plan and practice mock emergency response drills. These drills included scenario-based practice, student involvement at the Secondary level as participants, and coordination with administration to implement a building "HOLD" and utilize office-generated emergency documentation (victim data sheets). These practice opportunities are designed to increase staff confidence, coordination, and efficiency during real emergencies.

This initiative reflects the district's continued commitment to student and staff safety, emergency preparedness, and alignment with state and national best practices.

Wellness Committee Update

The LPGE Wellness Committee continues to meet quarterly. Meeting notes are distributed to all staff via email and posted on the LPGE website to ensure transparency and accessibility. The next Wellness Committee meeting is scheduled for Thursday, May 21, 2026.

The district's annual wellness potlucks were successfully held at both school buildings and continue to be a valued tradition that promotes staff engagement and a sense of community.

Potluck Events Included:

Salad Bar Potluck – April 14, 2026: Staff participated in a “Midwest-style” salad bar, contributing a variety of bases, toppings, and dressings to create a shared meal experience.

Cinco de Mayo Potluck – May 5, 2026: Staff brought taco-themed dishes, sides, and desserts to celebrate together in a festive and collaborative setting.

In addition, the district is currently participating in the Better Health Collective “Move It Challenge” from May 1 through May 31, 2026. This step-based wellness initiative encourages participants to average approximately 8,000 steps per day, or 248,000 steps over the course of the month. The challenge promotes physical activity, accountability, and friendly competition among participating organizations.

Long Prairie–Grey Eagle Public Schools currently has 25 staff members participating in the Better Health Collective Move It Challenge:

- Meghan Peterson
- Teresa Perish
- Tammy Cebulla
- Joni Young
- Michelle Halonen
- Amy Langford
- Maressa Rousslange
- Bonita Middendorf
- Ashley Pohlmann
- Carissa Bitz
- Guadalupe Montanez
- Amy Lanners
- Jennifer Thelen
- Pamela Dinkel
- Paula Muellner
- Jeffrey Kalpin
- Jennifer Olson
- Melissa Meagher
- Lisa Day
- Kendra Berg
- Vanessa Wielenberg
- Mary Miklavcich
- Nicole Cuchna
- Skyler Rosenow
- Tracy Schultz

This continued participation reflects strong staff engagement and commitment to improving personal health and wellness.

The Wellness Committee remains committed to fostering a culture of health and well-being among staff and supporting district-wide wellness initiatives.

Health Services Updates

We are currently observing a slight decrease in the average number of daily student visits to the Health Office, which is typical for this time of year. That being said, Health Services remains actively engaged in supporting end-of-year activities, including field trips and increased outdoor programming. For all off-campus trips, Health Office staff prepare and provide necessary medications and emergency supplies to ensure student safety, in addition to managing end-of-year responsibilities within the office.

In preparation for the upcoming school year, as stated earlier the Licensed School Nurse will send immunization notification letters to families before the end of the current school year. These notifications, sent via both email and physical letters, outline required vaccinations, particularly for incoming Kindergarten, 7th grade, and 12th grade students. Additionally, staff will complete an end-of-year inventory of health supplies and medications and communicate with families regarding medication pick-up.

Health Office staff continue to participate in training for the upcoming transition to the new Skyward Cumulative system, which will replace the current Skyward program next school year. This transition has required significant learning and preparation. While implementation will present challenges, we are optimistic that the updated system will improve efficiency and enhance student health documentation.

As always, I would like to thank the Board for its continued support of health services within our district. I remain interested in engaging the Board in ongoing discussions regarding needed updates to our health services spaces, given the increasing volume and complexity of student visits.

Thank you for your continued partnership and support of student health and safety. I welcome any questions or requests for additional data.

May 2026

One District

1. Educators of Excellence

- a. On May 6, we celebrated four of our staff members who were honored at Sourcewell's Educators of Excellence program. Congratulations to Mary Susan Miklavcich, Ashley Pesta, Karen Holt and Jennefer Ramos for this well deserved honor. Thank you for all you do for our students, families and the district.

Professional Development Committee.

1. Planning time

- a. Our committee will be working on our Professional Development Handbook as well as planning for next fall's back to school week.

Elementary School

1. 2026 Color Run

- a. May 8 was a beautiful day for our Color Run. We had 5 color stations for our students to run through. When the students were not running, they participated in activities planned by our Phy Ed teachers, ate lunch and enjoyed class group time. The secondary school sent over student council members who helped with the activities and students. Our cafeteria staff served our lunch out of the concession stand. The student incentives aligned with our white out theme this year and overall, everyone had a wonderful time. We want to thank our families, communities and school for the support and generosity of our annual event. (FYI we have been holding this event since 2018)

2. Music Concerts

- a. Our music department has once again prepared our students for amazing concerts. It is such a pleasure to watch and listen to our students as they perform to full house audiences.
- b. Ms. Gross is planning a short band pop concert on May 21 for our school students this year. We are all looking forward to this event as well.

3. Field Trips

- a. All of our students are enjoying their field trips this year. These field trips are made possible through our Color Run Fundraiser.
 - i. Kindergarten - Hemker Zoo
 - ii. First - Amaze'n Farmyard
 - iii. Second - Camp Confidence
 - iv. Third - MN Science Museum
 - v. Fourth - Prairie Woods Environmental Learning Center
 - vi. Fifth - Camp Lebanon
 - vii. Sixth - Camp Lebanon

4. ALC

- a. We are making plans for four of our special education teachers to move into the ALC areas. We will do a walkthrough of the area on May 28. We look forward to this area creating new opportunities for our students.

Secondary School

1. Band and Choir Concerts

- a. We are in the middle of Spring Band and Choir Concerts. The turnout in our community is always strong with the community appreciating all the hard work that the students as well as Mr. Speer and Mr. Lamb, put into the performances. Along with this, it is Mr. Speer's last formal Spring choir performance, which made this year that much more special for students, families and the community.

2. Military Signing Day

- a. We had our 1st annual military signing day on April 30. We had five of our students sign up with the U.S. Army National Guard following their graduation from LPGE. We are certainly proud of these students as well

as commend them for their selfless attitude of service for our country. We are hoping to make this an annual tradition and to wrap up all of our armed forces for this event in the future.

3. Graduation Preparation

- a. As graduation quickly approaches, we are already putting all of the pieces in place so the students have a memorable experience. Flowers are set up as well as all the diplomas and regalia are ready to go. Over the past two years, we have expanded the stage and replaced the carpeting. There will be some minor changes to the layout this year as we are always looking to improve upon what we have as well as the appearance for that special day.

