1. basic communication skills including reading and writing, literature, and fine arts;
2. mathematics and science;
3. social studies, including history, geography, economics, government, and citizenship that includes civics (see II.I.);

5. The arts;
6. Career and technical education; and
7. World languages.

[Note: the school district must use the current world languages standards developed by the American Council on the Teaching of Foreign Languages. World languages programs should be developed and implemented to acknowledge and reinforce the language proficiency and cultural awareness that non-English language speakers already possess and encourage students' proficiency in multiple world languages. Programs also must encompass indigenous American Indian languages and cultures, among other world languages and cultures. School districts may award Minnesota World Language Proficiency Certificates consistent with [Minnesota Statutes section 120B.022](#)]

B. The basic instructional program shall include all courses required for each grade level by the Minnesota Department of Education (MDE) and all courses required in all elective subject areas. Instruction shall be provided in a nondiscriminatory manner, which includes a nonsexist and multicultural approach. In the presentation of subject matter (including controversial issues) teachers shall provide access to a variety of viewpoints, theories, ways of knowing, and methods of inquiry. Teachers shall foster sensitive communication by and among all students, and understand the influence of personal bias on student learning.

~~C. Public elementary and middle schools must offer at least three, and require at least two, of the following four art areas: dance, music, theater, and visual arts. High schools shall offer at least three, and require at least one, of the following five art areas: media arts, dance,~~

~~music, theater, and visual arts.~~

- DC. The school district must establish and regularly review its own standards for career and technical education (CTE) programs. Standards must align with CTE frameworks developed by the Department of Education, standards developed by national CTE organizations, or recognized industry standards.
- ED. The school board, at its discretion, may offer additional courses in the instructional program at any grade level.
- FE. Each instructional program shall be planned for optimal benefit taking into consideration the financial condition of the school district and other relevant factors. Each program plan should contain goals and objectives, materials, minimum student competency levels, and methods for student evaluation.
- GF. The superintendent [or designee] shall have discretionary authority to develop guidelines and directives to implement school board policy relating to instructional curriculum.
- HG. The school district or may not discriminate against or discipline a teacher or principal on the basis of incorporating into curriculum contributions of persons in a federally protected class or state protected class when the included contribution is in alignment with standards and benchmarks adopted under Minnesota Statutes, sections 120B.021 and 120B.023.

III. REQUIRED ACADEMIC STANDARDS

- A. The following subject areas are required for statewide accountability:

High schools must offer at least three and require at least one of the following five arts areas: media arts, dance, music, theater, and visual arts.

IV. PARENTAL CURRICULUM REVIEW

The school district shall have a procedure for a parent, guardian, or an adult student, 18 years of age or older, to review the content of the instructional materials to be provided to a minor child or to an adult student and, if the parent, guardian, or adult student objects to the content, to make reasonable arrangements with school personnel for alternative instruction. Alternative instruction may be provided by the parent, guardian, or adult student if the alternative instruction, if any, offered by the school board does not meet the concerns of the parent, guardian, or adult student. The school board is not required to pay for the costs of alternative instruction provided by a parent, guardian, or adult student. School personnel may not impose an academic or other penalty upon a student merely for arranging alternative instruction under this section. School personnel may evaluate and assess the quality of the student's work.

V. CPR AND AED INSTRUCTION

The school district will provide one-time cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) instruction as part of its grade 7 to 12 curriculum.

- A. In the school district's discretion, training and instruction may result in CPR certification.
- B. CPR and AED instruction must include CPR and AED training that have been developed:
 - 1. by the American Heart Association or the American Red Cross and incorporate psychomotor skills to support the instruction; or
 - 2. using nationally recognized, evidence-based guidelines for CPR and incorporate psychomotor skills to support the instruction. "Psychomotor skills" means hands-on practice to support cognitive learning; it does not mean cognitive-only instruction and training.
- C. The school district may use community members such as emergency medical technicians, paramedics, police officers, firefighters, and representatives of the Minnesota Resuscitation Consortium, the American Heart Association, or the American Red Cross, among others, to provide instruction and training.
- D. A school administrator may waive this curriculum requirement for a high school transfer student regardless of whether or not the student previously received instruction under this section, an enrolled student absent on the day the instruction occurred under this section, or an eligible student who has a disability.

[Note: If a school district requests resources, the Minnesota Resuscitation Consortium must provide them to the school district for instruction and training provided to students under this section.]

VI. COLLEGE AND CAREER PLANNING

- A. The school district shall assist all students by no later than grade 9 to explore their educational college and career interests, aptitudes, and aspirations and develop a plan for a

smooth and successful transition to postsecondary education or employment. All students' plans must:

1. provide a comprehensive plan to prepare for and complete career and college-ready curriculum by meeting state and local academic standards and developing career and employment-related skills such as team-work, collaboration, creativity, communication, critical thinking, and good work habits;
 2. emphasize academic rigor and high expectations and inform the student, and the student's parent or guardian, if the student is a minor, of the student's achievement level score on the Minnesota Comprehensive Assessments that are administered during high school;
 3. help students identify interests, aptitudes, aspirations, and personal learning styles that may affect their career and college-ready goals and postsecondary education and employment choices;
 4. set appropriate career and college-ready goals with timelines that identify effective means for achieving those goals;
 5. help students access education and career options;
 6. integrate strong academic content into career-focused courses and applied and experiential learning opportunities and integrate relevant career-focused courses and applied and experiential learning opportunities into strong academic content;
 7. help identify and access appropriate counseling and other supports and assistance that enable students to complete required coursework, prepare for postsecondary education and careers, and obtain information about postsecondary education costs and eligibility for financial aid and scholarship;
 8. help identify collaborative partnerships among pre-kindergarten through grade 12 schools, postsecondary institutions, economic development agencies, and local and regional employers that support students' transitions to postsecondary education and employment and provide students with applied and experiential learning opportunities; and
 9. be reviewed and revised at least annually by the student, the student's parent or guardian, and the school district to ensure that the student's course-taking schedule keeps the student making adequate progress to meet state and local academic standards and high school graduation requirements and with a reasonable chance to succeed with employment or postsecondary education without the need to first complete remedial course work.
- B. The school district may develop grade-level curricula or provide instruction that introduces students to various careers, but must not require any curriculum, instruction, or employment-related activity that obligates an elementary or secondary student to involuntarily select or pursue a career, career interest, employment goals, or related job training.
- C. Educators must possess the knowledge and skills to effectively teach all English learners in their classrooms. School districts must provide appropriate curriculum, targeted

materials, professional development opportunities for educators, and sufficient resources to enable English learners to become career and college-ready.

- D. When assisting students in developing a plan for a smooth and successful transition to postsecondary education and employment, school districts must recognize the unique possibilities of each student and ensure that the contents of each student's plan reflect the student's unique talents, skills, and abilities as the student grows, develops, and learns.
- E. If a student with a disability has an Individualized Education Program (IEP) or standardized written plan that meets the plan components herein, the IEP satisfies the requirement, and no additional transition plan is needed.
- F. Students who do not meet or exceed the Minnesota Academic Standards, as measured by the Minnesota Comprehensive Assessments that are administered during high school, shall be informed that admission to a public school is free and available to any resident under 21 years of age or who meets the requirements of the compulsory attendance law. A student's plan under this provision shall continue while a student is enrolled.

VII.—CIVICS TEST

- ~~A.—A student enrolled in a public school must correctly answer at least 30 of 50 civics test questions.—A school or district may record on a student's transcript that the student answered at least 30 of 50 civics test questions correctly.~~
- ~~B.—“Civics test questions” means 50 of the 100 questions that, as of January 1, 2015, United States Citizenship and Immigration Services officers use to select the questions they pose to applicants for naturalization so the applicants can demonstrate their knowledge and understanding of the fundamentals of United States history and government, as required by federal law.—The Learning Law and Democracy Foundation, in consultation with Minnesota civics teachers, must select by July 1 each year 50 of the 100 questions under this paragraph to serve as the state's civics test questions for the proximate school year and immediately transmit the 50 selected civics test questions to MDE and to the Legislative Coordinating Commission, which must post the 50 questions it receives on the Minnesota's Legacy website by August 1 of that year.~~
- ~~C.—The school district may exempt a student with disabilities from this requirement if the student's IEP team determines the requirement is inappropriate and establishes an alternative requirement.~~
- ~~D.—The school district may administer the civics test questions in a language other than English to students who qualify for English learner services.~~
- ~~E.—The school districts may administer civics test questions as part of the social studies curriculum.~~
- ~~F.—The school district must not prevent a student from graduating or deny a student a high school diploma for failing to correctly answer at least 30 of 50 civics test questions.~~
- ~~G.—The school district cannot charge a fee related to this requirement.~~

~~*[Note: This requirement is effective for students enrolling in grade 9 in the 2017-2018 school year and later.]*~~

611 HOME SCHOOLING

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The purpose of this policy is to recognize and provide guidelines in accordance with state law for parents who wish to have their children receive education in a home school that is an alternative to an accredited public or private school.

