Wisconsin Act 57 requires a school board, governing body of a private school, and operator of a charter school (collectively, "school") that receives a credible report of certain conduct by a school staff member to notify the parents or guardians of each pupil alleged to be a victim, target, or recipient of the alleged sexual misconduct by the end of the day on which the report is received. Specifically, a school must notify the parent or guardian of each pupil alleged to be a victim, target, or recipient of any of the following alleged conduct if the person who receives the report determines that there is reasonable cause to suspect that the alleged conduct occurred:

1. Sexual misconduct by a school staff member.

Field Trip Guidelines

(also see overall employee handbook)

The purpose of the following guidelines is to standardize field trip expectations for all grade levels. It is understood that some classes or grade levels may be required to cut back on some of the outings enjoyed in the past, while other classes or grade levels may be expected to explore learning opportunities outside the school walls.

- ~~Each class should go on no more than two field trips per year which are funded by proceeds or donations accepted from the students' families. This count does not limit the number of field trips without cost (i.e., Kinnickinnic River Walk, community events, UWRF farm, Glen Park, local banks, etc.) or additional field trips directly tied to curriculum objectives. As long as the total cost of all field trips does not exceed the per student allocation, there is no limit if the field trip is tied to curriculum objectives. Field trips not tied to curricular objectives, are limited to one per school year.~~
- ~~Grade levels should limit field trips to one in a school week. No more than three grade levels should schedule a field trip on any day. It is the responsibility of the teacher scheduling the field trip to check the school activities calendar.~~
- ~~You must be able to ensure that all students may be able to participate in a field trip experience. without regard to their ability to pay. Families should be made aware that student scholarships are available by including that information on the permission form.~~
- ~~Field trips need to be coordinated at the grade level. This means that all teachers within a grade level and across grade levels must be aware of which class or group is going to a particular place or event.~~

Pg. 126

Field trips can be a very valuable teaching/learning method. Please see the principal before you plan a field trip. The procedure for field trips is as follows:

- Discuss it with the principal and receive approval for the trip.
- Submit a copy of the field trip request two weeks prior to the date of the trip.
- Students with attendance, academic or behavior concerns may not be included on field trips. Teachers are required to discuss this with the parent and principal in advance of the field trip.
- Parent information/permission slips must be used. Permission forms should also have attached the Chartwells/School Lunch Form option for students to order their “bag lunch” if it is needed. Chartwells will pack the lunch for the student if ordered ahead of time and it will then be deducted from the family’s lunch account.
- An accurate list of participants and chaperones must be given to the attendance secretary and bus driver prior to the trip.
- Arranging buses or transportation is the responsibility of the teacher or advisor in conjunction with the School Budget Secretary.
- ~~No student shall be denied participation due to lack of funds.~~
- Do not discuss a field trip with a class before you have received approval for the trip.

Calendar of Events

A school calendar ~~in the office or~~ on a shared Google Calendar lists important school events. Staff should submit important events for the calendar as they arise. Groups from outside the building may use our facilities before or after school hours, if scheduled with the building secretary. Gym usage must be arranged through the Activities Department located at River Falls High School.

Teacher Classroom Checklist for Summer Departure

- Remove all tape from the floor, doors, walls, and also hallways outside the classroom.
- Remove all furniture/bookcases, books, etc. from window ledges.
- Remove all totes, books, and other items from ledges where univents are.
- Empty heavy bookcases if you want them removed from your classroom so the floors can be cleaned beneath them.
- Draw a map so the custodians will know how to put your room back together after cleaning.
- Wash desks and chairs the last week of school ~~(maybe students can help with this).~~
- Inventory keys.
- Flexible in-service records.
- Evaluation materials signed and finalized.
- Cumulative files returned.

*Elementary buildings may have individual requirements for building checkout. The Building Principal will communicate this at least 1 week prior to the last contractual day of the school year for teachers.

Pg. 127

Media Center Use

Teachers should sign up in advance to use the media center. Please discuss the nature of assignments requiring media center usage so that the needs of the students may be anticipated.

Teachers are encouraged to reserve books in the media center for their class projects. The media center specialist is able to assist you in this matter, but you must plan ahead. Teachers may suggest books for purchase to strengthen the collection for a curricular area. **Current magazines and newspapers are not to be taken from the media center, but back issues may be checked out. The media center specialist must approve any exception to this rule.**

Copier Usage

The copier is for making copies of letters, documents, special graphs, pictures, newspaper articles, and **very**-current articles. Please use Google Drive whenever possible. Color copies should only be used when necessary. School copiers should be used for school business only. Employees are expected to only print materials for the current year and to retrieve materials in a timely manner.