How the Board can support the Superintendent in this area (Board Goals)

- Support the superintendent's decisions
- Bring issues directly to the superintendent to collaboratively problem solve solutions
- Do not bypass the superintendent in the chain of command and involve him in all school governance decisions.
- Communicate concerns regularly with the superintendent
- Provide direction and clear communication on district strategic priorities

- 5.g Evaluation

Timeline for superintendent review process:

[09/2025] – approve the goals and performance review plan

[11/2025] – provide mid-year report and feedback on progress

[06/2026] – conduct year-end (summative) evaluation

Final Reflection

Over the course of this evaluation cycle, I have maintained a clear focus on advancing the district's strategic priorities, strengthening organizational systems, and aligning resources to support long-term success. This work has been grounded in the principles outlined in a goals- and standards-based evaluation framework, which emphasizes continuous improvement, alignment to district goals, and measurable impact.

Communication and Community Relationships (Standard 3) – Highly Effective

Communication continues to be a core strength of my leadership. This is reflected in consistent engagement with staff, the community, and professional organizations. Feedback from staff and community members indicates a high level of trust in both the clarity and consistency of communication.

I have established and maintained strong relationships across local, regional, and national organizations, including MASA, MSBA, MASBO, and AASA. These relationships have led to opportunities to contribute to the field through writing, presentations, and professional dialogue. Locally, I remain visible and engaged through regular attendance at school and community events, and I am consistently identified as approachable and accessible.

Engagement efforts this year have included strategic planning processes, surveys, and stakeholder conversations. While these efforts have strengthened input and alignment, the next phase of this work will focus on ensuring that feedback is translated more consistently into measurable system-level improvements.

Community communication has been a particular strength. The frequency, clarity, and transparency of communication have resulted in strong community awareness and positive feedback. This aligns with the expectation that effective communication supports both governance and public trust.

Advocacy represents an area for continued development. This year's focus has been primarily internal, strengthening organizational systems and culture. Moving forward, I will expand engagement with legislative and policy-level stakeholders to better position the district in broader educational discussions.

School District Finances (Standard 2) - Effective

The district remains in a strong financial position, as reflected in clean audits and a healthy fund balance. Budget development has been proactive and aligned to both current needs and long-term planning, consistent with the expectations outlined in the evaluation framework.

I have maintained regular communication with the board regarding financial status and the implications of fiscal decisions. While this communication has been consistent and effective, there is an opportunity to further enhance the clarity and accessibility of long-range financial projections.

In the absence of a bond or levy campaign, financial leadership has focused on resource alignment and building support for major projects such as HVAC improvements and infrastructure investments. These efforts demonstrate the ability to communicate the value and impact of strategic investments.

Asset management has improved through targeted efficiencies, including reductions in operational costs and increased use of external funding sources. Moving forward, a more systematic approach to identifying and implementing efficiencies will further strengthen this area.

Human Resources and Organizational Leadership (Standard 5) – Effective

Internal communication systems are strong and continue to support staff understanding, engagement, and trust. Feedback mechanisms, including surveys and committees, provide ongoing input and contribute to organizational alignment.

Personnel matters are addressed with consistency and adherence to established policies and procedures. Decisions are made with attention to fairness, discretion, and long-term organizational impact. There is an opportunity to improve efficiency through more systematic review and refinement of personnel processes.

Delegation represents an area of targeted growth. While leadership responsibilities have been effectively distributed in larger initiatives, there is an opportunity to increase efficiency by delegating smaller operational tasks more consistently. This will allow for greater focus on strategic leadership and system-level work.

Visibility and approachability remain strong. Regular presence in both school and community settings, combined with intentional efforts to create access points for informal communication, has strengthened relationships across the district.

Hiring and staff development processes are solid and aligned to long-term organizational health. The expansion of professional development opportunities, including additional structured days, reflects a commitment to continuous improvement. Future work will focus on increasing the effectiveness and alignment of these systems.

Collective bargaining has been a strength. Contract negotiations have been conducted in a manner that balances fiscal responsibility with maintaining positive relationships. Updated contract language and thoughtful negotiation strategies have positioned the district to support both current operations and long-term goals.

Evaluation practices are effective at the individual level but require greater consistency across the district. Aligning evaluation systems with professional development priorities represents a key opportunity for improvement.

Overall Assessment

The goals established for this evaluation cycle have been met. This is reflected in:

- Positive survey feedback
- Strong financial performance
- Successful contract negotiations
- Progress toward strategic alignment

The district is operating from a position of stability, with systems in place to support continued growth and improvement.

Moving forward, the focus will be on:

- Strengthening system consistency across the organization
- Increasing efficiency in operations and delegation
- Expanding external advocacy efforts
- Translating stakeholder input into measurable outcomes

This work positions the district to continue advancing its strategic priorities while maintaining strong relationships and organizational stability.

Enrollment Trends: Earlier projections were more favorable. Enrollment reached its highest levels between September and November. While a December decline is typical, enrollment continued to decrease through February and March, with that decline leveling off more recently.

A closer review shows that a significant portion of this decline occurred at the secondary level, particularly in grades 11 and 12. Several students transitioned to online programs or the Accelerated Learning Center. This is not unique to LPGE, as surrounding districts are experiencing similar trends, reflecting a broader shift toward online learning at the secondary level.

At the same time, elementary enrollment remains stable and continues to show gradual growth.

One important distinction is that the number of resident students is increasing, while district enrollment remains relatively stable. This indicates that a growing number of students are choosing options outside the district, which is reflected in increased open enrollment out, even as overall student counts remain steady.

This suggests that enrollment stability is being maintained despite increasing competition for students, particularly at the secondary level.

Looking ahead, projections assume relatively stable enrollment within the district. With the addition of an online school option, initial projections are conservative (approximately 12 students), though statewide trends suggest potential for growth beyond that level. At this time, it is difficult to project that growth with precision due to limited historical data.

Long Prairie-Grey Eagle Public School District

General Fund Operating Budget Fund Balance

Seven Year Comparison

Board Minute – Scenario: Understanding Compensation Decisions

What Would You Do?

Following approval of employee contracts, a community member approaches you and says: “The district has a healthy fund balance and the budget seems stable. Why aren’t employees receiving larger salary increases?”

You also hear similar concerns from staff who feel their hard work deserves greater compensation.

At the same time:

- The district is facing uncertainty around future state funding.
- Employee compensation includes more than salary alone.
- The board has recently discussed possible budget reductions and staffing adjustments.

As a school board member, how do you respond?

Key Considerations for Board Members

1. Compensation Is More Than Salary

Salary is only one part of an employee’s total compensation package.

District costs also include:

- Health insurance contributions
- Retirement contributions
- Payroll taxes
- Paid leave and other benefits

Because of this, the actual cost of a salary increase is higher than the increase shown on a paycheck.

2. School Boards Must Think Long-Term

A district may be financially stable today while still preparing for:

- Future revenue reductions
- Inflationary increases
- Rising benefit costs
- New state mandates

Board decisions should consider both:

- Current affordability
- Long-term sustainability

3. Fund Balance Is a Safety Net

A healthy fund balance helps districts:

- Manage unexpected costs

- Handle revenue fluctuations
- Support one-time expenses

It is not intended to permanently support ongoing costs without considering future impacts.