II. GENERAL STATEMENT OF POLICY

The Compulsory Attendance Law (Minnesota Statutes section 120A.22) provides that the parent or guardian of a child is primarily responsible for assuring that the child acquires knowledge and skills that are essential for effective citizenship.

III. CONDITIONS FOR HOME SCHOOLING

The person in charge of a home school and the school district must provide instruction and meet the requirements specified in Minnesota Statutes section 120A.22.

IV. IMMUNIZATION

The parent or guardian of a home-schooled child shall submit statements as required by Minnesota Statutes section 121A.15, Subds. 1, 2, 3, 4, and 12, on the appropriate Minnesota Department of Education form, to the superintendent of the school district in which the child resides by October 1 of the first year of home schooling in Minnesota and the grade 7 year.

V. TEXTBOOKS, INSTRUCTIONAL MATERIAL, STANDARD TESTS

Upon formal request, as required by law, the school district will provide textbooks (including a teacher's edition, guide, or other materials that accompany a textbook when the edition, guide, or materials are packaged physically or electronically with textbooks for student use), individualized instructional or cooperative learning materials (including teacher materials that accompany pupil materials), software or other educational technology, and standardized tests and loan or provide them for use by a home-schooled child as provided under state law. The school district is not required to expend any amount for this purpose that exceeds the amount it receives pursuant to state law for this purpose. If curriculum has both physical and electronic components, the school district will, at the request of the student or the student's parent or guardian, make the electronic component accessible to a resident student provided that the school district does not incur more than an incidental cost as a result of providing access electronically.

VI. PUPIL SUPPORT SERVICES

Upon formal request, as required by law, the school district will provide pupil support services in the form of health services and counseling and guidance services to a home-schooled child as provided under state law. The school district is not required to expend an amount for any of these purposes that exceeds the amount it receives pursuant to state law.

VII. EXTRACURRICULAR ACTIVITIES

Resident pupils who receive instruction in a home school (in which five or fewer students receive instruction) may fully participate in extracurricular activities of the school district on the same basis as other public school students.

VIII. SHARED-TIME PROGRAMS

~~Enrollment in class offerings of the school district.~~

~~A. A home-schooled child who is a resident of the school district may enroll in classes in the school district as a shared-time pupil on the same basis as other nonpublic school students. The provisions of this policy shall not be determinative of whether the school district allows the enrollment of any pupils on a shared-time basis.~~

~~B. The school district may limit enrollment of shared-time pupils in such classes based on the capacity of a program, class, grade level, or school building. The school board and administration retain sole discretion and control over scheduling of all classes and assignment of shared-time pupils to classes.~~

A. Student Eligibility

1. Resident students who attend nonpublic or home schools and are in compliance with the MN Compulsory Instruction Law may apply for limited shared time enrollment in grades K through 12 in Waconia Public Schools.
2. Shared-time privileges are available to nonpublic or home school students in grades K-12 per the following limitations. Students in grades 6-12 may access any curricular offering and students in grades K-5 may access specialists.
3. Students enrolled as shared-time must remain in attendance at their nonpublic school or home school for the majority of their education and must be in compliance with the Minnesota Compulsory Attendance Law.
4. A student in shared-time enrollment must be enrolled in nonpublic or home school for 50% or greater of the school day.
5. Shared-time students do not qualify for a Waconia high school diploma, participation in honor rolls, class rank, and other recognition available to full-time Waconia High School students.
6. A student must have completed all prerequisite courses prior to being approved for a specific public school course.
7. Shared-time students shall abide by all rules, regulations, policies, and procedures governing the conduct of regular full-time students.
8. Shared-time students are not eligible to participate in Minnesota State High School League (MSHSL) activities or other district student activities unless their enrollment in the non-public school is governed by MSHSL By-Law 104.00.

B. Program Availability

Academic shared-time enrollment will be provided only on a seat available basis. Course sections will not be added to provide additional seats. Priority for course enrollment will be given to full-time public school students. Academic shared-time enrollment will be provided only in courses at regular times within the normal schedule of classes. Class hours will not be altered to provide for shared-time enrollment.

Shared-time students must attend public school at the school within their attendance boundary. The district may, at their (its) discretion, assign the student to a different school for reasons such as (but not limited to) building capacity, program capacity, or if a course is only offered in a school outside the student's attendance area.

Shared-time students are eligible for district transportation if space is available on an existing bus route to the student's boundary school and if they meet the district policy guidelines for distance from school. The district's transportation department will determine the bus assignment.

School science laboratories and media centers are available for shared time students only as part of the public school course taken by the shared time student.

C. Enrollment Process

Parents must complete a "Shared Time Student Application" form and submit it to the principal of the school they wish for their child to attend.

If approved, the parent(s) and student must contact the school (as assigned) to register for classes.

[Note: The provisions of Article VIII. - Shared Time Programs do not determine whether Shared Time Programs should be offered to any pupil. However, home-schooled children are required to be treated the same as all other nonpublic school children.]

IX. OPTIONAL COOPERATIVE ARRANGEMENTS

A. Activities

1. Minnesota State High School League-sponsored activities (in which six or more students receive instruction in the home school or the home school students are not residents of the school district).

A home school that is a member of the Minnesota State High School League may request that the school district enter into a cooperative sponsorship arrangement as provided in Minnesota State High School League bylaws. The approval of such an arrangement shall be at the discretion of the school board.

- a. The home school must become a member of the Minnesota State High School League in accordance with the rules of the Minnesota State High School League.
 - b. The home school is solely responsible for any costs or fees associated with its application for and/or subsequent membership in the Minnesota State High School League.
 - c. The home school is responsible for any and all costs associated with its participation in a cooperative sponsorship arrangement as well as any school district activity fees associated with the Minnesota State High School League activity.
2. Non-Minnesota State High School League activities in which six or more students receive instruction in the home school.

A home-schooled child may participate in non-Minnesota State High School League activities offered by the school district upon application and approval from the school board to participate in the activity and the payment of any activity fees associated with the activity. However, home school students may

not be charged higher activity fees than other public school students. An approval shall be granted at the discretion of the school board.

B. Transportation Services

1. The school district may provide nonpublic nonregular transportation services to a home-schooled child.
2. The school board of the school district retains sole discretion and control and management of scheduling routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, and any other matter relating to the provision of transportation services.

3. **410 Family and Medical Leave Policy**

Presenter: Dr. Enid
Schonewise, Director
of Human Resources

410 FAMILY AND MEDICAL LEAVE POLICY

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under state law.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

III. DEFINITIONS

A. "Covered active duty" means:

1. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 United States Code section 101(a)(13)(B).

B. "Covered servicemember" means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, and was discharged or released under conditions other than dishonorable, at any time during the period of five years preceding the first date the eligible employee takes FMLA leave to care for the covered veteran.

C. "Eligible employee" means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least 1,250 hours of service during the 12-month period immediately preceding the commencement of the leave. An employee returning from fulfilling his or her Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that

would have been worked during the period of absence from work due to or necessitated by USERRA-covered service, the employee's pre-service work schedule can generally be used for calculations. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless: (1) the break is occasioned by the employee's fulfillment of his or her USERRA-covered service obligation; or (2) a written agreement, including a collective bargaining agreement, exists concerning the school district's intention to rehire the employee after the break in service.

- D. "Military caregiver leave" means leave taken to care for a covered servicemember with a serious injury or illness.

- E. "Next of kin of a covered servicemember" means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.

- F. "Outpatient status" means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:
 - 1. a military medical treatment facility as an outpatient; or
 - 2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.

