- VI. Discussion of Student Fees for the 2015-16 School Year
As planning for the FY 16 budget and educational initiatives, the administration is seeking direction from the Board of Education on the purpose and use of student fees. Specifically the administration needs to know the Board's position on fees related to technology initiatives, but this is also an opportunity to review the entire fee structure. It is understood that student fees are only one part of the entire revenue and expenditure picture, but the administration is seeking a general direction that would provide guidance to bringing back options for the Board's consideration in February.
- VII. District Financial Model Presentation
Board Members on the Finance Committee will present the proposed financial model that was shared at the Jan. 12 Finance Committee meeting.
- VIII. Adjournment