4. The Board's Role Is Governance

Board members are responsible for:

- Setting direction
- Approving budgets and contracts
- Asking questions
- Understanding long-term implications

Administration is responsible for:

- Preparing budget projections
- Recommending compensation structures
- Explaining financial impacts and operational considerations

Questions a Board Member Might Ask

Before making compensation decisions, a board member may want to ask:

- What is the projected long-term impact of these settlements?
- How do salary increases affect benefits and retirement costs?
- What future revenue concerns should the board be aware of?
- How competitive is the district's overall compensation package compared to surrounding districts?
- What information do the superintendent and business manager recommend the board consider?

Possible Board Member Responses

Given this situation, what is the most appropriate response?

- Acknowledge the hard work and value of district staff.
- Explain that compensation includes both salary and benefits.
- Reinforce that the board must balance employee support with long-term financial stability.
- Encourage individuals to review information provided by the superintendent and business manager regarding budget projections and compensation impacts.

Discussion Question

What information does a school board need in order to make responsible compensation decisions while still supporting and valuing staff?

May 18, 2026 Board Meeting

H. Unfinished Business:

H.1. Principal Search

See attached revised timeline for the Secondary Principal search process.

H.2. Online School Discussion and Possible Action

Administration has completed informative site visits with two school districts currently operating online programs. These visits provided valuable insight into implementation, staffing structures, student onboarding, attendance monitoring, and record-keeping requirements.

At this time:

- An Online Instructor has been secured
- Edmentum has been selected as the instructional platform
- Planning and implementation work remains ongoing

Administration is requesting discretion to add a clerical attendance secretary position should initial enrollment exceed 18 students. Based on site visit feedback, attendance tracking, onboarding, communication, and student record management represent significant operational demands within an online program.

This request is intended to provide flexibility as enrollment numbers and implementation needs become clearer. Additional discussion and possible adjustments can occur at the June board meeting depending on enrollment and program development timelines.

H.3. Solar Grant

iDeal Energies will present information regarding the Solar for Schools Grant and request board action to continue moving the project forward.

As part of the required process, the district has published notice in the local newspaper regarding a Guaranteed Energy Savings Contract.

At this time, the project is anticipated to be funded through a combination of:

- Grant funding
- Federal tax credits

The district is not anticipating a significant direct financial contribution or long-term fiscal obligation related to the project. Additional details regarding costs, savings projections, and implementation timelines will be shared during the presentation.

H.4. Facilities Rental Update

See attached revised facilities rental information.

Brad Evenson, Kelsey Paurus, and I reviewed the district's current facility rental administrative procedures and fee structures. With support from Sherri Evenson, we identified that facility rentals were operating at a financial loss to the district.

Many of the current practices originated during the COVID period when the district intentionally reduced or absorbed costs to encourage continued community use of district facilities during a difficult time.

As COVID-related funding has ended and budget pressures have increased, administration reviewed neighboring district practices and updated rental rates to:

- Better recover district expenses
- Maintain reasonable rates
- Continue supporting local organizations and youth groups

The proposed revisions are intended to balance fiscal responsibility with continued community access to district facilities.

Long Prairie-Grey Eagle School District

Facility and Grounds Use Policy

Purpose Statement:

The facilities and grounds of the Long Prairie-Grey Eagle School District are maintained primarily for educational purposes and school-sponsored activities. The School District recognizes that community access to school facilities can provide educational, recreational, cultural, civic, and social benefits to the community. This policy establishes guidelines and expectations for the safe, responsible, and equitable use of district facilities and grounds by outside organizations and individuals.

General Statement of Policy

Use of school facilities and grounds by non-school groups may be permitted when such use:

- Does not interfere with the instructional program or school-sponsored activities;
- Supports educational, civic, recreational, cultural, or community purposes;
- Complies with all district policies, local ordinances, state laws, and federal regulations; and
- Protects the safety, security, and condition of school property.

The School District reserves the right to approve, deny, revoke, or modify any facility use request.

Definitions

For purposes of this policy:

- **Facilities and Grounds** include all district-owned buildings, athletic facilities, parking lots, fields, playgrounds, equipment, and other property.
 - **School-Sponsored Activities** include activities organized and supervised by the School District or its affiliated student organizations.
 - **Outside Organizations** include community groups, nonprofit organizations, governmental agencies, businesses, and private individuals requesting facility use.
-

Priority of Use

Facility use requests shall be prioritized in the following order:

1. School District instructional programs and operations;
2. School-sponsored extracurricular and co-curricular activities;
3. Community Education programs;
4. School-affiliated organizations and booster groups;
5. Governmental and nonprofit community organizations;
6. Other approved organizations or individuals.

Approval of prior use does not guarantee future approval.

Application and Approval Process

1. All requests for facility or grounds use must be submitted through the district's designated reservation process.
 2. Requests should be submitted sufficiently in advance to allow for review and scheduling.
 3. Use is not authorized until written approval has been granted by the School District.
 4. The district may require proof of nonprofit status, event details, security plans, or additional documentation.
 5. The School District may cancel or reschedule approved use when necessary due to:
 - School activities;
 - Weather or facility conditions;
 - Safety concerns;
 - Emergency situations; or
 - Policy violations.
-

Eligibility and Permitted Uses

Permitted uses may include:

- Educational programs;
- Youth activities;
- Civic meetings;
- Cultural or performing arts events;
- Recreational programs;
- Community service activities; and
- Other activities deemed appropriate by the district.

The district may deny use for activities that:

- Conflict with the mission or operations of the School District;
- Present safety or security concerns;
- Causes excessive wear or damage;
- Violate laws or district policies; or
- Are inconsistent with community standards for school property.

Supervision and Responsibility

1. An adult representative of the renting organization must be present and supervise all activities at all times.
 2. Organizations are responsible for the conduct and behavior of all participants and spectators.
 3. Users shall comply with all instructions from district staff, custodians, coaches, or administrators.
 4. The district may require security personnel or district supervision for certain events.
-

Insurance and Liability

A. Insurance Documentation

Prior to approval of any facility or grounds use permit, the applicant must provide the Long Prairie-Grey Eagle School District with evidence of liability insurance as required below, and proof of nonprofit status and proof of workers' compensation insurance, if applicable.

B. Insurance Requirements

Prior to approval of any use permit, the applicant must provide the School District with evidence of liability insurance as required below, naming Long Prairie-Grey Eagle School District as an additional insured. Failure to provide the School District with evidence of such coverage shall not relieve the permit holder of the obligation to maintain such insurance for the benefit of the School District.

The Superintendent or designee may waive the certificate of insurance requirement for events designed to benefit district students.

Coverage shall be provided by an insurance company licensed to do business in the State of Minnesota with AM Best ratings of A or above.