- G. "Qualifying exigency" means a situation where the eligible employee seeks leave for one or more of the following reasons:
 - 1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;
 - 2. to attend military events and related activities of a covered military member;
 - 3. to address issues related to childcare and school activities of a covered military member's child;
 - 4. to address financial and legal arrangements for a covered military member;
 - 5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;
 - 6. to spend up to 15 calendar days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;
 - 7. to attend post-deployment activities related to a covered military member;

8. to address care needs of a covered military member's parent who is incapable of self-care; and
 9. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.
- H. "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:
1. inpatient care in a hospital, hospice, or residential medical care facility; or
 2. continuing treatment by a health care provider.
- I. "Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the state in which the marriage was entered into or, in the case of a marriage entered into outside of any state, if the marriage is valid in the place where entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage that either: (1) was entered into in a state that recognizes such marriages; or (2) if entered into outside of any state, is valid in the place where entered into and could have been entered into in at least one state.
- J. "Veteran" has the meaning given in 38 United States Code section 101.

IV. LEAVE ENTITLEMENT

A. Twelve-week Leave under Federal Law

1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
 - a. birth of the employee's child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
 - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence.

[Note: An employer is permitted to choose any one of the following methods for determining the 12-month period in which the 12 weeks of FMLA leave entitlement occurs: (a) the calendar year; (b) any fixed 12-month leave year, such as a fiscal year, a year required by State

law, or a year starting on an employee's anniversary date;(c) the 12-month period measured forward from the date any employee's first FMLA leave; or (d) a "rolling" 12-month period measured backward from the date an employee uses any FMLA leave. It is recommended, however, that school districts use the 12-month rolling measurement as it prevents employees from stacking 12-week leave entitlement that could occur if, for example, a calendar or fiscal year is utilized. Where a calendar, fiscal or similar period is used, an employee could use 12 weeks at the end of the period and then again at the beginning of the period, providing an entitlement to a leave of 24 consecutive weeks. If a school district changes its definition of a "year" in this policy, it must give employees notice of at least 60 days before implementing this change.]

3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
 - b. in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces and that manifested itself before or after the member became a veteran, and is:
 - (1) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
 - (2) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or

- (3) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
 - (4) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.
6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.
8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting

from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.

11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums paid by it.
13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a 12-week unpaid leave which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be determined by the employee but must not exceed 12 weeks unless agreed to by the school district. ~~The employee may qualify if he or she has worked for the school district for at least 12 months and has worked an average number of hours per week equal to one-half of the full time equivalent during the 12-month period immediately preceding the leave.~~ This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but may be reduced by any period of paid parental, disability, personal, or medical, or sick leave, or accrued vacation provided by the school district so that the total leave does not exceed 12 weeks, unless agreed to by the school district, or leave taken for the same purpose under the FMLA. The leave taken under this section shall begin at a time

requested by the employee. An employee who plans to take leave under this section must give the school district reasonable notice of the date the leave shall commence and the estimated duration of the leave. For leave taken by a biological or adoptive parent in conjunction with the birth or adoption of a child, the leave must begin within 12 months of the birth or adoption; except that, in the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the servicemember. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a servicemember includes both physical and psychological care.
2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered servicemember and ends 12 months after that date.
4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after placement; to care for the employee's parent with a serious health condition; or to care for a covered servicemember with a serious injury or illness.
5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.
6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered servicemember and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A.7., IV.A.10., IV.A.12., IV.A.13., and IV.A.14. above shall apply to leaves under this section.

V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

- A. An instructional employee is one whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.
- B. Instructional employees who request foreseeable medically necessary intermittent or

reduced work schedule leave greater than 20 percent of the workdays in the leave period may be required to:

1. take leave for the entire period or periods of the planned medical treatment; or
 2. move to an available alternative position for which the employee is qualified, and which provides equivalent pay and benefits, but not necessarily equivalent duties.
- C. Instructional employees who request continuous leave near the end of a semester may be required to extend the leave through the end of the semester. The number of weeks remaining before the end of a semester does not include scheduled school breaks, such as summer, winter, or spring break.
1. If an instructional employee begins leave for any purpose more than five weeks before the end of a semester and it is likely the leave will last at least three weeks, the school district may require that the leave be continued until the end of the semester.
 2. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last five weeks of a semester, the school district may require that the leave be continued until the end of the semester if the leave will last more than two weeks or if the employee's return from leave would occur during the last two weeks of the semester.
 3. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last three weeks of the semester and the leave will last more than five working days, the school district may require the employee to continue taking leave until the end of the semester.
 4. If the school district requires an instructional employee to extend leave through the end of a semester as set forth in this paragraph, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. Any additional leave required by the school district to the end of the school term is not counted as FMLA leave but as an unpaid or paid leave, to the extent the instructional employee has accrued paid leave available and the school district shall maintain the employee's group health insurance and restore the employee to the same or equivalent job, including other benefits, at the conclusion of the leave.

VI. OTHER

- A. The provisions of this policy are intended to comply with applicable law, including the FMLA and applicable regulations. Any terms used from the FMLA will have the same meaning as defined by the FMLA and/or applicable regulations. To the extent that this policy is ambiguous or contradicts applicable law, the language of the applicable law will prevail.
- B. The requirements stated in the collective bargaining agreement between employees in a certified collective bargaining unit and the school district regarding family and medical leaves (if any) shall be followed.

VII. DISSEMINATION OF POLICY

- A. A poster prepared by the U.S. Department of Labor summarizing the major provisions of the Family and Medical Leave Act and informing employees how to file a complaint shall be conspicuously posted in each school district building in areas accessible to employees and applicants for employment.
- B. This policy will be reviewed at least annually for compliance with state and federal law.

4. **416 Drug and Alcohol Testing**

Presenter: Dr. Enid
Schonewise, Director
of Human Resources

416 DRUG, ALCOHOL, AND CANNABIS TESTING

[Note: Drug, alcohol, and cannabis testing of school bus drivers and applicants is mandatory under federal law. The mandatory testing is described under Part III. of the policy. Drug and alcohol testing of other employees or drug and alcohol testing of school bus drivers beyond that mandated by federal law is optional and can be done under state law only if a policy containing provisions, such as the provisions of Part IV. of this policy are adopted. Cannabis testing of school employees and school bus drivers shall conform to federal and Minnesota law. To preserve the right to request or require school district employees who are not bus drivers and applicants to undergo cannabis testing or drug and/or alcohol testing or to require bus drivers to submit to testing that is not federally mandated, a school district should adopt Part IV. as part of its drug and alcohol testing policy.]

I. PURPOSE

- A. The school board recognizes the significant problems created by drug, alcohol, and cannabis use in society in general, and the public schools in particular. The school board further recognizes the important contribution that the public schools have in shaping the youth of today into the adults of tomorrow.
- B. The school board believes that a work environment free of drug, alcohol, and cannabis use will be not only safer, healthier, and more productive but also more conducive to effective learning. To provide such an environment, the purpose of this policy is to provide authority so that the school board may require all employees and/or job applicants to submit to drug, alcohol, and cannabis testing in accordance with the provisions of this policy and as provided in federal law and Minnesota Statutes, sections 181.950-181.957.

II. GENERAL STATEMENT OF POLICY

- A. All school district employees and job applicants whose positions require a commercial driver's license will be required to undergo drug and alcohol testing and cannabis testing in accordance with federal law and the applicable provisions of this policy. The school district also may request or require that drivers submit to drug and alcohol testing and cannabis testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- B. The school district may request or require that any school district employee or job applicant, other than an employee or applicant whose position requires a commercial driver's license, submit to drug and alcohol testing and cannabis testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- C. The use, possession, sale, purchase, transfer, or dispensing of any drugs not medically prescribed, including medical cannabis, whether or not it has been

prescribed for the employee, is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of drugs that are not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of drugs that are not medically prescribed are prohibited from entering or remaining on school district property.