Budgeting, Purchasing, and Requisitions

All purchases require a requisition form available in the office which must be approved by the principal. Phone orders must first be approved and given a purchase order number. Staff members will be responsible for any unapproved purchases. **Receipts for reimbursement should be submitted in a timely manner after purchase, per district policy within 30 days ; by November 1, February 1, and March 1 respectively. Please note that all reimbursement requests must be submitted within 60 days of the incurred expense, or 10 days from the end of the fiscal year, whichever is sooner.**

Pg. 128

Student Sales/Soliciting Policy/Fundraising

Students may sell items as a fundraising venture for clubs and organizations during non-instructional hours. Students will not be permitted to sell items for private gain on the school premises. Soliciting funds for organizations and clubs or event sponsorship will only be approved during non-instructional hours. All fundraising activities must be approved by the principal. See **Board Policy 374, Student Fund-raising Activities**

School Activity Accounts

The principal must approve all purchases and financial disbursements. Receipts must be submitted. Money submitted to the office for deposit should be counted. Do not keep money in your rooms. The advisor is responsible for funds lost or stolen.

Good business practices are expected of all advisors of extracurricular groups:

- Do not obligate yourself beyond your group's potential.
- **When obtaining materials or equipment for your activity, use the process outlined by the new accounting and budgeting system procedure.** Give your name and be clear about the exact name of the group or activity. Do not just say or write River Falls High School or River Falls Public Schools.
- Meet payments and obligations on time.
- If you have problems with a vendor, contact the budget paraprofessional for assistance in obtaining resolution.

Pg. 129

Attendance Policy/Procedure

Teachers are expected to take and maintain attendance. Attendance should be posted in Infinite Campus by 9:15. Attendance is computed via minutes in school. Tardies and absences are handled by the office staff. If you have questions, please ask the school secretary. Students must check out in the office when leaving early for attendance purposes. Let the office know if you receive any communication with parents regarding a student's absence. If habitual tardiness or absences occur, discuss this with the principal.

See Board [Policy 431 Student Attendance](#) and [Board Procedure 431-AP Student Attendance Guidelines](#)

Grading Procedures

- Teachers have the responsibility of keeping complete and accurate records of grades and student achievement.
- Keep students and parents informed of grade status; direct calls home or emails are best. It is also expected that you keep your grade book up to date, with updates at least weekly.
- Special Education students should receive a grade based on capability and achievement. Grading of Special Education students should be guided by the expectations and modifications as documented in the IEP determined by the IEP team.
- Teachers should use a standards based approach when grading. This approach includes but is not limited to providing opportunities for redo and retakes, not grading homework, accepting late work for full credit, grading behavior separately from academics, not giving zeros, etc.
- Teachers must be in regular communication with families whose children **have areas of concern (as related to the report card, screening data or classroom performance)**. Teachers will allow adequate time for the family to assist in the improvement of the student's progress.

Pg. 130

Telephone Guidelines

- It is an expectation that your voicemail has a personal and professional message.
- It is an expectation that your voicemail is checked regularly throughout the day.
- ~~Long distance calls for personal reasons should not be made on school property.~~
- ~~Long distance calls for school purposes should be made conservatively.~~
- Encourage your students to make calls at the end of the school day or during free periods, unless it is an emergency.
- Closely monitor student use of the telephone. Allow students to use the classroom phone only if it is a legitimate necessity.
- Discourage students from answering the phone in your classroom. If you are temporarily out of your classroom, perhaps designating one student to answer calls may be appropriate.
- It is an expectation that all phone calls be answered in a professional manner. For example, "Mrs. Smith speaking."

JUNE 2026

ADVANCED LEARNING GRANT

OVERVIEW

Advanced Learning Grants offer an incentive for employees to pursue lifelong learning goals. The program recognizes the personal investment in learning and provides an opportunity for employees to be reimbursed for a portion of the costs associated with this investment. The guidelines outlined below are designed to create a sustainable and equitable program to reimburse employees for professional growth expenses.

APPLICATION GUIDELINES

- Grants partially reimburse qualified applicants for some of the costs associated with professional growth during the school year (June 1-May 31).
- A fully completed application will include the following:
 - Advanced Learning Grant Cover Sheet
 - Transcript (official or unofficial)
 - If the professional growth is not being completed through a college/university, the applicant provide adequate documentation that proves:
 - The course/program was during the school year.
 - Proof that the course/program was successfully completed.
 - Billing Statement that verifies the cost of the course/program and proof of payment.
- Applicants already reimbursed through other district-supported grants are not eligible to apply for an Advanced Learning Grant.

2025-26 AWARDS (see Advanced Learning Grant Allocation - 2025-26)

Over the past seven years, the district has awarded **107** Advanced Learning Grants totaling \$80,653 in tuition assistance to employees.