The applicant shall provide a certificate of insurance specifying amounts of coverage equal to or greater than the minimum required limits of liability stated below. All certificates shall provide the School District with thirty (30) days' notice of cancellation, material change, or non-renewal. The certificate must be altered to eliminate the words "endeavor to" and "but failure to make such notice shall impose no obligation or liability of any kind upon the company, its agents or representatives."

1. Commercial General Liability

Coverage Type

Minimum Coverage

Bodily Injury Including Death	\$1,000,000 Each Occurrence
Personal Injury	\$1,000,000 Each Occurrence
Products/Completed Operations	\$1,000,000 Each Occurrence
General Aggregate	\$1,000,000
Products/Completed Operations Aggregate	\$1,000,000

2. Workers' Compensation

<u>Coverage Type</u>	<u>Minimum Coverage</u>
Workers' Compensation	Statutory
Employers Liability – Each Accident	\$100,000
Employers' Liability – Disease Policy Limit	\$500,000
Employers' Liability – Disease Each Employee	\$100,000

C. Liability and Responsibility

1. Users assume responsibility for injuries, damages, losses, or claims arising from their use of district property.
 2. Organizations are responsible for the conduct and supervision of participants and spectators attending their event or activity.
 3. The Long Prairie-Grey Eagle School District shall not be responsible for lost, stolen, or damaged personal property belonging to facility users or attendees.
 4. The School District reserves the right to require additional insurance coverage, security measures, or supervision depending on the nature of the event or activity.
-

Care and Use of Facilities

1. Users must leave facilities and grounds in clean and orderly condition.
2. Damage to facilities, equipment, or grounds must be reported immediately.

3. Organizations are financially responsible for damages or excessive cleaning resulting from their use and must have a credit card on file in the event of damage.
 4. Equipment owned by the district may only be used with prior approval.
 5. Storage of materials or equipment on school property requires district approval.
-

Prohibited Activities

The following activities are prohibited unless specifically authorized by the School District:

- Use of alcohol, tobacco, nicotine products, vaping devices, cannabis, or illegal substances;
 - Possession of weapons or dangerous materials;
 - Gambling activities;
 - Activities that violate local, state, or federal law;
 - Open flames, fireworks, or pyrotechnics;
 - Unauthorized food preparation;
 - Animals, except service animals or approved educational activities;
 - Political campaign activities are prohibited by law.
 - Use that creates unreasonable noise, disruption, or safety concerns.
-

Safety and Emergency Procedures

1. Users must comply with all fire codes, occupancy limits, and emergency procedures.
 2. Exits, access points, and safety equipment may not be blocked.
 3. Emergencies must be reported immediately to district personnel or emergency services.
 4. Organizations may be required to provide event safety plans for large gatherings.
-

Food and Concessions

1. Food and beverages may only be served in approved areas.
 2. Kitchen use requires district approval and may require certified personnel.
 3. Concession sales must comply with district guidelines and applicable health regulations.
-

Technology and Equipment Use

1. Audio/visual, technology, lighting, scoreboards, or specialized equipment may only be operated with district approval.
2. District technology systems and internet access must be used in accordance with district technology policies.

3. Additional staffing may be required for the use of specialized equipment.
-

Inclement Weather and Facility Conditions

The School District reserves the right to close facilities or cancel events due to:

- Inclement weather;
 - Unsafe travel conditions;
 - Facility maintenance concerns; or
 - Emergencies affecting safe operation.
-

Fees, Costs, and User Categories

Facility users may be charged fees related to:

- Custodial services;
- Security;
- Technical support;
- Equipment use;
- Utilities;
- Kitchen or concession use;
- Event staffing; and
- Other operational costs associated with facility use.

Fee schedules shall be established separately by the Long Prairie-Grey Eagle School District and approved by the School Board.

Access to district facilities by groups is categorized as follows:

Category 1 – Long Prairie-Grey Eagle Schools and Governmental Use

(Highest priority listed first)

- a. School-sponsored activities
 - b. Community Education programs
 - c. School building and/or district parent involvement programs
 - d. Functions of school-related organizational meetings
 - e. Long Prairie-Grey Eagle Schools reunions and other approved alumni events
 - f. City or local government uses
 - g. Essential community activities, including city-wide elections and party caucuses/primaries on sanctioned dates
 - i. Emergency services, including disaster relief efforts
-

Category 2 – Long Prairie-Grey Eagle Area Youth and Community Organizations and Activities

- a. Local youth organization activities for small groups after school
 - b. Local youth organizations (e.g., youth baseball, basketball, softball, soccer, wrestling, volleyball, hockey, and similar organizations)
 - c. Youth athletic organizations as recommended by the Activities Director and approved by the Superintendent, including athletic feeder programs
-

Category 3 – Non-Long Prairie-Grey Eagle Area Youth and Community Organizations and Activities

- a. Youth organization activities for small groups after school
- b. Youth organizations (e.g., youth baseball, basketball, softball, soccer, wrestling, volleyball, hockey, and similar organizations)
- c. Youth athletic organizations as recommended by the Activities Director and approved by the Superintendent, including athletic feeder programs

Category 4 – For-Profit Organizations

Businesses, commercial enterprises, private instructors, vendors, and other for-profit organizations or activities.

The School District reserves the right to determine the appropriate user category for any organization or event and may adjust classifications when necessary to support district operations, priorities, and community access.

Violations and Revocation of Use

Failure to comply with this policy or other district regulations may result in:

- Immediate removal from district property;
 - Cancellation of current or future reservations;
 - Financial liability for damages or costs; and/or
 - Referral to law enforcement when appropriate.
-

Nondiscrimination

The Long Prairie-Grey Eagle School District will provide equal access to facilities and grounds without discrimination based on race, color, creed, religion, national origin, sex, marital status, disability, age, status with regard to public assistance, sexual orientation, or other protected classifications as provided by law.

Administration

The Superintendent or designee is authorized to develop procedures and administrative guidelines necessary to implement this policy. The School District reserves the right to interpret and enforce this policy in the best interest of the district and community.

I. New Business:

I.1. Donations - See attachment

I.2. Approve the Cardiac Response Plan - see attachment.

I.3. Approve Individual MOU's - see handouts

I.4. Approve Union MOU's

I.4.a. Project Momentum - this MOU is to provide lane change credits or a salary stipend if not eligible for a lane change to staff using project momentum to gain an English as a Second Language endorsement

I.4.b. Special Education Workload - I have been working with the union to tackle the issue of how to handle special education staff with exceptionally large case loads. The current contract's clause about overloads does not apply cleanly to this classification of staff. According to Minnesota requirements the district is required to have a policy for special education staff workloads. We updated policy 427 in conjunction with the Workload contract language. Based on the preliminary calculations this policy would produce similar payments that Overloads would of provided.

I.5. Superintendent Final Evaluation - the final reflections for the superintendent's goals are attached under the superintendent reports. Mr. Ludvigson has waived his right to a closed session; therefore, review of the Superintendent Final Evaluation will occur in open session.