- D. The use, possession, sale, purchase, transfer, or dispensing of alcohol or cannabis is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of alcohol or cannabis is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of alcohol are prohibited from entering or remaining on school district property.
- E. Any employee who violates this section shall be subject to discipline that includes, but is not limited to, immediate suspension without pay and immediate discharge.
- F. The school district may discipline, discharge, or take other adverse personnel action against an employee for cannabis flower, cannabis product, lower-potency hemp edible, or hemp-derived consumer product use, possession, impairment, sale, or transfer while an employee is working, on school district premises, or operating a school district vehicle, machinery, or equipment as follows:
 - 1. if, as the result of consuming cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product, the employee does not possess that clearness of intellect and control of self that the employee otherwise would have;
 - 2. if cannabis testing verifies the presence of cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product following a confirmatory test;
 - 3. as provided in the school district's written work rules for cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products and cannabis testing, provided that the rules are in writing and in a written policy that contains the minimum information required by section 181.952; or
 - 4. as otherwise authorized or required under state or federal law or regulations, or if a failure to do so would cause the school district to lose a monetary or licensing-related benefit under federal law or regulations.

III. FEDERALLY MANDATED DRUG AND ALCOHOL TESTING FOR SCHOOL

BUS DRIVERS

A. General Statement of Policy

All persons subject to commercial driver's license requirements shall be tested for alcohol, marijuana (including medical cannabis), cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP), pursuant to federal law. Drivers who test positive for alcohol or drugs shall be subject to disciplinary action, which may include termination of employment.

B. Definitions

1. "Actual Knowledge" means actual knowledge by the school district that a driver has used alcohol or controlled substances based on: (a) direct observation of the employee's use (not observation of behavior sufficient to warrant reasonable suspicion testing); (b) information provided by a previous employer; (c) a traffic citation; or (d) an employee's admission, except when made in connection with a qualified employee self-admission program.
2. "Alcohol Screening Device" (ASD) means a breath or saliva device, other than an Evidential Breath Testing Device (EBT), that is approved by the National Highway Traffic Safety Administration and placed on its Conforming Products List for such devices.
3. "Breath Alcohol Technician" (BAT) means an individual who instructs and assists individuals in the alcohol testing process and who operates the EBT.
4. "Commercial Motor Vehicle" (CMV) includes a vehicle that is designed to transport 16 or more passengers, including the driver.
5. "Designated Employer Representative" (DER) means an employee authorized by the school district to take immediate action to remove employees from safety-sensitive duties, or cause employees to be removed from these covered duties, and to make required decisions in the testing and evaluation process. The DER receives test results and other communications for the school district.
6. "Department of Transportation" (DOT) means United States Department of Transportation.
7. "Direct Observation" means observation of alcohol or controlled substances use and does not include observation of employee behavior or physical characteristics sufficient to warrant reasonable suspicion testing.
8. "Driver" is any person who operates a CMV, including full-time, regularly employed drivers, casual, intermittent or occasional drivers, leased drivers, and independent owner-operator contractors.

9. “Evidential Breath Testing Device” (EBT) means a device approved by the National Highway Traffic Safety Administration for the evidentiary testing of breath for alcohol concentration and placed on its Conforming Products List for such devices.
10. “Licensed Medical Practitioner” means a person who is licensed, certified, and/or registered, in accordance with applicable Federal, State, local, or foreign laws and regulations, to prescribe controlled substances and other drugs.
11. “Medical Review Officer” (MRO) means a licensed physician responsible for receiving and reviewing laboratory results generated by the school district’s drug testing program and for evaluating medical explanations for certain drug tests.
12. “Refusal to Submit” (to an alcohol or controlled substances test) means that a driver: (a) fails to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so; (b) fails to remain at the testing site until the testing process is complete; (c) fails to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test; (d) fails to permit the observation or monitoring of the driver’s provision of a specimen in the case of a directly observed or monitored collection in a drug test; (e) fails to provide a sufficient breath specimen or sufficient amount of urine when directed and a determination has been made that no adequate medical explanation for the failure exists; (f) fails or declines to take an additional test as directed by the school district or the collector; (g) fails to undergo a medical examination or evaluation, as directed by the MRO or the DER; (h) fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector, fails to sign the certification on the forms); (i) fails to follow the observer’s instructions, in an observed collection, to raise the driver’s clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process; (j) possesses or wears a prosthetic or other device that could be used to interfere with the collection process; (k) admits to the collector or MRO that the driver adulterated or substituted the specimen; or (l) is reported by the MRO as having a verified adulterated or substituted test result. An applicant who fails to appear for a pre-employment test, who leaves the testing site before the pre-employment testing process commences, or who does not provide a urine specimen because he or she has left before it commences is not deemed to have refused to submit to testing.
13. “Safety-Sensitive Functions” are on-duty functions from the time the driver

begins work or is required to be in readiness to work until relieved from work and all responsibility for performing work, and include such functions as driving, loading and unloading vehicles, or supervising or assisting in the loading or unloading of vehicles, servicing, repairing, obtaining assistance to repair, or remaining in attendance during the repair of a disabled vehicle.

14. “Screening Test Technician” (STT) means anyone who instructs and assists individuals in the alcohol testing process and operates an ASD.
15. “Stand Down” means the practice of temporarily removing an employee from performing safety-sensitive functions based only upon a laboratory reports to the MRO of a confirmed positive, an adulterated, or a substituted test before the MRO completes the verification process.
16. “Substance Abuse Professional” (SAP) means a qualified person who evaluates employees who have violated a DOT drug and alcohol regulation and makes recommendations concerning education, treatment, follow-up testing, and aftercare.

C. Policy and Educational Materials

[Note: Federal regulations require that school districts provide materials to bus drivers explaining the school district’s policies and procedures and the federal requirements with respect to the mandatory drug and alcohol testing of bus drivers. 49 Code of Federal Regulations section 382.601. Most of the required information is contained within this model policy. Additional materials to be provided to employees are described in Paragraph 2. of Section C.]

1. The school district shall provide a copy of this policy and procedures to each driver prior to the start of its alcohol and drug testing program and to each driver subsequently hired or transferred into a position requiring driving of a CMV.
2. The school district shall provide to each driver information required under Title 49 of the Code of Federal Regulations, including information concerning the effects of alcohol and controlled substances use on an individual’s health, work, and personal life; signs and symptoms of an alcohol or controlled substance problem; and available methods of intervening when an alcohol or drug problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.
3. The school district shall provide written notice to representatives of employee organizations that the information described above is available.
4. The school district shall require each driver to sign a statement certifying that the driver received a copy of the policy and materials. This statement should be in the form of Attachment A to this policy. The school district

will maintain the original signed certificate and will provide a copy to the driver if the driver so requests.

[Note: The federal regulations require a school district to obtain a signed statement from each driver certifying that he or she received a copy of these materials. 49 Code of Federal Regulations section 382.601(d). The original signed certificate must be maintained by the school district and a copy may be provided to the driver.]

D. Alcohol and Controlled Substances Testing Program Manager

[Note: School districts are required by the federal regulations to designate a person to answer driver questions about the policy and the education materials described in Section C. above and to notify the drivers of the designation. 49 Code of Federal Regulations section 382.601(b)(1).]

1. The program manager will coordinate the implementation, direction, and administration of the alcohol and controlled substances testing policy for bus drivers. The program manager is the principal contact for the collection site, the testing laboratory, the MRO, the BAT, the SAP, and the person submitting to the test. Employee questions concerning this policy shall be directed to the program manager.
2. The school district shall designate a program manager and provide written notice of the designation to each driver along with this policy.

E. Specific Prohibitions for Drivers

[Note: The specific prohibitions for drivers are contained, in large part, in 49 Code of Federal Regulations sections 382.201-382.215.]

1. Alcohol Concentration. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers who test greater than 0.04 will be taken out of service and will be subject to evaluation by a professional and retesting at the driver's expense.
2. Alcohol Possession. No driver shall be on duty or operate a CMV while the driver possesses alcohol.
3. On-Duty Use. No driver shall use alcohol while performing safety-sensitive functions.
4. Pre-Duty Use. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.
5. Use Following an Accident. No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident, or until the

driver undergoes a post-accident alcohol test, whichever occurs first.

6. Refusal to Submit to a Required Test. No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.
7. Use of Controlled Substances. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.
8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.
9. General Prohibition. Drivers are also subject to the general policies and procedures of the school district that prohibit possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

[Note: Consequences for drivers engaging in alcohol-related conduct are described in the federal regulations. 49 Code of Federal Regulations section 382.505.]

No driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and the policies of the school district.

G. Prescription Drugs/Cannabinoid Products

A driver shall inform the driver's supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a

prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for marijuana. MROs will verify a drug test confirmed as positive, even if a driver claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

H. Testing Requirements

[Note: School district must utilize the U.S. DOT Drug & Alcohol Clearinghouse ("Clearinghouse") to conduct pre-employment queries, annual queries, and reports regarding CDL holders who operate CMVs on public roads (including school bus drivers) and who are covered by the Federal Motor Carrier Safety Administration (FMCSA) Drug and Alcohol Testing Program. In addition to utilizing the Clearinghouse, school districts must continue to comply with the alcohol and controlled substance testing required under Title 49 of the Federal Regulations.]

1. Pre-Employment Testing

[Note: 49 Code of Federal Regulations section 382.301 details the requirements for pre-employment testing.]

- a. A driver applicant shall undergo testing for [alcohol and] controlled substances, including medical cannabis, before the first time the driver performs safety-sensitive functions for the school district.

[Note: A school district is permitted, but not required, to conduct pre-employment testing for the use of alcohol. If a school district elects to require pre-employment testing for alcohol, it should include the bracketed text in Subparagraph a., above, and test all applicants uniformly.]

- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.
- c. To be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, including medical cannabis, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests),

within the preceding two (2) years.

[Note: The federal regulations require school districts to inquire about, obtain, and review alcohol and controlled substances information from prior employers pursuant to a driver’s written authorization, prior to the time a driver performs safety-sensitive functions, if feasible. 49 Code of Federal Regulations section 382.413 and 49 Code of Federal Regulations section 40.25. If not feasible, school districts must not permit the employee to perform safety-sensitive functions for more than thirty (30) days from the date a safety-sensitive function was performed unless the school districts make good faith efforts to obtain the information and to make a record of those efforts to be retained in the driver’s qualification file.]

d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.

e. Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver’s License (CDL) Drug and Alcohol Clearinghouse (“Clearinghouse”) to obtain information about whether the driver (1) has a verified positive, adulterated, or substituted controlled substances test result; (2) has an alcohol confirmation test with a concentration of 0.04 or higher; (3) has refused to submit to a test in violation of federal law; or (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following and accident in violation of federal law. The applicant just give specific written or electronic consent for the school district to conduct the Clearinghouse full query (see [Attachment C to this policy](#)). The school district shall retain the consent for three (3) years from the date of query.

2. Post-Accident Testing

[Note: 49 Code of Federal Regulations section 382.303 governs post-accident testing of drivers.]

a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, including medical cannabis, if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.

b. Drivers should be tested for alcohol use within two (2) hours and no

later than eight (8) hours after the accident.

- c. Drivers should be tested for controlled substances, including medical cannabis, no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8) hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.
- g. The school district shall report drug and alcohol program violations to the Clearinghouse as required under federal law.

3. Random Testing

[Note: 49 Code of Federal Regulations section 382.305 governs random testing of drivers.]

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.

[Note: The Federal Highway Administration (FHWA) set the random alcohol selection and testing rate at 10% of the average number of driver positions and evaluates this minimum percentage each year. School districts can elect to stay at the 1998 level of 25% (or a higher percentage) if they do not want to monitor the minimum annual percentage rate set by the FHWA. The random controlled substances selection and testing rate has remained at 50% each year and has not been lowered to 25% as is possible under the regulations.]

- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, including medical cannabis, at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for

selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made. Each driver selected for testing shall be tested during the selection period.

- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

4. Reasonable Suspicion Testing

[Note: 49 Code of Federal Regulations section 382.307 governs reasonable suspicion testing of drivers.]

- a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, including medical cannabis, test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, including medical cannabis, on duty or within four (4) hours before coming on duty, or just after the period of the work day. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.
- b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
- c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.

- d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

[Note: 49 Code of Federal Regulations sections 382.309, 40.23(d), and 40.305 govern return-to-duty testing.]

5. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances. The school district is not required to return a driver to safety-sensitive duties because the driver has met these conditions; this is a personnel decision subject to collective bargaining agreements or other legal requirements.

[Note: 49 Code of Federal Regulations sections 382.311, 40.307, and 40.309 govern follow-up testing.]

6. Follow-Up Testing. When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.

7. Refusal to Submit and Attendant Consequences

[Note: Consequences for refusals to submit to required drug and alcohol tests are addressed generally in 49 Code of Federal Regulations sections 40.191, 40.261, and 382.211. They are more specifically addressed in 49 Code of Federal Regulations section 382.501-382.507 and in 49 United States Code section 521(b).]

- a. A driver or driver applicant may refuse to submit to drug and alcohol testing.
- b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of 49 United States Code section 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.

- c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.
- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment [eD](#) to this policy.

I. Testing Procedures

1. Drug Testing

[Note: The Federal Drug Testing Custody and Control Form (CCF) must be used to document every urine collection required by the DOT drug testing program. 49 Code of Federal Regulations section 40.45.]

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated,

substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.

- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.
- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.
- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
 - (1) The donor expressly declines the opportunity to discuss the test results;
 - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
 - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

2. Alcohol Testing

[Note: The DOT Alcohol Testing Form (ATF) must be used for every DOT alcohol test. 49 Code of Federal Regulations section 40.225]

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.
- b. Any test result less than 0.02 alcohol concentration is considered a “negative” test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor’s inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver’s or driver applicant’s expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.

[Note: The limitation on discharge in Paragraph 2., below, is contained solely in Minnesota law. State law is preempted by federal laws and regulations as it relates to drivers of commercial motor vehicles (such as bus drivers). See Minnesota Statutes 221.031, Subdivision 10. Nevertheless, school districts may decide to comply with the state law requirements for various reasons (such as to treat all school district employees equally since employees subject to testing only under state law are accorded these additional rights). Consultation with the school district’s legal counsel is recommended.]

2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:

- a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and
- b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.
- c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be [*name, address, telephone number*], which is a laboratory certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minnesota Statute Chapter 13. Any information concerning the individual's test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.

[Note: The federal recordkeeping requirements for school districts are detailed in the federal regulations 49 Code of Federal Regulations sections 382.401 et seq. and 40.331. The DOT publishes a guide to the recordkeeping requirements of mandatory drug and alcohol testing for persons with a commercial driver's license as part of its Alcohol & Drugs: DOT Compliance Manual.]

2. The required records shall be retained for the following minimum periods:

Basic records	5 years
---------------	---------

“Basic records” includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
Alcohol and controlled substance collection procedures	2 years
Negative and cancelled controlled substance tests	1 year
Alcohol tests with less than 0.02 concentration	1 year
Education and training records	indefinite

“Education and training records” must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

3. Personal Information

Personal information about all individuals who undergo any required testing under this policy will be shared with the U.S. DOT Drug & Alcohol Clearinghouse (“Clearinghouse”) as required under federal law, including:

- a. The name of the person tested;
- b. Any verified positive, adulterated, or substituted drug test result;
- c. Any alcohol confirmation test with a BAC concentration of 0.04 or higher;
- d. Any refusal to submit to any test required hereunder;
- e. Any report by a supervisor of actual knowledge of use as follows
 - i. Any on-duty alcohol use;
 - ii. Any pre-duty alcohol use;
 - iii. Any alcohol use following an accident; and
 - iv. Any controlled substance use.
- f. Any report from a substance abuse professional certifying successful completion of the return-to-work process;
- g. Any negative return-to-duty test; and

- h. Any employer's report of completion of follow-up testing.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

- 1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.

- 2. Referral, Evaluation, and Treatment

- a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.

[Note: Subparagraphs b. and c., below, are based on the provisions of 49 Code of Federal Regulations section 40.289.]

- b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.

[Note: School districts are not required to comply with state law governing drug and alcohol testing when the individuals are subject to the federal laws and regulations (i.e., bus drivers). If a school district, after consultation with legal counsel, chooses to comply voluntarily with these requirements, Subparagraph b., above, can be modified as follows:

- b. The school district will offer a driver an opportunity to return to a DOT safety-sensitive duty following an employee's first positive test result on a confirmatory test if no reasons independent of the first test result for discharge***

exist. Otherwise, the school district may choose, but is not required, to provide an SAP evaluation or any subsequent recommended education or treatment.]

- c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
- d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.

3. Disciplinary Action

- a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of "other employees" covered by Section IV. of this policy.