Cardiac Emergency Response Plan Management Plan Review and Update Report

Annual program review changes are documented below. Documented reviews indicate that the plan continues to meet the needs of the district, or has been modified to do so more effectively.

[illegible]

Introduction

Beginning in the 2026-2027 school year, a new requirement for schools goes into place for developing a cardiac emergency response plan (CERP) as detailed in [Minnesota Statutes 2025, section 121A.241](#). The school should ensure that local emergency responders have access to the school's building-specific crisis management plans which should include the school's CERP for responding to a sudden cardiac arrest event (SCA). It is required that each school establish a cardiac emergency response team (CERT) and provide for annual CERP drills for school staff and students, so they are prepared to assist in the event of a cardiac emergency.

The plan outlines key considerations to ensure a timely response that is comprehensive and includes forming a team prepared in leading the response for cardiac emergencies; automated external defibrillator (AED) procurement, maintenance, and registry; recommendations for staff training and certification; annual review and evaluation of the plan; and a protocol for cardiac emergency response.

This CERP is intended to guide the schools in developing and implementing a written and practiced plan that establishes specific steps to reduce death from cardiac arrest in a school setting. Local medical and legal counsel for the schools should review the CERP prior to implementation to ensure the plan as adopted is consistent with local, state, and federal law.

After approval by the school board, an adopted plan will become an addendum to the crisis management policy. Schools should reference any school board policies guiding the handling of medical emergencies on school property within the building's written CERP.

List of Abbreviations

Abbreviations	Definitions
AED	automated external defibrillator
CERP	cardiac emergency response plan
CERT	cardiac emergency response team
CPR	cardiopulmonary resuscitation
EMS	emergency medical services
SCA	sudden cardiac arrest

Definition of Sudden Cardiac Arrest

The American Heart Association (AHA) defines sudden cardiac arrest (SCA) as a sudden and unexpected loss of

heart function where the heart stops beating due to an irregular heart rhythm in persons who may or may not have been diagnosed with a heart condition. When the heart beats abnormally it affects its ability to pump blood which may lead to cardiac arrest. Without immediate response and treatment, the person may lose consciousness and collapse, leading to death within minutes.

Signs of sudden cardiac arrest may include one or more of the following:

- Not moving, unresponsive, or unconscious
- Not breathing normally (e.g., may have irregular breathing patterns, gasping or gurgling, or may not be breathing at all)
- Seizure or convulsion-like movements

It is important to note that SCA may also occur when a person collapses shortly following a firm, sudden, direct hit to the chest.

Forming a Cardiac Emergency Response Team

Schools are required to designate one or more staff members as the CERP Coordinator(s) to support the overall development, implementation, and evaluation of a written and practiced plan for cardiac emergencies on school grounds.

The school administrator in each building will select a cardiac emergency response team (CERT) that will be trained to respond to emergency medical situations. This team should include members that are available and willing adults, preferably certified in CPR and AED use, who are responsible for developing, implementing, and annually reviewing the school's adopted CERP.

School administrators may consider including school nurses, physical education teachers, activities director, athletic trainers, coaches, staff overseeing recess, and any other staff who are present before, during, or after the school day. While this team leads the emergency medical response, it is important that all school staff are familiar with the CERP and their role in responding to a cardiac emergency. As an example, any staff member who witnesses a person unexpectedly collapse should know how to recognize a cardiac arrest, initiate a building's emergency medical response, call 9-1-1 to activate emergency medical services (EMS), and where the AEDs are located inside and outside of the building.

To ensure a timely response, it is recommended that schools consider building CERTs with enough staff members to account for periodic absences and staff turnover. CERT members will be required to step away from their regular job duties to assist in a cardiac emergency and consideration should be given for classroom coverage in those instances. (Best practice recommendations suggest that at least five people or 10% of overall school staff, 50% of coaches, and 50% of physical educators should hold current CPR/AED certification.)

In addition to establishing team roles and responsibilities, communication is a critical component in the team's efficient emergency response. CERTs should determine a communication plan that includes two-way communication covering all areas of the school's campus, both inside and outside the facility. The communication plan should clearly state how staff members activate the CERT and local EMS. Additional considerations should be given for how all CERT members will be alerted in a consistent manner using overhead page, two-way radio, phone, or other communication device.

Members of this school building's Cardiac Emergency Response Team are listed on Appendix A:

Automated External Defibrillator Equipment

Automated external defibrillators (AEDs) are devices used to analyze the heart's rhythm and, if necessary, deliver an electrical shock, to restore a normal rhythm. AEDs are lifesaving devices designed to be easy to use with visual and audio guidance.

It is best practice for schools to have adult and pediatric pads available in each case for use if needed. If pediatric pads are not available, adult AED pads may be used. Considerations should also be given for including additional items like latex-free gloves, razor, scissors, and a CPR barrier mask.

Procurement

When schools look to procure AEDs, several options may be considered to best meet the school's needs and budget. Best practice recommendations include purchasing AEDs and AED accessories that have received premarket approval from the [U.S. Food & Drug Administration\(FDA\)](https://www.fda.gov/).

Placement

AEDs should be stored in an unlocked case and ensure accessibility for people of all abilities with installation in high traffic areas of the school building like cafeterias and gymnasiums. The device's readiness indicator should be facing outward and visible with signage that clearly indicates the location of the device with AED use instructions available in languages relevant to the school community. The American Heart Association recommends, and Minnesota state law requires, that schools place AEDs in accessible locations throughout the campus to allow for retrieval and delivery to the scene ideally within 3 minutes of being notified of a potential cardiac emergency. Minnesota Statutes 2025, section 121A.241, subdivision 2(2).

Schools must address how staff will respond to cardiac emergencies at school-sponsored activities, including athletic events on or off school grounds per Minnesota Statutes 2025, section 121A.241, subdivision 2(7). The plan should provide for AED availability at athletic practices and events.

The CERP protocol shall include a site map with AED locations both inside and outside of buildings.

See Appendix B: AED Locations

Maintenance

Schools should consult with their district's health and safety or facilities team to determine best practices for proper installation and maintenance of AEDs, including a process for documenting regular safety checks to verify expiration dates for the device's pads and batteries and to ensure the device is functioning properly. CERT should determine staff roles and responsibilities for the routine monitoring and tracking of proper function and maintenance of the equipment. Minnesota Statutes 2025, section 121A.241, subdivision 2(3). **See Appendix C AED Maintenance Checklist.**

Registry

[Minnesota Statutes 2025, section 403.51](#), states that a person who purchases or obtains a public access AED shall register that device with an AED registry within 30 working days of receiving the AED. Schools can register their public access AEDs with the National Emergency AED Registry (NEAR) through the PulsePoint Foundation at [PulsePoint AED](#). Questions regarding AED registry can be directed to the PulsePoint Support Team at support@pulsepoint.org.

Schools are advised to consult with their district legal counsel to assess the applicability of Minnesota Statutes 2025, section 403.51, subdivision 1, paragraph (e), in relation to the placement and visibility of AEDs within their facilities.

Communication of the Cardiac Emergency Response Plan

The adopted CERP should be distributed broadly as a part of the building's overall crisis management plan to all staff and relevant local emergency responders at the start of each school year. Minnesota Statutes 2025, section 121A.241, subdivision 2(4). The designated person is responsible for distribution of the CERP.

The American Heart Association recommends that the CERP protocol be posted near the AEDs and in classrooms, cafeterias, gymnasiums, restrooms, health offices, breakroom spaces, and in main offices.

Integration of Local Emergency Medical Services with the School Plan

School administrators and CERT members will work in cooperation with relevant local emergency responders, school health and safety officials, school nurses, athletic staff, and other members of the school or community medical team. Minnesota Statutes 2025, section 121A.241, subdivision 2(4).

Training for CPR and AED Use

To effectively respond to cardiac emergencies, schools should include clear procedures for CPR and AED training and certification within the response plan. As a best practice, all school staff and coaches should review the school's CERP annually and be encouraged to learn Hands-Only CPR and AED use. These efforts ensure a coordinated and rapid response to cardiac emergencies within the school setting. **See Appendix D: CERP Training and Certification Logs.**

CPR and AED Instruction for Secondary Students

Schools must provide onetime cardiopulmonary resuscitation and automatic external defibrillator instruction as part of their grade 7 to 12 curriculum for all students in that grade beginning in the 2014-15 school year and later. Training and instruction under this section need not result in cardiopulmonary resuscitation certification. Minnesota Statutes 2025, section 120B.236a.

CPR training

Training is the educational process of learning how to recognize sudden cardiac arrest, perform chest compressions (Hands-Only CPR), and use an AED. School staff and coaches are encouraged to participate in annual CPR and AED education to strengthen school-wide readiness and ensure a timely response that meets CERT roles of CPR initiation, AED retrieval, and 911 notification. Annual training should include review of the CERP, recognizing the signs of cardiac arrest, understanding how to initiate the emergency response team, and knowledge of where AEDs are located inside and outside the building.

CPR certification

Certification formally recognizes a person's proficiency in performing CPR and AED use. Certification is obtained through a nationally recognized organization, such as the American Heart Association, the American Red Cross, among others, and includes written and in-person hands-on testing. Schools should strongly consider CPR and AED certification for CERT members and renew certification at least every two years to maintain competency. Certification is also recommended for coaches and others who regularly supervise student physical activity.

Nationally recognized cardiovascular care organizations offer certification courses in traditional classroom settings and blended formats that combine online learning with in-person practice and testing.

Practice Drill for Cardiac Emergency Response

For schools to be fully prepared to respond to a cardiac emergency, annual drills for school staff and students should be incorporated into the CERP. Minnesota Statutes 2025, section 121A.241, subdivision 2(5). The American Heart Association describes a successful cardiac emergency response drill as full completion of the CERP protocol in 5 minutes or less. Schools must perform at least one drill annually, while two or more are recommended by the AHA, noting that one of the drills may include a tabletop exercise with participation of CERT members and school staff ^{vi}. The drills allow the response team time to practice key elements of the plan including effective communication, availability of CPR/AED certified responders, identification of roles and responsibilities, access to AEDs, and coordination with onsite and community medical responders.

Practice drills should be included in a building level crisis management plan under crisis-specific procedures for cardiac emergencies. **See Appendix E: Annual Drill Log**

Annual Review of the Plan

School Boards are required to conduct an annual review and evaluation of the CERP, focusing on ways to improve the effectiveness of the plan. Minnesota Statutes 2025, section 121A.241, subdivision 2(6). This evaluation may include post-event feedback from after-action reviews. Annually, the District's CERP Coordinator(s) and building CERT members should review and update the CERP based on current evidence-based best practices for responding to a cardiac emergency.

Protocol for Cardiac Emergency Response

Although most school staff do not have a background in the medical field, it is possible that a situation will arise that requires quick action from staff to successfully respond to a medical emergency. The following protocol provides step-by-step guidance that all staff can follow in an event of a cardiac emergency. Immediate action is critical when responding to a sudden cardiac arrest event. Schools should identify the closest medical facility that is equipped in advanced cardiac care and considerations may be given to obtaining on-site ambulance coverage for higher-risk athletic events.

Protocol for Cardiac Emergency Response

1. Recognize signs of SCA (may include one or more of the following).
 - a. Not moving, unresponsive, or unconscious
 - b. Not breathing normally (e.g., may have irregular breathing patterns, gasping or gurgling, or may not be breathing at all)
 - c. Seizure or convulsion-like movements
2. The first school staff to observe the unresponsive person calls 9-1-1 or designates another adult to call 9-1-1.
 - a. Provide school building address
 - b. Explain person's condition/symptoms
 - c. Listen carefully to the dispatcher for additional guidance Stay on the line and answer dispatcher questions
3. Once 911 has been called, activate the cardiac emergency response team (CERT) immediately using the communication plan outlined in the CERP. Use a calm, clear voice to call the office and state, ***"There is a cardiac emergency in [name specific location within the building] and 911 has been called."***
4. The school staff that finds the unresponsive person should also designate someone to retrieve and deliver an AED from the nearest location to the emergency. Often a team member enroute to the scene can retrieve the AED the fastest.
5. The first staff member at the scene of the emergency should start CPR (Hands-Only CPR if not CPR certified is an effective response and increases chance of survival until a CERT member or EMS arrive on scene)
 - a. Place the person on their back on a firm flat surface.
 - b. Using 2-hands place the heel of one hand in the center of the chest, on the lower half of the breastbone, with the other hand directly on top (or one hand for smaller children), pushing hard and fast to a depth of about 2 inches (or one-third the depth of the chest for smaller children). You can lift or interlock fingers to keep them off the chest.
 - c. 100-120 compressions per minute, allowing the chest to rise fully between compressions.
 - d. If you are able and willing to provide rescue breaths, use a CPR barrier mask and provide 2 breaths after 30 compressions.
 - e. Continue compressions until help arrives.
6. School administrators or office staff should follow communication procedures within the crisis management plan for placing the school in a **"hold"** for medical emergency, and alert CERT using a two-way communication system to the location of the medical emergency.
7. CERT members should report to the emergency location and respond based on roles and responsibilities assigned, ensuring CPR certified staff remain on scene and additional staff are securing the location and available at entry points to quickly direct EMS personnel to the scene.
8. When the AED arrives, turn the device on immediately.
9. Follow the AED's visual and audio prompts for pad placement and shock advisement. Note: the AED will only deliver electrical shocks if advised by the device. Continue CPR, rotating staff doing chest compressions as needed, until the person becomes responsive, or EMS takes over.
10. Transfer care to EMS upon arrival reporting the time the unresponsive person was found and when CPR began.
11. A CERT member should be designated to document the emergency, noting the time the event began, when CPR was initiated, when and if the AED delivered a shock, the time EMS arrived on scene and assumed control of the emergency response, and the person's condition when care was transferred to EMS.
12. Following the communication procedures outlined in the building's crisis management plan, a school administrator or office staff should notify emergency contacts for the unresponsive person.
13. Medical providers evaluating the person following the emergency response may request information about what the person was doing at the time of the event as well as retrieval of data from the AED to determine proper treatment. EMS personnel may request that the school send the AED with the person to the hospital. Schools should have a plan for returning the AED back to campus.
14. CERT members should allow for time following the event to debrief the outcome of the cardiac emergency and complete an after-action review to identify successes and areas for improving future emergency medical response, updating plans and protocols accordingly. School boards are required to annually review and evaluate the effectiveness of the plan.
15. Develop a plan for supporting staff and/or student mental health needs following their participation in or observation of a medical emergency response on campus. The plan may include staff support through the Employee Assistance Program (EAP) or the Regional Crisis Response Team ([MDE Crisis Management Policy, 2024](#)). Staff may also engage with school-employed mental health professionals to evaluate post-event trauma and identify students who may need additional care and support following the emergency event.