[Note: When the testing of drivers complies with federal testing requirements and procedures, school districts clearly are exempt from the state drug and alcohol testing requirements in Minnesota Statutes, sections 181.950-181.957. See Minnesota Statutes, 221.031, subdivision 10. When testing beyond the federally mandated requirements, however, school districts still must comply with state law.]

Q. Report to Clearinghouse

The school district shall promptly submit to the Clearinghouse any record generated of an individual who refuses to take an alcohol or controlled substance test required under Title 49, Code of Federal Regulation, tests positive for alcohol or a controlled substance in violation of federal regulations, or violates subpart B of Part 382 of Title 49, Code of Federal Regulations (or any subsequent corresponding regulations).

R. Annual Clearinghouse Query

1. The school district must conduct a query of the Clearinghouse record at least once per year for information for all employees subject to controlled substance and alcohol testing related to CMV operation to determine whether information exists in the Clearinghouse about those employees. In lieu of a full query, the school district may obtain the individual driver's consent to conduct a limited query to satisfy the annual query requirement. The limited query will tell the employer whether there is information about the driver in the Clearinghouse but will not release that information to the employer. If the limited query shows that information exists in the Clearinghouse about the driver, the school district must conduct a full query within twenty-four (24) hours or must not allow the driver to continue to perform any safety-sensitive function until the employee conducts the full query and the results confirm the driver's Clearinghouse record contains no prohibitions showing the driver has a verified positive, adulterated or substitute controlled substance test, no alcohol confirmation test with a concentration of 0.04 or higher, refuses to submit to a test, or was reported to have used alcohol on duty, before duty, following an accident or otherwise used a controlled substance in violation of the regulations except where the driver completed the SAP evaluation, referral and education/treatment process as required by the regulation. The school district shall comply with the query requirements set forth in 49 Code of Federal Regulations 382.701.

2. The school district may not access an individual's Clearinghouse record unless the school district (1) obtains the individual's prior written or electronic consent for access to the record; and (2) submits proof of the individual's consent to the Clearinghouse. The school district must retain the consent for three (3) years from the date of the last query. The school district shall retain three (3) years a record of each request for records from the Clearinghouse and the information received pursuant to the request.

3. The school district shall protect the individual's privacy and the confidentiality of each Clearinghouse record it receives. The school district shall ensure that information contained in a Clearinghouse record is not divulged to a person or entity not directly involved in assessing and evaluating whether a prohibition applies with respect to the individual to operate a CMV for the school district.

4. The school district may use an individual's Clearinghouse record only to assess and evaluate whether a prohibition applies with respect to the

individual to operate a CMV for the school district.

IV. CANNABIS TESTING OR DRUG AND ALCOHOL TESTING FOR OTHER EMPLOYEES

The school district may request or require drug and alcohol testing or cannabis testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug and alcohol testing or cannabis testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing. (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug or alcohol testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

A. Definitions

1. “Cannabis testing” means the analysis of a body component sample according to the standards established under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of cannabis flower, as defined in Minnesota Statutes, section 342.01, subdivision 16, cannabis products, as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, hemp-derived consumer products as defined in section 342.01, subdivision 37, or cannabis metabolites in the sample tested. The definitions in this section apply to cannabis testing unless stated otherwise.
2. “Confirmatory test” and “confirmatory retest” mean a drug or alcohol test that uses a method of analysis allowed under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
3. “Drug” means a controlled substance as defined in Minnesota Statutes, section 152.01, subdivision 4, but does not include marijuana, tetrahydrocannabinols, cannabis flower as defined in section 342.01, subdivision 16, cannabis products as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, and hemp-derived consumer products as defined in section 342.01, subdivision 37.
4. “Drug and Alcohol Testing,” “Drug or Alcohol Testing,” and “Drug or Alcohol Test” mean analysis of a body component sample by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of drugs, alcohol, or their metabolites in the sample tested. “Drug and alcohol testing,” “drug or alcohol testing,” and “drug or alcohol test” do not include cannabis or cannabis testing, unless stated otherwise.
5. “Employee” means a person, independent contractor, or person working for an independent contractor who performs services for compensation, in whatever form, for an employer.

6. "Initial screening test" means a drug or alcohol test or cannabis test which uses a method of analysis under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
7. "Job Applicant" means a person, independent contractor, or person working for an independent contractor who applies to become an employee of the charter school in a position that does not require a commercial driver's license, and includes a person who has received a job offer made contingent on the person's passing drug or alcohol testing. Job applicants for positions requiring a commercial driver's license are governed by the provisions of the charter school's drug and alcohol testing policy relating to school bus drivers (Section III.).
8. "Other Employees" means any persons, independent contractors, or persons working for an independent contractor who perform services for the charter school for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver's license, and includes both professional and nonprofessional personnel. Persons whose positions require a commercial driver's license are primarily governed by the provisions of the charter school's drug and alcohol testing policy relating to school bus drivers (Section III.). To the extent that the drug and alcohol testing of persons whose positions require a commercial driver's license is not mandated by federal law and regulations, such testing shall be governed by Section IV. of this policy and the drivers shall fall within this definition of "other employees."
9. "Positive Test Result" means a finding of the presence of drugs, alcohol, or their metabolites in the sample tested in levels at or above the threshold detection levels contained in the standards of one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
10. "Random Selection Basis" means a mechanism for selection of employees that:
 - a. results in an equal probability that any employee from a group of employees subject to the selection mechanism will be selected; and
 - b. does not give the charter school discretion to waive the selection of any employee selected under the mechanism.
11. "Reasonable Suspicion" means a basis for forming a belief based on specific facts and rational inferences drawn from those facts.
12. "Safety-Sensitive Position" means a job, including any supervisory or management position, in which an impairment caused by drug, alcohol, or cannabis usage would threaten the health or safety of any person.

B. Circumstances Under Which Cannabis Testing or Drug or Alcohol Testing May Be Requested or Required; Exceptions

1. General Limitations

- a. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's

license to undergo drug or alcohol testing or cannabis testing, unless the testing is done pursuant to this policy; and is conducted by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1.

- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing or cannabis testing on an arbitrary and capricious basis.

2. Cannabis Testing Exceptions

For the following positions, cannabis and its metabolites are considered a drug and subject to the drug and alcohol testing provisions in Minnesota Statutes, sections 181.950 to 181.957:

- a. a safety-sensitive position, as defined in Minnesota Statutes, section 181.950, subdivision 13;
- b. a position requiring face-to-face care, training, education, supervision, counseling, consultation, or medical assistance to children;
- c. a position requiring a commercial driver's license or requiring an employee to operate a motor vehicle for which state or federal law requires drug or alcohol testing of a job applicant or an employee;
- d. a position of employment funded by a federal grant; or
- e. any other position for which state or federal law requires testing of a job applicant or an employee for cannabis.

3. Job Applicant Testing

The school district may request or require any job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer that is contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

- a. The school district must not request or require a job applicant to undergo cannabis testing solely for the purpose of determining the presence or absence of cannabis as a condition of employment unless otherwise required by state or federal law.

- b. Unless otherwise required by state or federal law, the school district must not refuse to hire a job applicant solely because the job applicant submits to a cannabis test or a drug and alcohol test authorized by Minnesota law and the results of the test indicate the presence of cannabis.
- c. The school district must not request or require an employee or job applicant to undergo cannabis testing on an arbitrary or capricious basis.
- d. Cannabis testing authorized under paragraph (d) must comply with the safeguards for testing employees provided in Minnesota Statutes, sections 181.953 and 181.954.

4. Random Testing

The school district may request or require “other employees” to undergo cannabis testing or drug and alcohol testing on a random selection basis only if they are employed in safety-sensitive positions.

5. Reasonable Suspicion Testing

The school district may request or require any employee to undergo cannabis testing or drug and alcohol testing if the school district has a reasonable suspicion that the employee:

- a. is under the influence of cannabis, drugs or alcohol;
- b. has violated the school district’s written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol, cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products while the employee is working or while the employee is on the school district’s premises or operating the school district’s vehicles, machinery, or equipment;
- c. has sustained a personal injury, as that term is defined in Minnesota Statutes, section 176.011, subdivision 16, or has caused another employee to sustain a personal injury; or
- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

6. Treatment Program Testing

The school district may request or require any employee to undergo cannabis testing and drug and alcohol testing if the employee has been referred by the school district for chemical dependency treatment or evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo cannabis testing and drug and alcohol

testing without prior notice during the evaluation or treatment period and for a period of up to two (2) years following completion of any prescribed chemical dependency treatment program.

7. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug and alcohol testing as part of a routine physical examination provided the drug or alcohol test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug or alcohol test may be requested or required as part of the physical examination.

C. No Legal Duty to Test

The school district does not have a legal duty to request or require any employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing.

D. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing and Consequences of Such Refusal

1. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing

Any employee or job applicant whose position does not require a commercial driver's license has the right to refuse drug and alcohol testing subject to the provisions contained in Paragraphs 2. and 3. of Section IV. D.

2. Consequences of an Employee's Refusal to Undergo Drug and Alcohol Testing

Any employee in a position that does not require a commercial driver's license who refuses to undergo drug and alcohol testing in the circumstances set out in the Random Testing, Reasonable Suspicion Testing, and Treatment Program Testing provisions of this policy may be subject to disciplinary action, up to and including immediate discharge.

3. Consequences of a Job Applicant's Refusal to Undergo Drug and Alcohol Testing

Any job applicant for a position which does not require a commercial driver's license who refuses to undergo drug and alcohol testing pursuant to the Job Applicant Testing provision of this policy shall not be employed.

E. Reliability and Fairness Safeguards

1. Pretest Notice

Before requesting an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing or requesting cannabis testing, the school district shall provide the employee or job applicant with a Pretest Notice in the form of Attachment D to this policy on which to acknowledge that the employee or job applicant has received the school district's drug and alcohol testing or cannabis testing policy.

2. Notice of Test Results

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing an employee or job applicant who has undergone drug or alcohol testing or cannabis testing of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.

3. Notice of and Right to Test Result Report

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing, an employee or job applicant who has undergone drug or alcohol testing of the employee or job applicant's right to request and receive from the school district a copy of the test result report on any drug or alcohol test or cannabis test.

4. Notice of and Right to Explain Positive Test Result

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to explain the results and to submit additional information ([see Attachment G to this policy](#)).
- b. The school district may request that the employee or job applicant indicate any over-the-counter or prescription medication that the individual is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.
- c. The employee may present verification of enrollment in the medical cannabis patient registry or of enrollment in a Tribal medical cannabis program as part of the employee's explanation.
- d. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for cannabis. MROs will verify a drug test confirmed as positive, even if an employee claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

- e. Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

5. Notice of and Right to Request Confirmatory Retests

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to request a confirmatory retest of the original sample at his or her expense.
- b. An employee or job applicant may request a confirmatory retest of the original sample at his or her own expense after notice of a positive test result on a confirmatory test. Within five (5) working days after notice of the confirmatory test result, the employee or job applicant shall notify the school district in writing of his or her intention to obtain a confirmatory retest. Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that the employee or job applicant has requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minnesota Statutes, section 181.953, subdivision 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug, alcohol, or cannabis threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.

- 6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform the individual of other rights provided under Sections F. or G., below, whichever is applicable.

Attachments ~~FE~~ and ~~GF~~ to this policy provide the Notices described in Paragraphs 2. through 6. of this Section E.

F. Discharge and Discipline of Employees Whose Positions Do Not Require a Commercial Driver's License

- 1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of a positive

test result from an initial screening test that has not been verified by a confirmatory test.

2. In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.
3. The school district may not discharge an employee for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test or cannabis test requested by the school district, unless the following conditions have been met:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug, alcohol, or cannabis counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical abuse counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
 - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
4. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.
5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information or the employee's status as a patient enrolled in the medical cannabis registry program revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire, or failing to do so would violate federal law or regulations or cause the school district to lose money or licensing-related benefit under federal law or regulations.
6. The school district may not discriminate against any employee in termination, discharge, or any term of condition of employment or otherwise penalize an employee based upon an employee registered

patient's positive drug test for cannabis components or metabolites, unless the employee used, possessed, or was impaired by medical cannabis on school district property during the hours of employment.

7. An employee must be given access to information in the individual's personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing process or cannabis testing process and conclusions drawn from and actions taken based on the reports or other acquired information.

G. Withdrawal of Job Offer for an Applicant for a Position That Does Not Require a Commercial Driver's License

If a job applicant has received a job offer made contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

1. Possession of a sample must be traceable to the employee from whom the sample is collected, from the time the sample is collected through the time the sample is delivered to the laboratory;
2. The sample must always be in the possession of, must always be in view of, or must be placed in a secure area by a person authorized to handle the sample;
3. A sample must be accompanied by a written chain-of-custody record; and
4. Individuals relinquishing or accepting possession of the sample must record the time the possession of the sample was transferred and must sign and date the chain-of-custody record at the time of transfer.

I. Privacy, Confidentiality and Privilege Safeguards

1. Privacy Limitations

A laboratory may only disclose to the school district test result data regarding the presence or absence of drugs, alcohol or their metabolites in a sample tested.

2. Confidentiality Limitations

With respect to employees and job applicants, test result reports and other information acquired in the drug or alcohol testing process are private data on individuals as that phrase is defined in Minnesota Statutes Chapter 13, and may not be disclosed by the school district or laboratory to another employer or to a third-party individual, governmental agency, or private organization without the written consent of the employee or job applicant tested.

3. Exceptions to Privacy and Confidentiality Disclosure Limitations

Notwithstanding Paragraphs 1. and 2., evidence of a positive test result on a confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective bargaining agreement, an administrative hearing under Minnesota Statutes Chapter 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; (2) disclosed to any federal agency or other unit of the United States government as required under federal law, regulation or order, or in accordance with compliance requirements of a federal government contract; and (3) disclosed to a substance abuse treatment facility for the purpose of evaluation or treatment of the employee.

4. Privilege

Positive test results from the school district drug or alcohol testing program may not be used as evidence in a criminal action against the employee or job applicant tested.

J. Notice of Testing Policy to Affected Employees

The school district shall provide written notice of this drug, alcohol, and cannabis testing policy to all affected employees upon adoption of the policy, to a previously non-affected employee upon transfer to an affected position under the policy, and to a job applicant upon hire and before any testing of the applicant if the job offer is made contingent on the applicant's passing drug and alcohol testing. Affected employees and applicants will acknowledge receipt of this written notice in the form of Attachment GH to this policy.

V. POSTING

The school district shall post notice in an appropriate and conspicuous location on its premises that it has adopted a drug and alcohol testing policy and that copies of the policy are available for inspection during regular business hours by its employees or job applicants in its personnel office or other suitable locations.

CONSENT TO SCHOOL DISTRICT CONDUCT
OF CLEARINGHOUSE FULL QUERY

Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver’s License (CDL) Drug and Alcohol Clearinghouse (“Clearinghouse”) to obtain information about whether the driver

- (1) has a verified positive, adulterated, or substituted controlled substances test result;
- (2) has an alcohol confirmation test with a concentration of 0.04 or higher;
- (3) has refused to submit to a test in violation of federal law; or
- (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation of federal law.

The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query. The school district shall retain the consent for three (3) years from the date of the query.

**— BUS DRIVER OR DRIVER APPLICANT —
REFUSAL TO SUBMIT TO TESTING**

I hereby refuse to submit to drug/alcohol testing by doing the following:

- Failing to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so;
- Failing to remain at the testing site until the testing process is complete;
- Failing to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test;
- Failing to permit the observation or monitoring of any provision of a specimen in the case of a directly observed or monitored collection in a drug test;
- Failing to provide a sufficient breath specimen or sufficient amount of urine when directed and it has been determined that there was no adequate medical explanation for the failure;
- Failing or declining to take a second test as directed;
- Failing to undergo a medical examination or evaluation, as directed by the Medical Review Officer (MRO) or the Designated Employer Representative (DER);
- Failing to cooperate with any part of the testing process (e.g., refusing to empty pockets when so directed by the collector, behaving in a confrontational way that disrupts the collection process, failing to wash hands after being directed to do so by the collector, failing to sign the certification on the form);
- Failing to follow the observer's instructions, in an observed collection, to raise the driver's clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process;
- Possessing or wearing a prosthetic or other device that could be used to interfere with the collection process;
- Admitting to the collector or MRO that the driver adulterated or substituted the specimen; or
- Having a verified adulterated or substituted test as reported by the MRO.