AED Maintenance Checklist

Automated External Defibrillator (AED) maintenance, compliance, and documentation for the district are managed through LifeLine, an external oversight provider. LifeLine ensures that all required elements of the AED program are current and compliant, including physician prescriptions and standing orders, battery and pad tracking and replacement, maintenance logs, software updates, and documentation of trained personnel.

In alignment with federal, state, and local regulations, LifeLine provides centralized oversight and organization of all AED-related records. Documentation is maintained in a secure, web-based portal accessible 24 hours a day, 7 days a week, ensuring records are current and readily available.

The Licensed School Nurse (LSN) and Licensed Practical Nurse (LPN) receive automated monthly reminders to conduct AED inspections. During these inspections, each AED is checked and its status verified in the LifeLine system. If an AED is identified as not in proper working order, this is documented in the system, triggering follow-up by LifeLine. LifeLine coordinates corrective actions, including repair or replacement of pads, batteries, or units, as needed and with district approval.

Drill Checklist

Directions: Utilize this checklist to ensure your team implements the core elements of a drill.

Goal: The AED is applied and used within 3 minutes.

Date/Time: _____ **School:** _____ **Drill Location:** _____

The drill starts when the finder discovers the victim. The recorder starts the timer once this happens. Document times for each of these response actions:

	TIME
› DISCOVERY OF THE VICTIM TO OVERHEAD DRILL ANNOUNCEMENT	
› CPR STARTED	
› AED ARRIVED AT THE SCENE	
› AED SHOCK DELIVERED	

RESPONSE ACTION	YES	NO
Victim unresponsiveness was determined		
Office was notified		
Cardiac Emergency Response Team was notified		
EMS/911 was called		
Cardiac Emergency Response Team arrived		
Possible SCA identified and CPR was started immediately		
AED arrived at the scene		
AED pads were placed appropriately and immediately on the victim's bare chest		
Team followed all prompts from the AED		
Team used proper CPR body mechanics throughout response		
Use of school's chosen CPR barrier device		
Someone met and directed EMS		
Crowd control took place		
Office obtained necessary information for EMS call		
Drill was completed in our goal time of under 3 minutes "Completed" meaning AED was applied and used within 3 minutes. Drill can continue through cycles of AED use & compressions to practice switching roles.		
If drill was not completed within the goal time of under 3 minutes, please document completion time.		

CARDIAC EMERGENCY RESPONSE TEAM MEMBERS WHO ATTENDED THE DRILL:

Post-Drill Review:

- What went well during the drill?
- What could have gone better? How can these issues be addressed by the team or the school?
- Were some aspects easier to remember?
- Were some aspects harder to remember?
- Discuss with staff how the time from delivery of the AED to delivery of first shock may be shortened.
- Does the Team feel prepared to respond in an actual cardiac emergency?
- If the Team does not feel prepared, what do we need to practice or go over?
- What remaining questions do you want to discuss?

MEMORANDUM OF UNDERSTANDING

Project Momentum – ESL Certification Support

MEMORANDUM OF UNDERSTANDING

THIS AGREEMENT is entered into between Independent School District No. 2753 (the “District”) and the Long Prairie–Grey Eagle Education Association (the “Association”), collectively referred to as the “Parties.”

I. PURPOSE

The purpose of this Memorandum of Understanding (MOU) is to support District staff in obtaining English as a Second Language (ESL) certification through participation in the Project Momentum program, in alignment with District instructional goals and student needs.

II. PROGRAM DESCRIPTION

Project Momentum is a structured professional development program designed to assist licensed staff in obtaining ESL certification. Participants may earn up to ten (10) graduate-level credits through successful completion of the program.

III. ELIGIBILITY AND PARTICIPATION

Participation in Project Momentum under this MOU is subject to:

- Approval by the District
- Acceptance into the program by Project Momentum
- Alignment with District staffing and instructional needs
- Continued employment in good standing

The District retains discretion in approving participation based on program capacity and District priorities.

IV. COMPENSATION AND LANE PLACEMENT

A. Lane Advancement

Credits earned through Project Momentum may be applied toward lane advancement on the salary schedule in accordance with the Collective Bargaining Agreement.

B. Stipend (In Lieu of Lane Change)

Employees who:

- Successfully complete the Project Momentum program,

- Earn the associated credits, and
- Are not eligible for lane advancement under the Collective Bargaining Agreement

may be eligible to receive a one-time stipend of \$4,000.

C. Conditions for Stipend Payment

The stipend:

- Shall be paid one (1) year after successful program completion
- Is contingent upon the employee remaining employed by the District and in good standing during that period
- Shall not be considered part of base salary
- Shall not be applied to retirement calculations, lane placement, or ongoing compensation
- Shall not establish a precedent or past practice

The District retains final determination of eligibility for stipend payment based on verification of program completion and employment status.

V. EMPLOYEE EXPECTATIONS

Employees participating in Project Momentum are expected to:

- Successfully complete all program requirements
- Apply learning to instructional practice where applicable
- Maintain appropriate licensure progress toward ESL certification
- Remain in good standing with the District

VI. DISTRICT EXPECTATIONS AND DISCRETION

The District:

- Supports participation in Project Momentum as a means of addressing student needs
- Retains the right to determine program participation, continuation, and compensation eligibility
- Is not obligated to continue this program beyond the term of this MOU

VII. NON-PRECEDENT

This MOU:

- Does not modify the Collective Bargaining Agreement
- Does not establish a precedent or past practice
- Does not create an ongoing entitlement to compensation or participation

VIII. DURATION

This MOU shall remain in effect for the duration of the current and subsequent contract cycle unless modified or terminated by mutual agreement of the Parties.