[An applicant who fails to appear for a preemployment test, who leaves the testing site before the preemployment testing process commences, or who does not provide a urine specimen because he or she left before it commences, is not deemed to have refused to submit to testing.]

I recognize that my refusal subjects me to the consequences specified in federal law and regulations. It also constitutes a presumption of a positive result. I further recognize that if I am an applicant, I will be disqualified from consideration for the conditionally-offered position. If I am an employee, I will not be permitted to perform safety-sensitive functions, and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If the school district offers me an opportunity to return to a DOT safety-sensitive function, I understand I will be evaluated by a substance abuse professional, and will be required to submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.

TIME, PLACE, AND MANNER RESTRICTIONS AND PROCEDURES FOR PUBLIC SCHOOL BOARD MEETINGS AND PUBLIC COMMENTS

Welcome. The School Board welcomes input from community members, including letters, emails, and phone calls. For those who prefer to address the School Board directly, the School Board typically sets aside up to thirty minutes for public comment at regular School Board meetings, but not at study sessions or special meetings. Time for public comment at regular School Board meetings is not a requirement of the law; it is something the School Board chooses to provide. The School Board would like to provide the community with some general information about public comment sessions, including the purpose of a public comment session, the procedures that apply, and prohibited conduct.

Purpose. The purpose of a public comment period is to give community members an opportunity to provide input directly to the School Board about issues that fall within the School Board's authority. To fulfill this purpose, comments must be directed to the School Board. Public comment is not a time for citizens to speak to the community or to the audience. For this reason, public comment sessions will not be recorded or livestreamed.

Written Request to Speak. Individuals who want to speak during a public comment session must submit a written request to speak before 3:00 p.m. on the day of the School Board meeting. Requests must be submitted by email to the following email address: jkilian@isd110.org

- The written request must state: (1) the individual's name, (2) the individual's home address, (3) whether the individual has a child attending school in the District, (4) whether the individual is employed by the District, and (5) the agenda item, if any, that the individual wishes to discuss during the public comment period.

- In the event that more than ten individuals submit a written request to speak during the public comment session, the School Board will give first priority to individuals who reside in the District, have a child attending school in the District, or are employed by the District. The School Board will give second priority to individuals who wish to address a specific item that is on the agenda for that meeting. After these priorities have been applied, any remaining openings to speak up to the total of ten individuals - will be determined by lot.

Speakers Must Be Recognized. The School Board Chair will call speakers to the microphone and will recognize one speaker at a time. Only those individuals who have been recognized by the School Board Chair will be allowed to speak during the public comment period. The School Board Chair will rule out of order individuals who have not been recognized.

Time Limits. The public comment period will be held open for up to thirty (30) minutes in total. This time limit is necessary in order to ensure that the School Board is able to conduct its business during the meeting in an orderly, efficient, and timely fashion. Each speaker is permitted to speak for up to three (3) minutes in total. One speaker may not give time to another speaker. Any person who does not get a chance to speak is encouraged to submit written comments to the School Board. Email addresses for School Board members are listed on the District's website.

- Due to time parameters, the sign-up list is limited to 10 speakers

Cumulative Presentations. Speakers are encouraged to avoid repeating comments that other speakers have made. Redundant presentations are not helpful and can deprive other individuals of the opportunity to speak during the public comment session.

Prohibited Conduct. The following conduct is prohibited during a public School Board meeting, including during the public comment period:

- Speakers may not discuss or disclose any private educational data on any current or former student as defined in Minnesota Statutes section 13 .32. As a result, speakers may not identify any current or former student during public comment. The only exception is that a parent who is speaking may choose to discuss private educational data on their own child.
- Speakers may not make allegations, charges, or complaints against any student or employee. Form (NEW)

Superintendent Brian
Gersich, Ed.D.

Sample Discipline Complaint Procedure

Students, parents and other guardians, and school staff (Complainant) may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the behavior and discipline policies are not being implemented appropriately or are being discriminately applied.

The discipline complaint process is initiated when a Complainant completes and submits a Discipline Complaint Form to the school district superintendent or the superintendent's designee.

A Discipline Complaint Form is available on the school district website and in administrative offices.

Investigation of the complaint will commence within three school days of receipt of the complaint. The superintendent will direct the investigation and will designate and identify the school district personnel who will manage the investigation and who are responsible for keeping and regulating access to any resulting record. The school district may use outside counsel as it sees fit.

Upon completion of the investigation, a Written Determination addressing each allegation and containing findings and conclusions will be issued to the Complainant in a manner consistent with the Minnesota Government Data Practices Act.

If the investigation finds the requirements of the Minnesota Pupil Fair Dismissal Act (Minnesota Statutes, sections 121A.40 to 121A.61), including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant school district staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future, the superintendent or the superintendent's designee will take necessary measures.

Reprisal or retaliation against any person who asserts, alleges, or reports a complaint is prohibited. The school district will take appropriate action consistent with Minnesota law and school district policies in the event that an individual or individuals are found to have engaged in reprisal or retaliation.

503 STUDENT ATTENDANCE

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.
- b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.
- b. The following reasons shall be sufficient to constitute excused absences:
 - (1) Illness.
 - (2) Serious illness in the student's immediate family.
 - (3) A death or funeral in the student's immediate family or of a close friend or relative.
 - (4) Medical, dental, or orthodontic treatment, or a counseling appointment.

- (5) Court appearances occasioned by family or personal action.
- (6) Religious instruction not to exceed three hours in any week.
- (7) Physical emergency conditions such as fire, flood, storm, etc.
- (8) Official school field trip or other school-sponsored outing.
- (9) Removal of a student pursuant to a suspension. Suspensions are to be handled as excused absences and students will be permitted to complete make-up work.
- (10) Family emergencies.
- (11) Active duty in any military branch of the United States.
- (12) A student's condition that requires ongoing treatment for a mental health diagnosis.

[Note: State law provides that a school board may include other exemptions in the school district's attendance policy. See Minnesota Statutes section 120A.22, subdivision 12. When considering whether to add other exemptions, school boards should consider the intent of the compulsory attendance law, which recognizes the educational value of regular attendance and class participation, and whether the proposed exemption is consistent with the intent of the law.]

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- (2) Work missed because of absence must be made up within a minimum of 2 days from the date of the student's return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

- a. The following are examples of absences which will not be

excused:

- (1) Truancy. An absence by a student which was not approved by the parent and/or the school district.
- (2) Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56. Days during which a student is suspended from school shall not be counted in a student's total cumulated unexcused absences.
- (2) Truancy Pre-Diversion
 - (a) After 5 Unexcused Absences
 - Send 2nd notification to parent/guardian
 - AND**
 - The school will contact Carver County Truancy to schedule a pre-diversion
 - The school will also contact the parent/legal guardian regarding the truancy pre-diversion meeting.
- (3) Truancy Diversion
 - (a) After 7 Unexcused Absences:

- The school files the truancy paperwork with intake at Carver County Social Services
 - Once the referral has been made, the school and the assigned Social Worker will be in contact to schedule a Truancy Contract Meeting.
- (4) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
- (5) Students with unexcused absences will also be subject to discipline in the following manner:
- (a) ~~Students will not be allowed to make up work missed due to such absences.~~ Students with unexcused absences are expected to make up missed work in the same timeline as excused absences. In extreme circumstances, when a student has repeated absences that are unexcused, the building administrator can determine that the student is not eligible to make up the missed work.
 - ~~(b) For every unexcused absence in a quarter or trimester the teacher will reduce the student's letter grade by one increment for each unexcused absence thereafter (i.e. A to A-) Refer to Grade Reductions in WHS Handbook~~

C. Tardiness

3. Excused Tardiness

- d. Medical, dental, orthodontic, or mental health treatment.
- e. Court appearances occasioned by family or personal action.
- f. Physical emergency conditions such as fire, flood, storm, etc.
- g. Any tardiness for which the student has been excused in writing by an administrator or faculty member.

4. Unexcused Tardiness

- a. An unexcused tardiness is failing to be in an assigned area at the designated time class period commences without a valid excuse.
- b. Consequences of tardiness may include detention after 3 unexcused tardies. In addition, 3 unexcused tardies are equivalent to one unexcused absence.

D. Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs

- 1. This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any school-sponsored on-the-job training programs.

1. That the child is truant;
2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;