MEMORANDUM OF UNDERSTANDING

THIS AGREEMENT is entered into between Independent School District No. 2753 (the “District”) and the LPGE Education Association (the “Association”), collectively referred to as the “Parties.”

I. PURPOSE

The purpose of this Memorandum of Understanding (MOU) is to establish a structured framework for monitoring and addressing special education workload in alignment with:

- Minnesota Statutes § 125A School Board Policy 427: Workload Limits for Certain Special Education Teachers

This MOU is intended to provide a consistent and defensible process for identifying and responding to workload concerns while the Parties continue to evaluate long-term contractual language.

II. DEFINITIONS

Definitions shall be consistent with:

- Minnesota Rule 3525.0210
- School Board Policy 427

Including but not limited to:

- Workload – total minutes required for all due process responsibilities
- Student Minutes per Week – total direct and indirect service minutes plus evaluation time
- Instructional Minutes per Week – minutes in a full teaching schedule

III. WORKLOAD CALCULATION

Workload shall be calculated using the following formula:

Elementary: $((.85 * \text{Direct Service Minutes per Week}) + (\text{the minutes defined in the workload policy for Reevaluation/Evaluation} * \text{the number of Reevaluation/Evaluation})) \div \text{Instructional Minutes per Week} + \text{Number of IEPs} = \text{Workload}$

Secondary/Speech: $((.6 * \text{Direct Service Minutes per Week}) + (\text{the minutes defined in the workload policy for Reevaluation/Evaluation} * \text{the number of Reevaluation/Evaluation})) \div \text{Instructional Minutes per Week} + \text{Number of IEPs} = \text{Workload}$

Workload calculations shall be:

- Completed at the start of the school year

- Reviewed and updated monthly
- Conducted collaboratively between the teacher and administration
- Subject to final approval by the superintendent or designee

IV. ROLE-SPECIFIC WORKLOAD THRESHOLDS

Recognizing the differing responsibilities across special education roles, workload thresholds shall be applied as follows:

A. Special Education Teachers

- Workload threshold: **24**

B. Federal Setting Level 3 (Only)

- For the purposes of the formula these caseloads count twice and 1/3 of the direct service minutes

C. Speech-Language Pathologists

- Caseload threshold: **60**

V. RESPONSE TO WORKLOAD EXCEEDING THRESHOLD

If a teacher's workload exceeds the applicable threshold:

1. The teacher shall notify administration;
2. Administration shall review the workload calculation;
3. The District shall determine an appropriate response, which may include:
 - Redistribution of caseload
 - Adjustment of service delivery
 - Additional staffing or support
 - Schedule modifications
 - Other reasonable administrative actions

VI. WORKLOAD COMPENSATION

If a teacher's workload exceeds the applicable threshold, and the District determines that no reasonable adjustment or reallocation of duties is feasible at that time, the District may provide a temporary workload compensation adjustment.

Workload compensation shall be implemented only for the period during which the workload exceeds the established threshold and shall be discontinued once the workload is reduced below the threshold.

Such compensation shall be:

- One hundred twenty-five dollars (\$125) per month per for each full month in which the workload exceeds the established threshold per full caseload numeral calculation above the threshold;
- For speech the calculation the amount shall be sixty dollars (\$60) per full caseload numeral calculation above the threshold

This compensation:

- Shall be temporary in nature;
- Shall not be considered a permanent adjustment to salary or placement on the salary schedule;
- Shall not establish a precedent or past practice;
- Shall not limit the District's obligation to continue seeking a resolution to the workload concern.

The District retains discretion in determining whether workload compensation is appropriate and shall prioritize workload reduction or reassignment over monetary compensation whenever feasible.

VII. Workday Support for Documentation

To support completion of required documentation and compliance responsibilities, the District may provide up to three (3) workdays per school year during which a substitute is assigned to cover instructional duties for a special education teacher.

Such days:

- Shall be used for completion of IEPs, evaluations, documentation, or other compliance-related responsibilities;
- Shall be conducted onsite during the regular workday;
- Must be requested by the teacher and approved by administration;
- Require a minimum of three (3) weeks advance notice, except in extenuating circumstances;

The approval, scheduling, and use of these days shall remain at the discretion of the District based on staffing availability, workload considerations, and operational needs.

This provision does not create a guaranteed entitlement and shall not establish a precedent or past practice.

Sub. 1 - In the event a special education teacher does not utilize one or more approved documentation workdays under this section, the employee may request compensation in lieu of use, subject to District approval.

Such compensation:

- Shall not exceed one hundred twenty-five dollars (\$125) per unused workday;
- Shall be limited to a maximum of three (3) days per school year;
- Shall only apply to days that were available but not utilized;
- Shall not be considered part of base salary or ongoing compensation;
- Shall not establish a precedent or past practice.

The approval of such compensation shall remain at the discretion of the District based on operational and budgetary considerations.

VIII. ALIGNMENT WITH POLICY 427

This MOU is intended to operationalize School Board Policy 427 and shall be interpreted consistent with that policy.

This MOU does not alter:

- Management rights under PELRA
- The collective bargaining agreement
- The District's authority to assign staff

IX. NON-PRECEDENT / NON-CONTRACTUAL STATUS

This MOU:

- Does not create a permanent contractual workload cap
- Does not establish a past practice
- Does not reopen the collective bargaining agreement
- Is intended as a framework for implementation and evaluation

X. REVIEW AND ADJUSTMENT

The District and Association agree to:

- Review workload data periodically
- Evaluate effectiveness of thresholds
- Adjust thresholds and formula collaboratively as needed

XI. DURATION

This MOU shall remain in effect through the current contract cycle unless modified or terminated by mutual agreement.

Dear Mitchell:

Thank you for the opportunity to propose lease figures for your prospective technology acquisition. We have supported hundreds of schools with cost effective and creative lease structures and we have a great relationship with Xerox.

The lease structures below are based upon equipment costs in the Xerox quote and the present spread over like term market indexes. The lease is also subject to tax exempt municipal lease documentation, the first payment due at closing, a \$799 documentation fee and credit approval.

Structure	Equipment Cost	Term	End of Term	Payments	Remarketing Rebate available
Municipal Lease +	\$201,210	5 years	\$1 purchase or option to sell back for Remarketing Rebate	\$45,047 per year	yes
Municipal Lease +	\$201,210	60 months	\$1 purchase or option to sell back for Remarketing Rebate	\$3,869 per month	yes

Municipal Lease + is a favorable structure for many schools. The value of our Full Cycle Solution is found not only in the competitive lease rate but also our end of lease remarketing. **You own the equipment and when you are ready to retire the assets, we will:**

- Pick up the equipment.
- Audit the units by serial number.
- Provide a detailed condition report.
- Maximize your return using multiple avenues of resale.

If you'd like to see alternative structures, please ask. Your satisfaction is important to us.

Sincerely,

John Vonder
